DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION

DIRECTOR

Dear Fellow Oregonian,

By many accounts, this is one of the most historic election years in recent memory. Whether you are a long time voter or this is your first opportunity to vote, please use this voter guide to find valuable information about the candidates who would like to represent you.

This voters' pamphlet is sent to every household in Oregon. But you must be registered to vote to receive a ballot to cast in the upcoming election. **If you are not yet registered to vote, you have a very short window – until April 26th 2016 – to do so. You can also visit oregonvotes.gov to check your registration status.**

We are fortunate to live in a state that works to get a ballot in the hand of every eligible Oregonian. The Secretary of State's office is committed to making voting easy and convenient whether you are a first time voter, a voter serving in the military, or a person living with a disability. The health of our democracy depends on your participation.

Oregon was the first in the nation to implement an all vote-by-mail system and we consistently have some of the nation's highest voter turnout rates. This January, we implemented "Oregon Motor Voter" – a program that automatically registers qualified Oregonians to vote when they renew or apply for an Oregon driver's license, permit, or ID card. Tens of thousands of Oregonians will have their very first opportunity to participate in this election. If you are one of them, let me welcome you to the democratic process! Your vote is your voice and every single voice matters.

It's your decision whether to mail in the ballot or drop it off in person, but please remember that **all ballots must be received by your county elections office by 8 p.m. on May 17th, 2016.** Postmarks do not count. If you have questions please call our toll-free hotline at 1-866-ORE-VOTE, or visit our website at www.oregonvotes.gov.

Oregon is better for your participation in our democracy. Thank you.

Sincerely,

Jeanne P. Atkins
Oregon Secretary of State

Disclaimer

Information provided in statements or arguments submitted by a candidate, a political party, an assembly of electors or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2016 Primary Election** is:

Z, R, B, W, C, D, N, U, G, F, S, I, P, X, J, Y, K, L, V, T, A, O, Q, H, M, E

Candidate statements are divided into two sections—major party candidates or nonpartisan candidates. Major party candidate statements appear before nonpartisan candidate statements and at the primary election major party candidate statements are separated by political party: Democratic Party candidates, Independent Party candidates, Republican Party candidates. Political parties appear alphabetically. Statements are further arranged in the same random order in which the names of the candidates will appear on the ballot.

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

President

Hillary Clinton

Democrat

Occupation: Former Secretary of State and presidential candidate

Occupational Background: Attorney; Children's Defense Fund

Educational Background: Wellesley College; Yale Law School

Prior Governmental Experience: U.S. Secretary of State; U.S. Senator, New York; First Lady of the United States; First Lady of Arkansas

I'm running for president because I believe we need to tear down all the barriers that prevent Americans from reaching our full potential. It's important that Wall Street never again threaten Main Street. But America isn't a single-issue country, and we need more than a plan for the biggest banks. The middle class needs a raise. We need more good jobs that pay well and can't be outsourced, that provide dignity and a path to a brighter future. We can create those good jobs by building on the progress we've made under President Obama. Let's invest in manufacturing, small business, scientific research and enough clean energy to power every home in America.

Let's break down the barriers that keep people on the sidelines of our economy, especially women. We've waited long enough for quality, affordable childcare and paid family leave, and equal pay. Let's break down the barriers that stop our young people from getting the best possible start in life. We need to support great teachers and great schools in every ZIP code, make college more affordable, and help relieve the crushing burden of student debt. Let's take on the epidemic of gun violence in America. We also have to face the reality of systemic racism that, more than a half a century after Rosa Parks sat and Dr. King marched and John Lewis bled, still plays a significant role in determining who gets ahead in America and who gets left behind. We have to invest in communities of color and reform our broken criminal justice and immigration systems. We have to guarantee opportunity, dignity, and justice for every American.

The future we want is within our grasp—let's build it together.

President

Bernie Sanders

Democrat

Occupation: United States Senator

Occupational Background: Congressman (VT-AL), Mayor (Burlington, VT), college instructor, freelance writer, documentary filmmaker,

carpenter.

Educational Background: Brooklyn College, attended 1959-1960; University of Chicago, A.B. 1964 (political science)

Prior Governmental Experience: United States Senator (2007-present); United States Congressman (1991-2007); Mayor of Burlington (1981-1989)

I am asking people not simply to support my candidacy for president, but to be part of a movement of millions of Americans who stand up and say loudly and clearly that this country and our government belong to all of us, and not just a handful of wealthy campaign contributors and large corporations. To my mind, this is the only way to address the major economic, political, social, racial and environmental challenges facing our country.

Given the serious crises this country faces, now is not the time for the same old establishment politics. I am running for President to fight income inequality, create millions of jobs, raise wages, and provide health care for all Americans as a human right. Together, our movement will make public colleges and universities tuition-free, combat climate change, reform a broken criminal justice system, ensure equal pay, and reclaim our democracy from the billionaires who are buying our elections.

We need an economy and a system of justice that works for all Americans, not just the people on top. We need a political revolution demanding our government represents us all, not just the top 1%. If we stand together, there is nothing we cannot accomplish.

US Senator**Ron Wyden**

Democrat

Occupation: U.S. Senator**Occupational Background:**

Educational Background: Stanford University, A.B.;
University of Oregon Law School, J.D.

Prior Governmental Experience: United States Congress

STANDING UP FOR ALL OF OREGON

While opposing the disastrous war in Iraq, leading the fight for marriage equality, and against Wall Street bailouts, spearheading the charge to end surveillance on law-abiding Americans, standing up to far-right attacks against women's health services and Planned Parenthood, Ron has always stood for Oregon values.

Ron recently wrote the tax law hailed as among the biggest anti-poverty achievements in years that also provided significant relief for middle-income Oregonians. Because well-connected special interests still take advantage of a tax code riddled with loopholes, he is fighting to:

- Close loopholes and end deductions for corporations that ship jobs overseas
- Ensure millionaires don't pay a lower tax rate than middle-class Oregonians

College costs are crushing students and their families, so Ron made permanent a college tax credit for working families, expanded Pell Grants, and helped kick big banks out of the student loan business. There's more to do, and Ron is working to:

- Make community college free
- Provide incentives for universities to freeze or lower tuition

Ron wrote the law that brought nearly \$3 billion to Oregon's schools and rural economies. He played a key role in writing laws that guided \$500 million into repairing Oregon's aging roads and bridges. Because many families are still struggling, Ron's priorities include:

- Raising the minimum wage
- Securing paid leave for working families
- Strengthening equal pay laws to close the gender pay gap

"From leading the fight against privatizing Social Security to holding big pharmaceutical companies accountable for attempts to extort seniors over prescription drug costs, Ron Wyden has always stood for Oregon's most vulnerable citizens and I am proud to serve with him in the United States Senate." -- Senator Jeff Merkley

US Senator**Kevin H Stine**

Democrat

Occupation: Medford City Council**Occupational Background:** US Navy (2004-2013)**Educational Background:** Southern Oregon University

Prior Governmental Experience: Medford City Council

Personal Background: Honorably separated veteran of the United States Navy. Served over 9 years and underwent 3 overseas deployments on-board fast-attack submarines. Married nine years to my wonderful wife, Casey, and father of a beautiful daughter, Riley.

Vote BERNIE SANDERS and KEVIN STINE

No Trans-Pacific Partnership.

Democratic Party voters deserve to hear an answer from Senator Wyden, instead he has been playing politics by evading questions. We need to be loud and proud to protect ourselves from job-killing trade agreements. Wyden voted for NAFTA, CAFTA, the China Trade Bill, and deregulating Wall-Street with the repeal of Glass-Steagall. The results have been disastrous for our country. We don't need the TPP. We need another US Senator with values such as Bernie Sanders, Jeff Merkley, and Elizabeth Warren who will stand *against* the TPP. I will be that US Senator.

Working for the People: I was born to a single working-class mother. Despite her tremendous efforts to provide for our family, my childhood was spent living in poverty. In 1996, Sen. Wyden's vote for Welfare Reform hurt working class families like ours, and has had lasting negative effects on countless others. He even voted *against* legislation led by Sen. Bernie Sanders and Sen. Hillary Clinton to roll back the Bush tax cuts for the top 1%.

Vote for Our Future: Topics such as climate change and student debt are among the highest priorities of the next generation. It's important that we have a connected leader in the Senate to help address the problem. I will always maintain an open line of communication, and continue to actively seek out your views on issues that concern our extraordinary state.

I will always be on the side of our working and middle-class. We need more policies that put the people ahead of corporations. Vote for Oregon. Vote for Kevin Stine.

Governor

Kate Brown

Democrat

Occupation: Governor

Occupational Background: Child Advocate; Family Law Attorney; Portland State University Instructor

Educational Background:

University of Colorado, B.A.; Northwestern School of Law at Lewis and Clark College, J.D.

Prior Governmental Experience: State Representative 1991-1996; State Senator 1997-2008; Secretary of State 2009-2015; Governor 2015-Present

Governor Kate Brown Moving Oregon Forward

Kate Brown took over the leadership of our state in difficult circumstances. She got right to work, setting the state's priorities straight by focusing on what matters -- good schools, good jobs, a secure retirement and a clean environment. Committed to government transparency and accountability, she passed a law requiring lobbyists to disclose who's paying them on a public website. She created and passed groundbreaking legislation that removed barriers to voting by automatically registering citizens to vote when obtaining a driver's license.

Focusing on what matters:

Good jobs, quality schools, and a secure retirement

As Governor, Kate Brown has:

- Increased the minimum wage, because no one working full time should have to live in poverty.
- Passed a law guaranteeing paid sick days, so Oregon workers don't risk losing a job or not being able to pay the bills when they're sick or caring for a sick child.
- Increased education funding by \$7.4 billion to help prevent teacher layoffs and keep class sizes from increasing.
- Signed a law creating a voluntary retirement savings system, giving every working Oregonian access to a professionally invested retirement account.
- Passed a law that makes Oregon the first state to eliminate coal power.

Continuing Oregon's progress: Increasing accountability and putting Oregonians back to work

Over the next two years, Kate Brown will work to:

- Help Oregon's small businesses cut through state and local red tape so they can thrive and grow.
- Work to increase our graduation rates.
- Fight to make college, community college, and technical training affordable for all Oregonians.

Governor

Julian Bell

Democrat

Occupation: Doctor.

Occupational Background: 2000 - 2016: Medical Doctor.

Educational Background: Cornell University, BA 1995; New York Medical College, MD

2000; St Vincent's Hospital, residency, 2003; Rush University, ICU fellowship 2006

Prior Governmental Experience: No prior government experience.

I'm a doctor, not a politician. I work in an intensive care unit. Usually I worry about bills, getting my kids to eat dinner, and do I really have to walk the dog if it's raining? But at the moment the thing that keeps me up at night is climate change. None of us want to think about it. But so that you don't have to think about it all the time, think about it carefully as you vote. Because we live in America, we can create our future, a future we can be proud of – that we deliberately make for ourselves, our children and their children. At the moment the fossil fuel economy is choosing a future for us, and this future is bleak. But it doesn't have to be that way. Vote for a clean energy economy instead. The clean energy economy means well-paid jobs, healthy local businesses and a solid tax base to fund schools and pay teachers. As I said, I'm not a politician. I'll be the first to tell you that I don't have experience as an elected official. But working in the ICU, I do know how to get a group of experts together to fix real problems. We all want a healthy future. Voting for me means voting for a clean energy economy and a bright and prosperous future.

Hola. Ésta elección se trata del cambio climático y si lo vamos a arreglar o no. Sabemos que un futuro con combustibles fósiles es malo, y que la economía de energía limpia será fuerte y traerá trabajos. Como gobernador representaré las prioridades de todos los Oregonianos, y juntos comenzaremos a arreglar el cambio climático.

Governor

Dave Stauffer

Democrat

Occupation: Environmental Innovations Inventor

Occupational Background: Former Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and

Corporate Securities.

Educational Background: B.A. University of Chicago, M.B.A. University of Portland, Juris Doctorate-Northwestern School of Law at Lewis and Clark College

Prior Governmental Experience: Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and Corporate Securities. School District Business Manager.

Dave Stauffer has invented a new invention that will get water to Morrow and Umatilla counties **without any diversion of, or lowering of the surface level of**, the Columbia River—and the federal government will pay for the entire project as an environmental, energy, and flood control project. As Governor, Dave Stauffer will work with the federal government to construct the invention and create an estimated 20,000 jobs in areas around the Columbia, Rogue, Klamath, Sacramento, and San Joaquin Rivers.

The new invention will also supply pollution-free hydroelectricity and flood control to areas along the Columbia River, and, possibly, increase fish runs upriver to their pre-dam levels.

The new invention will supply much water to dry areas, so fruit and forest trees may be planted that will grow green leaves—which will take carbon out of the air through the chemical process of photosynthesis. Taking carbon out of the air will help to decrease the depletion of the ozone layer that appears to be causing global warming—especially if the new invention is also installed in the Mississippi River, the Amazon River, the Nile River, the Yellow River, and all other large rivers of the world. Because Dave Stauffer is the inventor of the new invention, he is well qualified to work with all the Oregon Senators and Representatives to implement his invention.

"Tobias took leadership and made it possible for Oregon students to attend community college at minimal cost." Governor Barbara Roberts

Dear Voter,

The State Treasurer doesn't manage the state's budget, or act as the state's accountant, but the job is vitally important to Oregonians' financial future.

The State Treasurer manages the state's borrowing that helps build our infrastructure. My legislative background includes working on financing our infrastructure, like **fixing our bridges and roads**.

The State Treasurer sits on the Oregon Investment Council that manages the investments of our retirement system. My experience will help ensure we **keep our promise to retirees without breaking the bank**.

The State Treasurer manages the Oregon College Savings Plan. As Treasurer, I'll make sure the **families that need the most help saving for college get an early start**.

The State Treasurer also helps manage our state's natural resources to benefit schools. As a parent myself, **ensuring our schools are fully funded is a top priority**.

I have worked in the U.S. Treasury and with the State Treasurer on shared priorities to build and protect Oregon's long run financial future, including legislation to **help all Oregonians save for retirement**. I would appreciate your vote.

Thank you,
Tobias

It's up to you! You can make the difference. You did it in 2014, and now is the time for you to step up again.

This year, we have a lot at stake. We need to elect a Democratic President and re-elect champions of Oregon's middle class: U.S. Senator Ron Wyden, Governor Kate Brown, our great Democratic Congressional team, and Attorney General Ellen Rosenblum. After the May Primary we need to elect our nominees for Secretary of State and State Treasurer and hold and expand our majorities in the Oregon House and Senate so they can keep working on legislation that makes a real difference in the lives of Oregonians.

As Oregon Democrats, we stand for our values:

- Family wage jobs and worker's rights
- Equality for all, including marriage equality
- High quality education
- Affordable healthcare
- Retirement security
- National security
- Civil liberties and transparent government

Join our team today by becoming a Precinct Committeeperson or volunteering with our campaigns.

Precinct Committeepersons (PCPs) are the grassroots activists at the heart of the Democratic Party of Oregon. Run for election as a Democratic Precinct Committeeperson and join our team. You'll represent the Democratic Party in your neighborhood, and represent the concerns of your neighborhood to the Party.

Duties of a Democratic Precinct Committeeperson:

- Drive voter registration
- Get out the word on Democratic candidates
- Vote on official party business
- Elect county party leadership and Platform Convention delegates
- Nominate replacement State Representatives or State Senators

Governor

Cliff Thomason

Independent

Occupation: President, Orhempco, Inc., Oregon Industrial Hemp Farming

Occupational Background: Sales & Marketing

Educational Background:

Graduate, North Valley

Prior Governmental Experience: Chief Petitioner, 2016 Oregon Lottery Local Control Act, Court Appointed Special Advocate (CASA), Committee Chairman and Board Member of Securing Our Safety.

By filling in the oval next to my name, you are agreeing that there is a need to have more choices on the ballot besides Democrat or Republican. You are stating that that as an Independent, you want a better future for Oregon. I am pleased to be your candidate for Oregon's highest office. Thank you for your vote.

As your next Governor, I will:

- **Work for the creation of an Oregon State Bank**

An Oregon State Bank would keep Oregon's and Oregonian's money local. It would support Community Bank lending to small businesses and farmers. It would provide banking privileges and protections to all people in the Cannabis Industry.

- **Give half of Lottery dollars back to the counties they came from**

Locally generated revenue should stay local. Giving lottery money back will provide over 200 million dollars annually to the counties and help fill needs in schools, public safety, and job creation. The money generated in your county should stay in your county to do what's best for your county.

- **Turn our education system around**

For over 20 years we have seen a huge shift to top-down education reform. We have lost teacher-student time in favor of in-service days & professional development. The teacher's voice & professionalism has been lost or devalued, and trust is at an all-time low. We need to turn back to local control and stop treating education with a one-size-fits-all mentality.

- **Solve our long-term debt liability**

We have more than 20 billion dollars in unfunded liabilities facing us. Current leadership says the only solution is to raise more taxes. I have a plan that would eliminate the need for more taxes, while boosting revenue for the state.

Secretary of State

Paul Damian Wells

Independent

Occupation: CNC Machinist

Occupational Background: Design Engineer

Educational Background: BSEE Purdue 1984

Prior Governmental

Experience: Voter Advocate since 1992

I'm an Independent voter because existing political parties don't represent working people like me.

It's all about Jobs and Business

When business provides jobs, individuals can provide for themselves and their families. Jobs also generate tax revenue, which can be used for public spending on infrastructure, police, education, healthcare... Lose jobs, and all social ills like crime and terrorism increase.

Bipartisan: Pandering vs. Profiteering

Liberals constantly propose new programs (Pandering), but can't create the jobs needed to pay for them. Conservatives overstate the claim that generating private wealth (Profiteering) creates jobs through "trickle-down" economics.

Corporations aren't people – They don't have rights

- We should reward individuals who build companies that create and retain permanent jobs.
- We should penalize individuals and corporations that generate private wealth by eliminating jobs.
- We should penalize corporations that generate private wealth by destroying our environment.
- Corporate taxes can be restructured to reward job creation/retention and penalize profiteering.
- Legislating religious beliefs is unrelated to job creation.
- At a cost of jobs and protections for many, Labor Unions protect a privileged few.
- When politicians pander – working people pay.

Viable Political Alternatives

It's all about jobs and business – not generating private wealth, legislating morality or pandering. To permit the development of new, viable political alternatives, California and Washington have abolished state funded partisan primaries. Both states now conduct non-partisan elections and Oregon should follow.

Top Two (Non-Partisan) Primary

- All candidates – party affiliated and non-affiliated, compete in a single open primary to determine the top two candidates for each office.
- Political parties may endorse candidates, but - only the two best candidates advance to the general election. No one qualifies for the general election ballot simply because they've been endorsed by a political party.
- All voters – partisan and independent, participate equally in selecting the top two candidates at the primary.

Occupation: Real Estate developer, golf course developer, best-selling author, hotelier, television producer, entrepreneur.

Occupational Background: real estate

Educational Background: Graduate of the New York Military Academy; Graduate of the Wharton School, the University of Pennsylvania, Philadelphia

Prior Governmental Experience: none

Donald J. Trump wants to Make America Great Again. He wants to reestablish our place in the world by steering our government away from special interests and introducing policies that put money in people's pockets, restore love of country and restore our world status.

Mr. Trump believes in free markets, the importance of a strong family, a culture of Life, a strong military and our country's sacred obligation to take care of our veterans and their families.

Our country has been poorly served by the political class who value their self-interest over the interests of the United States and its citizens. Mr. Trump will end the corrupting influence of special interests once and for all.

Under a Trump Administration, America will begin winning again. No longer will China, Mexico, Japan and other countries manipulate their currencies to benefit their citizens at the expense of ours.

We need free and fair trade.

We must restore the integrity of our national borders. A country cannot exist without strong borders.

We will welcome international visitors, but we must build a wall to protect our southern border.

Our Federal tax burden inhibits economic growth and takes too much from hard working Americans.

We must reduce the burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must pay particular attention to fixing our corporate tax structure so capital and jobs will come back to America.

We will rebuild our military, return education to the parents and students, make college affordable and fix our healthcare system by getting rid of Obamacare and replacing it with free market solutions.

We will protect the Second Amendment and will defend religious liberty for all. Together, we will Make America Great Again.

Sam Carpenter: Turnaround Specialist & Outsider

I'm Sam Carpenter.

I create jobs and am a business turnaround specialist. I find what's broken and fix it...now!

And I'm a political outsider.

This is just what D.C. needs.

Career Politicians Must Go

Big government has smothered opportunity for us and for our children. Generational theft is unforgivable.

Our economy is asleep, and the middle class is hurting. Who's to blame?

Career politicians in D.C. who saddle us with taxes and regulations while ignoring the every-day problems Oregonians face.

And too often these political elites disrespect us.

Let's call out political correctness, and recall common sense.

Career politicians must go.

Time for New Management

Ron Wyden has spent 35 years in Washington worried more about his career than about the Oregonians who put him there.

For example, Wyden claims our forests are diseased and burning because of global climate change. That's absurd. For over 30 years, our timberlands have been neglected. Drive through a federally managed forest and see the miles of dead and dying trees and the undergrowth thicket: a tinderbox that continues to threaten Oregon's rural families.

We must actively manage our forests. Repairing the damage will stop massive wildfires, create tens of thousands of sustainable jobs, protect wildlife, and revitalize our rural and state economy.

Sam Carpenter's Solution

Immigration, national debt, education, and health care?

The fixes are equally obvious – replace career politicians—NOW.

It's very simple: If our decision-makers are making bad decisions, let's replace the decision makers.

This goes for Democrats AND Republicans.

Ron Wyden has been in D.C. far too long.

Sam Carpenter for Oregon

Next January, Oregon moves ahead to prosperity.

The **Oregon Turnaround** is upon us!

Are you with me?

Leadership, Integrity, Character, Honor & Trust

End Government Infringement

Our government is violating our constitutional protections. Our 2nd Amendment rights are being infringed upon. Political correctness is destroying our religious freedom. Our nation's sovereignty under attack with detrimental immigration policies. Together, we must make America great again. As your constitutionally conservative Senator, I will stand strong for the rights of all Americans. **I Don't Give Up!**

Economic Opportunity for All Oregonians

Small businesses grow our economy, not a government that dictates, mandates, and over-regulates every aspect of our lives. As a believer in the free market, I will work to make America's economy strong again, through **A Focus On Job Growth**, beginning with the Full Repeal of ObamaCare a.k.a "WydenCare".

Balance The Budget & Reduce Spending

With a national debt at \$18 Trillion+, our government continues to mortgage our children's, and our grandchildren's future. As a fiscal conservative believer in limited government, I'll reduce wasteful spending, and fight for **A Balanced Budget Amendment**.

Let's Take Our Country Back!

We're at a crossroads affecting the very freedom our constitutional republic was founded upon. Supporting moderate candidates, that don't win general elections, isn't an option. We will win this election, together, by distancing ourselves from career politicians who are only looking to advance their own careers. We will win with a **True Conservative** candidate that will fight for American values. We will win with a Pro-Life candidate that embraces our conservative values. **I Am That Candidate**. Thank you and May God Bless America.

Prior Governmental Experience: Cottage Grove Planning Commission; South Lane School District Budget Committee; Rogue, Siskiyou, Umpqua and Eugene BLM Resource Advisory Council; Past Chair of the Lane County Council of Governments; Board Member and Chair Regional Fiber Consortium; Board member and Chair of Lane Regional Air Protection Agency

Experienced Leader

In the twelve years Faye has served as County Commissioner he has seen first hand the hardships facing our state. Because of broken promises and lack of leadership in solving problems by our Senators, Faye had to make tough, responsible decisions, trimming our county budget by tens of millions and taking 14 departments down to 9.

Proven Track Record

In the face of all those budget cuts Faye has accomplished many things in Lane County. It is this collaborative, creative leadership Faye can bring to the United States Senate.

- Established first multi-year scholarship to Cottage Grove high school
- Converted a brownfield into a beautiful community park in Cottage Grove – Bohemia Park
- Led the successful effort to upzone rural industrial land in Goshen to meet local needs all while protecting farm and forest land
- Managed fiber optic consortium providing job opportunities for rural Oregonians

Common Sense Priorities

- Honor our commitment to Seniors and Veterans
- Expand economic opportunity for all Americans
- Fix our broken healthcare system
- Protect Americans at home and abroad
- Responsibly manage our natural resources

"My great-great-grandparents came to Oregon in 1847. Since then, my family has pioneered in this wonderful state, volunteering in our communities and worked to make sure each generation has a better future than the one before. I would be honored to have your vote."

What has Ron Wyden done for Oregon in the past six years? Or 12 years? I think Oregonians can agree, for someone who's held federal office for 35 years, it's a very short list.

The definition of insanity is doing the same thing over and over and expecting different results.
(Benjamin Franklin)

How many times should we send a multi-millionaire Career Politician to Washington, expecting different results? For decades Oregon has re-elected someone who has no grasp of finance or economics, votes in lockstep with the Harry Reid and Nancy Pelosi leadership, and has failed to deliver for Oregonians, from job creation to education.

It's time we elect someone who knows what Fiscal Discipline means. The current senator has presided over 95% of all federal debt in America's history, leaving every voter a bill for almost \$160,000—so far. As a lawyer, he's proven to be no help. *Who will pay the bill?* As a career finance professional, **Dan will ensure we have balanced budgets.**

It's time Oregon was represented by someone with Real-world Experience. Congress needs people who have been on the front lines in global markets and people who know what it means to own a small business. Having lived and worked in Europe and Canada, Dan also has a worldview extending beyond Manhattan or Washington, D.C.

It's time voters heard the Truth. The 2013 "Lie of the Year" was awarded to Obamacare. The 'Lie of the Decade' is the Democrats' insistence Social Security is "fine."

There's only one candidate on the ballot—in any party—with the experience and backbone to put a stop to living beyond our means. Dan won't do 'business as usual.'

A vote for Dan is a vote for Oregon.

I support term limits, 8-10 years for the House of Representatives. I support and will fight for the return of Oregon land back to Oregon and her citizens. It's time to return good jobs back to Oregon and to employ viable workforce education & development solutions. We must put educators back into education as we retire the failed Common Core initiative. I have a wide range of work experience which places me in the unique life position of being able to truly relate to those who make up Congressional District 2. Greg Walden is Standing up for Rural Communities Against an Overreaching Federal Government: Enough is enough. For too long we've been forced to endure federal mismanagement of our public lands. Jobs have gone away, mills have closed, and our air has been choked with smoke because our forests aren't properly managed. The Washington, D.C. bureaucracy has locked our access off to many public lands, the EPA is coming after our private property and water rights, and our hunting, fishing, and other outdoor activities are being targeted for more restriction.

Greg Walden Supports a Stronger Military and More Secure Borders to Fight Threats to our National Security: Families in Oregon and across the nation are understandably concerned about threats to our national security from abroad and our economic security here at home. Greg Walden has strongly supported increased funding for our military so our men and women in uniform have the equipment and resources they need and deserve, including a pay raise for our troops. Greg has also supported a pause on refugees coming to America from the Middle East until they can be properly vetted.

Greg Walden is Working Hard to Strengthen and Secure Medicare and Social Security for Current and Future Seniors

Greg Walden is Working to Reduce Wasteful Federal Spending, and Approve a Constitutional Amendment to require a Balanced Budget: Taxpayers must be protected no matter who is in control in Washington, D.C.

Greg Walden is Keeping the Promise to Veterans: We have a strong tradition of giving our veterans the best care possible. Americans are rightly outraged by the scandals at the VA. Our vets have fought to defend our freedom, and we must ensure they receive the benefits or care they've earned.

Educational Background: Oregon State University, BS Mechanical Engineering. Professional Engineering License in Oregon. Silverton Union High School. AGR Alumni.

Prior Governmental Experience: "None" And proud of it.

Vision and Leadership

A Niemeyer Administration will rise to the challenge of rebuilding our schools, rebuilding our jobs, and rebuilding trust in our Government.

Bring Logic and Sensibility to Government

I will stop new taxes and regulations on both the people and business across this State.

Get our Natural Resources back to work again

We will get government out of the way of business across this State and get *all* of Oregon's counties back to work.

Oregon's Revenue is *our* Money – It's precious to the People

I will treat Oregon's tax dollars just as if they were the people's life savings. Dollars are not to be wasted on useless projects and pointless efforts.

The Oregon Constitution has been ignored for far too long

The Oregon Constitution has specific guidelines such as dedicated revenues for our roads or Lottery Dollars for economic development. What ever happened to funding education first?

PERS

I will track down where the PERS dollars are and get the money into the hands of competent people that will tell the truth about what is left.

"Accountability is only possible with competence"

I will place the most competent and most productive people in charge of the various different responsibilities of Government and personally believe there will be no shortage of honest and qualified people to fill the positions in my administration.

We have the resources and we have the opportunity to get Oregon on track to a future of prosperity and growth. Please join Bob Niemeyer in this task of getting responsibility and accountability back into the Government of Oregon.

Occupational Background: Non-profit leadership, Medicine, Business

Educational Background: UCLA Medical School and PhD program, UC Riverside/UCLA Biomedical Sciences

Prior Governmental Experience: Member, Task Force on Resolution of Adverse Health Care Incidents State of Oregon, US Marine Corps and US Navy

Bud Pierce Will Make Real Change and Build a Better State for All Oregonians

I'm a janitor's son. When I was 15, I went to work as a grocery store box boy after my father died. I was able to get a great education, become a Marine, a cancer doctor and grow a business.

Now it's time to get things done for Oregon. We must focus on working Oregonians. We must stop encouraging the growth of a government bureaucracy that slows us down by playing games with people's livelihoods. We must tame the special interests and stop corruption. My plan includes:

- Ensuring Oregon's business climate promotes economic growth so we have more high-wage jobs and rising incomes, especially for those in rural Oregon, while ensuring our environment will remain pristine for the health and benefit of our citizens.
- Cutting costs of government and establishing true transparency and accountability.
- Cutting taxes for lower and middle-income Oregonians.
- Defending the 2nd Amendment.
- Ending crony capitalism by eliminating giveaways and perks for the well-connected.
- Fixing PERS so our schools and local governments don't have to cut services to fund looming rate increases.
- Reforming education so Oregon schools will be a role model for the nation.
- Advocating for better treatment and support for veterans.
- Supporting families by creating more options and affordable choices for childcare.
- Focusing on mental health issues.
- Rebuilding our crumbling transportation infrastructure resulting in jobs and ease of travel around Oregon.
- Working towards the goal of ownership of Oregon's land by Oregon's people.

I ask for your vote. Together, we can turn Oregon around.

Governor

Allen Alley

Republican

Occupation: Business Leader

Occupational Background: 35+ years running businesses and creating jobs

Educational Background: BS in Mechanical Engineering, minor

emphasis in Business: Purdue University

Prior Governmental Experience: Chairman, Oregon Council for Knowledge and Economic Development; Governor's Senior Advisor

I'm running for Governor because the political class in Salem has let us down. They hiked spending 63% in the last decade. Are our schools 63% better? Is any government service 63% better? We rank at or near the bottom of the country for high school graduation rate and at the top of the country for citizens who rely on food stamps to feed their families. Oregon shouldn't be known for dropouts and food stamps. We have the greatest people in the country.

Career politicians in both parties have let us down. They've let the lobbyist foxes into the hen house. I want to reinvent state government so it serves us—not the special interests.

When they spend and spend and spend, the politically connected get rich—and they stick us with the bill.

They spent \$195 million on a phantom bridge over the Columbia River and \$310 million on a website for Cover Oregon that was never built. **Now they want us to pay for it with the largest tax increase in Oregon's history, a sales tax.**

Are you sensing a theme? There is money out the door with nothing built, no accountability and no transparency. It's outrageous.

I'm not a politician. Let's eliminate wasteful spending. Let's protect the rights of hunters and sportsmen. I want to invest in our schools. And I don't want a sales tax.

I've spent my career as a small business leader creating jobs in Oregon. Debbie and I enjoy nothing more than sharing time with our 3 children and 2 grandchildren. But after watching Kate Brown mismanage our state I knew I had to do something.

Join Chris Dudley, Knute Buehler and Bill Post and help take back our state!

VOTE for DENNIS RICHARDSON--restore INTEGRITY, ACCOUNTABILITY and TRANSPARENCY to Oregon government

After Oregon's 2015 ethics scandals, our new Governor promised Oregonians transparency, ethics reform, and greater government accountability.

Like many Oregonians, I wanted to believe that was true!

Instead we've witnessed on-going failures in critical human services such as foster care; exploding PERS costs; a looming multi-billion dollar deficit in the next State Budget; and multiple disclosures of Oregon officials using their offices inappropriately, engaging in surveillance of everyday citizens, refusing public records requests, and making sweet-heart deals costing millions in wasted energy tax credits.

Friends, no matter where we are on the political spectrum, I hope we can **ALL** agree that wasting millions and abusing power are non-partisan problems that must be stopped.

As Secretary of State, **I'll restore balance to Oregon government with proven budgeting skills and legal expertise.**

In short, I promise to restore **INTEGRITY, ACCOUNTABILITY and TRANSPARENCY** to Oregon government.

I will:

- **Reconfigure the auditing department.** We'll prioritize audits of programs and agencies that deliver services to our most vulnerable citizens. By instituting "alongside auditing" from the beginning of large, expensive government projects, we can prevent expensive Cover Oregon-type failures from happening again.
- **Renew protection for public employee whistleblowers** who expose corruption, waste, fraud and abuse.
- **Restore a welcoming attitude in Oregon's Corporation Division,** so new and existing businesses can create jobs.
- **Reform Oregon's public records laws** so records are open and accessible to citizens and the media.
- **Reassure voters elections and initiative processes will be fair to ALL Oregonians.**

Prior Governmental Experience: Springfield City Council 1998-2000; Mayor, City of Springfield 2000-2010; Lane County Board of Commissioners 2011-present; Various Committees and leadership roles for AOC and LOC

Sid Leiken, A strong record of Accomplishment.

Let's face it, Oregon is in need of a pragmatic leader who has a history of putting aside petty partisanship and a focus on doing the right things to get Oregon back on track. As a former Mayor and current Commissioner, I have a resume' that demonstrates my ability to lead others to get things done for the constituents we serve. While I was mayor, there was more than \$1.4 Billion of private sector investment. Since serving on the Lane County Board, we have reorganized the County and been able to save the tax payers millions of dollars.

I want to take my can-do attitude to the state Capitol. Enough of the one party rule and bickering between the parties. My history shows I can run effective, innovative, and efficient government. As Chair of the Lane County Finance and Audit Committee, I offer a strong background in auditing, both financial and performance. It's no secret we need more transparency, accountability, and fairness at the state level. I am a champion for Business and want to create a pathway for healthy investment-- not punishments for our job creators. I will bring my experience as a County Commissioner to make sure we have open and fair elections for all Oregonians. I will bring balance to the State Land Board. I understand the importance of having a vibrant and strong economy while preserving our natural resources.

Occupation: Financial Analyst, Investor

Occupational Background: Treasurer, Controller

Educational Background: MBA in Finance and Management, University of Pennsylvania; BA in Economics, Pomona College

Prior Governmental Experience: Lake Oswego City Council, Lake Oswego Budget Committee

Community: Treasurer of the Legacy Emmanuel Hospital Foundation, Past Treasurer of USA Olympic Swimming, Past Chair of Northwest Pilot Project, Past Chair Financial Executives International Portland Chapter.

A Treasurer for Treasurer

Our state's Chief Financial Officer is not an entry-level position. Oregonians deserve a Treasurer with experience as one. I am the current Treasurer of the Legacy Emmanuel Hospital Foundation and have held that position at USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I've established myself as a budget hawk for the city. With my fiscal leadership, we are on track to eliminate our unfunded liability for road maintenance in the next three years. **And we did it without raising anyone's taxes.**

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

Educational Background: UCLA, BA-Economics; Biola University, MA-Christian Apologetics

Prior Governmental Experience: Klamath County Commissioner; O & C Board; Klamath County Budget Committee and Public Safety Committee

Family: Married 35 years, with married children and families in Oregon.

Statement:

I will fight for individual liberty, free markets, fiscal conservatism and limited government.

Life & Liberty: My goal is to preserve the **traditional American values**, hard-work and innovation that make Oregon prosperous. **We are each entitled to Life, Liberty, and our own just pursuits, without interference.**

Property: Endless government over-reach in land, water, timber and mineral resource management is hampering our economy. Natural events, compounded by federal mismanagement and ceaseless litigation, have destroyed giant swaths of public and private lands. The results are public land closures, scarred watersheds, spoiled wilderness and lost jobs.

- **I will strive for local control. Control rightfully belongs to those who live and work in Oregon's resource-rich environment.**

Government: Oregon's progressive legislature is renowned for its pork barrel spending, hastily passed 'emergency' legislation, partisan totalitarianism, and a penchant for stripping citizens of their right to self-defense. The public is rightfully dissatisfied with Salem because of blindness to rural Oregon's needs and big-city cronyism.

- **I will join with tax-payers to bring fiscal sanity back to Salem.**

Action: I humbly ask for your support to give voice to the values, work-ethic and compassion that Oregon needs. We are blessed with abundant natural resources and great people who make our state a wonderful place to live and work. I will fight for your right to pursue opportunities, as you see fit.

- **Together we can make our communities prosperous and resilient.**

Experience: As a business owner Werner has seen first hand the negative impact of increased taxes, fees and regulations. Werner knows how to manage a budget, to prepare for potential changes in the marketplace and to invest for the future. Werner has a proven ability to work with people and to stand for what is right.

As your State Representative Werner will work toward:

- **Decreasing state regulations** on businesses, farms and ranches to foster greater profitability.
- **Improving education** by encouraging private and home schooling opportunities.
- **Fighting for Oregon's right** to reclaim lands currently controlled by the Federal Government.
- **An energy policy** that puts common sense and rate payers first, not special interests — including augmenting hydroelectric power.
- **Protecting Oregonians** against State laws that infringe on the Constitution and Bill of Rights.

In a representative republic, the government's role is not to redistribute wealth for political projects that benefit the powerful and well connected, but to protect the rights of all its citizens. Salem has significantly overextended the designed rulebook: a government of, by and for the people. Only by limiting Salem's scope and power will all Oregonians be allowed to return to their pioneering roots and have the opportunity to prosper.

The government that governs best is the government that governs least.

State Representative, 60th District

Cliff Bentz

Republican

Occupation: Oregon State Representative.

Occupational Background: Ranching, farming, law practice.

Educational Background: J.D. Northwestern School of Law, Lewis and Clark College; B.S. Eastern Oregon State College.

Prior Governmental Experience: Oregon State Representative 2008 to present; member Revenue, Transportation/Economic Development, Energy and Environment, and Tax Credits legislative committees; Board member Ontario 8C School District (2005-2008); Commissioner Oregon Water Resources Commission (1988-1995).

Thanks to your support, I have had the honor of representing the people of District 60 for the past eight years. During this time, I have helped pass legislation that funds and facilitates water storage, increases speed limits in Eastern Oregon, provides money for repair of county roads, allows self-serve gas, protects water rights, funds studies of aquifers, discloses on line Oregon's mineral resources, improves infrastructure, and advances Career Technical Education.

Over these eight years I have been successful in preventing many bad bills from passing but I was unable to stop the dramatic and job damaging increases in the minimum wage just passed by the Democrat majority. It is my belief that these increases will cause Oregon businesses, large and small, to close, mechanize, or move out of state. If re-elected, I will work to modify, change, or repeal this law.

I will also continue to advocate for greater funding for county roads and repair of our bridges; protection of water rights, private property rights, individual Second Amendment rights, the interests of families and businesses, and the dignity of our senior citizens.

As a longtime member of the Revenue committee, I will continue to work to restructure our tax system so that it rewards, rather than penalizes, work and production.

Local understanding of and knowledge about Oregon's millions of acres of public lands is often ignored. I will work to increase local direction in the management of federal land.

Thank each of you for your support. It would be a privilege and an honor to continue to work for you and for Eastern Oregon.

County Commissioner, Baker County, Position 1

Bruce Nichols

Republican

Occupation: Certified Public Accountant; Owner, Nichols and Mitchell, CPAs, PC, Baker City, OR

Occupational Background: CPA, US Air Force, Safeway Grocery Stores

Educational Background: B.S. Business and Economics, Eastern Oregon State College, 1979

Prior Governmental Experience: 1979 to present; governmental, non-profit, and private business auditing. Governmental budgeting, managing, and consulting.

I am a member of the American Institute of Certified Public Accountants and the Oregon Society of CPAs.

My priorities - Minding the County's Business.

As a CPA, I believe I am well suited for the tasks of a County Commissioner. My government and private business experience, coupled with fiscally conservative management will serve the County well. I view the Commissioner position as part of a team. Successful leadership requires a well-managed team striving to reach a common goal.

My years of experience working with government agencies and agricultural land owners gives me the insight that agriculture, timber, mining and tourism are the backbone of Eastern Oregon's fragile economy. Baker County needs to expand its opportunities with small businesses, start-up businesses and mid-sized manufacturing business. I will encourage County and City officials to eliminate unnecessary restrictions and fees on businesses in order to help establish a stronger small business economy to partner more effectively with the agriculture and timber industries.

I will strongly support continued partnering with regional community colleges and high school education programs that are necessary to build our foundation of employable individuals. The education of our work force is critical to both Baker County businesses and industries but also to the well-being of Baker County's citizenry.

I will continue to be an advocate for:

- Baker County's cities, fire districts, irrigation districts and all special districts within the county.
- Fiscal responsibility, economic development, use of our natural resources, and care of public lands.
- Law enforcement, health care, senior citizens, and veterans.
- Our wildlife and our scenic beauty.

People matter too!

County Commissioner, Baker County, Position 1

Kody Justus

Republican

Occupation: Cattle Rancher

Occupational Background: 1989-92 US Army, served in Germany and Kuwait. Ranch operations including, management, budgeting, hiring, and ownership. Former

Correctional Officer.

Educational Background: Graduated Baker High School 1989, Future Farmers of America leadership, Department of Public Standards and Training, Basic Corrections at Western Oregon University at Monmouth, American Lands Council Seminar with Utah State Representative Ken Ivory on the transfer of public lands, Attorney Fred Kelly Grant's Coordination seminar 101.

Prior Governmental Experience: Elected Precinct Committee Person, Current Vice-Chair of Baker County Republican Party, and Baker County Natural Resource Advisory Committee member, Coordinator Baker County Chapter of Oath Keepers, Member Forest Access for All, and Member/Volunteer Agape Christian Center.

I am alarmed by the direction State and Federal Agencies have taken in managing people, rather than natural resources.

- BLM bases their management decision on the threat of the Sage Grouse being listed.
- Forest Service is more concerned where we drive than management of public lands (reducing fuel loads)

I am optimistic that by removing the hurdles put in place by federal regulation Baker County's economy will flourish

I am a man of principle, and a limited government conservative who believes government should *protect* individual rights and liberties, not *undermine* those rights through intrusive, overreaching regulations.

I am for local control of our public lands, and as Commissioner I will work to bring the management of public lands to the local level.

I am a strong supporter of the Second Amendment. I support a Baker County Ordinance to protect second Amendment rights in our County.

When I take my oath of office I will defend life, liberty, property, and honor the original intent of our founding fathers. I am weary of having my elected representatives explain bureaucracy to me, rather than support the Constitutional rights of individual citizens. I have common sense, strong spiritual values, confidence and courage to make our views heard in public forums.

What is a PCP?

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

What are Republican Principles?

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life--requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.
- Government must be fiscally responsible and require in taxes only that minimum of the earnings of Americans required to fulfill its Constitutional responsibilities in an efficient and effective manner.
- The customs and culture of our nation, especially those that are essential to our families, our professions, and our way of life must be preserved.
- In general, everyone should do all that they agree to do, and no one should encroach on other persons or their property.

You can help.

In this 2016 election campaign, Oregon Republicans will work to elect Republicans to public office throughout Oregon – local candidates, candidates to the Oregon House and Senate, statewide races and candidates to the United States House and Senate.

We invite you to become a Republican Party PCP and to work beside us on behalf of good government in our state and nation.

As a lawyer in private practice for twenty years, Judge Flynn represented the rights of hundreds of individuals in administrative hearings and trials and in appeals to the Oregon Supreme Court, Oregon Court of Appeals and Ninth Circuit Court of Appeals.

Community Service

Judge Flynn has been a long-time parent volunteer at Sunnyside Environmental School in Portland; on the board of the Oregon Law Institute, a group providing lawyer education; chair and executive-committee member for multiple practice-area sections of the Oregon State Bar; author for Continuing Legal Education publications; and author of friend-of-the-court briefs filed, on behalf of the Oregon Trial Lawyers Association, in cases before the Oregon Supreme Court that involved significant issues of access to justice and constitutional rights.

Integrity, Impartiality and Dedication

Judge Flynn understands that the citizens of Oregon bring to the Court of Appeals disputes that affect the most important aspects of their lives, and that each party must have confidence the case will be decided fairly, impartially and after full consideration of the issues. It is the judge's responsibility to understand complex legal issues, write clear and consistent decisions and decide every case in way that is both fair to the parties and true to the law. Judge Flynn takes that responsibility very seriously.

District Attorney, Harney County

Tim Beaubien

Nonpartisan

Occupation: Attorney

Occupational Background: Attorney; Legal Assistant; Public Defender Legal Extern.

Educational Background: Juris Doctor, Notre Dame Law School.

School. B.A., University of Notre Dame. Burns High School '02.

Prior Governmental Experience: ASB Justice, Harney County Teen Court.

Four generations of Beaubiens have called Harney County their home. As Harney County moves forward, let us move forward together with somebody who is a known quantity and a good fit for Harney County, somebody that you already know you can rely on and trust, somebody that you know will stand up for and protect the citizens of Harney County, somebody who truly knows the community, its values, and its struggles.

Harney County deserves a prosecutor committed to seeking the truth and serving justice, dedicated to preserving the safe communities in which we grew up. I support the role our law enforcement plays in keeping us safe.

Given Oregon's mandatory minimum sentencing laws, your choice of prosecutor is of utmost importance in holding up Harney County's values. Criminal charges are crafted by the prosecutor; it is the prosecutor who determines whether a criminal defendant will be tried for criminal mischief or terrorism, something in-between or something altogether different.

I am ready to take the lead in Harney County in protecting our safety through the court system. It is important to vigorously prosecute those who commit violent crimes, sell drugs, and endanger people in other illegal ways. I take seriously the Constitutions of the United States and the State of Oregon, including the constitutional right of Crime Victims to be heard and to have a say when it comes time to sentence criminals. I firmly believe in every person's right to be free from unreasonable search and seizure, and other forms of governmental overreach. I believe in our justice system, and that all people are innocent unless proven guilty. I will also fight to protect your rights to lawfully bear arms.

I appreciate your vote and continued support.

District Attorney, Harney County

Joseph W Lucas

Nonpartisan

Occupation: Deputy District Attorney for Harney County (2011-present); Head wrestling coach, Burns H.S.

Occupational Background: criminal prosecutor; manual laborer.

Educational Background: Ph.D. in Public Policy and Administration, with a specialization in Criminal Justice, Walden University; J.D., with honors, Willamette University College of Law; B.S., in Political Science, minors in Business Administration and History, University of Oregon.

Prior Governmental Experience: Deputy D.A.

I believe that one of the ways that I am supposed to fulfill my purpose in life is by promoting the "common good." In particular, I believe that my mission is to promote the health and safety of society, and the best way for me to do so is to serve as the D.A. for Harney County. I believe it is here in Harney County where I have the best opportunity to have the greatest impact in promoting the common good.

The mission of the D.A.'s office should be to strive to improve the health of the community, primarily through the promotion of public safety. The goal of a criminal prosecution is to hold individuals accountable for their actions and, most importantly, to prevent further harm. I believe very strongly that it is crucial that these prosecutions are conducted in an ethical, fair, and equitable manner, in order to protect the integrity of the criminal justice system and to foster the community's faith in the system. This means that all meritorious cases should be pursued, cases should be processed in a consistent manner, and similarly situated people should be treated the same.

My wife Brogan and I have two children and we have made Harney County our home. Over the past 4+ years I have been intimately involved with running and managing the Harney County D.A. office, and have spent countless hours in the courtroom. I am a veteran prosecutor who has handled everything from complex trials, to search warrants, to grand juries.

Endorsements include: D.A. Timothy Colahan, Sheriff Dave Glerup (retired), among others...

District Attorney, Lake County**Patrick J Flaherty**

Nonpartisan

Occupation: Attorney**Occupational Background:**
Criminal law attorney**Educational Background:**
University of Oregon, B.S.;
University of Oregon, J.D.

Prior Governmental Experience: Judicial clerk, Clackamas County 1987-1988; prosecutor Lincoln County 1989-1992; prosecutor Deschutes County 1992-1995; chief prosecutor Deschutes County 1995-2001; Attorney, Wright, Van Handel & Flaherty 2002-2010; Deschutes County District Attorney, 2011-2015

The people of Lake County could use a District Attorney who efficiently performs the constitutional functions of the office:

- with Integrity
- with Fairness
- with Skill

The people deserve a DA who has:

- a balanced view of justice
- a thorough understanding of the DA's obligations under the law; and
- the experience and demonstrated ability to perform those obligations with thoughtful discretion

Patrick is a second generation Oregonian who has dedicated his 28 year career to the criminal justice system in Oregon. He and his wife raised their son in neighboring Deschutes County where he has practiced law for 24 years, most recently as the Deschutes County District Attorney.

Patrick is well-known for his trial skill and successful prosecution of the entire spectrum of criminal cases including:

- Murder
- Child Abuse
- Sexual Assault
- Domestic Violence
- Manufacture, Delivery and Possession of Methamphetamine

Patrick has administered multi-disciplinary teams related to crimes against children and elders, worked on inter-agency drug enforcement teams, assisted running specialty courts like Drug Court and handled support enforcement and family court cases (delinquency and dependency).

Patrick's experience on both sides of counsel table has given him a balanced perspective on the most important DA function--the decision whether to charge a person with a crime.

"I understand, respect and am always mindful of the power of an accusation. That is why I believe the public is best served by a District Attorney who thoughtfully exercises discretion when making a charging decision but who also has a track record of winning the cases that need to be brought to justice."

"I would be honored to have your vote on May 17th."

SHARON IS SUPPORTED BY LAW ENFORCEMENT!

"It's time for the District Attorney's office to once again put the interest of the citizens of Lake County in the forefront. We need a District Attorney that has a proven record of successful prosecutions, takes issues involving child abuse, sexual abuse and domestic violence seriously and who will vigorously pursue prosecution rather than the shady back door deals and a continuation down the same path. District Attorney, Lake County

Ulys J Stapleton

Nonpartisan

Occupation: District Attorney, Lake County

Occupational Background: Prosecutor, 17 years; City Attorney, 18 years; defense attorney 11 months

Educational Background: University of Oregon Law School, 1974; OSU, 1971; Lakeview High School, 1967.

Prior Governmental Experience: District Attorney, Lincoln County; District Attorney, Klamath County; City Attorney, Grants Pass

TOP PRIORITY:

When elected, I stressed the importance of investigating and prosecuting methamphetamine cases. Methamphetamine destroys lives, families, and communities. I hold regular meetings with law enforcement to improve our focus on methamphetamine investigations and prosecution.

VICTIMS:

I received grant approval to increase our victim assistance personnel. I am applying for another grant to fund equipment for Child Abuse Response and Evaluation Services and a video system to allow victims to remotely view court proceedings, without having to sit in the courtroom near the defendant.

INTENSIVE SUPERVISION PROBATION:

Periodically, the Jail exceeds capacity which requires releasing inmates. Most are in Jail for parole or probation violations. I worked with Probation, the Court, and Mental Health to establish an Intense Supervision Probation Program. It includes semi-monthly court appearances and frequent urinalysis drug testing. It has highlighted the terrible damage methamphetamine does and the devastating effect it has on their ability to stay off drugs. I will continue to support this Program.

APPROACHABLE

When elected, I promised a new philosophy and approach to the Office. **I have done that.** Although a few individuals in law enforcement disagree with my open door policy and being willing to listen to citizens and defendants alike, I believe being open-minded and considerate is what the voters of Lake County want. The District Attorney is obligated to seek justice, not just to get a conviction.

HOME:

I love Lake County. I was raised in Lakeview and some of my ancestors lived in Lakeview and Silver Lake. I consider my job as District Attorney to be more than prosecution. It's a responsibility to help make our community a better place to live.

Current Harney County Commissioner (2nd Term)

Educational Background: Burns Elementary School, Lincoln Jr. High School, Burns High School, Southern Oregon University, County College

Prior Governmental Experience: Harney County School District Board of Directors, High Desert Park and Rec. Board, Harney County Budget Board

After spending much of my life in retail business and interacting with the public daily, it gives me a true vision of who we are here in Harney County. We are a county with values deeply rooted in tradition. People here are true, honest, hardworking folks that would still tend to honor a handshake deal. The multi-generational families are proud of their past heritage and desire to continue it into future generations. They must be heard and supported. I support the agriculture and natural resource base of our county 100% and will work hard to see that they are utilized. Without our agricultural base we have no downtown businesses, and a school system and health district that struggle to recruit top leaders in their fields. Harney County, Burns and Hines, must work together for best efficiencies. Economic development is very critical today and needs to utilize creative avenues. We must all work together to lead us into the future. I am dedicated to do just that. Thank you for your vote of confidence

I believe that Harney County is rich, both in natural resources and in intelligent, hardworking people. As a civil servant, as a citizen, as a father, and as a Harney County business owner and employer, I want to see our community to thrive.

As Harney County Judge, my primary focus will be on implementing solutions to make our community more attractive to potential employers, investors, and skilled laborers, thus making Harney County a more prosperous community. My priority will be to facilitate the most complete and beneficial use of our resources for the sustainability of both the economy and the ecosystem. In each individual situation, I will be asking what we can do to reclaim our local authority over our natural resources, our community, and our economy.

Because I am not a career politician, I will bring a fresh perspective to the Harney County Court. I will work to encourage more diverse community representation and involvement in our local government, and I will strive to provide common sense solutions to the issues facing our community.

It's important that you understand what a candidate believes and how he will govern. Let me first talk about what drives me on a personal level:

- **SERVICE.** My grandfather served in WWII and the Korean Conflict and my father served in Vietnam. From a young age, I was taught the importance of service to country, community, and my family.
- **FAITH.** My faith in God provides a strong foundation for how I approach the world. I believe a person should be honest, ethical, and always find ways to serve others before himself.
- **COMMUNITY.** I believe in volunteerism and investing in our youth. This is why I'm a youth basketball and baseball coach.

These are the issues I believe will help us become a more prosperous community:

- **LOCAL JOBS.** Giving our citizens the opportunity to provide for themselves and their families is the foundation of a healthy community. I will fight for all businesses, help reduce development costs, and find ways for county government to be more responsive.
- **COMMUNICATION.** 10-years as a journalist taught me that a healthy democracy requires transparency. Citizens have a right to know what their government is doing.

What Matters Most: What matters most to me is that our children have a place to raise their families, enjoy their freedoms and have prosperous careers without sacrificing the way of life that we love in Crook County.

Citizens need to be involved in the government process of our county and state. I would like to see the process slowed down a little and made more accessible by the citizens that it affects.

People feel that they have tried to be involved in the process and have not been heard. I know the feeling. It seems that it doesn't matter what we want or what we say, the "politicians" will do whatever they want. I don't want to be a "politician"; I want to be an avenue for the citizen's voice to be heard and their rights to be protected.

Your freedom and liberties as guaranteed by the Constitution must be protected by the Crook County Commissioners.

"The only way that "We the People" are going to take our country back, is to start at the lowest level of government and work up from there, by empowering the citizens of this county to take back their Liberties and Freedom".

My name is Julie Ellison and I currently work as the Deputy Clerk in the Grant County Clerks Office. Raised in Grant County, I would appreciate the opportunity to take an active role in the ongoing improvement and financial well-being of our county by serving Grant County as your Treasurer.

County Commissioner, Harney County, Position 1

Shana Withee

Nonpartisan

Occupation: Oregon State University Extension Agent – Harney County, 4-H Youth Development & Family Consumer Health.

Occupational Background: Extension Agent in Utah,

Oregon & Thailand.

Educational Background: Associate Science – Ricks College, Bachelor of Science & Masters of Science – Utah State University.

Prior Governmental Experience: Extensive budget experience serving on The Commission on Children & Families; City of Burns Budget Board, High Desert Park & Rec Budget Board; Harney District Hospital Board Treasurer.

Good government is dependent on leadership willing to look at the Big Picture, listen to all sides and support the best solution for the betterment of all. Economic stability and family wage jobs are necessary if we are to improve our livelihood while at the same time preserving our culture and way of life. I believe my experience in working with government budgets and understanding fiduciary responsibility would be a great asset to our county. Cooperation, coordination and collaboration with government agencies are vital to the success of any venture.

I have spent my career helping others improve their lives, worked with government agencies, served as a volunteer in schools, as a Brownie Scout Leader, baseball & softball programs, and Secretary of Harney County Cattlewomen. Being a good citizen and giving back to your community is a fundamental aspect of 4-H. I have shared my expertise on food preservation and budgeting and spent many years working with youth and adults throughout the county and State.

I was born and raised on a ranch in northern Montana where we raised sheep, cattle and hay. My husband was a logger and we own land in the forest where we enjoy camping, hunting and hiking with our four children. The experience we have gained through our involvement in many aspects of Harney County life has shaped us. I believe my experience in dealing with many different agencies in my job would greatly enhance the effectiveness of our county government. I would appreciate your vote.

County Commissioner, Harney County, Position 1

Mark Owens

Nonpartisan

Occupation: Farmer, Custom Haying, Custom Farming, Commercial Pest Control, Small Business Owner.

Occupational Background: Worked as a ranch hand / ranch manager prior to purchasing

our own farm.

Educational Background: Sam Barlow High School graduate 1989, Mount Hood Community College.

Prior Governmental Experience: Currently serving: Harney County Planning Commission, Chairman-Crane High School Board of Directors, ESD Budget Board, Harney County Watershed Council.

Harney County has allowed my family to live the American dream. I decided to run for County Commissioner to help others achieve this goal.

I have lived in Harney County for 23 years. Making a living in agriculture by utilizing our natural resources is how I have been successful. The future of our county depends on the continued and sustained use of these resources. The ability to use our resources on private and public lands is critical to economic stability and growth. Decisions for the best management practices must come from the ground up. Currently, this is not happening often enough. There are many reasons for this, but most importantly we need to become proactive in finding solutions to fix these issues.

I do not have all the answers or ideas that will be needed for the growth and prosperity for our county. I promise you I will research and educate myself on the issues at hand, thereby allowing me to make informed and educated decisions. One of the greatest attributes of county government is that it is the closest form of government to the people. This allows our elected officials to have meaningful and open communication with all Harney County citizens on a regular basis.

The greatest natural resource we have in Harney County is you, the Harney County citizen. If elected, I will diligently work to protect the way of life which we have chosen to live, raise our families, and the place we call home.

Thank you for your vote.

Jana L Hanus

Nonpartisan

Occupation: retired business owner

Occupational Background: twenty+ years as small business owner and operator

Educational Background:

Some college

Prior Governmental Experience: Twenty-two years as a small business owner and taxpayer.

Hello,

My name is Jana Hanus. I've been a resident and small business owner / operator in downtown Lakeview for the past two decades before retiring and selling the building in 2015. After twenty+ years of conversations over hundreds of cups of coffee with Lake County residents, I became increasingly aware of the growing concern among Lake County residents for the need to properly balance economical growth with the overall livability and quality of life. This will continue to be a primary concern in all decisions during the extent of my tenure as your commissioner.

My office will always be open and I promise to answer or return each telephone call personally. There is no concern too small or too complex to keep me from taking the time to stop and listen.

Being retired, I am in a position to dedicate my full attention and energy to the task of growing our economic future while preserving our heritage and quality of life throughout the county.

Thank you, I look forward to serving all Lake County residents.

Jana Hanus for Lake County Commissioner.

Proposed by initiative petition to be voted on at the Primary Election, May 17, 2016.

12-58

Allows marijuana activities made legal by Oregon in Grant County.

Question	46
Summary	46
Explanatory Statement	47
Arguments in Favor	47
Arguments in Opposition	none

Question

Shall the people of Grant County be permitted to engage in all legal marijuana uses and activities under state law?

Summary

This Measure would overturn Grant County Ordinance 2015-01. By overturning Grant County Ordinance 2015-01, the people of Grant County would be allowed to avail themselves to existing Oregon law which permits the production, cultivation, licensed processing, wholesaling, retailing and testing of marijuana.

Explanatory Statement

Oregon voters passed Ballot Measure 91 legalizing the medical, personal and economic uses of marijuana in 2014.

The Oregon Legislature allowed counties that voted 55% or more against Ballot Measure 91 to "opt-out" of the economic benefits of marijuana. The medical and personal use, including personal gardens, remained unaffected by the Legislature's actions.

After several Grant County Court meetings in late 2015, where the majority of Grant County citizens who spoke were against Grant County "opting-out" of the economic benefits of marijuana, the Grant County Court on a 2 to 1 vote, voted to "opt-out" of the economic benefits of marijuana.

Even after the Grant County Court action, all other legalized uses of marijuana are allowed in Grant County under Oregon law including medical and personal marijuana use, home cultivation of four plants and the transfer, without money, of one ounce of marijuana between individuals.

"Opting-out" only prevents the economic uses of marijuana allowed under Measure 91. Grant County cannot "opt-out" of the other types of legalization allowed under Ballot Measure 91.

By "opting-out", the county does not qualify to receive tax revenues from the lawful sale and production of marijuana around the state.

Grant County Initiative 12-58 overturns the decision to "opt-out" by the Grant County governing body and allows the county to receive the economic benefits of Ballot Measure 91 and allows the county to access state tax revenues generated from the lawful sale and cultivation of marijuana.

As is explained in the ballot title, Grant County Initiative 12-58 allows for Grant County citizens to conduct all lawful marijuana activities pursuant to existing state laws. Grant County Initiative 12-58 allows for production, cultivation, licensed recreational marijuana processor, wholesaler, retailer, and testing within the county allowing the county to receive state tax revenues from these activities. Grant County Initiative 12-58 would overturn Grant County Ordinance 2015-01 passed 2-1 by the County Court.

All economic uses will be subject to local and state government regulation to ensure safety, proper use and enforcement laws, including tax laws, required for compliance with Ballot Measure 91.

(This impartial statement explaining the measure was provided by Grant County.)

Argument in Favor

Overturing the Grant County ban on legal cannabis would allow for not only the growth in a new Oregon industry, but helps small business owners and farmers in our community trying to get involved. The need for new economic development in Grant County calls for opening doors to both current and prospective business owners to new opportunities. Allowing the regulated cannabis market is that opportunity.

The impacts of a regulated cannabis market are simple:

- State tax dollars earmarked for education, substance abuse prevention, and law enforcement. Those dollars cannot be accessed if the ban stays in place.
- Local revenue and job creation through new retail and agricultural business. They can never be created.
- Increased public safety by removing the market for criminal cartel-driven cannabis sales. Legalization has crippled Mexican Drug Cartels according to the Washington Post.
- Ensures that any cannabis product is tested for safety and sold only to the legal, adult population.

Under a county-wide ban, *all* of these benefits go away, while at the same time illegal cannabis use remains prevalent. The 'double deficit' created by the ban serves to perpetuate illegal sales and accompanying criminal activity, and this must be addressed.

Yes on Rural Economies supports Grant County Initiative 12-58, and the growth of this regulated industry.

(This information furnished by David Kilpatrick, Yes on Rural Economies.)

Argument in Favor

Vote Yes on Grant County Initiative 12-58

Grant County has an unemployment rate nearly twice the national average (9.3 % in December 2015). Initiative 12-58 brings jobs to Grant County. One job creates many economic benefits for our entire community. Grant County citizens, from ranchers to small business owners, are ready to create jobs in Grant County if voters allow them too. Vote Yes for Jobs in Grant County!

Grant County Ranchers and property owners want to use their land to cultivate marijuana. When the county opted out of Measure 91, government told those property owners they could not use their land as they see fit. We respect private property rights in Grant County, and Initiative 12-58 allows private property owned by Grant County Citizens to be used in a lawful, productive and economically beneficial way. The Grant County Farm Bureau opposed the county ban! Tell government to let private property owners use their property as they see fit as is their Constitutional Right!

Grant County citizens are responsible. Initiative 12-58 eliminates the black market and brings regulation to the marijuana industry. Business owners know that selling to minors is the quickest way to lose their businesses. They will deny access to minors! A regulated market keeps marijuana out of schools. Keep Children Safe!

Grant County citizens, including veterans, suffer medically and doctor-prescribed marijuana helps them fight serious medical conditions from seizures to pain from cancer. They often cannot access their medication for reasons such as a lack of transportation or the pain associated with traveling over three hours on the road to medical dispensaries. A Yes vote for Initiative 12-58 is a vote of compassion for the pain suffered by our most vulnerable Grant County citizens!

Please vote yes on Grant County Initiative 12-58

Vote by Mail Frequently Asked Questions

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between **April 27** and **May 3, 2016**. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by **May 6**, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at www.oregonvotes.gov.

What if I have moved and have not updated my registration?

If you were registered to vote by **April 26** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated official dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to www.oregonvotes.gov or you may contact your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single **47¢ first-class stamp**. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

Your voted ballot must be received in any county elections office or designated dropsite by 8pm, Tuesday, **May 17, 2016**. Postmarks do not count! All county elections offices are open election day from 7am to 8pm.

How do I know if my ballot is received?

You can track the status of your ballot by going online to: My Vote at www.oregonvotes.gov or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

Replacement Ballot Information

Important! If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by **May 12**. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call **1-866-ORE-VOTE** (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:
