VOTE-BY-MAIL GENERAL ELECTION, NOVEMBER 5, 2002

Bill Bradbury
Oregon Secretary of State

BILL BRADBURY

SECRETARY OF STATE

PADDY J. McGUIRE

DEPUTY SECRETARY OF STATE

STATE OF OREGON
SECRETARY OF STATE
136 STATE CAPITOL
SALEM, OREGON 97310-0722
(503) 986-1523

Dear Fellow Oregonian,

This is volume two of the two-volume 2002 General Election Voters' Pamphlet. This volume contains information about candidates and political parties (as well as local candidates and measures in the county insert in the center, if your county produced a pamphlet). Volume one with information on state ballot measures was mailed to you earlier. If you did not receive the first volume, please call my office at 503-986-1518 and we will send you another.

Oregon pioneered the voters' pamphlet in 1903 and continues to be unique in the amount of information that the Secretary of State provides to voters. I often hear from Secretaries from other states that they get calls from Oregonians that have just moved to their states wondering where their voters' pamphlet is or why it has so little information.

No other state provides a forum, like volume one, that allows any person to purchase an argument on a ballot measure or put it there by gathering signatures. This provides an avenue for all Oregonians to participate in a dialog on the future of the state.

I am often asked why we mail to every household or how an individual can "opt out" of receiving the voters' pamphlet. The simple fact is it is cheaper to mail to every household than to individually address each pamphlet. The postal costs are significantly less to mail to every residential postal customer than to label and mail to individual residences or voters.

We do provide an online voters' guide linked from www.oregonvotes.org that has all of this information and information from other counties. If you have a student studying out of state or know someone who is traveling and may not receive this pamphlet, you can direct him or her to the www.oregonvotes.org site for a wealth of information about this election.

For the first time, we are also providing a translated Spanish language version of portions of the voters' pamphlet at the www.oregonvotes.org website. I am working hard to make sure that all citizens have equal access to ballot information regardless of their primary language. We are also providing a Spanish language voter registration card for the first time in Oregon.

To participate in this election, there are some important dates for you to remember.

- October 18th to 22nd is the period when ballots will be mailed to registered voters – if you are registered and do not receive a ballot in the mail, call your county elections office for assistance.
- November 5th at 8 p.m. is the deadline for your ballot to be received by a county elections office – if you do not return your ballot in the mail, return it to the official ballot drop site nearest you.

Thank you for taking the time to study the candidates and measures on the ballot and for participating in the electoral process.

Sincerely,

Bill Bradbury
Oregon Secretary of State

On the cover: This pen and ink drawing of the Owen Cherry Tree was drawn by former Oregon artist Hugo Brambila. The Owen Cherry is one of a growing list of trees that are designated Oregon Heritage Trees because of their age or association with an Oregonian of note. Begun in 1995, the Heritage Tree Program is the first such state-sponsored program in the country. It was established to increase public awareness of the important contribution of trees to Oregon's history and the significant roles they play in the quality of our daily life. For more information on the Heritage Tree Program, contact the Oregon Travel Information Council, 1-800-574-9397. In this volume, partisan candidates appear before nonpartisan candidates. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified by each candidate.

Volume 2 also includes other voting aids, such as congressional and district maps, drop site locations and a complete list of the state candidates. If your county has chosen to produce a Voters' Pamphlet in conjunction with the state, drop site locations will appear in your county Voters' Pamphlet, which is in the center of this pamphlet.

United States Senator

**BILL
BRADBURY**

Democrat

OCCUPATION: Secretary of State

OCCUPATIONAL BACKGROUND: Director, For the Sake of the Salmon; television journalist;

restaurant owner.

EDUCATIONAL BACKGROUND: University of Chicago High School; attended Antioch College.

PRIOR GOVERNMENTAL EXPERIENCE: Senate President 1993-1995; Senate Majority Leader 1987-1992; State Senator 1985-1995; State Representative 1981-1985.

FAMILY: married, two daughters.

A PLEDGE TO OREGON

"I pledge to make government accountable for how it spends our money and will hold corporations accountable for how they treat employees, investors and us, the public. As Senator, I will put Oregon's interests first." —**Bill Bradbury**

MAKING GOVERNMENT ACCOUNTABLE

We can balance the budget and meet our commitments. As Secretary of State, I have conducted over 100 audits of state agencies to cut waste, identifying millions in savings. I will work tirelessly in the Senate to ensure your tax dollars are spent wisely.

I will hold government accountable on:

- **Social Security:** protect benefits from cuts and privatization.
- **Medicare:** lower prescription drug costs for seniors.
- **Health Care:** increase quality, access and affordability.

"I support Bill Bradbury because he is right on the issues. He will be a champion for consumers and working families." —**Senator Ron Wyden**

MAKING CORPORATIONS ACCOUNTABLE

I am proud of my record of accountability and putting people first.

I will fight to:

- Toughen laws for corrupt CEOs and corporations guilty of fraud.
- Strengthen laws protecting employee pensions and benefits.
- Force corporate polluters—not Oregon taxpayers—to pay for toxic waste clean-up.
- Stop corporations from selling private financial and medical information without permission.

STANDING UP FOR OREGON

I will stand with Senator Wyden to defend Oregon's Death With Dignity law and protect a woman's right to make her reproductive health choices. I trust Oregonians to make private decisions without government interference.

"Oregonians have spoken clearly on choice, death with dignity, and the environment...only Bill Bradbury will defend these values."

United States Senator

**DAN
FITZGERALD**

Libertarian

OCCUPATION: Database Management

OCCUPATIONAL BACKGROUND: Independent Consultant

EDUCATIONAL BACKGROUND: Gettysburg College, B.A.

PRIOR GOVERNMENTAL EXPERIENCE: None.

The job of a United States Senator is to protect and defend the Constitution.

This, in fact, is all that the oath of office requires.

Yet, in just the last year, John Ashcroft has tried to overturn the will of the people of Oregon. Regardless of how you may feel about assisted suicide and medical marijuana, the federal government has no power to interfere in the relationship between doctor and patient. John Ashcroft should practice his own peculiar morality for himself, and not force it upon Oregonians.

The War on Terrorism has eroded many civil liberties, and this is not the first time that an "Anti-Terrorist" Act has taken away some of our rights, and still failed to protect us from terrorists.

We deserve a Senator who will defend Oregonians from these assaults on our liberties, not one who allows our rights to be curtailed by our own servants.

I will insist on no encroachment into any of the Bill of Rights. None. Not the First, not the Second, none of them.

I would also fight to make our foreign policy reflective of the decency and generosity of the American people. Our politicians have installed and supported corrupt, brutal dictatorships worldwide. Our tax dollars go to support the repression of people we don't even know. We have troops in over 100 nations around the world. It is time to re-focus our defense on our own country. The American taxpayer has no interest in paying for an empire. We should have, as Thomas Jefferson put it, "peace, commerce, and honest friendship with all nations, entangling alliances with none." The purpose of our government is to protect our rights. As Senator, I will work to change our government into one which does just that.

I'd be honored to receive your vote.

**LON
MABON**

Constitution

OCCUPATION: Chairman, Oregon Citizens Alliance; Bible Teacher

OCCUPATIONAL BACKGROUND: 15 years Chairman, OCA; 15 years self-employed, Elderly Care;

30 years Bible Teacher

EDUCATIONAL BACKGROUND: Attended College of the Redwoods

PRIOR GOVERNMENTAL EXPERIENCE: Served Republican Party as PCP; State Executive Committee Fifth District chairman; Delegate to State Central Committee, Klamath, Marion and Clackamas counties.

Military: U.S. Army veteran; Vietnam

As your United States Senator from Oregon I will work to:

Close the borders completely and stop illegal immigration; close down the IRS and stop using Federal Reserve Notes as money (see the top of a dollar bill); end all United Nations' influence over our country and get the UN off American soil; and revoke NAFTA, GATT and the WTO.

The three guiding principles and priorities of my office will be:

1. **We are a nation and state under God;**
2. **Moral issues are the most important issues; and**
3. **The Constitution, as intended, is to be strictly adhered to.**

The national Constitution was specifically worded to keep the Federal Government from getting as huge as it now is. How then has it gotten so massive and so centralized and so unconstitutional? Because almost none of our elected officials are actually obeying the Constitution, whether Republican or Democrat. Yet, they all raise their right hand and swear to do so - although some judges in Oregon don't even bother to do that.

If you give me the opportunity to raise my right hand, I will keep my Oath to support the Constitution, for I will take the Oath under God.

Under God's authority, the most important obligation as far as our government is concerned is to obey the Constitution of the United States, as written. You need to know that it is my intent to do so. In the sight of God, it is my heart's desire. And by His grace and your vote, I will.

EDUCATIONAL BACKGROUND: Southwestern University, JD; Brigham Young University, BS

PRIOR GOVERNMENTAL EXPERIENCE: United States Senator, 1997-present; Oregon State Senator, 1993-1997; President, Oregon State Senate, 1995-1996

EFFECTIVE, BIPARTISAN LEADERSHIP

"That's how he does some of his best work: building bridges, negotiating agreements, finding compromises. These are skills he's put to good use on behalf of Oregon."

--Salem Statesman Journal, 8/3/2002

Strengthening Oregon's Economy

Improving Oregon's economy is Senator Smith's number one priority

- Helped pass tax relief for over one million Oregon family farmers, small businesses and technology entrepreneurs to stimulate investment and job growth
- Protects Oregonians hard-hit by recession and looking for work with more unemployment and health benefits
- Fights for people and jobs in the Klamath Basin and Oregon's rural communities

Improving Oregon Schools

Senator Smith believes every child should have a world-class education

- Helped pass the most significant education legislation to pass Congress in over 35 years, which demands accountability while increasing funds for Oregon schools
- Helped expand early childhood programs and authored legislation that provides more resources for teacher training and to reduce student drop out rates

Providing Health Care

Senator Smith is leading the U.S. Senate's effort to provide affordable, quality health care

- Authored a bipartisan plan (endorsed by leading senior groups) to provide a prescription drug benefit for Oregon seniors
- Passed a bipartisan bill to provide health care for low-income children and is working to create access to health care for uninsured Oregonians
- Introduced legislation to protect Medicare benefits for seniors and provide funding for cancer research

ENDORSED BY LEADING DEMOCRATS

"I am proud to join more than 50 Democrat leaders in supporting Gordon Smith because he is an independent voice for Oregon. He listens, reaches out, and brings all people together—rural and urban—to get things done."

DAVID WU

Democrat

OCCUPATION: Congressman

OCCUPATIONAL BACKGROUND: Attorney helping Oregonians start high technology and international trade businesses.

EDUCATIONAL BACKGROUND: Stanford University; Yale Law School

PRIOR GOVERNMENTAL EXPERIENCE: Judicial Clerk

Family: David and Michelle, a sixth generation Oregonian, are parents of 5-year old Matthew and 3-year old Sarah. Michelle taught for 12 years.

DAVID WU

**Responsible, Common Sense Investments in Oregon's Economy,
Education and People**

Revitalizing the Economy

David Wu supported the Economic Recovery Act to spur investment and job growth through tax credits and help workers with training, expanded unemployment insurance and continued health coverage. He's fighting for Oregon's economy by working to enhance new investments in Oregon.

Restoring Corporate Accountability

David Wu knows Oregonians work hard to save for college education and retirement. When corporations get away with fraud and deception, that affects Oregon families. Businesses have to play fair. David Wu voted to crack down on corrupt accounting practices and fought to restore investor trust.

Expanding Opportunity through Education

David Wu learned early that a solid education is the key to opportunity. He's working to reduce class size for younger children and increase access to higher education and job training for adults. He successfully passed the bipartisan Leave No Child Behind Act to promote accountability in our schools and increase adult involvement in children's lives. He fought for full deductibility of student loan interest, increased Pell Grant funding and enhanced opportunities at community colleges and vocational schools.

Common Sense Solutions for Better Health Care

David Wu is fighting for a strong, enforceable patients' bill of rights, making prescription drugs more affordable and expanding responsible investment in research and disease prevention.

Secure Retirement Funds

David Wu knows people work hard to plan for retirement. He's working in Congress to ensure employees have a say in how retirement funds are invested, and to reform the rules governing 401Ks so they are fair to employees.

Security and Liberty

David Wu fights to protect both our security and our liberties.

OCCUPATIONAL BACKGROUND: Producer;

Mary Zemke, Republican Candidate for Jefferson County Commissioner

(This information furnished by Buckley for Congress.)

EDUCATIONAL BACKGROUND: BA, University of Santa Clara, 1979

PRIOR GOVERNMENTAL EXPERIENCE: Consultant, National Endowment for the Arts, 1992-93; Nuclear Free Zone Commission, City of Arcata, 1994-95

Married, three children.

THREE QUESTIONS FROM THE BUCKLEY FOR CONGRESS CAMPAIGN:

1. Are you better off than you were two years ago?
We're back to running record deficits, the economy is stagnant, unemployment is rising, schools are struggling, the future of social security looks bleak and health care costs are through the roof.
2. Do you believe America is heading in the right direction?
Endless war, Enron, massive corporate fraud, lopsided tax cuts, environmental battles with no solutions, government sold to the highest bidder....
3. When is it time to say we've had enough?

A MESSAGE FROM PETER BUCKLEY:

We need to take back our government from those who buy it away from us.

We can have the best education system in the world. We can have decent health care for all. We can keep the promise of Social Security. We can have sustainable jobs, a healthy environment, invest in our communities and expand the middle class. We can lead the world through our ideals and our example.

It is time to build an America we will be proud to leave to our children.

Our country is in crisis. Democrats, Republicans, Greens and Independents can and must come together to change the direction we're heading in.

GREG WALDEN

Republican

OCCUPATION: Congressman

OCCUPATIONAL BACKGROUND: Oregon small business owner

EDUCATIONAL BACKGROUND: Journalism degree, University of Oregon; graduate, Hood River Valley High School

PRIOR GOVERNMENTAL EXPERIENCE: State senator; state representative; staff, U.S. Congress and Oregon Legislature.

Greg Walden...finding real solutions for today's problems.

When the government denied water to Klamath Basin farmers and ranchers, Greg took their cause all the way to the President of the United States to get action.

"Give Greg Walden some extra credit. The Oregon 2nd District congressman has been a strong leader in the effort to get water for farmers on the Klamath Reclamation Project...Walden's been going the extra mile for his constituents." Klamath Falls *Herald and News* 05/04/01

Greg Walden...working for prescription drugs for seniors.

American seniors should NOT have to choose between being able to pay for their food or their medicine. Greg Walden's a leader in Congress in the effort to provide affordable prescription drug coverage for seniors.

"Seniors have a real friend and advocate in Greg Walden. He works hard to find solutions for problems seniors face." Jim Davis, Oregon State Council of Senior Citizens PAC

Greg Walden...a father and husband who cares about quality education.

With a son in middle school, Greg and his wife know the importance of a quality education. He's supported more resources for our schools and more local control for parents, teachers and school boards.

Greg Walden...getting Oregonians back to work.

Too many Oregonians have lost their jobs. As a family business owner for 16 years, Greg understands our rural economy and the need to enact policies that promote new, family-wage jobs. As our Congressman, he's stood up for common sense natural resource management, help for those who've lost their jobs and incentives to get the economy going again.

Greg Walden...making a real difference for us.

Keep a trusted leader working for Oregon.

Re-elect Congressman Greg Walden.

Local Results

National Leadership

Since we elected him to Congress, Earl Blumenauer has worked tirelessly on issues that matter most to our community and provided leadership for Oregon. Earl is a recognized national leader, bringing Oregon's values and innovation to create stronger, more livable communities.

Dear Friends,

I've devoted my career to working with Oregonians to make our communities more livable where families are safe, healthy and economically secure. Key to achieving this goal is making sure that the federal government is a better partner with local communities in the areas of education, the environment, health care, and transportation.

- Congress should fulfill its commitment to fully fund the individuals with Disabilities Education Act (IDEA), helping local school districts that are struggling for funding. We should also assist in school modernization to repair decaying structures, revitalizing schools and neighborhoods.
- The federal government must lead by example whether it's renovating historic federal buildings, siting post offices or cleaning up unexploded ordnance from military sites.
- Instead of tax cuts for the wealthiest in our society who need it the least, Congress should strengthen Social Security and Medicare to meet future obligations. We need a prescription drug benefit that helps seniors, not the drug companies.
- Fighting terrorism abroad and at home is important but Congress must remember that protection of our fundamental rights and the rule of law are a part of what we're fighting for.

I've been honored to represent you in Congress. Working together, we can create a future with the world a better place not just for ourselves but for future generations. I would appreciate your vote this fall.

Sincerely,

Earl

OCCUPATION: Volunteer attorney, Consumer Justice Alliance.

OCCUPATIONAL BACKGROUND: aircraft riveter; mailman; construction laborer; faculty, Northwestern Law School

EDUCATIONAL BACKGROUND: U.S.C., B.A., J.D.; Harvard Law School; Boston University, M.A. (government); U of O, M.L.S.

PRIOR GOVERNMENTAL EXPERIENCE: U.S. Navy (1944-70); served in Pacific, China during WWII, as special prosecutor in Vietnam. Oregon Senate (1975-87). Malheur County Counsel, Deputy D.A. (1989-91). **FAMILY:** Married 48 years; wife, Barbara, buried Arlington Cemetery. Three sons: M.B.A., M.D., Ph.D.

COMMUNITY ACTIVITIES, MEMBERSHIPS, CONTRIBUTIONS: Emanuel Children's Hospital; NAACP (since 1948); Sierra Club (life member); Jobs With Justice; Friends Committee on National Legislation; No Sales Tax League.

A LOT OF WHAT'S BEST IN AMERICA IS SOCIALIST: CREDIT UNIONS, CONSUMER CO-OP'S, PUBLIC POWER, SOCIAL SECURITY, MEDICARE, INDIAN HEALTH SERVICE, COLLECTIVE BARGAINING, MINIMUM WAGE, "AND A LIMIT ON WORKING HOURS". (Meister, *Oregonian*, 9/4/91)

THERE ARE VAST DIFFERENCES BETWEEN RETIRED STATE SENATOR BROWN AND CONGRESSMAN BLUMENAUER ON IMPORTANT ISSUES:

Pesticides in food. Brown, General Counsel, Oregon Consumer League, long supported "the Delaney Clause of the 1958 Federal Food, Drug and Cosmetic Act, which" imposed "a zero tolerance standard for cancer-causing pesticide residues on food". In 1996 Blumenauer voted to repeal this protection. (1996 CQ Almanac, C-52)

Universal health insurance. Brown obtained 400+ signatures for the Health Care for All-Oregon initiative (Measure 23). In April 2001 21 Representatives introduced HCR 99 "directing Congress to enact legislation by October 2004" providing "comprehensive health care for all Americans." Blumenauer is still not a cosponsor. Leadership?

Bankruptcy reform. Brown opposes Bush's bankruptcy "reform" favored by credit card issuers. In 2001 Blumenauer supported HR 333 "despite sharp criticism from consumer groups and small-business advocates." (CQ Weekly, 3/3/2001)

PGE, Enron contributions. Brown, during his Senate years, never accepted 5¢ from PGE (purchased by Enron in 1997) or its executives. Blumenauer, during his last three elections, topped "the Oregon House delegation with \$8,500" from Enron and PGE sources. (*Oregonian*, 1/17/2002)

DAVID BROWNLOW

Constitution

OCCUPATION: Sales Engineer

OCCUPATIONAL BACKGROUND: Engineering

EDUCATIONAL BACKGROUND: BS Clarkson University

PRIOR GOVERNMENTAL EXPERIENCE: None

THE GOVERNMENT THAT GIVES A LOT, TAKES A LOT

I am the Constitution Party Candidate for the 3rd Congressional District because we deserve a clear choice in this election. Years of compromise have made the differences between the main political parties so slight that it is nearly impossible to distinguish one from the other.

I stand firmly on the principles of sound government laid down by our founding fathers, and I do not believe these principles are outdated. Our founders designed a federal government that had a clearly defined and very limited role. The states had the legislative responsibility, but most of the government actually existed with individuals working within their own families, communities and churches.

We have turned that model completely upside down, and have given power to the federal government to perform the duties that were reserved for the individuals and the states. The experiment has failed.

IT IS TIME TO TAKE THAT POWER BACK!

My commitment is to follow the Constitution and only vote to approve legislation that falls under the clearly mandated role of Congress.

I will defend:

The Sanctity of Life

The humanity of the unborn child is undeniable and we should all mourn for the 42,000,000 million children that have been killed by abortion since 1973. May God have mercy on us.

The Proper Role of Congress

Congress has been vested with very specific powers by our Constitution. Big government is the result of the refusal of Congress to limit themselves to these powers.

The Role of Congress to Make All Laws

Congress has the exclusive power to make laws. We have allowed presidents, Supreme Court judges and un-elected bureaucrats to usurp this law-making authority.

Please visit www.davebrownlow.com for a complete list of my positions.

I think you will find me to be a very different kind of politician.

SARAH SEALE

Republican

OCCUPATION: Real Estate Investor

OCCUPATIONAL BACKGROUND: President of Food Service Corporation; Property Investor

EDUCATIONAL BACKGROUND: Portland State University, B.S.; Linfield College; Institute For International Studies; Westmont College.

PRIOR GOVERNMENTAL EXPERIENCE: National Committee-woman Oregon Young Republicans; PCP.

ORGANIZATIONS:

Heritage Institute; Claremont Institute; Law Enforcement Legal Defense Fund; National Rifle Association; Youth Empowerment Skills Foundation, Public Safety Training Center; Black America's PAC; Oregon Farm Bureau; North Clackamas Chamber Of Commerce; Concerned Women For America; Oregon Women's League.

Message from Sarah Seale

"I'm running for Congress because I want to help President Bush strengthen our national defense, improve our schools, cut taxes for the middle class and poor, and protect the retirement years of seniors. I want our military and intelligence agencies rebuilt and adequately funded. As I've done with my own children, I will insist that our school kids learn to read in their beginning grades. I will relieve Oregonians' tax burden by working on an Economic Stimulus Package, and eliminating marriage, death, and capital gains taxes. I will honor seniors by working to fully preserve their retirement benefits."

Sarah Seale will work to transform Oregon's business climate

- Oregon's job losses are caused largely by insufficient transportation and infrastructure (a committee my opponent sits on).
- Federal dollars must be used for bridges and roads, not just light rail (soundly rejected by voters). Interstate commerce has been stifled by congressional refusal to widen Oregon's freeways.

Sarah Seale is the only choice for a balanced approach to the environment

- Sarah will seek Federal funds to re-plant Oregon's burned forests and protect them from future fires.
- Our State's economy has been damaged by spiraling electricity costs. Sarah Seale will work to keep Oregon's business doors open.

Sarah Seale knows District 3 and it's people

"I will apply my 18 years of business and constitutional expertise to bring prosperity back to District 3."

"I'm asking for your vote, so I can serve you."

You have a clear choice!

Brian is a constitutional republican who believes in better education, smarter defense, affordable health care, respecting seniors, less government, and local control.

Brian says a strong economy in the future means supporting small businesses and families now. Balance the budget. Permanently eliminate the death, marriage and capital gains taxes. My opponent opposed permanent elimination while delaying an economic stimulus package.

Brian says a smarter defense means taking the fight to individual terrorists, and supplying the troops in the field not bureaucrats in Washington. Spend wisely not blindly ... that takes experience not flashy publicity. My opponent voted cuts in defense, intelligence, and veterans dozens of times.

Brian says consolidate federally funded education bureaucracies mandating 95% of your taxes to classroom instruction under local control. My opponent opposed local control and teacher accountability dozens of times.

Brian says save Oregon for our children before it burns down. Amend laws fairly while preserving our future. My opponent voted against forest management, farmers, local roads, and education.

Brian says honor seniors. No cuts. Safeguard social security. My opponent voted to raid Social Security dozens of times.

Brian says corporate accountability must be publicly transparent. My opponent's special interest donors are Enron, Worldcom, Arthur Andersen, JP Morgan, Morgan Stanley and \$301,144 others.

Brian says prosecute criminals, enforce existing laws, grant parental notification, and support the U.S. Constitution.

FAMILY: Adult children, Erin and Chad

When I first ran for Congress, while others were busy finger-pointing, I rolled up my sleeves to work on the issues Oregonians care about. I want to continue to find common ground to get things done for Oregon:

- I'll **hold corporations and CEOs accountable** when they mislead the public and investors, and when they raid employee pension plans.
- I'll **combat identity theft** to protect consumers and keep terrorists from obtaining fake identification.
- I'll **crack down on pharmaceutical companies that gouge consumers**, and stand up for affordable prescription drug benefits for seniors.
- I'll work to ensure **decisions about health care are made by doctors and patients**, not HMO bureaucrats.
- I'll fight for **common-sense tax relief** that puts money in the hands of families and our local economy.
- I'll **protect Social Security and Medicare**, and **improve the quality of veterans health care**.
- I'll champion **lower class sizes and improve the quality of public education** and make sure that college and job training are affordable.

I'll stand up for you!

**TOM
COX**

Libertarian

OCCUPATION: Management Consultant

OCCUPATIONAL BACKGROUND: Management consultant, database architect, author.

EDUCATIONAL BACKGROUND: BA Behavioral Science, University of Chicago, 1986 with honors

PRIOR GOVERNMENTAL EXPERIENCE: Past chair, Libertarian Party of Oregon. Past chair, Libertarian Party of Washington County. Candidate for Attorney General, 1996 & 2000.

THE BEST OF BOTH WORLDS

I want government out of your pocket and your personal decisions. I will fight for lower taxes and reduced spending. I won't use the governor's office to impose my personal values on you. I support a woman's right to choose an abortion, but don't think taxpayers should fund them. I support Oregon's Medicinal Marijuana and Death with Dignity laws, but will veto any bill that legalizes drugs.

FUND KIDS FIRST

My "Fund Kids First" plan lets parents choose the schools they want for their children. Every child, through their parents, will get a \$2000 voucher, good at any accredited public or private school. Parents also get a \$2000 refundable tax credit, to be added to the voucher or used for home schooling. Small towns like Paisley and Eddyville, could keep their schools open.

BRINGING TAXES DOWN

I am the only fiscal conservative in this race. As of this writing, I am the only candidate to offer detailed budget proposals for this year's special sessions and the next biennium. I saved \$1.77 billion and funded schools fully, which would have closed the budget gap twice over. My opponents wanted to maintain reckless spending by increasing taxes or going further into debt. I will veto any tax increase.

BUILDING MORE ROADS

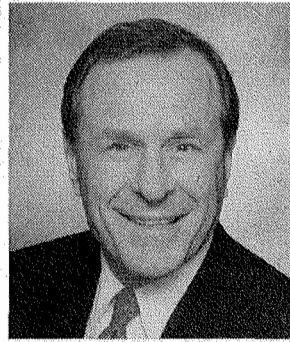

I oppose forcing people into mass transit by creating congestion. My transportation policy lets us use existing dollars to lay down new roads throughout Oregon while improving existing ones. Congestion will be reduced, our economy will be improved and our roads will be safer.

Associations: Master of the Grange, Sunnydale Grange; Board member, Elk Creek Action Committee; Member, Oregon Family Farms

Friends, all my life I have been proud to call Oregon home. I love this state and everything it has to offer. Sadly, Oregon has hit an economic downturn. We have the nations highest unemployment and families are suffering.

My opponent says the answer to the States budget shortfall is for Government to dig deeper into your pocketbook. He couldn't be more wrong! A tax increase has never turned around any economy. Creating jobs and eliminating bureaucratic red tape will. That is my top priority.

I am not a career politician. Honesty and integrity means something to me. I will go to Salem representing you, not my opponents big money special interest.

My Oregon Priorities

Balance the Budget. We can't spend money we don't have ballooning State bureaucracy.

Children First- As President Bush says "No child will be left behind". Local School boards should decide Education policies. We don't need far away bureaucrats dictating costly programs while loosing teachers in our classrooms.

Affordable Health Care for Seniors and low income families. Put the money in the hands of people who need it not into bureaucratic sinkholes.

It's time for a change. The incumbent's extreme divisive partisanship has cost us our voice in Salem. He has even alienated members of his party. The choice before you is clear. Vote for David Alsup, a common sense family man representing you.

EDUCATIONAL BACKGROUND: University of San Francisco, Goddard College, Plainfield, Vermont.

PRIOR GOVERNMENTAL EXPERIENCE: Oregon Senate 1999 to present, Oregon House of Representatives 1995 and 1997.

Tony Corcoran
Tough. Honest. On our side.

Tony Corcoran has made a difference in our communities for a long time. He was a Lane County Deputy Sheriff. He helped move families from welfare to work while cracking down on fraud. A small wood lot owner and carpenter, Tony and his wife, Jeannie, built their family's log home. Most of all, he lives the values of hard work and commitment to his neighbors.

In his two terms as State Representative and his two sessions as State Senator, Tony has never forgotten where he came from and who he works for - and he has done a great job:

- Supporting public education for all of Oregon's children, from pre-K to post-grad.
- Sponsoring a bill to protect seniors from rising drug costs.
- Opposing Enron's electric deregulation schemes that raise our utility bills by corporate greed.
- Co-sponsoring a patient's "bill of rights".
- Fighting to reduce crime with increased rural patrols.

Most of all, Tony is a fighter who never backs down when it comes to our interests. That is exactly why we need him in the State Senate. As our State Senator Tony will:

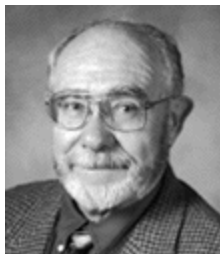

- Fight for adequate school funding, better accountability, and higher standards in Douglas and Lane County.
- Continue to fight for senior programs to reduce the impact of rising prescription costs.
- Focus on juvenile crime, prevention and accountability, making offenders pay back their victims.
- Crack down on dangerous drugs and make it easier to shut down meth labs.

Accountability in Spending:

As a State Representative, Bill introduced legislation to require that state budgets be based on measurable outcomes. Taxpayers should know what they are getting for their tax dollars.

Adequate and Stable Funding for Education:

As a State Senator, Bill will again propose a permanent solution for adequate K-16 education in Oregon. Bill's proposal is called "**A Penny for Your Thoughts for Education**" and consists of a 1% gross receipts tax on businesses grossing over \$300,000 per year in goods and services.

Because of the projected general fund shortfall during 2003-05, this new revenue will be added to the 1999 general fund amount dedicated to public kindergarten through higher education in Oregon and will fully fund education in future years. A constitutional amendment will be required to set the amount of the tax and the formula for how it will be distributed.

"**A Penny for Your Thoughts for Education**" as a 1% tax for education will raise over \$2 billion per year and allow the general fund to remain stable to meet other needs of the state. This tax will be paid by businesses and may be reflected in the price of goods or services.

Currently Oregon ranks 44th lowest in state and local taxes.

OCCUPATION: Social Services Administrator

OCCUPATIONAL BACKGROUND: Senior Services Case Manager, Albany, Oregon; Student Retention Initiative Director and

Special Projects Coordinator, Oregon Department of Human Services. Early work experience: Mental Health Clinic Director, College Instructor, Child Welfare Worker, Public School Teacher

EDUCATIONAL BACKGROUND: BS; MSW; University of Texas

PRIOR GOVERNMENTAL EXPERIENCE: Oregon State Representative (1995-2001); Benton County Commissioner (1976-1986); School Board Member (1993-2001)

BARBARA ROSS A Lifetime of Service A Strong Record The Right Priorities

Supporting Seniors

Older Oregonians' bank accounts are being drained by the high cost of prescription drugs. Barbara will work hard to control the cost of medications. She will fight to preserve programs like Oregon Project Independence, which provide home care services and help preserve the independence and dignity of the elderly and disabled.

Keeping our Communities Safe

Barbara voted to crack down on meth labs and tighten penalties for drug dealers. She supports tough penalties for sex offenders to keep them away from our children. While she promotes policies that punish criminals, she is also working to prevent crime, particularly among juvenile offenders, by supporting safe and constructive alternatives to drugs, alcohol and violence to help them get back on track.

Watching the Bottom Line

Barbara Ross has a proven track record of cutting waste and getting good value from our state budget. She believes government should live within its means, just like businesses and families do. Barbara will work to support both large and small businesses to create jobs and help Oregon recover from its economic downturn.

Strengthening Schools

A former teacher, Barbara supports spending our education dollars where they're needed most in the classroom. She understands the importance of teaching the basics and providing computer, technical and vocation training to prepare students for college and careers. Barbara's number one priority will be to ensure stable and adequate funding for our public schools, universities and community colleges.

co-chair, Salem Keizer School Construction Bond Steering Committee; Pass the School Bond Committee, Family Building Blocks Capital Campaign; Board of Directors service: Salem Community Development Corporation, Autism Society; Chamber of Commerce; Marion Polk Legal Aid; Neighbor-to-Neighbor; St. Joseph Parish Council.

Understanding Our Priorities:

It's about safety. I voted to increase the number of sex offenders who have to register with the state. It is important to communities that they know when a sex offender is living nearby.

It's about education. We need value from our education dollar as we return to basics - teaching the three R's and skills that will guide our students into the future. I voted to increase education funding to reduce class sizes and I will always fight for stable funding for our schools.

It's about protecting seniors. I voted to protect seniors from the fraudulent scams that target them. I also voted to reduce property taxes for seniors.

It's about accountability. I want to shut down the corporate loopholes which allow out-of-state companies to get away with paying less taxes in Oregon. People have to pay their fair share.

It's about a different kind of leadership. I seek public office because I see a legislature in chaos and schools in crisis. I want to find solutions to our school funding problems and protect our children and seniors. And I want to restore fiscal sanity to state government.

PRIOR GOVERNMENTAL EXPERIENCE: Clatsop Recreational Lands Advisory Committee, Assistant to State Senator George, 1999-00, 2001-02

WHY VOTE for DON FELL ...for the children

(for jobs, education and economic development) ...not the typical cliché, but we in NW Oregon export our most precious commodity, our children. Our children leave for college and don't return, due to lack of quality-family wage jobs.

Northwest Oregon is blessed with an abundance of Natural Resources--there should be an abundance of family-jobs in agriculture, fishing and timber. Don supports family farms, forestry, and fishing on streams, rivers and ocean.

More roads and road-lanes for Oregon Citizens

DON believes government should work with business to solve environmental problems, protecting Oregon's natural beauty--not roadblocks that prevent quality Natural Resource jobs, nor limit our personal enjoyment of Oregon.

DON believes governments, like families, live within its budget, plan for rainy days and emergencies, NO new taxes.

DON believes in quality education for children, reduce number of State mandates, let Teachers teach, return school control to parents and local boards.

"Don served as my special legislative aide on coastal and environmental issues. Whether in defense of jobs, saving the kicker, increasing road capacity or salmon restoration, Don has worked for a healthy economy and maintaining livability."

Government often creates problems that it must then solve. Increasing tax burdens retard economic development and hurt the elderly. Programs, once established, continue to grow with little regard as to effectiveness or efficiency. We need to systematically evaluate ALL activities of state government and terminate those that are no longer effective or needed. As a mother, grandmother and former teacher I have learned that we need new methods and more local autonomy in providing the education our children need for the future.

As a manager of a tax office I learned the negative effects tax laws have on individuals and business. There are too many taxes, the law is too complicated, and the tax burden is too heavy. We must change that. My work with adult students from many different national backgrounds has given me the ability to work with people in bringing them to a common goal. Being a member of a third party is an asset in such an endeavor as it allows me to always be objective and look for what is right for the citizens of Oregon. I will be in the unique position of being able to facilitate positive outcomes.

U.S. Senator Ron Wyden

Dear Neighbor,

As a State Representative I have worked hard to be worthy of the trust placed in me. I am dedicated to building consensus on education funding, restoring our economy, holding government more accountable and keeping our communities safe. There is much that needs to be done, I am asking for your support so that together we can:

Improve Education Funding. My first priority has always been Oregon's school children. I will fight for stable and adequate school funding while ensuring that dollars are spent in the classrooms where they matter most.

Demand Fiscal Responsibility and Accountability. Government should live on a budget just as families do. I will work to ensure that we fund necessary programs while eliminating unnecessary expenses. I will demand that corporations act responsibly and are held accountable for their actions.

Keep Communities Safe. No one has worked more diligently than I have to keep our communities safe. I sponsored landmark legislation to curb school violence. In addition, I voted to require communities to be notified when a sex offender moves into their neighborhood.

Protect Our Clean Air & Water. I have been a staunch defender of clean air and drinking water laws, and have made sure that polluters are held accountable.

Respectfully,

State Senator Randy Miller, Incumbent

Investing in Education, Focusing on Kids

Nothing is more important than our children's education. Smaller classes, quality teachers and safe schools are important ingredients in a successful education program. I won't support drastic cuts to our system and I will fight to ensure that education dollars are spent in the classroom on books, teachers and technology.

Create Jobs, Improve the State Economy, Limit Taxes

For nearly 20 years, I've managed my own small business. As a business consultant and advisor I know what it takes to stimulate business productivity. I know that we shouldn't raise taxes while we work to create jobs for Oregonians - working families should keep as much of the money they earn as possible.

Enhancing Quality of Life

Raising families in a safe community is important to all of us. To maintain the highest quality of life, I believe our neighborhoods need to be safe and well-managed. I have a no-nonsense attitude when it comes to fighting crime and I will fight for tough laws that protect our families and punish violent criminals by keeping them off the streets.

OCCUPATION: State Senator

OCCUPATIONAL BACKGROUND: Retired Methodist Minister

PRIOR GOVERNMENTAL EXPERIENCE: Oregon House of Representatives 1993-1998, Oregon Senate 1999-2002. Current Board Member, Mt. Hood Community College.

Dear Neighbors,

For ten years, it's been my privilege to be a voice for my friends and neighbors, by representing Senate District 24. We've faced some tough decisions over the years, but I believe that creating a better Oregon has always been worth making hard choices.

In 2003 we will face new questions. Questions about what kind of an Oregon we want, and questions about how we are going to pay for it.

- How do we solve growing class sizes, and a shrinking academic year?
- How do we address what continues to be the highest unemployment rate in the nation?
- How do we care for a growing senior population and address ever increasing medical costs?
- And how do we deal with all of this, with a struggling economy?

Too many of my colleagues in the legislature decided that the answer was postponing our obligations through accounting gimmicks. But what we borrow now, we must repay later. Oregonians deserve a legislature that is accountable both to our citizens today, and to our children tomorrow. By borrowing against the future, we are being penny wise, but pound foolish!

I will fight for a different kind of Oregon.

- I want an Oregon where businesses are accountable to their workers and their shareholders.
- I want an Oregon where schools are accountable to their students and their students' parents.
- And I want an Oregon where the legislature is responsible to the voters, both of today and tomorrow.

It has been my sincere privilege to fight for you, these past years. I want to continue to fight for Oregon values, by being your voice in Salem, as **your State Senator.**

As a rural Democrat, I support a natural resource management program that provides for both a sustainable economy and a healthy environment. Our economy is dependent upon our abundance of natural resources. I support protecting and enforcing Oregon's policies ensuring clean air and water and our visionary land use planning system. We need to protect the treasures that make Oregon a special place.

I support the rights of workers to organize and fight for jobs that provide essential benefits and family wages. Oregon's displaced workers need to have access to job training that will help them get back to work. Our communities need to partner with local businesses and look for ways to avoid layoffs, while at the same time attracting business and industry that will put more people to work at good paying jobs.

I believe that a high quality education should be accessible and available to all students. I support excellent public education that is adequately funded. **We also need to get parents involved with the education of their children.** By building on the basics, we can make sure that students can succeed in college or career.

Finally, **I believe that personal safety is a fundamental right** and support a criminal justice system that protects the rights of victims and the accused. Economic opportunity, education and community involvement are key elements to preventing crime.

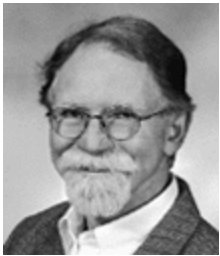

As your State Representative, I'll fight for educational opportunities for our children, healthy families, strong and safe communities and responsive and responsible government.

BRUCE CRONK

OCCUPATION: Manufacturing Plant Electrician; Member United Steelworkers Local 5074

OCCUPATIONAL BACKGROUND: Welder /

Electrician

EDUCATIONAL BACKGROUND: Associate of Arts Degree, Rogue Community College

PRIOR GOVERNMENTAL EXPERIENCE: Labor Representative and Executive Board Member, Douglas County Workforce Investment Board (WIB).

BRUCE CRONK A VOICE FOR WORKING MEN AND WOMEN

What we need:

- An injured workers program that focuses more on healing and retraining and less on cutting business costs.
- Childcare that is both affordable and fair to the provider.
- A school funding stability fund.
- A rainy day fund for use in economic downturns.
- Affordable health care.
- A solution to the high cost of long-term illness.
- A remedy for the property tax inequity between residential and industrial property.
- A solution to the ongoing timber/environmental struggle which will satisfy the needs of both groups.

What we don't need:

- Multinational corporations which send American jobs to communist China.
- Corporate welfare.
- Employers who limit work hours to avoid paying benefits.
- Pharmaceutical companies which charge Oregonians more for medications than they charge Mexicans and Canadians.
- Public money used to fight unionization drives.
- Energy deregulation.
- Tax subsidies for low wage employers.
- Legislation which discriminates against farm workers who want to form unions.
- Legislation designed to lower wages of waiters and waitresses.
- Using tax money to subsidize "big box" retail outlets which drive local business into bankruptcy.

It is time to rethink our legislative priorities. Do we really want to continue electing legislators who place the welfare of the few over the rights of the many? We, the working men and women of Oregon, deserve better treatment from our government, and from our Legislators.

It's time for a change.

It's time to elect Bruce Cronk as your State Representative.

While development and environmental groups argue over responsibility, wildfires rage out of control, forcing many of our neighbors to leave their homes.

Dale Matthews supports local efforts to work together as a community for responsible fuels reduction and sustainable jobs in the woods.

Hundreds of thousands of seniors and the most vulnerable Oregonians cannot afford decent medical care.

Dale Matthews supports a comprehensive, single-payer health care plan for ALL Oregonians.

Special interests corrupt lawmakers with campaign buyoffs, leading to Enron-style corporate scandals which threaten our life savings and our economy.

Dale Matthews will accept NO money from corporations. Period. We believe in getting tough on corporate crime including prison terms and stiff fines for corporate chiefs convicted of betraying the public trust.

Education, health care, and food safety all suffer while our elected legislators fumble to balance the state budget.

Dale Matthews says let's face up to the funding crisis by making corporations, especially the largest ones, pay what used to be their "fair share" of Oregon's tax burden.

Lawmakers love to talk about attracting high-tech industry and family-wage jobs, but the reality is that Josephine County has low-wage jobs and high unemployment.

Dale Matthews says the answer is in supporting the talent and industry of our own businesses and people through education, community-based financing, small business incubators, and tax incentives.

Josephine County has one of the largest concentrations of methamphetamine drug labs in the country.

Dale Matthews is working with State, Federal, and local government officials to see that Josephine County gets its fair share of essential crime-fighting resources.

It's time for a change in Salem!

Oregon's funding crisis has demonstrated that the legislature is not willing to make the tough decisions they were elected to make. Oregon needs a new approach to the solution of our fiscal problems. I will work to keep government accountable and responsive to the needs of all Oregonians.

Educational Opportunities: Oregon must have stable and adequate funding for all of its schools, which the current legislature has failed to provide. Education is the solution to so many of our society's problems I have no higher priority than the education of our children.

Affordable and Accessible Health Care: All families must have access to affordable health care for themselves, their children and their parents. No one should have to choose between paying for food and paying for health care.

Strong Communities: As Medford continues to grow, it is essential that we recruit businesses that will provide living wage jobs and respect the natural resources that make our community unique. This will provide the kind of jobs that will allow our kids to stay and raise their families here.

PRO-EDUCATION

Our children's education must be our highest priority. Oregon continues to underfund education. I oppose diverting public funds to religious-based schools. I will continue to advocate for long-term, stable funding for all levels of public education. Studies have shown that for every dollar we spend on education, we can save up to \$15 in the criminal justice system. I support local control of our schools.

PRO-PERSONAL SAFETY

As an experienced prosecutor, I believe in swift, certain and appropriate sanctions. Criminals must be held accountable. I also realize that we must emphasize prevention and early intervention programs for at-risk kids. We either pay now to effectively deal with the underlying problems facing our children, or pay even more when they become part of the criminal justice system.

PRO-ENVIRONMENT

I know the importance of protecting Oregon's land, air and water. We must protect our rivers and streams from pollution. We must protect our forest and agriculture lands. I oppose urban sprawl. I support alternative forms of transportation to reduce congestion and pollution. I will continue to work to preserve the quality of life we cherish and want to pass on to future generations.

PRO-EQUALITY

We must honor the diversity of all Oregonians. I support statewide anti-discrimination legislation. I oppose hate groups and their repressive legislation. We must protect all Oregonians' civil rights.

Please call me at 342-2447 with your ideas, thoughts and concerns. I appreciate hearing from you.

OCCUPATION: Retired auditor

OCCUPATIONAL BACKGROUND: Auditor, Inventory Inspector, Supervisor, Lab Assistant.

EDUCATIONAL BACKGROUND: Lakeview High School, 1967; Certified in ESD requirements for Hewlett-Packard, 1997.

PRIOR GOVERNMENTAL EXPERIENCE: Candidate for Linn County Commissioner, 1982; Linn County Republican Central Committee Co-Chair, 1981-92.

TIMBER, FISH AND ROADS

Government has crippled the local economy by severely restricting fishing and logging. While it is good that Oregon has stronger tourism and high tech industries, we cannot ignore our natural resource base. I will work to restore and enhance our natural resource industries. I will fight to replace inefficient and destructive government controls with incentives for businesses to use sustainable practices. Portland legislators need to know that natural resources are still important to Oregon.

FUND KIDS FIRST

I support Tom Cox's "Fund Kids First" Program. The Cox plan lets parents choose the schools they want for their children. Every child, through their parents, will get a \$2000 voucher, good at any accredited public or private school. Parents also get a \$2000 refundable tax credit, to be added to the voucher or used for home schooling. Small towns can keep their schools open, avoiding consolidation.

FISCALLY RESPONSIBLE

Not only will I fight against new taxes, but I will also work to cut wasteful spending programs. Why does the state have to operate its own motor pool? Why does ODOT have one planner or engineer for every 1.2 miles of road? Why is the state of Oregon in the liquor wholesale business? These programs waste money and threaten funding for schools and other programs. I will ask these questions and free these dollars up for things people really care about.

BUILDING MORE ROADS

Road dollars have been diverted from enhancing rural roads to building Portland-area boondoggles like Light Rail. If the economy of this area is to grow, we need a better transportation infrastructure to relieve highway congestion and enhance safety. It's time to build roads again.

EDUCATIONAL BACKGROUND: B.S. Engineering, University of Maryland 1981

PRIOR GOVERNMENTAL EXPERIENCE: River Road/Santa Clara Urban Services Committee

MARRIED: to Elizabeth for 20 years

"I'm running to give the voters of District 13 a clear choice of someone who is fiscally responsible yet socially tolerant. I'm not a political insider and don't have ties or obligations to either of the two major parties. I have lived in the River Road Area since 1993, and my commitment to doing what is best for the people of District 13 is a personal one."

EDUCATION: We can balance the budget by controlling spending without raising taxes and holding K-12 education spending harmless. We need to reform PERS and eliminate the unfunded mandate of the CIM/CAM programs that take money out of classrooms.

TAXATION: A tax increase in a state with the highest unemployment is economically unsound. We should look for ways to reduce the burden on the people of Oregon when they are struggling to make ends meet, not to take more of their hard earned money away.

ECONOMY: We need to make Oregon a better place to do business by eliminating restrictive regulations. Oregon currently ranks 36th in the nation in small business environment, we need to improve that ranking. A better economy will mean more jobs, more jobs will mean increased revenue for the state and fewer people needing state services.

PERSONAL RIGHTS: I believe in personal freedom as long as you are not infringing on someone else's. I will fight all legislation that restricts your personal lifestyle, private property rights, religious freedoms or the right to individual self-expression.

Good Values in Our Schools, Good Value for Taxpayers

Araminta has been fighting for school improvements and stable funding for years. She believes in teaching the basics, promoting character development, and preparing students for college or careers. Araminta will demand accountability so funding is directed where it's needed most in the classroom.

"For Araminta Hawkins, strengthening public education is not just a campaign promise, it's been her lifetime passion."

Kent Hunsaker, Bethel Superintendent of Schools

Nursing Oregon Back to Health

As a healthcare professional, Araminta knows no one should have to choose between putting food on the table and filling a prescription or seeing a doctor. She'll fight to protect homecare services to preserve the independence and dignity of the elderly and disabled, allowing them to remain in their homes.

"Because she is on the front lines of healthcare, Araminta's enthusiasm for quality healthcare is not just a campaign promise, it's a daily commitment."

Andrea Ortiz, Emergency Room Care Provider

Watching Oregon's Budget Like a Hawk

To hold the line on government spending and protect critical services, Araminta knows we need to get the most out of every tax dollar. Government should live within its means, like working families do. Araminta will ensure that everyone pays their fair share and her first responsibility will be to cut government waste and promote tax fairness to protect small businesses and families.

"Araminta is a person of compassion and commitment who works tirelessly. You can count on Araminta to fight for the people of District 14."

STANDING UP FOR OREGON'S FUTURE

Kelley cares about our schools but not at the expense of jeopardizing
their future through quick fixes that will put public education and
Oregon's future at risk in the long run.

Standing Up For Oregon's Schools

"Public education in Oregon is at a crisis point. After a decade of
repeated budget cuts, Oregon's public schools will not survive yet
another biennium of inadequate funding. Legislators must stand up for
Oregon's schools by committing to the following:"

- **Increased K-12 Funding:** Future state appropriations to K-12
should be based on full implementation of the Quality
Education Model.
- **Increased Stability For K-12 Funding:** Prioritize future K-12
budgets by funding with permanent dollars from stable, long-
term revenue sources. Short term fixes and attempts to
backfill the budget with one-time revenues should be avoided.

Standing Up For Oregon's Citizens

"I will continue to reject proposals that balance the budget on the backs,
shoulders, and futures of our children, grandchildren, and senior
citizens."

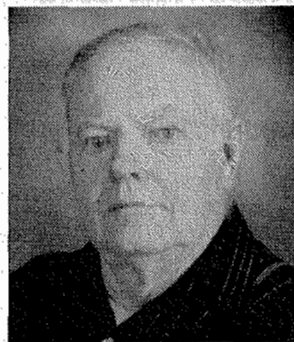

- Sponsored legislation to increase funding for Oregon Project
Independence
- Continues to work to reduce the high cost of prescription

Dear Neighbor,

Now that I'm retired, my wife and I are spending our time taking care of land that has been in her family since Oregon became a state over 150 years ago. Our children are all grown and scattered around the Northwest and now it's time for me to give something back to our wonderful state.

I can tell you this much about my politics—I will always keep my word and listen to both sides of every issue carefully. I know that I can make a contribution to our state by supporting a strong system of public education and fighting for tax reforms that ease the tax burden on families and allow senior citizens to enjoy their hard-earned retirement without having to worry whether or not they can stay in their home.

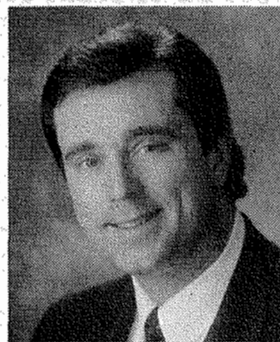

I hope to earn your vote.

"SIC SEMPER TYRANNIS"

Our atheistic judicial system has removed "Under God" from our Pledge of Allegiance. Our judges have stated that this reference to God is harmful to children and cannot be tolerated.

This same atheistic judicial theology is also determined to strike down our national motto "In God We Trust".

The struggle between these two religions, Christian Theism (God), and Atheism (no God) has been going on for a long time.

Some of our nation's founders warned us of this tendency towards tyranny when they gave us their motto for their state of Virginia, "Sic Semper Tyrannis".

One of our leaders warned us "totalitarianism arises from a philosophical denial of God which leads to a denial of any higher authority over all other institutions - family, church, market - all of which can be manipulated for the social or scientific ends of the state."

Can you and I return our dear nation to a foundation of truths that are self-evident, "that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness"? I believe we can!

Come and let us join together and inform our tyrannical Judicial system that the only role of government is to secure our rights that God has given us, not to turn us into an atheistic state.

Please do not vote your pocket book or your party. It is time to vote your heart!

LLOYD KUMLEY: WORKING WITH YOU FOR STRONG COMMUNITIES

We need:

Adequate, stable funding for public education. Good schools help prevent problems we pay dearly for later, like crime and prison costs. Quality prevention programs can save \$6 for every dollar invested in our youth and neighborhoods now. Such wise use of public funds is my goal.

New legislative leadership. The so-called "Republican Leadership" is seriously damaging our government and infrastructure and harming Oregonians, including the most vulnerable—our children, senior citizens, and workers. They are ransoming our futures for the short term benefit of a few. Oregonians Deserve Better. I will work to bring about needed changes, including meaningful campaign finance reform.

A balanced approach to preserving Oregon's natural beauty. It defies common sense to subsidize urban sprawl which is destroying our livability, while library, police, and other local services suffer.

Tax fairness and equality. I will work for tax equity between individuals and businesses, and for government efficiency so that its essential services are provided effectively and efficiently.

To protect our privacy and rights to make personal and medical decisions about our bodies and our lives, rather than having insurance companies, businesses, or governments make them for us.

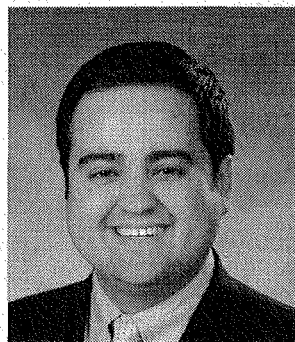

Please join with your neighbors, including members of the Oregon State Council of Senior Citizens, Oregon Education Association, Oregon School Employees Association, and others, who have endorsed my candidacy.

I have a wide variety of interests and ideas. Feel free to contact me.

MIKE SWAIM

OCCUPATION: Salem Mayor; Attorney; Small Business Owner

EDUCATIONAL BACKGROUND: BA, MA, JD: UCLA

PRIOR GOVERNMENTAL EXPERIENCE: Chair, MWV Cable Regulatory Commission; Treasurer, League of Oregon Cities; Co-Chair, Task Force on At-Risk Youth; Commissioner, Capitol Planning Commission

Mike and wife Kellie have two sons, and have lived in Salem for 24 years. Mike has the life experiences needed to understand and solve the problems facing Salem's working families.

As our three-term Mayor, Mike was not afraid to stand up for us:

- Mike stood up to big developers, making them pay their fair share of growth's costs.
- Mike is fighting for after-school activities, to give children healthy alternatives to drugs and violence.

As our State Representative, Mike will continue standing up for:

- **Accountability:** Fixing the school funding mess; making state government "pay as they go."
- **Safer neighborhoods:** Revoking driver's licenses of chronic drunk drivers; shutting down meth labs.
- **Our children:** Getting money directly into classrooms; preparing all students by teaching the "Three R's" plus computer, vocational, and technical classes.
- **Protecting seniors:** Reducing prescription drug costs; providing home-care services.
- **Promoting more and better jobs:** Encouraging living wage jobs with health care benefits.

"Salem needs a representative with real-life experiences to tackle tough problems, and to stand up and do the right thing. Mike Swaim is that representative."

Dear Neighbor,

**I have met many of you on your doorstep and heard your
concerns about making our community a better place for all
of us. I agree. Everyone needs affordable healthcare. Our schools
must be better. And our neighborhood must be crime free.**

Reducing the cost of prescription drugs, particularly for low-
income seniors, is not just a campaign slogan for me—it ought to
be the law. We need to protect homecare services that **preserve
the dignity of seniors and the disabled** by allowing them to
remain in their own homes, rather than being placed in nursing
homes.

**As a middle school principal, I want my students to under-
stand the importance of patriotism, character, individual
responsibility and teamwork.** By holding students accountable,
we have been able to dramatically increase tests scores in read-
ing, writing and math. I believe schools must teach the basics, but
we also need to promote computer and vocational training to
prepare for college or a career. **Educating our children isn't a
campaign issue for me; it's a lifetime commitment.**

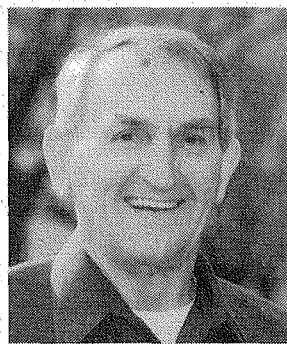

Woodburn, Salem and Gervais are wonderful communities and
we need to keep them safe and crime free. People must be held
accountable for their actions. **We need to crack down on crimi-
nals that prey on senior citizens** and I support making juvenile
offenders pay back their victims for damaged or stolen property.

Together, I know we can keep Marion County a safe and wonder-
ful place to live for our children and grandchildren. Please join me
in this effort.

OCCUPATION: speech teacher, Chemeketa

OCCUPATIONAL BACKGROUND: farm worker, Habitat for Humanity, HS teacher

EDUCATIONAL BACKGROUND: B.A., M.Ed., Linfield College

PRIOR GOVERNMENTAL EXPERIENCE: President, Oregon Traffic Safety Education Association; member, National Traffic Safety Board

TIM DUERFELDT LISTENING AND LEARNING

As a retired teacher, longtime resident and community activist, I believe it's time for a change in our representation, and time to return to our democratic values. I believe my practical experiences and grass-root approach to problem solving will be successful in Salem, so I ask you to join me in a working partnership between the candidate and the constituent for a prosperous government.

-EDUCATION:

I have 34 years of classroom experience, which I will focus on putting our children over politics in all regions of Oregon.

-AGRICULTURE

I've spent half my summers in Oregon working for and with the farmers in our communities, so I have the first hand understanding of their issues.

-TRANSPORTATION

Twenty years teaching drivers education has exposed me to its broad range of concerns, ranging from traffic and licensing to fees and road maintenance.

-HEALTHCARE

If bulk prescription buying works for the U.S. Military, why not Oregon?

As a community activist, I am proud of my involvement in many worthwhile efforts:

-Recycling - Starting twenty years ago with Yamhill Valley Recyclers, we turned a student assignment into a joint teacher project that became Dayton's citywide drop off depot.

-Bicycling- On the McMinnville Recreation Department Bike Path Committee, we successfully followed federal regulations, located funding and planned routes.

-Teen Lives As President of Oregon Traffic Safety Educators, I worked in the 1997 and 1999 legislatures to adopt the national initiative for graduated licensing here in Oregon, resulting in lower death rates for young drivers.

-Award McMinnville Jr. Citizen of the Year

-ENDORSEMENTS: nine major labor and senior organizations.

It's important to communicate with government. To speak, you must vote. To vote, you must register. Please help yourself!

EDUCATIONAL BACKGROUND: MA American University; BS University of Oregon; Tigard High School

PRIOR GOVERNMENTAL EXPERIENCE: Oregon Legislature, Beaverton Library Foundation Board

BIPARTISAN

Mark Hass has developed a reputation as a moderate who works well with legislators from both parties to find common ground. That's why he achieved the rare feat of winning the Democratic and Republican nomination to this seat.

A CHAMPION FOR EDUCATION

"A strong educational system and a strong economy go hand in hand; you can't have one without the other."

--Mark Hass

Mark Hass led legislative efforts to restore quality to Oregon schools and its University system. He believes a well-educated workforce will tap the potential of Oregon's kids and will keep business healthy and prosperous.

MAKING COLLEGE AFFORDABLE

The **Hass Scholarship** bill became law this year. It provides incentives for businesses to create college scholarship programs for their employees. Mark Hass believes this is the perfect example of government and business working together for educational opportunities for our kids.

LIVABILITY

Mark grew up hiking, biking and fishing in Oregon's mountains and streams. He values an Oregon of clean air and clean water. This is why he led the charge toward cleaning up the Willamette River and co-sponsored legislation to ban cancer-causing mercury products in Oregon.

CAMPAIGN FINANCE REFORM

"All that money into these campaigns is like pouring broken glass into the gears of our democracy."

-- Mark Hass

Mark Hass became the legislature's top supporter of limiting the amount of money poured into campaigns. He knows Oregonians want legislators to pass laws to limit the influence of campaign money in government.

Reducing Taxes

There are those in government that feel they can spend your money better than you can. I am against creating new taxes for you and for reducing your individual tax burden. You will live a much better life with decreased State taxation, where you choose how to spend your money.

Protecting Education

Who's better to decide your child's education? Loving parents or a faceless uncaring bureaucracy? Your children will benefit far more when you are allowed and encouraged to choose and support your child's education. Therefore I support home schooling and school vouchers.

Creating Jobs

Would you like to be the owner of your very own business or perhaps work for yourself? These dreams can only be realized when the State is less intrusive and costly to you. I am the only candidate that can create a better job climate by reducing your taxes and the regulations on your small businesses.

This is what I hope to accomplish if you chose to allow me to act as your state Representative for the 31st House District of Oregon:

- Protect citizens of Oregon from the dangers of nuclear waste located at Trojan and Hanford and from transportation of waste to and from those nuclear sites.
- Provide family wage jobs by promoting governmentally assisted siting of industry plants.
- Act to relieve the unreasonable restrictions placed on our forest lands and other land which restrictions have damaged both the forest, depleted the state budget and caused land owners to go begging to government for the right to use their land.
- Cause legislation that will allow crime victims to appear before the Grand Jury without the permission or approval of police or the District Attorney for the purpose of indicting those responsible for criminal acts.
- Demand citizen oversight committees be established over all government bodies and to have authority over the Oregon Administrative Rules of those bodies
- Establish restrictions on prescription drug advertising and create programs to govern and limit prescriptive drug prices for drugs sold in Oregon.
- Work toward quickly eliminating the 21st Century School System and the erroneous proposition that increased tax equals a better not just a bigger educational system.

"A wise and frugal government, which shall restrain men from injuring one another, shall leave them otherwise free," Thomas Jefferson

Modern Americans wonder how 'frugality' could ever apply to 'government'. But times have changed. We need leaders who understand that **the era of super-abundance, wastefulness, risky bets and extravagance are over!** The era of scarcity, wise stewardship, and frugality has arrived.

ITS TIME TO SHOW 'BIG SPENDERS' THE DOOR

THE REAL "BATTLE OF THE BUDGET" STARTS NEXT SESSION

- The 2003/2005 Budget is \$1 Billion in the hole and this legislature is still raiding it!
- Legislative spending addicts have unjustly targeted smokers for record taxes.
- Governor Kitzhaber was 100% right to veto Enron-style accounting gimmicks that mock Oregon taxpayers
- \$5 Billion PERS mismanagement was knowingly ignored until "too late"
- Spending has increased 114% / 10 years

DO YOU WANT MORE OF THE SAME?

BOB EKSTROM'S PLAN

- AUDIT budgets and evaluate programs' past performance before future increases are granted
- ADVANCE "Community Schools" legislation. Let our schools opt out of wasteful bureaucratic red tape
- PROVIDE an alternative to the Oregon Health Plan, **now \$100 million over budget**

OCCUPATION: Member, Oregon House of Representatives

OCCUPATIONAL BACKGROUND: VP, Legislative Affairs, Oregon Pilots Association; Manager, Aeronautics Division, ODOT; Owner/President, Transwestern Helicopters, Inc.

EDUCATIONAL BACKGROUND: Public Elementary School, Redmond, Oregon; St. Helens Hall, Oregon Episcopal Schools, Portland, Oregon; Carleton College, Northfield, Minnesota (BA History); Northwestern School of Law, Portland, Oregon (JD)

PRIOR GOVERNMENTAL EXPERIENCE: Member, Oregon House of Representatives (2001 Present); Former Director, Federal Reserve Bank of San Francisco; Former Director Columbia County Health District

As a candidate for State Representative two years ago my only campaign promise was to be an effective voice for you in Salem. After voting on over 2,000 bills and thousands of amendments, I can honestly say that I have given you my very best effort to represent your interests and the interests of Clatsop and Columbia counties.

I also said during that campaign that my personal goal was to represent you in a manner that would help restore your confidence in State government. I have made every effort to avoid the partisanship that has plagued our Legislative process in recent years. Instead I have attempted to work with all my colleagues regardless of party to find common ground to meet Oregon's challenges.

Oregon's financial condition is dismal. It will take a great deal of skill and determination to make it better. The knowledge I have gained as the only first-term Representative on the budget-writing Ways & Means Committee will permit me to be even more effective in dealing with Oregon's budget problems.

I firmly believe the primary role of state government is to provide our children an opportunity to learn; to protect our society from those who threaten it; and to ensure that our senior citizens can live out their remaining years in comfort and with dignity. We must fund these priorities first.

Serving as your Representative is a privilege and I would be honored to be able to continue being your voice in Salem.

ELAINE M. HOPSON

Democrat

OCCUPATION: State Representative

OCCUPATIONAL BACKGROUND: Public Educator: Teacher, Principal, Human Resource Manager, Superintendent; Small

Grocery Store Owner/Operator.

EDUCATIONAL BACKGROUND: B.S., Purdue University; M.Ed., Oregon State University; Ph.D., University of Oregon

PRIOR GOVERNMENTAL EXPERIENCE: State Representative; Chair, Tillamook County Health Department Advisory Committee; Tillamook County Commission of Children and Families

COMMUNITY SERVICE: Tillamook Chamber of Commerce - Board Member; Confederation of Oregon School Administrators; American Association of School Administrators; School Funding Coalition; Rotary; Tillamook County Juvenile Services Consortium; Tillamook Education Consortium.

EDUCATIONAL OPPORTUNITIES

Elaine Hopson has made a **lifetime commitment to our children's education**. She continues to fight for adequate and sustainable school funding, and supports programs for early childhood through higher education. Elaine understands that a strong education system is one of the keys to a sound economic future.

HEALTHY FAMILIES

Elaine consistently works to promote quality childcare and health care services, particularly for those with special needs. **Taking care of our most vulnerable people - children and seniors - is a top priority.** Whether it's adequate childcare, access to health care or lowering prescription drug costs, Elaine knows that healthy families make for strong communities.

NATURAL RESOURCES

Our communities depend on natural resources, and must live with the products of our land and waters while maintaining their viability for continued production for the future. Elaine will work to maintain that critical balance. Our rural way of life must be nurtured as we move toward increased economic security.

RESPONSIBLE GOVERNMENT

Elaine supports **fiscally responsible choices that protect our future**. That's why Elaine fought for the creation of an economic security rainy day fund, so our schools and senior programs remain stable during tough economic times. Local communities need tools to address local needs.

Endorsements include: Oregon Nurses Association, Oregon Farm Bureau Political Action Committee, Oregon Education Association, National Federation of Independent Business, Oregon Police Chiefs for Safer Communities, and Oregon State Council of Senior Citizens.

JOE MEYER

OCCUPATION: Founder, Joseph H. Meyer Savings and Investment, member firm, National Association of Securities Dealers;

Associate Broker, King Realty.

OCCUPATIONAL BACKGROUND: Registered Representative, Birr, Wilson and Company; Trust Administrator, Bishop Trust Company; Trust Administrator, First Interstate Bank.

EDUCATIONAL BACKGROUND: Black Hills State College, BS, Business.

PRIOR GOVERNMENTAL EXPERIENCE: Past Chairman, Tillamook Fire District Budget Committee; Past Chairman, Kilchis Regional Water Advisory Committee; Past President, Latimer Road Water Association; Commissioner, Northwest Oregon Housing Authority.

COMMUNITY SERVICE: Hospice, volunteer; Kiwanis, past director.

FAMILY: Wife Sue; son Joey, 8; son Trent, 5.

WHY JOE GOT INVOLVED

It is essential to preserve and recruit economic opportunity. We want our kids to grow up and stay here to raise their own families...not move on because of limited opportunities. I believe in balancing economic and environmental objectives.

PROTECT WHAT'S OURS

The dairy industry, forest revenues, and fishery/hatchery programs should be protected, promoted and enhanced.

Building a home to shelter ones family is the American dream. It should be an outright use on private land without unreasonable restrictions.

School funding is essential. Our schools need our support. Good schools and good government will attract good jobs.

Advice and consent should be sought from property owners before any actions are taken that would change, or limit property use.

Public employees joining with private sector employees to promote good quality economic development can provide the funding to meet the social needs of our youth and elderly.

Generations have cared for this land and exported food and timber. Now we are exporting our children. Something is wrong. Let's make a change.

EDUCATIONAL BACKGROUND: Princeton University; Bachelors of Science in Engineering; High Honors

PRIOR GOVERNMENTAL EXPERIENCE: None

Are you better off today than you were 2 years ago? 4 years ago? Has Oregon's steady increase in spending and taxes delivered real value and prosperity to you and your family?

As this statement goes to print, the state has the highest unemployment in the nation and faces another \$300M budget shortfall. My opponents are asking you to vote for higher taxes to bring us back to economic health.

Oregon does not need a sales tax, or new income taxes, or surcharges. Oregon needs spending control. We should close any holes in the budget by lowering spending and using existing reserves. Raising already high income taxes is a recipe for a longer recession, and fewer jobs. My Democratic and Republican opponents will increase the tax burden on Oregon families even further. I am the only candidate standing by a no-new-taxes pledge.

I will also control PERS. By using financial assumptions they know to be false, this system is using Enron-like accounting, and will cost Oregon taxpayers billions of dollars more if left uncorrected. I will put PERS on a sound accounting basis, and promote real investment choice for PERS participants.

Schools require a stable funding source. Ultimately, the only stable source of funding for education is a strong Oregon economy, providing jobs and growth. Beware of pledges to set aside special taxes for schools. Just like the raid on the '911' funding system in the last session, Salem will ignore funding commitments, and spend money as it pleases. We should cover any temporary shortfalls with spending discipline and reserves, as we provide all Oregon students an opportunity to attend the school of their choice.

Look past labels in November, and vote for a BETTER CHOICE that will protect your family finances, and bring Oregon's economy back.

EDUCATIONAL BACKGROUND: B.S. in Business Administration, University of Mississippi, 1981

PRIOR GOVERNMENTAL EXPERIENCE: None

As a Libertarian, I believe government functions best when it takes as little as possible from its citizens and interferes as little as possible in their lives. Unlike my opponent in this race, I don't believe a proper function of government is to steal from one group of citizens in the form of taxes in order to buy favor with some other group.

As the budget manager of our household, I'm intimately familiar with the importance of living within ones means. I believe in saving for my children's future, and my own not in mortgaging that future for current consumption.

When our family budget gets tight, we spend less. Government should do the same. Instead, Oregon, led by Republicans for the last decade, has done nothing but spend more on unnecessary programs that serve only to pay off special interests.

Now, thanks to the gross mismanagement of Oregon's economy by our incumbent leadership, the time has come to make hard choices.

I'm not afraid to make those choices. I'm beholden to no special interests. I'll accept no contributions from any organization or corporation. I have the courage to say "NO!" to any request for unnecessary spending and to actively support the elimination of programs that do more harm than good for citizens of Oregon.

The legislative record of my opponent clearly shows he never met a tax or a spending program he didn't like. He is quite willing to use the power of government to force citizens doing no harm to anyone to stop exercising their freedom. I think that's shameful, and that's why I'm running.

If you want a choice between true liberty vs. continued stagnation, vote for Carla Shults.

IT'S TIME FOR A CHANGE

"As a native Oregonian, I have always been proud of our state's longstanding social and economic vision. I believe that we have lost our focus in the last few years. It is time for Oregonians to make their voices heard.

The State Legislature, under the current leadership, is unable to make tough decisions. Issues such as education funding, land management and health care have not received the attention that they deserve.

I am committed to creating **stable, long-term funding for education, effective land management, and affordable health care** for all Oregonians. As a State Legislator, I will bring new vision and new ideas for Oregon's future and will serve you as an effective, active representative."
- Geoff Sinclair

OREGON NEEDS:

- **Educational Opportunities:** Our children deserve the best education we can provide. That means **safe and nurturing schools** that help them meet standards and excel academically and personally. GEOFF SINCLAIR will fight for full and long-term funding for K-12 schools, colleges and universities.
- **Responsible Land Use:** Oregon's rapid growth must sustain itself without destroying our precious state resources. GEOFF SINCLAIR will strive to protect the quality of life that Oregonians deserve and demand, and will **oppose efforts to roll back Oregon's visionary system of land-use planning** that threaten our air and drinking water.
- **Healthy Families:** Our state must seek to lower health care costs for working families and bring spiraling prescription drug costs under control for seniors. GEOFF SINCLAIR will use his experience to work with medical professionals and insurance carriers to ensure that the needs of all Oregonians are met and affordable health care is available to everyone.

OCCUPATIONAL BACKGROUND: BedMart (since 1997)

EDUCATIONAL BACKGROUND: Milwaukie Elementary School; Rowe Jr. High; Milwaukie High School (3 Years)

PRIOR GOVERNMENTAL EXPERIENCE: None

MATTHEW FISHER SAYS:
"DON'T YOU DESERVE BETTER?"
"YES YOU DO!"

Matthew Fisher for our Children:

As a Libertarian Matthew is the only candidate who wants your child to have the choice of a world class education. Career politicians only want control over schools. Having spent 13 of his last 21 years attending public schools, no politician can claim to understand our educational system as well as Matthew. He doesn't think we're getting our moneys worth from the government-run school system. **Matthew will vote to give parents full choice over their children's education. Cost, location, and yes curriculum.**

Matthew Fisher for our Economy:

As a Libertarian Matthew is the only candidate who believes that your family's tax burden is shamefully high. Career politicians only want more of your hard earned pay. The average American family now pay 42% of their income in taxes. No politician will admit any limit on the amount of money that you owe to them. **Matthew will never vote to raise your taxes.**

Matthew Fisher for our Environment:

As a Libertarian Matthew is the only candidate who truly cares for our environment. He wants to protect our Salmon, our beautiful streams, and our forests. We need to ensure that future generations can enjoy the natural beauty of our state. **Through strengthening property rights Matthew will keep our natural resources in the hands of those who really care for them.**

As a Libertarian Matthew is the only candidate who believes in **you.**

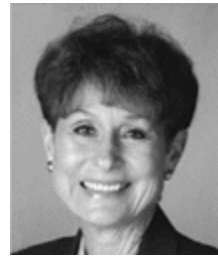

As a Libertarian Matthew is the only candidate who trusts **you.**

As a Libertarian Matthew is the only candidate who is not interested in controlling **you.**

So he asks:

"DON'T YOU DESERVE BETTER?"
"YES YOU DO!"

Socialist

OCCUPATION: Kitchen technician; bass guitar player in a punk rock band.

OCCUPATIONAL BACKGROUND: Dishwasher, waiter, hod carrier, musician.

EDUCATIONAL BACKGROUND: B.S. in philosophy from Portland State University (1995).

PRIOR GOVERNMENTAL EXPERIENCE: None.

Well, let's get to it:

Let's make sure that all Oregonians have access to comprehensive health care by passing the Health Care for All-Oregon initiative (Ballot Measure #23).

Let's address the fact that Oregon has been named "the hungriest state in the nation" by the Center on Hunger and Poverty at Brandeis University (*The Oregonian*, 8-17-02).

Let's stop balancing budgets at the expense of people who can least afford it, such as low-income elderly folks needing hospice, low-income HIV/AIDS patients and people in prison.

Let's establish a Public Utility District for Multnomah County.

Let's protect civil liberties, especially the rights to freedom of expression and association, by opposing the attempts of state and local government to restrict access to live music for people under 21; and opposing any breach of Oregon's Constitution resulting from the passage of the USA Patriot Act.

And there you have it. Please consider voting for the Socialist ticket in House District 42, and thank you for your time.

THERESA A. REED

Libertarian

OCCUPATION: Writer/Editor

OCCUPATIONAL BACKGROUND: Writer, editor, public speaker

EDUCATIONAL BACKGROUND: BA History, Anthropology, PSU. Phi Alpha Theta honors society

PRIOR GOVERNMENTAL EXPERIENCE: Secretary, Oregon Business Alliance, PAC

I was in New York City on 9/11 when so much death rained down on America from the sky. It was my first trip to the east coast and undertaken in defense of online free speech and the First Amendment. After several days of gazing across the river at where the World Trade Center had been, while standing beneath the enormous cloud that rose from it and hung over Queens I rented a car and drove half way across the country before flying home from America's heartland. The tragedy of that day affirmed my desire to see freedom remain strong in our great nation.

DEFEND YOUR FREEDOMS

Since then I have seen threats to our country's security not merely from hostile forces overseas but from within our own government. While we face the threat of international terrorism, we must not succumb to the myth that giving up our essential liberties will keep us safe. That is why I oppose the USA-PATRIOT Act, the TIPS program, the misguided and ineffectual war on drugs, the workplace and lifestyle harassment of sexual and social minorities, and the continuing attacks on the First and Second Amendments. Although precious during times of peace, during times of strife it is imperative that sovereign people be affirmed in their natural rights to freedom of conscience and communication, as well as the right to defend their persons and property.

PRESERVE YOUR AUTONOMY

We cannot remain a moral people in a free country if we impoverish our citizens by revoking the very rights upon which our nation was founded. I stand firmly behind empowering the citizenry and defending our globally envied rights and uniquely American responsibilities. Please stand with me in support of liberty.

PRIOR GOVERNMENTAL EXPERIENCE: voting citizen for 35 years
A Kennedy of a different Clan

MARTIN KENNEDY is a fourth generation north Portland resident who cares deeply about North Portland and St. Johns.

JOBS

Our part of the city has suffered a great loss of jobs lately. The shipyards are a mere shadow of what they once were. Dockworker jobs have been cut. Freightliner is on the verge of disappearing. **The Problem is poor stewardship and greed by Portland City leadership.**

IT IS TIME TO END UNFAIR TRADE AGREEMENTS AND FOR AMERICA TO LEAVE THE WTO

St. Johns is the best kept strategic manufacturing and transportation secret in Oregon. "Made in China" means products of forced prison labor. We need to keep the good jobs here!

EDUCATION

Education begins at home. We have the duty to give our children the best education possible. We need internships and apprenticeships not empty diplomas! Our children also need Biblical morality not atheist humanism!

LIFE

A viable "civilized" society cannot thrive with abortion! We have killed 42 million children in the womb since 1973. If we refuse to protect the defenseless how are we supposed to protect anything else? Adoption deserves more access and families need our support. We also need severe punishment for crimes against ALL children.

**WHAT DO YOU WANT?
CHOOSE IT!**

Both of the big political parties are leading America away from its firm foundations- more taxes and spending, less morality and national independence. I offer to you a change of direction. Lets bring back the Constitutional principles! Life, Liberty, Limited Government.

God bless you. Thank you for your vote.

ERIC DICKMAN

Libertarian

OCCUPATION: Telecom Supervisor

OCCUPATIONAL BACKGROUND: Systems Administrator, Qwest; Minicomputer Operations Supervisor, US West; Facilities

Manager, Pacific Northwest Bell.

EDUCATIONAL BACKGROUND: B. A., Economics and Philosophy, Whitman College. David Douglas High School, Portland.

PRIOR GOVERNMENTAL EXPERIENCE: none, but 25 years in a large bureaucracy.

Taxes & Oregon's budget:

"We must make our choice between economy and Liberty, or profusion and servitude. If we can prevent the government from wasting the labors of the people under the pretense of caring for them, they will be happy."

Thomas Jefferson

Total State Budget has grown by double digits each biennium for the last decade, but individual incomes have only risen a fraction. Taxpayers cannot sustain this rate of State growth, and with unemployment the highest in the country, it must learn to live within its reduced income. I support the State budget proposed by Tom Cox, Libertarian Party of Oregon candidate for Governor, who balances the budget by trimming spending, by \$1.7 billion.

Education and school funding:

Like all parents, my wife and I wanted the best education for our children. Unfortunately, the public schools no longer provide it. Falling test scores are but one indication of failure; the disrespect of students for their teachers, administration, and the school building itself are seen in the vandalism of school grounds and the property of the surrounding neighborhood. Truant students loitering in the neighborhood rather than being in class are a clear statement about the quality of education being offered: these kids have voted with their feet. The best way to save our failing public schools is to allow parents to have a full educational tax credit and the choice to send their student to any school they see fit, public or private. This is true educational choice, and, as in nature and sports, competition strengthens the entire culture.

STEVE MARCH FOR A BETTER OREGON FOR ALL

RESTORE QUALITY EDUCATION

Education--Oregon's future--is at risk. A high-quality education system is vital to our children and community. **Steve March** will continue the fight to restore funding for education.

KEEPING FAMILIES HEALTHY AND SENIORS INDEPENDENT

Families need living wage jobs, affordable healthcare and access to quality childcare. Seniors should be able to lead healthy lives in their own homes. **Steve March** will never stop working for our children, families and seniors.

DEMANDING A SAFE, LIVABLE OREGON

Steve March sponsored legislation that allows tougher penalties for probation violations to help keep our community safe. From protecting the environment to promoting our rights, Steve will fight to make sure no Oregonian suffers harassment, discrimination or interference with health care decisions, including a woman's right to choose.

Dear Neighbors,

These have been trying times for Oregon's families, education leaders, students and legislators. I've worked for stable funding for education and necessary social services. It will take concerted efforts by the legislature and the public to find acceptable revenue options. The unacceptable alternative is to forsake the quality education and services that Oregonians need.

I will continue to fight for your rights in the Legislature, but to truly represent you I need to hear from you. I'd appreciate your vote and contacting me with your concerns and ideas.

Sincerely,

Steve March

JEREMY BOWEN

Constitution

OCCUPATION: Self-Employed Computer Consultant

OCCUPATIONAL BACKGROUND: Computers; High-Tech

EDUCATIONAL BACKGROUND: Homeschool

PRIOR GOVERNMENTAL EXPERIENCE: None

I hold these truths to be self evident, that all men are created equal and that they are endowed by their Creator with certain unalienable rights...

Our rights come from God, not from government. These rights are Life, liberty and the pursuit of happiness. Our Constitution secures, but does not grant them.

As your representative, it will be my sworn duty to support and defend those rights regardless of the popularity of the proposal to undermine them.

This means that my first question about any legislation will be: Are the rights of all protected or harmed by this law. My measure will be the Declaration of Independence, the U.S. Constitution and Bill of Rights, and the Constitution of the State of Oregon.

Life: I will not vote for any law that permits the life of any person, from conception to natural death, to be taken without due process of law, i.e., conviction for a capital crime.

Liberty: I will not vote for any law that makes government the arbitrary decision-maker for what you do with your life or your property or takes your property without just compensation or due process of law, i.e., conviction of a crime.

Pursuit of Happiness: I will not vote to empower bureaucratic regulation of your life or property without representation.

So help me God.

MICHAEL R. WRATHELL

Republican

OCCUPATION: Social Worker

OCCUPATIONAL BACKGROUND: Attorney, Artist

EDUCATIONAL BACKGROUND: Cooley Law School, The University of Michigan

PRIOR GOVERNMENTAL EXPERIENCE: Alternate State Delegate, Precinct Delegate, Legislative Intern

Mick Wagner, who finished second in the May Democratic Primary, has endorsed me, since after Randy Leonard dropped out of the race, he was not considered for his own party's nomination. Instead, my current opponent was hand-picked by party leaders at a pancake breakfast without input from Mr. Wagner or precinct delegates. I applaud Mr. Wagner for making a strong statement against backdoor politics. Some fishy things are going on within the Democratic Party regarding District 48, and I invite the press to investigate the process by which Mr. Wagner and precinct delegates were shut out of their own party.

Mr. Wagner agrees with me that industrial hemp can create jobs, and its demonization is based on ignorance. Hemp seed oil can run diesel engines. We must become less reliant on foreign oil. We are at war, and being squeamish over a plant we used in WW2 is silly.

While I feel abortion is tragic, and life begins at conception, we should not turn back the clock to 1970. Waiting periods are good, though. We must move on as a nation and fight the terrorists in a unified and brave way.

I do not believe Oregon needs to raise taxes to balance the budget. Illegal aliens are draining our budget, and must be deported. Affirmative action in public college admissions is wrong. I will speak out against all outdated ideas, both liberal and conservative. My lawn sign motto is "America First!"

Oregon needs a maverick in Salem who will speak his mind, and not be the darling of his party. I even spoke my mind when I met President Bush, asking him not to cut funding for the mission to explore Pluto.

Finally, I support all voter-approved initiatives on principle.

Truly,

Karen Minnis on Education:

We need to prepare our children for a new world economy and an expanding information age. I will continue to:

- Defend against education cuts
- Ensure classrooms are given key resources
- Refine school-to-school evaluations and accomplishment ratings
- Give kids real-life skills and preparation

Karen Minnis on Women and Seniors:

As a woman, I know the issues that are important to other women. That's one of the reasons I pushed through badly needed legislation to establish a pay equity taskforce and help women who are victims of domestic violence.

I care about seniors. That's why I helped defend against dramatic cuts to key senior programs. It's also why I helped pass legislation to lower the cost of prescription drugs.

Karen Minnis on the Economy and Government Spending:

I believe that we need to protect families from unnecessary new taxes and financial burdens and that it starts with a healthy economy and jobs. If people are working, taxes are collected and state government can provide needed services. Government shouldn't be treated differently than everyday families when it comes to managing finances. If families can stay within their means...so should government and that is the foundation of my philosophy.

Laurie Monnes Anderson BECAUSE NOTHING COUNTS LIKE RESULTS

Laurie has a proven record of working across party lines to solve tough problems. She's a problem solver, a hard worker and a community leader whose record of tackling tough problems and getting results makes her the best choice for State Representative.

- As a first-term legislator, Laurie insisted that government spend within its means, balance the budget, and establish an economic security fund to protect schools during tough economic times. Laurie promoted legislation that would **lower class sizes** in the early grades and help families afford college.

Oregon Education Association ENDORSES LAURIE MONNES ANDERSON

As a parent and grandparent, I know that providing adequate funding, quality curriculum and teachers are ways to prepare Oregon children for the workforce. In Salem, I will work to bring tax dollars to the classrooms and pursue long-term funding for schools.

"As a former teacher and coach, I am pleased to recommend Linda Flores for State Representative. Linda's outstanding attributes and past political service qualify her for this position." George Crandall, former Milwaukie High basketball coach and teacher

Linda Flores on Protecting Seniors

Seniors are adversely impacted by property taxes and high medical costs, as well as criminal activity. I will strive to ensure that senior services are protected and will advocate for lower prescription drug prices and safer communities.

"Linda Flores is an exceptional leader who brings compassion and integrity to her work. Health concerns are a high priority for Linda." Jim Seagraves, retired economist on health issues

Linda Flores on Promoting Agriculture

As a lifelong Oregonian, I know the importance of preserving this state's strong agricultural history. Yet many governmental restrictions negatively impact our farming communities. As a State Representative, I will fight to protect agricultural interests.

JAN LEE PUTTING PRINCIPLES ABOVE POLITICS

JAN LEE...Improving Education

As State Representative, I have consistently fought for stable education funding and defended against budget cuts to schools. I support:

- Teaching the "Three R's" plus vocational and technical training so our kids are prepared for college or a job
 - Directing funding where it's needed most into the classroom
- "Jan Lee has earned my vote by standing up to those who would compromise quality education."

Joan Smith, North Clackamas School Board

JAN LEE...Protecting Senior Independence

Seniors must be able to live their lives with independence and dignity. That's why I:

- Sponsored legislation reducing property tax burden on seniors with fixed incomes

LARRY CRAMBLETT

Democrat

OCCUPATION: Retired Teacher

OCCUPATIONAL BACKGROUND: U.S. Navy, Teaching

EDUCATIONAL BACKGROUND: Cascade Locks School (K-12) graduate, Mt. Hood Community College, University of Oregon BS and M ED

PRIOR GOVERNMENTAL EXPERIENCE: U.S. Navy, Chair of City Comprehensive Planning Committee, Cascade Locks City Council

The Cramblett family has lived in the heart of District 52 since 1915. Larry returned to the community to contribute to its way of life as a teacher, coach and civic-minded individual. Larry and his wife Bettie have three grown children and one grandchild.

Education must have a stable and equitable funding system to solve long-term school needs. Education needs to be taken out of the budget battle and made its own line item. Children should be our foremost priority.

Economic Development must attract businesses that provide family wage jobs, develop local community infrastructure, and not be overwhelmed by rules and regulations. Oregon's Community Colleges need to be assertive in providing training for the work force of businesses.

Governmental Accountability can be achieved by keeping decisions close to home. State Government is there to help, not over regulate the ability of citizens to make decisions. A legislator must stand up and make the call. Larry is willing to listen, learn and work in your behalf.

Health Care decisions must be made to assure that the patient and health care provider have the final say and to provide for better access to health care for everyone.

Senior citizens work all their lives and often retire on a fixed income. We must find a way to reduce their prescription costs and lower their tax burden based on ability to pay.

District 52 has become tourism dependent, yet past legislative sessions have not kept up with infrastructure demands. Oregonians deserve adequate roads and scenic areas that are safe and attractive.

I am running for state representative because I truly love Central Oregon and am deeply concerned about our future. The ineffectiveness of our current Legislature has left our state with serious problems. At this critical juncture, we must chart development with caution and wisdom. Otherwise, we will lose much of what we love best about this region. My experience and strong values will enable me to bring honest solutions to these challenges including:

Making Health Care Affordable

Reducing prescription costs, upholding death with dignity, protecting the right of women to control over their own bodies.

Strengthening Education

Developing collaborative strategies to ensure schools have stable funding and smaller class sizes without risking future funding or overburdening taxpayers.

Strengthening our Local Economy

Aggressively supporting businesses that provide family wage jobs and are compatible with Central Oregon culture and lifestyles. Enhancing tourism and sustainable agriculture with high tech and renewable energy. Preventing a Klamath style water shortage crisis in Deschutes County.

Taking Government Back from Big Money Special Interests

OCCUPATIONAL BACKGROUND: Landscaping; Timber worker; Home construction; Professional musician.

EDUCATIONAL BACKGROUND: Torraine High School

PRIOR GOVERNMENTAL EXPERIENCE: Co-Founder; Former Chairman, of the Libertarian Party of Deschutes County

FISCALLY CONSERVATIVE - SOCIALLY TOLERANT

TAXES - I will not vote for any tax increase. I see coercive taxation as theft. No one should be forced to pay for any service they do not receive or pay for any actions they object to on religious, spiritual, or moral grounds.

EDUCATION - All state spending on education should be funnelled through parents by awarding every child an education scholarship redeemable at any accredited school in the state. Parents need to be put back in control of their children's education.

PROPERTY RIGHTS - I am 100% Pro-Property Rights and will support tough penalties for all property crimes.

GUN RIGHTS - Every American citizen has the right to self-defense. The Libertarian Party is 100% Pro-Gun Rights.

SMALL BUSINESSES - Government regulations on small businesses are coercive and counter productive. They stifle competition and restrict an individual's ability to create work for themselves. People deserve every opportunity to work or start a business without government regulating and taxing them out of that opportunity.

DRUG PROHIBITION - Drug Prohibition is an economic and social disaster. I support the full decriminalization of marijuana for adults over 21 years of age and I feel we should move from 'Prohibition' based drug policies to 'Harm Reduction' policies as advocated by New Mexico's Republican Governor Gary Johnson.

I have chaired the:

House Committee on Salmon Recovery & Co-Chaired the Interim Joint Committee.

And served on the following standing committees:

House Education, House Children & Families, Ways and Means Sub Committee on Natural Resources, & Joint Interim Natural Resources

PROMISES FULFILLED ... AS YOUR REPRESENTATIVE

I committed to invest in education and in;

Every session I fought for increased education funding and for more freedom for local districts from the education bureaucracy.

I committed to preserve our agricultural heritage & in

'99, '01 sessions and during the '02 interim I helped save OSU Experiment & Extension from the Governor's cut list.

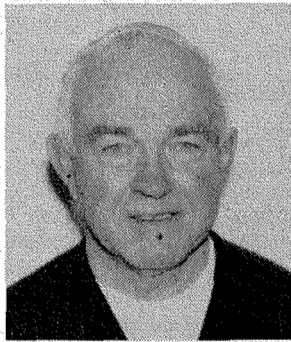

I committed to work for Oregon's senior citizens:

Every session I helped to increase funding for senior's Oregon Project Independence. Also I kept it from being cut during the interim and fought to restore funding for other vital senior programs.

WORK TO DO ... AS YOUR REPRESENTATIVE:

Today we face major economic problems. For the past 8 years the role of agriculture has been ignored, and this can not continue. We have to be more competitive in our economic development, and agriculture has to be recognized as a vital part of that development.

**State Representative

**JIM
GILBERTSON**

OCCUPATION: Farmer

Willamette Industries for over
30 years.

EDUCATIONAL BACKGROUND: Attended Eastern Washington
College of Education

PRIOR GOVERNMENTAL EXPERIENCE: None

FAMILY: Jim and Althea Gilbertson have three grown children and
four grandchildren.

**I BELIEVE IN AND WILL STRONGLY SUPPORT
PUBLIC EDUCATION:** We must develop a dedicated funding
system for our education needs. A good education is basic to
the well-being of our communities.

MAINTENANCE OF OUR ROADS AND HIGHWAYS: Good roads
and signs will mean fewer accidents and fewer injuries. Our high-
ways are the lifeblood of our commerce and trade.

ECONOMIC DEVELOPMENT: We need to rev up our economy

selective tax-cuts. We must attract clean industries that will pro-
vide family wage jobs.

THE OREGON HEALTH PLAN: For those who have little, this is
all the insurance they have.

I SUPPORT THE FAMILY FARM: I want to reverse the trend of
farmers and ranchers leaving the land.

UTILIZING OUR NATURAL RESOURCES WISELY: We should
be managing our forests more efficiently by using controlled burns
and getting rid of the underbrush. This will make our forests
healthy, productive and less explosive.

I SUPPORT AGRICULTURAL RESEARCH: Today's research will
be needed for tomorrow's farms.

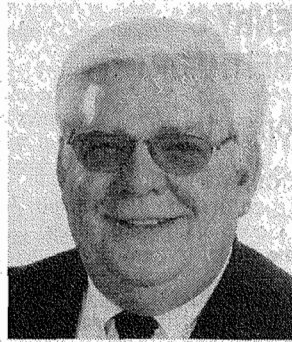

As a farmer, I consider myself to be frugal and fair. I would use
these traits as a legislator. I would steer a pay-as-you-go policy.
Borrowing money from future revenues is not good business. It
will be a real challenge to work with members of both parties to
draft resolutions that will benefit the citizens of this district and
state. I welcome Republicans, Independents and Democrats to
my candidacy and I will work hard to solve your problems and
help our district reach its full potential.

Dear Friends,

I will take to the Legislature my experience making government
work efficiently and within its budget. Raising the taxes of
unemployed workers is NOT the solution! Putting people back to
work is the key to funding all of Oregon's programs.

I strongly support local schools and I am convinced that the
small rural schools in Eastern Oregon are not being treated fairly
in Salem. Fairness for Eastern Oregon will be a fundamental
issue. I look forward to serving you in Salem!

John Mabrey

"I've worked closely with John Mabrey for more than a
dozen years and two things stand out: he takes the job of
helping people very seriously, but never takes himself too
seriously. John understands the problems we face and will work
hard for family wage jobs, good schools and decent health care.

I know he will serve us well in the legislature."

Congressman Greg Walden

"John Mabrey has lived in a rural agriculture community
all his life. He understands issues facing farmers and ranchers.
He listens!"

Former Congressman Bob Smith

JOHN MABREY: Prepared to Lead and Listen

estate development and management.

EDUCATIONAL BACKGROUND: Vale Public Schools; Ontario High School (1964); BYU (1970) B.S. Accounting. Business Administration and Economics (Spanish concentration).

PRIOR GOVERNMENTAL EXPERIENCE: Oregon House of Representatives (elected 1998 and 2000). Full Ways & Means Committee. Ways and Means Sub-Committees: General Government (Chair, 1999), Transportation and Economic Development (Chair, 2001). Member: State Debt Policy Advisory Commission and Oregon International Trade Commission. Malheur County Commissioner (1993 - 1999). State, county and local budget boards. Association of Oregon Counties. Malheur County Republican Central Committee (past Treasurer). County Housing Authority.

PERSONAL

Married for 33+ years; five children (and four grandchildren); active in community, civic, church and professional organizations.

LEGISLATIVE PRINCIPLES

- 1. Strengthening Oregon's Schools.** Allocate budget resources so that Oregon invests appropriately in high quality educational choices for Oregon's youth. Provide students with the opportunities to acquire skills to compete in the global economy.
- 2. Promoting Jobs and the Economy.** Promote sustainable growth and employment opportunities in family-wage jobs for rural and distressed Oregon communities. Ensure Oregon's families the right to live in safe and healthy communities.
- 3. Protecting Oregon's Taxpayers.** Require state government to be accountable. Enhance reporting of the use of public resources. Require state agencies to be responsive to Oregon's business and employment communities.

ROXANNA SWANN

Democrat

OCCUPATION: Retired teacher and social worker; active community volunteer.

OCCUPATIONAL BACKGROUND:

Marketing business owner, schoolteacher, advocate for at-risk teens and families, Mayday, Inc., volunteer work with Parenting Guidance Center, Girls Adventure Trails, Red Cross, and Scouting.

EDUCATIONAL BACKGROUND: Rollins College, Florida; Bachelor of Science in Social Work, University of Texas in Arlington.

PRIOR GOVERNMENTAL EXPERIENCE: Baker County Democratic Central Committee, Baker County Transportation/ Traffic Safety Committee.

Personal: First lived in Eastern Oregon in 1966; three children, two grandchildren; active in AAUW, Crossroads Art Center, Grande Ronde Symphony Orchestra; hobbies are reading, travel, art and music.

What I stand for:

Education: To provide quality K-12 schools for our children, a stable source of long-term funding is desperately needed. Rural communities suffer from higher costs of longer distances and fewer students, as well as from the loss of teaching jobs.

Economy: A growing economy is critical for healthy communities in Eastern Oregon. Besides family wage jobs, we need incentives, mentoring, and technology for existing businesses and to attract new jobs to the area.

Natural Resources: Eastern Oregon's two biggest industries, agriculture and recreation, are dependent upon a balanced approach to the use of our natural resources. Good management and thoughtful planning by local ranchers, the community, business and government entities will preserve these resources for future generations.

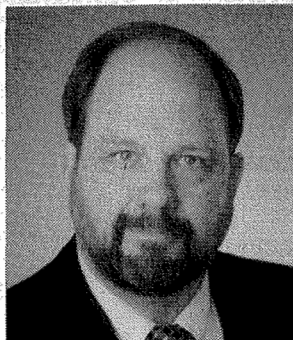

"As your State Representative, I will listen to all sides of a question and work hard to reach solutions that are as equitable as possible for all interests. Working together, we can create responsible, responsive government at both local and state levels to benefit all citizens. Working together, we can ensure a brighter future for Eastern Oregon communities. We need a stronger voice in Salem and I believe I can bring that "fresh approach" that is needed. Thanks for your confidence and your votes!"

I have been a member of two Jackson County committees that help decide how to spend limited state funds to ensure that community corrections (parole and probation) got the most for each dollar.

I will work to make Jackson County safe, to make the victims of crime whole again and to make sure everyone has an opportunity to be heard and have their rights vindicated. I believe the best training to become a good trial judge is to try plenty of cases. I have over 14 years of in-the-trenches trial experience.

I believe in the commitment I made when I took the oath to become a Judge. I will support the Constitutions of the United States and of the State of Oregon. I will faithfully and impartially discharge my duties to the best of my ability.

I offer you a tough, no-nonsense approach to crime and law enforcement. But I also understand that almost everyone who is sent to prison will come back to our community. Punishment without reform is too expensive. When you come into my court, you will be judged on the merits of your case, not on your social status. I offer you toughness and compassion, with the intellect and common sense to know when each is appropriate.

Constitution Party Statement

Life, Liberty & Limited Government

LIFE:

We hold these truths to be self evident, that all men are created equal, and are endowed by their Creator with unalienable rights, and that first among these is the Right to Life.

Whenever any nation declares some group of people to be less than human, it always degrades that nation: harming them as much as those whom they despise. It happened when the Germans declared Jews subhuman and there has been a profound coarsening in America since the Court declared the unborn are not persons.

Only to a point is the seed of the father an extension of the father's body or the egg of the mother an extension of the mother's body. Beyond that point grows a new life, a person as unique and human as each parent. We dare not treat this person's life or death more casually than that of any other human.

LIBERTY:

Freedom is not an easy discipline. Some think freedom is complete lack of coercion: "I can do whatever I want." But freedom is **not** licentiousness, allowing us to do whatever we want. Freedom is the right to live as we ought, living self-controlled lives in order to win and maintain the right to live under limited government. **Those who will not govern themselves must be governed by others.**

Society is governed not only by the civil state making and enforcing rules; we are also governed by the written and unwritten rules of Family and Faith which guide and motivate citizens to be self-controlled. A self-governing society assumes self-governing citizens, exercising moral restraint. **In the words of James Madison:**

"We have staked the whole future of American civilization **not** upon the power of government, far from it. We have staked the future upon the capacity of each and all of us to govern ourselves, to sustain ourselves according to the Ten Commandments of God."

LIMITED GOVERNMENT:

Do we need more government or less government in our state and in our nation? BOTH!

Every society has four types of government – three can be called institutions of government. **Civil Government**, with all of its checks and balances, is only one of these multifaceted institutions. As there are differing styles of municipal, county, and state governments – so also the other two institutions of government have diverse styles and structures. These two governments are the **"Institutions of Faith"** and the **"Institution of the Family"**.

The Constitution Party stands strongly in favor of the Separation of Church and State **properly understood!** We maintain that the State rightly uses external force to gain external compliance to external rules, and that the Church addresses the inward person – dealing with issues of morality and conscience that are beyond the arm of the State. The Church is limited by having no legitimate access to externalized power to force its beliefs upon anyone, and the State is limited by having no legitimate authority to deal with the core issues of the human condition.

Family Government is essential in a free society – more important than either State or Church. For in the Family the fourth government is developed – a government that is not institutional but intensely personal: **Self-Government** (or Self-Control). As John Adams said, our constitutional republic is "fit only for a moral people, and entirely unsuited to any other". **Limited government** (in each of the three jurisdictions) is possible **only with** the pervasive exercise of **self-government**.

We must respect and encourage the governments of Family and Faith as they nurture the capacity for individual Self-Government, so that we can maintain the American ideal of limited government. Conversely, we must recognize that civil governments have usurped authority beyond their jurisdiction, which must be yielded back to the citizens and to the governments of Family and Faith.

CONSTITUTIONAL PRINCIPLES:

The Constitution Party recognizes that the US Constitution was written to enumerate and to limit the powers of the national government, that the Declaration of Independence articulates the philosophy of America, and that familiarity with and application of the principles in these documents is vitally important for every generation of Americans.

We gratefully acknowledge the blessings of Almighty God upon our Nation, and appreciate our founders' "firm reliance on the Protection of Divine Providence" as they pledged to each other their lives, their fortunes, and their sacred honor.

We affirm that the US Constitution established a republic; that we have a government of Laws rather than a government of people; and that Life, Liberty and Property are protected because law rules.

We affirm the principles of inherent individual rights upon which these United States of America were founded:

- That each individual is endowed by his Creator with certain unalienable rights; that among these are the rights to Life, Liberty, and the Pursuit of the individual's personal interest;
- That the freedom to own, use, exchange, control, protect, and freely dispose of Property is a natural, necessary and inseparable extension of these unalienable rights;
- That the legitimate function of government is to secure these rights through the preservation of domestic tranquillity, the maintenance of a strong national defense, and the promotion of equal justice for all;
- That history makes clear that, left unchecked, it is the nature of government to usurp the liberty of its citizens and eventually become a major violator of the people's rights; and
- That, therefore, it is essential to bind government within the limits of the Constitution.

Democratic Party Statement

A MESSAGE FROM THE DEMOCRATIC PARTY OF OREGON

Fellow Oregonians,

As you consider the many important decisions this election, recognize that the choices we make today plant seeds for the Oregon we pass on to our children. Please exercise your civic duty by returning your ballot and never forget that **your vote matters**. There is no more powerful political force than the voice of a citizen. If entrusted with your support, Democrats will put the people's business first and work together to create a better tomorrow for Oregon.

As Democrats, we believe in empowering local communities to find local solutions, but when it comes to **equality, justice and opportunity**, one size truly fits all. This election you will hear candidates discuss support for: education; family wage jobs; Social Security; the environment; protecting your civil liberties, including a woman's right to choose and death with dignity; and holding all officers – public and private – accountable for what they do **and** choose not to do.

This election is critical because so much is at stake – not only for Oregon, but for the entire nation. Oregon's United States Senate race could decide whether Democrats maintain the majority in the U.S. Senate, which is why we must elect Bill Bradbury to join Ron Wyden in Washington, D.C. We must also return our U.S. Representatives – Peter DeFazio, Earl Blumenauer, Darlene Hooley and David Wu – to the U.S. Capitol and elect Peter Buckley to our fifth seat. Oregon's priorities deserve to be fully represented in Congress.

In the state Capitol, we have the opportunity to elect leaders who will ensure our state gets back on the path to a prosperous and sustainable future. By electing Ted Kulongoski to serve as Oregon's Governor, and a Democratic majority in both chambers of the legislature, we will have the team that will provide opportunities for Oregonians who work hard and play by the rules. We need leaders who will work to ensure our schools are fully funded; our deteriorating roads and bridges are repaired; access to health care is expanded; and Oregon's natural resources are preserved. We cannot afford to allow the leadership in the legislature to remain under Republican control in the next biennium. Republicans have chosen inaction over progress and consistently put partisanship, their extreme social agenda and special interests above the interests of Oregon families.

Today, as you make important decisions on these key issues, we ask you to keep some things in mind:

STRONG ECONOMY

Oregon has the nation's highest unemployment rate, and to address this effectively we must promote economic development in every part of the state. Democrats are committed to enacting policies and targeted tax cuts that provide a true stimulus to the economy by putting money back into the hands of hard-working families who need it. We must ensure our families are earning livable wages and that opportunities for success are extended to those that work hard and play by the rules.

QUALITY EDUCATION

Our children deserve a high quality education so that they have the skills necessary to seize the opportunities of tomorrow. Democrats will work to ensure that all children have access to a first-class education with well-trained teachers and smaller class sizes.

BETTER HEALTHCARE

Democrats are committed to a quality, affordable health care system that puts patients and doctors, not HMO bureaucrats, in charge of their medical decisions, and provides guaranteed prescription drug discounts to seniors. Health care is a right, not a privilege, and electing Democrats will improve healthcare for Oregon's families.

CLEAN AIR AND WATER

Democrats have a long-standing record of balancing the protection of our unique, natural resources with promoting economic growth. Democrats will continue to make clean air and water a priority and make sure that polluters pay – not taxpayers – so that Oregon is a cleaner, safer state.

PLEASE VOTE AND PLEASE VOTE DEMOCRATIC.

Libertarian Party Statement

The Libertarian Party stands for individual freedom and personal responsibility. We believe that these twin pillars of a civil society are inseparable--undermining one impairs the other. The purposes of government are to protect the life, liberty and property of its citizens. Government has overstepped these Constitutional boundaries to the lasting harm of the citizenry.

The Libertarian Party of Oregon is the third largest political party in the state. Libertarians are fiscally conservative and socially tolerant. We believe that government should be limited to protecting our fundamental freedoms while ensuring personal responsibility.

We stand up for your rights....ALL of your rights, ALL of the time. No excuses, no compromises.

This year, the Libertarian Party will be offering more than 20 candidates in state House and Senate races, candidates at the U.S. House and Senate level, and our gubernatorial candidate, Tom Cox. The major parties are failing Oregon. It's time for a fundamental change, and the Libertarian Party is the only political party that offers a comprehensive and effective solution to Oregon's many challenges – individual freedom and personal responsibility, not more useless spending, tax theft, and corruption.

Imagine how successful you could be if the fruits of your hard work were not being stolen by government to fund programs that end up hurting the very people they're supposed to help. Imagine how energized Oregon's economy would be if misguided and inappropriate regulations were not being used to discourage businesses from locating here. If you want to keep most of what you make, and if you want to have more opportunities to have a good job and enjoy your life as you see fit, then you really only have one choice: VOTE LIBERTARIAN!

For more information, call 1-800-829-1992, or visit our web site at www.lporegon.org.

As a guide to voters, the state committee of the Libertarian Party of Oregon urges you to vote on the following measures in the upcoming elections:

- | | |
|------------------|---|
| MEASURE 14 – Yes | Racial references in any form are inappropriate in our Constitution. |
| MEASURE 15 – No | Businesses have to manage their capital assets appropriately – schools must do the same. |
| MEASURE 16 – No | Businesses have to manage their capital assets appropriately – emergency services must do the same. |
| MEASURE 17 – Yes | If you can vote, be drafted, fight and die for your country, you should be able to run for office. |
| MEASURE 18 – No | Letting government set up new taxing authorities just makes it easier for them to take your money. |
| MEASURE 21 – Yes | Judicial candidates have it too easy. Letting 'none of the above' into the race makes it possible to throw them out when they practice politics instead of law. |
| MEASURE 22 – Yes | Too many judges view themselves as above the law and accountable to no one. Electing them by district will serve as a reminder of who puts them in office and pays their salary. |
| MEASURE 23 – No | One woman's 'medical necessity' is another woman's costly boondoggle. Government should not be in the healthcare business, especially when it involves using your money to fund large numbers of meddling bureaucrats to decide what 'medically necessary' means. |
| MEASURE 24 – Yes | This is one you can sink your teeth into! Anything that reduces the power of a monopoly and increases competition and choice for consumers is a very good thing. |
| MEASURE 25 – No | Minimum wage laws hurt the poor by increasing unemployment and reducing overall economic opportunity. Only politically powerful union monopolists benefit. |
| MEASURE 26 – No | If this passes, only rich and powerful special interests will be able to successfully mount initiative campaigns. Grassroots efforts will be unable to fund the initiatives that the people want to see. |
| MEASURE 27 – No | One farmer's genetically engineered food is another farmer's breeding program. Government should not be in the business of labeling anything. The private sector can and will do the job admirably, if the market demands that it do so. |

Pacific Green Party Statement

The Pacific Green Party of Oregon is on the move!

We have 12,000 voters registered as Pacific Green Party members, up from fewer than one thousand two years ago. It is clear we are quickly becoming a major force in Oregon's otherwise bleak political landscape. Oregon's traditional parties care more about perpetuating their own power than about issues, values, and principles. Posing as moderates, willing to compromise on essentials, the two look nearly identical. Bi-partisan support is their anthem; corporate greed, the flag they salute. The Pacific Green Party is different! The Pacific Green Party is out in front on issues that matter to Oregonians. We do not compromise our key values:

social justice
ecological wisdom
community-based economics
nonviolence
respect for diversity

grassroots democracy
feminism
personal and global responsibility
decentralization
sustainability

The Pacific Green Party believes that People are the Government. And Government should do what is best for the People. Unfortunately, without true campaign finance reform, our representatives too often act as proxies for their large corporate contributors, which are unaccountable to the People. This year, the Pacific Green Party supported the campaign finance reform initiative put forth by citizen activist Lloyd Marbet. This measure sought to ban corporate contributions to political campaigns and limit individual contributions. All but six states have similar limits. We collected 114 thousand signatures. The Secretary of State's office discarded 400 signatures for each duplicate submitted, so we fell 10 thousand signatures short. Campaign finance reform will not be on this ballot, but the Pacific Green Party will not stop until we have laws in place that take money out of politics. Money is not democracy!

We campaigned for the Health Care for All initiative and Genetically Modified Food labeling, both of which appear on your ballot. The Pacific Green Party endorses the minimum wage initiative, and we oppose Measure 26, which unfairly regulates signature gathering. Please see our statements in this Voters' Pamphlet on Measures 23, 25, 26, 27, and statements for Green candidates Dale Matthews, for District 3 state representative and Tom Matosec, for Coos County commission. We endorse Peter Buckley in the 2nd Congressional District.

The Pacific Green Party recognizes our State is facing dire circumstances: the economy is falling; we are facing monumental budget deficits; nearly half a million Oregonians lack access to healthcare; for the second straight year Oregon is the hungriest state, education is woefully under-funded, our bridges and other infrastructure are falling apart, and the rich environment that makes Oregon our beautiful home is polluted, our precious natural resources extracted and sold to the highest bidder. People are used as pawns to uphold a system selling our future for fast cash. The path the major parties have forged is not sustainable. The PGP offers a new direction.

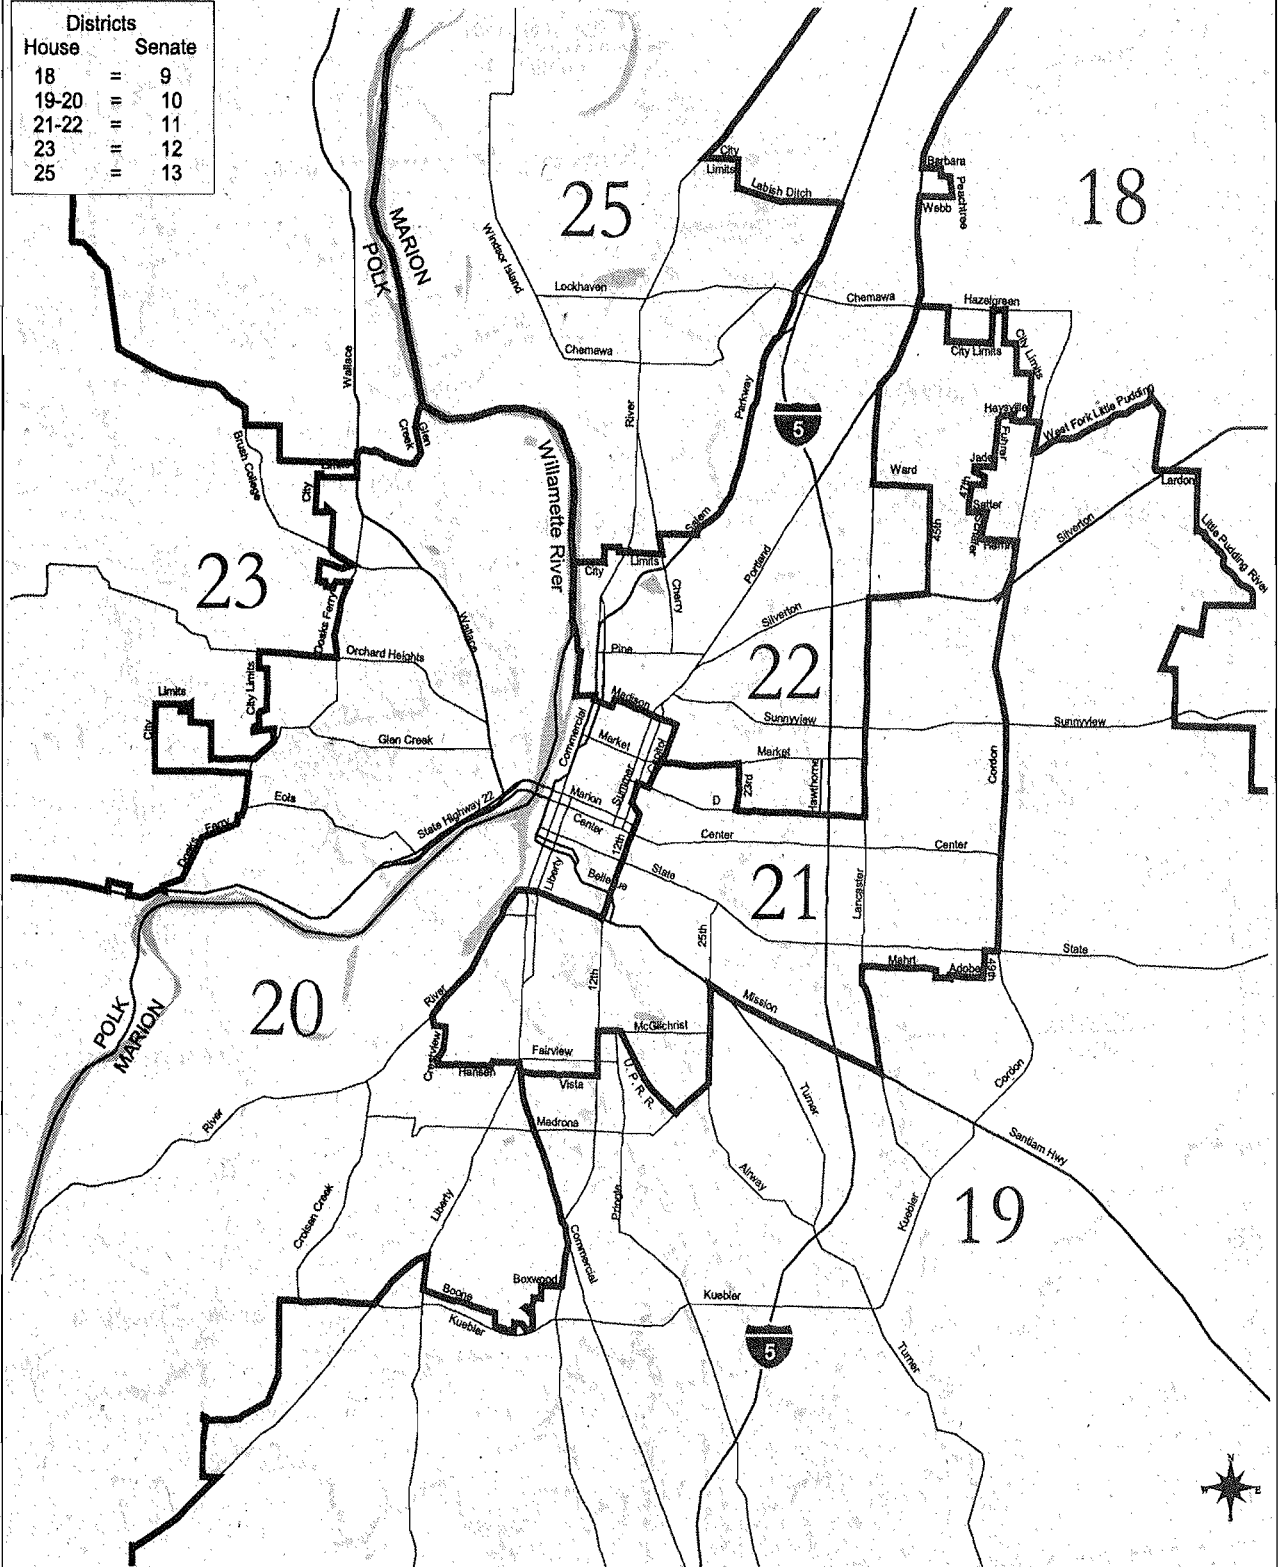

For decades, Oregon's legislature has been on a spending binge, giving massive handouts to large corporations. In 1945, corporations paid 60 percent of state income tax; today they pay less than six percent. In the last decade, Oregon's legislature has given away more than \$500 million in annual revenue in the form of tax breaks for corporations. A fiscal conservative would be appalled, but most Republicans and many Democrats voted in the interests of their contributors. They would not even let a pollution tax credit, held over from days of Tom McCall, sunset last year. This tax credit will cost us \$12 million a year for the next 5 years, and merely rewards dirty industries when they obey environmental laws. The Pacific Green Party says: Balance the budget by repealing corporate tax breaks.

Throughout the state, the Pacific Green Party has shown its commitment to our communities, and to our state as a whole. We have shown how important it is for citizens to be involved in their own government. We invite you to join us, to begin empowering yourself and other citizens to take back our democracy!
