

Voters' Pamphlet | May 21, 2002 Primary Election (Nonpartisan Candidates)

Dear Oregonian

As Oregon's Secretary of State, one of my most important goals is to make sure that every Oregonian has the opportunity to register and to vote. Your vote is your voice. Voting gives each individual the power to make decisions about who leads our state and what laws are passed - and I am working hard to provide every Oregonian with the information and inspiration they need to exercise their precious right to vote.

The Voters' Pamphlet is the most direct and complete source of information on candidates and issues in our state. I encourage you to use this document as a resource to help you make thoughtful, informed decisions as you vote. Remember: the ballot you cast in May will affect all of our lives and the future of our state.

The May 2002 election will be Oregon's second statewide primary conducted entirely by mail. Two years ago, a total of over 900,000 Oregonians cast ballots in the first vote-by-mail Primary. The high turnout during the 2000 Primary reversed a steady twenty-year decline in the number of Oregonians casting Primary Election ballots. In fact, it represented a 16 percent increase over the highest number of votes ever cast in a polling place Primary Election.

This year, I challenge Oregon to do even better. The nation is experiencing a disturbing decline in voter participation, particularly among young people. We stand the risk of losing a whole generation of voters. You have the power to guarantee that does not happen, and to change Oregon for the better.

- If you have never registered to vote, are at least 18 years old, and are a U.S. citizen, seize this opportunity to make your voice heard and help shape the future of our state.
- If you are registered to vote and have not voted recently, or are not excited about the choices available to you this election, remember that your vote is the best way to have an effect on who runs for office and what measures are put on ballots and enacted into law.

-
- If you regularly vote and will do so this election, please take the time to share with others the reasons you vote and encourage them to vote too.

I give you this challenge in the firm belief that WE, the people, ARE the government. The government is what we make of it. If we are not happy with the policies or priorities of those now making the decisions, we have the power and the responsibility to redirect government to match our needs. You have the power to change our government with your voice - and you have the power to change our world with your vote.

Sincerely,

Bill Bradbury
Secretary of State

P.S. You will notice that the ballot measures contained in this document are numbered 10, 11 and 13. This is not an error; the original Measure 12 was a legislative referral that was removed from the ballot at the request of the legislature and by order of the Marion County Circuit Court.

Information

General

Your official 2002 Primary Election Voters' Pamphlet provides you with information about measures and candidates that will appear on your ballot. The pamphlet is divided into separate sections for measures and candidates. You can find page numbers for the beginning of each of these sections, as well as the alphabetical index of candidates, in the table of contents on this page.

Material in the measures section includes the state ballot title, estimate of financial impact, the complete text of the proposed measure, an impartial statement explaining the measure and any arguments filed by proponents and opponents of the measure.

The estimate of financial impact for each measure is prepared by a committee of state officials including the Secretary of State, the State Treasurer, the Director of the Oregon Department of Administrative Services and the Director of the Department of Revenue. The committee estimates only the direct impact on state and local governments.

The explanatory statement is an impartial statement explaining the measure. Each measure's explanatory statement is written by a committee of five members, including two proponents of the measure, two opponents of the measure and a fifth member appointed by the first four committee members, or, if they fail to agree on a fifth member, appointed by the Secretary of State. Explanatory statements can be appealed and may be changed by the Oregon Supreme Court.

Citizens or organizations may file arguments in favor of, or in opposition to, measures by purchasing space for \$500 or by submitting a petition signed by 1,000 voters. Arguments in favor of a measure appear first,

followed by arguments in opposition to the measure, and are printed in the order in which they are filed with the Secretary of State's office.

Additionally, the state measures were referred to Oregon voters by the Legislature and you will find a "Legislative Argument in Support" for each of these measures. Oregon law allows the Legislature to submit, at no cost, an argument in support of each measure it refers to the people.

In the candidate section, partisan candidates appear before nonpartisan candidates. Every two years, at the primary election, the order in which each major political party's candidates appear is rotated. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law--pertaining to occupation, occupational background, educational background and prior governmental experience--has been certified by each candidate.

Miscellaneous voting aids, including congressional and district maps, drop site locations and a complete list of the state measures and candidates, are also a part of the Voters' Pamphlet. In an effort not to duplicate the printing of information, some of these voting aids are not a part of the state Voters' Pamphlet, but instead are included in your county Voters' Pamphlet, if your county has produced a Voters' Pamphlet.

The Voters' Pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the Voters' Pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county election offices.

RANDOM ALPHABET

While the candidates' statements appear in alphabetical order by their last name in this Voters' Pamphlet, you will notice that they appear in a different order on your ballot.

Pursuant to ORS 254.155, the Secretary of State is required to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2002 Primary Election is:

W, H, G, B, K, T, I, F, A, Z, D, O, U, N, M, E, J, C, V, S, R, Q, X, L, Y, P

The State of Oregon prints measure arguments and candidate statements as submitted by the author. The state *does not correct* punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

VOTE BY MAIL

What is Vote by Mail?

Vote by Mail is a method of conducting elections. Instead of using traditional polling places where voters go

to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

When are the ballots mailed to the voters?

Ballots are mailed between the 18th and 14th days before the election.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated drop site.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at drop site locations elsewhere in your county. For further information, call your county elections official.

What if I make a mistake or need a new ballot?

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by May 16. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by April 30 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated drop site in the state. The times and locations of drop sites are listed in the Voters' Pamphlet and are also available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 34¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated drop site by 8:00 p.m. on election night. Postmarks do not count!

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8:00 p.m. on May 21, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8:00 p.m. election night and will continue to be updated through election night until all ballots have been counted.

VOTERS WITH DISABILITIES

If you are unable to vote your ballot without assistance, because of a physical disability or because you are unable to read or write, contact your county elections official. They will provide two persons to assist you in voting. In order to assure the county receives your voted ballot by Election Day, contact your county elections office early to arrange for assistance. You may also select someone else of your own choice to assist you.

A cassette edition of the Voters' Pamphlet is available for Oregonians who cannot read standard print due to a visual or physical disability. To order a cassette of the Voters' Pamphlet, please contact Independent Living Resources at 503-232-7411.

OCCUPATIONAL BACKGROUND: Construction Laborer (Local #296, Portland); Carpenter (Local #1388, Oregon City); Oregon Teaching Certificate (Vocational Education; Building Construction Technology, Expired); Teacher (Portland Public Schools: Madison-Marshall); Adjunct Instructor (Portland Community College); General Contractor; Auditor and Service Provider to the High-Tech Industry

EDUCATIONAL BACKGROUND: University of Arizona, B.A. in Psychology; Portland Community College, A.A. in Vocational Education. Also Attended: Biola University, Western Seminary, Oregon Graduate Institute

PRIOR GOVERNMENTAL EXPERIENCE: None

Don Frazier has a leadership and desire to bring to Oregon the ability to find creative solutions for developing and expanding jobs and businesses. Don has worked inside the trades, taught the trades, and has founded and developed an expanding small business based on working with both management and organized labor.

Don's great desire is to see these principles, developed in the world of work, be expanded so that other Oregonians may be able to implement their dreams and visions. To accomplish this, Don seeks to develop a strong relationship with the local communities, businesses and labor to increase true journeymen, solid family owned businesses and an environment for diverse large corporations.

Oregon's greatest resource is its people and our investment should be in developing our youth, stabilizing our infrastructure, and providing for our elderly in dignity.

This is why Don is willing to be elected as Labor Commissioner of Oregon.

DAN GARDNER | Nonpartisan

OCCUPATION: State Representative; Electrician

OCCUPATIONAL BACKGROUND: State Representative (1997present); Electrician (22 years); Member, International Brotherhood of Electrical Workers.

EDUCATIONAL BACKGROUND: Graduate, National Joint Electrical Apprenticeship Program. Attended Mt. Hood and Portland Community Colleges.

PRIOR GOVERNMENTAL EXPERIENCE: House Minority Leader (1999-2001); Citizen's Budget Advisory Committees: Multnomah County Sheriff, Multnomah County Juvenile Justice.

**DAN GARDNER FOR LABOR COMMISSIONER:
MY JOB IS OREGON'S JOBS**

Shared Priorities

- Oregon's unemployment rate is the highest in the nation. As Labor Commissioner, I will focus on attracting new jobs to Oregon, helping local business expand, and keeping current jobs here.
- We can also expand educational opportunities: provide worker training, retraining and vocational education to give Oregonians the skills they need to compete in a global market.

On the Job for Oregon's Jobs

- My campaign has been a Job Tour of Oregon, because the best way to learn about the needs of Oregon's workers is to get into their shoes and work alongside them.
- I've processed fish in Astoria, visited Medford lumber mills, worked on assembly lines in Sandy and Eugene, helped at farms of all types: cranberry, grass seed, cattle and orchards; served in restaurants and taught in schools, and put together Oregon-made products, from computer chips to shoes.

PRIOR GOVERNMENTAL EXPERIENCE: I'm honest, incorruptible. 2000 State Senate Nominee. Tank Army.

Dear Oregonians,

Thank all of you for trusting and voting for me. Politics and Corruption: most of us do not trust politicians. It is simple: if a candidate accepts contributions, he/she loses independence, and becomes a puppet in the hands of donors. But not me! I do not accept contributions, and as Commissioner of BOLI, I will enforce the law; I will be fair to workers and employers.

BOLI is corrupted and does not do its duty and obligations. Every year many thousands of families are hurt by violations of laws in the workplace. I promise to reduce complaints. I will improve the apprenticeship program, fair pay, reduce wasteful spending, and increase productivity. To avoid layoffs, I will negotiate between employers and workers.

Help yourself by not voting for those who advertise heavily; ignore the endorsements (why is someone thinking for you?). Vote for me and I will work for you. Our government needs "fresh, honest blood" to stop corruption.

Politics <=> Corruption <=> Crime <=> Endorsements <=> Media.

YOU, THE PEOPLE, ARE THE BOSS!

Do not donate to public TV or Radio until they sponsor Debates and Forums of candidates.

Volunteers to fight corruption needed.

JUDGE OF THE CIRCUIT COURT, 1ST DISTRICT, POSITION 8

JOSEPH M. CHARTER | Nonpartisan

OCCUPATION: Attorney/Mediator

OCCUPATIONAL BACKGROUND: Jackson County Pro Tem Judge; President, Jackson County Bar

EDUCATIONAL BACKGROUND: University of Michigan, University of California

PRIOR GOVERNMENTAL EXPERIENCE: Medford Planning Commission, School Budget Committee, and Charter Review Committee

PERSONAL: Age: 44; Children: Mimi, 11; Malia, 8

Judges are, first and foremost, public servants elected to serve the people. I have dedicated my professional life to helping people solve legal problems efficiently. As judge, that will continue as my top priority. For more efficient justice, my proposals are:

* Mandatory settlement conferences in civil cases to free up judges for criminal cases. In Jackson County, **three times** as many eviction cases and **twice** as many divorces, on a percentage basis, go to trial as statewide. In Klamath County, where settlement conferences are mandatory, less than one percent of civil cases go to trial. In Jackson County, the percentage is **three times** higher.

* Support mediation and families. Parents must put their children first, even if they divorce. Divorcing parents need communication skills to work cooperatively raising their children after divorce. I have successfully mediated divorce and small claims cases.

* Convicted criminals must be held accountable. Justice is due both to the accused and the accuser. Victims of crime have the right to be informed about criminal prosecution, sentencing and release; to be protected from offenders; and to recover restitution.

* All citizens deserve dignity and respect. Many people appear in court without lawyers. Citizens who cannot afford lawyers should not be disadvantaged. I care about people and will listen. Judges have the responsibility and authority to curb abusive lawsuits and tactics.

Judges must be independent, free from influence by special interests, and apply the laws fairly and consistently. I will apply the law as written and not substitute my personal views for the will of the people. Jackson County needs a judge with the recent trial experience that I will bring to the court.

Family: Married to Kathleen Casey for 14 years, daughter Anna, age 2.

As a trial Judge I will endeavor to be fair. I will draw upon my training and experience but also keep an open mind. I will wait to decide any issue until all sides have been a given fair opportunity to present the facts and argue the law. Ours is a nation of laws not men. Our courtrooms provide a forum for the peaceful resolution of disputes. In our courtrooms cases must be decided on the merits of the claims not on the status of the parties.

My grandfather was a policeman. My father became a lawyer in 1948 and is still practicing. I attended my first trial when I was ten years old. I tried my first case while still in law school. For the past 13 years I have worked as a prosecutor. I have been in Court virtually every day. I have worked with judges, attorneys, court staff, victims, police, probation officers, release officers, jailers, court reporters, juvenile counselors, special advocates, juries and the public; all the people who try so hard to give the people of Oregon a court system that is fair and efficient. I have learned from each of these contacts. I have the experience and ability to serve our community as a judge.

As a lawyer in private practice and current Director for the CASA program, I am keenly aware of the impact courts can have on the quality of life in our communities. I have come to appreciate that this impact can be long lasting and life changing for the parties involved, particularly for our children. As judge, one must be mindful of this impact.

Though a judge must preserve the credibility of our courts by remaining fair and impartial in their decision-making, it is also important that a judge be a positive influence in their community. A judge at work within their community will bring respect for the office as well as the law. It will be important to me to continue my community involvement.

My husband, Mike Dugan and I have lived in Deschutes County for 23 years. We raised our children, Daniel and Molly, here. I look forward to the opportunity to continue contributing to the quality of life here, by serving in this position.

Community. While our courts are currently dominated by criminal matters, it is important that our judiciary also be available to the Community for, and experienced in, resolving disputes between neighbors, businesses and families.

In my 17 years of practice, I have represented both plaintiffs and defendants in a wide range of litigation at both the trial and appellate court level. I also have extensive experience in transactional matters involving property, business mergers, contracts, and intellectual property.

As the most experienced member of the local bench, the Chief Justice has appointed me as the Presiding Judge for our counties since 1990. In my leadership role and with my day-to-day judicial duties I have learned judges must serve their communities both in and out of the courtroom.

Inside the courtroom I believe judicial services must be fair, timely and governed by law. I believe criminals must be held accountable for their behavior. The new Jefferson County jail will enhance our ability to hold criminals accountable in both counties.

Outside the courtroom I have helped develop services and programs to address courtroom and community needs such as: work-crew for probationers, education and mediation for divorcing parents with children, mediation for small claims and community disputes, drug courts, peer court for juveniles, Kids First and Boys and Girls Club.

Dear friends and fellow citizens of Grant and Harney Counties. Thank you for the honor of serving as your Circuit Court Judge this past term. It has not always been easy. JIM WHITE | Nonpartisan

OCCUPATION: Attorney

OCCUPATIONAL BACKGROUND: US Army; Coach; Small Business Owner

EDUCATIONAL BACKGROUND: BA, Linfield College, 1982; JD, Northwestern School of Law, Lewis and Clark College, 1990.

PRIOR GOVERNMENTAL EXPERIENCE: Circuit Court Judge, pro tem; Juvenile Court Referee

Jim White has made his home in Yamhill County for 24 years. As an attorney he has been involved in civil litigation, juvenile law, criminal defense, immigration and family law. He has been a Juvenile Court Referee since 1996 and is also a Circuit Court Judge, pro tem, volunteering his time in an effort to relieve the crowded court docket and help speed up the court process for Yamhill County citizens. He is a past president of the Yamhill County Bar and serves on the Board of Directors of the Yamhill County Bar and the McMinnville Chamber of Commerce. He has offered legal service free of charge to Linfield College students throughout his legal career.

Jim White's work as a judge has reinforced his belief that more attention is needs to be addressed to the juvenile justice system. "Although the duties of the bench require a variety of obligations, I hope to focus my attention on juveniles who come before the court. Dealing with potential problems early improves the long term efficiency of the court system, cuts costs and gives young people a framework for guidance and accountability."

As Yamhill County continues to grow, the court system will have to adapt to increased workloads on limited budgets. Because of this, judges may be called upon to step outside more traditional duties to serve as an advocate for the court system, in order to insure an adequate and efficient level of service for all citizens.

"Yamhill County is my home. Serving its citizens as a circuit court judge is one of the greatest privileges I could hope to have."
