

Voters' Pamphlet | May 21, 2002 Primary Election (Republican Candidates)

Dear Oregonian

As Oregon's Secretary of State, one of my most important goals is to make sure that every Oregonian has the opportunity to register and to vote. Your vote is your voice. Voting gives each individual the power to make decisions about who leads our state and what laws are passed - and I am working hard to provide every Oregonian with the information and inspiration they need to exercise their precious right to vote.

The Voters' Pamphlet is the most direct and complete source of information on candidates and issues in our state. I encourage you to use this document as a resource to help you make thoughtful, informed decisions as you vote. Remember: the ballot you cast in May will affect all of our lives and the future of our state.

The May 2002 election will be Oregon's second statewide primary conducted entirely by mail. Two years ago, a total of over 900,000 Oregonians cast ballots in the first vote-by-mail Primary. The high turnout during the 2000 Primary reversed a steady twenty-year decline in the number of Oregonians casting Primary Election ballots. In fact, it represented a 16 percent increase over the highest number of votes ever cast in a polling place Primary Election.

This year, I challenge Oregon to do even better. The nation is experiencing a disturbing decline in voter participation, particularly among young people. We stand the risk of losing a whole generation of voters. You have the power to guarantee that does not happen, and to change Oregon for the better.

- If you have never registered to vote, are at least 18 years old, and are a U.S. citizen, seize this opportunity to make your voice heard and help shape the future of our state.
- If you are registered to vote and have not voted recently, or are not excited about the choices available to you this election, remember that your vote is the best way to have an effect on who runs for office and what measures are put on ballots and enacted into law.

-
- If you regularly vote and will do so this election, please take the time to share with others the reasons you vote and encourage them to vote too.

I give you this challenge in the firm belief that WE, the people, ARE the government. The government is what we make of it. If we are not happy with the policies or priorities of those now making the decisions, we have the power and the responsibility to redirect government to match our needs. You have the power to change our government with your voice - and you have the power to change our world with your vote.

Sincerely,

Bill Bradbury
Secretary of State

P.S. You will notice that the ballot measures contained in this document are numbered 10, 11 and 13. This is not an error; the original Measure 12 was a legislative referral that was removed from the ballot at the request of the legislature and by order of the Marion County Circuit Court.

Information

General

Your official 2002 Primary Election Voters' Pamphlet provides you with information about measures and candidates that will appear on your ballot. The pamphlet is divided into separate sections for measures and candidates. You can find page numbers for the beginning of each of these sections, as well as the alphabetical index of candidates, in the table of contents on this page.

Material in the measures section includes the state ballot title, estimate of financial impact, the complete text of the proposed measure, an impartial statement explaining the measure and any arguments filed by proponents and opponents of the measure.

The estimate of financial impact for each measure is prepared by a committee of state officials including the Secretary of State, the State Treasurer, the Director of the Oregon Department of Administrative Services and the Director of the Department of Revenue. The committee estimates only the direct impact on state and local governments.

The explanatory statement is an impartial statement explaining the measure. Each measure's explanatory statement is written by a committee of five members, including two proponents of the measure, two opponents of the measure and a fifth member appointed by the first four committee members, or, if they fail to agree on a fifth member, appointed by the Secretary of State. Explanatory statements can be appealed and may be changed by the Oregon Supreme Court.

Citizens or organizations may file arguments in favor of, or in opposition to, measures by purchasing space for \$500 or by submitting a petition signed by 1,000 voters. Arguments in favor of a measure appear first,

followed by arguments in opposition to the measure, and are printed in the order in which they are filed with the Secretary of State's office.

Additionally, the state measures were referred to Oregon voters by the Legislature and you will find a "Legislative Argument in Support" for each of these measures. Oregon law allows the Legislature to submit, at no cost, an argument in support of each measure it refers to the people.

In the candidate section, partisan candidates appear before nonpartisan candidates. Every two years, at the primary election, the order in which each major political party's candidates appear is rotated. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law--pertaining to occupation, occupational background, educational background and prior governmental experience--has been certified by each candidate.

Miscellaneous voting aids, including congressional and district maps, drop site locations and a complete list of the state measures and candidates, are also a part of the Voters' Pamphlet. In an effort not to duplicate the printing of information, some of these voting aids are not a part of the state Voters' Pamphlet, but instead are included in your county Voters' Pamphlet, if your county has produced a Voters' Pamphlet.

The Voters' Pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the Voters' Pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county election offices.

RANDOM ALPHABET

While the candidates' statements appear in alphabetical order by their last name in this Voters' Pamphlet, you will notice that they appear in a different order on your ballot.

Pursuant to ORS 254.155, the Secretary of State is required to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2002 Primary Election is:

W, H, G, B, K, T, I, F, A, Z, D, O, U, N, M, E, J, C, V, S, R, Q, X, L, Y, P

Most of the information contained in this Voters' Pamphlet is also available in the Online Voters' Guide on the World Wide Web at <http://www.sos.state.or.us/elections/may212002/may212002.htm>

ATTENTION:

The State of Oregon prints measure arguments and candidate statements as submitted by the author. The state *does not correct* punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

VOTE BY MAIL

What is Vote by Mail?

Vote by Mail is a method of conducting elections. Instead of using traditional polling places where voters go

to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

When are the ballots mailed to the voters?

Ballots are mailed between the 18th and 14th days before the election.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated drop site.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at drop site locations elsewhere in your county. For further information, call your county elections official.

What if I make a mistake or need a new ballot?

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by May 16. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by April 30 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated drop site in the state. The times and locations of drop sites are listed in the Voters' Pamphlet and are also available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 34¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated drop site by 8:00 p.m. on election night. Postmarks do not count!

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8:00 p.m. on May 21, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8:00 p.m. election night and will continue to be updated through election night until all ballots have been counted.

VOTERS WITH DISABILITIES

If you are unable to vote your ballot without assistance, because of a physical disability or because you are unable to read or write, contact your county elections official. They will provide two persons to assist you in voting. In order to assure the county receives your voted ballot by Election Day, contact your county elections office early to arrange for assistance. You may also select someone else of your own choice to assist you.

A cassette edition of the Voters' Pamphlet is available for Oregonians who cannot read standard print due to a visual or physical disability. To order a cassette of the Voters' Pamphlet, please contact Independent Living Resources at 503-232-7411.

UNITED STATES SENATOR

GORDON H. SMITH | Republican

OCCUPATION: United States Senator

OCCUPATIONAL BACKGROUND: Smith Frozen Foods

EDUCATIONAL BACKGROUND: Southwestern University, J.D.; Brigham Young University, B.S.

PRIOR GOVERNMENTAL EXPERIENCE: United States Senator, 1997-present; Oregon State Senator, 1993-January, 1997; President of the Oregon State Senate, 1995-1996

**U.S. Senator Gordon Smith
Leadership for a Stronger Economy and
Better Quality of Life**

From the silicon forest to the Douglas Fir forest to the family farm, Senator Gordon Smith is working to improve Oregon's economy and quality of life by reducing taxes on families, promoting more balanced natural resource policies, and providing better schools.

Providing Tax Relief

Senator Smith believes that Oregon families and small businesses should keep more of what they earn. In the Senate, he worked for passage of the President's tax cut package, which provided tax relief for over one million Oregonians; authored a tax depreciation measure that will help create jobs in Oregon's struggling high-tech industries and farms; and worked to expand tax-deferred education savings accounts that now help Oregonians meet rising tuition costs.

Protecting Oregon's Rural Communities

Gordon Smith knows firsthand that Oregon's economy depends on the careful stewardship of the land and sea. That's why he has worked in the Senate to reform many flawed and outdated regulations; worked to ensure that environmental protection is based on sound science, not political science; and promoted a common sense approach to federal forest management and sustainability for communities that rely on forests.

Improving Oregon Schools

Senator Smith believes that every child should have the opportunity to receive a world-class education. Over the years, he has worked to increase parental involvement and local control of education spending, and increase accountability for achieving academic standards. Moreover, the Senator has authored legislation that provides more resources for teacher quality and training, provides communities greater flexibility in following education programs, and helps schools reduce student drop-out rates.

JIM GREENFIELD | Republican

OCCUPATION: Radio Talk, KKG 1150 am, 3:00 - 5:00

OCCUPATIONAL BACKGROUND: Attorney; Businessman; Goldsmith Foundation Trustee; Selection Committee- Goldsmith Prize for Investigative Reporting, Harvard University

EDUCATIONAL BACKGROUND: B.A., Cornell-Government; J.D., University Pennsylvania Law School

PRIOR GOVERNMENTAL EXPERIENCE: None

"Politicians think they fix problems by creating bureaucracy and raising taxes. When's the last time you heard of politicians abolishing some agency which was obsolete and riddled with corruption? Government spends \$2 trillion per year, two-thirds of it on wasteful welfare state programs and giveaways not authorized by the Constitution. I challenge any politician to find one word in the Constitution which authorizes government to create this huge bureaucracy, corporate welfare, and wasteful giveaways. I'll balance the budget by abolishing programs not authorized by the Constitution. I won't spend \$1 to sustain this bureaucratic morass.

"Abolish the IRS. There's no place in a free country for an agency which inspires fear, snoops into private information, withholds money from paychecks, and forces them to waste days compiling records and filling out forms. I'll replace income tax with a small value added tax.

"I won't seek one nickel for pork. Instead I'll save money for Oregon taxpayers by fighting against Congressman who indulge in wasting taxpayer money in their districts for the purpose of buying re-election. Politicians who engage in pork barrel spending should be in prison, not in Congress.

"Terrorist " sleeper" cells are in our country. There's one way to prevent the next attack, which could involve nuclear weapons - and make Sept 11 look like child's play. Until our national emergency passes, remove terrorists from our midst. I'll introduce a bill requiring men under age 45, here less than 10 years, not American citizens, to leave from countries such as Saudi Arabia, Iraq, Iran, Afghanistan, & Palestine. After two years they could return. Visiting the U.S. is a privilege, not a right. We've every right to temporarily withdraw this privilege to prevent attack."

PRIOR GOVERNMENTAL EXPERIENCE: State Senator and Representative; staff, U.S. Congress and Oregon Legislature.

Greg Walden...making a difference.

When the government denied water to Klamath Basin agriculture, Congressman Walden took up their cause and continues fighting for what's right.

"Give Greg Walden some extra credit. The Oregon 2nd District congressman has been a strong leader in the effort to get water for farmers on the Klamath Reclamation Project...Walden's been going the extra mile for his constituents." Klamath Falls *Herald & News* 05/04/01

Greg Walden...a father and husband who cares about quality education.

With a son in middle school, Greg and his wife know the importance of a quality education. He's supported additional resources in the classroom, more local control, and more accountability from our schools. He's worked hard to make college more affordable and provide record funding for student grants.

Greg Walden...a strong voice for a secure America.

Greg supports President Bush's call for a stronger defense, and better pay and training for our men and women in uniform. He's working to make sure the government keeps its commitment to our veterans.

"His actions on our behalf were instrumental in the return of medical benefits to the retirees of Oregon and to the 1.4 million eligible retirees nationwide." Len Gagne, CPO U.S. Navy (Ret), Medford.

Greg Walden...an experienced small business owner.

Too many Oregonians have lost their jobs. Greg understands our rural economy. For nearly 16 years, he and his wife have owned and operated a small business. He's supported tax relief and incentives to get the economy going again.

Greg Walden...understands our problems.

He's working hard to ensure affordable health care, energy and prescription drugs.

Dear Neighbors,

Yes, I am new on the political scene. I am a patriotic mother of four. With children in public school; one child in Special Ed., I know first hand the system's successes and failures. I am facing the reality with many of you our schools are not improving with the same old recipe of throwing more money at the problem. It's time for restructuring our schools under the new programs of President Bush.

The old way of correcting the problems has failed. No matter how you dress up the classroom, or dance around the issue, the reality is: our schools are failing our citizens of tomorrow. I share the President's passion for early reading and believe that reading is the master key that opens the door to a child's education. It's time to get serious on this issue.

The Oregon job scene also plays a major factor in our educational system. Unless we can attract small and big business to Portland, and retain that business, we will not have stable funding for our schools. I will work hard to grow Oregon business and help create new jobs for working families.

I am also committed to promoting jobs as well as protecting the environment and our natural resources. I urge all of you to cherish Oregon's wildlife and natural resources. I believe the balance between jobs and natural resources can be achieved.

Best Wishes for a Safe and Successful future,
Sarah Seale

PRIOR GOVERNMENTAL EXPERIENCE: Lieutenant Colonel, Special Forces, US Army, Central and Perrydale School District Budget Committees

ORGANIZATIONS: Boy Scouts (Eagle), Veterans of Foreign Wars, American Legion, National Federation of Independent Businesses, Elks

FAMILY: Peggy, six children.

Character and real experience matters!

"I'm a constitutional republican. I believe in better education, smarter defense, affordable health care, respecting seniors, less government, local control, and life, liberty and the pursuit of happiness."

Brian says consolidate federal education programs, agencies, bureaucracy then mandate 95% of federal education dollars to classroom instruction under local control and accountability.

Brian is pro-defense and pro-veteran and is a veteran. Spend wisely not blindly ... that takes experience not flashy publicity.

Brian wants an economic stimulus package, permanent elimination of the death, marriage and capital gains taxes. Cut the IRS. Simpler is fairer!

Brian says save Oregon for our children not from our children. Federal bureaucrats have proven how not to tell the truth. It is time for Congress to prove "citizens" are the government.

Brian says honor seniors. No cuts. Provide flexible affordable prescription care. Safeguard their future while rebuilding ours!

Brian says prosecute criminals, enforce existing laws, and support the U.S. Constitution.

Brian supports parental notification.

"A strong economy in the future means supporting small businesses and families now. A smart defense means taking the fight to the terrorists not running away from Washington DC. A strong defense means supplying the troops in the field not funding pork barrel projects. Congress is not a choir, tough decisions take leadership. We must balance economic issues, defense spending, transportation, and education funding. I will use my 26 years of business, military, education, and international experience on five continents as a voice of leadership for positive change."

My life experiences have taught me how to get from the impossible to the possible and how to turn from the doubtful to the hopeful. This is the spirit of leadership I propose - knowledgeable, decisive, and assertive- for a new Oregon."

Jobs and Economy: We must seek prosperity through balance, utilization and diversification; create jobs by encouraging business and industry; provide an even playing field for farmers through deregulation and trading opportunities while enforcing "fair trade."

Taxes: I support President Bush's tax reduction act and will oppose efforts to repeal it. The government should not keep your money in times of federal surplus. I support the President's stimulus plan. The additional targeted tax cuts are needed to promote economic recovery.

President Bush: Great leadership: character, integrity, vision and fortitude. Like him I will extol our values, provide vision, encourage unity, and strengthen our resolve to protect our nation and freedoms.

Defense: America is at war. I support additional funding for our military and intelligence services.

Education: I believe funding needs to be targeted at classrooms. I support smaller class sizes, increased funding of the "No Child Left Behind Act," giving teachers the tools needed to provide

a disciplined and focused environment, and standardized testing to measure our progress towards our educational goals.

EVERY LAW WE PASS COSTS US A LITTLE MORE MONEY AND A LITTLE MORE FREEDOM.

LESS GOVERNMENT AND LESS TAXES

W. Ames Curtright will work to **downsize government**. When businesses cut back, our government must do the same. Oregon businesses are the heart of our economic engine and must

be encouraged to flourish. Thriving businesses hire more people. "Let's get government off the backs of our businesses. **Let's deregulate to stimulate business and create new jobs.**"

FORESTS / ENVIRONMENT

W. Ames, a scientist, will be "The Flying Governor". He will work to increase Oregon's watersheds, phase out clear-cutting on State and Federal forest lands and **restore our fish.** He will **fight global warming** through increased reforestation and old growth protection.

PRISON AND MENTAL HEALTH REFORM

W. Ames will increase treatment programs in mental health including schizophrenia and drug and alcohol addiction. Enough is enough. Prisons should be for violent offenders, not for those with mental health conditions.

EDUCATION

As a former teacher, will initiate and support legislation to allow teachers and educators more freedom to use discipline. He supports home schooling, and state and federal funding for private schools. He feels Morality and Ethics need to be taught at the three levels of education. He seeks **to create three new trade high schools** in Oregon. "Give kids a goal and we give them identity."

PAT FAHEY | Republican

OCCUPATION: Businessman

OCCUPATIONAL BACKGROUND: Owner, Southern Oregon Sanitation

EDUCATIONAL BACKGROUND: Southern Oregon University, BA in Business; Grants Pass Public Schools

PRIOR GOVERNMENTAL EXPERIENCE: Rogue Community College Advisory Board; Rogue Valley Council of Governments Senior Advisory Council

Pat Fahey on the Economy:

While Josephine County suffers an 11 percent unemployment rate, job creation should be our number one priority. We need to streamline regulatory processes; ensuring job cuts based on environmental decisions are justified by sound, verifiable science.

Pat Fahey on Protecting Seniors:

Our seniors need a strong advocate in Salem. We need to protect the common sense programs like Medicare that help Oregon's seniors remain independent and maintain choices related to their care. In addition, we must give seniors the respect they deserve by limiting property taxes and the cost of prescription drugs, while protecting Social Security for all Oregonians.

Pat Fahey Supports Parental Notification and Informed Consent:

I am a staunch supporter of parental notifications and informed consent related to abortion. In addition, I do not support partial birth or late term abortion.

Pat Fahey on Education:

I will fight hard to provide adequate funding for our education system. As a member of the Rogue Community College advisory board, I have witnessed cuts in the state system resulting in higher tuition and fewer class offerings for rural Oregon schools. We need a system that requires accountability and measures performance while maintaining local control.

Pat Fahey on Taxes and Spending:

No sound economic model outlines a tax increase in the midst of a recession. Decisions to raise state revenue should be made as part of a total review of our tax system, rather than a matter of political expediency.

"The Rogue Valley needs a leader like Pat Fahey representing our interest in the state legislature. Pat will take his experience running a successful business to Salem to help Oregon." -Brady Adams

Major Areas of Concern: Budget Growth Re-evaluation; Regional and Statewide Economic Development; Adequate Emergency Services; Ongoing Funding for Education; Funding for Senior Citizen Services; More Local Government Control

Goals and benchmarks on all programs need to be reassessed to assure accountability in order to attain program and budgetary goals.

We need to create family wage jobs in our communities so our children do not have to leave the area in order to have a decent paying job.

We need to assure that we have adequate emergency services police, fire and medical. These programs need solid funding.

Education funding is a prime concern and needs to be financed with long term funding. Our children are our future.

We need to streamline the processes to assure our senior citizens of the funding necessary for programs that are pertinent to meet life's needs.

The state should be concerned with policy making and allow municipalities and counties to make their own decisions within the policy guidelines.

I have been involved in this area my entire life and have the experience necessary to make changes in our legislative process and our state government. As a lifelong Medford resident with hands on experience I will represent Medford and the Southern Oregon Region extremely well in the Legislative process.

GREG MCNEILL | Republican

OCCUPATION: Student

OCCUPATIONAL BACKGROUND: Retail Dept. Manager

EDUCATIONAL BACKGROUND: Current student in political science-University of Oregon

PRIOR GOVERNMENTAL EXPERIENCE: None

I support responsibly funding schools. This means that if teachers need more pay than special money should be allocated for teacher pay. If schools need more books or desks, I will fight for money for desks and books. Too often candidates use these things to bank roll schools but the money is spend on new administrators and silly programs instead of books and teachers. As the son of two teachers and someone who has been a student in Oregon for the past 16 years I have seen the flaw in funding and now want it to change.

We as a state need to spend more money on higher ed. It is wrong that we are cutting funds to in this area. We need to develop the University of Oregon into our major university, comparable to the University of Washington, UCLA and other top 50 colleges. In an attempt to make things even between U of O and OSU we have compromised our whole university system. I will fight to make the U of O a top 50 school.

Clearly it is important to protect our environment. What we need to understand is that we have and depend on a natural and a created environment. If elected I will strive to find a balance between the two. It is wrong to sacrifice one environment for the other. If elected I will work to preserve and advance this balance.

Things such as drinking age and drugs should be left up to the state to decide, not the federal government. While I would only favor lowering the drinking age to 20 and would not favor legalizing any drugs these are issues that the people of Oregon should be allowed to decide for themselves.

OCCUPATIONAL BACKGROUND: Sales and general retail management for national retail and sales chains throughout Oregon.

EDUCATIONAL BACKGROUND: Academic and Minority Scholarship recipient at Central Arizona College. Continuing education at Lane Community College as time allows.

PRIOR GOVERNMENTAL EXPERIENCE: None

My political experience has been structured around helping to building the Oregon Young Republicans organization into the vibrant and growing group that it is. I am excited at the enthusiasm that young people have found in the political process and the hunger they have for knowledge and understanding of our nation's history and founding as well as the current events of today. The Oregon Young Republicans have been an integral organization in reaching out to younger people between the ages of 18 and 40 and bringing them into the political process and educating them about the issues and challenges facing them today and in the future. It is so vital that we continue to reach out to the younger generations and talk to them and empower them to make the choices they must and learn what they will so that they can be the strong, wise and just

leaders of tomorrow. My message is one of understanding and insight. I understand the issues and challenges we all face in our everyday lives, but have a keen insight into the thoughts and concerns that the youth have for their future as well.

It is my hope to serve as a leader and continue to bring a new generation into the political process that will continue to carry the hope for a better and brighter future. For campaign info you can find me at www.yrleaders.com or www.oregonyoungrepublicans.com

Philosophy and Policy

Urban extremists are working day and night to destroy Oregon's rural economy, and compromising with extremists is not a viable long-term strategy. I think it's more important to do what's right than make deals with people doing wrong.

Oregonians have lost control of their government. Regulations putting loggers, miners, farmers and others out of work have no basis in law, science or common sense, yet Oregon legislators don't act to stop them. Most people don't realize how radical the bureaucrats have become, because newspapers conceal the truth, and praise only those who seek consensus.

I will fight to expose what is really going on in government, and am not afraid to attack the powerful. You can confirm this by typing my name into any Internet search engine, or reading the articles posted at www.buchal.com.

Above all else, I will fight to restore local control and prune back the growth of the state and federal governments. Local school boards, mayors and county commissioners ought to be making the key decisions that affect their communities, not remote bureaucrats pursuing radical agendas. My litmus test for any bill will be whether it puts more power in the hands of the People.

Once upon a time, Republicans fought to contain government. But our Republican incumbents managed to increase the state budget 15% in just two years. And after they spent too much, they

raised taxes and borrowed more instead of cutting spending. The state government is drunk on taxes, and leaking money from a thousand holes, much of it pure waste. The People can stop this nonsense, but only if they elect me and others like me.

PERSONAL: 45 years old, married 24 years to Nate, 1 daughter Tess. Member St. James Catholic Church, Molalla, Clarkes Grange and Oregon Historical Society

As a native of District 18, Tootie Smith has a clear understanding of what it means to live, raise a family and operate a business in this unique part of Oregon.

Taxes

Government should limit new taxes. The best way to stimulate Oregon's economy is to give workers more of their tax dollars. I believe government can be more efficient with the money they already have.

Education

Nothing should compromise a fully funded K-12 public education system. I will work to eliminate unnecessary mandates that restrict schools, and will fight to keep class sizes small. Good jobs come from good schools.

Jobs and Economy

Oregon families want more than unemployment checks they want a paycheck. Oregon's economic security can be summed up one way jobs! Find creative ways to attract industry and small businesses to Oregon. Limit unnecessary state regulations that hinder job growth and insure taxes do not restrict business growth.

"When it comes to education, you don't have to worry about Tootie. She worked in education and she understands schools. She always supports education."

RECOGNITION: 2001 "Newcomer of the Year" Oregon Farm Bureau Family Farmer and Rancher Hall of Honor

Dear Friends,

I have been honored to represent you in the Oregon Legislature during these challenging months for our country and for our state. When I first campaigned, I promised you leadership and commitment to the priorities we share. If re-elected, I will continue to work hard and be committed to our values:

I will continue to be a strong voice for Oregon's taxpayers. This last session I voted NO to allow the state to keep part of your kicker. I have continued to fight for efficient government and holding the line to avoid tax and fee increases.

I will continue to work for our public safety. In 2001 with bipartisan support I brought agency management and unions together to reorganize the Department of Corrections and the Oregon State Police. This resulted in saving over \$16 million, maintaining vital corrections programs and restoring 46 state troopers.

I will continue to help farmers protect their crop investments and keep government from unnecessarily getting in the way of small business owners. I had great success in toughening our agricultural lien laws this past session and will continue to work for farmers, small businesses and families to improve our economy.

And most of all, I will continue to fight hard for my constituents and be a person with vision and integrity.

I appreciate your support now and in the future.

IRV BLAKE | Republican

OCCUPATION: Semi-retired

OCCUPATIONAL BACKGROUND: Insurance

EDUCATIONAL BACKGROUND: Graduate, University California

PRIOR GOVERNMENTAL EXPERIENCE: I am a lifelong Republican. and have worked for the election of Republicans most of my life. Now I am asking Republicans to help me.

I have written numerous Guest Opinions, published in the *Statesman Journal* or the *Itemizer Observer*.

I have also testified on behalf of Oregonians before legislative committees and in state agencies. While doing so, I learned that we need to establish a system of legislative oversight for Oregon state agencies. Our legislature appropriates your taxpayer dollars to run the state, but has little control as to how those dollars are spent. .

In 1997 the State House of Representatives passed a bill which increased our gas tax by 9 cents per gallon, despite testimony that over the preceding 15 years the gas tax had tripled, going from 8 to 24 cents, without the state improving the quality of Oregon roads. One of the representatives who voted for the bill admitted that he didn't think additional money would do a thing to improve Oregon's roads. I asked another Representative why he voted for the bill, he replied, "We need roads in Eastern Oregon." When asked if he thought that the tax would provide those roads, he said "that is not my responsibility".

I disagree with this former State Representative, I believe that it is the responsibility of our legislators to see that your tax dollars are well spent, and if you let me represent you I shall press the legislature to establish interim committees to oversee our various state agencies. They will be charged with the responsibility to review the manner in which tax dollars are spent, and the way state agencies serve the people of Oregon.

Call me at [503]371-3876, or go online to www.irvblake.com. For a better, more responsive Oregon state government elect Irv Blake your State Representative in House District 20.

What will Derrick Kitts fight for in Salem?

Exactly what he says he will...

We need a representative that remembers who sent them to Salem. As a small businessman, volunteer wrestling coach and graduate of Portland State, I understand the greatness of our State. With your help, we will see to it that Oregon's Greatest days lie ahead.

Derrick Kitts will fight to...

GET EDUCATION DOLLARS IN THE CLASSROOM

Education spending in Oregon has set record levels over the last four years and yet we once again face budget shortfalls. We must fight to ensure education dollars go to the teachers and directly into the classrooms!

Derrick Kitts will fight to...

GIVE SENIORS THE HEALTHCARE THEY DESERVE

The Greatest Generation and so many others deserve to be treated with dignity and respect in their senior years. One way we can ensure they are given that respect is to fight for access to the Oregon Health Plan.

Derrick Kitts will fight to...

CUT WASTEFUL SPENDING

We must fight for the programs that make Oregon stronger and fight to cut programs that enhance Salem's bureaucracy. We deserve to have a representative who puts a taxpayer's priorities over their own political future.

If you believe as I do about these issues, I would appreciate your vote.

JOE MEYER | Republican

OCCUPATION: Principal, Joseph H. Meyer Savings and Investment, member firm, National Association of Securities Dealers; Sales Associate, King Realty.

OCCUPATIONAL BACKGROUND: Registered Representative; Birr, Wilson and Company; Trust Administrator, Bishop Trust Company; Trust Administrator, First Interstate Bank.

EDUCATIONAL BACKGROUND: Black Hills State College, BS, Business.

PRIOR GOVERNMENTAL EXPERIENCE: Past Chairman, Tillamook Fire District Budget Committee; Past Chairman, Kilchis Regional Water Advisory Committee; Past President, Latimer Road Water Association; Commissioner, Northwest Oregon Housing Authority.

COMMUNITY SERVICE: Hospice, volunteer; Kiwanis, past director.

FAMILY: Wife Sue; son Joey, 8; son Trent, 5.

WHY JOE GOT INVOLVED

It is essential to preserve and recruit economic opportunity. We want our kids to grow up and stay here to raise their own families...not move on because of limited opportunities. I believe in balancing economic and environmental objectives.

PROTECT WHAT'S OURS'

The dairy industry, forest revenues, and fishery/hatchery programs should be protected, promoted and enhanced.

Building a home to shelter ones family is the American dream. It should be an outright use on private land without unreasonable restrictions.

School funding is essential. Our schools need our support. Good schools and good government will attract good jobs.

Advice and consent should be sought from property owners before any actions are taken that would change, or limit property use.

Public employees joining with private sector employees to promote good quality economic development can provide the funding to meet the social needs of our youth and elderly.

Generations have cared for this land and exported food and timber. Now we are exporting our children. Something is wrong. Let's make a change.

EDUCATIONAL BACKGROUND: BBA Evangel University 1986

Family: Brian and his wife, Joanne, a local pediatrician, live in the Cedar Mill area of NW Portland. They have two young children. Brian is an avid runner, skier and general outdoorsman.

"Common Ground"

Every side of the political debate has deeply rooted beliefs that they are passionate about. I may not always agree with my colleagues, but we **MUST** look for Common Ground in order to solve Oregon's pressing problems. Labels such as radical, left wing and right wing, do nothing to foster open communication that is necessary to reach a mutual understanding. Issues such as good jobs, our children and the environment are important to us all. I ask for your vote to allow me work with all sides to look for Common Ground.

Economic Stability for Oregon

Oregon cannot build its economic base solely around 1-2 major corporations. The recent recession is a clear signal that we need a wider and more diffuse tax base. Areas like biotechnology, ecotourism and others offer great potential if they are fostered and funded correctly.

Our first priority is our children

I will do more to protect and foster healthy children. I will see that Oregon provides the necessary resources that encourage the development of a strong family unit. I support increased tax deductions for college or job training and increasing need-based student loans.

Stewardship of our lands and environment

I am committed to consistently bring all interested parties to the table to develop a higher level of trust and mutually defined workable strategies that protect our natural resources, yet provide alternatives for economic growth.

Fiscal Responsibility

I believe in appropriate taxation, wise spending and heavy investment in our future. Recipients should be help accountable for the monies they receive.

OCCUPATION: Residential Counselor

OCCUPATIONAL BACKGROUND: Attorney, Artist

EDUCATIONAL BACKGROUND: Thomas M. Cooley Law School, The University of Michigan, Sterling Heights High School.

PRIOR GOVERNMENTAL EXPERIENCE: Alternate State Delegate, Precinct Delegate, Legislative Intern

District 48 is a new district that deserves a new representative. I vow to never vote to raise your taxes, nor to abandon the Republican Party as did our old District 10 Representative Jan Lee, nor to run against the will of people, as Rep. Randy Leonard is doing. Oregonians approved term limits in 1992, and to run again due to the Oregon Supreme Court throwing out the initiative shows a lack of respect for the will of the people.

I vow to try to change the law that Vera Katz and the Portland City Council cited to bring shame to the State of Oregon. No state law should be on the books that would interfere with the rightful questioning of individuals who the federal government thinks may have knowledge that could avert terrorist acts in Oregon or elsewhere in our great nation.

I have lived in Happy Valley just south of Portland since 1998. I started out at The University of Michigan as a Political Science major. I went to law school not to become an ambulance chaser, but to serve the American people in elected office. I am 40 years old, and am full of energy and resolve to cut pork out of the state budget, including freebies for illegal aliens, advertising the lottery, etc. I am also committed to challenging old thinking on such issues as industrial hemp, creating jobs and lessening our dependence on wood.

I will do my best to bring honor to District 48 by serving it with distinction. I promise to personally answer every letter and email I receive from my constituents. My email address is wrathe112002@yahoo.com.

I will stand up for you in Salem.

Karen Minnis on Education

No issue is more important than providing a quality education for our kids. I will continue to:

- Defend against education cuts
- Insure classrooms are given key resources
- Refine school-to-school evaluations and accomplishment ratings
- Give kids real-life skills and preparation

Karen Minnis on Women and Seniors

As Majority Leader I was able to push through important legislation affecting women. We established a pay equity taskforce, provided unemployment benefits to victims of domestic violence and helped protect our young women by strengthening laws for crimes involving the "Date Rape" drug.

I care about seniors. That's why I helped defend against dramatic cuts to key senior programs. It's also why I helped pass legislation to lower the cost of prescription drugs.

Karen Minnis on the Economy and Government Spending

I believe that we need to protect families from unnecessary new taxes and financial burdens and that it all starts with a healthy economy and jobs. If people are working, taxes are collected and state government can provide needed services. Government shouldn't be treated differently than everyday families when it comes to managing finances. If families can stay within their means...so should government and that is the foundation of my philosophy.

Clackamas County Coordinator, Gordon Smith for US Senate Campaign; Precinct Committeeperson

Linda Flores on Education I strongly believe school funding should go directly to the classroom. Local schools should determine their own spending and curriculum standards free from state and federal mandates. Further, our children should be challenged to read and write at a higher level than current state standards.

Linda Flores on Limiting Taxes It is a reality that taxes are necessary to fund government operations. However, creating new taxes or raising current taxes to fund inefficient state agencies is unacceptable. If elected as your State Representative, I will work to make sure Oregonians receive the benefits of a fiscally-responsible state government.

Linda Flores on Protecting Seniors Oregon seniors need a dependable voice in Salem. As your legislator, I will work to protect programs like Medicare that help Oregon's seniors remain independent and limit the cost of prescription drugs. We must also give our Veterans and seniors the respect they deserve by limiting the price of property taxes and working to make public safety a priority.

Linda Flores for Efficient Government As your State Representative, I will work to streamline the inefficiencies of our institutional bureaucracies. Less government is the best government, and local community government is the best way to address community concerns.

Duties and Responsibilities of Republican Precinct Committeepersons

President Bush has worked hard to earn the trust of Oregonians and to bring his message of positive, American ideals to our state. He is counting on us to continue to spread his message across the state of Oregon and to win Oregon in 2004.

Precinct committeemen and committeewomen are the grassroots representatives of the Republican Party in Oregon. Precinct Committee Persons (PCPs) "put a face" on the party in their neighborhoods and communities, attend regular meetings of their county Republican central committee helping to set the party agenda in the county and help to spread the Republican message at the local level.

As a PCP you have a voice in selecting Republican Party leadership in your county, the state and nationally - you may even seek a leadership position yourself. County leaders help select the state party leaders who in turn participate on the Republican National Committee and elect the national party leaders.

PCPs are often called on by Republican candidates to help with grassroots campaigning. You may be asked to "walk" your precinct with a candidate, introducing the candidate to friends and neighbors. Or, you may be asked to distribute campaign materials. You will become the Republican Party in your community.

As you work to spread the Republican message and elect Republicans to office, please keep in mind the following accomplishments of Republicans who have consistently fought for the rights of every citizen.

- 1872 "The first official recognition of women in a major party platform..."
 - 1884 Promotes the eight-hour workday
 - 1916 The first major party to endorse the right of women to vote.
 - 1940 Platform includes a call to racially integrate the armed forces.
-

-
- 1953 President Eisenhower appoints the first women, as Secretary of the Department of Health, Education and Welfare and US Ambassador to Italy, a major power. They are Oveta C Hobby and Clare B. Luce, respectively.
 - 1954 Supreme Court declares segregation illegal. Eisenhower integrates Washington DC schools.
 - 1964 Civil Rights Act basically suspends the use of literacy tests and other devices aimed to keep blacks from voting.
 - It passes the House with 85% of Republicans voting yes.
 - 1981 Reagan tax cut of 25%.
 - 1994 Representatives Newt Gingrich and Dick Armey's "Contract with America" bold plan that led to a balanced budget and welfare reform.

This fall, Oregon Republicans will work to retain and extend our majorities in both chambers of the Oregon Legislature, send new Republican representatives to the United States Congress, reelect Senator Gordon Smith, elect a Republican Superintendent of Public Instruction and elect a Republican Governor. PCPs will have key roles in bringing about these victories.

While Republican precinct persons are encouraged to support the candidates of their choice in the primary election, it is expected that PCPs as representatives of the party during the general election will support all Republican candidates receiving the party's nomination.

If you would like more information about the Oregon Republican Party, or would like to be more involved with the GOP in Oregon, please call our state party headquarters at (503) 587-9233. You may send e-mail to info@orgop.org or visit our website at www.orgop.org

You cannot further the brotherhood of man by encouraging class hatred.
You cannot help the poor by destroying the rich.
You cannot keep out of trouble by spending more than you earn.
You cannot build character and courage by doing for them what they could and should do for themselves.**
