Oregon Primary Election
May 19, 2020

Certificate of Correctness

I, Bev Clarno, Secretary of State of the State of Oregon, do hereby certify that this guide has been correctly prepared in accordance with the law in order to assist electors in voting at the Primary Election to be held throughout the State on May 19, 2020. Witness my hand and the Seal of the State of Oregon in Salem, Oregon, this 6th day of April, 2020.

Bev Clarno
Oregon Secretary of State

vote!

Oregon votes by mail. Ballots will be mailed to registered voters beginning April 29.

BEV CLARNO
SECRETARY OF STATE

ELECTIONS DIVISION
STEPHEN N. TROUT
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Oregon Voter,

The information this Voters' Pamphlet provides is designed to assist you in participating in the **May 19, 2020**, Primary Election.

Primary elections serve two main purposes. The first is for all voters to be able to cast ballots for candidates for nonpartisan offices like judges and some county and other local offices. The second is for the voters registered with a major political party to select their nominees for partisan office like US President.

Those registered as not affiliated with a political party, or registered with a minor party (Constitution, Independent, Libertarian, Pacific Green, Progressive, Working Families) will receive a ballot that includes only nonpartisan offices. The US Supreme Court has ruled that political parties get to decide who votes in their primaries so unless you are registered as a Republican or Democrat you will not have candidates for President or any partisan office on your May Primary ballot. You will have them on your November 3 ballot.

The biggest threat we have to elections today is misinformation. It can be found in many sources – social media, mainstream media, email lists, text message chains and mailers. Misinformation can even be spread through candidate statements in this voters' pamphlet. Candidates pay a fee to have the statements printed and they are not fact checked. In fact, Oregon courts have ruled they cannot be fact checked.

We recognize that with unlimited sources of information it can be challenging to find information that is accurate and trustworthy. Fortunately, there are some simple questions you can ask yourself to help identify misinformation: 1) Is there any data or evidence presented to support the information? 2) Does this information seem designed to push my political buttons? 3) Is there something about this information that doesn't seem right or too bizarre to be true? 4) Who is sharing this information? 5) Does this individual or group have an agenda? Be an informed voter and don't believe everything you see or hear.

Ballots will be mailed beginning April 29. After you have filled out your ballot, you can return it by mail or take it to any official drop box. If returning by mail, no stamp is necessary because, under a new law, the postage has been pre-paid by the state. Remember your ballot must be physically received at a county elections office or in an official drop box by **8 pm May 19**. Postmarks do not count! To track your ballot or to find your nearest drop box, visit oregonvotes.gov/myvote.

My goal as Secretary of State is to maximize voter participation and access while ensuring election integrity so that our democracy can be strong and vibrant. You can have confidence that our elections are secure and accurate and that every vote counts. I encourage you to study the issues, make your voice heard and participate in all elections.

Sincerely,

A handwritten signature in cursive script that reads "Bev Clarno".

How do I vote in Oregon?

In Oregon, we vote by mail. There are no polling places. Instead you can complete your ballot anywhere you choose. There are privacy booths available at your county elections office.

Your county elections office will automatically mail you a ballot packet for every election that you are eligible to vote in. Inside the packet, you will find the ballot and instructions on how to complete and return the ballot. [Follow the instructions!](#)

What if my ballot doesn't come?

For this election your ballot packet will automatically be mailed to you between **April 29** and **May 5, 2020**. If you have not received your ballot packet by **May 8**, call your county elections office.

What if I've moved?

Ballots are not forwardable. If you were registered to vote by **April 28** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

How do I get a ballot if I will be out of town when ballots are sent?

Absentee ballots are available 45 days before the election. You must complete the Absentee Ballot Request Application at oregonvotes.gov/myvote or call your county elections office.

Can I vote online?

There is no online voting in Oregon. A ballot may be emailed to a military or overseas voter, but there is no website where you can cast a ballot.

Why are there no Presidential Candidates on my ballot?

If your ballot does not include candidates for US President it means you are not registered to vote as a Republican or Democrat. Oregon law allows major political parties to decide who can participate in selecting the candidates who will represent the parties at the general election.

For the 2020 Primary only registered voters of the Republican Party or Democratic Party may choose that party's nominees. Candidates for US President will appear on the ballot you receive for the general election.

Do I have to vote on every office or measure?

No. You don't have to vote on every contest. Those you do vote on will still count.

What if I make a mistake, damage or lose my ballot?

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot.

Can I change how I voted?

If you have not yet returned your ballot, you can change how you voted. Follow the instructions included with your ballot. Once you have put your ballot in the mail or official drop box it is considered cast and cannot be changed.

How do I return my ballot?

You can return your ballot by mail or take it to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

Do I have to pay postage?

If returning by mail, no stamp is necessary because the postage has been pre-paid by the state.

What is the deadline for me to return my voted ballot?

Your voted ballot must be physically received by a county elections office or be in an official drop box by **8 pm, Tuesday, May 19**. **Postmarks do not count!** County elections offices are open election day from **7 am to 8 pm**.

Will my ballot be counted if I forgot to return it in the secrecy envelope or sleeve?

The county elections office will maintain the privacy of your ballot if you forget the optional secrecy envelope or sleeve and your ballot will still count.

Why do I have to sign the outside of my ballot return envelope?

Your signature is a security measure used to verify identity. County personnel who have received training in forensic handwriting analysis compare it to signatures in your voter registration record. Your ballot may only be counted if the signatures match.

If your signature does not match the county will notify you. You will have until 14 days after the election to prove you were the one who signed the envelope.

Can I ask a family member to sign the envelope for me?

Only the voter may sign the ballot return envelope. Power of Attorney documents do not apply to voting. If you cannot sign your name you may use a signature stamp or other indicator as your signature. Contact your county elections office for more information.

What if I forget to sign the return envelope?

If you forget to sign your ballot envelope the county will notify you. You will have until 14 days after the election to sign the envelope.

Is my vote really kept secret?

Yes, how you voted is secret, but whether or not you returned your ballot is public record. To ensure your vote remains a secret, your ballot is separated from the return identification envelope before it is reviewed. County elections officials only review and count your ballot after verifying your signature.

How can I track my ballot?

As a registered voter, you can track the status of your ballot at oregonvotes.gov/myvote.

What is a Provisional Ballot and why do I need one?

If there is a question about your eligibility as a voter or you need to vote at a county elections office in a county other than the one you live in, you will be issued a provisional ballot. In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office. Your provisional ballot will not be counted until it is determined that you are eligible to vote.

When will election results be known?

Initial results are released at **8 pm** election night and will continue to be updated through election night. Final certified results will be available 30 days after the election.

How do I file a complaint?

Any registered voter may file a written complaint alleging that a violation of an election law has occurred. The complaint should provide evidence showing a violation. The complaint must be signed by the elector. Anonymous complaints will not be accepted. The complaint should be sent to:

Secretary of State, Elections Division
255 Capitol St NE, Suite 501
Salem, OR 97310

Complete your ballot

Carefully read and follow all instructions printed on your ballot.

Check for errors

You do not have to vote on all contests. Those you do vote on will still count.

If you vote for more than one option, your vote **will not count** for that candidate or measure.

! Check your ballot carefully

You can not change your vote after you have returned your ballot

Contact your County Elections Office or call **1 866 673 8683** to request a replacement ballot if:

- you make a mistake
- you lose your ballot
- your ballot is damaged or spoiled
- or for any other reason.

Would you...

give someone going door to door your ballot to put in a drop box for you?

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. Don't be fooled.

believe a talk radio personality who says your political party is changed when you go to DMV?

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. Don't be fooled.

believe a story that non-citizens are registered to vote when they get a driver's license?

Not true. Only individuals who show proof of citizenship at DMV are automatically registered to vote. Don't be fooled.

believe a social media post, phone call or text message that your voter registration has been cancelled?

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. Don't be fooled.

register to vote on a website you saw on social media instead of registering at the official Secretary of State site, [oregonvotes.gov/register](https://www.oregonvotes.gov/register)?

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. Don't be fooled.

trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, [oregonvotes.gov](https://www.oregonvotes.gov)?

Not safe. Only use official information located on the Secretary of State's website or your county elections website. Don't be fooled.

believe a social media post that says your ballot can be rejected without you knowing about it?

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at [oregonvotes.gov/myvote](https://www.oregonvotes.gov/myvote). Don't be fooled.

believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?

Not true. All ballots are due by 8 pm, Tuesday, May 19, 2020. Don't be fooled.

believe a picture on social media with the same candidate listed twice and another candidate missing?

Not true. People have photoshopped ballot images before. Don't be fooled.

believe a headline that says it is too late to secure the upcoming election?

Not true. Election security in Oregon has never been stronger and is continually being improved. Don't be fooled.

Don't Be Fooled

Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. They're secure, not because there aren't any threats, but because we have detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has been conducting onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

Am I qualified to register to vote in Oregon?

You are qualified to register to vote in Oregon if you can answer yes to the following questions:

- Are you a resident of Oregon?
- Are you a US citizen?
- Are you at least 16 years of age?

If you are not yet 18 years of age, you will not receive a ballot until an election occurs on or after your 18th birthday.

How do I register to vote in Oregon?

To register to vote you can complete a registration card or use the online process available at oregonvotes.gov/register.

Registration cards are also available at any county elections office, the Secretary of State's Office, and some state agencies such as the DMV. Contact the Secretary of State's Office for a large print version of the registration card.

What identification do I provide?

You must provide your valid Oregon Driver's License, Permit or ID number. A suspended Driver's License is valid, a revoked Driver's License is not valid.

If you do not have valid Oregon ID, provide the last four digits of your Social Security number.

If you do not have a valid Oregon ID or Social Security number you can find a list of acceptable alternative identification online at oregonvotes.gov.

What is the deadline to register to vote for this election?

To vote in the **May 19, 2020**, Primary Election, your completed voter registration card must be:

- postmarked by Tuesday, **April 28**; or
- delivered to a county elections office or voter registration agency (e.g., DMV) by Tuesday, **April 28**.

If you register to vote online, your registration must be submitted by 11:59 pm on Tuesday, **April 28**.

When do I need to update my voter registration?

You should update your registration if you move, change your name, signature or mailing address, or want to change or select a political party.

You can provide the new information online at oregonvotes.gov or by completing and returning a voter registration card to your county elections official.

Do I have to register with a political party to vote?

No you do not. However, by joining a political party you are able to select the party's candidates either by voting in a party's primary election or by participating in other nomination processes.

If you do not select a political party you will still receive a ballot for every election you are entitled to vote at. However, the ballot you receive for a primary election will only include nonpartisan offices and ballot measures.

Address Confidentiality Program

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

The ACP is a free mail forwarding service. It helps survivors of domestic violence, sexual assault, stalking or human trafficking shield their physical address. Program participants are provided with a substitute address to use instead of their real address. To be eligible for the ACP you must live in Oregon, **and**

- be over 18 years old, **and**
- be a victim of domestic violence, sexual assault, stalking, or human trafficking, **and**
- have recently relocated (or are about to relocate) to an address unknown to the perpetrator(s) or any government agencies.

Parents or guardians may apply on behalf of incapacitated adults and minor children who are otherwise eligible for the ACP.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General. For more information or to find an Application Assistant near you visit <https://www.doj.state.or.us/crime-victims/victims-services/address-confidentiality-program-acp/> or call **888-559-9090**.

Political Party Statements

In the Primary Election, designated officers of any statewide political party who intend to nominate candidates for the general election may file for inclusion in the state voters' pamphlet, a statement that argues for the success of its principles and the election of its candidates on a statewide or county basis or opposes the principles and candidates of other political parties or organizations on a statewide or county basis. The Working Families Party did not submit a statement for the 2020 Primary Election.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, the individuals can choose whether they want to file to serve in the precinct they reside in or an adjacent one.

Individuals must have been registered members of the party since September 12, 2019, in order to run as a PCP for that party. Individuals who are under 18 at the time of filing can still file if they will turn 18 on or before the date of the primary election.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2020 Primary Election** is:

T, R, B, H, M, S, J, F, W, P, O, G, L, U, X, Z, E, D, K, Y, N, C, I, V, A, Q

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

Republican candidates by position in ballot order

Democratic candidates by position in ballot order

nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Constitution Party

All our nominees are pledged to defend the following three Principles, (1) The Creator God in heaven, made known to us through the Holy Scriptures, rules in the affairs of men and is the ultimate King, Lawgiver, and Judge of all mankind. He is to be honored and His Word is to be heeded if we expect to receive His blessing on the works of our hands individually or corporately; (2) the Family is the first and highest civil institution designed by God to propagate, educate, and nurture human life. Both Church and State are to support and defend that institution; and, (3) God has assigned the first priority of civil government to protect innocent human life from conception to natural death, to protect freedom of conscience, and to protect private property.

We are pleased to offer you a true choice in the candidates we present to you.

No longer do you need to vote for the incrementally lesser of two evils. When you see one of our candidates on your General Election ballot, you can know that they stand for what is right, not what is just politically expedient. They are all committed to restoring the Constitutional Republic that our Founders gave us. Our candidates are not backed by moneyed interests. Typically, you will see them on the ballot only, not here in the voter's pamphlet, which would cost each candidate lots of money.

To provide you this choice we must satisfy Oregon ballot access requirements. This forces us to run at least one statewide partisan candidate each election cycle and achieve a minimum percentage of the vote or we must have a minimum number of voters registered with our party. Please help us avoid the unfortunate need to run our good candidate against another party's good candidate, by registering with us to meet the other requirement. Do it immediately after the Primary Election.

The Constitution Party of Oregon maintains that our true heritage is freedom.

God-fearing men founded our nation. They wanted freedom from human tyranny. They wanted to obey the dictates of their consciences in accordance with the Bible. Oregon's history as a state is rooted in the desire of Native Americans to have the truth of the Book of Heaven, as they called the Bible. There are memorials on the capitol grounds of Oregon reminding us of the part that missionaries had in the formation of our state's civil and educational institutions. We know that the first missionary to Oregon, Jason Lee, was truly the Father of Oregon, assisting in the drafting of our state constitution and founding Willamette University that began as a mission school for Native Americans.

Government derives its just powers from the consent of the governed.

Oregon Constitution, Article I, Section 1, "... all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded upon their authority, and instituted for their peace, safety, and happiness..."

Our rights are inalienable, coming from the hand of the Creator.

Our system of laws is based on the Judeo-Christian moral code.

The powers of the federal government in our Republic are restricted to those specifically granted in the Constitution of the United States.

Vote your conscience; don't vote out of fear or greed!

You rarely hear from us, because it takes money to do mailings and we don't have your email address or phone number. If you pay Oregon income tax you can make a refundable gift of \$50 (couples can give \$100) to the Constitution Party of Oregon every year, even if you are unable to volunteer in any other capacity. Please consider doing this. Call for details. Hope to hear from you soon...

Democratic Party

The Democratic Party of Oregon is nearly one million strong, fighting for progress and helping elect Democrats from all corners of our state.

Democrats believe that we're greater together than we are on our own—that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

That's why Democrats are working to make progress on issues like health care, good jobs for Oregonians, equal pay, education, and clean energy.

Oregon Democrats have led the nation on resisting the Trump agenda, refusing to cede to his dark vision for our nation's future. This election year gives us the opportunity to take back our nation and continue making progress here at home.

In Washington, D.C., and in Salem, Democrats are passing legislation to support working families, are trailblazers on expanding access to the ballot, and are fighting for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

Oregon Democrats Stand For:

A right to health care for all
 Quality public schools
 Protection for labor unions and workers' rights
 Action to respond to climate change
 Humane immigration reform policies
 Racial and gender equality
 Protecting Social Security and expanding access to pensions
 Growing good jobs for Oregonians
 Criminal justice reform
 LGBTQ+ rights
 Gun safety measures
 Campaign finance reform
 Voting rights for all
 Civil rights for those living with disabilities
 Reproductive freedom

ATTENTION: INDEPENDENT AND NON-AFFILIATED VOTERS

NOTICE OF ELECTION

INDEPENDENT PARTY OF OREGON (IPO)

WILL HOLD ITS 2020 PRIMARY ELECTION FOR OREGON STATEWIDE OFFICES AND PRESIDENTIAL PREFERENCE POLL

ONLINE: APRIL 28 - MAY 12, 2020

INDEPENDENT PARTY MEMBERS AND NON-AFFILIATED VOTERS CAN VOTE AT:

>>> WWW.INDPARTY.COM/VOTE <<<

In 2020, the *ONLY* way for Independent and non-affiliated voters to cast primary votes for partisan statewide offices or express their preferences for President of the United States is to VOTE in the IPO statewide primary election.

The Independent Party's 2020 Primary Election for Statewide Offices and Presidential Preference Poll is not part of the state's May Primary election and is not paid for by taxpayers.

Voters who would like to pre-register to vote and provide verification information can go to www.indparty.com/register.

The Independent Party is Oregon's third-largest political party, with over 124,000 members. Our mission is to represent the interests of Independent and non-affiliated voters by promoting public policies that have broad support but have difficulty gaining traction in government.

Voters who are interested in learning more should visit our web site: www.indparty.com

INDEPENDENT PARTY OF OREGON (IPO):

- is the fastest growing party in Oregon, adding over 124,000 members since 2007.
- is not a fringe party (about 6.5% of all local office holders--city council members, commissioners, mayors--are IPO members.
- supports policies that are good for all citizens, even when it means we share in some sacrifice.
- is fiscally responsible, environmentally aware, and anti-corruption
- is fighting to stop big money from buying government policy at all levels of government.

If you agree, send a message: CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY.

Search: "Oregon voter registration" and click on "Update"

We work to:

- Oppose spending on inefficient government programs.
- Reduce special interest and "big money" influence over all government processes.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities for Oregonians.
- Protect the environment from all types of insult, including emission of climate-changing gases.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

We have led several fights in the Oregon Legislature for effective disclosure of campaign contributions, for transparency in government, and for more citizen participation in elections.

2020 PLATFORM

Our 2020 expanded platform (www.indparty.com/platform) is based on our member surveys. It aligns public policies with the priorities of ordinary citizens in the areas of health care, education, campaign and ethics reform, and environmental protection.

COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. In contrast, our small-donor democracy program provides support services for first time candidates.

WE ARE HAVING AN IMPACT

In 2018, we printed and distributed the main piece of literature to Portland voters in favor of the campaign finance reform measure on the November ballot. It won with a "yes" vote of 87.4%. It limits campaign contributions and requires that political ads name their largest funders.

At the Oregon Legislature, we have led the effort for real campaign finance reform--not the ineffective bills passed by the Democratic majority. Still, The Center for Public Integrity (2015) ranked Oregon's campaign finance system as the worst in America – except for Mississippi.

We have for years urged the Oregon Legislature to strengthen regulations on industrial polluters. Neither the Republicans nor Democrats will confront them. EPA in 2015 revealed that Multnomah County and Portland are among the 1 to 2 percent worst places in America for airborne illness – including lung cancer – due to the high levels of pollution from industrial and vehicle emissions, particularly diesel trucks.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party

The Libertarian Difference

When you vote for someone, do you typically support what the candidate says, or are you more often voting against someone you think will make things worse?

Did a promise for “hope and change” become more of the same? Did a promise to “make America great again” mean forgetting civility? Does it seem like government isn’t listening to the calm voices explaining that well-meaning policies have real, serious, undesired consequences? That they might make things worse, not better?

If you want something different, you need to support something different – join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. We are the only political party offering you a true alternative to the Democrats and Republicans who think they know how to spend your money better than you do and who outlaw what they think are bad decisions. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to “Libertarian” to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Pacific Green Party

Here we go again with the false choices presented by the two party system! By the time Republicans and Democrats are done stacking the deck, too many Oregonians will be left voiceless in November, with no candidate who truly represents their views and interests.

Elections fail from the start if they don't offer choices for all the voters. That's why so many choose not to vote. But giving up is not the answer - fight back and find your voice!

The Pacific Green Party is Oregon's choice for the Four Pillars of the global Green movement:

Peace

- Democrats and Republicans believe Congress has unrestricted authority to wage wars, that US interventions benefit other countries, and that western values are inherently good for other people. Both have a long track record of enacting criminally aggressive foreign policy whenever they have controlled government.
- The PGP knows authority over war, sanctions and other acts against national sovereignty is vested only in the UN Security council. Under Article VI of our constitution, we must abide by our treaties and adhere to the UN Charter and Declaration of Human Rights. We will end the wars, coups and aggressive sanctions against Syria, Afghanistan, Libya, Russia, Iran, Yemen, Venezuela and elsewhere. We oppose colonialism and support the BDS movement and Palestinian right of return. These are our responsibilities as US citizens!

Social Justice

- Democrats and Republicans love incremental changes that allow a very few oppressed people to share wealth and power, while the vast majority receive lip service but no tangible result.
- The PGP seeks to end discrimination based on class, race, gender orientation, disability, age, spiritual belief, and all other forms of cultural fragmentation. We understand that this means dismantling the systemic institutions which perpetuate these ills. We support single payer, respect for Native sovereignty, free in-state college tuition, and the rights of all marginalized people. We oppose income inequality, mass incarceration, the drug war, ICE breaking up families, and regressive taxation. We should all be treated fairly and share in the wealth!

Ecological Wisdom

- Democrats are acting like they invented the Green New Deal. Greens introduced that to US politics ten years ago; all Democrats did was water it down. Their pretense is no alternative to the disastrous policies of the Republicans. We don't have time to fool around!
- The PGP is unequivocal in our strong support of sustainability. We oppose LNG infrastructure, coal transport and export, and aerial spraying. We advocate state regulation of greenhouse gas emissions from all sources, including carbon taxes with no cap-and-trade loophole and aggressive new fuel efficiency standards for automobiles. We call for the closure of all remaining nuclear reactors in Oregon. Ban clearcutting and keep our beautiful state forests public!

Grassroots Democracy

- Democrats and Republicans use money as a substitute for the popular will. That's why they love a system where the wealthy and powerful can sidestep weak campaign finance regulation and lavish millions on candidates representing their interests. Other candidates amount to token opposition, allowed to make a show of protest with little chance of assuming power.
- The PGP is not a "protest" party! By giving the voters more choices, we are working to fix the system at its foundation. We don't take corporate money. We use grassroots organizing with the goal of getting the people out of the margins and into control. We were instrumental in circulating the successful ranked-choice-voting initiative now being implemented in Benton County. We are serious about achieving our goals!

Do these sound like your goals too? Join us! We don't need big money, but we do need you. Get started at our website, pacificgreens.org, and @pacificgreens on Facebook and Twitter. Register Pacific Green, find your local chapter or start a new one, and get involved! Your power is in what YOU do.

Progressive Party

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), and \$15 minimum wage for all, now.

WE OPPOSE: the corruption of elections by big money, Wall Street bailouts, the continuing wars in Afghanistan, Iraq and Syria, "corporate personhood," and NAFTA, WTO, and other "free trade" deals that let corporations override labor, consumer protection, and environmental policies.

As a "minor" party, we are not allowed to use the state-run primary election to nominate candidates. We nominate them at Oregon Progressive Party meetings over the summer (3rd Mondays). But we do endorse these candidates in the primary election:

ENDORSEMENTS

Candidate	Non-Partisan Office	Candidate	Office Sought in Primary
Julia DeGraw	Portland City Council #2	Albert Lee	U.S. House #3 (Dem)
Seth Woolley	Portland City Council #4	Mark Gamba	U.S. House #5 (Dem)
Chloe Eudaly	Portland City Council #4	Amanda Siebe	U.S. House #1 (Dem)
Timothy Dubois	Portland City Council #1	Chris Henry	State Treasurer (Ind)
Candace Avalos	Portland City Council #1	Bernie Sanders	U.S. President (Dem)
Sarah Iannarone	Portland Mayor		
Ryan Moore	Eugene City Council, Ward 8		
Cameron Whitten	Metro Council # 5		
Leigha LaFluer	Metro Council # 6		

Portland Measure 26-209: renewal of the 10 cent/gallon fuel tax to fund roads, greenways, safe routes to school, sidewalks, etc.

Metro Measure 26-210: fund homeless services with tax on profits of businesses with over \$5 million in gross receipts and on household incomes of over \$200,000

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

WE OPPOSE: the corruption of elections by Big Money, Wall Street bailouts, wars in Afghanistan and Iraq/Syria, "corporate personhood," and "free trade" agreements that let corporations destroy policies to protect labor, the environment, and consumers.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), tax reform to reduce the middle class burden, action against air pollution and climate change, and \$15 minimum wage for all, now.

We are very different from the Establishment parties.

OREGON ISSUES

Real Campaign Finance Reform: Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state offices has skyrocketed from \$4 million in 1996 to \$50 million in 2016 to \$71 million in 2018.** Winning a contested race for the Legislature (about 14,000 votes needed for a House seat) now typically costs over \$750,000 and sometimes over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in control of "Political Financing" to avoid corruption, beating only Mississippi.

Get involved at honest-elections.com.

Invest in Oregon: Oregon's \$103 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of being sent to vulture capitalists, corporate raiders, leveraged buyout artists, and fossil fuel corporations.

Republican Party

Oregon is in decline under Democrat leadership

Upon her election Governor Kate Brown promised to increase state government transparency and represent the needs of all Oregonians. Instead, with the help of key Democrat legislators, she has blocked access to public information and repeatedly exhibited a blatant disregard for the will of the voter, even to the point of denying voters their right to vote on issues.

When she does not get her way legislatively, she bypasses the legislative process with executive orders to implement policies that destroy the lives and livelihoods of 10s of thousands of Oregon families, such as happened with Cap and Trade, which does nothing to improve the environment, but will cost Oregonian's dearly every year. Meanwhile, pressing issues like homelessness and the PERS crisis go unaddressed.

Her style is that of a corrupt dictator looking after their own special interests while pursuing a highly partisan agenda driven by out-of-state interests that allows for no compromise. This arrogance and overreach has resulted in eroding freedoms and opportunity for Oregonians and has earned her the rating of 4th most unpopular governor in the U.S. This long line of abuses and toxic political environment can no longer be tolerated by Oregonians.

It is time to replace the governor and her enablers in the legislature.

Help restore Oregon by becoming a PCP in your county

Over 700,000 registered Republicans make up the grassroots of the Oregon Republican Party. Precinct Committee Persons (PCPs) are chosen from among those Republican voters to organize and advocate for Republican principles in their own neighborhoods and communities. They volunteer to help elect Republican candidates to office.

The PCPs also control the Oregon Republican Party. They elect the office holders in their county Republican party, who in turn set policy for and elect the officials of the state party. The PCPs also select the delegates to the state and national Republican conventions.

PCPs, and the county party officers they elect, are the primary organizing and directing force for the thousands of additional Republican volunteers who rise up from the electorate to work on behalf of Republican principles and candidates.

Principles that will allow Oregon to prosper again

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, law and order, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity. A free market economy is required for a free people.

As a registered Republican we invite you to join us in restoring Oregon!

Fellow Americans,

Nothing is more important to me than putting America first, fulfilling the promises I made when I first announced my candidacy over four years ago.

Under my administration, Congress passed historic tax cuts and relief for hard-working Americans. The Tax Cuts and Jobs Act is the first major tax reform signed in 30 years, providing tax relief for 82% of middle-class families and doubling the Child Tax Credit.

Since you elected me to be your President, our administration's pro-growth policies have generated 6 million new jobs, the unemployment rate has fallen to its lowest point in 50 years, and wages have grown at more than 3% for 10 months in a row. The manufacturing industry created nearly half a million new jobs, with 625,000 new construction jobs being created since I took office.

With my leadership, we also launched Women's Global Development and Prosperity (W-GDP) Initiative, the first-ever whole-of-government approach focused on advancing women's full and free participation in the global economy and allocated \$50 million for the fund.

My administration is also ensuring our Veterans get the services they need and deserve. This started by signing the Veterans Accountability and Whistleblower Protection Act to allow senior officials in the Department of Veterans Affairs (V.A.) to fire failing employees and establish safeguards to protect whistleblowers

One of my proudest moments in office was in August 2017, when I signed the Harry W. Colmery Veterans Educational Assistance Act, this funded the post-9/11 GI Bill, which provided educational benefits to veterans, service members, and their family members, including tuition, fees, books, housing, and additional costs.

It has been a privilege and an honor to serve as your President, and I look forward to serving you for the next four years.

Keep American Great!

I'm an "America 1st, Oregon 1st" candidate. I support the Republican Party platform, 2nd Amendment, right-to-work, legal immigration, medical freedom, right-to-life, term-limits, Social Security repair and campaign contribution reform. All Oregonians are feeling the same pain and together we can build on common ground.

Growing up in Oregon since the 5th grade I know what we want and need. I've worked my entire life. No easy road but plenty of hard honest work. As a single parent of five, I understand its struggles and difficulties and will actively engage in social issues. Jobs and affordable housing, while cutting regulations and over-taxing of businesses, are survival imperatives to help Oregonians and reduce our homeless population.

Our timber industry must become a restoration priority supporting properly managed lands. I have knowledge and a plan for doing so.

The current Socialist agenda in the Oregon Democratic Party is chipping away at our freedoms and liberties one Progressive law after another. This being a Presidential election year is the last best hope for Oregon to return to a true Participatory Democracy - Not a one party state.

My race alone will not secure all we want. We must bring balance back to Oregon. I actively help candidates through the Resurgent Republican movement in every Legislative race.

I will support our President and Party while adhering to our Constitution, Bill of Rights, and the Rule of Law. Only in unity can we restore Oregon as a state of the people, by the people, and for the people!

DO YOU WEAR SANDALS ?

Sadly, this pamphlet satisfies the **weak minded** who crave liberal **virtue signaling** given by people like **hyper-partisans Kate Brown** and **Jeff Merkley** who both prefer **selective meaningless outrage** to actual problem solving.

OR BOOTS?

An example of **working hard** are the **#timberunity** folks who sacrificed time to drive to Salem and straighten things out. Thanks guys, **we owe you**.

Firearms:

I worked legislatively with **Derek LaBlanc** (google Derek LaBlanc Oregon), founder of the **Kids S.A.F.E. Foundation**. Derek designed legislation teaching Oregon 1st graders **safety** around unsecured firearms.

Portland legislators killed the bill because it lacked mandatory trigger locks. **Amazingly irrational reasoning**.

Type 2 Diabetes:

An **epidemic** and food stamps pays for soda. That's **utterly ridiculous on every level** and should **disqualify federal legislators** from any health care policy making. It's one example of **colossal governmental ignorance** that disproportionately **punishes low income children**.

7 Billion food stamp dollars spent on **soda** in 2016. In return, people get **diabetes, obesity, tooth decay**, and massive **health care expenses**. **GOVERNMENT STUPIDITY AT ITS MOST INVINCIBLE**, like many other policies of **Brown and Merkley**.

Some people don't like me, the same ones who call my neighbors white privileged fascists because they enjoy firearms, attend church and don't step over the homeless to drink \$6 lattes every morning (that's you **Portland**). Get yourself together, **your embarrassing us**.

Democrat history is **pro-slavery, pro-KKK, anti women's suffrage**, etc. You shouldn't be surprised that today's **Democrats** want **gun confiscation, socialism and legally enforced random pronoun usage**. We deserve explanations but between using **arbitrary pronouns** and not knowing what **"food"** means they are obviously **struggling with words**.

Anyone who's put on work gloves to clean up a mess knows you tackle the big things first.

- **Guns/Firearms:** "...the right of the people to keep and bear Arms, shall not be infringed" I will stand-up for your legal rights.
- **Immigration:** I support E-Verify, Legal Immigration and welcome all who want to become productive American Citizens. We must finish the wall, stop human/sex and drug trafficking.
- **Land Management:** Proper Forest and Land Management, is paramount to the future success of Oregonians. Returning the lands to local control/ownership enables a more rapid response to wild and forest fires that threaten our environment and air quality.
- **Natural Resources:** They are vital to creating/sustaining Opportunities for Oregonians. We must support, rebuild and grow our Timber, Fishing, Mining, and Farming industries to increase family-wage job Opportunities for Oregonians.
- **Veterans:** I support programs to provide more Job Opportunities for our Vets. Veterans must be allowed to choose their own medical care provider(s) with all services completely covered by their VA benefits.

Bringing Timber Back and Economic Development

Timber management is important to maintain healthy forests, clean air, and a strong economy. As a direct result of timber mismanagement forest fires are worsening every year and our economy is suffering.

Defending The Second Amendment

The VA system is broken and in need of a complete overhaul to improve care for our veterans. We should not go to war without a commitment to care for those who serve.

Standing for Life

I am proudly pro-life and am the only candidate to be endorsed by Oregon Right to Life PAC.

Affordable Healthcare

We need to improve access to healthcare in Oregon. I believe education and the free market is the best way to solve these problems not socialized medicine.

US Representative, 4th District

Nelson Ijih

Republican

Occupation: Engineer, Educator, Entrepreneur

Occupational Background: Engineer, Intel Corporation; Faculty, Portland Community College; Founder, BlockMint Technologies, a Toronto Stock

Exchange-listed company; Farmed Yams & Peanuts in the jungles of Africa.

Educational Background: BSc. Computer Engineering, Southern Illinois University Carbondale; MSc. Computer Science, Portland State University/University of California, Santa Barbara.

Prior Governmental Experience: Foreign Service Officer, U.S Government

MY BACKGROUND

Oregon is the longest place I've lived for the majority of my adult life and proud to call it home. My trail to Oregon began in a small village in Africa called Tine-Nune where I grew up farming yams/peanuts. Living in the war-ridden village at a young age taught me resilience.

WHY I'M RUNNING

I'm the candidate with a proven track record of creating jobs in Oregon, and the experience to defeat Defazio and get the following issues done:

1.) EDUCATION REFORM

A college degree should be two years instead of four years because half of the classes I took for my degree were a waste of money and time. This means half the national student debt of \$1.7 trillion is waste. We can fix this waste.

2.) HEALTHCARE

End health insurance regional monopolies which artificially drive up the cost of healthcare.

3.) TAX CUT FOR OVER 60% OF AMERICANS

We need zero taxes on income earned after 35 hours per week for working-class Americans.

4.) CAMPAIGN FINANCE REFORM

Fight to end big money buying American elections by placing a limit on direct or indirect financial sponsors of campaigns.

5.) TERM-LIMITS

The #1 priority for profiteering career politicians is to keep their jobs. We need term-limits to renew American democracy.

6.) ENVIRONMENT

Implement tax incentives for carbon capture & repurpose renewable technologies to get America to net-zero carbon emissions

CLOSING

I took the oath of office as a former Officer fighting for our country, and I'm asking for your vote to take the oath again to continue the fight in Congress.

Did You Know?

- Every voting system used in Oregon has been tested by a federally accredited voting system test lab to ensure their accuracy and security.
- Before your county can begin scanning ballots, they must publicly test the equipment used to count ballots for accuracy. You can watch this test.
- After each general election, a random selection of ballots is hand counted by your county to confirm the accuracy of the equipment used to count the ballots.
- All recounts in Oregon are conducted by hand. The ballot you submitted is reviewed and hand counted by county personnel.

Secretary of State

Kim Thatcher

Republican

Occupation: Owner; KT Contracting and Highway Specialties, State Senator - District 13

Occupational Background: Construction Projects Management

Educational Background: Oregon City High School, Portland State University

Prior Governmental Experience: State Representative 2005-2014

Legislative Committees: Vice-Chair, Senate Judiciary; Senate Wildfire Reduction and Recovery, Joint Committee on Legislative Audits; Joint Committee on Legislative Counsel and Public Records; Oregon Transparency Commission; Public Records Advisory Council.

Community Activities: Oregon Contractors Association; Keizer, Wilsonville, and Chehalam Valley Chambers of Commerce; National Association of Women in Construction

Personal: Happily married 36 years. Mother of four. Grandmother of seven.

ENSURING WE PRESERVE

ACCOUNTABILITY, TRANSPARENCY, AND INTEGRITY FOR THE PEOPLE OF OREGON

Kim Thatcher will carry on and strengthen reforms enacted when Oregon voters elected Secretary of State Dennis Richardson in 2016 to restore **Accountability, Transparency, and Integrity** to state government. Republicans, Democrats, and Independent voters heard the call that our Secretary of State should:

- Be effective and impartial in administering fair elections where everyone who has the right to vote has the opportunity to vote, and that citizens seeking to change their government have the support they need to access their constitutional right of the initiative and referendum process.
- Use the power of the Audits Division to identify critical financial and performance concerns at every level of government, from Cities and School Boards to State Agencies, and use the findings to make recommendations that ensure critical services are delivered, and taxpayer dollars are well-spent.
- Promote the success of Oregon's 400,000+ businesses and provide the technical assistance they need to grow and thrive.
- Preserve the public record in a manner to create transparency for citizens and the media, so government operations and the funding used for those public programs are understood by the public.

"As our next Secretary of State, you can expect that I will work to preserve and expand upon Dennis' legacy, which voters from all parties now expect and deserve from that office." – Kim Thatcher

Occupation: Financial Analyst, Investor

Occupational Background: Treasurer, Controller

Educational Background: MBA in Finance and Management,

Wharton School of Business, University of Pennsylvania; BA in Economics, Pomona College

Prior Governmental Experience: Lake Oswego City Council, Lake Oswego Budget Committee

Community: Past Treasurer of the Legacy Emmanuel Hospital Foundation, Past Treasurer of USA Olympic Swimming, Past Chair of Northwest Pilot Project, Past Chair Financial Executives International Portland Chapter.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I established myself as a budget hawk. With my fiscal leadership, we were able to fund our priorities **without raising anyone's taxes**. We dramatically reduced our unfunded liability for road maintenance, rebuilt our operations and maintenance center, and rebuilt city hall and the police station – **All without asking for a dime.**

Real World Experience

I have been Treasurer of the Legacy Emmanuel Hospital Foundation, USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

"As State Treasurer, I won't just count the money – I'll make your money count."

State Senator, 1st District

Dallas Heard

Republican

Occupation: Owner Emerald Lawns, 2004-Present.

Occupational Background: Sod farmer, Licensed Landscape Contractor, Real Estate Investor.

Educational Background: Umpqua Valley Christian High School.

Prior Governmental Experience: State Senator, Senate District One 2018-Present, State Representative, House District Two 1/2014-4/2018.

Servant-minded and dedicated, Re-elect Senator Heard to...

Continue to improve healthcare in our region:

This last full legislative session, he was able to secure \$2 million to provide much needed healthcare services for our coastal communities. He also secured a \$10.5 million investment to provide a state-of-the-art medical college here in our region! "A person's health is their most valuable asset and Southern Oregonian's deserve the best around!"-Dallas

Continue fighting for the working class:

As a farmer/contractor, he understands the challenges of small business. He has been working to improve or remove the laws that burden all Oregonians with barriers to entry that keep hard working people from rising out of lower income levels to the middle class. Dallas has a passion for supporting the success of employees and new business startups. They are the fundamental starting point of financial freedom.

Continue revitalizing Southern Oregon:

Having been born and raised in Southwest Oregon and started his own young family with his wife Hannah and two sons, Senator Heard is passionately invested in the future of Southern Oregon. His vision is to ensure that this part of our state further develops into and remains an attractive place for families for generations to come. The college is one of the many ideas he has for restoring the vibrance and wealth to our communities!

Honored to serve

"I have been blessed every day with your support as I work for the good people of Southern Oregon. Our communities define what being an Oregonian is all about. I will continue to ensure that our voices and concerns are heard in Salem. It is truly an honor to serve you all in the State Senate."-Dallas

A Voice for the Oregon Coast

Urban politicians and powerful special interest groups have pushed an extreme agenda, and forgotten the coast. They have raised taxes, passed policies that disproportionately hurt rural areas, and show little desire to cooperate with those of us who are affected.

As the Mayor of a Coastal town, Dick Anderson understands the unique challenges facing our communities and will fight to make sure our voice is heard in Salem.

Protecting You from Higher Taxes

Dick Anderson understands that working families and fixed income seniors all too often have to make tough choices on a daily basis to make ends meet. As Senator, he will be a faithful steward of YOUR tax dollars and ensure they are spent on essential services, not government giveaways.

Dick Anderson believes in funding schools first, and balancing the State Budget without raising taxes.

Balance the Single-Party, Super-Majority Rule in Salem

There is no denying that Salem is in a tumultuous time. One side has dominated, and the coast has suffered from the imbalance. We must foster creative solutions instead of maintaining the same tired playbook.

"The Oregon Coast needs a Senator who will not just talk a good game at election time, but also stand up to the urban politicians and special interests and fight for our rural communities." - Dick Anderson

Southern Oregon is a special place where business owners, non-profit organizations, and elected officials form a team that focuses on economic development along with support systems underpinning our children and families during their time of need'

We continue to face the **challenge** of a shifting economic landscape combined with a lack of focus, support, and understanding from the Legislature. With your support I will continue the work in Salem to ensure that the legislative process serves the unique needs of Rural Oregon rather than the demands of the large Metropolitan Areas.

Rural Oregon is a land of hard working people who believe in family values and the **American dream**. I know the dreams and aspirations of our district and ask for your vote so that I can carry those hopes and needs to the legislature. I believe in a process that upholds our history and vision of the wonderful Southern Oregon area.

As an elected Representative I have been committed to **Transparency, Community Involvement and Accessibility**. My record in Salem is one that supports our rural needs, works to preserve jobs, and seeks opportunities to build legislative coalitions that will foster balanced laws and regulations.

I ask for your vote and more importantly, **your Involvement** in our government. My office will serve to represent the needs of our district, support each resident when they need help with state agencies, ensure that our **economic needs** are fully **represented**, and seek to **rebalance** the state vision and resources against all of Oregon, not just urban areas.

A Voice Oregon Can Count On!

Working families in Oregon need to know their Representative in Salem is focused every day on their well-being. That means:

- Protecting you from higher costs of living and new tax increases.
- Providing critical human services to the front lines of our community.
- Preserving rural values like hunting, fishing, farming and ranching.
- Putting forth legislation to facilitate family-wage job creation.
- Promoting accountable and responsible government.

This biennium, I led my colleagues in a plan to keep Oregon affordable for middle class families. The package included a property tax freeze for seniors; a small business tax cut; student loan deductibility; a tax deduction to offset housing rent; an increase in the child tax credit, and an income tax cut for all working families. The Supermajority blocked this tax-savings package, but it won't stop me from bringing these ideas back in 2021 because we all deserve an Oregon where we can afford to live, work, shop and play in our communities.

I proudly voted to protect our \$1.7 billion-dollar kicker tax refund; voted in opposition to costly Cap & Trade taxes that would increase prices on everyday goods for families; and made sure the voices I represent were heard in Salem.

This May, I would appreciate your vote again to keep serving you.

Thank you for your support!

We Need Coastal Common Sense in Salem

- Since 2009, our state budget has grown by almost \$40 billion, with another \$3 billion in new taxes last year.
- Our small businesses are struggling with too many **new taxes** and harmful **regulations**.

Rooted on the Coast

Boomer was a successful teacher, principal, and superintendent for 31 years in Florence and Mapleton. After education, he entered the private sector as General Manager for Sea Lion Caves for five years. He managed a multi-million dollar budget and worked with state agencies to bring tourism to the coast.

Boomer has been married to his wife, Susan, for 27 years. She is a nurse in Florence. They live in Reedsport and have 4 adult children and 7 grandchildren.

Standing up for our Coastal Communities

"We believe Boomer Wright will protect Oregon workers, our families, and our rural communities. Boomer is the best choice for House District 9." - #TimberUnity PAC

"We can trust Boomer to fight for our coastal communities and against the Portland politicians who want us to pay for their Portland agenda." - Teri Grier, North Bend

Joseph R Biden

Democrat

Occupation: Candidate for President of the United States

Occupational Background: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009)

Educational Background: University of Delaware, Syracuse University College of Law

Prior Governmental Experience: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009); New Castle County Council (1970-1973)

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The stakes in this election couldn't be higher.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Bernie Sanders

Democrat

Occupation: United States Senator from Vermont

Occupational Background: Bernie worked as a carpenter and documentary filmmaker before being elected Mayor of Burlington.

Educational Background: Bernie attended Brooklyn College and the University of Chicago, where he was a leader in the fight against housing discrimination.

Prior Governmental Experience: Senator Bernie Sanders served Vermont in the House of Representatives for 16 years, and in 2018 he was re-elected to his third term in the U.S. Senate. He first ran for President in 2016, and together with millions of people, started a political revolution.

I am running for president as part of an unprecedented grassroots campaign to not only take back the White House, but to build a movement to finally make the progressive change we need.

Our campaign is about taking on the powerful special interests that dominate our economic and political life, including Wall Street, health insurance corporations, the fossil fuel industry, the military industrial complex, and the private prison industry. Our campaign is building a movement to end racism, sexism, homophobia, religious bigotry and all forms of discrimination. Our campaign is about the humane and just treatment of immigrants. Our campaign is about transforming our country and creating a government based on the principles of economic, social, racial and environmental justice. Our campaign is about creating a government and an economy that work for the many, not just the few. Our campaign is about guaranteeing health care as a human right.

Make no mistake about it. Special interests with extreme wealth have unbelievable power and they want to maintain the status quo. The only way we will win this election and create a government and economy that work for all is with a grassroots movement - the likes of which has never been seen in American history. They may have the money and power. We have the people.

And together we will defeat Donald Trump.

Elizabeth Warren grew up in Oklahoma on the ragged edge of the middle class. Her dad sold fencing and carpeting at Montgomery Ward, and ended up as a janitor. She has three older brothers who served in the military. When Elizabeth was twelve, her dad suffered a heart attack, putting him out of work. The medical bills piled up and they had lost the family station wagon, when her mom got a minimum wage job answering the phones at Sears. That job saved their home, and it saved their family, but now the minimum wage can't support a mama and a baby.

Elizabeth has spent her career studying why America's middle class has been hollowed out. She fearlessly takes on giant corporate special interests like big banks and credit card companies that cheat consumers and undermine small businesses. She goes after shady for-profit schools that rip off students, veterans, and taxpayers. She relentlessly fights to end the influence of big money in politics. And her plans target California's biggest issues, like investing in affordable housing, fighting climate change, cancelling student loan debt for millions, and creating a pathway to citizenship for families.

Elizabeth got to become a teacher, a law professor, and the senior senator from Massachusetts because America invested in kids like her. She is in this fight to build an America that works for everyone.

Elizabeth and her husband Bruce have been married for 38 years and have three grandchildren and a golden retriever named Bailey.

Occupation: U.S. Senator**Occupational Background:** Portland Habitat for Humanity; Pentagon and Congressional Budget Offices; World Affairs Council of Oregon**Educational Background:** David Douglas High School; Stanford; Princeton**Prior Governmental Experience:** State Representative; Oregon House Speaker

The son of a union mechanic, Jeff attended public schools, was the first in his family to go to college and still lives in the same blue collar neighborhood he grew up in. He never needs to be reminded who he's fighting for.

But the fights keep getting harder, because the privileged and powerful have rigged our economy and democracy to enrich themselves. Here's how we fix it:

Take on political corruption so the people are in charge – Put an end to dark money, partisan gerrymandering, and voter suppression.

Create good-paying jobs – Build modern infrastructure and rural broadband, nurture manufacturing, end tax breaks for corporations that ship jobs overseas.

Invest in thriving families – End the outrageous gouging on drug prices, tackle the mental health crisis, and provide seamless coverage for everyone. Massively increase affordable housing. Lower class sizes and make college debt-free.

Meet the climate chaos challenge – Rapidly build a renewable energy economy with union labor to quickly stop carbon pollution. Re-assert US leadership to make sure other countries step up to meet this global emergency.

Create opportunity in all of Oregon – Jeff fights for all of Oregon, delivering dredging for coastal ports, disaster assistance for farmers and ranchers, and investments in rural broadband; saving rural post offices; and catalyzing collaborative solutions to timber and water challenges to create jobs and improve ecosystems.

From exposing Trump's evil policy of locking kids in cages, ending Wall Street's worst predatory mortgages, introducing the Equality Act to outlaw LGBTQ discrimination, Jeff never shies away from taking on the powerful to deliver opportunity, justice, and a brighter future for all.

Everyone deserves a safe and stable place to live, health-care, quality education, fair pay, and secure retirement. Our children deserve clean water and a safe climate. I have spent 20 years side-by-side with family farmers, tenants, migrant farmworkers, Indigenous Peoples, and small town heroes, taking on the most powerful corporations, Wall Street banks, and big polluters to make life better for working people. My campaign is taking a stand with Oregonians from across our district to win real change. #NotMeUs.

I am the only candidate who:

- Has never taken a dime from the fossil fuel industry, big pharma, health insurance, big timber, or any corporate lobbyists.
- Has never supported the Jordan Cove Pipeline Project.
- Has never voted with Republicans to support the Administration's white nationalist anti-immigrant agenda.

In Congress, I will:

- Combat climate change, invest in rural Oregon, and bring locally made clean energy here.
- Promote affordable housing and fair wages so families can thrive.
- Champion Medicare for All to cover us all, including mental health and addiction treatment.
- Push for a fair immigration process that keeps families together, honors our values, and respects human rights.
- Lead the movement to end the Forever Wars and take care of our veterans.
- Advocate for debt-free education, affordable childcare, universal preschool, and paying our teachers.
- Bring fairness to our criminal justice system and decriminalize cannabis nationally.

Secretary of State

Shemia Fagan

Democrat

Occupation: State Senator,
Civil Rights Attorney

Occupational Background:
Legislator, Attorney

Educational Background:
Lewis and Clark Law School

Prior Governmental Experience: David Douglas School Board, State Representative

"Shemia is a once-in-a-generation leader at a time when we face once-in-a-lifetime threats to our democracy. Shemia has the courage and conviction to meet those threats head-on and win."

- Former Secretary of State and Governor Barbara Roberts

Mom. Civil Rights Attorney. Fighter.

Growing up poor in rural Oregon, Dufur and The Dalles, opportunity seemed out of reach. Oregon's public schools changed that. I've worked every day to deliver for the Oregonians who have given me so much.

As State Representative and Senator, I have:

- **Increased investment in our public schools,**
- **Raised wages and passed paid family leave,**
- **Made housing and healthcare more affordable, and**
- **Expanded voting rights.**

While Oregon has made progress, Trump's attacks on working people, foreign governments attacking our democracy, and Republican politicians walking out on the Oregonians they represent is putting opportunity out of reach for too many.

Oregon's next Secretary of State will face challenges unlike any we've seen. She must be prepared to fight threats to our democracy today and build defenses against those of tomorrow.

I'm ready.

As your Secretary of State, I will protect the integrity of:

- **Our elections**, ensuring **every vote counts**, every voter has faith that it does, and elected leaders show up for work and honor your votes.
- **Our public records**, closing the **"secret ballot" loophole** in Salem and making government transparent and accountable.
- **Our public investments**, using audits to ensure public services serve marginalized communities and mitigate climate change's impact.

I have earned support from:

Tobias Read

Democrat

Occupation: Oregon State Treasurer

Occupational Background: Oregon State Representative, Nike, US Treasury Department, Willamette University

Educational Background: University of Washington, Master's degree, Business Administration. Willamette University, Bachelor's degree, Politics and Economics.

Prior Governmental Experience: State Treasurer, 2017-present; State Land Board; Oregon Investment Council; Oregon Retirement Savings Board; Oregon Growth Board; State Representative, 2007-2016; Oregon Innovation Council.

"I understand that we're in the midst of an affordability crisis that impacts too many people's ability to secure and afford quality health care, education, transportation, and housing. I also know that finance and economic policy are where progressive values come to life and begin to shape outcomes for our families and the world around us."

- Treasurer Tobias Read

Safeguarding a Path to Retirement

Treasurer Tobias Read established OregonSaves, the first in the nation state-based opt-out retirement plan that has already enabled 65,000 Oregonians to save almost \$50 million towards their retirement.

"Tobias has made it easy for me to see a path to a secure retirement" - Maria Honeywell, OregonSaves Saver

Investing in Oregon Kids' Futures

As the State's Chief Investment Officer, Treasurer Read knows the best investment we can make is in the educational future of every Oregon child. Tobias Read has made it easier for more families to save by broadening the tax benefit and investing the first \$25 in each college savings plan account opened in a child's first year.

"Treasurer Read is committed to ensuring every child in Oregon knows we believe in their educational future."

- Becky Tymchuk, Beaverton School Board Chair

Protecting Public Retirees and Taxpayers

Treasurer Tobias Read has modernized and insourced investment management resulting in \$149 million of additional pension capital for the state and retirees. Tobias Read oversees a \$100 billion portfolio which under his leadership has produced strong returns that ensure public employees can retire with dignity.

"Tobias Read has saved taxpayers money and produced stronger returns for public retirees" - State Senator Rob Wagner

Attorney General

Ellen Rosenblum

Democrat

Occupation: Attorney General

Occupational Background: Prosecutor; private practice; trial and appellate court judge

Educational Background: University of Oregon, B.S. and

J.D.

Prior Governmental Experience: Oregon Attorney General (2012-present); Oregon Court of Appeals Judge (2005-2011); Multnomah County District and Circuit Court Judge (1989-2005); Assistant United States Attorney (1980-1988)

The People's Attorney

Ellen Rosenblum has dedicated her career to serving the people of Oregon. As Attorney General — the first woman to hold the post in state history — she has championed progressive policies and reforms, safeguarded civil rights and fought for justice on behalf of the most vulnerable Oregonians.

Holding Bad Actors Accountable

- Sued opioid manufacturers for promoting addiction
- Addressed the student debt crisis by holding for-profit colleges and loan servicers accountable
- Secured \$1.29 million in refunds for consumers in 2019
- Sued corporations for dodging regulations and polluting our environment

Standing Up for Oregon's Vulnerable

- Led statewide task forces to address the rise in hate crimes and labor trafficking
- Championed legislation to end police profiling and increase accountability
- Sued the Trump administration to protect SNAP food assistance
- Sued the Trump administration to protect Oregon's DREAMers
- Opposed Oregon's same-sex marriage ban; refused to defend the ban in federal court

Standing Up to Trump to Defend Oregonians' Rights, Health and Environment

- Defended the Affordable Care Act against illegal attacks
- Led multi-state lawsuits to defend reproductive rights and keep the government out of personal health care decisions
- Took more than 120 legal actions against the Trump administration to protect our environment

Ellen will continue fighting to make Oregon fairer and more just, and she will challenge any attempt to undo the progress we are making on the issues that matter to us all.

State Senator, 1st District

Kat Stone

Democrat

Occupation: Registered Nurse

Occupational Background: 11 Years Employed at RFP Mill Plant One, 11 Years Employed at Mercy Hospital, 20 Years Administrative Nursing in Oregon.

Educational Background: Douglas High School, Umpqua Community College

Prior Governmental Experience: Douglas County Transportation Board of Directors Elect and Secretary 2019-Present, Roberts Creek Water District Budget Board Elect 2017-Present

Kat Stone is a 65 year old lifetime resident of Southwestern Oregon. She comes from a two generation mill working family. Her father and mother both worked at Roseburg Forest Products Plant One, and she began working there at age 19, pulling greenchain. She paid her own way through nursing school at UCC, and worked at Mercy Hospital in the Critical Care and Recovery units. She currently works all over the state of Oregon overseeing care of our veterans, the elderly, and the disabled. In her current position on the Douglas County Transportation Board she brings her professional experience with these groups into shaping policies to better serve them.

Kat is co-founder and Vice President of Rifle and Ammo Keepers, a member of The Democratic Gun Owner's Caucus, and Treasurer of Douglas Outdoorsmen's Association.

Kat believes:

- In the right to bear arms.
- In the right to private property.
- That government should never be above the rights of the people.
- In the right of rural Oregonians to work.
- In a healthy workforce and economy.
- In supporting Oregon's Agricultural Industries.
- In supporting local business.
- That the voice of rural Oregonians is being censored by extreme Statist agendas.
- That corporate donations have no place in campaigns or elections.
- That too many political positions are bought, not earned.
- That Oregon's wealth belongs to Oregon, not foreign entities.
- That too much wealth is stolen from rural Oregonians.
- In ending corporate welfare.
- In ending large corporate tax evasion.
- In lowering Oregonians taxes with Timber Severance, Oregonians lose 50 million dollars every year without it.
- That rural Oregon deserves better than scraps.
- In Freedom, Abundance, Peace, and Justice.

State Senator, 5th District

Melissa T Cribbins

Democrat

Occupation: County Commissioner

Occupational Background: Attorney, Tribal Judge, Small Business Owner, Water Quality Supervisor, Microbiologist

Educational Background: Gonzaga School of Law, JD; Portland State University, BS

Prior Governmental Experience: County Commissioner, Coos Bay North Bend Water Board

A Leader from Our Community, for the Future of our Community

I was raised in Coquille and with values shaped by the hard-working people of the Oregon coast. After law school, I returned home to raise my children, and give them the opportunities and values I had growing up in coastal Oregon. My husband and I opened a successful small business here, and I have dedicated my career to serving our community.

As your State Senator, I'll champion policies that put our communities first and make the entire district a great place to live, work, and play.

Creating Family Wage Jobs

Our coastal communities haven't experienced the same economic recovery the rest of Oregon has. I'm ready to change that, and bring economic opportunity back to our region. I'll work to preserve traditional industries like timber, ranching, farming, and fishing, while embracing new industries that create living wage jobs that can support families.

Protecting Healthcare and Funding Education

An important part of a strong economy is delivering services while staying within our means. In my six years as a County Commissioner, we delivered critical services to our communities, all while balancing our budget and preventing layoffs. I'm proud of the work we have done to support local citizens and keep our communities healthy by filling gaps in funding for our public schools and delivering accessible, affordable healthcare.

I'm proud to have earned the support of:

State Representative, 7th District

Jerry M Samaniego

Democrat

Occupation: Solar design, sales and installation

Occupational Background: Second-generation solar guy, activist

Educational Background:

University of Arizona BA: History

Prior Governmental Experience: None

I'm a worker, not a politician, I want to work for you.

Like many Oregonians, I practically grew up outdoors. Much of my childhood was spent hunting, fishing, and camping. My father taught me how important it is to protect our vulnerable ecosystems and preserve our planet for future generations. I took those lessons to heart and have built my life around those principles.

Dad didn't just teach me to love nature, he also taught me a trade. I'm a second-generation 'solar guy': I've been climbing around on roofs installing solar panels since I was 15 years old. I know what it's like to work hard for a living.

I'm running a campaign informed by my own working-class and conservationist roots. As your state representative, I will be the most blue-collar member of the legislature and the one with the strongest background in renewable energy.

Representing a rural community, I will be uniquely positioned to champion progressive legislation on issues like climate and affordable housing that would bring good-paying, 21st century green jobs in fields such as regenerative forestry, sustainable agriculture and renewable energy. This is critical because rural Oregonians live on the front lines of the climate crisis.

I believe that healthcare is a human right. That honest work deserves a living wage. That everyone deserves a place to call home. That women's rights are human rights. As a hunter and a gun owner, I support the Second Amendment and believe in *responsible* gun ownership and gun safety.

When I represent the people of House District 7, you can count on me to show up to work everyday, ready and willing to fight for you with the work ethic of all the folks out there who work hard to make ends meet.

State Representative, 9th District

Cal Mukumoto

Democrat

Occupation: Business consultant

Occupational Background: Business management; Forestry

Educational Background:

University of Washington, MBA; Humboldt State University, BS, Forest Management

Prior Governmental Experience: Chair and Commissioner, Oregon State Parks and Recreation Department; Oregon State Board of Forestry; U.S. Board for the Forest Stewardship Council

Additional Community Involvement: Former Chair of the Coquille Economic Development Corporation; Board Member for six Tribal enterprises

A strong voice for the Coast

Thirty years ago, Cal Mukumoto helped establish a log merchandising and sales program for an Oregon mill. Since then, he has helped Oregon businesses protect jobs and expand local industries. Cal understands how to grow our economy because he's done it. When many in Salem prioritize Portland, Cal will be a strong voice for the Coast.

Investing in Opportunity

Cal will invest in our children's future by supporting strong public schools. He also understands that the trades, from logging to maritime, need skilled workers. He will work to expand job training and apprenticeship programs so more people can get skills they need to earn a decent living.

Protecting our quality of life

As a graduate-level forester, Cal knows a thing or two about the industries that sustain the Coast. He has served as Chair and Commissioner at the Oregon Parks and Recreation Department, helping to improve recreation trails, rivers, ocean shores, and scenic byways. We can trust Cal to protect the things that make Oregon special and utilize our resources responsibly to grow our economy.

Lowering Healthcare Costs & Delivering for Veterans

Cal believes healthcare and prescription drugs cost too much. He will fight for more transparency and accountability in our healthcare system. Cal will also work to improve healthcare access for veterans, so they don't have to drive to the valley to get the services they've earned.

Judge of the Supreme Court, Position 1**Thomas A
Balmer**

Nonpartisan

Occupation: Associate Justice, Oregon Supreme Court**Occupational Background:** Chief Justice, Oregon Supreme Court; attorney in private practice; Oregon Deputy Attorney General**Educational Background:** Portland Public Schools; B.A., Oberlin College (1974); J.D., University of Chicago (1977)**Prior Governmental Experience:** Oregon Deputy Attorney General (1993-97); Trial Attorney, U.S., Department of Justice (1979-80)**Re-Elect Justice Tom Balmer to Oregon's Supreme Court**

Since 2001, Tom Balmer has served on Oregon's Supreme Court with distinction, exhibiting fairness, intelligence, and an extraordinary work ethic.

In 2012, Tom Balmer's colleagues on the Supreme Court showed their confidence in his judgment, leadership, and legal skills by selecting him to serve as Chief Justice for a six-year term. In that role, he led the Oregon courts through a difficult budget climate by carefully managing limited resources, adopting technology innovations, and improving court efficiency.

Justice Balmer traveled the state to visit local trial courts and seek ways to improve access to justice for all Oregonians -- while carrying a full workload of opinions and rulings on the Supreme Court.

Experience

The foundation of Justice Balmer's success is his hands-on experience in the key areas the Supreme Court deals with every day. He has tried jury cases, argued before the U.S. Supreme Court, advised individuals and business clients on a wide variety of matters, and counseled elected and government leaders on constitutional and public law. As Deputy Attorney General, he argued criminal, election, and constitutional law cases in Oregon and federal courts.

Tom Balmer's reputation as a thoughtful scholar and practical problem-solver is well known. His broad, well-rounded experience and integrity have earned widespread support from all parts of Oregon's legal community.

Part of the Community

Tom has served as a volunteer for legal aid, the Classroom Law Project, local arts and park organizations, and Portland Homeless Family Solutions.

Broad Support

It is a mark of Tom's fairness and integrity that he has won support from around the state and from across the political spectrum.

Judge of the Supreme Court, Position 1**Van
Pounds**

Nonpartisan

Occupation: Lawyer and Senior Policy Analyst.**Occupational Background:** Oregon: Chief of Enforcement and Securities, Department of Consumer and Business Services. Missouri: Managing/

Senior Counsel and Special Assistant Attorney General; Adjunct Instructor of Business Law; Assistant Regional Public Defender; Assistant/Acting City Attorney.

Educational Background: Master of Laws (LL.M.) in Dispute Resolution and Juris Doctor (J.D.), University of Missouri-Columbia; Bachelor of Arts (B.A.) in History, Southeast Missouri State University.**Prior Governmental Experience:** See Occupation and Occupational Background above.**Professional Memberships:** Oregon State Bar (Alternative Dispute Resolution Section); The Missouri Bar (Alternative Dispute Resolution Committee; Labor & Employment Law Committee); Marion County Bar Association.**LET'S MAKE YOUR VOTE COUNT**

Although the Oregon Constitution states that judges are to be elected by the voters of this state, such voters are routinely relegated to the role of a rubber stamp. As judicial vacancies occur, the governor unilaterally fills them by appointment. Such appointed judges thereafter gain the advantage of incumbency and rarely, if ever, face an election opponent.

Every current Oregon Supreme Court judge got there by means of gubernatorial appointment. Five of those seven judges have now been appointed by one person -- the current governor. If the Position 1 incumbent is re-elected and then resigns mid-term (as anticipated), the governor will be afforded yet another opportunity to unilaterally hand-pick a replacement.

Oregonians deserve a judiciary that functions in an independent and non-partisan manner. Sadly, however, the prevailing process for picking judges provides little reassurance in that regard.

Van Pounds offers voters a voice for positive reform, as well as a meaningful choice for judge. He will continue to be an ardent advocate for improvement of the judicial selection and retention processes -- to promote greater transparency and to reduce the likelihood of undue partisan political influence.

Consistent with the Code of Judicial Conduct, **Van Pounds** pledges to perform the duties of judicial office diligently, fairly and impartially, and in accordance with the rule of law. He welcomes your vote.

(This information furnished by Van Pounds.)

Judge of the Supreme Court, Position 7

Martha Walters

Nonpartisan

Occupation: Chief Justice, Oregon Supreme Court (July 2018 to present).

Occupational Background: Over thirteen years as an Associate Justice on the Oregon Supreme Court (2006

to 2018); Nearly 30 years as an attorney in private practice (1977 --2006); before law school worked in child care and yard maintenance and as a bank teller and ice-cream scooper.

Educational Background: University of Michigan, BA (1972); University of Oregon School of Law, JD (1977).

Prior Governmental Experience: Oregon Commissioner for and first woman President of the Uniform Law Commission, a national organization that since 1892 has provided states with non-partisan legislation on subjects on which uniformity across the states is desirable and practical; Commissioner, Oregon Law Commission, a state organization created in 1997 to conduct law reform.

As the Chief Justice of the Oregon Supreme Court, I lead the Judicial Branch and work to ensure that we fulfill our mission to provide fair and accessible justice services that protect the rights of individuals, preserve community welfare, and inspire public confidence. I would be honored to have your vote.

(This information furnished by Re-elect Supreme Court Justice Martha Walters.)

Judge of the Court of Appeals, Position 1

Josephine H Mooney

Nonpartisan

Occupation: Judge, Court of Appeals

Occupational Background: Appellate Judge, Trial Judge, Trial Lawyer, Risk Manager

Educational Background: JD - University of Oregon; BA - University of Wisconsin - Milwaukee

JD - University of Oregon; BA - University of Wisconsin - Milwaukee

Prior Governmental Experience: Court of Appeals Judge; Circuit Court Judge

Personal: Born & raised in the Midwest; Oregonian since 1985; married; two children in college (1 duck/1 beaver); avid bowler & photographer

Statement from Judge Mooney:

My judicial decision-making is driven by common sense, fairness and the rule of law. I study the briefs, listen to the arguments and work with the other judges to reach sound decisions. I value and respect the varied points of view from across the State. My goal is to write opinions that all Oregonians can read and use.

Statements about Judge Mooney:

"Judge Mooney is a hard-working, straight-shooting judge who is passionate about her community, our state, and the rule of law. Given her judicial experience, keen intellect, and impeccable work ethic, Judge Mooney is well-suited to make an immediate, positive impact on the Court of Appeals."

Governor Kate Brown

"Judge Mooney's background as a practicing lawyer and a trial judge has made her a strong addition to the Court of Appeals. She is smart, hard-working, and understands how court decisions affect people in their everyday lives."

Thomas Balmer, Justice, Oregon Supreme Court

"Judge Mooney brings great perspective to the Court of Appeals. She thinks pragmatically; she works tirelessly; and she has my emphatic endorsement."

James Egan, Chief Judge, Oregon Court of Appeals

"Judge Mooney's trial experience, work ethic and integrity are ideal characteristics for an appellate court judge. Oregonians are lucky to have her in Salem."

Debra Vogt, Presiding Judge, Lane County Circuit Court

"Judge Mooney's varied experience is invaluable to her work on the Court of Appeals. Her opinions are well reasoned, understandable, and succinct. Judge Mooney is perfectly suited for this position."

Janet Stauffer, Presiding Judge, Wasco, Hood River, Wheeler, Sherman & Gilliam County Circuit Courts

Judge of the Court of Appeals, Position 11

Joel DeVore

Nonpartisan

Occupation: Judge, Court of Appeals

Occupational Background: Attorney in Eugene (1988-2013) & Pendleton (1983-1988)

Educational Background: University of Oregon Law School; Antioch College; Alaska Methodist University

Prior Governmental Experience: Attorney in private practice (represented Eugene, Corvallis, other school districts); Citizen's Ombudsman (investigating complaints), Municipality of Anchorage, Alaska (1974-1978)

Early Experience: Custodian, tutor-counselor, fry cook, stable hand, government intern (Anchorage Borough; State of Alaska) & volunteer for the NAACP Legal Defense Fund (Mississippi).

Community Service: Past president, Lane County Bar Ass'n; member, chair, OSB Uniform Civil Jury Instruction Committee. Speaker at legal education seminars. Author of articles on insurance law reform, Willamette Law Review. Promotor of legislation passed to solve shortcomings in auto insurance in 1997, 2005 & 2007.

Background: Judge DeVore was born in Iowa, raised in Alaska, and loves Oregon. As son of a minister and a teacher, he values service to others. Law practice was his pragmatic way of working with people's problems one at a time. He handled a broad range of civil cases in state and federal trial and appellate courts for 30 years before appointment in 2013 and election in 2014. He believes that a judge must listen well, care about people, study each case, and be resolutely committed to impartial justice.

Priorities: (1) Reduce the number of backlogged cases awaiting written opinions; (2) reduce the delay waiting for written opinions; and, (3) when possible (when *not adding* to the backlog or delay), reduce the number of cases affirmed without opinions.

More information: Visit www.joeldevore.com

"Thoughtful"

–Oregon Supreme Court, 11/13/15

"Incorruptible"

–Eugene Register-Guard, 4/26/18

In a time when our nation faces grave threats to democracy and the rule of law, our courts must be open and accountable to the people. That's why I'm running for the Court of Appeals.

I'm running because I believe that judges should explain their decisions. Right now they don't. In most cases, the Court of Appeals "affirms without opinion." That means the judges give no explanation whatsoever for their ruling.

They do it in easy cases. They do it in hard cases. Big cases and small cases. Cases where they think the lower court was right. Cases where they think the lower court was wrong. Sometimes they even do it by mistake.

The Court of Appeals affects all of us. It decides when the police can pull you over. What you're owed if you're hurt on the job. Whether the state can take away your children. Many people lose their liberty, their livelihood, or their family, without ever being told why.

Oregon deserves better. Many other courts give at least one or two sentences to explain each of their rulings. Our court can do at least that much. That would let everyone know why the court did what it did—and keep the court accountable.

We can make it happen. As a public defender, I've represented hundreds of individuals before the Court of Appeals. In any of their cases, a single judge could make the court explain its ruling. With your support, I will be that judge.

I can't promise you'll agree with every decision I make. No judge could make that promise. But I will explain every decision I make. No other candidate will do that.

District Attorney, Curry County

Joshua A Spansail

Nonpartisan

Occupation: Curry County District Attorney

Occupational Background: Appointed District Attorney for Curry County; Deputy District Attorney for Curry County; Judicial Clerk to

Presiding Judge Robert Herndon, Clackamas County; Rules Coordinator, Oregon Water Resources Department.

Educational Background: University of Oregon School of Law, J.D; University of Oregon, B.A., Sociology

Prior Governmental Experience: Deputy District Attorney for Curry County since 2016; Judicial Clerk to Presiding Judge Robert Herndon, Clackamas County; Rules Coordinator, Oregon Water Resources Department.

Family: Mr. Spansail is a lifelong Oregonian who lives in Gold Beach. He and his wife are currently expecting their first child.

Mr. Spansail has a proven track record of results during his four years as a Deputy District Attorney in Curry County. For much of those four years, Spansail specialized in domestic violence and sexual assault prosecution, helping victims through some of the toughest times in their lives. He believes that all victims of crime should be treated with respect, compassion and understanding.

Mr. Spansail has a strong relationship with law enforcement in Curry County and is committed to partnering with law enforcement agencies to keep the community safe from crime. Spansail brings competence, experience, sound judgment and a strong work ethic to the position of District Attorney. He believes that all cases must be handled in a fair and just manner. As a community, we must hold perpetrators of crime accountable and we must prosecute violent offenders and those who victimize children to the fullest extent of the law.

"I look forward to the opportunity to continue to work on behalf of our community. I am committed to public service and working for the people of Curry County."

District Attorney, Douglas County

Rick Wesenberg

Nonpartisan

Occupation: Douglas County District Attorney

Occupational Background: Douglas County District Attorney's Office 1992-present; Elected Douglas County District Attorney November

2008; Appointed Douglas County District Attorney July 2008; Assistant District Attorney for Douglas County; Senior Deputy District Attorney; Deputy District Attorney; Judicial Clerk for the Honorable Harl Haas

Educational Background: J.D., University of Oregon, School of Law, 1991; B.S., Psychology, University of Oregon, 1987; Admitted Oregon State Bar and United States District Court for the District of Oregon

Prior Governmental Experience: District Attorney for Douglas County; Assistant District Attorney for Douglas County; Senior Deputy District Attorney; Deputy District Attorney; Sutherlin City Council

ENDORSED BY SHERIFF JOHN HAMLIN

FAMILY: Rick lives in Sutherlin with his wife Gillian and Son Lee

CAREER/PROFESSIONAL HIGHLIGHTS

Secured convictions of many of Douglas County's most dangerous and violent criminals. Successfully prosecuted thousands of criminal cases-the most difficult and complex cases included aggravated murder and sexual assault on children. Instrumental in the formation and continued success of Douglas County's Adult Drug Court and Mental Health Court. Extensive county management and legal administrative experience. Recognized for superior victim advocacy.

MY PRIORITIES

Violent Crime: I will uncompromisingly prosecute violent offenders to protect our most vulnerable citizens. Douglas County must be protected from those who would subject others to violence. They must be locked up and put away.

Methamphetamine/Herion: I will vigorously prosecute drug dealers who bring their poison into our communities, especially when they target our children as their customers.

Property Crimes: I will aggressively prosecute offenders who violate our homes and businesses.

Crime Victims: I will compassionately respect and protect the rights of victims of crime.

MY COMMITMENT TO YOU

As your District Attorney, I will ensure the aggressive and effective prosecution of crime. I am committed to the compassionate and respectful treatment of crime victims. I will fairly, efficiently and impartially enforce Oregon Law.

"I'm Sam Schwarz, a Coos County native, born and raised on the edge of the Elliott State Forest. I grew up eating salmon from the river and food from our family garden. This is our home and our children's home and we must work together to build a strong, sustainable economy now and for future generations. I don't play politics and I will work hard for all of us."

Sam is an innovative problem solver and will be an asset to you as your Coos County Commissioner. He will help lead the building of a locally focused and flourishing economy. An economy that keeps families in a prosperous community that all can be proud of and benefit from. He will focus on bringing people together to explore opportunities, strengthen links between industry and a healthy environment while achieving long-term economic and community vitality.

Coos County is rich in resources and we all deserve to share in that abundance – clean water and air, productive forests and ocean, and hard-working citizens. As politicians and corporations attempt to dominate our birthright, communities and people are struggling and suffering. Our independence is critical to our success in enriching our lives right here at home.

Sam Schwarz is a builder, technician and entrepreneur. He holds a US Patent for his lighting innovations and built a successful business locally. Sam knows the value of Oregon work ethic and the importance of job training. He knows that you have ideas that need to be shared. Working together we will find solutions to unemployment, housing insecurity and other challenges through better resource utilization, job creation and training.

We have an opportunity to utilize our resources and skills for the common good. Sam will be our voice and will stand up for the heart of Coos County.

Katy Eymann

Nonpartisan

Occupation: Attorney

Occupational Background: Business Owner; Business Coach; Teamster Business Agent

Educational Background:

University of Oregon, JD, BA; Lane Community College, AA

Prior Governmental Experience: Elected to Board of Education, SWOCC; Chair, Oregon Board of Maritime Pilots

OUR ECONOMIC STRENGTH AND FUTURE

Katy Eymann knows Coos County's economic strength comes from our natural resources: trees, access to fish and our scenic beauty.

Katy Eymann knows another natural resource we have in abundance is wind. Money will flow to harvest offshore wind energy because California law requires all its electricity to come from renewable resources by 2045. This is a huge opportunity. Coos County needs new leadership to attract the family-wage jobs this new industry will provide.

AFFORDABLE HOUSING

Katy Eymann understands housing costs are too high and often quality is too low. She will work to implement the Coos County Housing Action Plan to unstick the housing market and increase housing affordability.

PROTECT PUBLIC SAFETY

Katy Eymann knows law enforcement is a priority especially for rural areas like Lakeside, Fairview and Broadbent where Sheriff patrols are greatly appreciated.

OPPOSES JORDAN COVE

Katy Eymann opposes the Jordan Cove Energy Project and Pacific Connector Gas Pipeline because she opposes: a) The use of eminent domain by a private company to force land-owners to give up a 50' to 100' wide strip across their land for a 3' diameter high-pressure gas pipeline; b) A terminal that will violate LNG industry safety standards; c) Dredging that will destroy critical habitat for oysters, clams and young crab; d) limitations on recreational use of Lower Coos Bay; and, e) Create an economic boom that mostly benefits out-of-town workers, while leaving locals with high housing costs and a busted economy after the project is built.

STRONG ENERGETIC LEADER

Katy Eymann listens. Commission meetings should be at times and places that serve the public. She will provide **new positive energetic leadership** that serves our fishing, farming, forestry, medical, tourism and emerging industries.

Local option tax to replace failing 911 radio communications system

Local option tax to replace failing 911 radio communications system

Question

Shall Coos County impose \$.20 per \$1,000 of assessed value for five years beginning 07/01/2020 for a 911 radio system? This measure may cause property taxes to increase more than three percent.

Summary

The 911 radio system has failed more than four times in the last seven months, leaving fire, medical and police responders without radio communications. The manufacturer no longer supports the system and used parts are scarce, expensive, and difficult to find. Lack of radio communications has led to dangerous situations for both responders and citizens calling for help. The failing 911 system supports 16-fire agencies, 3-ambulance services, 12-police agencies and the County Road Department. The infrastructure and capability upgrades have been designed and planned in a collaborative effort with the Coos Forest Protective Association. Replacing the radio system will require a levy in the amount of \$.20 per \$1,000 of assessed value, ending in five years. This amount includes a built-in maintenance fund. The levy is estimated to raise \$1,194,908.11 in 2020-2021, \$1,230,755.36 in 2021-2022, \$1,267,678.02 in 2022-2023, \$1,305,708.36 in 2023-2024, and \$1,344,879.61 in 2024-2025. Any collected funds will be dedicated to 911 communications, and cannot be used for any other purpose, pursuant to ORS 280.040(2)(b).

Explanatory Statement

Effective response for all emergency services in Coos County relies on a 911 radio communication system, which ensures fire department, ambulance and police services receive emergency calls and are able to respond. The radio system is past its expected replacement date, and is experiencing failures at an increasing rate. To address the safety issues created by the radio system failures, Coos County proposes to upgrade the system, which will require a local option tax in the amount of \$.20 per \$1,000 of assessed value for five years.

The 911 radio system has been continually failing, with incidences increasing in frequency, and repairs becoming more difficult. In October of 2019, the entire system was inoperable for a period of about 36 hours. Parts were borrowed from other towers in the county, which enabled the system's operation while searching for replacement parts. As new parts are no longer manufactured, old used parts were ordered online. As of now, those parts are maintaining the system, but are unreliable, expensive and increasingly more difficult to find.

To address the continuing system failures, a planning group has been working on a replacement system since August, 2018. The group represents all aspects of emergency services, including Emergency Management, ambulance, fire, police, civilian and the Coos Forest Protective Association (CFPA). CFPA has offered space on several radio towers, which will allow for an increase from six to thirteen tower sites, which includes towers for Coos Bay and North Bend emergency services. This will fix holes in radio communication which would otherwise not be addressed.

Payment options for the replacement 911 radio system have been exhaustively researched, including grants, loans, leases, cost-share analysis and installment plans. After weighing the options, Coos County proposes a local option tax in the amount of \$0.20 per \$1,000 of assessed value, which will fully fund the repair and upgrade to our emergency radio communications system. The funds raised by the tax will include a built-in maintenance fund for unanticipated repair needs. The average assessed residential property value in Coos County is approximately \$163,000. A \$0.20 levy on a similar property value will create a tax of \$2.72 per month.

Bonds to Construct, Improve Facilities, Address Safety and Technology Needs

Explanatory Statement	53
Arguments in Favor	53
Arguments in Opposition	None

Ballot Title Caption

Bonds to Construct, Improve Facilities, Address Safety and Technology Needs

Question

Shall Lane Community College increase safety; repair, construct and improve facilities; update technology; issue bonds not exceeding \$121.5 million? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and IIb, Article XI of the Oregon Constitution.

Summary

The Lane Community College Board proposes this measure to increase safety, repair and construct labs for job training, extend life of aging facilities, update technology and finance capital costs to support student learning.

The College has been awarded \$8,000,000 in state funds only available if the bonds are approved.

If approved, this measure is expected to include the following projects:

- District-wide earthquake and safety upgrades
- Update Science labs and modernize Math, Arts and Engineering spaces
- Create Workforce Development Center
- Construct building for expanded Health Professions programs and Dental Clinic
- Expand Manufacturing and Technology Programs
- Create mobile manufacturing/welding lab
- Build Cybersecurity Program lab
- Related site improvements, equipment, furnishings and costs of issuance

Bonds would mature in not to exceed 20 years from issuance and may be issued in series. The incremental increase in the levy rate is estimated to be \$0.12 per thousand of assessed property value. Actual levy rate may differ due to changes in interest rates and assessed values.

Explanatory Statement

The Lane Community College Board is asking voters in its service area to consider a \$121.5 million bond measure that, if approved, would fund safety and security updates, seismic retrofitting, expand Health Professions and Workforce Training Programs, and modernize classroom technology throughout the district.

In an effort to identify structural and programmatic projects and address deferred maintenance, the college recently completed a facilities master plan. This multi-year effort involved the LCC Board, campus community and members from local businesses to help determine how to address safety and security on campus, as well as update learning spaces. To help offset the cost of items identified in the plan, LCC's Board decided to refer the bond measure to voters. If approved, bond dollars would be used to address the following priorities within the master plan:

Safety, security, and accessibility

LCC would use bond dollars to address safety projects identified in the facilities plan. Some LCC buildings are more than 50 years old and are seismically and structurally not up to code. If approved, bond funds would be used to reconstruct or retrofit aging facilities, make buildings and walkways more accessible, and add classroom safety features.

Workforce retraining and career technical education

LCC offers education, training, partnerships and local opportunities for Career Technical Education (CTE) and workforce training and retraining. Bond dollars would provide updated learning spaces and technology for several programs, including Advanced Technology and Cybersecurity. In addition, the college would qualify for a matching \$8 million state grant to construct a new building to allow for expansion of Health Professions programs and LCC's Dental Clinic.

Student focused

Currently, LCC uses general fund dollars to make facility improvements. If approved by voters, bond funds would be used for facility improvements, allowing remaining resources to be invested in education efforts. A voter-approved bond measure would help the school avoid or delay increasing the cost of tuition.

Cost

If passed, LCC's bond measure is estimated to increase property taxes \$0.12 per \$1,000 of assessed value, to a rate of \$0.34 per \$1,000 of assessed value for Lane Community College bond debt. Property taxes are expected to increase by about \$3.00 a month or \$36 a year for a property assessed at \$300,000.

If the bond does not pass, the safety, infrastructure enhancement and modernization projects could not be completed. The property tax increase would not occur. LCC would not receive the proposed bond funds nor the \$8 million in committed state funds. Repairs, maintenance and technology upgrades would be budgeted through the general fund, potentially resulting in higher tuition rates for students.

Accountability

An independent group of citizens from the community will review quarterly reports and audits of how the bond dollars are being spent to provide accountability to the public until construction is complete.

(This impartial statement explaining the measure was provided by the Lane Community College Board of Education.)

Argument in Favor

The Lane Community College (LCC) Board of Education has referred a \$121.5 million bond measure to voters. If passed, the bond will increase property taxes by an estimated twelve cents per thousand dollars of assessed value. As an example, a property assessed at \$300,000 would pay an additional \$36 per year.

This is the best bargain in Lane County.

Over 20,000 people will attend LCC this year. About half of them will take classes with an aim to transfer to a four-year university. Another almost half will enroll in one of the over forty career and technical programs available. LCC trains RNs, LPNs, phlebotomists, medical assistants, dental hygienists, welders, diesel mechanics, pilots, airplane maintenance specialists, and many, many more.

If voters approve the bond, the college will improve safety, security and access at LCC, adding cameras, lighting, interior door locks and other safety measures. LCC will modernize 30-50-year old labs and classrooms. LCC will construct a health professions building at its main campus, create a manufacturing center and a mobile manufacturing lab to take instruction where it's needed throughout the college District.

Employers in Lane County say they cannot find qualified applicants for openings. LCC is the place where individuals get training to qualify for jobs. Students are expected to know how to operate modern equipment and function in modern facilities. To keep pace, LCC must update outmoded equipment and facilities.

Of the 20,000 people who enroll at LCC this year, almost half will be the first in their family ever to attend college. LCC is the community's college. Anyone who wants to attend is welcomed. All students who want to transform their lives through learning have a place at LCC.

Help LCC provide state-of-the-art education. Vote yes on Ballot Measure 20-306.

Argument in Favor

I'm an employer and I support LCC's bond measure. I depend on LCC to train the people I employ. I know I'm not alone. Here are just a few of the training programs at LCC:

- Graphic Design: Multi-media, Web
- Computer Network Monitoring and Management, Network Security
- Computer Programming
 - Front End Web Developer
 - Database Specialist
 - Mobile Application Development
- Cybersecurity
- Culinary Arts and Food Service Management
 - Baking and Pastry
 - Commercial Cooking
 - Commercial Baking and Pastry
- Health Information Management: Medical Coding
- Hotel/Restaurant/Tourism Management
- Dental Assisting, Dental Hygiene
- Fitness & Lifestyle Specialist: Group Exercise Instructor
- Medical Assistant
- Nursing: CNA, LPN
- Emergency Medical Technician
- Physical Therapist Assistant
- Apprenticeship: Construction Trades
- Apprenticeship: Electrician Technologies
- Apprenticeship: Industrial Mechanics and Maintenance Technology

- Automotive Technology
- Aviation Maintenance Technician
- Computer Numerical Control Technician
 - Manufacturing Technician 1 and 2
- Construction Technology
- Diesel Technology
- Drafting for Commercial and Residential Construction, Manufacturing
- Fabrication and Welding Technology
 - Shielded Metal Arc Welder
 - Wire Drive Welder
 - Welding Processes
 - Fabrication Welding
- Flight Technology
- Manufacturing Technology
- Unmanned Aerial Systems (drones): Photography, GIS
- Energy Management Technician
- Building Controls Technician Option, Sustainability Coordinator
- Water Conservation Technician
- Criminal Justice
- Early Childhood Education: Teachers Aide

Over 90% of LCC students remain in Lane County after graduation or after completing a certificate. All of these training programs need state-of-the-art facilities, equipment and technology. Vote yes for a first class education at LCC. Vote yes for Measure 20-306.

(This information furnished by Rusty Rexius.)

Argument in Favor

We support LCC's \$121.5 million bond measure because LCC is an integral part of the education system in Lane County and an extraordinary opportunity for Lane County students who want to transform their lives through education.

Through its **College Now Program**, classes are held at students' high schools. Students can earn both high school and college credits (dual credit) in the same class. Classes are offered for tuition and fee free.

Through its **Early College Program**, students can take courses not available at their high school for college credit. Some school districts will help their students pay for courses located at LCC campuses. Almost all LCC courses are available and students can get a head start or even finish certificates before they graduate from high school.

It is estimated that students who start at LCC and then transfer to a four-year university can save as much as \$30,000 on the cost of a degree. And there are literally dozens of career and technical programs at LCC where students can train for certificates and licensure in everything from healthcare professions to manufacturing to culinary and hospitality jobs.

LCC deserves voter support. Oregon currently ranks 46th in the nation for higher education funding. That's why local voters need to prioritize local institutions like LCC. With voter support, LCC can improve safety, security and access and modernize and update classrooms, labs and engineering spaces.

We see everyday how our students benefit from the course offerings, degree programs, and wrap-around support services available at LCC.

Education doesn't end at high school graduation. LCC is an important part of Lane County's education system. Vote yes on Ballot Measure 20-306.

Argument in Favor

The League of Women Voters of Lane County urges your support for Measure 20-306.

Lane Community College makes a positive difference in the lives of Lane County residents and businesses. The League of Women Voters of Lane County supports LCC's bond measure—\$121.5 million for critical maintenance and capital improvements.

- Maintaining capital assets is a smart community investment.
- The LCC Board listened to community members, reducing the amount of the bond request.
- Efficient, effective educational programs require safe and functional school facilities. LCC's proposed bonds would construct and improve facilities and address safety and technology needs.
- Proposed improvements will benefit communities across Lane County and support economic development, education outreach, and career technical education.
- Bonds would help leverage other funds such as state capital improvements projects funding, seismic improvement grants, and private fundraising.

The League of Women Voters of Lane County encourages your "yes" vote on LCC's bond measure in the May 2020 election.
