vote!

Oregon votes by mail. Ballots will be mailed to registered voters beginning April 29.

BEV CLARNO
SECRETARY OF STATE

ELECTIONS DIVISION
STEPHEN N. TROUT
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Oregon Voter,

The information this Voters' Pamphlet provides is designed to assist you in participating in the **May 19, 2020**, Primary Election.

Primary elections serve two main purposes. The first is for all voters to be able to cast ballots for candidates for nonpartisan offices like judges and some county and other local offices. The second is for the voters registered with a major political party to select their nominees for partisan office like US President.

Those registered as not affiliated with a political party, or registered with a minor party (Constitution, Independent, Libertarian, Pacific Green, Progressive, Working Families) will receive a ballot that includes only nonpartisan offices. The US Supreme Court has ruled that political parties get to decide who votes in their primaries so unless you are registered as a Republican or Democrat you will not have candidates for President or any partisan office on your May Primary ballot. You will have them on your November 3 ballot.

The biggest threat we have to elections today is misinformation. It can be found in many sources – social media, mainstream media, email lists, text message chains and mailers. Misinformation can even be spread through candidate statements in this voters' pamphlet. Candidates pay a fee to have the statements printed and they are not fact checked. In fact, Oregon courts have ruled they cannot be fact checked.

We recognize that with unlimited sources of information it can be challenging to find information that is accurate and trustworthy. Fortunately, there are some simple questions you can ask yourself to help identify misinformation: 1) Is there any data or evidence presented to support the information? 2) Does this information seem designed to push my political buttons? 3) Is there something about this information that doesn't seem right or too bizarre to be true? 4) Who is sharing this information? 5) Does this individual or group have an agenda? Be an informed voter and don't believe everything you see or hear.

Ballots will be mailed beginning April 29. After you have filled out your ballot, you can return it by mail or take it to any official drop box. If returning by mail, no stamp is necessary because, under a new law, the postage has been pre-paid by the state. Remember your ballot must be physically received at a county elections office or in an official drop box by **8 pm May 19**. Postmarks do not count! To track your ballot or to find your nearest drop box, visit oregonvotes.gov/myvote.

My goal as Secretary of State is to maximize voter participation and access while ensuring election integrity so that our democracy can be strong and vibrant. You can have confidence that our elections are secure and accurate and that every vote counts. I encourage you to study the issues, make your voice heard and participate in all elections.

Sincerely,

A handwritten signature in cursive script that reads "Bev Clarno".

How do I vote in Oregon?

In Oregon, we vote by mail. There are no polling places. Instead you can complete your ballot anywhere you choose. There are privacy booths available at your county elections office.

Your county elections office will automatically mail you a ballot packet for every election that you are eligible to vote in. Inside the packet, you will find the ballot and instructions on how to complete and return the ballot. [Follow the instructions!](#)

What if my ballot doesn't come?

For this election your ballot packet will automatically be mailed to you between **April 29** and **May 5, 2020**. If you have not received your ballot packet by **May 8**, call your county elections office.

What if I've moved?

Ballots are not forwardable. If you were registered to vote by **April 28** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

How do I get a ballot if I will be out of town when ballots are sent?

Absentee ballots are available 45 days before the election. You must complete the Absentee Ballot Request Application at oregonvotes.gov/myvote or call your county elections office.

Can I vote online?

There is no online voting in Oregon. A ballot may be emailed to a military or overseas voter, but there is no website where you can cast a ballot.

Why are there no Presidential Candidates on my ballot?

If your ballot does not include candidates for US President it means you are not registered to vote as a Republican or Democrat. Oregon law allows major political parties to decide who can participate in selecting the candidates who will represent the parties at the general election.

For the 2020 Primary only registered voters of the Republican Party or Democratic Party may choose that party's nominees. Candidates for US President will appear on the ballot you receive for the general election.

Do I have to vote on every office or measure?

No. You don't have to vote on every contest. Those you do vote on will still count.

What if I make a mistake, damage or lose my ballot?

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot.

Can I change how I voted?

If you have not yet returned your ballot, you can change how you voted. Follow the instructions included with your ballot. Once you have put your ballot in the mail or official drop box it is considered cast and cannot be changed.

How do I return my ballot?

You can return your ballot by mail or take it to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

Do I have to pay postage?

If returning by mail, no stamp is necessary because the postage has been pre-paid by the state.

What is the deadline for me to return my voted ballot?

Your voted ballot must be physically received by a county elections office or be in an official drop box by **8 pm, Tuesday, May 19**. **Postmarks do not count!** County elections offices are open election day from **7 am to 8 pm**.

Will my ballot be counted if I forgot to return it in the secrecy envelope or sleeve?

The county elections office will maintain the privacy of your ballot if you forget the optional secrecy envelope or sleeve and your ballot will still count.

Why do I have to sign the outside of my ballot return envelope?

Your signature is a security measure used to verify identity. County personnel who have received training in forensic handwriting analysis compare it to signatures in your voter registration record. Your ballot may only be counted if the signatures match.

If your signature does not match the county will notify you. You will have until 14 days after the election to prove you were the one who signed the envelope.

Can I ask a family member to sign the envelope for me?

Only the voter may sign the ballot return envelope. Power of Attorney documents do not apply to voting. If you cannot sign your name you may use a signature stamp or other indicator as your signature. Contact your county elections office for more information.

What if I forget to sign the return envelope?

If you forget to sign your ballot envelope the county will notify you. You will have until 14 days after the election to sign the envelope.

Is my vote really kept secret?

Yes, how you voted is secret, but whether or not you returned your ballot is public record. To ensure your vote remains a secret, your ballot is separated from the return identification envelope before it is reviewed. County elections officials only review and count your ballot after verifying your signature.

How can I track my ballot?

As a registered voter, you can track the status of your ballot at oregonvotes.gov/myvote.

What is a Provisional Ballot and why do I need one?

If there is a question about your eligibility as a voter or you need to vote at a county elections office in a county other than the one you live in, you will be issued a provisional ballot. In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office. Your provisional ballot will not be counted until it is determined that you are eligible to vote.

When will election results be known?

Initial results are released at **8 pm** election night and will continue to be updated through election night. Final certified results will be available 30 days after the election.

How do I file a complaint?

Any registered voter may file a written complaint alleging that a violation of an election law has occurred. The complaint should provide evidence showing a violation. The complaint must be signed by the elector. Anonymous complaints will not be accepted. The complaint should be sent to:

Secretary of State, Elections Division
255 Capitol St NE, Suite 501
Salem, OR 97310

Would you...

give someone going door to door your ballot to put in a drop box for you?

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. Don't be fooled.

believe a talk radio personality who says your political party is changed when you go to DMV?

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. Don't be fooled.

believe a story that non-citizens are registered to vote when they get a driver's license?

Not true. Only individuals who show proof of citizenship at DMV are automatically registered to vote. Don't be fooled.

believe a social media post, phone call or text message that your voter registration has been cancelled?

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. Don't be fooled.

register to vote on a website you saw on social media instead of registering at the official Secretary of State site, oregonvotes.gov/register?

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. Don't be fooled.

trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, oregonvotes.gov?

Not safe. Only use official information located on the Secretary of State's website or your county elections website. Don't be fooled.

believe a social media post that says your ballot can be rejected without you knowing about it?

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at oregonvotes.gov/myvote. Don't be fooled.

believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?

Not true. All ballots are due by 8 pm, Tuesday, May 19, 2020. Don't be fooled.

believe a picture on social media with the same candidate listed twice and another candidate missing?

Not true. People have photoshopped ballot images before. Don't be fooled.

believe a headline that says it is too late to secure the upcoming election?

Not true. Election security in Oregon has never been stronger and is continually being improved. Don't be fooled.

Don't Be Fooled

Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. They're secure, not because there aren't any threats, but because we have detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has been conducting onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

Am I qualified to register to vote in Oregon?

You are qualified to register to vote in Oregon if you can answer yes to the following questions:

- Are you a resident of Oregon?
- Are you a US citizen?
- Are you at least 16 years of age?

If you are not yet 18 years of age, you will not receive a ballot until an election occurs on or after your 18th birthday.

How do I register to vote in Oregon?

To register to vote you can complete a registration card or use the online process available at oregonvotes.gov/register.

Registration cards are also available at any county elections office, the Secretary of State's Office, and some state agencies such as the DMV. Contact the Secretary of State's Office for a large print version of the registration card.

What identification do I provide?

You must provide your valid Oregon Driver's License, Permit or ID number. A suspended Driver's License is valid, a revoked Driver's License is not valid.

If you do not have valid Oregon ID, provide the last four digits of your Social Security number.

If you do not have a valid Oregon ID or Social Security number you can find a list of acceptable alternative identification online at oregonvotes.gov.

What is the deadline to register to vote for this election?

To vote in the **May 19, 2020**, Primary Election, your completed voter registration card must be:

- postmarked by Tuesday, **April 28**; or
- delivered to a county elections office or voter registration agency (e.g., DMV) by Tuesday, **April 28**.

If you register to vote online, your registration must be submitted by 11:59 pm on Tuesday, **April 28**.

When do I need to update my voter registration?

You should update your registration if you move, change your name, signature or mailing address, or want to change or select a political party.

You can provide the new information online at oregonvotes.gov or by completing and returning a voter registration card to your county elections official.

Do I have to register with a political party to vote?

No you do not. However, by joining a political party you are able to select the party's candidates either by voting in a party's primary election or by participating in other nomination processes.

If you do not select a political party you will still receive a ballot for every election you are entitled to vote at. However, the ballot you receive for a primary election will only include nonpartisan offices and ballot measures.

Address Confidentiality Program

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

The ACP is a free mail forwarding service. It helps survivors of domestic violence, sexual assault, stalking or human trafficking shield their physical address. Program participants are provided with a substitute address to use instead of their real address. To be eligible for the ACP you must live in Oregon, **and**

- be over 18 years old, **and**
- be a victim of domestic violence, sexual assault, stalking, or human trafficking, **and**
- have recently relocated (or are about to relocate) to an address unknown to the perpetrator(s) or any government agencies.

Parents or guardians may apply on behalf of incapacitated adults and minor children who are otherwise eligible for the ACP.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General. For more information or to find an Application Assistant near you visit <https://www.doj.state.or.us/crime-victims/victims-services/address-confidentiality-program-acp/> or call **888-559-9090**.

Political Party Statements

In the Primary Election, designated officers of any statewide political party who intend to nominate candidates for the general election may file for inclusion in the state voters' pamphlet, a statement that argues for the success of its principles and the election of its candidates on a statewide or county basis or opposes the principles and candidates of other political parties or organizations on a statewide or county basis. The Working Families Party did not submit a statement for the 2020 Primary Election.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, the individuals can choose whether they want to file to serve in the precinct they reside in or an adjacent one.

Individuals must have been registered members of the party since September 12, 2019, in order to run as a PCP for that party. Individuals who are under 18 at the time of filing can still file if they will turn 18 on or before the date of the primary election.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2020 Primary Election** is:

T, R, B, H, M, S, J, F, W, P, O, G, L, U, X, Z, E, D, K, Y, N, C, I, V, A, Q

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

Republican candidates by position in ballot order

Democratic candidates by position in ballot order

nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Constitution Party

All our nominees are pledged to defend the following three Principles, (1) The Creator God in heaven, made known to us through the Holy Scriptures, rules in the affairs of men and is the ultimate King, Lawgiver, and Judge of all mankind. He is to be honored and His Word is to be heeded if we expect to receive His blessing on the works of our hands individually or corporately; (2) the Family is the first and highest civil institution designed by God to propagate, educate, and nurture human life. Both Church and State are to support and defend that institution; and, (3) God has assigned the first priority of civil government to protect innocent human life from conception to natural death, to protect freedom of conscience, and to protect private property.

We are pleased to offer you a true choice in the candidates we present to you.

No longer do you need to vote for the incrementally lesser of two evils. When you see one of our candidates on your General Election ballot, you can know that they stand for what is right, not what is just politically expedient. They are all committed to restoring the Constitutional Republic that our Founders gave us. Our candidates are not backed by moneyed interests. Typically, you will see them on the ballot only, not here in the voter's pamphlet, which would cost each candidate lots of money.

To provide you this choice we must satisfy Oregon ballot access requirements. This forces us to run at least one statewide partisan candidate each election cycle and achieve a minimum percentage of the vote or we must have a minimum number of voters registered with our party. Please help us avoid the unfortunate need to run our good candidate against another party's good candidate, by registering with us to meet the other requirement. Do it immediately after the Primary Election.

The Constitution Party of Oregon maintains that our true heritage is freedom.

God-fearing men founded our nation. They wanted freedom from human tyranny. They wanted to obey the dictates of their consciences in accordance with the Bible. Oregon's history as a state is rooted in the desire of Native Americans to have the truth of the Book of Heaven, as they called the Bible. There are memorials on the capitol grounds of Oregon reminding us of the part that missionaries had in the formation of our state's civil and educational institutions. We know that the first missionary to Oregon, Jason Lee, was truly the Father of Oregon, assisting in the drafting of our state constitution and founding Willamette University that began as a mission school for Native Americans.

Government derives its just powers from the consent of the governed.

Oregon Constitution, Article I, Section 1, "... all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded upon their authority, and instituted for their peace, safety, and happiness..."

Our rights are inalienable, coming from the hand of the Creator.

Our system of laws is based on the Judeo-Christian moral code.

The powers of the federal government in our Republic are restricted to those specifically granted in the Constitution of the United States.

Vote your conscience; don't vote out of fear or greed!

You rarely hear from us, because it takes money to do mailings and we don't have your email address or phone number. If you pay Oregon income tax you can make a refundable gift of \$50 (couples can give \$100) to the Constitution Party of Oregon every year, even if you are unable to volunteer in any other capacity. Please consider doing this. Call for details. Hope to hear from you soon...

Democratic Party

The Democratic Party of Oregon is nearly one million strong, fighting for progress and helping elect Democrats from all corners of our state.

Democrats believe that we're greater together than we are on our own—that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

That's why Democrats are working to make progress on issues like health care, good jobs for Oregonians, equal pay, education, and clean energy.

Oregon Democrats have led the nation on resisting the Trump agenda, refusing to cede to his dark vision for our nation's future. This election year gives us the opportunity to take back our nation and continue making progress here at home.

In Washington, D.C., and in Salem, Democrats are passing legislation to support working families, are trailblazers on expanding access to the ballot, and are fighting for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

Oregon Democrats Stand For:

A right to health care for all
 Quality public schools
 Protection for labor unions and workers' rights
 Action to respond to climate change
 Humane immigration reform policies
 Racial and gender equality
 Protecting Social Security and expanding access to pensions
 Growing good jobs for Oregonians
 Criminal justice reform
 LGBTQ+ rights
 Gun safety measures
 Campaign finance reform
 Voting rights for all
 Civil rights for those living with disabilities
 Reproductive freedom

NOTICE OF ELECTION

INDEPENDENT PARTY OF OREGON (IPO)

WILL HOLD ITS 2020 PRIMARY ELECTION FOR OREGON STATEWIDE OFFICES AND PRESIDENTIAL PREFERENCE POLL

ONLINE: APRIL 28 - MAY 12, 2020

INDEPENDENT PARTY MEMBERS AND NON-AFFILIATED VOTERS CAN VOTE AT:

>>> WWW.INDPARTY.COM/VOTE <<<

In 2020, the *ONLY* way for Independent and non-affiliated voters to cast primary votes for partisan statewide offices or express their preferences for President of the United States is to VOTE in the IPO statewide primary election.

The Independent Party's 2020 Primary Election for Statewide Offices and Presidential Preference Poll is not part of the state's May Primary election and is not paid for by taxpayers.

Voters who would like to pre-register to vote and provide verification information can go to www.indparty.com/register.

The Independent Party is Oregon's third-largest political party, with over 124,000 members. Our mission is to represent the interests of Independent and non-affiliated voters by promoting public policies that have broad support but have difficulty gaining traction in government.

Voters who are interested in learning more should visit our web site: www.indparty.com

INDEPENDENT PARTY OF OREGON (IPO):

- is the fastest growing party in Oregon, adding over 124,000 members since 2007.
- is not a fringe party (about 6.5% of all local office holders--city council members, commissioners, mayors--are IPO members.
- supports policies that are good for all citizens, even when it means we share in some sacrifice.
- is fiscally responsible, environmentally aware, and anti-corruption
- is fighting to stop big money from buying government policy at all levels of government.

**If you agree, send a message: CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY.
Search: "Oregon voter registration" and click on "Update"**

We work to:

- Oppose spending on inefficient government programs.
- Reduce special interest and "big money" influence over all government processes.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities for Oregonians.
- Protect the environment from all types of insult, including emission of climate-changing gases.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

We have led several fights in the Oregon Legislature for effective disclosure of campaign contributions, for transparency in government, and for more citizen participation in elections.

2020 PLATFORM

Our 2020 expanded platform (www.indparty.com/platform) is based on our member surveys. It aligns public policies with the priorities of ordinary citizens in the areas of health care, education, campaign and ethics reform, and environmental protection.

COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. In contrast, our small-donor democracy program provides support services for first time candidates.

WE ARE HAVING AN IMPACT

In 2018, we printed and distributed the main piece of literature to Portland voters in favor of the campaign finance reform measure on the November ballot. It won with a "yes" vote of 87.4%. It limits campaign contributions and requires that political ads name their largest funders.

At the Oregon Legislature, we have led the effort for real campaign finance reform--not the ineffective bills passed by the Democratic majority. Still, The Center for Public Integrity (2015) ranked Oregon's campaign finance system as the worst in America – except for Mississippi.

We have for years urged the Oregon Legislature to strengthen regulations on industrial polluters. Neither the Republicans nor Democrats will confront them. EPA in 2015 revealed that Multnomah County and Portland are among the 1 to 2 percent worst places in America for airborne illness – including lung cancer – due to the high levels of pollution from industrial and vehicle emissions, particularly diesel trucks.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party

The Libertarian Difference

When you vote for someone, do you typically support what the candidate says, or are you more often voting against someone you think will make things worse?

Did a promise for “hope and change” become more of the same? Did a promise to “make America great again” mean forgetting civility? Does it seem like government isn’t listening to the calm voices explaining that well-meaning policies have real, serious, undesired consequences? That they might make things worse, not better?

If you want something different, you need to support something different – join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. We are the only political party offering you a true alternative to the Democrats and Republicans who think they know how to spend your money better than you do and who outlaw what they think are bad decisions. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to “Libertarian” to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Pacific Green Party

Here we go again with the false choices presented by the two party system! By the time Republicans and Democrats are done stacking the deck, too many Oregonians will be left voiceless in November, with no candidate who truly represents their views and interests.

Elections fail from the start if they don't offer choices for all the voters. That's why so many choose not to vote. But giving up is not the answer - fight back and find your voice!

The Pacific Green Party is Oregon's choice for the Four Pillars of the global Green movement:

Peace

- Democrats and Republicans believe Congress has unrestricted authority to wage wars, that US interventions benefit other countries, and that western values are inherently good for other people. Both have a long track record of enacting criminally aggressive foreign policy whenever they have controlled government.
- The PGP knows authority over war, sanctions and other acts against national sovereignty is vested only in the UN Security council. Under Article VI of our constitution, we must abide by our treaties and adhere to the UN Charter and Declaration of Human Rights. We will end the wars, coups and aggressive sanctions against Syria, Afghanistan, Libya, Russia, Iran, Yemen, Venezuela and elsewhere. We oppose colonialism and support the BDS movement and Palestinian right of return. These are our responsibilities as US citizens!

Social Justice

- Democrats and Republicans love incremental changes that allow a very few oppressed people to share wealth and power, while the vast majority receive lip service but no tangible result.
- The PGP seeks to end discrimination based on class, race, gender orientation, disability, age, spiritual belief, and all other forms of cultural fragmentation. We understand that this means dismantling the systemic institutions which perpetuate these ills. We support single payer, respect for Native sovereignty, free in-state college tuition, and the rights of all marginalized people. We oppose income inequality, mass incarceration, the drug war, ICE breaking up families, and regressive taxation. We should all be treated fairly and share in the wealth!

Ecological Wisdom

- Democrats are acting like they invented the Green New Deal. Greens introduced that to US politics ten years ago; all Democrats did was water it down. Their pretense is no alternative to the disastrous policies of the Republicans. We don't have time to fool around!
- The PGP is unequivocal in our strong support of sustainability. We oppose LNG infrastructure, coal transport and export, and aerial spraying. We advocate state regulation of greenhouse gas emissions from all sources, including carbon taxes with no cap-and-trade loophole and aggressive new fuel efficiency standards for automobiles. We call for the closure of all remaining nuclear reactors in Oregon. Ban clearcutting and keep our beautiful state forests public!

Grassroots Democracy

- Democrats and Republicans use money as a substitute for the popular will. That's why they love a system where the wealthy and powerful can sidestep weak campaign finance regulation and lavish millions on candidates representing their interests. Other candidates amount to token opposition, allowed to make a show of protest with little chance of assuming power.
- The PGP is not a "protest" party! By giving the voters more choices, we are working to fix the system at its foundation. We don't take corporate money. We use grassroots organizing with the goal of getting the people out of the margins and into control. We were instrumental in circulating the successful ranked-choice-voting initiative now being implemented in Benton County. We are serious about achieving our goals!

Do these sound like your goals too? Join us! We don't need big money, but we do need you. Get started at our website, pacificgreens.org, and @pacificgreens on Facebook and Twitter. Register Pacific Green, find your local chapter or start a new one, and get involved! Your power is in what YOU do.

Progressive Party

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), and \$15 minimum wage for all, now.

WE OPPOSE: the corruption of elections by big money, Wall Street bailouts, the continuing wars in Afghanistan, Iraq and Syria, "corporate personhood," and NAFTA, WTO, and other "free trade" deals that let corporations override labor, consumer protection, and environmental policies.

As a "minor" party, we are not allowed to use the state-run primary election to nominate candidates. We nominate them at Oregon Progressive Party meetings over the summer (3rd Mondays). But we do endorse these candidates in the primary election:

OREGON ISSUES

Real Campaign Finance Reform: Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state offices has skyrocketed from \$4 million in 1996 to \$50 million in 2016 to \$71 million in 2018.** Winning a contested race for the Legislature (about 14,000 votes needed for a House seat) now typically costs over \$750,000 and sometimes over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in control of "Political Financing" to avoid corruption, beating only Mississippi.

Get involved at honest-elections.com.

Invest in Oregon: Oregon's \$103 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of being sent to vulture capitalists, corporate raiders, leveraged buyout artists, and fossil fuel corporations.

Republican Party

Oregon is in decline under Democrat leadership

Upon her election Governor Kate Brown promised to increase state government transparency and represent the needs of all Oregonians. Instead, with the help of key Democrat legislators, she has blocked access to public information and repeatedly exhibited a blatant disregard for the will of the voter, even to the point of denying voters their right to vote on issues.

When she does not get her way legislatively, she bypasses the legislative process with executive orders to implement policies that destroy the lives and livelihoods of 10s of thousands of Oregon families, such as happened with Cap and Trade, which does nothing to improve the environment, but will cost Oregonian's dearly every year. Meanwhile, pressing issues like homelessness and the PERS crisis go unaddressed.

Her style is that of a corrupt dictator looking after their own special interests while pursuing a highly partisan agenda driven by out-of-state interests that allows for no compromise. This arrogance and overreach has resulted in eroding freedoms and opportunity for Oregonians and has earned her the rating of 4th most unpopular governor in the U.S. This long line of abuses and toxic political environment can no longer be tolerated by Oregonians.

It is time to replace the governor and her enablers in the legislature.

Help restore Oregon by becoming a PCP in your county

Over 700,000 registered Republicans make up the grassroots of the Oregon Republican Party. Precinct Committee Persons (PCPs) are chosen from among those Republican voters to organize and advocate for Republican principles in their own neighborhoods and communities. They volunteer to help elect Republican candidates to office.

The PCPs also control the Oregon Republican Party. They elect the office holders in their county Republican party, who in turn set policy for and elect the officials of the state party. The PCPs also select the delegates to the state and national Republican conventions.

PCPs, and the county party officers they elect, are the primary organizing and directing force for the thousands of additional Republican volunteers who rise up from the electorate to work on behalf of Republican principles and candidates.

Principles that will allow Oregon to prosper again

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, law and order, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity. A free market economy is required for a free people.

As a registered Republican we invite you to join us in restoring Oregon!

Fellow Americans,

Nothing is more important to me than putting America first, fulfilling the promises I made when I first announced my candidacy over four years ago.

Under my administration, Congress passed historic tax cuts and relief for hard-working Americans. The Tax Cuts and Jobs Act is the first major tax reform signed in 30 years, providing tax relief for 82% of middle-class families and doubling the Child Tax Credit.

Since you elected me to be your President, our administration's pro-growth policies have generated 6 million new jobs, the unemployment rate has fallen to its lowest point in 50 years, and wages have grown at more than 3% for 10 months in a row. The manufacturing industry created nearly half a million new jobs, with 625,000 new construction jobs being created since I took office.

With my leadership, we also launched Women's Global Development and Prosperity (W-GDP) Initiative, the first-ever whole-of-government approach focused on advancing women's full and free participation in the global economy and allocated \$50 million for the fund.

My administration is also ensuring our Veterans get the services they need and deserve. This started by signing the Veterans Accountability and Whistleblower Protection Act to allow senior officials in the Department of Veterans Affairs (V.A.) to fire failing employees and establish safeguards to protect whistleblowers

One of my proudest moments in office was in August 2017, when I signed the Harry W. Colmery Veterans Educational Assistance Act, this funded the post-9/11 GI Bill, which provided educational benefits to veterans, service members, and their family members, including tuition, fees, books, housing, and additional costs.

It has been a privilege and an honor to serve as your President, and I look forward to serving you for the next four years.

Keep American Great!

I'm an "America 1st, Oregon 1st" candidate. I support the Republican Party platform, 2nd Amendment, right-to-work, legal immigration, medical freedom, right-to-life, term-limits, Social Security repair and campaign contribution reform. All Oregonians are feeling the same pain and together we can build on common ground.

Growing up in Oregon since the 5th grade I know what we want and need. I've worked my entire life. No easy road but plenty of hard honest work. As a single parent of five, I understand its struggles and difficulties and will actively engage in social issues. Jobs and affordable housing, while cutting regulations and over-taxing of businesses, are survival imperatives to help Oregonians and reduce our homeless population.

Our timber industry must become a restoration priority supporting properly managed lands. I have knowledge and a plan for doing so.

The current Socialist agenda in the Oregon Democratic Party is chipping away at our freedoms and liberties one Progressive law after another. This being a Presidential election year is the last best hope for Oregon to return to a true Participatory Democracy - Not a one party state.

My race alone will not secure all we want. We must bring balance back to Oregon. I actively help candidates through the Resurgent Republican movement in every Legislative race.

I will support our President and Party while adhering to our Constitution, Bill of Rights, and the Rule of Law. Only in unity can we restore Oregon as a state of the people, by the people, and for the people!

DO YOU WEAR SANDALS ?

Sadly, this pamphlet satisfies the **weak minded** who crave liberal **virtue signaling** given by people like **hyper-partisans Kate Brown** and **Jeff Merkley** who both prefer **selective meaningless outrage** to actual problem solving.

OR BOOTS?

An example of **working hard** are the **#timberunity** folks who sacrificed time to drive to Salem and straighten things out. Thanks guys, **we owe you.**

Firearms:

I worked legislatively with **Derek LaBlanc** (google Derek LaBlanc Oregon), founder of the **Kids S.A.F.E. Foundation**. Derek designed legislation teaching Oregon 1st graders **safety** around unsecured firearms.

Portland legislators killed the bill because it lacked mandatory trigger locks. **Amazingly irrational reasoning.**

Type 2 Diabetes:

An **epidemic** and food stamps pays for soda. That's **utterly ridiculous on every level** and should **disqualify federal legislators** from any health care policy making. It's one example of **colossal governmental ignorance** that disproportionately **punishes low income children.**

7 Billion food stamp dollars spent on **soda** in 2016. In return, people get **diabetes, obesity, tooth decay,** and massive **health care expenses.** **GOVERNMENT STUPIDITY AT ITS MOST INVINCIBLE,** like many other policies of **Brown and Merkley.**

Some people don't like me, the same ones who call my neighbors white privileged fascists because they enjoy firearms, attend church and don't step over the homeless to drink \$6 lattes every morning (that's you **Portland**). Get yourself together, **your embarrassing us.**

Democrat history is **pro-slavery, pro-KKK, anti women's suffrage,** etc. You shouldn't be surprised that today's **Democrats** want **gun confiscation, socialism and legally enforced random pronoun usage.** We deserve explanations but between using **arbitrary pronouns** and not knowing **what "food" means** they are obviously **struggling with words.**

Anyone who's put on work gloves to clean up a mess knows you tackle the big things first.

- **Natural Resources:** They are vital to creating/sustaining Opportunities for Oregonians. We must support, rebuild and grow our Timber, Fishing, Mining, and Farming industries to increase family-wage job Opportunities for Oregonians.

I'm running as an "America 1st, Oregon 1st Candidate." I support the Constitution, the Republican Party Platform, religious freedom, 2nd Amendment Rights, medical freedom, right-to-life, legal immigration, term limits, right to work, Social Security repair, campaign finance reform, and a balance budget.

Living in Oregon from the age of 12, I have a strong connection to the community. We need a candidate that can protect us from power grabs that seek to take away our rights. We need someone, in Washington, D.C., who will fight for everyday families, will not back down, and will listen to the people.

I will fight to end sex trafficking and to assist the victims. I will work for logical solutions for affordable housing and the homeless crisis. I will fight to make the tax cuts permanent. I will fight to stop the practice of "let it burn" forest management that has allowed fires to go unchecked threatening the lives of our citizens, their livestock, and land.

Members of Congress shouldn't be insulated from the consequences of their decisions. I'll work to end the special perks and benefits that have made our elected representatives feel like they're above the law. I will introduce legislation to make congressional retirement and health insurance options the same as private citizens.

I will support and defend our Constitution, the President, the Rule of Law and Justice for All. We can bring common sense back to Washington, D.C. and let our voices be heard. But it will take your vote. VOTE Joanna Harbour for Congressional District 3.

I AM A 4th GENERATION OREGONIAN, GREAT GRANDSON OF PIONEERS.

CONGRESSIONAL TERM LIMITS AMENDMENT: 12 years is long enough for any job including Congress. 6 terms as a Rep, or 2 as a Senator, or any combination equaling 12 years. Pay for a Rep should equal that of an E-8, Senators 0-5, WITH NO PENSION!

ECONOMY : The Economy of the U.S is BOOMING, but you wouldn't know it here. Because of Oregon Socialists like Schrader and Brown, we haven't moved forward with the rest of the country. If elected I will put forward a bill banning the export of raw logs from the U.S. I will push for larger fishing grounds, and for the expansion of hydro power.

VETERANS AFFAIRS: If elected I won't have a Veterans Rep. working for me. I will have a special phone line that will go directly to me. I will personally handle Congressional Inquiries MYSELF.

2ND AMENDMENT: During the time that the Constitution was written, there existed deadly weapons that had nothing to do with hunting: hand grenades, grenade launchers, pistols, and blunderbuss'. NONE of these weapons were restricted by the Founding Fathers when they wrote the Constitution. There is a move today to restrict all manner of the things related to firearms. These restrictions are usually put forward by people who have never read the Constitution or fired a weapon.

I WILL SAY NO TO SOCIALISM, COMMUNISM, AND SHARIA LAW! I've been to East Germany and Iraq. I have seen with my own eyes the total destruction caused by these evil ideologies.

"RIGHT TO LIFE, LIBERTY, AND THE PURSUIT OF HAPPINESS": I will always fight for the right of every citizen to be born, to worship their God, and to educate their family in any way that they feel appropriate.

ENSURING WE PRESERVE

ACCOUNTABILITY, TRANSPARENCY, AND INTEGRITY FOR THE PEOPLE OF OREGON

Kim Thatcher will carry on and strengthen reforms enacted when Oregon voters elected Secretary of State Dennis Richardson in 2016 to restore **Accountability, Transparency, and Integrity** to state government. Republicans, Democrats, and Independent voters heard the call that our Secretary of State should:

- Be effective and impartial in administering fair elections where everyone who has the right to vote has the opportunity to vote, and that citizens seeking to change their government have the support they need to access their constitutional right of the initiative and referendum process.
- Use the power of the Audits Division to identify critical financial and performance concerns at every level of government, from Cities and School Boards to State Agencies, and use the findings to make recommendations that ensure critical services are delivered, and taxpayer dollars are well-spent.
- Promote the success of Oregon's 400,000+ businesses and provide the technical assistance they need to grow and thrive.
- Preserve the public record in a manner to create transparency for citizens and the media, so government operations and the funding used for those public programs are understood by the public.

"As our next Secretary of State, you can expect that I will work to preserve and expand upon Dennis' legacy, which voters from all parties now expect and deserve from that office." – Kim Thatcher

Community: Past Treasurer of the Legacy Emmanuel Hospital Foundation, Past Treasurer of USA Olympic Swimming, Past Chair of Northwest Pilot Project, Past Chair Financial Executives International Portland Chapter.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I established myself as a budget hawk. With my fiscal leadership, we were able to fund our priorities **without raising anyone's taxes**. We dramatically reduced our unfunded liability for road maintenance, rebuilt our operations and maintenance center, and rebuilt city hall and the police station – **All without asking for a dime.**

Real World Experience

I have been Treasurer of the Legacy Emmanuel Hospital Foundation, USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

"As State Treasurer, I won't just count the money – I'll make your money count."

**A Champion for Working Families
A Common-Sense Voice for Oregon**

Dear Neighbors,

Families in Rural Oregon are under attack from special-interest agendas that seek to limit your Second Amendment rights, raise your taxes, and put our farmers, ranchers, loggers and truckers out of work.

That's why in the Legislature, I stood up against a harmful corporate activities gross sales tax that voters rejected but the super-majority in Salem passed anyway. I said NO to Cap & Trade taxes that will raise the price of gas, home heating bills, and everyday necessities. I rejected legislation that sought to strip you of your constitutional voting rights.

And when push came to shove, I walked out to save jobs for the hard-working men and women in my community.

As your state Senator, my priorities will always be to:

- Balance our budget without raising new taxes.
- Keep a lid on the growth of our state government.
- Ensure students have access to a quality education filled with choices and career-technical education opportunities.
- Stand up for our natural resources employers, protecting family-wage jobs that come from the land.
- Defend your right to hunt, fish, and lawfully own guns.
- Allow agriculture and timber producers (and all businesses) the freedom to operate their companies in a manner that maximizes job creation for our community.

I'm committed to continuing in service as your voice in Salem, standing up for you when the votes are hard, and being there when you need me. I'd be honored to earn your vote once more!

Sincerely,

Senator Fred Girod

Standing up for us

Senate District 30 represents over 36% of our state and within those communities, are tens of thousands of Oregonians just like you and me who want Oregon to be a better place to live, work and play.

That's why as your senator, I've stood up against powerful special interests and **opposed the harmful cap & trade policy**, requested millions of dollars in relief for natural disasters in eastern and rural Oregon, and voted against unaffordable, unnecessary taxes.

There's more work to be done. As your senator, my priorities are to:

Protect agriculture and natural resources. Enhance efforts in the preservation of water, ranching, timber and farming, and strengthen support for agriculture, natural resources, tourism and more that keep our communities beautiful and thriving.

Improve our economy. Increasing collaboration with state and local government agencies, remove and prevent unnecessary regulatory restrictions and other barriers related to economic development. Identify viable opportunities for local job growth, innovation and economic development.

Collaborate and communicate. Maintain open communication to make sure your needs and your priorities are being heard and represented so we can find real solutions to Oregon's largest problems together.

I'm honored that hundreds of Oregonians and organizations like the **Oregon Farm Bureau Federation** and **Oregon Right to Life PAC** have endorsed me. I hope to earn your support so we can work together and put Oregon on the path to a stronger future.

A lifetime of Service to my Community, State, and Country

I have a passion to serve my community. I joined the U.S. Army after graduating high school, serving three years in the Army and two years in the Wyoming National Guard. I then went on to serve in law enforcement for 40 years, including 28 years as chief of police. I entered public office in 2014, as Mayor of Silverton and was re-elected to a 2nd term in 2016. In early 2017, I was appointed State Representative of House District 18 and I was elected to a 2nd term in 2018.

STRENGTHENING OUR ECONOMY

Small business is the backbone of Oregon’s economy. I have continued to push to reduce government waste and cut back over-regulations that hurt our small businesses. Our economy thrives when our small businesses succeed, producing more jobs for our working families.

SUPPORTING RESPONSIBLE CRIMINAL JUSTICE REFORM

As a member of the House Judiciary Committee, I am working to ensure that we take a common sense approach to reforms in the criminal justice system that address recidivism rates and ensure accountability for offenders while respecting the rights of victims of crime.

STANDING UP FOR OUR VETERANS

As a veteran and Vice Chair of the House Veterans & Emergency Preparedness Committee, I know the importance of helping the brave men and women who have served our country. As your representative, I sponsored legislation to designate Highway 26 as the POW/MIA Memorial highway, and a bill honoring those who were listed as missing in action or who were a formerly listed POW, whose remains have been positively identified, recovered and returned to Oregon.

Oregonians are increasingly alarmed by the Democratic Socialist agenda of Governor Kate Brown and Speaker Tina Kotek. They show complete disregard for the will of the People, whether it be passing the gross receipts sales tax in spite of the fact that Oregonians voted down the idea in 2018, gutting the death penalty, issuing drivers licenses to illegal immigrants, burdensome regulations and taxes, the Cap and Tax Scam or attacking your right to keep and bear arms, the Democratic Socialists in Salem and their leadership simply don't care what you think. As your representative, I will work to stop the far left agenda of Brown and Kotek. I am willing to work with the other side, but not at the cost of harming my constituents.

Dan Laschober

Occupation: Performance Management Consultant.

Occupational Background: Finance Executive, International Manufacturing; General Contracting and Residential Construction.

Educational Background: BS Finance, Arizona State University; MBA, Northwestern University.

Prior Governmental Experience: None. Former candidate, U.S. Senate. 2018 candidate for State Representative, 26th District.

"I'm running to be your Representative to return some semblance of balance to Oregon's legislative body, to be a leader on accountability and transparency, and I'll work every day to ensure a brighter future for all Oregonians." – Dan Laschober

THE RIGHT CHOICE. If cozying up to special interests and attending out-of-state conferences paid for by industry lobbyists is the experience you value in your Representative, Dan is not your candidate.

With Dan's candidacy, you get a former financial executive of a Fortune 500 company without the political baggage. You get a finance professional and small business owner who understands government's proper and limited role in the economy.

WILL STAND STRONG AGAINST MAJORITY ABUSE. Dan is determined to end the routine abuse of the "emergency clause" and to return the short session to its intended focus on budgets. Dan will oppose any effort to steal the "kicker" (your tax dollars) from taxpayers.

A CHAMPION FOR EDUCATION. The father of two children who attended Oregon public schools and universities, Dan understands education equates to opportunity. He'll fight to ensure schools are fully funded as a budget priority and that all students have access to the school of their choice.

FINANCIAL SAVVY. Dan understands we can't tax our way to prosperity. He'll take on the tax-and-spend majority with the same tenacity that served him as a financial executive and consultant. Fiscal sanity and removing obstacles for economic opportunity mean sustainable budgets and disciplined spending, and policies that support working families and small businesses.

A VOICE OF REASON. Vote for Dan and you'll get a legislator who casts evidence-based votes unclouded by emotions, and you'll get a Representative who is truly accountable to Voters.

Prior Governmental Experience: None. Just what we desperately need.

Oregon has operated for more than forty years with a short term vision of Oregon's future. "Spend now, pay later, tax now, children can pay tomorrow" has been Salem's mantra for more than a generation. Tomorrow is here. We must replace those who can't see past today with people with logic, sensibility, and long term goals that match what the People want for Oregon's future.

Issues:

PERS: The Government has NO business doing unnecessary projects, such as light rail, until the PERS debt is taken care of. \$Billion projects have got to be placed on hold. The government must cut back instead of the People of Oregon.

No Toll Roads in Oregon. Period: We have paid for our roads. The government will only use tolls for unknown projects that we will pay for fore many years to come.

High Density Housing-Cost of Living: Cost will continue to rise as long as our government continues to prevent us all from living and working in the same communities.

Homelessness: Oregon has a growing problem. We are NOT far behind LA and Seattle. We must admit that the problem is addiction and mental health. Programs have been developed to bring the homeless back to society.

Trump Tax Cuts: Give back to business and the People the Trump Tax Cuts. Keep jobs in Oregon!

Cap and Trade: I am an Engineer, Scientist, Business Owner, Inventor, and Entrepreneur. Cap and Trade makes no sense in every way. The Government has NO right to buy-sell-and-trade the Earth's atmosphere.

Privatized Prisons: Prisons are Government's responsibility. Privatized Prisons turn people's life into a commodity items that just gets forgotten about.

Schools: Vouchers. Let Parents decide what kind of education our children get.

Bring logic, responsibility, and sensibility back into our government by voting for Bob Niemeyer. The People of Oregon are far smarter than the government obviously think.

A Campaign to Restore BALANCE to the Oregon Legislature!

Dear Neighbor,

Following the 2019 Oregon Legislative session, we were all shocked to watch our lawmakers as they:

- Raised billions in new taxes that will be passed to consumers by corporations.
- Passed laws pushing high-density housing into suburban and rural communities.
- Allowed METRO a pathway to raise billions, adding new vehicle registration fees in the tri-county area.
- Upended laws previously passed by voters at the ballot box.
- Lobbied to expand freeway tolls in the metro-area.
- Pushed a Cap and Trade ruse designed to raise taxes yet does little to reduce carbon emissions.

Oregon's current Super-Majority run legislature has overreached. This lack of balance has allowed special interest agendas to dictate policy without forethought to its *unintended* consequences.

Restoring balance is why I'm running for Representative for House District 37.

As a business owner, and a parent of a West Linn High grad, I'm concerned that our policies are making Oregon unaffordable for families. The high price of housing and tuition, the rising prices on everyday goods, new higher taxes and proposed toll roads are examples of unchecked lawmaking. They are driving people young and old to move out of Oregon. It's now more difficult than ever for seniors in our community to age safely in place in their own homes.

As our next Representative, I'm interested in representing ALL the voters in my community. Not just *one* party. Not just special interests.

I'm looking forward to hearing your concerns and how I can help!

OUR BEAUTIFUL STATE needs a change. One-party rule has caused Oregon to lose its way. High taxes, manipulative politicians, low transparency, disrespect for the rule of law, incompetent administration, mistreatment of children, heavy debt, educational failure, healthcare mismanagement, and many other issues plague our political environment. Here is a look at what I will change:

- Heavy taxation causes poverty. Part of the reason Oregonians see tragic cases of debilitated people on our streets is due to the high cost of living. The current tax nightmare is an open attack on the poor and the middle class. The solution is to repeal the worst of the tax damage inflicted by the last legislature.
- "Revenge is a dish best served cold and slowly." This embarrassing comment by our Governor has no place in Oregon politics. I pledge to act with decorum and class.
- Had it not been for the integrity of Ginger McCall, Oregon Public Records Advocate, we would not know how the governor wanted to control one of the few bipartisan agencies in Oregon. Keep the one-party state away from public records.
- Disrespect for the rule of law has infected Oregon government. I promise a new day so that Oregonians get first call on the state's resources.
- Governor Brown announced her fourth leader in four years to head the Department of Human Services. Appointments need to be ratified by the Oregon Legislature.
- Oregon's children should not be abused by government agencies. The solution: review all agencies for competence, seek non-ideologic action, provide the funding necessary.
- PERS debt will destroy the state. Employees must share the burden.
- Educational failure is not an option. Find success elsewhere, and repeat.
- Healthcare can be supported without financially breaking Oregonians. Work with healthcare professionals for comprehensive treatment.

PROTECTING FAMILY BUDGETS

"Christine Drazan is leading the way in Salem as she fights back against tax increases and costly new regulations that will hurt local families and small businesses. She kept her promises by opposing legislation that reduced our 'kicker' refunds and is promoting more transparency in the way the state spends our tax dollars."

Jason Williams, Taxpayer Association of Oregon

PATIENT-FOCUSED HEALTHCARE

Too many families are being squeezed by health care plans with rising premiums and shrinking benefits. That's why Christine Drazan co-sponsored bipartisan legislation to reduce barriers for patients seeking important treatments prescribed by their physician and supported legislation to require advance notice of major increases in drug costs.

SUPPORTING OUR STUDENTS

Christine Drazan secured new funding for youth homelessness to ensure students have a roof over their heads and the support they need to stay in school and graduate. As a champion for community colleges, Christine Drazan fought for more funding to increase access to lifelong learning and essential workforce training.

STANDING UP FOR LOCAL SMALL BUSINESSES

"It would be hard to find a stronger advocate for local businesses in Salem than Christine Drazan. From promoting important research that supports local farmers and funding for FFA programs, to opposing costly new taxes and regulations, she's working hard to protect our livelihoods."

Matt Bunch, President, Clackamas County Farm Bureau

He'll work to reduce the size and scope of government and for individual freedom. He knows government has to be accountable Citizens.

Bipartisan

Recent Oregon legislative sessions have been fraught with partisanship. It shouldn't be this way; it's not a team sport. The Oregon City/Gladstone area is not Portland. We have a proud heritage. Why are we represented in a way that just follows the Democrat party line? Josh will look at issues and legislate accordingly, to decisions made at the individual/family level, not by Salem.

Affordable Communities

High taxes, regulation, and a steadily increasing cost of living, our area is becoming unaffordable, especially for working families and those with fixed incomes. We need policies that encourage smart growth so that our area doesn't become too expensive to live.

I Will Take a stand

- Josh will take a stand against increased taxes. Oregonians overwhelmingly voted against measure 97 only to have legislatures pass its clone.
- It's unacceptable that Oregon consistently ranks near the bottom of states educational systems. We need politicians who will fight for students.
- No tolling on area highways.
- No Cap and Trade.
- Create policies that tackle the mental health/drug abuse epidemic.
- Hold those that break laws accountable.
- Salem must to respect the rights of the individual. Just because something has the support of the majority doesn't make it right.

I would be honored with your input and vote. It is time for new leadership that represents you and the Oregon City/ Gladstone area instead of party politics.

A Local Candidate Focused Your Priorities

I've lived in Milwaukie my entire life, from being born here to raising our diverse family. As a fourth generation Milwaukie resident, I understand our neighborhoods and want your family to enjoy them with the same inclusion and opportunity I've experienced.

Compassionate Solutions for Houseless Oregonians

We must have a compassionate reaction to help with addiction and mental illness to bring the disenfranchised to self reliance. There are successful programs being implemented - but most are triggered when someone commits a crime. We need to expand recovery options for those plagued by addiction to get off the streets before they commit a crime.

"My opponent has an agenda driven by special interests and extremists. It's time for a change in the Legislature if we want to see fewer sleeping bags on the pavement, more funding for education, and real solutions for traffic congestion."

Today's high levels of taxation burden society, reflected in rising homelessness, crime, trash, and drugs. Many of our neighbors are losing their homes and many more cannot afford to provide their families with nutritional food—not to mention a nice vacation. Owning a company is not even in the picture.

We continually tell our elected officials in Salem that we do not want any more taxes, but our cries go unheard and they continually vote for more taxes. Oregon needs leadership that will give hope to its constituents. As an elected official, I will not vote for any more taxes. I'll work to get spending under control and bring back Oregon's tax rates when society was thriving.

Transparency will be a must in my office, because you deserve to know how your taxed dollars are being spent. Oregon has got to stop spending millions on transportation planning projects that never produce more vehicle capacity, and stop closing traffic lanes all over Portland.

There is government-owned land all over Portland that can hold the homeless in orderly, economical ways, reducing problems with crime and garbage. Public funds should not go to assist foolish leaders who hamstringing our police from maintaining law and order.

I will work to repeal multiple layers of redundant laws that are driving up housing costs. The time has come to see that in Oregon, many of our problems don't need more law and regulation. Instead, we need to prune back the tree of Oregon government to get the fruit of good government.

Educational Background: Columbine High School; Oregon Public Safety Academy/DPSST

Prior Governmental Experience: Oregon House of Representatives, 2017-18; City of Cascade Locks Councilor; Planning Commissioner/Budget Committee member; Economic Development Workgroup member.

Bringing People Together. Getting Things Done.

As your State Representative, I fought for family-wage jobs, improving our schools, and protecting our environment. Those are still my top priorities because they matter to us all. I'll always put the needs of our community ahead of partisan politics and influence of special interests.

Investing in education: As a father of two young children, I know it's critical we fund education first, and make sure public schools offer robust choices, including career-technical education. In the Legislature, I sponsored legislation that focused on recruiting, retaining and mentoring teachers. My commitment lies with supporting our students, parents and educators.

Promoting economic growth: Without small business, Oregon's economy suffers. As a House Economic Development and Trade Committee member, I advocated for policies to help develop and grow businesses in our community. Attracting stable, good-paying jobs to our District continues to be my focus.

Protecting our environment: Mt. Hood. Multnomah Falls. Some of the most beautiful sights in the nation are in our District. We have a responsibility to preserve these wonders for future generations to enjoy. That's why I sponsored legislation and voted for additional funding to protect air quality in Oregon. I look forward to working with community leaders to promote sustainability and stewardship.

Planning for emergencies: As a retired law enforcement officer and military veteran, the safety and security of communities is always on my mind. As our State Representative, I helped secure funding for the local Sheriffs' offices for recovery training and equipment.

"I'd appreciate your vote so I can serve you once more!"

Occupation: Legislator, Small Business Owner

Occupational Background: Legislator, Small Business Owner

Educational Background:

Linfield College, Tigard High School

Prior Governmental Experience: The Dalles City Budget Committee; The Dalles Urban Renewal Budget Committee; 2019 Henry Toll Fellow, The Council of State Governments; Graduate of Legislative Energy Horizon Institute, Deputy Republican Leader

Daniel Bonham is a happily married father of two, who runs a local business and serves actively in our community. Whether for his family, his employees, his customer, or now, his constituents, Daniel is driven by a desire to serve everyone he encounters. Daniel understands life's financial challenges and is committed to a more prosperous future for our community.

Protecting Small Business

For years, Oregon has tried to tax its way to prosperity. It's time for the legislature to stop increasing fees and taxes that make it difficult for businesses to survive. By reducing tax burdens and allowing the economy to grow, our state's broadened tax base can support investments in our educational system and responsibly support our social services.

Supporting Stronger Education

Daniel believes that a strong educational system is the key to Oregon's future. By funding our schools first and providing consistency— Oregon can build momentum towards an elite education system. Oregon has no greater obligation than to ensure it is providing the resources necessary for a quality education. A stronger education system means greater opportunities for the future of our kids, community, industry, and our state.

Standing up for Rural Oregon

Salem needs strong advocates that will stand up to the interests of Portland and give a voice to rural Oregon. Daniel has helped passed legislation that improves the management of our federal forestland, reduced forest fire risk, and provides additional resources to watershed management.

Joseph R Biden

Occupation: Candidate for President of the United States

Occupational Background: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009)

Educational Background: University of Delaware, Syracuse University College of Law

Prior Governmental Experience: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009); New Castle County Council (1970-1973)

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The stakes in this election couldn't be higher.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Bernie Sanders

Democrat

Occupation: United States Senator from Vermont

Occupational Background: Bernie worked as a carpenter and documentary filmmaker before being elected Mayor of Burlington.

Educational Background: Bernie attended Brooklyn College and the University of Chicago, where he was a leader in the fight against housing discrimination.

Prior Governmental Experience: Senator Bernie Sanders served Vermont in the House of Representatives for 16 years, and in 2018 he was re-elected to his third term in the U.S. Senate. He first ran for President in 2016, and together with millions of people, started a political revolution.

I am running for president as part of an unprecedented grassroots campaign to not only take back the White House, but to build a movement to finally make the progressive change we need.

Our campaign is about taking on the powerful special interests that dominate our economic and political life, including Wall Street, health insurance corporations, the fossil fuel industry, the military industrial complex, and the private prison industry. Our campaign is building a movement to end racism, sexism, homophobia, religious bigotry and all forms of discrimination. Our campaign is about the humane and just treatment of immigrants. Our campaign is about transforming our country and creating a government based on the principles of economic, social, racial and environmental justice. Our campaign is about creating a government and an economy that work for the many, not just the few. Our campaign is about guaranteeing health care as a human right.

Make no mistake about it. Special interests with extreme wealth have unbelievable power and they want to maintain the status quo. The only way we will win this election and create a government and economy that work for all is with a grassroots movement - the likes of which has never been seen in American history. They may have the money and power. We have the people.

And together we will defeat Donald Trump.

Elizabeth Warren grew up in Oklahoma on the ragged edge of the middle class. Her dad sold fencing and carpeting at Montgomery Ward, and ended up as a janitor. She has three older brothers who served in the military. When Elizabeth was twelve, her dad suffered a heart attack, putting him out of work. The medical bills piled up and they had lost the family station wagon, when her mom got a minimum wage job answering the phones at Sears. That job saved their home, and it saved their family, but now the minimum wage can't support a mama and a baby.

Elizabeth has spent her career studying why America's middle class has been hollowed out. She fearlessly takes on giant corporate special interests like big banks and credit card companies that cheat consumers and undermine small businesses. She goes after shady for-profit schools that rip off students, veterans, and taxpayers. She relentlessly fights to end the influence of big money in politics. And her plans target California's biggest issues, like investing in affordable housing, fighting climate change, cancelling student loan debt for millions, and creating a pathway to citizenship for families.

Elizabeth got to become a teacher, a law professor, and the senior senator from Massachusetts because America invested in kids like her. She is in this fight to build an America that works for everyone.

Elizabeth and her husband Bruce have been married for 38 years and have three grandchildren and a golden retriever named Bailey.

The son of a union mechanic, Jeff attended public schools, was the first in his family to go to college and still lives in the same blue collar neighborhood he grew up in. He never needs to be reminded who he's fighting for.

But the fights keep getting harder, because the privileged and powerful have rigged our economy and democracy to enrich themselves. Here's how we fix it:

Take on political corruption so the people are in charge – Put an end to dark money, partisan gerrymandering, and voter suppression.

Create good-paying jobs – Build modern infrastructure and rural broadband, nurture manufacturing, end tax breaks for corporations that ship jobs overseas.

Invest in thriving families – End the outrageous gouging on drug prices, tackle the mental health crisis, and provide seamless coverage for everyone. Massively increase affordable housing. Lower class sizes and make college debt-free.

Meet the climate chaos challenge – Rapidly build a renewable energy economy with union labor to quickly stop carbon pollution. Re-assert US leadership to make sure other countries step up to meet this global emergency.

Create opportunity in all of Oregon – Jeff fights for all of Oregon, delivering dredging for coastal ports, disaster assistance for farmers and ranchers, and investments in rural broadband; saving rural post offices; and catalyzing collaborative solutions to timber and water challenges to create jobs and improve ecosystems.

From exposing Trump's evil policy of locking kids in cages, ending Wall Street's worst predatory mortgages, introducing the Equality Act to outlaw LGBTQ discrimination, Jeff never shies away from taking on the powerful to deliver opportunity, justice, and a brighter future for all.

Taking On Our Biggest Challenges

For the last three years, this administration has reversed progress on our nation's biggest problems, turning them into crises. The good news is this election will give us the chance to tackle them head on. I've been organizing at home, around the country, and in Congress to do just that. My top priorities are:

Climate Crisis

We need to declare a climate emergency and pass a Green New Deal. I helped write both these critical plans.

Healthcare

I support a strong universal health care system that will lower costs, provide better health care, and cover everyone!

We must also tackle the high cost of prescription drugs. Last year, I led the historic and successful effort to defeat the big pharmaceutical companies, breaking their anti-competition stranglehold that locks in high prices.

Housing

We have a housing crisis across the nation and especially in Oregon. It is time to get the federal government back in the game.

I have developed a detailed, comprehensive housing plan to solve the housing crises and have organized a growing coalition to get it done.

While these are the most critical issues, they are far from all that I am working on to move America and Oregon forward. Of course, in order to do that, we must protect our democracy and rebuild our institutions – starting with requiring paper ballots and getting big money out of politics.

Working together we will get this done. We have no other choice.

Get the details on these plans, other critical issues and how you can join the fight at EarlBlumenauer.com/priorities

A sixth generation American and an immigrant at the same time, Albert Lee was born in South Korea, where his African-American Army dad met his Korean mom during the Vietnam War. Raised in working-class suburbs of St. Louis, next door to Ferguson, his family endured domestic violence and subsequent homelessness. He attended five high schools in three States. With the help of many people, he became a first-generation college & law school graduate. He served in the US Army & selected into the Old Guard at Arlington National Cemetery. He worked in international trade before moving to Portland in 2005.

An Oregonian by choice, he is standing up to represent the people of the Third District of Oregon because democracy requires choice, something missing here for more than a generation. We face a series of crises that have been allowed to fester and grow, including homelessness, the lack of living wages & affordable housing, and the climate emergency that require bold action now. Lastly, it is time that we replace this oligarchy, this plutocracy of elite, career, multimillionaire politicians with citizen representatives, who know the struggle, who won't take corporate contributions, and who will truly fight for and represent the people. Oregon, America, moving forward

My name is Blair Reynolds, an entrepreneur, veteran, and family man, and I am ready to represent you in Congress.

I am running because I am done watching our democracy crumble in front of our eyes, torn apart by cravings for power. Our Congress would rather grandstand for soundbites than put the work in to pass legislation. Progressive change is seen as outlandish, while our national values are pulled further into Conservatism.

We have been seeing the same struggles between Democratic centrists and Republican conservatives happening for too many decades. Our country needs to move forward, and prepare for the future. A future where your value and right to livelihood isn't determined by your employer.

I am running for everyday people, with a platform of three basic principles.

Universal Basic Income: \$1,000 for every American over 18 every month. This will lift the floor of poverty, help families pay for unexpected expenses, help launch small businesses, and truly give Americans what we cherish most, freedom.

Universal Health Care: We are tied to our employers whims, and insurance agencies that determine whether our medical maladies are covered. Even the well-insured can find themselves bankrupted when insurance doesn't cover emergencies that happened out of network. The very nature of insurance is to reduce risk for their business. We need healthcare. For all. NOW.

Democractic Reforms: Our incumbents stay in power with corporate PAC funding, corrupt parties, and voter supression. I would champion legislation to require mail-in paper ballots nationwide, and work to dismantle the big money two party system from the inner workings of the House and Senate.

I am not a career politican backed by Big Pharma and Corporate PACs, I am a man determined to make this country a better place for all, for YOU.

This is the way, forward.

Educational Background: Cornell University, B.A.; University of Illinois, B.S.; Doctor of Veterinary Medicine

Prior Governmental Experience: State Senator; State Representative; Co-Chair, Joint Committee on Ways and Means; Canby Planning Commission

Kurt Schrader: Oregon Values. Real Progress

Better Healthcare, Lower Costs – Kurt has worked for universal healthcare, defended and strengthened the Affordable Care Act and passed legislation to lower prescription drug costs.

Fighting Climate Change – As an organic farmer, Kurt understands first-hand the devastating impact of climate change here in Oregon. That's why he is pushing to rejoin the Paris Climate Accords and is sponsoring a plan to drastically reduce carbon emissions from the nation's power plants.

Strengthening Education, Building Opportunity – Kurt has been a leader in strengthening career and technical education, increasing funding for Head Start, Pell grants, and special education and working to reduce the cost of student loans.

Endorsed by Oregon Education Association

Compassionate, Fair Immigration Policy – Kurt believes no child should be separated from their family. He sponsored legislation to end the President's cruel family separation policy and reunite migrant children with their parents. Kurt supports protecting those undocumented Dreamers brought to the U.S. as children.

"Congressman Schrader believes health care, including reproductive health, is a fundamental right and no politician should come between a person and their doctor. That's why we need Kurt in Congress." –Alexis McGill Johnson, acting President and CEO, Planned Parenthood Action Fund

Kurt is always accessible, holding community meetings and town halls throughout the 5th district. And he puts people first, cutting through red tape and returning over \$5 million in stalled Social Security payments, delayed IRS refunds, and denied VA benefits for Oregon's warriors.

"I am honored to serve as your voice for Oregon. I will continue working hard to turn our values and priorities into real progress in Washington D.C. I appreciate your vote"

“Shemia is a once-in-a-generation leader at a time when we face once-in-a-lifetime threats to our democracy. Shemia has the courage and conviction to meet those threats head-on and win.”

- Former Secretary of State and Governor Barbara Roberts

Mom. Civil Rights Attorney. Fighter.

Growing up poor in rural Oregon, Dufur and The Dalles, opportunity seemed out of reach. Oregon’s public schools changed that. I’ve worked every day to deliver for the Oregonians who have given me so much.

As State Representative and Senator, I have:

- **Increased investment in our public schools,**
- **Raised wages and passed paid family leave,**
- **Made housing and healthcare more affordable, and**
- **Expanded voting rights.**

While Oregon has made progress, Trump’s attacks on working people, foreign governments attacking our democracy, and Republican politicians walking out on the Oregonians they represent is putting opportunity out of reach for too many.

Oregon’s next Secretary of State will face challenges unlike any we’ve seen. She must be prepared to fight threats to our democracy today and build defenses against those of tomorrow.

I’m ready.

As your Secretary of State, I will protect the integrity of:

- **Our elections,** ensuring every vote counts, every voter has faith that it does, and elected leaders show up for work and honor your votes.
- **Our public records,** closing the “secret ballot” loophole in Salem and making government transparent and accountable.
- **Our public investments,** using audits to ensure public services serve marginalized communities and mitigate climate change’s impact.

With your vote we can work together and start...

GROWING TOGETHER AGAIN

We live in a beautiful place. As a 3rd generation farmer I have noticed the changes around me. I'm sure you have too. My concern is for future generations. We learn from our successes and even more from our failures. It is the act of sharing that knowledge that strengthens the fabric of our society.

Changing and adjusting. We will be doing a lot more of that in the coming years. After all, it was a long period of change that brought us to where we are today as a society. We have been taught that we are independent. We forget that, no matter what, we cannot stand alone.

Each generation stands on the shoulders of those who came before them. Everything they built helps us as we go forward. That is what made our society strong and it is what makes ours such a great country. What will we leave for the next generations?

There is work to be done. We need to build the future we want our children to live in. We can find a way to a livable future by working together while using all of our talents and drawing on all of our strengths.

I am running for Senate and I need to hear your voices. I will listen. I will learn from you if you let me. I will be there and I will fight for the things we hold dear.

"The Oregon Senate needs a culture change.

Ben is a young, bold progressive — and he has a backbone. He is exactly the voice we need in the Senate."

- Marc Abrams, Former Chair of the Democratic Party of Oregon
Portland Tribune, 2/27/2020

Ben's Priorities:

Get Big Money Out of Politics and Combat Income Inequality. We need to pass campaign finance reform now to curb corporate power, and we need to make sure corporations pay their fair share in taxes.

Invest In Affordable Healthcare, Housing, and Education for All. Healthcare is a human right and every person deserves access to affordable housing and higher education.

Fight the Climate Crisis. Climate change is the greatest threat we face. Oregon should be a leader in the fight to protect our environment and promote a sustainable economy.

Expand Mental Health and Addiction Services. Our underfunded mental health system has exacerbated our homelessness crisis, broken criminal justice system, and unprecedented trauma in children. The legislature must act now.

"Students have never been more excited to support a candidate."

Experience and Commitment

As your State Senator for District 21 I have successfully passed critical progressive legislation and am proud to continue to serve our community in Salem.

Strengthening Public Schools

I served on the committee that traveled across the state to forge consensus around a historic increase in school funding through the Student Success Act. I will continue to ensure that schools have the necessary resources to create opportunities for all.

Protecting Working Families

Working families are the foundation of our communities and deserve leaders who ensure they thrive. I led the fight to provide fair workweeks for workers and to create the first Paid Family and Medical Leave program in Oregon.

A Healthy Environment

Climate change is the issue of our time. I fought to address greenhouse gas emissions and will continue to fight for the health of our air, water, and ecosystems, and safety in our schools and workplaces.

Opportunity, Equality, Choice

Amid the current backdrop of partisanship, I won a unanimous vote in the Oregon Senate to establish the Equal Pay Act, the most progressive equal pay law in the country. I will continue to advocate for the vulnerable, work to remove barriers to ensure opportunity for all, and fight for a woman's right to choose.

Accountability, Efficiency, Transparency

I will work for greater efficiency and transparency in government, as well as campaign finance reform to give everyone a voice in elections, not just large donors.

Rachel Prusak

Democrat

Occupation: State Representative; Nurse Practitioner

Occupational Background: Nursing

Educational Background: Northeastern University; Frontier Nursing University

Prior Governmental Experience: House Committee on Health Care; Joint Committee on Ways and Means Subcommittee on Transportation and Economic Development

Rachel Prusak: Delivering on What Matters Most

- Two years ago, Rachel Prusak ran for the Oregon House to protect Oregonians' healthcare, strengthen our schools, and provide leadership that matched the values and priorities of our community. As our State Representative, she delivered on each of those promises.

Building a Healthy Community

As a nurse, Rachel is outraged by politicians who would try to eliminate funding for the healthcare of more than a million Oregonians. She successfully fought to protect that health care, and more.

- Secured funding for Medicaid, which covers 1.1 million Oregonians
- Increased funding for mental health and suicide prevention, and put new focus on the opioid epidemic
- Worked to reduce the cost of prescription drugs
- Passed the nation's strongest Paid Family and Medical Leave

Strengthening Our Schools

Rachel understands education is the key to strong neighborhoods and a vital economy. She helped make history for Oregon's public schools.

- Passed the Student Success Act, adding \$1 billion a year to invest in early education and programs that increase graduation rates in every Oregon school district
- Too many students graduate from college burdened by debt, so Rachel increased funding for the Oregon Opportunity Grant to make college more affordable for more people

Affordable Housing and Safer Communities

- Passed groundbreaking tenant protection policies that will increase the supply and choices of affordable housing and funding for homeless services and prevention
- Closed the "restraining-order loophole" to keep guns out of the hands of stalkers and domestic abusers
- Banned fracking and offshore drilling in Oregon

Occupational Background: Government Affairs

Educational Background: University of California, Berkeley, BA

Prior Governmental Experience: Co-Chair Oregon Complete Census Count Committee; PEBB Board Member; Oregon Commission on Hispanic Affairs; Willamette Falls Locks Commission; District Aide, U.S. Congresswoman Darlene Hooley

For more than 20 years, Andrea Salinas has been on the frontlines of policies that protect women and children, working people, seniors, and the environment. As a first-generation American, she brings the spirit of hard work and determination, instilled in her at a young age, to her efforts in the legislature. She knows that a quality education and fair employment opportunities provide the building blocks for stronger communities.

Universal Access to Health Care

As the Chair of the House Health Care Committee, Andrea has learned that health care costs increasingly consume a larger portion of families' take-home pay and small business profits. That is why in her first year, **Andrea championed and passed bills to lower the price of prescription drugs and to expand access to quality care for all Oregonians.**

Keeping Families Safe

Domestic violence, sexual harassment, and gun safety issues are at the forefront of Andrea's work. Ninety-four percent of women who experience harassment at work do not file a complaint, and of the who do report harassment, seventy-five percent experience retaliation. Last session, **Andrea championed efforts to protect Oregonians from workplace harassment as well as gun violence, and passed the nation's strongest Paid Family and Medical Leave policy.**

Climate Protection

Protecting Oregon's abundant natural resources is foundational to our state's future sustainability and economic development. **Andrea is committed to reducing greenhouse gas emissions in Oregon and investing in clean energy technologies and family-wage jobs** needed to leave a healthy legacy for our children.

Karin Power: A Champion for Our Community Values

Safer Communities and Better Schools. Following decades of disinvestment in our public schools, Karin fought to pass the Student Success Act, landmark legislation that will invest \$1 billion a year in early education and K-12 programs. Karin also supported significant criminal justice reform measures in 2019, to increase public safety and address systemic racism. This included strengthening hate crime laws and reforming youth sentencing to give deserving kids a second chance. In 2021, Karin will continue to advocate for common sense gun safety measures and fight back efforts to chip away at funding for our schools.

Fairer Workplaces. As the youngest parent in the Legislature, Karin has led bipartisan efforts to modernize laws for working families. She championed new pregnancy protections in 2019, and expanded workplace breastfeeding laws so all new parents have the right to feed their babies. Karin voted to pass the nation's most inclusive statewide Paid Family and Medical Leave Insurance program, so no Oregonian will have to decide between paying their bills and taking care of a sick loved one or new baby.

Addressing the Climate Crisis. In 2019, Karin led the way in passing bipartisan legislation to phase out older, polluting diesel truck engines in the Portland Metro area. Karin will continue to fight for urgent and comprehensive climate action to help Oregon transition to a cleaner energy future. She championed this work in 2019, and will continue to hold our largest polluters accountable and lead efforts to clean up our air and water.

Jeff Reardon: Bringing Oregonians Together to Build Stronger Communities.**Past & Present**

Eight years ago I first asked for your vote, promising to champion Education and the Environment. During that time I have delivered for our communities. I hope that you again will trust me with your vote so that I can continue advocating for you in the Legislature.

Effective legislators find ways to bring people together to collaborate on challenging issues. I led a task force on pollinator health, spearheaded efforts to promote career technical education, passed legislation to restructure the workforce development system, and participated in a wide variety of Natural Resources committee work. When community college funding was at risk, I formed the Community College Caucus that successfully fought for funding to avoid devastating budget cuts. I also formed the bipartisan Clackamas Caucus to advocate for projects that will benefit all who live, work and play in Clackamas County. I do this while also fighting for democratic values, so that all Oregonians have a fair shot at leading prosperous lives and being treated respectfully.

Future

In 2019 the Student Success Act created landmark funding for K12 education. There is still more work to be done to address the needs of our community colleges and universities, and I intend to lead efforts to improve our Higher Education system and reduce the cost of attendance. And I've already begun work to ensure we always have plentiful, clean and affordable water.

Prior Governmental Experience: Oregon Deputy Attorney General (1993-97); Trial Attorney, U.S. Department of Justice (1979-80)

Re-Elect Justice Tom Balmer to Oregon's Supreme Court

Since 2001, Tom Balmer has served on Oregon's Supreme Court with distinction, exhibiting fairness, intelligence, and an extraordinary work ethic.

In 2012, Tom Balmer's colleagues on the Supreme Court showed their confidence in his judgment, leadership, and legal skills by selecting him to serve as Chief Justice for a six-year term. In that role, he led the Oregon courts through a difficult budget climate by carefully managing limited resources, adopting technology innovations, and improving court efficiency.

Justice Balmer traveled the state to visit local trial courts and seek ways to improve access to justice for all Oregonians -- while carrying a full workload of opinions and rulings on the Supreme Court.

Experience

The foundation of Justice Balmer's success is his hands-on experience in the key areas the Supreme Court deals with every day. He has tried jury cases, argued before the U.S. Supreme Court, advised individuals and business clients on a wide variety of matters, and counseled elected and government leaders on constitutional and public law. As Deputy Attorney General, he argued criminal, election, and constitutional law cases in Oregon and federal courts.

Tom Balmer's reputation as a thoughtful scholar and practical problem-solver is well known. His broad, well-rounded experience and integrity have earned widespread support from all parts of Oregon's legal community.

Part of the Community

Tom has served as a volunteer for legal aid, the Classroom Law Project, local arts and park organizations, and Portland Homeless Family Solutions.

LET'S MAKE YOUR VOTE COUNT

Although the Oregon Constitution states that judges are to be elected by the voters of this state, such voters are routinely relegated to the role of a rubber stamp. As judicial vacancies occur, the governor unilaterally fills them by appointment. Such appointed judges thereafter gain the advantage of incumbency and rarely, if ever, face an election opponent.

Every current Oregon Supreme Court judge got there by means of gubernatorial appointment. Five of those seven judges have now been appointed by one person -- the current governor. If the Position 1 incumbent is re-elected and then resigns mid-term (as anticipated), the governor will be afforded yet another opportunity to unilaterally hand-pick a replacement.

Oregonians deserve a judiciary that functions in an independent and non-partisan manner. Sadly, however, the prevailing process for picking judges provides little reassurance in that regard.

Van Pounds offers voters a voice for positive reform, as well as a meaningful choice for judge. He will continue to be an ardent advocate for improvement of the judicial selection and retention processes -- to promote greater transparency and to reduce the likelihood of undue partisan political influence.

Consistent with the Code of Judicial Conduct, **Van Pounds** pledges to perform the duties of judicial office diligently, fairly and impartially, and in accordance with the rule of law. He welcomes your vote.

"Thoughtful"

–Oregon Supreme Court, 11/13/15

"Incorruptible"

–Eugene Register-Guard, 4/26/18

In a time when our nation faces grave threats to democracy and the rule of law, our courts must be open and accountable to the people. That's why I'm running for the Court of Appeals.

I'm running because I believe that judges should explain their decisions. Right now they don't. In most cases, the Court of Appeals "affirms without opinion." That means the judges give no explanation whatsoever for their ruling.

They do it in easy cases. They do it in hard cases. Big cases and small cases. Cases where they think the lower court was right. Cases where they think the lower court was wrong. Sometimes they even do it by mistake.

The Court of Appeals affects all of us. It decides when the police can pull you over. What you're owed if you're hurt on the job. Whether the state can take away your children. Many people lose their liberty, their livelihood, or their family, without ever being told why.

Oregon deserves better. Many other courts give at least one or two sentences to explain each of their rulings. Our court can do at least that much. That would let everyone know why the court did what it did—and keep the court accountable.

We can make it happen. As a public defender, I've represented hundreds of individuals before the Court of Appeals. In any of their cases, a single judge could make the court explain its ruling. With your support, I will be that judge.

I can't promise you'll agree with every decision I make. No judge could make that promise. But I will explain every decision I make. No other candidate will do that.

Seeking Justice. Keeping Clackamas County Safe.

With over 25 years of courtroom experience, I have prosecuted Clackamas County's most serious crimes, including child abuse, elder abuse, domestic violence and aggravated murder. I've trained hundreds of prosecutors, police officers, victim advocates and community partners. I've led efforts for stronger legislative protections for Oregon's elders and victims of domestic violence. And, I've worked in the community on prevention strategies to stop crime before it starts.

My first priority is to seek justice. That means getting to the right outcome the right way. It means considering all options --- from treatment to incarceration --- and determining which is most appropriate given the facts of the case and the needs of the community. Justice also means treating crime victims with dignity and giving them a voice in the courtroom.

My leadership, partnerships and commitment to fairness and justice are why so many community leaders endorse me to become Clackamas County's next District Attorney. I'd be honored to have your vote as well.
