Oregon votes by mail. Ballots will be mailed to registered voters beginning April 29.

BEV CLARNO
SECRETARY OF STATE

ELECTIONS DIVISION
STEPHEN N. TROUT
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Oregon Voter,

The information this Voters' Pamphlet provides is designed to assist you in participating in the **May 19, 2020**, Primary Election.

Primary elections serve two main purposes. The first is for all voters to be able to cast ballots for candidates for nonpartisan offices like judges and some county and other local offices. The second is for the voters registered with a major political party to select their nominees for partisan office like US President.

Those registered as not affiliated with a political party, or registered with a minor party (Constitution, Independent, Libertarian, Pacific Green, Progressive, Working Families) will receive a ballot that includes only nonpartisan offices. The US Supreme Court has ruled that political parties get to decide who votes in their primaries so unless you are registered as a Republican or Democrat you will not have candidates for President or any partisan office on your May Primary ballot. You will have them on your November 3 ballot.

The biggest threat we have to elections today is misinformation. It can be found in many sources – social media, mainstream media, email lists, text message chains and mailers. Misinformation can even be spread through candidate statements in this voters' pamphlet. Candidates pay a fee to have the statements printed and they are not fact checked. In fact, Oregon courts have ruled they cannot be fact checked.

We recognize that with unlimited sources of information it can be challenging to find information that is accurate and trustworthy. Fortunately, there are some simple questions you can ask yourself to help identify misinformation: 1) Is there any data or evidence presented to support the information? 2) Does this information seem designed to push my political buttons? 3) Is there something about this information that doesn't seem right or too bizarre to be true? 4) Who is sharing this information? 5) Does this individual or group have an agenda? Be an informed voter and don't believe everything you see or hear.

Ballots will be mailed beginning April 29. After you have filled out your ballot, you can return it by mail or take it to any official drop box. If returning by mail, no stamp is necessary because, under a new law, the postage has been pre-paid by the state. Remember your ballot must be physically received at a county elections office or in an official drop box by **8 pm May 19**. Postmarks do not count! To track your ballot or to find your nearest drop box, visit oregonvotes.gov/myvote.

My goal as Secretary of State is to maximize voter participation and access while ensuring election integrity so that our democracy can be strong and vibrant. You can have confidence that our elections are secure and accurate and that every vote counts. I encourage you to study the issues, make your voice heard and participate in all elections.

Sincerely,

Bev Clarno
Oregon Secretary of State

How do I vote in Oregon?

In Oregon, we vote by mail. There are no polling places. Instead you can complete your ballot anywhere you choose. There are privacy booths available at your county elections office.

Your county elections office will automatically mail you a ballot packet for every election that you are eligible to vote in. Inside the packet, you will find the ballot and instructions on how to complete and return the ballot. [Follow the instructions!](#)

What if my ballot doesn't come?

For this election your ballot packet will automatically be mailed to you between **April 29** and **May 5, 2020**. If you have not received your ballot packet by **May 8**, call your county elections office.

What if I've moved?

Ballots are not forwardable. If you were registered to vote by **April 28** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

How do I get a ballot if I will be out of town when ballots are sent?

Absentee ballots are available 45 days before the election. You must complete the Absentee Ballot Request Application at oregonvotes.gov/myvote or call your county elections office.

Can I vote online?

There is no online voting in Oregon. A ballot may be emailed to a military or overseas voter, but there is no website where you can cast a ballot.

Why are there no Presidential Candidates on my ballot?

If your ballot does not include candidates for US President it means you are not registered to vote as a Republican or Democrat. Oregon law allows major political parties to decide who can participate in selecting the candidates who will represent the parties at the general election.

For the 2020 Primary only registered voters of the Republican Party or Democratic Party may choose that party's nominees. Candidates for US President will appear on the ballot you receive for the general election.

Do I have to vote on every office or measure?

No. You don't have to vote on every contest. Those you do vote on will still count.

What if I make a mistake, damage or lose my ballot?

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot.

Can I change how I voted?

If you have not yet returned your ballot, you can change how you voted. Follow the instructions included with your ballot. Once you have put your ballot in the mail or official drop box it is considered cast and cannot be changed.

How do I return my ballot?

You can return your ballot by mail or take it to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

Do I have to pay postage?

If returning by mail, no stamp is necessary because the postage has been pre-paid by the state.

What is the deadline for me to return my voted ballot?

Your voted ballot must be physically received by a county elections office or be in an official drop box by **8 pm, Tuesday, May 19**. **Postmarks do not count!** County elections offices are open election day from **7 am to 8 pm**.

Will my ballot be counted if I forgot to return it in the secrecy envelope or sleeve?

The county elections office will maintain the privacy of your ballot if you forget the optional secrecy envelope or sleeve and your ballot will still count.

Why do I have to sign the outside of my ballot return envelope?

Your signature is a security measure used to verify identity. County personnel who have received training in forensic handwriting analysis compare it to signatures in your voter registration record. Your ballot may only be counted if the signatures match.

If your signature does not match the county will notify you. You will have until 14 days after the election to prove you were the one who signed the envelope.

Can I ask a family member to sign the envelope for me?

Only the voter may sign the ballot return envelope. Power of Attorney documents do not apply to voting. If you cannot sign your name you may use a signature stamp or other indicator as your signature. Contact your county elections office for more information.

What if I forget to sign the return envelope?

If you forget to sign your ballot envelope the county will notify you. You will have until 14 days after the election to sign the envelope.

Is my vote really kept secret?

Yes, how you voted is secret, but whether or not you returned your ballot is public record. To ensure your vote remains a secret, your ballot is separated from the return identification envelope before it is reviewed. County elections officials only review and count your ballot after verifying your signature.

How can I track my ballot?

As a registered voter, you can track the status of your ballot at oregonvotes.gov/myvote.

What is a Provisional Ballot and why do I need one?

If there is a question about your eligibility as a voter or you need to vote at a county elections office in a county other than the one you live in, you will be issued a provisional ballot. In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office. Your provisional ballot will not be counted until it is determined that you are eligible to vote.

When will election results be known?

Initial results are released at **8 pm** election night and will continue to be updated through election night. Final certified results will be available 30 days after the election.

How do I file a complaint?

Any registered voter may file a written complaint alleging that a violation of an election law has occurred. The complaint should provide evidence showing a violation. The complaint must be signed by the elector. Anonymous complaints will not be accepted. The complaint should be sent to:

Secretary of State, Elections Division
255 Capitol St NE, Suite 501
Salem, OR 97310

Complete your ballot

Carefully read and follow all instructions printed on your ballot.

1 To vote, completely fill in the oval next to your choice.

2 To write-in a candidate:

→ Clearly print the candidate's name on the blank line provided on the ballot

-and-

→ Fill in the oval next to the name you wrote-in

Check for errors

You do not have to vote on all contests. Those you do vote on will still count.

If you vote for more than one option, your vote **will not count** for that candidate or measure.

Check your ballot carefully

You can not change your vote after you have returned your ballot

Contact your County Elections Office or call **1 866 673 8683** to request a replacement ballot if:

- you make a mistake
- you lose your ballot
- your ballot is damaged or spoiled
- or for any other reason.

Would you...

give someone going door to door your ballot to put in a drop box for you?

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. Don't be fooled.

believe a talk radio personality who says your political party is changed when you go to DMV?

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. Don't be fooled.

believe a story that non-citizens are registered to vote when they get a driver's license?

Not true. Only individuals who show proof of citizenship at DMV are automatically registered to vote. Don't be fooled.

believe a social media post, phone call or text message that your voter registration has been cancelled?

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. Don't be fooled.

register to vote on a website you saw on social media instead of registering at the official Secretary of State site, [oregonvotes.gov/register](https://www.oregonvotes.gov/register)?

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. Don't be fooled.

trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, [oregonvotes.gov](https://www.oregonvotes.gov)?

Not safe. Only use official information located on the Secretary of State's website or your county elections website. Don't be fooled.

believe a social media post that says your ballot can be rejected without you knowing about it?

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at [oregonvotes.gov/myvote](https://www.oregonvotes.gov/myvote). Don't be fooled.

believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?

Not true. All ballots are due by 8 pm, Tuesday, May 19, 2020. Don't be fooled.

believe a picture on social media with the same candidate listed twice and another candidate missing?

Not true. People have photoshopped ballot images before. Don't be fooled.

believe a headline that says it is too late to secure the upcoming election?

Not true. Election security in Oregon has never been stronger and is continually being improved. Don't be fooled.

Don't Be Fooled

Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. They're secure, not because there aren't any threats, but because we have detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has been conducting onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

Am I qualified to register to vote in Oregon?

You are qualified to register to vote in Oregon if you can answer yes to the following questions:

- Are you a resident of Oregon?
- Are you a US citizen?
- Are you at least 16 years of age?

If you are not yet 18 years of age, you will not receive a ballot until an election occurs on or after your 18th birthday.

How do I register to vote in Oregon?

To register to vote you can complete a registration card or use the online process available at oregonvotes.gov/register.

Registration cards are also available at any county elections office, the Secretary of State's Office, and some state agencies such as the DMV. Contact the Secretary of State's Office for a large print version of the registration card.

What identification do I provide?

You must provide your valid Oregon Driver's License, Permit or ID number. A suspended Driver's License is valid, a revoked Driver's License is not valid.

If you do not have valid Oregon ID, provide the last four digits of your Social Security number.

If you do not have a valid Oregon ID or Social Security number you can find a list of acceptable alternative identification online at oregonvotes.gov.

What is the deadline to register to vote for this election?

To vote in the **May 19, 2020**, Primary Election, your completed voter registration card must be:

- postmarked by Tuesday, **April 28**; or
- delivered to a county elections office or voter registration agency (e.g., DMV) by Tuesday, **April 28**.

If you register to vote online, your registration must be submitted by 11:59 pm on Tuesday, **April 28**.

When do I need to update my voter registration?

You should update your registration if you move, change your name, signature or mailing address, or want to change or select a political party.

You can provide the new information online at oregonvotes.gov or by completing and returning a voter registration card to your county elections official.

Do I have to register with a political party to vote?

No you do not. However, by joining a political party you are able to select the party's candidates either by voting in a party's primary election or by participating in other nomination processes.

If you do not select a political party you will still receive a ballot for every election you are entitled to vote at. However, the ballot you receive for a primary election will only include nonpartisan offices and ballot measures.

Address Confidentiality Program

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

The ACP is a free mail forwarding service. It helps survivors of domestic violence, sexual assault, stalking or human trafficking shield their physical address. Program participants are provided with a substitute address to use instead of their real address. To be eligible for the ACP you must live in Oregon, **and**

- be over 18 years old, **and**
- be a victim of domestic violence, sexual assault, stalking, or human trafficking, **and**
- have recently relocated (or are about to relocate) to an address unknown to the perpetrator(s) or any government agencies.

Parents or guardians may apply on behalf of incapacitated adults and minor children who are otherwise eligible for the ACP.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General. For more information or to find an Application Assistant near you visit <https://www.doj.state.or.us/crime-victims/victims-services/address-confidentiality-program-acp/> or call **888-559-9090**.

Political Party Statements

In the Primary Election, designated officers of any statewide political party who intend to nominate candidates for the general election may file for inclusion in the state voters' pamphlet, a statement that argues for the success of its principles and the election of its candidates on a statewide or county basis or opposes the principles and candidates of other political parties or organizations on a statewide or county basis. The Working Families Party did not submit a statement for the 2020 Primary Election.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, the individuals can choose whether they want to file to serve in the precinct they reside in or an adjacent one.

Individuals must have been registered members of the party since September 12, 2019, in order to run as a PCP for that party. Individuals who are under 18 at the time of filing can still file if they will turn 18 on or before the date of the primary election.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2020 Primary Election** is:

T, R, B, H, M, S, J, F, W, P, O, G, L, U, X, Z, E, D, K, Y, N, C, I, V, A, Q

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

Republican candidates by position in ballot order

Democratic candidates by position in ballot order

nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Disclaimer

Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Constitution Party

All our nominees are pledged to defend the following three Principles, (1) The Creator God in heaven, made known to us through the Holy Scriptures, rules in the affairs of men and is the ultimate King, Lawgiver, and Judge of all mankind. He is to be honored and His Word is to be heeded if we expect to receive His blessing on the works of our hands individually or corporately; (2) the Family is the first and highest civil institution designed by God to propagate, educate, and nurture human life. Both Church and State are to support and defend that institution; and, (3) God has assigned the first priority of civil government to protect innocent human life from conception to natural death, to protect freedom of conscience, and to protect private property.

We are pleased to offer you a true choice in the candidates we present to you.

No longer do you need to vote for the incrementally lesser of two evils. When you see one of our candidates on your General Election ballot, you can know that they stand for what is right, not what is just politically expedient. They are all committed to restoring the Constitutional Republic that our Founders gave us. Our candidates are not backed by moneyed interests. Typically, you will see them on the ballot only, not here in the voter's pamphlet, which would cost each candidate lots of money.

To provide you this choice we must satisfy Oregon ballot access requirements. This forces us to run at least one statewide partisan candidate each election cycle and achieve a minimum percentage of the vote or we must have a minimum number of voters registered with our party. Please help us avoid the unfortunate need to run our good candidate against another party's good candidate, by registering with us to meet the other requirement. Do it immediately after the Primary Election.

The Constitution Party of Oregon maintains that our true heritage is freedom.

God-fearing men founded our nation. They wanted freedom from human tyranny. They wanted to obey the dictates of their consciences in accordance with the Bible. Oregon's history as a state is rooted in the desire of Native Americans to have the truth of the Book of Heaven, as they called the Bible. There are memorials on the capitol grounds of Oregon reminding us of the part that missionaries had in the formation of our state's civil and educational institutions. We know that the first missionary to Oregon, Jason Lee, was truly the Father of Oregon, assisting in the drafting of our state constitution and founding Willamette University that began as a mission school for Native Americans.

Government derives its just powers from the consent of the governed.

Oregon Constitution, Article I, Section 1, "... all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded upon their authority, and instituted for their peace, safety, and happiness..."

Our rights are inalienable, coming from the hand of the Creator.

Our system of laws is based on the Judeo-Christian moral code.

The powers of the federal government in our Republic are restricted to those specifically granted in the Constitution of the United States.

Vote your conscience; don't vote out of fear or greed!

You rarely hear from us, because it takes money to do mailings and we don't have your email address or phone number. If you pay Oregon income tax you can make a refundable gift of \$50 (couples can give \$100) to the Constitution Party of Oregon every year, even if you are unable to volunteer in any other capacity. Democratic Party

The Democratic Party of Oregon is nearly one million strong, fighting for progress and helping elect Democrats from all corners of our state.

Democrats believe that we're greater together than we are on our own—that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

That's why Democrats are working to make progress on issues like health care, good jobs for Oregonians, equal pay, education, and clean energy.

Oregon Democrats have led the nation on resisting the Trump agenda, refusing to cede to his dark vision for our nation's future. This election year gives us the opportunity to take back our nation and continue making progress here at home.

In Washington, D.C., and in Salem, Democrats are passing legislation to support working families, are trailblazers on expanding access to the ballot, and are fighting for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

Oregon Democrats Stand For:

A right to health care for all
 Quality public schools
 Protection for labor unions and workers' rights
 Action to respond to climate change
 Humane immigration reform policies
 Racial and gender equality
 Protecting Social Security and expanding access to pensions
 Growing good jobs for Oregonians
 Criminal justice reform
 LGBTQ+ rights
 Gun safety measures
 Campaign finance reform
 Voting rights for all
 Civil rights for those living with disabilities
 Reproductive freedom

Any registered Democrat can run to be a Delegate to our 2020 Democratic National Convention in Milwaukee this summer. Visit dpo.org/2020 to sign up to get involved. Your Delegate Selection Filing Form must be submitted no later than May 21st, 2020 at 5 pm PST.

NOTICE OF ELECTION

INDEPENDENT PARTY OF OREGON (IPO)

WILL HOLD ITS 2020 PRIMARY ELECTION FOR OREGON STATEWIDE OFFICES AND PRESIDENTIAL PREFERENCE POLL

ONLINE: APRIL 28 - MAY 12, 2020

INDEPENDENT PARTY MEMBERS AND NON-AFFILIATED VOTERS CAN VOTE AT:

>>> WWW.INDPARTY.COM/VOTE <<<

In 2020, the *ONLY* way for Independent and non-affiliated voters to cast primary votes for partisan statewide offices or express their preferences for President of the United States is to VOTE in the IPO statewide primary election.

The Independent Party's 2020 Primary Election for Statewide Offices and Presidential Preference Poll is not part of the state's May Primary election and is not paid for by taxpayers.

Voters who would like to pre-register to vote and provide verification information can go to www.indparty.com/register.

The Independent Party is Oregon's third-largest political party, with over 124,000 members. Our mission is to represent the interests of Independent and non-affiliated voters by promoting public policies that have broad support but have difficulty gaining traction in government.

Voters who are interested in learning more should visit our web site: www.indparty.com

INDEPENDENT PARTY OF OREGON (IPO):

- is the fastest growing party in Oregon, adding over 124,000 members since 2007.
- is not a fringe party (about 6.5% of all local office holders--city council members, commissioners, mayors--are IPO members.
- supports policies that are good for all citizens, even when it means we share in some sacrifice.
- is fiscally responsible, environmentally aware, and anti-corruption
- is fighting to stop big money from buying government policy at all levels of government.

**If you agree, send a message: CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY.
Search: "Oregon voter registration" and click on "Update"**

We work to:

- Oppose spending on inefficient government programs.
- Reduce special interest and "big money" influence over all government processes.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities for Oregonians.
- Protect the environment from all types of insult, including emission of climate-changing gases.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

We have led several fights in the Oregon Legislature for effective disclosure of campaign contributions, for transparency in government, and for more citizen participation in elections.

2020 PLATFORM

Our 2020 expanded platform (www.indparty.com/platform) is based on our member surveys. It aligns public policies with the priorities of ordinary citizens in the areas of health care, education, campaign and ethics reform, and environmental protection.

COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. In contrast, our small-donor democracy program provides support services for first time candidates.

WE ARE HAVING AN IMPACT

In 2018, we printed and distributed the main piece of literature to Portland voters in favor of the campaign finance reform measure on the November ballot. It won with a "yes" vote of 87.4%. It limits campaign contributions and requires that political ads name their largest funders.

At the Oregon Legislature, we have led the effort for real campaign finance reform--not the ineffective bills passed by the Democratic majority. Still, The Center for Public Integrity (2015) ranked Oregon's campaign finance system as the worst in America – except for Mississippi.

We have for years urged the Oregon Legislature to strengthen regulations on industrial polluters. Neither the Republicans nor Democrats will confront them. EPA in 2015 revealed that Multnomah County and Portland are among the 1 to 2 percent worst places in America for airborne illness – including lung cancer – due to the high levels of pollution from industrial and vehicle emissions, particularly diesel trucks.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party

The Libertarian Difference

When you vote for someone, do you typically support what the candidate says, or are you more often voting against someone you think will make things worse?

Did a promise for “hope and change” become more of the same? Did a promise to “make America great again” mean forgetting civility? Does it seem like government isn’t listening to the calm voices explaining that well-meaning policies have real, serious, undesired consequences? That they might make things worse, not better?

If you want something different, you need to support something different – join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. We are the only political party offering you a true alternative to the Democrats and Republicans who think they know how to spend your money better than you do and who outlaw what they think are bad decisions. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to “Libertarian” to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Pacific Green Party

Here we go again with the false choices presented by the two party system! By the time Republicans and Democrats are done stacking the deck, too many Oregonians will be left voiceless in November, with no candidate who truly represents their views and interests.

Elections fail from the start if they don't offer choices for all the voters. That's why so many choose not to vote. But giving up is not the answer - fight back and find your voice!

The Pacific Green Party is Oregon's choice for the Four Pillars of the global Green movement:

Peace

- Democrats and Republicans believe Congress has unrestricted authority to wage wars, that US interventions benefit other countries, and that western values are inherently good for other people. Both have a long track record of enacting criminally aggressive foreign policy whenever they have controlled government.
- The PGP knows authority over war, sanctions and other acts against national sovereignty is vested only in the UN Security council. Under Article VI of our constitution, we must abide by our treaties and adhere to the UN Charter and Declaration of Human Rights. We will end the wars, coups and aggressive sanctions against Syria, Afghanistan, Libya, Russia, Iran, Yemen, Venezuela and elsewhere. We oppose colonialism and support the BDS movement and Palestinian right of return. These are our responsibilities as US citizens!

Social Justice

- Democrats and Republicans love incremental changes that allow a very few oppressed people to share wealth and power, while the vast majority receive lip service but no tangible result.
- The PGP seeks to end discrimination based on class, race, gender orientation, disability, age, spiritual belief, and all other forms of cultural fragmentation. We understand that this means dismantling the systemic institutions which perpetuate these ills. We support single payer, respect for Native sovereignty, free in-state college tuition, and the rights of all marginalized people. We oppose income inequality, mass incarceration, the drug war, ICE breaking up families, and regressive taxation. We should all be treated fairly and share in the wealth!

Ecological Wisdom

- Democrats are acting like they invented the Green New Deal. Greens introduced that to US politics ten years ago; all Democrats did was water it down. Their pretense is no alternative to the disastrous policies of the Republicans. We don't have time to fool around!
- The PGP is unequivocal in our strong support of sustainability. We oppose LNG infrastructure, coal transport and export, and aerial spraying. We advocate state regulation of greenhouse gas emissions from all sources, including carbon taxes with no cap-and-trade loophole and aggressive new fuel efficiency standards for automobiles. We call for the closure of all remaining nuclear reactors in Oregon. Ban clearcutting and keep our beautiful state forests public!

Grassroots Democracy

- Democrats and Republicans use money as a substitute for the popular will. That's why they love a system where the wealthy and powerful can sidestep weak campaign finance regulation and lavish millions on candidates representing their interests. Other candidates amount to token opposition, allowed to make a show of protest with little chance of assuming power.
- The PGP is not a "protest" party! By giving the voters more choices, we are working to fix the system at its foundation. We don't take corporate money. We use grassroots organizing with the goal of getting the people out of the margins and into control. We were instrumental in circulating the successful ranked-choice-voting initiative now being implemented in Benton County. We are serious about achieving our goals!

Do these sound like your goals too? Join us! We don't need big money, but we do need you. Get started at our website, pacificgreens.org, and @pacificgreens on Facebook and Twitter. Register Pacific Green, find your local chapter or start a new one, and get involved! Your power is in what YOU do.

Progressive Party

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), and \$15 minimum wage for all, now.

WE OPPOSE: the corruption of elections by big money, Wall Street bailouts, the continuing wars in Afghanistan, Iraq and Syria, "corporate personhood," and NAFTA, WTO, and other "free trade" deals that let corporations override labor, consumer protection, and environmental policies.

As a "minor" party, we are not allowed to use the state-run primary election to nominate candidates. We nominate them at Oregon Progressive Party meetings over the summer (3rd Mondays). But we do endorse these candidates in the primary election:

We fight for economic justice, human rights, environmental protection, and grassroots democracy.

OREGON ISSUES

Real Campaign Finance Reform: Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state offices has skyrocketed from \$4 million in 1996 to \$50 million in 2016 to \$71 million in 2018.** Winning a contested race for the Legislature (about 14,000 votes needed for a House seat) now typically costs over \$750,000 and sometimes over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in control of "Political Financing" to avoid corruption, beating only Mississippi.

Get involved at honest-elections.com.

Invest in Oregon: Oregon's \$103 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of being sent to vulture capitalists, corporate raiders, leveraged buyout artists, and fossil fuel corporations.

Republican Party

Oregon is in decline under Democrat leadership

Upon her election Governor Kate Brown promised to increase state government transparency and represent the needs of all Oregonians. Instead, with the help of key Democrat legislators, she has blocked access to public information and repeatedly exhibited a blatant disregard for the will of the voter, even to the point of denying voters their right to vote on issues.

When she does not get her way legislatively, she bypasses the legislative process with executive orders to implement policies that destroy the lives and livelihoods of 10s of thousands of Oregon families, such as happened with Cap and Trade, which does nothing to improve the environment, but will cost Oregonian's dearly every year. Meanwhile, pressing issues like homelessness and the PERS crisis go unaddressed.

Her style is that of a corrupt dictator looking after their own special interests while pursuing a highly partisan agenda driven by out-of-state interests that allows for no compromise. This arrogance and overreach has resulted in eroding freedoms and opportunity for Oregonians and has earned her the rating of 4th most unpopular governor in the U.S. This long line of abuses and toxic political environment can no longer be tolerated by Oregonians.

It is time to replace the governor and her enablers in the legislature.

Help restore Oregon by becoming a PCP in your county

Over 700,000 registered Republicans make up the grassroots of the Oregon Republican Party. Precinct Committee Persons (PCPs) are chosen from among those Republican voters to organize and advocate for Republican principles in their own neighborhoods and communities. They volunteer to help elect Republican candidates to office.

The PCPs also control the Oregon Republican Party. They elect the office holders in their county Republican party, who in turn set policy for and elect the officials of the state party. The PCPs also select the delegates to the state and national Republican conventions.

PCPs, and the county party officers they elect, are the primary organizing and directing force for the thousands of additional Republican volunteers who rise up from the electorate to work on behalf of Republican principles and candidates.

Principles that will allow Oregon to prosper again

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, law and order, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity. A free market economy is required for a free people.

As a registered Republican we invite you to join us in restoring Oregon!

Fellow Americans,

Nothing is more important to me than putting America first, fulfilling the promises I made when I first announced my candidacy over four years ago.

Under my administration, Congress passed historic tax cuts and relief for hard-working Americans. The Tax Cuts and Jobs Act is the first major tax reform signed in 30 years, providing tax relief for 82% of middle-class families and doubling the Child Tax Credit.

Since you elected me to be your President, our administration's pro-growth policies have generated 6 million new jobs, the unemployment rate has fallen to its lowest point in 50 years, and wages have grown at more than 3% for 10 months in a row. The manufacturing industry created nearly half a million new jobs, with 625,000 new construction jobs being created since I took office.

With my leadership, we also launched Women's Global Development and Prosperity (W-GDP) Initiative, the first-ever whole-of-government approach focused on advancing women's full and free participation in the global economy and allocated \$50 million for the fund.

My administration is also ensuring our Veterans get the services they need and deserve. This started by signing the Veterans Accountability and Whistleblower Protection Act to allow senior officials in the Department of Veterans Affairs (V.A.) to fire failing employees and establish safeguards to protect whistleblowers

One of my proudest moments in office was in August 2017, when I signed the Harry W. Colmery Veterans Educational Assistance Act, this funded the post-9/11 GI Bill, which provided educational benefits to veterans, service members, and their family members, including tuition, fees, books, housing, and additional costs.

It has been a privilege and an honor to serve as your President, and I look forward to serving you for the next four years.

Keep American Great!

I'm an "America 1st, Oregon 1st" candidate. I support the Republican Party platform, 2nd Amendment, right-to-work, legal immigration, medical freedom, right-to-life, term-limits, Social Security repair and campaign contribution reform. All Oregonians are feeling the same pain and together we can build on common ground.

Growing up in Oregon since the 5th grade I know what we want and need. I've worked my entire life. No easy road but plenty of hard honest work. As a single parent of five, I understand its struggles and difficulties and will actively engage in social issues. Jobs and affordable housing, while cutting regulations and over-taxing of businesses, are survival imperatives to help Oregonians and reduce our homeless population.

Our timber industry must become a restoration priority supporting properly managed lands. I have knowledge and a plan for doing so.

The current Socialist agenda in the Oregon Democratic Party is chipping away at our freedoms and liberties one Progressive law after another. This being a Presidential election year is the last best hope for Oregon to return to a true Participatory Democracy - Not a one party state.

My race alone will not secure all we want. We must bring balance back to Oregon. I actively help candidates through the Resurgent Republican movement in every Legislative race.

I will support our President and Party while adhering to our Constitution, Bill of Rights, and the Rule of Law. Only in unity can we restore Oregon as a state of the people, by the people, and for the people!

DO YOU WEAR SANDALS ?

Sadly, this pamphlet satisfies the **weak minded** who crave liberal **virtue signaling** given by people like **hyper-partisans Kate Brown** and **Jeff Merkley** who both prefer **selective meaningless outrage** to actual problem solving.

OR BOOTS?

An example of **working hard** are the **#timberunity** folks who sacrificed time to drive to Salem and straighten things out. Thanks guys, **we owe you.**

Firearms:

I worked legislatively with **Derek LaBlanc** (google Derek LaBlanc Oregon), founder of the **Kids S.A.F.E. Foundation**. Derek designed legislation teaching Oregon 1st graders **safety** around unsecured firearms.

Portland legislators killed the bill because it lacked mandatory trigger locks. **Amazingly irrational reasoning.**

Type 2 Diabetes:

An **epidemic** and food stamps pays for soda. That's **utterly ridiculous on every level** and should **disqualify federal legislators** from any health care policy making. It's one example of **colossal governmental ignorance** that disproportionately **punishes low income children.**

7 Billion food stamp dollars spent on **soda** in 2016. In return, people get **diabetes, obesity, tooth decay,** and massive **health care expenses.** **GOVERNMENT STUPIDITY AT ITS MOST INVINCIBLE,** like many other policies of **Brown and Merkley.**

Some people don't like me, the same ones who call my neighbors white privileged fascists because they enjoy firearms, attend church and don't step over the homeless to drink \$6 lattes every morning (that's you **Portland**). Get yourself together, **your embarrassing us.**

Democrat history is **pro-slavery, pro-KKK, anti women's suffrage,** etc. You shouldn't be surprised that today's **Democrats** want **gun confiscation, socialism and legally enforced random pronoun usage.** We deserve explanations but between using **arbitrary pronouns** and not knowing **what "food" means** they are obviously **struggling with words.**

Anyone who's put on work gloves to clean up a mess knows you tackle the big things first.

- **Guns/Firearms:** "...the right of the people to keep and bear Arms, shall not be infringed" I will stand-up for your legal rights.
- **Immigration:** I support E-Verify, Legal Immigration and welcome all who want to become productive American Citizens. We must finish the wall, stop human/sex and drug trafficking.

- **Natural Resources:** They are vital to creating/sustaining Opportunities for Oregonians. We must support, rebuild and grow our Timber, Fishing, Mining, and Farming industries to increase family-wage job Opportunities for Oregonians.

CLIFF BENTZ, REPUBLICAN

PRO-2nd AMENDMENT, PRO-LIFE, PRO-BUSINESS & PRO-VETERAN!

Husband, father, businessman, and third-generation Eastern Oregon rancher, **Cliff Bentz is fighting to protect conservative Oregon values.** As an Eastern Oregon legislator, he fought time and time again for rural Oregon, 2nd Amendment rights, lower taxes, and land and water rights. In Congress, **Cliff Bentz** will support President Trump, defend rural Oregon, and work to stop the Democrat's liberal agenda.

In 2019 **Cliff Bentz**, along with his Republican Senate colleagues, gained national notoriety for the "**Oregon Senate Walkout**", blocking Governor Brown and the liberal democrat legislature from passing an economically devastating cap and trade bill, and a bill that would have unconstitutionally restricted Oregonian's 2nd Amendment Rights.

Former Congressman Bob Smith

"Cliff Bentz is a lifelong conservative whose record on 2nd Amendment issues is impeccable."

"Senator Bentz's advocacy for our public lands and water rights make him the obvious choice for the Cattlemen's endorsement for Congress."

Occupation: Computer Programmer

Educational Background: BS

Prior Governmental Experience: None

Jeff Smith – The Bold Republican you need in congress!

Protect Social Security – Social Security will be out of money in 11 years. We need to protect it now.

Medical Care Costs – the cost of medical care rises at over twice the rate of inflation. We need to double the number of doctors and nurses that graduate every year.

Pro-Trump – President Trump got the economy going, appointed great Supreme Court Justices, and slashed regulations.

Pro- Life – Jeff Smith believes that life is a gift from God and begins at conception. He opposes legalized abortion and funding Planned Parenthood.

Pro- Business –the Federal Government sets the stage to either help businesses thrive or slows them down and chokes them to a standstill. We need policies that help business thrive, to create jobs, and to give people a safe place to live

Pro- Agriculture –Jeff Smith will pursue policies that will help create markets for the crops Americans produce.

Pro – Logging – In 1990 the Northern Spotted Owl was listed with the US Fish and Wildlife as an Endangered Species. By 1995, logging on National Forests dropped to 2-3% of what it had been. Many of Oregon’s eastern counties have over 50% of the county owned by the Federal Government. We need to repeal the Endangered Species Act.

Pro – First Amendment Freedoms – The freedoms we have in America is what makes America great. You need a bold Republican to fight to keep your freedom of speech, freedom of religion and freedom of the press.

Pro – 2nd Amendment –the Freedom to bear arms is the freedom that defends all of our other freedoms.

Jeff Smith stands with vetrans and stands for the National Anthem.

It’s time for a course correction in Congress. Time for a ‘career commoner’ NOT another ‘career politician’. Do something different. Vote for a person who shares your life experience, lives where you live, and holds your same values.

I’m Travis Fager, a ‘career commoner’, tax paying, lifetime resident of Oregon—who’s directly impacted by, and lives with the legislative realities coming out of Washington. I’m a successful business operator, a husband, and father of three, and a grateful participant of the American Dream. I am a common citizen who is concerned as we’ve watched a shift occur in our country. In Congress specifically, there is a disturbing trend to fundamentally alter our great nation. Like you, I’m done with the typical results from the usual politicians who’ve made a career of compromising our core values in exchange for votes.

History will judge us on our stewardship of the most precious gift a civilization could ever receive, the blood bought freedoms of a Constitutional Republic. Preserving freedom should be top priority for all policy considerations in Washington D.C.

I will work to deliver positive results, categorically, for all in District 2.

It’s time for new blood, from a new source: the common people. I want to represent you in D.C. and put Americans first.

Preserve our right to bear arms.

Preserve our free speech.

Protect our borders.

Protect the unborn.

Fight tax increases.

Fight the rise of socialism.

Defend our nation’s interests.

Defend our environment.

Work to better manage our resources.

Work to fully serve constituent needs.

Honor and provide for veterans.

Honor and provide for seniors.

A True Conservative for Oregon

A Better Oregon for All of Us

Justin Livingston is running for Congress, because he believes the federal government can do a better job addressing the problems of all the residents of the Second District. Many residents are struggling with our increasing cost of living and stagnant wages, but too often the issues that impact them are ignored. Justin has consistently opposed onerous regulations and tax increases.

Justin is passionate about making Central, Eastern, and Southern Oregon an affordable place to live and to raise a family. He is a member of the Bend City Council, where he works on policies to make Bend a more affordable place to live.

Justin wants to take what he has learned to Washington D.C.

Most importantly, Justin is committed to listening to the residents of the Second District about their ideas for making Oregon an even better place to live, for all of us.

Jimmy Crumpacker

Republican

Occupation: Commodities Trader

Occupational Background: 18 years as a commodities trader.

Educational Background: BA in Government from Georgetown.

Prior Governmental Experience: Not a politician.

My name is Jimmy Crumpacker, I am a conservative, a successful businessman, a seventh-generation Oregonian, and most importantly, I am NOT a politician. I'm running to represent Oregon's Second Congressional District for three simple reasons:

1. To stand with President Trump and advance the 'America First' agenda. Like President Trump, I'm not a politician, I'm a businessman. And that's a good thing. Donald Trump has done more for rural Oregon than we ever could have hoped for, and yet radical left-wing Democrats try to 'resist' him at every turn. I'll stand with President Trump to defend our values, continue growing our economy and fight for the forgotten people of Oregon's 2nd District.
2. To defend our rural Oregon way of life. Radical Democrats will stop at nothing to strip away our God-given rights - I'll work tirelessly to protect and defend the Constitution that our country is built on. That means standing up for our most vulnerable and ending abortion, defending our second amendment rights with unwavering resolve, and securing our border and putting an end to dangerous sanctuary cities once and for all.
3. And finally, to use my private-sector skill set to unleash the American economy. I've spent my career in the private sector promoting capitalism and seeing first hand what a strong private sector can do to grow the economy, and increase wealth for middle-class Americans. As your voice in Congress, I'll use my private sector skills to cut regulation, lower taxes, and grow the American economy.

We can't afford more empty promises from career politicians — that's how we got in this mess in the first place. We need to elect a conservative outsider who will stand with our President and deliver another four years of results for Oregonians. And I will deliver.

CONSISTENTLY CONSERVATIVE

Atkinson is reliable: he has never voted to raise taxes, including payroll taxes, gas taxes and highway tolls. He supports the balanced budget amendment.

Atkinson is loyal to farmers and ranchers and understands the needs rural Oregon faces, specifically the need for water. He works tirelessly to ensure agriculture is first in line.

Atkinson stands firm with President Trump. He supports Trump's commitment to grow the economy, appoint Constitutional judges, and stands firm with Israel.

Atkinson, 49, a dedicated public servant with 14 years of delivering for people. He is a self-made person, growing up in a family small business and ministry. Atkinson is known for his work ethic, integrity and willingness to stand firm for people.

ENSURING WE PRESERVE

ACCOUNTABILITY, TRANSPARENCY, AND INTEGRITY FOR THE PEOPLE OF OREGON

Kim Thatcher will carry on and strengthen reforms enacted when Oregon voters elected Secretary of State Dennis Richardson in 2016 to restore **Accountability, Transparency, and Integrity** to state government. Republicans, Democrats, and Independent voters heard the call that our Secretary of State should:

- Be effective and impartial in administering fair elections where everyone who has the right to vote has the opportunity to vote, and that citizens seeking to change their government have the support they need to access their constitutional right of the initiative and referendum process.
- Use the power of the Audits Division to identify critical financial and performance concerns at every level of government, from Cities and School Boards to State Agencies, and use the findings to make recommendations that ensure critical services are delivered, and taxpayer dollars are well-spent.
- Promote the success of Oregon's 400,000+ businesses and provide the technical assistance they need to grow and thrive.
- Preserve the public record in a manner to create transparency for citizens and the media, so government operations and the funding used for those public programs are understood by the public.

"As our next Secretary of State, you can expect that I will work to preserve and expand upon Dennis' legacy, which voters from all parties now expect and deserve from that office." – Kim Thatcher

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I established myself as a budget hawk. With my fiscal leadership, we were able to fund our priorities **without raising anyone's taxes**. We dramatically reduced our unfunded liability for road maintenance, rebuilt our operations and maintenance center, and rebuilt city hall and the police station – **All without asking for a dime.**

Real World Experience

I have been Treasurer of the Legacy Emmanuel Hospital Foundation, USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

Prior Governmental Experience: OR Senator D28; Klamath County Commissioner; O&C Board; Klamath County Budget and Public Safety Committees

Family: Married 40 years; children and grandchildren thriving in Central Oregon.

Dennis Linthicum for Senate District 28

I am a champion for **individual liberty, free markets, fiscal conservatism and limited government**. In Salem, I serve as Republican Caucus Deputy Leader and I served as Minority Whip for three years. Oregon desperately needs Senators who can battle the storm of ever-expanding social programs, greenhouse gas initiatives, fiscal irresponsibility, generous promises for freebies like tuition, housing, healthcare and anything else that will attract a crowd. Our state is currently living beyond its means and needs to be held accountable. It is an honor to run for the Oregon Senate and I respectfully ask for your vote.

We are each entitled to **life, liberty, and our own just pursuits** without interference. I will continue to work to minimize government overreach in water, timber and natural resource management which hampers our economy. Natural events, federal mismanagement and ceaseless litigation have destroyed giant swaths of public and private lands, resulting in public land closures, scarred watersheds, spoiled wilderness and lost jobs. I will strive to protect our economy from government overreach and restore local control to rural Oregon.

Together, we can make our communities **prosperous and resilient**. We need to get government out of the way so our small and medium-sized businesses can grow and thrive. I will fight over-regulation, inefficiency and the bureaucracy that creates government waste. I will demand accountability in government spending to restore fiscal sanity.

Standing up for us

Senate District 30 represents over 36% of our state and within those communities, are tens of thousands of Oregonians just like you and me who want Oregon to be a better place to live, work and play.

That's why as your senator, I've stood up against powerful special interests and **opposed the harmful cap & trade policy**, requested millions of dollars in relief for natural disasters in eastern and rural Oregon, and voted against unaffordable, unnecessary taxes.

There's more work to be done. As your senator, my priorities are to:

Protect agriculture and natural resources. Enhance efforts in the preservation of water, ranching, timber and farming, and strengthen support for agriculture, natural resources, tourism and more that keep our communities beautiful and thriving.

Improve our economy. Increasing collaboration with state and local government agencies, remove and prevent unnecessary regulatory restrictions and other barriers related to economic development. Identify viable opportunities for local job growth, innovation and economic development.

Collaborate and communicate. Maintain open communication to make sure your needs and your priorities are being heard and represented so we can find real solutions to Oregon's largest problems together.

I'm honored that hundreds of Oregonians and organizations like the **Oregon Farm Bureau Federation** and **Oregon Right to Life PAC** have endorsed me. I hope to earn your support so we can work together and put Oregon on the path to a stronger future.

ABOUT VIKKI BREESE IVERSON

I am a 5th generation rancher from Prineville. The Breese Family has been ranching in Prineville since the mid-1800's; raising bulls, cattle, sheep, hay and wheat crops through the years. Growing up, I was very active on the ranch, in 4-H and FFA as well as in her community. My husband, Bryan, and I are raising our two sons, Brit and Alex, on the same ranch and enjoy instilling the same love of the land, community and work ethic I experienced as a young adult. We own and operate several businesses in Prineville including Windermere Real Estate, Iverson Media, Prineville Beef Company and Foundry Four Coffee & Spirits.

FIGHTING FOR RURAL OREGON

I will continue to stand up for our Traditional Oregon Values which we all share in rural Oregon. In our recent legislative session, I fought against cap and trade legislation, anti 2nd amendment bills and was a strong voice as the legislative body discussed how water impacts our life. Wildfires present a real threat to our quality of life. I will continue to work on positive reforms to how we manage our forests.

Occupational Background: State Representative, Technology Small Business Owner

Educational Background: Oregon State University: BA in Business Administration; Minors in Economics & German

Prior Governmental Experience: Serving his second term as State Representative for HD 56.

Family: Married 28 years; one son.

E. Werner Reschke has excelled in serving his communities as State Representative. He stands for the principles of life, liberty and the pursuit of happiness. Werner champions free-market business, excellence in education and second amendment rights. He advocates for working families, job creation and fights to reduce wasteful spending. Werner is one of three honorary state chairs for President Trump's re-election campaign.

2019 Legislative Accomplishments

Werner was successful in passing legislation to make Sky Lakes Medical Center providers eligible for Oregon's Rural Medical Tax Credit. He ensured Klamath County School District retained its small high school funding. Werner passed legislation for high speed broadband internet to reach Merrill and Malin. Werner worked with key legislators to pass a bill lowering licensing barriers for military spouses, and he co-sponsored legislation allowing Community Colleges to offer 4-year applied baccalaureate degrees.

2020 Session Success

Werner was an integral part of the Republican effort to prevent Cap & Trade from passing without a vote from the people. Cap & Trade would have been detrimental to rural Oregon's economy with an imperceptible impact on climate. Cap & Trade gave unprecedented power to unelected bureaucrats. Werner believes the job of State Representative is to work all means necessary, within the bounds of the Constitution, to influence policy, protect and benefit the people of southern Klamath & Lake Counties.

Thank you for the honor to serve as state representative. Our communities need an advocate who understands our values and the challenges we face, and who will make sure opportunities become realities.

I am 100% pro-life, pro-second amendment, pro-freedom of speech and against cap and trade. I'm thankful to be endorsed by the **Oregon Farm Bureau Federation and Oregon Right to Life PAC.**

My number one job and priority is being your voice in Salem.

Our focus needs to be on **protecting and strengthening our sustainable positions** in farming, ranching, logging and mining while looking for opportunities for economic development. By supporting multiple use lands with responsible management, we can preserve and enhance our natural resources and public lands.

Oregon's kids are our future—they deserve the very best we can give them. We need to fully-fund education with adequate, stable, and accountable dollars, and demand results from our education system. I support educational choice and increased focus for career technical education, trades, and post-secondary education, particularly by increasing investments into these industries in eastern and rural Oregon.

State agencies and elected officials **need to be held accountable** for their decisions and fulfill their obligations made to citizens and local governments across Eastern Oregon—it is time for us not to be left behind.

As state representative for House District 60, I will listen, and I will lead with a clear vision for our future and with the strong values that make our community and state such a great place to live. With your vote and your support, I will continue to be our voice in Salem.

Educational Background: Vale High School, TVCC; Ricks

Prior Governmental Experience: President of the Oregon Water Resources Congress; Chairman of the Vale School District Board; Precinct Committee Person of Malheur County Republican Party

For almost my entire life, I've had the privilege of living in Malheur County. My parents raised me and my nine brothers and sisters in Vale. I raised my family here and am proud to be an active member of our community. As an avid hunter and fisherman, Malheur County has allowed me the opportunity to share the outdoors with my children and grandchildren. These are just a few reasons of why I care so much about this community.

Our county's future is bright, but we may miss opportunities if our leaders aren't making wise decisions that reflect our way of life. Farming and ranching are the backbone of our community and water is the bedrock of those industries. As manager of the Vale Irrigation District, President of the Oregon Water Resources Congress, and current State Watermaster for Malheur County, few have a greater understanding of the vital role water plays as the lifeblood of our county. I have the work, life, community experience and appreciation to help guide our county in making the most of our natural resources and can help our county both grow and thrive. I believe in openness and transparent governing. I will make sure citizens of Malheur County are given a voice and that our way of life is not forgotten by the other side of the state.

As a devoted husband, father and grandfather, I am so grateful to have raised my family in this area. If given the opportunity to serve, I will do my best to drive economic growth, bring in quality jobs, and use my experience in water to bring prosperity to our county.

President

Joseph R Biden

Democrat

Occupation: Candidate for President of the United States

Occupational Background: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009)

Educational Background: University of Delaware, Syracuse University College of Law

Prior Governmental Experience: 47th Vice President of the United States (2009-2017); U.S. Senator from the State of Delaware (1973-2009); New Castle County Council (1970-1973)

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The stakes in this election couldn't be higher.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Bernie Sanders

Democrat

Occupation: United States Senator from Vermont

Occupational Background: Bernie worked as a carpenter and documentary filmmaker before being elected Mayor of Burlington.

Educational Background: Bernie attended Brooklyn College and the University of Chicago, where he was a leader in the fight against housing discrimination.

Prior Governmental Experience: Senator Bernie Sanders served Vermont in the House of Representatives for 16 years, and in 2018 he was re-elected to his third term in the U.S. Senate. He first ran for President in 2016, and together with millions of people, started a political revolution.

I am running for president as part of an unprecedented grassroots campaign to not only take back the White House, but to build a movement to finally make the progressive change we need.

Our campaign is about taking on the powerful special interests that dominate our economic and political life, including Wall Street, health insurance corporations, the fossil fuel industry, the military industrial complex, and the private prison industry. Our campaign is building a movement to end racism, sexism, homophobia, religious bigotry and all forms of discrimination. Our campaign is about the humane and just treatment of immigrants. Our campaign is about transforming our country and creating a government based on the principles of economic, social, racial and environmental justice. Our campaign is about creating a government and an economy that work for the many, not just the few. Our campaign is about guaranteeing health care as a human right.

Make no mistake about it. Special interests with extreme wealth have unbelievable power and they want to maintain the status quo. The only way we will win this election and create a government and economy that work for all is with a grassroots movement - the likes of which has never been seen in American history. They may have the money and power. We have the people.

And together we will defeat Donald Trump.

Submitted**Occupation:** U.S. Senator**Occupational Background:** Law Professor - Harvard Law School, University of Pennsylvania, University of Texas at Austin, University of Houston et al.**Educational Background:** Rutgers University School of Law (JD), University of Houston (BS, Speech Pathology and Audiology)**Prior Governmental Experience:** Special Advisor to President Barack Obama - Consumer Financial Protection Bureau; Chair, Congressional Oversight Panel, TARP.

Elizabeth Warren grew up in Oklahoma on the ragged edge of the middle class. Her dad sold fencing and carpeting at Montgomery Ward, and ended up as a janitor. She has three older brothers who served in the military. When Elizabeth was twelve, her dad suffered a heart attack, putting him out of work. The medical bills piled up and they had lost the family station wagon, when her mom got a minimum wage job answering the phones at Sears. That job saved their home, and it saved their family, but now the minimum wage can't support a mama and a baby.

Elizabeth has spent her career studying why America's middle class has been hollowed out. She fearlessly takes on giant corporate special interests like big banks and credit card companies that cheat consumers and undermine small businesses. She goes after shady for-profit schools that rip off students, veterans, and taxpayers. She relentlessly fights to end the influence of big money in politics. And her plans target California's biggest issues, like investing in affordable housing, fighting climate change, cancelling student loan debt for millions, and creating a pathway to citizenship for families.

Elizabeth got to become a teacher, a law professor, and the senior senator from Massachusetts because America invested in kids like her. She is in this fight to build an America that works for everyone.

Elizabeth and her husband Bruce have been married for 38 years and have three grandchildren and a golden retriever named Bailey.

US Senator**Jeff Merkley**

Democrat

Occupation: U.S. Senator**Occupational Background:** Portland Habitat for Humanity; Pentagon and Congressional Budget Offices; World Affairs Council of Oregon**Educational Background:** David Douglas High School; Stanford; Princeton**Prior Governmental Experience:** State Representative; Oregon House Speaker

The son of a union mechanic, Jeff attended public schools, was the first in his family to go to college and still lives in the same blue collar neighborhood he grew up in. He never needs to be reminded who he's fighting for.

But the fights keep getting harder, because the privileged and powerful have rigged our economy and democracy to enrich themselves. Here's how we fix it:

Take on political corruption so the people are in charge – Put an end to dark money, partisan gerrymandering, and voter suppression.

Create good-paying jobs – Build modern infrastructure and rural broadband, nurture manufacturing, end tax breaks for corporations that ship jobs overseas.

Invest in thriving families – End the outrageous gouging on drug prices, tackle the mental health crisis, and provide seamless coverage for everyone. Massively increase affordable housing. Lower class sizes and make college debt-free.

Meet the climate chaos challenge – Rapidly build a renewable energy economy with union labor to quickly stop carbon pollution. Re-assert US leadership to make sure other countries step up to meet this global emergency.

Create opportunity in all of Oregon – Jeff fights for all of Oregon, delivering dredging for coastal ports, disaster assistance for farmers and ranchers, and investments in rural broadband; saving rural post offices; and catalyzing collaborative solutions to timber and water challenges to create jobs and improve ecosystems.

From exposing Trump's evil policy of locking kids in cages, ending Wall Street's worst predatory mortgages, introducing the Equality Act to outlaw LGBTQ discrimination, Jeff never shies away from taking on the powerful to deliver opportunity, justice, and a brighter future for all.

Community College 1 year

Prior Governmental Experience: Political Strategist for Party
15 years

John Holm will be an Employee of the People: My name is John Paul Holm, and I am running for U.S. Congress, representing Oregon District 2. Why? Because our public "servants" in Washington only seem to serve their own interests. I firmly believe that it is you, the citizens of this great country, who are in charge.

I've long felt the call of public service. Greg Walden's adherence to the GOP's unbridled self-interest and failure to lead has left a representation gap in rural Oregon. Someone must step up and fill that gap, and that someone is me.

- **Supporting Business to Raising Wages:** Hard-working Oregonians are the engine that keeps our country competitive, and you deserve better. As your representative, I'll listen to you and fight for everyone, including women and all historically underserved populations. I support:
 - A Living Wage
 - Workers' Rights
 - Small Businesses
 - New Jobs & Industry
 - Equal Pay
- **Affordable Healthcare:** It is crucial that all Oregonians have access to quality affordable medical services. It's time to end our "Sick Care" that forces too many Oregonians to decide between groceries or medicine. I support:
 - Coverage for All
 - Public Option
 - No Pre-existing Condition Restrictions
 - Women's Rights
- **Education:** A better educated populace will make Oregon a better place to live. Education is a human right, and not a privilege. I support:
 - Accessible, Affordable Lifelong Education
 - Reduce Student Debt
 - Higher Teacher Pay
 - Training for Tomorrow, Today
 - Early Childhood Education
- **Honoring our Veterans:** It's time that we truly care for the brave individuals who have served our great nation. Instead of empty promises, I will work tirelessly for:
 - Free Prescriptions
 - Access to Housing
 - Keeping Promises
 - Smarter Use of the Military

We are at a tipping point. Our planet, as we know it, is dying. Our economy only works for Monopolies. People can't find good paying jobs or affordable housing...our government is not representing the people.

My experience, and growing up on a small farm outside of Medford, uniquely qualifies me to represent the interests of the everyday person in district two.

We need systemic change to strengthen our democracy: getting big money out of politics, working around the Electoral College via the National Popular Vote initiative, and restoring voter rights protections.

We need Medicare for All, so that people don't go bankrupt or die due to lack of money. My plan does not add any new taxes for any individual making under \$200,000/yr. I would raise taxes on higher incomes to 1940's rates. Medical, dental, and vision will be covered with no premiums, co-pays or deductibles.

We need a Green New Deal to create good paying, sustainable jobs, and re-training and assistance for those displaced by new technology. \$1 spent on infrastructure = \$2 in economic growth. We need to repair our roads, bridges, water/septic, schools, and power grids.

I see solar on every roof, majestic windmills on our hillsides, electric high-speed rail, and high-speed internet for all. I see us on 100% sustainable energy and Energy Independence by 2035.

I say, be a proud Democrat. Heck, be a proud American! We are not perfect, but as we have done throughout our history, sometimes all too slowly, sometimes taking steps back before going forward again, we will progress for the rights of women, those with physical or mental disabilities, and people of minority races, sexual preference and sexual identity...for our physical, mental, spiritual, and economic health. And, we will make a hard left turn to save the planet we live on.

- Comprehensive Healthcare that benefits everyone from head-to-toe.
- Pharmaceutical policy-allowing everyone the medicine they need-while providing care that prevents addiction-supporting those who have become addicted.
- Common Sense gun responsibility-securing everyone's rights, while securing everyone's safety. Expanding DMV licensure to include gun handling-inviting the NRA and others to provide realistic gun safety classes to prepare gun owners for licensure.
- Effective, realistic, and humane migration policies that support our changing and aging community.
- An embrative water policy that secures clean, cold, and healthy water to sustain and restore our fish population. A security that will ensure there is enough water to irrigate our farms and provide safe and abundant drinking water for our families. When our fish and farms are healthy, our families will be healthy.

Why I want to fight for you. I believe in family values. The family values I believe in are respect and justice for all, Medicare for All, racial justice, equal rights for women and LGBTQ rights. I will fight to end family separation of immigrants and for a living wage for all Americans. I will fight for policies that stop or reverse our Climate Emergency. America and Oregon need to be prepared to save our planet and environment for our children and grandchildren. I am an Independent thinker and will fight for these family values as a Democrat for Oregon Congressional District 2.

For far too long our Congress has consisted of millionaires. The Center for Responsible Politics did a study of 534 members from Congress from 2012 and found that over half had a net worth of \$1 million or more. The median net worth of House members was \$896,000. The net worth for Senators was \$2.5 million. These members don't represent the interest of working class Americans. In a time when corporations are bringing in record profits the average American and Oregonian workers are struggling to get by.

- Former Secretary of State and Governor Barbara Roberts

Mom. Civil Rights Attorney. Fighter.

Growing up poor in rural Oregon, Dufur and The Dalles, opportunity seemed out of reach. Oregon’s public schools changed that. I’ve worked every day to deliver for the Oregonians who have given me so much.

As State Representative and Senator, I have:

- **Increased investment in our public schools,**
- **Raised wages and passed paid family leave,**
- **Made housing and healthcare more affordable, and**
- **Expanded voting rights.**

While Oregon has made progress, Trump’s attacks on working people, foreign governments attacking our democracy, and Republican politicians walking out on the Oregonians they represent is putting opportunity out of reach for too many.

Oregon’s next Secretary of State will face challenges unlike any we’ve seen. She must be prepared to fight threats to our democracy today and build defenses against those of tomorrow.

I’m ready.

As your Secretary of State, I will protect the integrity of:

- **Our elections,** ensuring **every vote counts**, every voter has faith that it does, and elected leaders show up for work and honor your votes.
- **Our public records,** closing the **“secret ballot” loophole** in Salem and making government transparent and accountable.
- **Our public investments,** using audits to ensure public services serve marginalized communities and mitigate climate change’s impact.

Since 2001, Tom Balmer has served on Oregon's Supreme Court with distinction, exhibiting fairness, intelligence, and an extraordinary work ethic.

In 2012, Tom Balmer's colleagues on the Supreme Court showed their confidence in his judgment, leadership, and legal skills by selecting him to serve as Chief Justice for a six-year term. In that role, he led the Oregon courts through a difficult budget climate by carefully managing limited resources, adopting technology innovations, and improving court efficiency.

He has tried jury cases, argued before the U.S. Supreme Court, advised individuals and business clients on a wide variety of matters, and counseled elected and government leaders on constitutional and public law. As Deputy Attorney General, he argued criminal, election, and constitutional law cases in Oregon and federal courts.

Although the Oregon Constitution states that judges are to be elected by the voters of this state, such voters are routinely relegated to the role of a rubber stamp. As judicial vacancies occur, the governor unilaterally fills them by appointment. Such appointed judges thereafter gain the advantage of incumbency and rarely, if ever, face an election opponent.

Every current Oregon Supreme Court judge got there by means of gubernatorial appointment. Five of those seven judges have now been appointed by one person -- the current governor. If the Position 1 incumbent is re-elected and then resigns mid-term (as anticipated), the governor will be afforded yet another opportunity to unilaterally hand-pick a replacement.

Oregonians deserve a judiciary that functions in an independent and non-partisan manner. Sadly, however, the prevailing process for picking judges provides little reassurance in that regard.

Van Pounds offers voters a voice for positive reform, as well as a meaningful choice for judge. He will continue to be an ardent advocate for improvement of the judicial selection and retention processes -- to promote greater transparency and to reduce the likelihood of undue partisan political influence.

Consistent with the Code of Judicial Conduct, **Van Pounds** pledges to perform the duties of judicial office diligently, fairly and impartially, and in accordance with the rule of law. He welcomes your vote.

"Thoughtful"

–Oregon Supreme Court, 11/13/15

"Incorruptible"

–Eugene Register-Guard, 4/26/18

In a time when our nation faces grave threats to democracy and the rule of law, our courts must be open and accountable to the people. That's why I'm running for the Court of Appeals.

I'm running because I believe that judges should explain their decisions. Right now they don't. In most cases, the Court of Appeals "affirms without opinion." That means the judges give no explanation whatsoever for their ruling.

They do it in easy cases. They do it in hard cases. Big cases and small cases. Cases where they think the lower court was right. Cases where they think the lower court was wrong. Sometimes they even do it by mistake.

The Court of Appeals affects all of us. It decides when the police can pull you over. What you're owed if you're hurt on the job. Whether the state can take away your children. Many people lose their liberty, their livelihood, or their family, without ever being told why.

Oregon deserves better. Many other courts give at least one or two sentences to explain each of their rulings. Our court can do at least that much. That would let everyone know why the court did what it did—and keep the court accountable.

We can make it happen. As a public defender, I've represented hundreds of individuals before the Court of Appeals. In any of their cases, a single judge could make the court explain its ruling. With your support, I will be that judge.

I can't promise you'll agree with every decision I make. No judge could make that promise. But I will explain every decision I make. No other candidate will do that.

Jim Carpenter

Nonpartisan

Occupation: Grant County District Attorney (2015-Present)

Occupational Background: Civil Litigator (2000-2014)

Educational Background: Southern Oregon State

College; South Texas College of Law

Prior Governmental Experience: District Attorney; Justice Court Pro-tem; Court appointed arbitrator

Jim Carpenter has resided in Grant County, on and off, since 1972. Growing up, his family was supported by timber dollars, from Edward Hines Lumber, John Day Lumber, and finally Grant Western Lumber.

Jim and Angel Carpenter will celebrate their 30th anniversary in June. After completing their college educations, they returned to Grant County to raise their four boys, Zack, Kyle, Daniel and Will.

Jim understands the history and culture of Harney/Grant counties and the hard-working people who choose to live here. He knows that most of us can't afford to be tied up in a lengthy expensive legal proceeding.

Jim has the knowledge and experience to resolve lawsuits involving contracts, boundary lines, water issues, divorce, wills and estates, etc.

Jim rejects the idea that every time a law is broken, society is guilty rather than the lawbreaker. He will work to restore the American precept that each individual is accountable for his/her actions. He will:

- Uphold the Constitution
- Protect the 2nd Amendment
- Limit government overreach
- Protect the rights of victims
- Protect children
- Protect the public from those unwilling to change

Jim recognizes that people will change when the pain of the problem becomes worse than the pain of the solution. Sentencing must account for the humanity, dignity and demonstrated willingness to change of every person.

Jim has maintained conservative ideals and values throughout his life. He has not changed his words, ideals or values to obtain political office. One such value is to be fair and considerate of each individual, including those whose ideals and values are different than his.

Jim is the only candidate that has never been affiliated with any political party. He is also the **only** candidate that has not contributed money directly to Gov. Kate Brown.

I ask for your vote for me to continue to serve as the Baker
County District Attorney.

I am an experienced prosecutor. I returned to Eastern Oregon
after graduating from law school. I worked as a deputy dis-
trict attorney in Wallowa County and then in Union County for
over seven years. The last two years in Union County I served
as the Chief Deputy District Attorney supervising the other
attorneys in the office. Since December 2019, I have served
as the Baker County District Attorney. Throughout my career,
I have handled a wide range of cases including domestic
violence, sexual abuse, manslaughter, and murder.

My family has deep roots in Baker County. I grew up in Baker
City and am a 2003 graduate of Baker High School. I served
a two-year mission for The Church of Jesus Christ of Latter-
day Saints in Brazil from 2004-2006. My wife and I have been
married for 13 years and we have four children ages 11, 8, 5,

District Attorney, Harney County

Tim Beaubien

Nonpartisan

Occupation: Attorney
Occupational Background: Attorney, including criminal law, civil law, juvenile law, and family law.
Educational Background:

Juris Doctor, Notre Dame Law School; B.A., University of Notre Dame; Treasure Valley Community College; Burns High School Class of 2002.

Prior Governmental Experience: Harney County Treatment Court; Ada County Public Defender's Office (Legal Extern); Harney County Teen Court; Grant/Harney Bar Association (President).

Aggressive on serious crime:

There are too many recent examples of weak justice when a fighting DA in the office would have handled the case differently. Too many police investigations into serious crimes haven't resulted in charges being filed. Although I would never charge a crime without probable cause, I will not abandon victims by refusing to try difficult-to-win cases to boost my win-loss record.

One size doesn't fit all:

Individualized case assessment is paramount to my job as your DA, and to ensuring the safety of our communities. I don't want to see government ruin someone's life over a victimless crime. Many people who go through our court system are good people who exercised poor judgment and made a mistake. I support pretrial programs for qualifying offenders, with intensive supervision and rehabilitation to change lives and prevent future crime.

I'll place less emphasis on processing cases to get convictions and more on seeking results for real Harney County problems. The punishment needs to fit the person as well as the crime, and the benefit to Harney County of imposing a particular sentence needs to outweigh the drain on resources. As your DA, I will be open to negotiating guilty pleas and listening to the rest of the story before summoning a jury and witnesses to trial.

Committed to protecting victims and the community:

Four generations of Beaubiens have called Harney County home. Protecting the Constitution and our community is my top priority. Expect the best possible representation and hold me accountable for my leadership and my results as your District Attorney.

COMMUNITY INVOLVEMENT

- Burns High School Assistant Cross Country Coach

An effective District Attorney requires more than just a law degree. The people of Harney County deserve a District Attorney who efficiently performs the constitutional functions of the office with:

- Dedication
- Integrity
- Fairness
- Effectiveness
- Experience
- Leadership

I devote my legal career to upholding the constitution to make communities safer, holding criminals accountable and standing up for victim's rights. I am a dedicated career prosecutor, with proven experience. I prosecuted over 1900 criminal cases and presented over 200 jury trials ranging from misdemeanors to complex felonies. My work and involvement has a positive effect on people's lives and the community in which we live. My effectiveness was recognized when awarded the 2015 *Outstanding Prosecutor* award by the Oregon High Intensity Drug Trafficking Area Program and Oregon Narcotics Enforcement Association.

To be successful, law enforcement must work as a team. I possess the leadership skills to work with fellow dedicated law enforcement to achieve justice. I look forward to building on progress made, while setting new goals and standards for the law enforcement community. I will continue to work closely with law enforcement to provide advice for keeping our community safe while protecting the constitutional rights of our citizens.

Harney County is my home and I ask for your vote so I can continue to work hard to make our community safer as your next District Attorney.

District Attorney, Lake County

Ted K Martin

Nonpartisan

Occupation: Lake County
District Attorney

Occupational Background:
Attorney

Educational Background: AA
Oregon Institute of Technology,
BS Oregon State University, JD Willamette

Prior Governmental Experience: none

We are a nation of laws. The overriding principals are liberty and justice. I feel strongly that our liberty should only be infringed by government to the extent necessary for our safety. That is an individual should have liberty to live their lives as they please as long as not hurting someone else. Our Constitutions provide the framework for our interactions with government. The arm of government that most of us will, at some point, interact with is our police force. It is important to me that our liberties remain intact as we pursue safety.

The DA must seek Justice. There are many decisions that honestly are difficult. Justice can seem hard to achieve within our legal framework. At some point the DA needs to decide what outcome can be achieved that will best give us all Justice. This is such an important idea to me that Justice is literally our youngest son's middle name.

When I came here in July there was a backlog of cases. I have done my best to try and deal with the cases that have lingered for years while being responsive to new matters. This remains a challenge. As has been changing from representing children to being a prosecutor.

I am thankful to have gotten the opportunity to serve the people of Lake County and hope to be given the opportunity to continue doing so. It has been an adventure starting with a call from a friend, a trip to Salem when I was the only one in the building (it seemed) either wearing red or from Eastern Oregon, culminating in writing this statement. Being here has allowed me to meet many truly special people that I would not have otherwise known.

I hope that you allow me to continue as your DA.

There truly is no other place I would rather be, and that feeling is what inspires me to run for office. I believe that the Board of Commissioners has a need for someone with the energy, enthusiasm, and attention to detail that I have proven to possess. County Commissioner, Baker County, Position 1

Bruce Nichols

Nonpartisan

Occupation: Baker County Commissioner, Certified Public Accountant (CPA)

Occupational Background: Baker County Commissioner, CPA, United States Air Force

Educational Background: BS Business & Economics, Eastern Oregon State College (now EOU)

Prior Governmental Experience: County Commissioner, Governmental, Non-Profit, and Private Business Auditing, Governmental Budgeting, Managing, and Consulting

As a current county commissioner and CPA, I believe I am well suited for managing the business of Baker County. My government and private business experience coupled with fiscally conservative management will serve Baker County well. The commissioner position requires strong leadership and a well-managed team approach striving to reach common goals.

My years of experience working with government agencies and agricultural land owners gives me the insight that agriculture, timber, and tourism are the backbone of Eastern Oregon's fragile economy. Baker county needs to expand its opportunities with small businesses and mid-sized manufacturing businesses. I will continue to encourage state, county and city officials to reduce unnecessary restrictions and costs on businesses in order to help establish a stronger small business economy.

The key to successful business and industry is the availability of a quality workforce. A quality workforce requires sound educational opportunities that lead to career type jobs capable of supporting a growing family. I strongly support continued partnering with regional community colleges, adult and high school education programs that specifically target the needs of our businesses and the citizenry of Eastern Oregon.

I will continue to be an advocate for:

- Fiscal responsibility, economic development, use of our natural resources, additional irrigation water storage, and water quality.
- Proper management of our public lands including open access, roads, timber management, mineral utilization, livestock grazing, wildlife and scenic beauty.
- Veterans, law enforcement, health care, and our senior citizens.
- Partnering with federal, state, and local governments to achieve common goals.
- Respect for other's points of view.

County Judge, Crook County

Seth Crawford

Nonpartisan

Occupation: Crook County Judge

Occupational Background: Realtor

Educational Background: Graduate, University of Oregon

Prior Governmental Experience: Crook County Commissioner

Husband of Susan, Father of Chloe, Reagan, and Landon

Four years ago, I ran for Crook County Judge promising that: I would advocate for our community and you; I would hear you, and do what I could to help; and I knew many of the things that you cared about, because we talked about them at businesses and events around Crook County. You put your faith in me, and trusted our County Court to manage the County.

The first decision that Jerry and I made was to appoint a replacement County Commissioner. We believed we found the right man in Brian Barney. Two years later you let us know you agreed, by electing him to a four year term. Working with Jerry and Brian has been a blessing. They are honorable men, with high integrity. I've learned a lot from them, and think we make a great team.

We don't always agree on everything, but all three of us love Crook County and want to do what's right for all of you. It keeps us together, even when we disagree.

You want better paying local jobs, and companies that respect their employees. You want a say in how our natural resources are managed and harvested. You want our Second Amendment Rights protected, because guns in Crook County are tools, not something for politicians to take away. You want responsible government that removes barriers to private sector growth, not a government that intrudes in people's homes, or competes with the private sector.

Those are our priorities too. We are working hard for you.

I believe in Crook County, past and present, our future is bright. With your help, advice, and vote, I will continue to represent you as Crook County Judge. Thank you for all that you do for our community.

Kristen Shelman

Nonpartisan

Occupation: Harney County Commissioner; Livestock Producer

Occupational Background: Livestock, Agriculture Industry, Geological Mapping Assistant, Livestock Auction Team

Educational Background: B.S. Geology, BYU-Idaho

Prior Governmental Experience: Silvies River Charter School Board

Our livestock, agricultural, and natural resource communities aren't just the backbone of our community, they are the heart of it. As a producer who understands the unique challenges of agriculture and living in a rural community, it's a priority for me to sustain and respect our economic drivers, lands, and culture. By supporting and protecting natural resources, we can strengthen and support our community's needs.

Open for opportunity

We have economic resources, but sometimes regulations and red tape get in the way. I will work with our county government, local businesses, and citizens to find innovative ways to support our economy and provide opportunities for local job creation, more affordable housing, support for our kids, and schools, and more.

Leadership and solutions

Our county faces important decisions on a daily basis, whether that's our budget, improving infrastructure, or addressing land use and water issues. These are serious challenges that need serious solutions. I believe our best path forward is to work together to address these challenges so we can sustain our county and build a brighter future for us all. I will encourage open dialog and more inclusivity between our county government and citizens to make this happen.

In it together

We have a lot to be proud of in Harney County and we play a vital role in the beauty and strength of our state. But our greatest asset is our citizens-people like you and me who are committed day-in and day-out to making sure this is the best place to live, work, play and raise a family. As a rancher, mother, wife, and your neighbor, I want those same things. As your commissioner, I am committed to reaching that vision.

I am asking for your trust, your support and your vote this May.
