Oregon State Planning Board Records Guide

Record Series Descriptions

Mapping Records

1934-1939

Box 21

.7 cubicfoot

Arrangement: Alphabetical by subject or function

Series documents the work of the Oregon State Planning Board to research and publish maps and basic data, mostly for use in conjunction with other research projects. Records include maps, correspondence, minutes, surveys, inventories, tables, graphs, charts, and reports.

Topics include aerial photography, mapping priorities, range and grazing lands, and various subjects associated with ongoing research projects such as the Willamette Valley Project and the Tri-County Study. Many of the maps and related resources are viewable as PDF images in the Appendix section of this guide.
