## Record Series Descriptions

### Highway Development Records

1935-1939

Box 17

.45 cubic foot

Arrangement:Alphabetical by subject or function

Series documents the research and recommendations of the Oregon State Planning Board concerning the development of highways in Oregon. Records include correspondence, maps, resolutions, legislation, proposals, black and white photographs, reports, questionnaires, and minutes.

Topics include mine to market roads; highway development along the Columbia River Gorge, Wilson River, and Wolf Creek from Portland to the coast; legislation against billboards and other "scenic nuisances;" the definition of natural beauty concerning highways; and the protection of roadsides including the limitation of roadside logging.
