Eligibility Requirements

To be eligible for initial certificate of registration or license, a person must meet the requirements in sections (1) through (6) of this rule:

(1) The person must submit a complete and accurate application on a form provided by the board.

(2)(a) The person must hold the degree described in sub-section (b) of this section from a college or university accredited by a credentialing body recognized by the board. For an initial certificate of registration only, the person may hold the degree described in sub-section (b)(A) of this section from a college or university accredited by or considered in candidacy status by a credentialing body recognized by the board. The Council on Social Work Education and the Canadian Association for Social Work Education are recognized by the Board. The Board accepts determinations of equivalency of foreign degrees by the Council on Social Work Education’s International Social Work Degree Recognition and Evaluation Service. Submission of proof of foreign degree equivalency and cost of the foreign degree equivalency determination are the responsibility of the applicant.

(b)(A) The degree required for initial registration is a baccalaureate degree in social work.

(B) The degree required for initial licensure is a master’s degree in social work.

(3) The person must be fit to practice social work in Oregon. The board uses the following standard and procedure to make a fitness determination:

(a) To be fit to practice social work in Oregon, the person must have demonstrated and must currently have:

(A) Good moral character. For purposes of this rule, lack of “good moral character” may be established by reference to acts or conduct which would cause a reasonable person to have substantial doubts about the individual’s honesty, fairness, and respect for the rights of others and for the laws of the state and the nation. The conduct or acts in question should be rationally connected to the applicant’s fitness to practice social work; and

(B) A personal history of conduct that is consistent with the standards contained in division 30 of this chapter of rules.

(b) In the event the person’s history includes conduct that may call into question the person’s fitness, the board will consider, if made available by the person, the amount of time elapsed since the conduct and the person’s relevant conduct since the questioned conduct, including remedial or compensatory actions taken by the person, if appropriate.

(4) The person must be fit to practice social work in Oregon. In making this fitness determination, the board will consider whether the person is subject of an investigation or disciplinary action by a licensing board and the reasons for the action.

(5) The person must pass the following examination administered by the Association of Social Work Boards:

(a) For registration as a baccalaureate social worker, the bachelor’s level examination.

(b) For licensure as a master’s social worker, the master’s level examination.

(6) The person must achieve a score of 90 percent on the examination on the Oregon statutes and rules prepared by the board on:

(a) The contents of ORS 675.510 to 675.600 and OAR chapter 877, which are the Oregon statutes and administrative rules governing regulated social work.

(b) Oregon Revised Statutes relating to mental health practice that may be relevant to regulated social work.

(7) In the case of an application submitted to the board prior to January 1, 2013, the requirement in section (5) of this rule to pass a test is not applicable. An application mailed to the board is considered submitted on the date the application is postmarked if it is subsequently received by the board.

(8) In the case of an application submitted to the board by a Clinical Social Work Associate who applies for Licensed Master’s Social Worker licensure after having completed 75 hours of supervision required in OAR 877-020-0010(3)(b)(A), the requirement in section (5)(b) of this rule to pass a test is not applicable.

(2) No complaint pending. If no complaint is pending at the time an offer to surrender is received by the board, the board may accept the surrender and void the certificate or license.

(3) Complaint pending:

(a) If a complaint is pending at the time an offer to surrender is received by the board, or after the board has initiated disciplinary action, the offer to surrender may be accepted by the board. The board may make acceptance of the offer to surrender contingent upon terms of a final order in a contested case.

(b) If the surrender is required by a final order in a contested case, the final order may specify whether and under what conditions

the holder of the certificate or license may apply for a new certificate or license and may attach conditions that restrict the use of the certificate or license.

Reissuance of Certificate of Registration

(1) Following a voluntary surrender under OAR 877-015-0131, the board may issue a new certificate of registration or license if:

(a) The applicant submits a letter to the board explaining the reasons for returning to practice as a regulated social worker;

(b) The board approves the applicant’s proposal to demonstrate competence to hold the certificate of registration. The plan may involve participation in continuing education programs; and

(c) The applicant takes and passes the examination described in OAR 877-015-0108(6) on Oregon statutes and rules.

(2) If the board accepts a voluntary surrender after a complaint was filed with the board against the holder while the complaint is pending, the board may issue the certificate of registration or license under conditions that take into account the circumstances of the surrender and may attach conditions to the registration or licensure, including conditions contained in a final order if one was served in connection with the surrender. The board will not reinstate a certificate of registration or license that has been surrendered. A person who surrenders a certificate of registration or license may apply for a new certificate of registration three years after the date the surrender was accepted by the board.

(3) If the board revokes or refuses to renew a certificate of registration or license, other than for the holder’s failure to timely apply for renewal, the former holder may reapply for a new license at the expiration of three years from the time it was revoked. The board may issue a new certificate of registration or license upon finding the applicant is fit to practice social work and otherwise meets the requirements for registration or licensure and may attach conditions to the registration or licensure, including conditions contained in a final order if one was served in connection with the revocation.

Inactive Status

(1) Upon written request and certification by a baccalaureate social worker or a master’s social worker who plans not to practice as a regulated social worker in Oregon for an extended period of time, the board may place a certificate or license in inactive status.

(2) A baccalaureate social worker or master’s social worker whose certificate or license is in inactive status is subject to the requirements imposed on baccalaureate social workers or master’s social workers except for the requirement to submit annual reports of continuing education.

(3) At the time a request to be placed on inactive status is submitted, the person making the request must be current on the fees required by OAR 877-001-0020. At the time of the request, and at the time of each renewal of the certificate or license while it is inactive, the baccalaureate social worker or master’s social worker must certify on a form provided by the board that the baccalaureate social worker or master’s social worker will not use a title that indicates the person has an authorization to practice regulates social work while the certificate or license is inactive.

(3) The holder must pass the examination on Oregon statutes and rules described in OAR 877-015-0108 if the request to return to active status is received by the board more than 36 months after the board notified the holder that the certificate or license was inactive.

CRIMINAL RECORDS CHECK

877-022-0005

Requirements Pertaining to Criminal Records Check

(1) A person who wishes to be registered, certified, or licensed under this chapter must meet the fitness requirements of OAR 877-015-0108 or 877-020-0008, as applicable. As part of a fitness determination, the board considers past conduct, including conduct that resulted in a criminal conviction, that is related to a person's honesty, or is related to the practice of social work. The purpose of this rule is to implement ORS 181.534(9) and provide for criminal records checks by the board. The results of criminal records checks

are used by the board to determine fitness to be a regulated social worker.

(2) The following persons must, upon request of the board, take the steps necessary to complete a request for a state or nationwide criminal records check under ORS 181.534:

- (a) A person who applies to be a regulated social worker.

(3) To complete the request for criminal records, the board may require the person to:

- (a) Provide information necessary to obtain the criminal records check.
- (b) Provide fingerprints on forms made available by the board.
- (c) Pay the actual cost to the board of conducting the criminal records check.

(4) In reviewing the information obtained from a criminal records check, the board may consider:

(a) Any criminal conviction and related information a court could consider in imposing a punishment, in compliance with ORS 670.280

(b) Any arrests and records related to any crime that may be indicative of a person's inability to perform as a regulated social worker with care and safety to the public.

(5) Fitness determination. In deciding whether an individual is fit to hold an authorization to practice regulated social work, the board may consider:

- (a) A criminal records background check.
- (b) False statements made by the individual regarding criminal history of the individual.

(c) A refusal to submit or consent to a criminal records check including fingerprint identification.

(d) Other pertinent information obtained as part of an investigation.

(6) The board may make a fitness determination conditional upon the individual's acceptance of probation, conditions, limitations, or other restrictions upon becoming a regulated social worker. In the process followed by the board for making a fitness determination, the following apply:

(a) A person identified in section (2) of this rule who makes a false statement regarding the person's criminal history is unfit and subject to denial of an application for an authorization to practice regulated social work or to disciplinary action authorized in ORS 675.510 to 675.990, including denial of the application.

(b) If a person identified in section (2) of this rule refuses to consent to a criminal records check or refuses to be fingerprinted, the board will revoke the person's authorization to practice regulated social work or, in the case of an applicant, will consider the application incomplete.

(c) For all fitness determinations not covered by subsection (a) or (b) of this section, the board will consider, at a minimum, the following:

(A) The nature of the crime of which the person has been convicted or indicted;

(B) The facts that support the conviction or pending indictment or that indicate the making of the false statement;

(C) The relevancy, if any, of the crime or the false statement to the specific requirements of the person's present or proposed position as a holder of an authorization to practice regulated social work; and

(D) Intervening circumstances relevant to the responsibilities and circumstances of the position as a holder of an authorization to practice regulated social work. Intervening circumstances include but are not limited to the following factors with respect to a crime of which the person has been convicted:

- (i) The length of time since the commission of the crime;
- (ii) The age of the subject individual at the time of the crime;
- (iii) The likelihood of a repetition of an offense or of the commission of another crime;
- (iv) The subsequent commission of another relevant crime;

(v) Whether the conviction was set aside and the legal effect of setting aside the conviction; and

(vi) A recommendation of an employer who employed the person after the conviction.

(E) Other relevant information.

(7) Protection of information:

(a) Information obtained by the board in carrying out its responsibilities under this rule is considered part of the investigation of an applicant or licensee and is confidential under ORS 676.175.

(b) Criminal offender information obtained from the Law Enforcement Data System must be handled in accordance with the applicable requirements in ORS Chapter 181 and OAR chapter 257, division 15.

(8) The board will permit the person for whom a fingerprint-based criminal records check is conducted to inspect the individual's own state and national criminal offender records in the possession of the board and, if requested by the applicant, provide the individual with a copy of those records.

(9) Challenges to the accuracy or completeness of information provided by the Oregon Department of State Police, the Federal Bureau of Investigation, or an agency reporting information to the Oregon Department of State Police or Federal Bureau of Investigation must be made through the Oregon Department of State Police, Federal Bureau of Investigation, or the reporting agency and not to the board.

(10) A person against whom disciplinary action is taken by the board on the basis of information obtained as the result of a criminal records check conducted pursuant to this rule is entitled to notice and hearing in accordance with the provisions for contested cases in ORS Chapter 183.

Required Hours of Continued Education

(1) Generally.

(a) A regulated social worker is required to report continuing education for all periods during which the person's registration or license is active except for the period covered by the initial certificate of registration or license, unless a waiver is granted under section (2) of this rule. An initial issuance is the first issuance of the board of a certificate of registration or license to the regulated social worker.

(b) Following the first renewal of a certificate of registration or license, except when the regulated social worker is on inactive status, the regulated social worker must complete continuing education in each reporting period at the times described in OAR 877-025-0021. The holder of an inactive certificate of registration or license is not required to submit the biennial report.

(c) A report covering a two-year period must include:

(A) For a registered baccalaureate social worker, a minimum of 20 hours of creditable continuing education, including a minimum of 6 hours of ethics.

(B) For a master's social worker, a minimum of 30 hours of creditable continuing education, including a minimum of 6 hours of ethics.

(C) For a licensed clinical social worker, a minimum of 40 hours of creditable continuing education, including a minimum of 6 hours of ethics. A licensed clinical social worker who reports more than 40 hours for a two-year reporting period or 20 for a one-year reporting period may carry over the excess hours to the next required report. No more than 10 hours may be carried over to the next reporting period.

(d) In a report that covers a shorter period than two years, as may happen in the case of the first report by a new regulated social worker or following the reactivation of a registration or license, the number of hours required by sub-section (c) of this section is prorated.

(2) Waiver of requirement.

(a) Upon timely written request of a regulated social worker, made as soon as the regulated social worker is aware of the possible need for a waiver, the board may reduce the number of hours required by section (1) of this rule in the event the regulated social worker is unable, due to circumstances beyond the reasonable control of the [licensee] regulated social worker, to complete the number of hours of continued education required by this division of rules.

(b) A reduction authorized by the board would normally reflect the regulated social worker's ability to attend training

during the time not affected by the adverse circumstances leading to the request. For instance, a regulated social worker unaffected by the adverse circumstance during the first year of a two-year reporting period would be expected to obtain 20 hours of credit.

(c) Examples of circumstances that may justify a waiver are:

(A) A circumstance beyond the reasonable control of the regulated social worker makes it impracticable to attend training for an extended time.

(B) The health of the regulated social worker or of another person makes it impracticable to attend training for an extended time.

Reporting Requirements

(1) Regulated social workers must report the completion of continuing education every two years in a manner prescribed by the board. The report must be made at the time the regulated social worker submits an application to renew a certificate or license except that in the case of a licensed clinical social worker.

(a) A licensee whose license number ends with an odd number must submit the report with an application for renewal effective in an odd-numbered year.

(b) A licensee whose license number ends with an even number must submit the report with an application for renewal effective in an even-numbered year.

(2) The report is part of the renewal application and must contain information sufficient to demonstrate that the regulated social worker has met the requirements in this division of rules. A regulated social worker who fails to meet the requirements is subject to a denial of the application for renewal or to sanction by the board unless the failure was due to circumstances beyond the reasonable control of the regulated social worker and the regulated social worker agrees to a plan to compensate for the deficiency.

(3) The Board conducts routine, random audits of compliance with continuing education requirements. A regulated social worker must retain completion certificates, program information, and other documents needed to demonstrate compliance with the requirements of this division of rules for a minimum of 24 months after reporting completion of continuing education requirements to the board and must provide them to the Board upon request.

(e) Regulated social workers may not provide professional social-work services to an employee, supervisee, close colleague, or relative, or to any other person if there is a risk that providing the service would impair the regulated social worker's judgment or increase risk of client exploitation.

(f) Regulated social workers may not enter into an employer, supervisor, or any other relationship if there is a potential for exercising undue influence on a client. This includes the sale of services or goods in a manner that might exploit a client for the financial gain or personal gratification of the regulated social worker or a third party, or if there is a risk that such a relationship would be likely to impair the regulated social worker's judgment and increase the risk of client exploitation. This applies both to current clients and to those to whom the regulated social worker has, at any time in the previous year, rendered services as a regulated social worker.

(g) Regulated social workers may not, under any circumstances, engage in or solicit sexual acts or engage in any conduct, verbal behavior or other communication with or towards a client that may reasonably be interpreted as sexual, seductive or sexually demeaning. (8) Regulated social workers may withdraw professional social-work services precipitously only under unusual circumstances, giving careful consideration to all factors in the situation and taking care to minimize possible adverse effect. Regulated social workers in fee-for-service settings may terminate services to clients who are not paying an overdue balance if the client does not pose an imminent danger to self or others; if the financial arrangements have been made clear to the client; and if the clinical and other consequences of nonpayment have been addressed and discussed with the client.

(9) Regulated social workers who anticipate the termination or interruption of service to clients must notify those clients promptly and provide for transfer, referral, or continuation of service in relation to the client's needs and preferences.

(10) Regulated social workers may not violate the legal rights of their clients.

(11) When a regulated social worker must act on behalf of a client who has been adjudged legally incompetent, the regulated social worker must safeguard the interests and rights of that client.

(13) Except as permitted in ORS 675.580 and 40.250, regulated social workers must respect the privacy of clients and hold in confidence information obtained in the course of professional contact between client and the regulated social worker.

(14) Information received by a regulated social worker from a potential client at the point of initial contact must be treated with the same respect for privacy as that of information received from a client.

(15) Regulated social workers must inform clients fully about the limits of confidentiality requirements.

(16) Access to records:

(a) Regulated social workers must provide clients reasonable access to records concerning them and should take due care to protect the confidences of others contained in those records. Client access to their own records should be restricted only in exceptional circumstances when there is compelling evidence that access would cause harm to the client. Regulated social workers who are concerned that client access to their own records could cause serious misunderstanding or harm to the client should assist the client in interpreting the records. Both the client's request and the rationale for withholding some or all of the record should be documented by the regulated social worker in the case file.

(b) The provisions of sub-section (a) of this section do not apply in the case of a request for a public record.

(c) The provisions of sub-section (a) of this section do not apply in the case of regulated social worker who practices within an agency.

(17) Regulated social workers must obtain informed consent from clients before taping, recording, or permitting third party observation of their activities.

(18) Regulated social workers, when making reports, must obtain a release of confidentiality and shall avoid undue invasion of privacy by only presenting patient data pertinent to the purpose of the report.

(19) Fees. Regulated social workers in fee-for-service settings may charge reasonable fees and must inform clients of the fee arrangement before providing services.

(20) Regulated social workers may not solicit the clients of colleagues.

Management of Complaints

(1) The board intends to provide fair, expeditious response to complaints.

(2) A board member who is unable to render an impartial, objective decision regarding a complaint must abstain from participating in the preparation, hearing, deliberation and disposition of the complaint. An abstention is effective at the time a board member announces a decision not to participate.

(3) A board member who is a complainant or respondent in a complaint is disqualified from participating in the preparation, hearing, deliberation and disposition of the complaint.

(4) The board may initiate a complaint.

(5) The Consumer Protection Committee oversees investigations of complaints received by the board. The committee may conduct investigations, prepare reports, require evaluations, and negotiate proposed agreements and may perform other duties prescribed by the board. In carrying out these duties, the committee may assign to the board's staff the duties of conducting investigations and preparing reports. Subject to the approval of the committee, the board Executive Director may assist in negotiating a proposed agreement with a respondent.

(6) If the complainant is a client or former client of the respondent, the complainant must sign a waiver of confidentiality granting the board and its counsel access to records and other materials that are the ethical and legal responsibility of the respondent. Refusal by a complainant to comply with this requirement may result in the dismissal of the complaint.
