(2) No licensee may race any greyhound in Oregon unless it has been housed in a kennel licensed by the ORC or unless the kennel owner agrees in writing to submit to warrantless searches of the kennel premises and grounds.

**Types of Licenses**

(1) Every person, in order to obtain and maintain his/her qualifications for any license held by him/her, shall attest to the knowledge of the rules and statutes, including all amendments.

(2) Each person described below must have a valid license issued by the commission before participating in or beginning employment at a licensed race meet:

(a) A race meet license is required of any person or corporation who conducts pari-mutuel racing.

(b) A horse owner's license is required of every person who is shown as an owner or lessee on the horse's registration papers or foal certificate, of every person who has a right to receive any share of a purse of a horse racing in Oregon, of any lessor of any horse racing in Oregon regardless of whether that person receives any share of the purses won by the leased horse(s), and of every person who owns or operates a stable which races horses in a licensed race meet in Oregon, and any person who has a right to receive any part of a stable owner's share of a purse of a horse racing in Oregon. However, a licensed employee of a stable may receive, as part of the employee's compensation, a percentage of the stable's earnings without having a horse owner's license and without being shown on the registration papers. The stable owner must disclose the employees' percentage to the commission in writing prior to any payment to the employees. A spouse of an owner does not need to be licensed unless the spouse's name appears on the horse's registration papers or foal certificate. No person is eligible for a horse owner's license unless the person has an officially documented ownership interest in a racehorse unless otherwise approved by the stewards.

(A) Licenses are personal in nature and expire upon the death of the licensee, and therefore are void and without effect as a prerequisite for the entry of a horse.

(d) A greyhound owner's license is required of every person who is shown as an owner and/or lessor on the greyhound's NGA registration papers, and of every person who has a right to receive any share of a purse of a greyhound racing in Oregon, except kennel owners and their employees who are licensed in Oregon. A spouse of an owner does not need to be licensed unless the spouse's name appears on the greyhound's NGA registration papers. If two or more individuals are listed on the greyhound's registration papers using the disjunctive (e.g. John Jones "or" Sam Smith) each indi-

vidual is shown as an owner or lessee and each individual must be licensed.

(e) A kennel owner's license is required of every person who owns or operates a kennel which races greyhounds in a licensed race meet in Oregon, and any person other than a licensed greyhound owner who has a right to receive part of a kennel owner's share of a purse of a greyhound racing in Oregon. However, a licensed employee of a kennel may receive, as part of the employee's compensation, a percentage of the kennel's earnings without having a kennel owner's license and without being shown on the NGA papers. The kennel owner licensee must disclose the employee's percentage to the commission in writing prior to any payment to the employee. A kennel owner's license also constitutes a license for the premises where the kennel's greyhounds are housed.

(f) A stable/kennel/assumed name owners license is required if the name appears as an owner on the foal certificate, NGA ownership or registration papers of any animal racing in Oregon.

(g) A trainer's license is required of persons employed by a racing animal owner or stable/kennel to condition and care for racing animals racing in Oregon. A kennel may have only one trainer.

(h) An assistant trainer's license is required of persons who assist trainers. Trainers and assistant trainers must be at least 18 years of age.

(i) Applicants for a greyhound trainer's license or assistant trainer's license, who have not been previously licensed as trainer or assistant trainer in the United States, must pass an examination given by the board of judges to demonstrate they have the knowledge and ability to handle the duties of their position. If such applicant has been licensed as trainer or assistant trainer in the United States previously but not in the last 36 months, the board of judges may require an examination demonstrating the applicant's knowledge and ability to handle the duties of the position. If any applicant fails the examination, the applicant must wait 30 days before reapplying. However, the board of judges may waive the 30 days waiting period for applicants who, in the opinion of the judges, narrowly failed the examination.

(j) Applicants for a horse trainer's license or assistant horse trainer's license may be required to pass a written examination given by the board of stewards to demonstrate they have the knowledge and ability to handle the duties of their position. Any person who has not been licensed as trainer in Oregon may be required to submit to a barn test by a commission veterinarian or a recognized horsemen's association for the breed with which the applicant wishes to work. The stewards shall consider any recommendation received from the commission veterinarian or horsemen's association. Applicants for a trainer's license must have held a license in a backside license category for a period of at least two years and must have the recommendation of at least 3 trainers currently licensed by the commission prior to being granted a trainer's license. Applicants for an assistant trainer's license must have been licensed in a backside license category for a period of at least one year prior to being granted an assistant trainer's license.

(k) A jockey license or apprentice jockey license is required of any person who rides a horse in a race. However, when there is doubt as to a jockey's experience or ability, the stewards may require an applicant for a jockey license or apprentice jockey license to demonstrate the ability to control a horse and to ride in two or more races before a license is issued. Also, the starter may require applicants to satisfactorily demonstrate their ability to control horses out of the gate. Notwithstanding OAR 462-120-0060 the temporary license may be for a period longer than 10 days in order for the stewards to evaluate the applicant's skill. A jockey or apprentice jockey must be at least 16 years of age. All jockeys must pass physical examinations once a year. A physical examination must include but is not limited to a vision test and urine and/or blood tests. The stewards may require that any jockey be reexamined and may refuse to allow any jockey to ride until he/she successfully completes such examination. A physical card or physician's release will be seen as initial proof of such examination; however, the stewards may require additional information on the examination.

(l) An outrider license is required of any employee of the race meet licensee who is stationed on horseback around the track and must be at least 18 years of age.

(m) An exercise rider license is required of any persons, other than licensed jockeys or apprentice jockeys, who exercise or work out horses. An exercise rider must be at least 15 years of age. The stewards may require evidence of competency.

(n) A pony rider license is required of any person who, while on horseback, leads horses to and from the stable area and paddock, or from the paddock to the starting gate. A pony rider must be at least 15 years of age. The stewards may require evidence of competency.

(o) A horseshoer license is required of any person who performs the usual services of a horseshoer on a racecourse. Farriers who have not been previously licensed by the commission must submit an application accompanied by the written recommendation of three trainers who are licensed by the commission, recommendation of the track plat or have a certificate of completion from an approved Farrier school. The recommendations must include a statement that the trainer knows the farrier to be qualified to be licensed as a farrier. All farriers not previously licensed by any racing jurisdiction may be subject to examination as directed by the stewards, prior to licensing.

(p) A groom's license is required of any person not licensed as an assistant trainer who works for a trainer. A groom, upon discontinued employment by a trainer, must surrender their license to security or commission licensing personnel within 10 days, to be returned when employed during the license period. A groom's license is not a freelance license.

(q) At a minimum the president and the vice president of adoption organizations.

(r) A public training track owner's license is required of every person who owns or manages a public training track.

(s) A veterinarian license is required of any veterinarian licensed by the Oregon Veterinary Medical Examining Board who performs veterinary services on a racecourse. A current copy of that license must be on file with the commission licensing office.

(t) A valet license is required of every person who assists or attends jockeys in the jockey room or saddling paddock.

(u) A morning line odds maker's license is required of any person employed or used by the race meet licensee to establish the final morning line odds in the daily racing program.

(v) Each owner, officer, director and all employees of the race meet licensee and its contractees must be licensed by the Oregon Racing Commission except:

(A) Contractees who perform most of their principal functions away from the racecourse such as certified accountants, attorneys, insurance brokers, advertising agents and other similar contractors.

(B) Other contractors or individuals designated by the commission.

(w) A vendor's license is required of any person who solicits the sale of goods or services (used to feed, care for, or equip racing animals) to racing animal owners, stable/kennel owners or trainers on a racecourse. Vendors must have a list of products they sell attached to the license application and a current copy of all state permits and licenses to dispense such products. Any changes must be approved by the commission veterinarian and/or stewards/judges.

(x) An authorized agent's license is required of authorized agents. A licensed owner may register an authorized agent by filing an application of authorized agent with the commission and by paying the fee set by the commission. No person shall be registered as an authorized agent who is ineligible for a license. An authorized agent may act for the registering owner as set forth in the application form. No authorized agent may sign on behalf of any owner the certificate of registration for any racing animal in the absence of a valid power of attorney authorizing such signature. A person may be an authorized agent for only one kennel.

(y) A public kennel owner's license is required of any person who rents or leases kennel space to more than one other person who is licensed to race greyhounds in Oregon. A public kennel owner's license also constitutes a license for the premises where the racing greyhounds are housed.

(z) A jockey agent's license is required of any person who makes engagements for or manages a jockey.

(aa) All racing officials and their assistants shall be licensed under the name of their official position.

(bb) An Oregon greyhound farm.

(cc) Compliance Officer(s).

(3) Working members of the media who are not employed by a race meet licensee do not need to be licensed in order to enter restricted areas. However, they must display a current valid "press" badge at all times when in a restricted area. Prior approval must be obtained from the stewards/judges or office of the race meet licensee during non-race time, and they must be escorted by a race meet licensee representative while in the restricted area.

#### License Application Procedures; Requirements for Corporations and Partnerships; Stable/Kennel/Assumed Name

(1) License applications shall be made on forms furnished by the commission. An application is not complete until the application form has been filled out completely and signed by the applicant, the proper fee has been paid, and the applicant has submitted all documentation and information reasonably requested by the board of stewards/judges or the commission. An oral interview may be required in a particular case. Fingerprints may be required of all applicants whose fingerprints are not already on file with the commission, and updated fingerprints may be required on a case-by-case basis. In the case of a corporation or partnership, fingerprints may be required from the authorized agent and any other individual shareholder or owner the commission or its designated representative may deem appropriate. All licensees are required to maintain current information regarding themselves on file with the Oregon Racing Commission, including but not limited to their current address, telephone number and any information regarding rulings, arrests or convictions. The commission will send all forms of written communications, including notices, to the address the licensee has on file with the commission.

(2) The application must show the true name of the applicant, and must also disclose any other name used by the applicant during the past 10 years. An application for an owner's license must identify the true names of all other persons who have any ownership interest, leasehold interest, or other investment in any of the applicant's racing animal(s) which will be racing in Oregon. Greyhound owners must identify the name of the kennel out of which the applicants greyhounds will be racing in Oregon. All applicants should be aware that Oregon law prohibits any person from conducting business in Oregon under an assumed name or under any name other than the real and true name of each person conducting the business or having an interest therein, unless the assumed name is registered with the Office of the Secretary of State. Refer to ORS 648.010(1).

(3) The fee for the first category of licensure is \$10.00 per year. Any person who is required to be licensed under more than one category of license must indicate the desired categories on the application form and pay an additional fee of \$2 per year for each additional category. All licenses shall be for a three year period or the remaining portion of a three year period, and shall expire on June 30 every three years. The license fee shall be the annual fee for each category in which the person is licensed, multiplied by three years. If a person is licensed for any part of a fiscal year (July 1 through June 30), the entire annual fee is due for that year. A kennel owner who owns greyhounds and also leases greyhounds from other owners must be licensed as a greyhound owner and as a kennel owner.

(4) Dual licenses may be denied if, in the opinion of the stewards/judges or commission, there is a conflict of interest in holding more than one license.

(a) When an applicant applies for a license in more than one occupation, the stewards/judges or the commission shall consider whether the holding of such multiple licensing creates a conflict of interest (such as, but not limited to, a sudden change in ownership to immediate family members or a change in ownership without ade-

quate consideration). If such appearance is created, the multiple license may be denied.

(b) The following dual licenses shall be prohibited:

(A) A person licensed as a jockey shall not be licensed in any other capacity.

(B) A person licensed as an owner shall not be licensed as a jockey agent, nor shall any person licensed as a jockey agent be licensed as an owner.

(C) A person licensed as a race track owner or operator or as a racing official shall not be licensed in another capacity during the race meeting which the person owns or operates or at which that person is serving as a racing official, except as provided in OAR 462-140-0180(6).

(D) A person licensed by the commission as a veterinarian shall not be licensed as an owner or trainer.

(c) A holder of a groom's license may be a hot walker. A trainer or an assistant trainer may also perform the duties of a groom or hot walker. An owner may also groom or hot walk only the horse(s) he/she owns. However, except for those license categories specifically mentioned herein, no licensee shall act in any capacity other than that for which he/she is licensed. Thus, for example:

(A) A pony person may not exercise horses if not licensed as an exercise rider.

(B) A groom may not perform the duties of a trainer if not licensed as a trainer.

(C) A trainer may not pony or exercise a horse if not licensed as a pony person or an exercise person.

(5) Application fees are not refundable after the commission begins to process the application, even if the license is denied (except race meet licensees, as provided by statute), or a portion of the license is unused.

(6) All corporations, limited partnerships, partnerships and other entities (except natural persons) which apply for licenses shall attach to the application as applicable:

(a) A document, signed by the president and secretary of the corporation, listing the true name and address of all officers, directors, shareholders, general partners, limited partners, and other persons having a legal or beneficial interest in the horse, stable or other business sought to be licensed, and identifying the nature and amount of each person's interest; and

(b) For corporations, a copy of the certificate of incorporation, an affidavit signed by the president indicating whether any officer, director, or stockholder has been ruled off, denied a license, or is under suspension by any official body of any racing jurisdiction, and a written agreement to notify the commission within 30 days after there has been a change in any officer, director, or stockholder; or

(c) For partnerships, a copy of the written partnership agreement, an affidavit signed by a general partner indicating whether any partner has been ruled off, denied a license, or is under suspension by any official body of any racing jurisdiction, and a written agreement to notify the commission within 30 days after there has been a change in any partner. Persons who do not have a written partnership agreement may not be licensed under the partnership name; instead, each person must be individually licensed under his/her own name; and

(d) For claiming purposes, all corporations must have an authorized agent, who may be a corporate officer, and all partnerships and licensed stables must either designate an authorized agent to sign claim forms (who may be one of the partners) or else all partners must sign the claim form.

(7) All licensees, in accepting a license, or any person introducing an animal onto the confines of any racecourse, training track or facility upon or within which racing animals are housed, are considered to have granted permission to Oregon Racing Commission veterinarian, investigators, members of the board of judges/stewards, to enter upon those premises for the purpose of inspection to determine if those premises are suitable for the housing of animals, and to determine the health, safety and physical conditions of any animals contained therein.

(2) No owner may race under a stable name unless the stable is licensed by the commission. A person may own or have an interest in horses which race out of different stables so long as all ownership interests are disclosed in writing to the commission and the race office. If two or more horses from different stables have any common ownership, they must be coupled. (3) When applying for a stable name license, the applicant must disclose the identities of all persons having an interest in the stable.

(4) In order to change the name of a stable, without changing the ownership interest of the stable, a person must apply for a new stable name license.

(6) If a corporation is involved in the ownership of a stable, the corporation must be in compliance with the rules covering corporations.

(7) The stable name shall be carried on the official program.

##### Assumed Names

(1) The commission will not license an assumed name if the NAPRA and/or ARCI registry shows that someone else has already registered that name or a name which is so similar that it could mislead the public, if the name is the real name of any racing animal owner, or the name is determined by the stewards/judges to be detrimental to the best interests of racing.

(2) No owner may race under an assumed name unless the name is licensed by the commission. A person may own or have an interest in racing animals which race out of different stables/kennels so long as all ownership interests are disclosed in writing to the commission and the race office. If two or more horses from different stables have any common ownership, they must be coupled. A person may not use his or her real name if the person has a licensed stable/assumed name and wholly owns the horses in the stable.

(3) When applying for an assumed name license, the applicant must disclose the identities of all persons having an interest in the assumed name.

(4) In order to change the assumed name, without changing the ownership interest of the name, a person must apply for a new assumed name license.

(5) If a partnership with a written agreement is involved in the ownership of an assumed name the rules covering partnerships must be complied with.

##### Renewals; Reapplications; Duplicates; Change of Ownership

(1) Renewals. An application for renewal of a license is timely if a completed application is received by the commission within 12 months of the expiration date of the expired license, or before the person participates, whichever occurs first. The renewal fee is \$30.00 for the first category and \$6.00 for each additional category. If a renewal application is not received by the commission in a timely manner the applicant must apply as a new applicant.

(2) Reapplication. Any person who has had a license application denied by the commission or stewards/judges must wait at least six months before reapplying for that category of license.

(3) Duplicates. If a license is lost or destroyed, the licensee must apply for a duplicate license by submitting to the commission a sworn statement explaining in detail the circumstances of the loss or destruction, and by payment of an amount equal to \$5.00 per year for the remaining number of years left in the original license's term.)

(4) Change of Ownership.

(a) After a greyhound has started in an official race in a race meet in Oregon, no change of ownership or leases between kennels will be permitted until the race meet is concluded, except in extraordinary circumstances with prior approval of the commission; however, a change of true ownership may, with the approval of the board of judges, occur during the race meet. Under extraordinary circumstances a dog owner may move a greyhound lease relationship from its current kennel to another booked kennel with approval from the board of judges.

(b) After a horse has been registered with the racing secretary, it may not be transferred (unless claimed during the race meet) without permission of the stewards. A notarized bill of sale from the reg-

istered owner is required before the stewards will give permission for the change of ownership, unless a commission official witnesses the signing of the bill of sale. The share of a part owner of any horse may not be sold or assigned without the consent of the other owners. The commission and/or stewards may declare ineligible to race any horse for which the ownership or control is in question. No ownership change shall be made after scratch time for a race in which the horse is entered except as the discretion of the board of stewards.

(5) Change of Trainer.

(a) Before a kennel owner may change trainers, the kennel owner or authorized representative must submit a completed "Change of Trainer" request on forms furnished by the commission, and must obtain the approval of the board of judges. When a new trainer is needed immediately, the procedure set forth in OAR 462-140-0420(4) may be followed first. Afterwards, a "Change of Trainer" request form must be promptly submitted.

(b) A horse owner who wishes to change a trainer must notify the racing secretary, obtain a "Change of Trainer" form, fill out the form completely and have it signed by the stewards. Upon receipt of the completed and signed form by the racing secretary, the former trainer shall not be given any further access to the horse's papers. No trainer change shall be made after the horse is entered into a race.

(c) If an owner has horses with more than one trainer at a race meet, the owner must notify the race office and the stewards prior to the horses being entered into a race.

##### Where and When License Valid; Restricted Areas; Use and Display of License

(1) Where License Valid. A license issued to a participant in a race meet for greyhounds is only valid at greyhound racecourses unless validated at a horse track. A license issued to a participant in a race meet for horses is only valid at horse racecourses unless validated at a greyhound track.

(2) When License May Be Used. Licensees shall use their license to enter a restricted area only when necessary to perform duties as a participant in a race meet. Any licensee who is employed by or is an authorized agent for a racing animal owner, stable/kennel owner, trainer or race meet licensee, shall promptly surrender their license to the commission upon termination of their employment or agent relationship. The commission shall keep the license until the license expires or until the licensee is again employed as a participant in a race meet.

(3) Restricted Area, Unauthorized Area. No one may enter a restricted area without a displayed current license issued by the commission, except commission members or employees, media representatives, and guests displaying a guest pass duly issued by the commission. No person (including licensee) may enter an unauthorized area without a proper credential or license or permission of the stewards/judges. Guests must be accompanied by security personnel, a commission employee or representative, or a representative of the race meet licensee. For stable/kennel area only: The race meet licensee may develop a guest pass system, approved by the executive director, to allow licensed participants to register guests to the area. The licensed participant is responsible for the actions of the guest and must accompany the guest around the area.

(4) Possession and Display of License. Licensees who enter a racecourse must carry their license with them at all times and must show the license to any racing official upon request. Licensees who enter any restricted area shall at all times have displayed on their person, with photo visible, their commission license. All guests in a restricted area shall display their guest pass at all times. Guests are not permitted to perform work functions.

(5) Protection of License. Licensees must take all reasonable precautions to safeguard their license, to prevent the license from being lost, misplaced or stolen. No licensee shall allow any other person to use the licensee's license for any purpose whatsoever. Licenses are not transferable.

##### Additional Grounds for Refusing a License

In addition to the specific licensing criteria listed in ORS 462.075:

(1) An application by a corporation may be denied if any officer, director, or stockholder could be denied a license.

(2) An application by a partnership may be denied if any general or limited partner could be denied a license.

(3) The commission may refuse to license or may suspend the license of anyone who accumulates unpaid obligations, or defaults in obligations, or otherwise displays financial irresponsibility in connection with the feeding, care, maintenance, training, equipment, and racing of racing animals. Financial irresponsibility as used in this rule means the debtor obligation has been reduced to judgment and remains unsatisfied, or the licensee does not dispute the obligations and the obligations remain unpaid. No licensee shall willfully and deliberately fail or refuse to pay any monies when due for any service, supplies or fees connected with their operations as a licensee; nor shall a licensee falsely deny any such amount due or the validity of the complaint thereof with the purpose of hindering or delaying the payment of the debt or defrauding the person to whom the indebtedness is due. All sales of horses, on a run out or winnings payments or any other payment plan, must be in writing and notarized. No licensee shall write, issue, make or present any check in payment for any license fee, fine, nomination or entry fee or other fees, or for any service or supplies when such licensee knows or should reasonably know that the said check will be refused for payment by the bank upon which it is written, or that the account upon which the check is written does not contain sufficient funds for payment of the said check, or that the check is a stop payment check or is written on a closed account or a nonexistent account. The fact that such a check is returned to the payee by the bank as refused, constitutes a rebuttable presumption for a finding of financial irresponsibility.

(a) The judges/stewards, being duly notified in writing of financial irresponsibility by a licensee, shall conduct an investigation into the matter, including but not limited to a hearing and if the result of such investigation or hearing clearly shows a licensee to be financially irresponsible and remiss concerning his/hers just debts as provided in this section of this rule, the judges/stewards may impose such ruling as may be consistent with the circumstances in conformity with the best interests of racing.

(b) Financial irresponsibility as used in this section of this rule means the debt or obligation has been reduced to judgement and remains unsatisfied or the licensee does not dispute the obligation and the obligation remains unpaid.

(4) To obtain or renew a license of a person involved in a drug and/or alcohol related arrest, or violation, or has tested positive for drugs and/or alcohol within the past 5 years, the applicant may be required to produce a negative urine test and/or sign a testing agreement.

##### Granting Race Meet Licenses for Both Classes of Racing to the Same Licensee or Location

(1) If a single entity owns more than one race course in the State of Oregon and if those race courses are for more than one class of racing as defined in ORS 462.040(1), the applicant may be granted licenses for more than one class of racing only if the commission finds that there would be no negative impact on existing race meet licensees in the county where the application for the race meet license is made if the license is granted.

(2) If applications are made to hold more than one class of racing on the same race course, track or location, the applicant may be granted licenses for both classes of racing only if the commission finds that there would be no negative impact on existing race meet licensees in the county where the application for the race meet license is made if the license is granted.

(3)(a) Alcohol Consumption: No licensee while on the grounds in any restricted area of any place under the jurisdiction of the commission shall have a blood alcohol content by weight of .08 percent or more as shown by analysis of the breath. No jockey or racing official, when acting in their official capacity, shall have a blood alcohol content by weight of .01 percent or more as shown by analysis of the breath. Acting with reasonable suspicion, the stewards/judges or a designated racing commission representative may direct any licensee observed in a restricted area or any racing official acting in their capacity to submit to a breathalyzer test or to submit a urine specimen for analysis. Such licensee shall when so directed submit to such examination. If the result of the test shows a percentage higher than permitted, or if the person refuses to be tested, or if the specimen was adulterated as reported by the laboratory, the person may be fined or suspended for a period not to exceed 30 days and further discipline may be imposed as described in this rule.

(b) Drugs/Controlled Substances: No licensee within any place under the jurisdiction of the racing commission shall have in the licensee's body any controlled substance or drug listed in Schedules I through V of 21 USC Section 812 except for a drug which was obtained or taken pursuant to a valid legal written prescription or

order from a licensed physician acting in the course of the physician's professional conduct and which is produced by the licensee upon request. Acting with reasonable suspicion, the stewards/judges or a designated racing commission representative may direct any licensee to deliver in the presence of a steward/judge or the commission representative a sample of urine for laboratory analysis. If obtainable, sufficient specimen should be taken to provide a split sample at the licensees' request. Testing of the split sample will be at the licensees' expense. Acting with reasonable suspicion that the licensee is impaired, the stewards/judges or the commission representative may prohibit the licensee from participating in any racing activity until the result of the laboratory test is received. If the test is positive and no valid prescription is produced, or if the licensee refuses to be tested, or if the specimen was adulterated, the licensee may be suspended and further discipline may be imposed as described in this rule.

(c) Alcohol and Controlled Substance Testing Expense: Except for split samples, laboratory analysis will be performed at the racing commission's expense, unless pursuant to a prior order of the stewards/judges or commission reinstating the licensee, or the person produced an adulterated specimen, in which case retesting may be performed only after the person pays the cost of the first test to the commission.

(d) Sanctions for Alcohol or Controlled Substance Violations:

(i) A licensee's first violation shall result in a suspension for not less than 30 days, however, reinstatement shall not occur until the licensee has been evaluated by, and a written report received from a drug counselor certified by the State of Oregon and who is approved in advance by the commission or stewards/judges. The report must explain whether or not the licensee is addicted, is likely to unlawfully distribute drugs or alcohol to others, or is likely to be a danger to licensee or others if allowed to participate in racing. If any of those contingencies are answered in the affirmative, reinstatement shall not occur until the licensee presents documented proof of completion of an appropriate certified rehabilitation program approved in advance by the commission. Reinstatement is also subject to licensee producing at licensee's expense, a negative test from a laboratory approved in advance by the commission, and also subject to licensee agreeing in writing to submit urine specimens at the request of the stewards/judges or designated racing commission representative for not less than five years, or until no longer licensed.

(ii) A licensee's second violation within five years of the first violation shall result in an indefinite suspension, but in no case less than six months, and reinstatement shall not occur until the licensee completes all of the contingencies listed above in subsection (i).

(iii) A licensee's third violation within seven years of the second violation shall result in a 365-day suspension by the stewards/judges and immediate referral to the commission for consideration of exclusion and/or revocation of the license. The stewards/judges may not reinstate the licensee unless the laboratory analysis was proven to be incorrect or a fraud was perpetrated resulting in a mistaken judgment by the stewards/judges.

(e) Knowledge of a person's voluntary and active participation in an approved rehabilitation program will not constitute grounds for "reasonable suspicion" under this rule.

(4) Any licensee who violates any provision of ORS chapter 462 or any rule adopted thereunder is subject to further discipline by the board of stewards/judges, up to the limits imposed by law, and also is subject to further discipline by the racing commission, including suspension, revocation, civil penalties, exclusion, probation, and such other discipline as may be appropriate in the case. An applicant may be refused a license for any conduct which could constitute grounds for suspension or revocation, and a license may be revoked if it is determined that the applicant could have been refused a license if the true facts were known at the time the license was issued. Whenever a licensed trainer or assistant trainer is suspended, the stewards/judges have the commission's authority to also exclude him or her. Any other licensee or non-licensee who, in the opinion of the stewards/judges, should be subject to exclusion shall be referred to the commission for its decision on the matter.

(5) When grounds exist for suspension of a license, the stewards/judges or commission may also impose other appropriate sanc-

tions including, but not limited to, forfeiture of purse, return of prizes, ruling off, or forbidding entry of racing animals.

(6) When a license is suspended, it may be suspended for all categories licensed, including reciprocity suspensions.

(7) Ejection. The race meet licensee may eject any person from the race course for any reasons and in any manner that is not contrary to law. The race meet licensee shall notify the commission within 24 hours of any ejection or arrest occurring on the racecourse, including the details thereof.

(8) All licensees shall report any known irregularities or wrong doings by any person immediately to a commission employee and cooperate in subsequent investigations.

##### Reciprocity Suspension

The board of stewards/judges or the commission shall suspend, prior to any hearing, the license of any person whose license is currently suspended by an official body of another state or country for violation of the racing laws or regulations of that jurisdiction. However, at the time the board of stewards/judges or commission issues a suspension order, the licensee shall be promptly notified of the right to request a commission hearing to contest the suspension.

##### Informal Stewards/Judges' Hearing

The board of stewards/judges, at their discretion, may hold an informal hearing with a licensee and any other appropriate persons in order to discuss an alleged or apparent violation of the statutes or rules of racing by the licensee. Oral notice to the licensee is sufficient to commence an informal hearing. After the hearing, no sanction or penalty may be imposed by the stewards/judges unless all affected parties agree to it.

##### Formal Stewards/Judges' Hearing

(1) If the board of stewards/judges has reason to believe that a violation has occurred, they may hold a formal hearing after providing written notice to the licensee. The written notice shall:

(a) Cite the statutes or rules which were allegedly violated.

(b) Briefly describe the time, place, and nature of the alleged violation(s).

(c) Identify the type of penalty or sanction which may be imposed.

(d) Specify the time and place of the hearing, at least three calendar days after service of the notice excluding Saturdays, Sundays, and legal holidays, unless all parties agree to an earlier time.

(e) State that the licensee may be represented by a lawyer.

(f) Be personally served within the timeline set forth in OAR 462-130-0040(1)(d) or mailed by first class mail to the current address on file for the licensee at least ten days prior to the hearing.

(2) The licensee may waive the right to a formal stewards/judges' hearing. Upon receipt of a written waiver, the penalty or sanctions imposed by the stewards/judges will go into effect as indicated in the notice. The licensee may still appeal the matter to the commission for a formal commission hearing, and for good cause may request that the commission stay the stewards'/judges' penalty pending the commission hearing. The commission has discretion whether or not to grant the stay.

(3) If the licensee does not give a written waiver, the board of stewards/judges shall hold a formal hearing. At least two stewards/judges shall be present. The fact finding portion of the hearing shall be open. The state steward/judge or designee shall preside, and within reason, shall allow all available evidence to be presented, without regard for technical rules of procedure or rules of evidence.

All witnesses must testify under oath. The hearing may be recorded. After hearing the evidence and any closing statements, the stewards/judges may deliberate in private before making a decision. The stewards/judges shall announce their decision orally in open session. The decision then shall be put in the form of a written order either dismissing the charges, finding the licensee guilty of violation, or referring the case for a formal commission hearing or a combination thereof. If the licensee is found guilty of a violation, the order shall:

(a) Identify the licensee by name, address and license classification.

(b) Identify the specific statutes or rules violated.

(c) Set forth the findings of fact which establish the violation(s).

(d) Indicate the penalty or sanctions to be imposed, and when they are to go into effect.

(e) Inform the licensee of the right to appeal to the commission and to request a stay pending appeal as provided in OAR 462-130-0050.

(4) Copies of the order shall be delivered to each party. Thereafter, copies shall be sent to the commission and NAPRA and/or ARCI, posted in a designated area at the racecourse for a period of two racing days. Fines must be paid within ten calendar days of the date of service.

(5) Any licensee who fails to appear before the stewards/judges after having been given notice by the stewards/judges, a racing official, or an investigator of the commission, in accordance with these rules or by any ruling or order which has been issued and published directing such appearance, may be suspended and the case may be referred to the commission. Failure to appear in response to such order shall be a separate cause for disciplinary action.

##### Appeal to the Commission; Stay Pending Appeal

(1) Any person who is the subject of any order or ruling of the stewards/judges may appeal to the commission for a review of the order or ruling, other than as to the extent of disqualification for a foul in a race. The appeal must be in writing and filed with the commission offices at Portland State Office Building, Suite 310, 800 NE Oregon Street # 11, Portland, Oregon 97232, within ten days from the effective date of the order or ruling unless a different time is expressly specified. Any appeal concerning the board of stewards/judges decision regarding a claim of foul or inquiry must be filed with the commission offices at the Portland State Office Building, Suite 310, 800 NE Oregon Street # 11, Portland, Oregon 97232, within 72 hours of the action or inaction which provides the basis of the appeal. The appeal must be signed by the appealing party and shall set forth clearly and concisely the following information:

(a) The order, ruling, or decision to be reviewed and the date thereof.

(b) The specific acts or failure to act which gave cause to the appeal and the dates thereof.

(c) The reasons for the appeal.

(d) The address to which any notices from the commission may be mailed to the appealing party.

(2) An appeal from an order or ruling of the stewards/judges to the commission shall not affect such decision until the appeal has been acted upon by the commission, unless otherwise ordered by the commission or by a court of competent jurisdiction.

(3) At the time a licensee submits a written appeal to the commission, the licensee may request in writing that the commission stay the effective date of any penalty or sanction imposed by the stewards. The request should state any good cause that supports the request. The executive director or commissioner in the absence of the executive director may, in his/her discretion, grant the stay for good cause shown.

(4) An appeal may not be withdrawn except with the approval of the executive director.

**462-130-0060****Commission Hearing**

The commission may initiate a formal hearing on its own motion, or shall have a formal hearing held as a result of receipt of an appeal as provided in OAR 462-130-0050 or upon referral from the stewards/judges. Commission hearings shall be conducted in accordance with the Oregon Administrative Procedures Act (ORS chapter 183) and OAR chapter 137. Commission hearings will be de novo, which means the commission will consider anew all evidence and charges against the licensee. Subject to objections which may be made at the hearing, the commission may incorporate all or part of the stewards'/judges' record into its own record. If the commission concludes that a violation occurred, it may order any appropriate penalty or sanction, including but not limited to warning, letter of reprimand, probation, fine, suspension, license revocation, exclusion, or any combination. Final orders of the commission may be appealed to the Oregon Court of Appeals as provided in ORS 183.480.

**462-130-0070****License Reinstatement****(1) Application.**

(a) Any person who was licensed by the commission but whose license was revoked, or whose license was surrendered while under investigation or while pending a disciplinary proceeding, and who desires to become relicensed by the commission must make application for reinstatement by:

(A) Completing a license reinstatement form provided by commission staff, along with a completed license application and fee, and

(B) Otherwise complying with this rule.

(b) The application shall contain sufficient information on its face or on accompanying documents so that the commission may make an informed decision regarding

(A) The applicant's reformation,

(B) The applicant's remorse for the conduct and character deficiencies that caused the disciplinary action,

(C) The applicant's current good moral character,

(D) The applicant's general fitness to engage in the activities required by the type of license, including, without limitation, the licensee's willingness to abide by the statutes, rules, regulations and orders relating to racing in Oregon, and

(E) Whether the applicant's presence in places under the jurisdiction of the commission may be detrimental to the best interests of racing.

**(2) Ineligibility.**

(a) After October 1, 1997, a person will be presumed ineligible for reinstatement of any license if that person's license was revoked or was surrendered while under investigation or pending a disciplinary proceeding, based upon the following allegations:

(A) Fixing or attempting to fix a race on which pari-mutuel gambling was intended to be conducted or attempting to manipulate the odds.

(B) Training any racing animal using a live animal or a dead animal or a part of a live or dead animal as a lure.

(C) Committing animal abuse in the first degree, animal neglect in the first degree, or involvement in animal fighting or in dog fighting, if any such charges are proven by at least a preponderance of the evidence or the person was convicted, plead guilty or entered a no contest plea.

(D) Stealing, extorting or misappropriating money from any source under the direct control of or owned by the commission, or from a race track's money room or extension thereof, or from any race meet account held in trust for another or from any nonprofit organization whose purpose is to benefit members of the racing industry or racing animals.

(E) Committing any misdemeanor or felony person crime if directed against a person who is a commissioner, commission legal counsel, an employee of the commission, or an agent of the commission, racing official or employee of the race meet licensee engaged in that capacity.

(b) No person shall have a license reinstated if the person previously was revoked, then reinstated, then after October 1, 1997, revoked again.

**(3) Procedure.**

(a) An application for reinstatement of license shall not be accepted by commission staff for at least two years after the license has been revoked or surrendered unless a different time period is specified by the commission at the time of the revocation or surrender.

(b) The application shall be filed in the commission office and reviewed and investigated by commission staff. Except for good cause shown, no less than 90 days after receipt of the application, the executive director or designee shall make a recommendation to the commission concerning the applicant's compliance with these rules and whether or not the applicant appears to have met the criteria for reinstatement.

(c) The commission may, but need not, schedule an oral presentation from the applicant or the applicant's legal counsel, or may take testimony from witnesses, in addition to reviewing the application, written documents and the recommendation from staff. If the commission denies the application, it shall comply with ORS 183.435.

(d) The commission will require a greater quantum of evidence to support reinstatement of a license after revocation (or surrender while under investigation or pending a disciplinary process) than is required of initial applicants or for issuance of licenses under other circumstances. The applicant for reinstatement shall have the burden of proving by clear and convincing evidence that the applicant meets the criteria required by this rule and also has the burden of producing evidence in support of the applicant's position. If the applicant produces evidence which meets the burden of proof, and it is not overcome by evidence to the contrary, then the applicant will be reinstated, however, nothing in this rule precludes the commission from issuing a license with conditions attached.

(e) The commission may impose such conditions as, in its judgment, will tend to prevent a recurrence of a situation similar to the applicant's prior problem. The reinstated license may be subject to such conditions for a reasonable period of time considering all the circumstances. If the applicant obeys all laws, rules and the conditions of licensure for the prescribed period of time, the license will be restored fully without conditions. The order granting a conditional license may state that breach of any of the conditions will result in loss of license without the right to a prior hearing.

(4) Criteria. The following factors must be proven to the commission by clear and convincing evidence in favor of the applicant in order to support reinstatement of license:

(a) Applicant has reformed and is now possessed of good moral character. Applicant may meet this burden by proving that applicant is a person who possesses the sense of ethical responsibility and the maturity of character to withstand the many temptations which the applicant will confront in and around the race course and other sites under the jurisdiction of the commission. Stronger proof of good character is required to reinstate a license where a character flaw was earlier established in the case or investigation against the applicant.

(b) Applicant must identify the character flaw which lead to the conduct which resulted in the revocation or surrender of license. Applicant must prove that the character flaw no longer exists or is under control by applicant; i.e., applicant is reformed with respect to the particular flaw.

(c) Applicant must present evidence that his or her presence at places under the jurisdiction of the commission will not be detrimental to the best interests of racing. Many of the other criteria, if met, will tend to prove this factor, but other evidence may be required. If the applicant has performed activities for the public good or for the good of members of the racing community during the time that applicant was not licensed, that is some evidence that applicant's presence may not be detrimental to the best interests of racing.

(d) Applicant acknowledges wrongdoing, has taken responsibility for his or her misconduct, and shows sincere remorse for that misconduct. Evidence that demonstrates that the applicant has not made excuses, has not blamed others and has not criticized the administrative process and the courts and has cooperated in the investigation

which led to the revocation or surrender is the type of evidence that shows acknowledgement of wrongdoing and misconduct; but this list is not exclusive. Evidence of remorse is more subjective and the demeanor of the applicant and any oral testimony or written references of other witnesses generally will be relevant.

(e) If applicable in the particular case, resolution of substance abuse problems, personal financial problems and medical, mental and emotional problems which did or may have contributed to the revocation or surrender. Applicant must show general fitness to perform the functions required by the particular licensed position without substantially altering the nature of the job.

(f) Willingness to pay restitution to those who were injured or victimized by applicant's prior conduct resulting in the disciplinary action, as well as other similar conduct for which applicant is responsible. This criterion is best met by paying restitution that equitably should be paid.

(g) Willingness to comply with the statutes, rules, regulations and orders relating to racing in Oregon.

#### Commission Steward(s)/Judge(s); Authority

(1) Except for small fair meets, the board of stewards/judges shall consist of the presiding state steward/judge, deputy state steward/judge, and a race meet licensee steward/judge, approved by the commission. The board of stewards/judges is responsible for the proper conduct of the race meet and for the enforcement of the statutes and rules of racing. During the temporary absence of one or more stewards/judges, the remaining steward/judge(s) or the executive director of the commission may appoint a deputy or deputies to act temporarily for those absent. All decisions, rulings, and orders of the board of stewards/judges must be made by a majority of the stewards/judges. The stewards'/judges' authority begins 30 days before, and extends 30 days after the conclusion of the race meet unless shortened, extended, or re-instituted by the executive director of the commission.

(2) The board of stewards/judges has the authority to take any action expressly authorized by ORS chapter 462 or the rules of racing. The board of stewards/judges also has the authority to take any appropriate action not expressly authorized by these rules in order to ensure a fair race and to protect the best interests of racing. All questions as to the authority of the board of stewards/judges shall be determined by a majority of the stewards/judges, subject to review by the commission.

(3) The stewards/judges have authority over licensees of the commission and all persons on a racecourse. Persons entering racing animals or allowing racing animals to be entered to run at licensed Oregon racecourses agree in so doing to accept the decision of the stewards/judges on any questions relating to a race or racing, subject to their right to hearings and right of appeal as provided in these rules. The board of stewards/judges may override the decision of any racing official with regard to the rules of racing, subject to review by the commission.

(4) The stewards/judges may suspend on an emergency basis the license of any person whose actions are detrimental to the best interests of racing and which are seriously dangerous to the health or safety of the person, the public or another person involved in racing. An emergency suspension or a penalty suspension following a hearing may include ruling off of the licensee. When based upon evidence that the person is currently ruled off by an official body of another racing jurisdiction, the person may be ruled off whether the

person is licensed or not. If an emergency suspension is imposed under this rule, the person is entitled to a post-suspension hearing. The suspension may not exceed 365 days unless so ordered by the commission.

(7) The stewards/judges have the authority to impose penalties and sanctions under the procedures set forth in these rules, but only for specific violations of ORS chapter 462 or these rules. They may not impose sanctions against commission employees, but may investigate and recommend disciplinary action to the executive director or commission.

(8) The stewards/judges may, at their discretion, hold informal hearings on matters other than violations, using the same procedures set forth in these rules for violations.

(9) In the event of an emergency which prevents an owner or trainer from performing his/her necessary duties, the stewards/judges may appoint a qualified person to temporarily perform those duties. For good cause, the stewards may substitute a jockey of their choice on any horse or place a horse temporarily in charge of a trainer of their choice.

(10) When a racing official other than a steward/judge or commission employee is absent, the race meet licensee may appoint a temporary or permanent replacement, subject to approval by the stewards/judges, or, in exigent circumstances, the stewards/judges may appoint a temporary replacement. All appointments are subject to confirmation by the commission, but appointees may exercise their appointed duties pending confirmation.

(13) During each racing day at least one of the judges shall be on the racecourse not later than weigh-in time.

(b) The judges shall closely observe the operation of the lure and the conduct of the greyhounds in a race.

(16) The stewards/judges have final authority to decide the order of finish of any race. They shall promptly display the numbers

(17) The stewards may place any horse on the "Stewards' List" or suspend any horse for poor performance or other good cause. The stewards may at any time require proof that a horse is qualified for a particular race or proof that a horse is owned only by qualified persons. If satisfactory proof is not offered, the stewards may disqualify the horse.

(18) The board of stewards/judges shall determine the condition of the track's running surface.

(23) The stewards/judges, in consultation with the race meet licensee, shall establish post times and may extend post times.

(24) In stake races only: If, due to an error not caused by the trainer, two or more horses which should be coupled as a single wagering interest are carded on the program as separate entries, the stewards may allow the horses to race as separate wagering interests.

(c) Hearings may be conducted by a single knowledgeable person designated by the commission if it is deemed by the commission to be more practical or convenient for the parties concerned. Any person acting in lieu of the board of stewards under this rule shall have all of the authority granted to the board of stewards under OAR 462-130-0030 and OAR 462-130-0040 or any other applicable rule. A party may appeal any action taken in the same manner as an appeal may be submitted as a result of action taken at a stewards' hearing.

##### Commission Veterinarian

(1) The commission veterinarian is responsible, to the extent possible, to ensure that horses/greyhounds coming upon the race course do not pose a health or safety problem to themselves or other racing animals. The commission veterinarian is authorized to check all animals coming on to the racecourse and to exclude and/or scratch any animal that may pose a health or safety problem in his/her opinion.

(2) A commission veterinarian shall be granted immediate access to any racing animal on or off the racecourse which has recently run a race or has been entered in a race. A commission veterinarian may examine or cause to be examined any racing animal on the racecourse and may take or cause to be taken blood, urine, saliva or other body fluids or samples for examination.

(3) A commission veterinarian shall observe all racing animals to ensure that all racing animals allowed to participate are, in his/her opinion, in sound racing condition and that its participation in a race is not contrary to the best interest of the racing animal.

(4) A commission veterinarian is authorized to scratch a racing animal from a race if, in the commission veterinarian's opinion, the animal is not in sound racing condition, may pose a health or safety problem to it's self or others, or that its participation in a race is contrary to the best interest of the racing animal. The commission

veterinarian shall immediately notify the judges/stewards of the scratch.

(5) A commission veterinarian shall maintain a list, to be known as the "Vet's List," of racing animals that the commission veterinarian has reason to believe are uncontrollable, sick, injured, illegally medicated, are a danger to themselves or other racing animals, or are not in sound racing condition. Racing animals may only be removed from the "Vet's List" with the approval of a commission veterinarian.

(6) When necessary, a commission veterinarian is authorized to take immediate steps without approval of a racing animal's owner or trainer to protect the health and safety of the racing animal or other racing animals. This includes administering drugs and/or medications for treatment and/or humane euthanasia. In any other situation in which a commission veterinarian determines that a racing animal should be removed from the racecourse or scratched from a race, the veterinarian may order the racing animal removed or scratched.

(7) Except in the case of an emergency, the commission veterinarian, while employed by the commission, may not prescribe any medication for or treat any animal which will race on a racecourse in Oregon, with or without compensation. When emergency treatment is given the commission veterinarian shall make a complete written report to the stewards/judges.

(8) The commission veterinarian or designated assistant shall secure blood, urine or other samples, as specified by the commission, of winning racing animals and of other racing animals designated by the stewards/judges or commission veterinarian. Unused sealed containers furnished by the official state chemist must be used for collecting specimens for analysis.

(9) The commission veterinarian will not conduct searches but may be involved in searches conducted by the commission investigators.

(10) Horses only.

(a) The commission veterinarian shall verify the conditions of all horses reported to be nerved prior to the horse's first entry in a race meet or continuous race meet.

(b) A commission veterinarian shall be available to the stewards and racing secretary at scratch time, until the close of entries, and at least one hour prior to the first post. A commission veterinarian shall leave the paddock as the last horse leaves the paddock for each race and shall observe the horses during the post parade, warm up, and at the starting gate.

(11) Greyhounds only.

(a) When the commission veterinarian determines that a greyhound on the race track is coming in season or in milk, the veterinarian shall place the greyhound on the "Vet's List," order the greyhound removed from the race track, order the greyhound restricted from starting for fourteen (14) days, and notify the judges. In any other situation in which the commission veterinarian determines that a greyhound should be removed from the race track or scratched from a race, the veterinarian shall notify the judges.

(b) The commission veterinarian (or designee) shall be on the racecourse at weigh-in time and examine the physical condition of each greyhound at weigh-in time. For maiden graduation races the commission veterinarian (or designee) shall examine the physical condition of each greyhound at weigh-in time.

(c) The commission veterinarian (or designee) shall periodically inspect the lock-out kennels to ensure that the lock-out kennels are clean, sanitary, and in good repair, and that they contain nothing for the greyhounds to consume.

(d) The commission veterinarian, along with the paddock judge, shall establish a list of greyhounds whose performance in the paddock or during a race demonstrates that the best interests of racing would be served by scheduling the greyhounds in early races. The list shall be known as the "Weight-Loser's List." Except for "special races" greyhounds on the "Weight-Loser's List" may be drawn only into the first five races on any race day. The commission veterinarian, however, may authorize a greyhound in a later race in order to determine whether the greyhound should be taken off the list. The commission veterinarian may take a greyhound off the list whenever he determines that the reason(s) for placing the greyhound on the list no longer exist. The commission veterinarian may place

greyhounds on the "Weight Loser's List" under the following circumstances;

(A) The greyhound has lost three or more pounds between weigh-in and weigh-out; or

(B) The greyhound has a history of poor performance during late races (sixth race or later).

(e) At the end of each race day the commission veterinarian shall notify the racing secretary, board of judges and the paddock judge in writing of all additions to and the deletions from the "Weight Loser's List" and the "Vet's List."

(f) The commission veterinarian shall view the running of each race, whenever possible.

(2) The program editor shall be responsible for any error in the program caused by the program editor's error or negligence.

(3) The program editor shall designate the area in which material is prepared for the program and the areas of the computers, terminals and printer as a restricted area. Only licensed personnel on official business shall be permitted in this area.

### HORSE RACING REQUIREMENTS AND PROCEDURES

#### 462-150-0010

##### Workouts; Exercise; Schooling

(1) An official workout must be under the supervision of the clocker. The galloping or ponying of horses for exercise, and unofficial schooling out of the gate, are not official workouts.

(2) Before anyone may give a horse an official workout, the trainer shall ensure that someone checks in with the clocker and properly identifies the horse. Mandatory schooling must be under the supervision of the appropriate racing official, who must keep a record of the results of the schooling. Official workouts must be timed and recorded. Official workouts may be accepted from other training tracks if the track and clocker are approved and licensed by the commission, and may be accepted from a race meet or licensed public training track in another state if reported by a licensed clocker of the other state to the licensed clocker in Oregon or reported in the Daily Racing Form, or other approved publications.

(3) For all official workouts, the person responsible for properly identifying the horse to the clocker is the horse's trainer.

(4) No devices other than authorized riding equipment may be used for any workout, and no horse shall be worked out while under the influence of a prohibited drug or an unauthorized quantity of an allowed drug. The stewards or commission veterinarian may require any horse to be tested for drugs after a workout.

(5) A thoroughbred horse that has never run in a recognized race must have a minimum of two official workouts within 30 days before being eligible to start in an official race. Any thoroughbred horse that has not run in a recognized race in the 30 days prior to the race in which it is sought to be entered must have at least one official workout before being eligible to race in an official race. A quarter horse, appaloosa horse, paint horse or arabian horse that has never run in

a recognized race must have a minimum of two official workouts within 45 days before being eligible to start in an official race. First time to race around a turn, a horse must have not less than 1 work, around the turn, within the past 45 days.

(6) No horse may be worked out during pari-mutuel racing hours without prior permission from the paddock judge and the stewards.

(7) Before accepting the entry of any horse, the stewards may require the horse to have additional official workouts. Also the stewards or the commission veterinarian may, for good cause, order a horse to be worked at a specific distance and effort.

(8) No workout other than an official workout which has been recorded by a licensed clocker shall be submitted for publication in the Daily Racing Form, or other approved publications.

##### Change of Ownership; Change of Trainer

(1) After a horse has been registered with the racing secretary, it may not be transferred (unless claimed during the race meet) without permission of the stewards. A notarized bill of sale from the registered owner is required before the stewards will give permission for the change of ownership, unless a commission official witnesses the signing of the bill of sale. The share of a part owner of any horse may not be sold or assigned without the consent of the other owners. The commission and/or stewards may declare ineligible to race any horse, the ownership or control of which is in question. No ownership change shall be made except at the discretion of the board of stewards.

(2) An owner who wishes to change a trainer must notify the racing secretary, obtain a change of trainer form, fill out the form completely and have it signed by the stewards. Upon receipt of the completed and signed form by the racing secretary, the former trainer shall not be given any further access to the horse's papers. No trainer change shall be made after the horse is entered into a race.

(3) If an owner has horses with more than one trainer at a race meet the owner must notify the race office and the stewards prior to the horses being entered into a race.

##### Claiming Rules

(1) The primary purpose of claiming races is the classification of horses. No person shall enter or allow to be entered in a claiming race a horse against which any mortgage, bill of sale or lien of any kind is held, unless the written consent of the mortgagor, the holder of the bill of sale or the lien claimant has been filed with the racing secretary.

(2) In claiming races, any horse is subject to claim for the entered price by any owner licensed by the commission and in good standing who has at least one eligible horse registered with the racing secretary of a race meet in Oregon, or by any licensed owner with a valid claim certificate. Any other person who wishes to claim a horse must complete a prospective horse owner's application form, and the completed form must be approved by the board of stewards or the commission. After the board of stewards or the commission has approved the prospective horse owner's application a claim certificate may be issued. A claim certificate shall become void on the date of a successful claim.

(3) A claim may be made by an authorized agent, but only for the account of those for whom he or she is licensed as an authorized agent by the commission. A trainers license is not an authorized agents license.

(4) No person shall claim or cause to be claimed, directly or indirectly, a horse in which the person has an ownership interest.

(5) A person may claim more than one horse from any one race. An authorized agent may submit claims for more than one owner in any one race, but may not submit more than one claim for any one horse. When a trainers stable consists of more than one owner, each

owner may submit a claim in any one race, but no two or more shall submit a claim for any one horse or all such claims shall be void. No person will be eligible to claim another owners horse from his/her own trainers stable. "Person" includes any corporation, partnership, stable name or other legal entity.

(6) The claiming price of each horse in a claiming race shall be printed on the official program, and all claims shall be for the designated amount. However, if there is a printer's error in the official program, the claiming price designated on the official entry form shall govern. Submission of a claim in excess of the official claiming price shall not void the claim.

(7) All claims shall be made in writing by the prospective owner or authorized agent on forms and in the envelopes furnished by the race meet licensee and approved by the commission. Forms and envelopes must be filled out completely and must accurately identify the claim, and be properly signed. If two or more owners are claiming the horse together as Owner #1 "and" Owner #2 "and" Owner #3, all owners must sign the claim form otherwise, the claim will be void. If two or more owners are claiming the horse together as Owner #1 "or" Owner #2 "or" Owner #3, any one or all of the owners may sign the claim form.

(8) All claim forms shall be deposited in the claiming box at least 15 minutes before the established post time of each race. After the claim is deposited the claimant shall have no access to the claim form or the envelope.

(9) No money or its equivalent shall be put in the claiming box. For a claim to be valid, the claimant must have a credit balance of not less than the amount of the claim in the claimant's account with the race meet licensee's paymaster of purses.

(10) Claims are irrevocable unless fraud or deception is involved. The claimant former owner and/or authorized agent shall have 48 hours from the start of the race from which the horse was claimed to file a protest.

(11) Title to a claimed horse shall be vested in the successful claimant from the time the horse is determined to be a starter by the board of stewards. The successful claimant shall then become the owner of the horse whether the horse is alive or dead, sound or unsound or is injured during or after the race.

(12) A claimed horse shall run in the interest and for the account of the owner from whom it is claimed.

(13) Claims which are not in keeping with these rules shall be void. The stewards may at any time require any person filing a claim to attest in writing that the person is claiming in accordance with these rules. The stewards shall be the judges of the validity of all claims. (14) A claim shall represent a bona fide offer by the claimant to buy at the claiming price. Claiming owners are bound by claims made by their authorized agent. By entering a horse in a claiming race, all owners agree to sell at the designated claiming price if the stewards determine there is a valid claim.

(15) Any horse that has been claimed shall, after the race has been run, be taken to the paddock by the prior owner or their representative for delivery to the claimant or representative. Written authorization for the claim must be signed by a steward, the clerk of scales, or claims clerk and delivered to the original owner or representative. All claimed horses shall proceed to the test barn unless excused by the stewards.

(16) No person shall refuse to deliver to a valid claimant a horse claimed out of a claiming race. A horse that has been validly claimed shall be disqualified until delivery is made to the claimant.

(17) If more than one valid claim is filed for the same horse, the title to the horse shall be determined by lot under the supervision of one or more of the stewards or claims clerk.

(18) No horse claimed in a claiming race shall be sold or have ownership in said horse transferred, wholly or in part, to anyone within 30 days after the date it was claimed, except in another claiming race.

(19) No claimed horse shall remain in or return to the same trainer's stable or under the care or management of the owner or trainer from whom claimed for the 30 days.

(20) In claiming races, engagements follow the horse unless the conditions of the race specifically state to the contrary.

(21) No person shall offer or enter into an agreement to claim or not to claim or attempt to prevent another person from claiming, any horse in a claiming race. No person shall attempt to prevent anyone from running a horse in any claiming race. No owner or trainer shall make any agreement with another owner or trainer or jockey for the protection of each other's horses in a claiming race, or refuse to race to prevent a claim.

(22) Should any stable name be eliminated by sale or removal from the racecourse, the right to claim is void without a valid claim certificate. When a stable name has been eliminated by claiming, the affected owner shall have the right to claim during the next 30 calendar days at the same continuous race meet in this state, even though all or a portion of the next 30 calendar days may take place in the following year.

(23) Option claiming races are not permitted.

(24) No official or employee of a race meet licensee shall give any information as to the filing of claims until after the race has been run.

(25) When a claimed horse goes to the test barn, a representative of both the former owner and the new owner shall accompany the horse to the test barn. The claiming of any horse in a race shall not diminish or limit the liability or responsibility of the former owner and trainer for compliance with the statutes and rules of horse racing as to the claimed horse.

(26) The foal certificate of a claimed horse must remain in the custody of the racing secretary until the new owner removes the horse from the racecourse. No registration papers on a claimed horse may be removed from the racing secretary's office for 48 hours after the race.

(27) No person shall enter a mare in any claiming race when the mare is pregnant, unless prior to the time of entry the owner shall have deposited with the racing secretary a signed agreement whereby the owner, at the time of entry, shall provide to the successful claimant without cost, protest or fee of any kind, a valid stallion service certificate covering the breeding of the mare. A successful claimant of a mare in a claiming race may file with the commission a petition for rescission of the claim within forty-five (45) days exclusive of the day of claim if the claimant finds that the claimed mare is pregnant and the agreement to provide a stallion service certificate has not been deposited as required by this section.

(28) If, in a claiming race, a horse is scratched after scratch time or is declared a non-starter, any claim or claims for the horse will be void. The stewards may require the horse to run back at the same price in the horse's next start.

##### Entering for Official Racing; Coupling; Subscriptions

(1) Before a horse is eligible to race, it must be properly entered into that race by the horse's licensed owner (unless the horse is leased), lessee, trainer or authorized agent, unless authorized by the stewards for good cause. Telephone entries will be accepted if the person entering the horse is properly identified.

(2) No alteration shall be made in any entry after close of entries, but an error may be corrected. Any correction of an entry must be approved by a steward.

(3) No horse may be entered for more than one race on a single day.

(4) No trainer may enter or start more than two horses in a purse race or overnight race, but may enter more than two horses in a stakes race or high weighted race except as provided in OAR 462-150-0050(14). Provided, however, in a divided overnight race, a trainer may enter 2 horses in each division. When making a double entry under the same ownership or if the trainer has an ownership interest in either horse, the owner or trainer must express a preference except as provided in OAR 462-150-0050(14). When a preference system is used, two horses under the same ownership may not start to the exclusion of a single entry except in the case of an "In Today Horse" or a maiden in a winner's race.

(5) Entry shall be closed at an advertised time, and no entry will be accepted after that time. The racing secretary may postpone the closing of entries for overnight races. If there is an error in carding a race before entries are drawn, the race may be canceled or opened for more entries.

(6) A jockey must be named by the owner or trainer at the time of the entry. At the draw, if a jockey has been named on more than one horse, a preference call must be declared at that time. If the jockey originally named to ride a horse is not available due to the preference call at the draw, the owner or trainer must name another rider, at the draw or prior to scratch time, if such scratch time is provided; otherwise, the stewards may name a rider and that person shall ride the horse.

(7) No horse may be entered to start unless:

(a) It has been properly registered with the appropriate horse registry. If a horse's name is changed, its new name must be registered with the appropriate horse registry and both its old and new names must be given in every entry list until it has run three races. Both names must be printed on the official program for those three races.

(b) The foal certificate is on file in the office of the racing secretary. The stewards may waive this requirement for horses shipped in from a race track recognized by the Daily Racing Form if the horse is properly identified. However if waived, the foal certificate must be on file with the racing secretary one hour prior to first post of the day, if a photocopy or a facsimile copy of the foal certificate and any epistaxis certificate is on file with the racing secretary by scratch time. In stakes races only, a horse shall be allowed to start without the foal certificate on file, provided that a photocopy or facsimile copy of the foal certificate is on file with the racing secretary, which copy has been forwarded from the race office of a recognized race track which has the original foal certificate on file. The copy of the foal certificate must show the true ownership of the horse.

(c) All ownerships in the horse, except a trainer's percentage of its winnings, are on file with the racing secretary. All changes in ownership after initial entry must be filed with the racing secretary before a horse may start.

(d) It is clearly identified on the entry form by its age, name, color, sex, and names of its sire and dam. If its dam was covered by more than one stallion, the names of all of them must be given in order of service.

(e) It has been clearly tattooed on the upper lip. Tattooing must be done by a person authorized to identify the tattoo by the appropriate horse registry. A horse may be entered without being tattooed. All horses at any race meet must be tattooed to be eligible to start.

(f) It has been fully identified from its papers, and is entered in the name of its true owner(s).

(g) It is in the care of a trainer licensed in Oregon.

(h) It has had the required number of official races and/or workouts, including working from the gate and first time starters being gate approved. The stewards may require additional official workouts if they believe they are necessary to enable the public to make a reasonable assessment of the horse's capabilities, or to ensure that the horse will perform satisfactorily.

(i) It meets the conditions of the race.

(j) It is in sound racing condition. If a horse is entered while it is ineligible or not in sound racing condition, it shall be given no preference for that entry.

(k) If leased, a copy of the lease shall be filed, on a prescribed form, with the commission, lessee, lessor, horseman's bookkeeper, Stewards and a copy attached to the foal certificate.

(8) A horse is ineligible to be entered or to start if:

(a) Any of its recent workouts have not been recorded by the clocker, including the correct time.

(b) It is on the stewards' list, veterinarian's list, bleeder's list, starter's list, or paddock judge's list.

(c) Any owner or trainer of the horse has been ruled off the racecourse or is under suspension by the commission, unless the horse is transferred, sold, or its lease agreements abandoned, with approval of the stewards. If a trainer is suspended, any horse owned or trained by the suspended person will be ineligible during the period of the sus-

pension if the horse is transferred to that person's spouse or a person living at the same residence.

(d) The horse has been placed on the veterinarian's list, or bleed-er's list, and has not been removed from the list by a commission veterinarian. The commission veterinarian may require saliva, urine, or blood samples, and may require a satisfactory workout, before giving approval.

(e) It has been blocked, nerved or otherwise drugged to desensitize any nerves except in the case of heel nerved, (posterior digital neurectomy) below the fetlock, in only one leg and on approval of the commission veterinarian.

(9) Coupling:

(a) Horses owned wholly or in part by the same person shall be coupled as a single wagering interest in any one race. Lessors who retain in excess of 25% of monies earned by leased horses shall be considered owners of the horse for coupling purposes. Horses trained by the same trainer but owned separately shall race as separate wagering interests unless the stewards direct that the horses be coupled.

(b) No trainer of any horse shall have any ownership interest in any other horse in the same race unless the horses are coupled as a single wagering interest. In the event of disqualification of any part of any entry, it shall be at the discretion of the stewards whether the disqualification shall extend to all of the entry.

(10) Entrance Fees and Subscriptions:

(a) The entrance to a race shall be free, unless otherwise stipulated in the conditions of the race. If the conditions required an entrance fee, the fee must accompany the entry, unless waived by the race meet licensee. Payment of entry fees shall be in cash, certified check, or money order.

(b) Entrance and nomination fees may not be refunded, even if the horse dies, is scratched, or fails to start. Entrance fees shall be refunded if the horse is prevented from starting the race through failure of the starting gate to open or if the gate in front of the horse opened late, and the stewards declare the horse to be a non-starter.

(c) Nomination to or entry of a horse in a stakes race cannot be withdrawn after the close of entries. Any subscriber to a stakes race may transfer or withdraw the subscription prior to closing. Joint subscriptions and entries may be made by any one of the joint owners of a horse, and each owner shall be jointly and severally liable for all payments due. Death of a horse, or a mistake in its entry when the horse is eligible, does not release the subscriber or transferee from liability for all stakes due. Death of the original subscriber or nominator to a stakes race shall not render void any subscription, entry or right of entry. All rights, privileges, and obligations shall attach to the successor owner, including the legal representatives of the decedent. When a horse is sold or claimed, stake engagements for the horse shall be transferred automatically with the horse to its new owner, except that if the horse is transferred to a person whose license is suspended or who is otherwise ineligible to race or enter the horse, then the subscription shall be void as of the date of the transfer notwithstanding OAR 462-150-0030(25).

##### Forming the Race; Weights, Penalties, and Allowances; Scratches

(1) The racing secretary, in conjunction with the race meet licensee, shall set the conditions of all races. For each racing day, the racing secretary shall use every reasonable effort to card the number of thoroughbred, quarter horse, appaloosa, paint, and Arabian races listed in the license application and approved by the commission. Also, for each racing day the racing secretary shall card one race which is limited to Oregon-bred thoroughbred horses. If there are not enough available horses of that class on any day, the race may be replaced with the approval of the stewards. If the race is reopened to allow other horses to enter, preference at the draw shall be given to the Oregon-bred thoroughbred horses. If feasible, an Oregon-bred thoroughbred race which does not fill shall be carried over to a subsequent day's racing program. The stewards shall report to the commission the reasons for the cancellation of an Oregon-bred thoroughbred race.

(2) After entries have closed, the racing secretary shall compile a list of the entries without delay and post the list in a conspicuous place.

(3) In determining the number of horses that can be drawn into a race the width of the track shall be at least the total of 10 feet for the first horse plus 5 feet for each additional horse.

(4) If the number of entries in any race exceeds the number of horses that will be allowed to start, the starters for the race shall be determined by lot. Persons who made the entry shall be given an opportunity to attend the drawing for starting positions. Post positions shall be determined by lot. A steward or designated representative shall be present at the draw.

(5) If the number of entries in any one race is sufficient to reasonably assure that two separate races will fill from those entries, the racing secretary may divide the race. If an overnight race is divided and a trainer has entered two horses in the race, the horses will be placed in separate divisions of the race for the draw. They will be drawn in the separate divisions of the race with both horses retaining their preferences.

(6) If any race is canceled because of insufficient entries, the racing secretary may divide any overnight race, subject to the same conditions, with entries in each race drawn by lot. In cases where a trainer has entered two or more horses in a divided race, those races will be handled as outlined in OAR 462-150-0050(5).

(7) When a scratch time is provided, a list of horses not to exceed four may be drawn from the overflow entries and listed as eligible to start if any horse which was originally carded is scratched. When an originally carded horse is scratched, horses from the "Also Eligible" list shall fill the race in the order in which they were originally drawn. The owner or trainer of any horse on the "Also Eligible" list which is drawn into a race must notify the racing secretary not later than scratch time if he or she does not intend the horse to start. Any "Also Eligible" horse which does not start when drawn into a race shall forfeit all preferences.

(8) In all races, horses which fill a race from the "Also Eligible" list shall take the outside post positions in the order that they are drawn from the original draw. In all races run on the straight-away, except thoroughbred races, an "Also Eligible" horse shall take the post position of the horse which was scratched.

(9) Unless a preference system is used, the racing secretary shall keep a list of all horses excluded from races because of too many entries, and those horses shall have preference in the next race in accordance with a system established by the racing secretary. This list shall be known as the "Preferred List."

(10) When a horse on the "Preferred List" is entered in a subsequent race, a claim of preference must be made at the time of entry and noted on the entry form, or the preference will be lost and the horse will be removed from the list.

(11) If a race overfills, any "In Today Horse" which has been entered shall be given no preference. A horse on the "Also Eligible" list shall not be considered an "In Today Horse" until it has actually been given a position in a race.

(12) In all races that have filled over the number of starters and "Also Eligible," an "In Today Horse" shall receive no future preference if it is drawn in as an "Also Eligible." A maiden horse shall have preference over an "In Today Horse" but not over the second choice of an entry to the exclusion of a winner. The second choice of an entry or an "In Today Horse" on the race's "Also Eligible" list shall have no preference over any other "Also Eligible" horses. A horse on the "Also Eligible" list that is scratched will receive no preference, regardless of any scratches in the race itself. This horse shall not be considered an "In Today Horse."

(13) If through error an "In Today Horse" or a horse lacking preference is drawn into a race that has overfilled, the horse shall be scratched if the error is discovered before scratch time, enabling another horse to be drawn into the race. No horse having started any race shall be deemed ineligible because of the error.

(14) In earlier closing stakes race which have nominations, entry, and starting fees, a coupled interest may be entered and permitted to draw into a race without a declaration of preference. In high weighted races, high weights will have preference to the draw. In all

races determined by time trials, the fastest times shall have preference to the draw.

(15) No race which has closed shall be canceled except by the stewards.

(16) Weights, Penalties, and Allowances:

(a) Fillies two years old shall have an allowance of three pounds, except in handicaps and races where the conditions expressly state to the contrary. Fillies and mares three years old and older shall have an allowance of five pounds between January 1 and August 31, and three pounds between September 1 and December 31.

(b) To be eligible for weight allowances they must be claimed at the entry. Except sex allowances, which are mandatory, all other allowances are optional. Failure to claim any allowance, except for sex allowance, is not a cause for disqualification. No sex allowances will be given in straight-away races.

(c) A horse shall start with only the allowance to which it is entitled at the time of starting, regardless of its allowance at the time of entry. Horses incurring penalties for a race shall not be entitled to any of the weight allowances for that race. Penalties are mandatory.

(d) Horses not entitled to the first allowance in a race shall not be entitled to the second, and so on. Penalties and allowances are not cumulative unless specified in the conditions of the race.

(e) No horse shall incur a weight penalty for a placement from which it is disqualified, but a horse winning through a disqualification of another horse shall incur the weight penalties of that placement. No placement of a horse moved up shall make that horse ineligible for a race which has already been run.

(f) The racing secretary shall append to the weight for every handicap, the hour and day in which winners will be liable to a penalty. No alteration shall be made after publication except for erroneous omissions of the name or weight of a horse duly entered. In that case, the racing secretary may correct the omission with permission of the stewards.

(g) In all overnight races of four (4) furlongs or over, except handicaps, an apprentice jockey weight allowances may be claimed per OAR 462-140-0300.

(h) In all overnight races, except handicaps, the minimum weight, subject to sex and apprentice allowances, shall be 112 pounds for thoroughbreds, 116 pounds for quarter horses, and for all other breeds of horses shall be as designated by the commission.

(i) The racing secretary shall publish in the condition book the criteria for eligibility for horses running at the meet.

(j) Winnings shall include all money won for first place finishes up to the time appointed for the start, shall apply to all races in any country, and shall include walkover or forfeit money. The value of any prize not of money or not paid in money shall not be included. Winnings during the year shall be computed from January 1 of that year. In estimating the net value of a race to the winner, all sums contributed by the horse's owner or nominator shall be deducted from the amount won. The earnings of a winning horse shall be computed on the net value to the winner. The winner of certain sum shall mean the winner of single race of that value unless otherwise expressed in the conditions. In estimating the value of a series of races in which an extra sum of money is won by winning two or more of the series, the extra amount shall be estimated in the last race by which it was finally won.

(k) The following rules shall apply to quarter horse, appaloosa, Arabian and paint racing:

(A) In straight-away races no weight allowances will be given for sex or apprentice jockeys, whereas in races run around a turn, the same allowances for sex which are granted in thoroughbred races will be in effect.

(B) Horses which gain a position in a race from the "Also Eligible List" shall take the outside post positions in order that they are drawn from the "Also Eligibles," except in the case of races run on the straight-away, in which case, the "Also Eligible" shall take the post position of the horse declared out or scratched.

(C) The respective breed's chart book shall be the official chart for each breed's horse racing.

(17) Scratches:

(a) Scratches from stakes races will close 60 minutes before post time for the first race. If a scratch time is provided, scratches from all other races must be made prior to the "scratch time" designated by the racing secretary. The field may be scratched down to the number as stated in the condition book by the racing secretary. If the field has already been scratched down to the minimum number, the scratch will not be allowed except for medical reasons verified by the commission veterinarian, or as approved by the stewards. If more than one horse is competing for the last available non-medical scratch, the right to scratch shall be determined by lot. "Also Eligibles" shall have the same scratch privileges as regularly carded horses.

(b) If any of a horse's owners is not properly licensed it shall be scratched by the board of stewards 15 minutes prior to post of the race.

(c) No horse may be scratched until the owner, trainer, or authorized agent has notified the racing secretary in writing prior to scratch time, except for medical reasons discovered after scratch time and approved by the commission veterinarian. If a horse is stabled off the racecourse a valid request to scratch the horse may be accepted from the trainer by telephone if the trainer provides his or her Oregon Racing Commission license number for identification purposes. A scratch made by telephone must be confirmed in writing if required by the stewards. If the scratch is for medical or physical reasons, the trainer must submit a letter from a licensed veterinarian explaining the reason and necessity for the scratch.

(d) The stewards may scratch any horse from a race when it appears that there has been a violation of the rules of horse racing. Any racing official who has knowledge of a violation must report it immediately to the stewards.

(e) The commission veterinarian may scratch a horse at any time for reasons as per OAR 462-140-0020(4).

##### Weighting Out; Equipment; Paddock Procedures

(1) All jockeys in a race must be weighed out by the clerk of scales prior to going to the paddock for that race.

(2) If overweight is in excess of the weight the horse is to carry, the jockey shall declare the amount of overweight to the clerk of scales at least one hour before post time of the first race of the day, and the clerk of scales shall have the overweight announced immediately.

(3) Seven pounds is the maximum overweight any horse may carry.

(4) A jockey's weight shall include the running equipment for the mount, including saddle with attachments and clothing, but shall not include the whip, helmet, safety vest or the horse's bridle.

(5) The trainer shall be responsible for the weight assigned to be carried by the horse. If the jockey scheduled to ride the horse is more than two pounds overweight, the jockey may be replaced by the owner or trainer without any liability for a mount fee to the overweight jockey if replaced with a rider of less weight.

(6) No jockey shall be weighed out for any race unless the jockey's fee for a losing mount in the race has been deposited or guaranteed to the paymaster of purses. Failure to deposit or guarantee the fee for the engaged jockey may result in an involuntary scratch of the horse the jockey was to ride.

(7) The only attendants who will be permitted to assist jockeys in weighing out are licensed valets.

(8) Equipment:

(a) Each jockey in a race shall carry a whip as part of his or her equipment. The board of stewards may, for good cause, grant permission not to carry and use a whip. Whips and blinkers may be used on two-year-olds and all other first time starters if schooled before the starter with that equipment and approved by the starter before the time of entry.

(b) No whip shall exceed one pound in weight or 30 inches in length, including the popper. The popper shall be fixed to the end of

the whip and shall consist of a looped leather not less than 1-1/4 inches in width, and not over 3 inches in length.

(c) Permission to use or discontinue the use of a tongue restraint must be obtained from the paddock judge. Material to be used as a tongue restraint may not be furnished by anyone other than the trainer of the horse. Only the trainer or assistant trainer shall be permitted to tie the tongue or replace or repair a tongue restraint, except at the starting gate under the supervision of the commission veterinarian.

(d) Any change in equipment from that which a horse carried in its last previous race at the same race meet must be approved by the paddock judge. Any change shall be announced or posted for public information. "Rundowns" are not considered to be equipment. All bandages in excess of 6 inches in length shall be considered part of the horse's equipment. Permission for a horse to add blinkers to his equipment or discontinue the use of them must be made prior to entry and noted on the entry form, approved by the starter.

(e) Every horse in a race shall have a head number which shall be attached in the junction of the brow band, and the head piece of the bridle, unless waived by the stewards for good cause. This number shall correspond to the saddle cloth number of the horse as shown on the program.

(f) Racing silks and caps shall be the following color, unless a change is approved by the stewards:

- (A) No. 1 — Red with White;
- (B) No. 1A — Red with White Bands;
- (C) No. 2 — White with Black;
- (D) No. 2B — White with Black Bands;
- (E) No. 3 — Blue with White;
- (F) No. 4 — Yellow with Black;
- (G) No. 5 — Green with White;
- (H) No. 6 — Black with Yellow;
- (I) No. 7 — Orange with Black;
- (J) No. 8 — Pink with Black;
- (K) No. 9 — Turquoise with Black;
- (L) No. 10 — Purple with White;
- (M) No. 11 — Gray with Red Stripes;
- (N) No. 12 — Lime with Black.

(g) All jockeys must wear solid white color pants in any race on which pari-mutuel wagering is conducted.

(h) Racing plates must be of a type and design approved by the board of stewards and the commission veterinarian.

(i) No training devices, such as iron halters, shall be used to approve a horse from the gate, to be schooled from the Starter's List, to get removed from the Paddock List, to work for time, to be removed from the Stewards' List or used during the running of a race.

(9) Paddock: Horses must be in the paddock at least 15 minutes before scheduled post time unless otherwise authorized by the stewards. Every horse must be saddled in the paddock by, or supervised by, the horse's trainer or assistant trainer as shown in the program unless expressly authorized by the stewards, in which case a licensed trainer or assistant trainer approved by the stewards may saddle the horse.

##### Post Parade; Start; Race

(1) All horses shall parade from paddock to post carrying their respective weights and, to the extent feasible, shall pass the stewards' stand in numerical order. Any horse failing to do so without good cause may be disqualified by the stewards. After passing the stand once, horses may break formation and canter, warm up, or go as they please to the post.

(2) Jockeys shall remain on their mounts whenever reasonably possible. In case of an emergency, the stewards or the starter may permit all jockeys to dismount and all horses to be attended during the delay.

(3) The post parade shall last no more than 12 minutes, unless approved by the stewards. When the horses have reached the post, they shall be started without unnecessary delay.

(4) If the starters for a stakes race exceed the capacity of the starting gate, but do not exceed the capacity of the track, the remaining

horses may be started from outside the gate if approved by the stewards.

(5) A jockey shall exert every effort to ride his/her horse to the finish in the best and fastest run of which the horse is capable. No jockey shall ease up or coast to a finish, without adequate cause, even if the horse has no apparent chance to win prize money.

(6) In a straight-away race, every horse must maintain position as nearly as possible in the lane in which it starts. Every horse in the race is entitled to racing room. A horse which drifts out of its lane or lugs in or out, and interferes with, or impedes another horse in a manner which, in the opinion of the board of stewards, could have affected the outcome of the race, may be disqualified by the stewards.

(7) In a race run around a turn, a horse that is in the clear may be taken to any part of the track. However, a horse which weaves back and forth in front of another horse and/or drifts out of its lane, lugs in or out, and interferes with or impedes another horse in a manner which, in the opinion of the board of stewards, could have affected the outcome of the race, may be disqualified by the stewards.

(8) Jockeys shall not ride their mount in such a manner as to deliberately pocket another horse.

(9) Jockeys in a straight-away race shall make every effort to prevent their horse from drifting out of its lane.

(10) Jockeys shall make every effort to prevent their horse from lugging in or out in a manner which interferes with another horse.

(11) Jockeys shall make every effort to prevent their horse from weaving back and forth in front of another horse.

(12) Jockeys shall not ride in such a manner as to endanger another horse or jockey.

(13) Jockeys must be in full control of their horse before applying the whip. No jockey shall use the whip more than is reasonably necessary under the circumstances, or ever strike a horse on the head. In all races where a jockey will not ride with a whip an announcement shall be made over the public address system of such fact. No jockey carrying a whip during a race shall fail to use the whip in a manner consistent with using his/her best efforts to win. Jockeys are prohibited from whipping a horse upon the head, or during the post parade except when necessary to control the horse, or excessively or brutally.

(14) No jockey shall willfully strike or touch another jockey or another jockey's horse or equipment. No jockey shall interfere with, impede, or endanger another horse or jockey.

(15) Jockeys shall not unnecessarily cause or allow their horse to shorten its stride. Jockeys shall ride out their horse in every race.

(16) If a horse leaves the course, it shall be disqualified.

##### Order of Finish; Weighing In; Objections and Disqualification

(1) The winner of a race shall be the horse whose nose first reaches the finish line with the jockey aboard, unless the horse is disqualified by the stewards for ineligibility or other good cause. The decision of the board of stewards as to the order of finish shall be final.

(2) When two or more horses reach the finish line at the same time, or the photofinish photographs do not clearly establish which of the horses reached the finish line first, the stewards may declare a dead heat. When horses run a dead heat, all money and prizes to which the horses would have been entitled if it were not a dead heat shall be divided equally among them. When a dead heat is for first place, each horse finishing first in the dead heat shall be deemed a winner, and shall be liable as a winner for any penalty which attaches to the winning of the race, but only in the amount of winnings actually received.

(3) If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot in the presence of one or more of the stewards.

(4) The time recorded for the first horse to cross the finish line shall be the official time of the race.

(5) If there is a mechanical failure of the gate, and horses are allowed leave at irregular intervals instead of all horses leaving at one time, the stewards shall decide whether the race is official or whether to declare "no race," and which horses, if any, will be deemed non-starters. In the event of a mechanical failure, interference during the

running of the race which affects the majority of the horses in such race, or any other unusual circumstance or situation that the stewards determine resulted in an unfair race for the majority of the horses in the race, the stewards may declare the race as "no race." When in the opinion of the stewards a race cannot be commenced before midnight or cannot be conducted in accordance with the rules and regulations of the commission, they shall cancel and call off such race. Any wagers on such races called off, canceled or declared as "no race" shall be refunded, and no purse, prize or stakes shall be awarded. A race shall be canceled if no horse finishes the race.

(b) Weighing In, Unsaddling:

(a) Weigh In. Upon completion of a race each jockey shall ride promptly to the winners circle and dismount. He/she shall then present himself/herself to the clerk of scales to be weighed in. If a jockey is prevented from riding his/her mount to the winner's circle because of accident or illness either to himself/herself or his/her horse he/she may walk or be carried to the scales unless excused by the stewards.

(b) Unsaddling. Each jockey upon completion of a race must return to the winners circle and must unsaddle his/her own horse, unless excused by the stewards.

(c) Removing Horse's Equipment. No person except the valet-attendant for each mount is permitted to assist the jockey in removing the horse's equipment that is included in the jockey's weight, unless the stewards permit otherwise. To weigh in each jockey shall carry to the scales all pieces of equipment with which he/she weighed out. Thereafter he/she may hand the equipment to the valet-attendant.

(d) Under Weight. When any horse places first, second or third in a race, or is coupled in any form of multiple exotic wagering, and thereafter the horse's jockey is weighed in short by more than two pounds of the weight of which he/she was weighed out, his/her mount may be disqualified and all purse monies forfeited.

(e) Over Weight. No jockey may be weighed in more than two pounds over his/her declared weight but consideration shall be given for excess weight caused by rain or mud.

(f) If a jockey does not present himself or herself to be weighed in, is guilty of any fraudulent practice with respect to weight or weighing, or if unless the jockey or horse is ill, injured, or disabled, the jockey dismounts before reaching the scales or dismounts without permission, or if the jockey touches (except accidentally) any person or thing other than the jockey's own equipment before weighing, the clerk of scales shall report it to the stewards, and the stewards may disqualify the horse and place it last, and the jockey and any other licensee involved may be fined or suspended.

(7) Objections, Inquiries and Disqualifications:

(a) Objections which can be made prior to a race must be made to the stewards in writing, must be signed by the objector, and must be filed with the stewards prior to post time. No objection based upon the distance of a race shall be made after the start of the race.

(b) Objections based upon an occurrence during the running of a race must be made before the order of finish has been declared "official." Objections as to what occurs in a race with respect to the performance of a horse or jockey must be made by the owner, trainer, or jockey of the horse which is aggrieved. However, the stewards may take any appropriate action even if no formal objection is made.

(c) Permission of the stewards is necessary before an objection may be withdrawn.

(d) The stewards may disqualify any horse which is the subject of fraudulent or corrupt practices, or any horse whose jockey has committed a violation of the rules of horse racing. A horse which interferes with, impedes or intimidates another horse may be disqualified by the stewards unless the impeded horse or jockey was partly at fault or the interference was wholly caused by some other horse or jockey.

(e) If a horse which has won or been placed in a race is disqualified after a valid objection or otherwise, the stewards shall declare a new order of finish as, in their sole discretion, they deem just.

(f) The stewards must decide every objection properly filed which pertains to a race. In cases of fraud or willful deception, the time limitations for filing objections shall not apply. Appeals to the commission from a decision on an objection must be filed in writing within 72 hours after the race is run in accordance with OAR 462-130-050.

(g) If a horse is disqualified, any other horse in the race owned wholly or in part by the same interest or trained by the same trainer may also be disqualified.

(h) Pending a decision on an objection, any prize which the horse subject to the objection may have won, and any money held by the race meet licensee as the price of a horse claimed in the race (if involved in the determination of the objection) shall be withheld until the objection is determined.

**Purses; Claims Against Horse; Jockey Fees**

(1) All earned interest on money paid to a race meet licensee by persons entering horses for stakes races will be added to the purses of those races. The amount of interest will be reported to the commission at the time of distribution of the purse. All stakes fees paid toward a stakes race shall be allocated to the winner unless otherwise provided by the conditions for the race.

(2) Whenever the board of stewards has reasonable grounds to believe that any violation of the statutes or rules of racing has occurred, it may order that a purse not be released. Otherwise, all portions of purse money shall be made available to the winners promptly following the release of purses by a designated representative of the commission, except portions of purses owing to persons who have not yet been licensed by the commission.

(3) If a horse raced while it was not eligible, the Board of Stewards may order forfeiture of any person's share of an undistributed purse.

(4) No percentage of a purse may be deducted by the race meet licensee for itself or another person except as provided by law or by written agreement with the person to whom such winnings are payable.

(5) Jockey Fees:

(a) In the event an owner or trainer elects to remove a jockey from his/her mount at a reasonable time designated by the stewards after the draw, the stewards may require a double 'jock mount' to be paid. The fee to be paid for the double jock mount may be equal to that earned by the jockey who rode the horse or a losing fee to be determined by the stewards.

(b) A jockey's fees shall be considered earned from the time the jockey weighs out for that race. The fee shall not be considered earned if the jockey voluntarily does not finish the race, except where injury to the horse or rider is involved.

(c) All jockey fees shall be deposited in advance of the races for that day, unless guaranteed by the race meet licensee.

(d) Jockeys involved in a dead heat shall divide equally the sum total of the fees which they would have received individually had one beaten the other or others. The owners of the horses involved shall pay equal shares of the jockeys' fees.

**Use and Distribution of Breakage Monies**

(1) Each race meet licensee conducting a race meet shall maintain a separate account in which each horsemen's association's share of the breakage shall be placed. The breakage shall be accumulated on a weekly basis, Monday through Sunday. The account shall be subject to audit by the commission. The race meet licensee, except small fair race meet licensees, shall make a weekly report as to all such breakage money calculated, received, deposited, and paid. Small fair race meet licensees shall remit the breakage to the appropriate horsemen's associations upon notification from the commission.

(2) Thoroughbreds shall share in the breakage money resulting from breakage derived from thoroughbred races and similarly the other breeds shall share in the money derived from the breakage of their respective races. The race meet licensee shall remit to each Oregon association of horsemen, recognized by the commission as representing that breed of horse, their proportionate share of any breakage monies accumulated during the meet, seven (7) days following the end of each weekly period.

(3) All expenditures of monies derived from breakage are subject to prior approval of the commission. Each recognized horsemen's association shall submit a schedule of such expenditures annually to the commission for its approval.

A race meet licensee subject to ORS 462.062 shall maintain and deposit in a separate account from all other funds one percent of the gross mutual wagering on all races for purse supplements to owners of Oregon-bred horses. The race meet licensee shall accumulate the Oregon-bred purse supplement monies on a weekly basis Monday through Sunday. These accounts shall be subject to audit by the commission. No disbursements shall be made from these accounts except as provided in subsection (2).

(2) Each breed shall share in the Oregon-bred purse supplements derived from that breed's races only. The race meet licensee shall remit to the accounts of the appropriate breeders organizations (or division of the organization) their proportionate share of any Oregon-bred purse supplement monies within five (5) business days following the end of the weekly period in which they were accumulated. The accounts shall be subject to audit by the commission.

(3) Each Oregon breeders association shall distribute all Oregon-bred purse supplement monies to respective owners of the Oregon-bred horses within 75 days after the close of the race meet or continuous race meet. Subject to prior approval of the commission, each horsemen's association may use a portion of the Oregon-bred purse supplements for operating expenses. Any request for operating expenses from the Oregon-bred purse supplements must be approved by the commission prior to payment of the Oregon-bred purse supplements.

(4) Sections (1), (2), and (3) of this rule are applicable only at race meets or continuous race meets where the average daily gross mutual wagering during the preceding fiscal year exceeded \$150,000.

(1) The only non-steroidal anti-inflammatory drug permitted by this rule is phenylbutazone (butazolidin).

(2) Phenylbutazone shall be authorized medication at race meets at which the average daily gross mutual wagering during the preceding year exceeded \$150,000. If a race meet with average daily gross mutual wagering during the preceding year of \$150,000 or less desires phenylbutazone be authorized medications at their race meet they may petition the commission to approve the use of phenylbutazone at their race meet. The commission may approve the use of phenylbutazone at such race meet, if in the opinion of the commission the race meet can provide for the necessary qualified staffing, security and for the additional laboratory analysis costs and any other controls necessary to administer the program adequately. Dimethylsulfoxide (DMSO) shall be permitted medication at any race meet if applied topically.

(3) Phenylbutazone is permitted only in horses three years of age or older. Phenylbutazone is prohibited in two-year old horses.

(4) No horse utilizing phenylbutazone may be entered into a race unless the presence of the phenylbutazone in the horse is stated on the entry form at the time of entry. Errors may be corrected up until scratch time. If no scratch time is used, errors must be corrected by noon following entry.

(5) Phenylbutazone shall be administered to the horse at least 24 hours before scheduled post time.

(6) Violations:

(a) Maximum dosage is such dosage amount that the test sample shall contain not more than five (5) micrograms of the drug substances, its metabolites or analogs per milliliter of blood plasma:

(A) The first violation by the trainer during a 365 day period, if the test sample contains more than five (5) and ten (10) or less micrograms of phenylbutazone, or oxyphenylbutazone, or the sample does not show phenylbutazone or oxyphenylbutazone when the horse was entered to run on phenylbutazone shall result in a fine of \$200.00 without loss of purse.

(B) The second violation and each additional violation by the same trainer during a 365 day period, if the test sample contains more than five (5) and ten (10) or less micrograms of phenylbutazone, or oxyphenylbutazone or the sample does not show phenylbutazone or oxyphenylbutazone, a fine of \$300.00 to the horse's trainer, without loss of purse.

(C) A test sample with a phenylbutazone to oxyphenylbutazone ratio of greater than 3.1 shall be a rebuttable presumption of administration less than 24 hours before scheduled post time.

(D) If any test sample contains more than 10 micrograms of phenylbutazone or oxyphenylbutazone, a fine of \$300.00 to the horse's trainer and may result in a loss of purse.

(b) If phenylbutazone is detected in the urine or in any other specimen taken from a horse not stated to have phenylbutazone in its system on the entry form and/or program, the violation will result in a fine of \$250.00 and loss of purse.

(c) If the same horse has three (3) overages of phenylbutazone during a 365 day period the commission veterinarians shall issue a ruling to rule the horse off phenylbutazone.

(7) Horses on phenylbutazone will be designated on the overnight and the daily racing program with a "B." Errors in the listing of phenylbutazone in the program, when discovered, shall be announced to the public and will not result in the horse being scratched.

(8) Dimethylsulfoxide. (DMSO) may be administered to a animal as an external topical application. No authorization or written approval from the commission veterinarians representing the commission is required for the external application of DMSO by either the horse's owner or trainer or licensed veterinarian.

(9) Sulfa drugs. Non-interfering levels of sulfa drugs in urine tests shall not be considered a violation of the prohibited medication statutes or rules. Non-interfering level shall be considered to be anything less than 1 microgram per milliliter.

##### Epistaxis Treatments

(1) Horses to run on epistaxis treatments must be so noted on the entry form at the time of entry. Errors may be corrected up until scratch time. If no scratch time is used, errors must be corrected by noon following entry.

(2) The commission veterinarian shall establish and publish reasonable procedures pertaining to use of the epistaxis treatment. A copy of the established procedure shall be posted in the office of the racing secretary under the direction of the commission veterinarian.

(3) Horses that are entered to race with epistaxis treatment must be administered furosemide at least four hours prior to but not more than five hours prior to post time of the horse's scheduled race. The maximum dosage of furosemide which may be administered is 250 milligrams and the minimum dosage shall be that which can be detected in the horse's urine sample. (At 4 hours prior to post 150 milligrams can be detected). The commission may approve the use of epistaxis treatments at any race meet, if in the opinion of the com-

mission the race meet can provide the necessary qualified staffing, security and for the additional laboratory analysis costs and any other controls necessary to administer the program. A licensed veterinarian must administer the epistaxis treatment.

(4) If the authorized epistaxis medication is not detected in the horse's urine or in any other specimen taken from the animal either prior to or following the race, a fine of up to \$250.00 and may be imposed upon the horse's trainer without loss of purse.

(5) Unauthorized use of epistaxis treatment will result in a fine of up to \$250.00 to the horse's trainer without loss of purse.

(6) Horses entered to race with epistaxis medication will be designated on the overnight and the daily racing program with a lasix or "L." If the race is the first race the horse is to run in on lasix, it shall be designated in the daily racing program with a "1-L." If the race is the first race the horse runs without lasix after running one or more races with lasix it shall be designated in the program by "O-L."

(7) When discovered prior to the race, errors in the listing of epistaxis treatments in the program shall be announced to the public.

(8) The decision of whether to scratch a horse which has been entered incorrectly or is incorrectly treated shall be left to the discretion of the commission veterinarian.

##### Testing Procedures; Consequences

(1) The board of stewards or commission veterinarian may require any horse to be tested for drugs prior to removal from any list, after any race or workout, or whenever they have a reasonable suspicion that an illegal drug or excessive quantity of authorized drug has been used in a horse. Upon the specific request of a horse's trainer or other designated representative, a split sample shall be obtained unless there is insufficient specimen for a split sample.

(2) Whenever requested by the commission stewards, or commission veterinarian, any horse on a racecourse shall be immediately submitted by the horse's owner or trainer authorized agent to the commission veterinarian or designated representative for examination or testing. If the horse is not on the racecourse, it must be promptly returned to the racecourse. An extension of time may be granted if good cause is given at the time the request is made.

(3) If urine sample is not obtained within one hour of the time the horse started walking, the commission veterinarian may administer the diuretic furosemide to the horse. The needle and syringe used for the diuretic shall be labeled and attached to the urine sample's container. The quantity of diuretic administered shall be indicated on all portions of the urine tag.

(4) The horse's trainer shall be present in the testing area when a urine or other specimen is taken from a horse, unless the horse's owner or authorized representative who is at least 15 years old is present, and shall remain until the sample tag is signed by the trainer or other representative as witness to the taking of the specimen. Failure to be present at or refusal to allow the taking of any specimen, or refusal to sign the specimen tag, or any act or threat to impede or prevent or interfere with the taking of a specimen is a violation and shall be reported to the stewards.

(5) Any test or examination made by the commission veterinarian may be witnessed by any commission representative and by the owner, trainer, or authorized agent of the horse.

(6) When laboratory analysis confirms the presence of an unauthorized drug, the commission investigators shall immediately conduct a thorough investigation of the incident. Within a reasonable time after receipt of the lab results and investigative report, the stewards shall hold or request the commission to hold a hearing to determine if the horse raced with an unauthorized drug and/or an excessive amount of an authorized drug in its system, and if so, who was responsible for the horse's condition.

(7) Laboratory analysis of saliva, urine, blood, or other sample taken from a horse after a race which indicates the presence of an unauthorized drug or an excessive quantity of an authorized drug

shall be conclusive evidence that the horse contained that drug or quantity of drug during the running of the race.

(8) The owner or trainer or authorized agent of the horse may request confirmation of the lab results within 3 days of official notification of a positive test. The commission shall have forwarded the remaining portion of the horse's specimen or the split sample to a qualified Association of Official Racing Chemists laboratory in another racing jurisdiction. The commission will not release a horse's specimen to any representative of the horse. All expenses for a confirmation test, including but not limited to transportation, analysis, and personal testimony from the other laboratory shall be borne by the horse's trainer. A copy of all written material received from the laboratory which conducted the confirmation analysis shall be forwarded to the horse's representative. The commission or stewards may use the written material as evidence at any hearing.

(9) If a horse is found to have raced in violation of the medication statutes and rules, excluding those statutes and rules governing the use of non-steroidal anti-inflammatory drugs or with trace levels of therapeutic medications as determined by the commission as authorized by ORS 462.415(7), its owners shall not participate in the purse distribution of that race and the horse shall be disqualified. Those owners shall promptly return any portion of the purse, together with any trophy. When a horse is disqualified in a race because of this rule, the eligibility of other horses which ran in the race and which have started in a subsequent race before announcement of the disqualification shall not be affected. If the ruling or order disqualifying a horse is appealed to the commission, all horses involved in the race shall participate in future races based upon the original order of finish of the race in question until final disposition of the appeal by the commission.

(10) If laboratory analysis detects any substance in quantities that interfere with the true and accurate testing and analysis of blood, saliva, urine or other samples taken from the racing animals, the laboratory shall perform alternate testing procedures to determine if any other prohibited drugs are present. The cost incurred by this additional testing shall be borne equally by the commission and the licensee. If another prohibited or unauthorized drug is found, the sanctions for the use of such drug shall apply.

### GREYHOUND RACING REQUIREMENTS AND PROCEDURES

#### 462-170-0010

##### Official Schooling Requirements; Establishing Weight

(1) Before a greyhound may be officially schooled, the following requirements must be met:

(a) The greyhound must be properly registered with the NGA. However, the commission may certify any greyhound whose lack of registration with the NGA is attributable to arbitrary, discriminatory, or other unreasonable action or inaction. All transfers of any title to, leasehold or other interest in, greyhounds which will race in Oregon must be registered with the NGA;

(b) The greyhound must be fully identified by its Bertillon and ear tattoos;

(c) The greyhound's up-to-date official NGA ownership paper and (where applicable) complete lease agreement must be filed with the racing secretary. If a change of ownership is pending, registration of a photocopy of the NGA paper is satisfactory for official schooling purposes while the original paper is at the NGA;

(d) The owner or trainer must completely fill out and submit to the racing secretary an official schooling entry form provided by the racing secretary. The owner or trainer shall clearly indicate on the entry form the name and location of the track and the grade of the greyhound at the track where the greyhound last officially raced. If the owner or trainer is aware that a greyhound has been cited or ticketed for interference during an official race at any other track, the owner or trainer shall disclose that fact on the entry form;

- (e) The greyhound must be in the care of a licensed trainer;
- (f) The greyhound must be eligible by age to enter an official race;

(g) The greyhound must not have been ruled off or be under suspension by an official body of any racing jurisdiction for a reason that would cause them to be ruled off or suspended in Oregon;

(h) The kennel owner or trainer must submit in writing to the racing secretary at a minimum the greyhound's last four lines from the track at which the greyhound most recently performed in an official race, if any.

(2) If a greyhound performs satisfactorily in any one of the prescribed distances it shall be qualified to race in all of the remaining distances available. Maidens and overage maidens with no previous official betting starts must have at least two satisfactory official schooling lines to be eligible for maiden graduation races, and three satisfactory official lines to be eligible for maiden pari-mutuel races. It is the trainer's responsibility to designate greyhounds as eligible for maiden graduation races or maiden pari-mutuel races. All other greyhounds need only one satisfactory schooling race.

(3) A greyhound which has been properly entered for official racing must perform satisfactorily in further official schooling before it may be re-entered for official racing if:

(a) The greyhound has been scratched from an official race unless the board of judges rule that a racing secretary's clerical error has caused the scratch;

(b) The greyhound has not raced for a period of ten racing days; however, schooling requirements may be waived by the board of judges if in their opinion satisfactory racing and schooling lines are available from another track, but only if the greyhound is returning to the Oregon track after an absence from performance at the current race meet;

(c) The greyhound has been placed on the "Schooling List" by the board of judges because its performance demonstrates a need for further schooling.

(4) Official schooling races must:

(a) Take place at an official racecourse in the presence of two or more of the judges;

(b) Consist of at least three greyhounds starting, provided that four or more have been officially entered and placed in the schooling race by the racing secretary; starting from a starting box, and wearing blankets and racing muzzles;

(c) Be at a distance of 5/16 mile or longer;

(d) The weigh-in-grooming, lead-out, starting, and racing requirement described in OAR 462-170-0050, 462-170-0060, and 462-170-0070 apply to official schooling races unless expressly limited to official racing.

(5) Whenever possible, greyhounds shall be schooled no more than one grade apart from all other greyhounds in the race.

(6) Any greyhound observed interfering, bearing out or in, quitting, or seriously checking in any official race or schooling race will be required to school back satisfactorily before being entered in an official race.

(a) Greyhounds which have interfered and are entered back for schooling will be schooled a minimum of two times with other greyhounds which have also interfered (within one grade only). If there are not enough of these greyhounds to make up a race, the racing secretary may school them with other greyhounds within one grade only, but only with the permission of the owners or trainers of the greyhounds which are not schooling because of interference. Schooling programs shall clearly identify any greyhound which is being schooled because of interference. There shall be at least four (4) starters in each "interfered" official schooling race.

(b) Greyhounds schooled back for quitting, bearing in or out, or checking are not required to be schooled back with greyhounds which committed those offenses. Any greyhound observed interfering twice or quitting twice while racing or officially schooling in Oregon during its entire racing experience shall be ruled off and will not be allowed to race further in Oregon.

(7) An official schooling performance is satisfactory if, in the opinion of the judges, the greyhound demonstrates that it is sufficiently experienced to compete properly.

(8) The trainer shall orally establish a greyhound's racing weight with the scale clerk at weigh-in for the greyhound's first official schooling race. The racing weight may be changed by one pound by oral request to the scale clerk at the time of weigh-in for any subsequent official schooling race. Any variation of more than three pounds from the new racing weight shall cause the greyhound to be scratched from the schooling race. The racing weight set as of the start of the greyhound's last official schooling race shall be the greyhound's official racing weight.

#### 462-170-0020 Weight Changes

In order to change the official racing weight of a greyhound during official racing, the kennel owner or trainer shall fill out in quadruplicate, date and sign a weight change request slip and deposit it in the weight change box in the paddock area at the time designated by the scale clerk. The weight change may not exceed one pound, unless the greyhound has not raced or officially schooled for a period of 21 days, in which case it shall be allowed to establish a new racing weight upon notification to the board of judges and may be entered for official schooling immediately upon receipt of consent. Weight changes are only allowed once every ten days, except with permission of the judges for good cause shown. After a change of official racing weight the greyhound may not race at its new racing weight for four days. The day the request slip is deposited shall count as the first day. All weight changes require the written consent of a member of the board of judges.

#### 462-170-0030 Grading System

(1) When a greyhound's NGA paper has been submitted to the racing secretary prior to official schooling, the racing secretary will assign a grade to the greyhound. The grade will be determined by the grade in which the greyhound started its last race at its most previous track; however, a greyhound who's previous race was grade "maiden" and who won that race shall be placed in grade D. The racing secretary may use a track rating list on file in the secretary's office in adjusting grades of greyhounds racing at tracks given lower ratings, but in no case may a greyhound be lowered more than one grade. No greyhound will be initially placed in Grade E.

(2) The grades, in descending order, shall be A, B, C, D, E and M. The grade shall be composed according to the following rules:

(a) Over age maidens shall be initially graded in Grade D, shall carry the letter M beside their name in the program, and shall then conform to all grading system rules.

(b) Grade M will be composed of maidens.

(3) When a greyhound wins a race, it shall be advanced one grade, until it reaches Grade A. However, a greyhound which wins a maiden race or maiden graduation race shall be advanced two grades to Grade D, unless its win came in its fourth or subsequent start and its owner or trainer requests that it only be advanced to Grade E.

(4) Upon request of the owner or trainer, and with approval of the board of judges, a maiden may become a graded maiden and may advance to Grade D if it finishes second in an official maiden or maiden graduation race. The request must be made within two starts after the greyhound finished second. Under extraordinary circumstances, the judges may waive this requirement.

(5) A greyhound that fails to finish at least third in three consecutive starts or has at least two thirds in four consecutive starts in the same grade will be lowered one grade until it reaches Grade D.

(6) A greyhound racing officially in Grade D will be dropped a grade if:

(a) It started the meet graded and fails to finish fourth or better in four consecutive starts.

(b) If it started the meet in maiden and fails to finish fourth or better in six consecutive starts.

(7) A greyhound officially racing in Grade E shall be dropped from further competition if it fails to finish third or better in three consecutive starts, or at least two thirds in any four consecutive starts in Grade E.

(8) At the request of the trainer, the board of judges may lower a greyhound racing in Grades A, B, C, or D one grade, whenever it is determined by the board of judges that the greyhound's performance justifies the grade change. The following guidelines shall be considered but not binding:

(a) A greyhound may be lowered one grade if it finishes seventh, eighth or ninth in its first start during a race meet at odds of 20 to 1 or more;

(b) A greyhound may be lowered one grade if it finishes further back than fourth in its first two starts during a race meet at odds of 15 to 1 or more;

(c) Except in extraordinary circumstances, a greyhound which has been dropped a grade should not be dropped a second grade until it has raced twice in its new grade.

(9) Any greyhound (except Grade E) which has had an official start at the current race meet and has been off 45 days because of illness or injury shall be lowered one grade only, upon the request of the trainer and notification of the board of judges.

(10) A greyhound which has been raised or lowered to a new grade as a result of its performance in an elimination heat in the Oregon-bred Juvenile, Futurity or Sapling Derby may be returned to its previous grade if the owner or trainer obtains approval of the board of judges.

(11) A greyhound racing in Grade M or in maiden graduation races may be dropped from further competition if it fails to finish fourth or better within six starts.

(12) Grading changes which are mandated by section (3), (5), (6) and (7) of this rule shall be made automatically unless the board of judges unanimously agrees that the application of the rule would result in misgrading the greyhound.

(13) Greyhounds of different grades may be used in all races except 5/16ths of a mile. These races may be made up by the racing secretary, giving preference to suitable greyhounds on the preferred lists. Winners of these races shall be advanced one grade from their previous grade. If the greyhound fails to win (See section (5) of this rule), the start will count in the usual manner. Those mixed grade races shall be identified by the letter "T". This same procedure shall govern stake races, but these shall be identified by the letter "S", and special races shall be identified by the letter "P" for points added.

#### 462-170-0040

##### Entering for Official Racing

(1) Except in emergency circumstances with prior approval of the board of judges, a greyhound must be properly entered for official racing before it may start an official race. To enter a greyhound for official racing, the owner or trainer must fill out completely and submit to the racing secretary an official entry form provided by the racing secretary.

(2) Continuous Entry. Entry of a greyhound for any official race will constitute entry for all other races in the race meet for which the greyhound is qualified. However, entry is automatically terminated when any one of the following occurs:

(a) The entry is modified or withdrawn for good cause by submitting an official form to the racing secretary;

(b) The greyhound is scratched from an official race, fails to race for a period of ten racing days, or is placed on the "Schooling List";

(c) Any person required to be licensed as an owner of the greyhound is denied a license, ruled off, or their license (is suspended or) has been revoked by an official body in any racing jurisdiction for a reason that would cause them to be ruled off or suspended in Oregon;

(d) The racing secretary determines that any of the entry requirements listed below has not been met or is no longer being met; or

(e) The greyhound is placed on the "Vet's List."

(f) A greyhound which has been placed on the "Schooling List" cannot be re-entered until the judges indicate to the racing secretary that the greyhound has performed satisfactorily.

(3) Entry Requirements. Before a greyhound may be entered for official racing, the following requirements must be met:

(a) The greyhound's up-to-date NGA ownership and (where applicable) completed lease agreement must be on file with the racing secretary. Photocopies are not acceptable. With the approval of the board of judges, papers may be released to facilitate transfer to another track where the greyhounds will be racing immediately after closing. Papers may also be released by the Board of Judges when an obvious clerical error must be corrected by the NGA, in which event the greyhound may continue to race and school officially.

(b) The greyhound must successfully complete all official schooling requirements.

(c) The greyhound must be in sound racing condition.

(d) The greyhound must be in the care of a licensed trainer. If the trainer's license is suspended or revoked, approval of the board of judges is required before the greyhound may be placed in the care of another licensed trainer.

(e) The greyhound must be at least 15 months old.

(f) The greyhound must have ear tattoos, or if an ear tattoo is not visible or is not identical to the tattoo as described on the greyhound's NGA registration, the discrepancy must be officially noted on the registration by the NGA. If a number or letter of an ear tattoo is not clear or is unreadable, or if it is impossible to see a tattoo, the NGA registration must indicate that fact.

(g) The greyhound's kennel owner or public kennel owner must be licensed and must not be ruled off or under suspension by an official body in any racing jurisdiction in the United States.

(h) The kennel owner must submit in writing to the racing secretary, who shall immediately submit a copy to the board of judges, a list of the full names of all persons pursuant to 462-120-0040 having an ownership interest in the greyhound or having any interest in the greyhound's purses. All persons having an ownership interest in the greyhound must be identified on the NGA registration papers.

(i) The kennel owner or trainer must submit to the commission an up-to-date kennel roster listing the kennel owner's trainer, authorized agent (if any), grooms, and other employees. Changes must be reported to the commission within 48 hours by having the new trainer or employee sign the kennel roster.

(j) All of the persons required to have a greyhound owner's license must be licensed and must not be ruled off or suspended by an official body in any racing jurisdiction for any reason that would cause them to be ruled off or suspended in Oregon.

(k) The greyhound must not have been ruled off by an official body of any racing jurisdiction for any reason that would cause it to be ruled off or suspended in Oregon.

(l) Female greyhounds coming in season during the race meet shall not be permitted on the race track. Said greyhounds shall be placed on the "Vet's List" when detected and shall not be permitted to school officially or race officially until approved by the commission veterinarian.

(m) The kennel owner must certify in writing that the greyhound has never been trained with a live lure or an animal killed for the purpose of training greyhounds. If the greyhound is leased to the kennel the person leasing the greyhound to the kennel must certify in writing that the greyhound has never been trained with a live lure or an animal killed for the purpose of training greyhounds.

(n) Beginning in 1993, kennels must be housed in the kennel compound located at the racecourse.

**EXCEPTION:** All kennels booked at MKC for the 1992 race meet and not in the kennel compound. (This exception is granted for nontransferable "grandfather rights" of eligible long existing kennels in the state of Oregon which kennels were assured these rights prior to the construction of the kennel compound in 1986.)

(o) The greyhound shall have a current rabies virus vaccination and a current vaccination certificate signed by a licensed veterinarian accompanying the registration papers.

(p) A signed agreement is on file which includes a clause concerning "abandonment" as defined in these rules and in ORS 167.340.

(4) A greyhound may be entered before all of its owners have been licensed, however, owners must be licensed no later than 15 minutes prior to post time of the race in which the greyhound is to participate.

##### Forming the Race; Withdrawals; Stake Races

(1) A greyhound may not be drawn into or start a race unless all of the following requirements are met:

(a) The greyhound must continue to be properly entered for official racing and must meet all of the entry requirements;

(b) The greyhound must be in the hands of a licensed trainer, approved by the Board of Judges;

(c) The greyhound must be of the proper grade and meet all other race qualifications;

(d) If the greyhound has been scratched or withdrawn for medical or physical reasons (except weight scratches) since its last official race, the commission veterinarian must give approval for it to race;

(e) Except for "special races", if the greyhound is on the "Weight Loser's List", it may only be drawn into the first five races on any race day, without prior authorization from the commission veterinarian;

(f) Two greyhounds from the same kennel may be drawn into any race. Double entries shall be uncoupled for wagering purposes.

(g) Greyhounds of different grades may be used in all races except 5/16ths of a mile (except as provided for in "stakes" or "special" races). These races may be made up by the racing secretary, giving preference to suitable greyhounds on the preferred list.

(h) Under extraordinary circumstances, triple entries may be allowed with the approval of the trainer and board of judges, where no other qualified entrants are available.

(2) Any special entry requirements, including qualifying times and purses, for particular races or classes of races must be approved by the commission. The number and nature of stake and special races must be approved by the commission; however, subsequent to this approval, should emergency situations arise, the board of judges may make single-item changes or additions, with immediate subsequent notification to the commission of such action. The conditions of entry for all special and stake races shall be submitted by the racing secretary and approved by the board of judges.

(3) The racing secretary may select from greyhounds of the same grade to fill five (5) feature races each week. The racing secretary must select from Oregon-bred greyhounds to fill at least one (1) Oregon-bred exclusive race per performance. The racing secretary may make no more than twelve (12) races per week. All other races except stake and special races shall be drawn by lot in the presence of a member of the board of judges or an appointed representative of the board of judges and any representative(s) of the kennels who wish to attend. If there is not a sufficient number of qualifying Oregon-bred greyhounds to fill the Oregon-bred greyhound race for a performance, the racing secretary may enter other greyhounds in the race in addition to the available qualifying Oregon-bred greyhounds.

(4) In forming the races for the overnight draw, the racing secretary shall establish the grades of the various races, based upon the available entries and giving the better grades preference. The greyhounds left over after the drawing of a race shall have priority in the next races of that grade to be drawn.

(5) After the overnight draw and prior to the post position draw, a greyhound owner or trainer may withdraw the greyhound from a race for good cause. However, the owner or trainer may be fined or suspended if the racing secretary did not approve the withdrawal.

After withdrawal of a greyhound, the racing secretary may replace the greyhound in accordance with the grading system rules. Any greyhound withdrawn from a race longer than 550 yards must make its next start in a race of the same distance, unless excused by the racing secretary for good cause.

(6) Post positions for all official racing (except for official schooling) shall be drawn by the racing secretary, in the presence of a member of the board of judges or their designee and conducted in the racing secretary's office. The draw will take place no later than one day prior to the running of the race. Post positions for special events (i.e. stakes races) shall be conducted as stated in the stake race condition sheets. Post positions for official schooling races shall be drawn by the racing secretary.

(7) After the post position draw, any removal of a greyhound from a race constitutes a scratch, and must be ordered or approved by the judges, after a showing of good cause.

(8) No greyhound may be drawn into an official pari-mutuel or maiden graduation race after the post positions are drawn. No greyhound may be drawn into an official schooling race after post positions are published, except under extraordinary circumstances, or in the case of clerical errors. Late additions to schooling must be approved by the director of racing and the board of judges.

(9) Except in special, stakes, stakes elimination and official schooling races, there must be at least four separate entities represented or the race will be cancelled.

(10) Special Races. In the event the number of entries to any special race is in excess of the number of greyhounds that may, because of track limitations, be permitted to start, the starters for the race shall be determined by the racing secretary.

(11) All aspects of this section shall apply to maiden graduation races.

##### Weigh-in; Weigh-out; Grooming Requirements; Scratches

(1) All greyhounds shall be available for weigh-in at the designated time prior to any official schooling race and for official racing. No greyhound shall be weighed in less than one hour before the time of the first race on the program. Weigh-in must be done by the head lead-out under the supervision of the scale clerk with a member of the board of judges present. Only the kennel owner, trainer, or a licensed groom designated on the kennel roster may present a greyhound for weigh-in. No greyhound may be weighed in or out a second time after leaving the scale room. Any greyhound that is not presented for weigh-in at the designated time may be scratched. Any greyhound that weighs in for an official race more than two pounds heavier or lighter than its official racing weight shall be scratched. (See OAR 462-170-0010(8) for official schooling scratches rules).

(2) No greyhound shall be presented for weigh-in unless it meets the following conditions:

- (a) Has a clean coat;
- (b) Has been recently brushed;
- (c) Has its toenails trimmed;
- (d) Has its ears and eyes cleaned;
- (e) Has no ticks;
- (f) Has few or no fleas.

(3) All greyhounds presented for weigh-in must be wearing a collar, leash, and approved muzzle. All greyhounds presented for official racing must have an identification tag and an approved muzzle. Failure to comply with any of these conditions or requirements may result in a scratch.

(4) During official racing, all greyhounds shall be weighed out immediately prior to leaving the paddock for the starting box. Any greyhound that loses three or more pounds between weigh-in and weigh-out shall be scratched, unless the commission veterinarian determines that the greyhound is in sound racing condition and notifies the board of judges.

(5) The board of judges may scratch any greyhound which the commission veterinarian determines is not in sound racing condition or is a danger to the health or safety of other greyhounds.

(6) The board of judges must scratch any greyhound which is not eligible to be entered to start in a race.

##### Lead Out; Start; Race

(1) Before leaving the paddock for the starting box every greyhound must be equipped with an approved muzzle and the appropriate blanket. All greyhounds will be exhibited before post time of the race in which they are entered. Any additional racing equipment, such as blinkers, must be approved, in writing, by the board of judges prior to the greyhound being entered into an official pari-mutuel wagering race. Any addition and/or removal of racing equipment must be approved by the board of judges and the greyhound must race in that equipment until removal is authorized.

(2) All greyhounds shall be led from the paddock to the starting box by a licensed lead-out employed by the race meet licensee. Muzzles and blankets shall be examined again by a designated person in a public place before the greyhounds enter the starting box.

(3) The greyhounds shall be started from a type of starting box approved by the commission. A race starts when the starting box opens completely.

(4) If a false start occurs, the greyhounds shall be removed from the starting box. The judges shall determine whether the race will be cancelled or will be run after the malfunction is repaired.

(5) No race shall be called official unless the lure is in advance of the greyhounds at all times during the race, and if at any time during the race any greyhound catches or passes the lure, the judges shall declare it "No Race."

(6) If a greyhound bolts the course, runs in the opposite direction, or does not run the entire prescribed distance for the race, it shall forfeit all rights in the race and, no matter where it finished, the judges shall declare the finish of the race the same as if the greyhound were not a contender. However, the greyhound shall be considered a "starter." If such greyhound, in the opinion of the judges, disrupted any other greyhound in the race, the judges shall declare it "No Race" except when, in the opinion of the judges, the disruption clearly did not affect the outcome of the race.

(7) If it appears that a greyhound may disrupt the running of the race because of failure to leave the starting box, because of an accident, or for any other reason, any person stationed around the track under the supervision of the judges may remove the greyhound from the track. However, the greyhound shall be considered a "starter."

(8) If a race is marred by jams, spills, or racing circumstances other than accident to the machinery while a race is being run, and three or more greyhounds finish, the judges shall declare the race finished. However, if fewer than three greyhounds finish, the judges shall declare it "No Race."

(9) If there is a failure in any of the mechanical equipment used on the racetrack during the running of a race, the board of judges may declare it a "No Race" if, in their opinion, it influenced the outcome of that race.

##### Order of Finish; Dead Heats; Prize Dissention

(1) The winner of a race shall be the greyhound whose muzzle first reaches the finish line, unless the greyhound is disqualified by the judges for ineligibility or other good cause. In the event a greyhound loses its muzzle or finishes with a hanging muzzle, the tip of the greyhound's nose shall determine its order of finish. The order of finish for all other places shall be determined in a like manner.

(2) When two or more greyhounds reach the finish line at the same time, or it is impossible to determine from the photo finish photographs which of the greyhounds reached the finish line first, the judges shall declare a dead heat. When greyhounds run a dead heat,

all money and prizes to which the greyhounds would have been entitled if it were not a dead heat shall be divided equally among them. When a dead heat is for first place, each greyhound finishing first in the dead heat shall be deemed a winner.

(3) If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot in the presence of one or more of the judges.

##### Purses

(1) The share of the purse of any person who has not been licensed shall be held until the person is licensed. If a completed application has not been submitted to the commission the unlicensed party's share of any purse earned shall be forfeited to the racing commission's cash account and any greyhound owned by the unlicensed person shall be deemed ineligible from further participation until reinstated by the board of judges.

(2) Whenever the board of judges has reasonable grounds to believe that any violation of the statutes or rules of greyhound racing has occurred, it may order that a purse be held up. Also, the commission may order that a fine imposed on a licensee be deducted from the licensee's share of a purse. Otherwise all portions of purse money shall be made available to the winners promptly following the release of the purses by a representative of the commission, except portions of purses owing to persons who have not yet been licensed by the commission. Purses will not be released until the test results of the greyhound's urine, saliva, blood, or other specimens have been reported to the commission.

(3) If a greyhound raced while it was not eligible, the board of judges may order forfeiture of any person's share of an undistributed purse of a person who should have known that the greyhound was not eligible.

(4) No percentage of a purse may be deducted by the race meet licensee for itself or another person except as provided by law or by written agreement with the person to whom such winnings are payable. However, upon request of either the kennel owner or greyhound owner, the race meet licensee may pay the greyhound owner's share directly to the greyhound owner.

### CARE OF GREYHOUNDS

#### 462-180-0010

##### Purchase, Sale, Trade, and Adoption

(1) All NGA registered greyhounds offered for adoption must be processed through an ORC approved adoption kennel.

(2) Records shall be made and retained for a period of 12 months for each greyhound sold, traded, or adopted from a licensee. Records shall include date of sale or transfer, identification of greyhound, names and addresses of seller and purchaser or transferor and recipient, and source of greyhound.

That person shall witness the taking of the specimen, and shall sign the sample tag and/or do any other thing as directed by the test barn staff necessary to maintain the chain of evidence and the processing of the sample. Any specimen may be taken prior to the race or after a greyhound has participated in a race. In the event no owner, trainer, or authorized licensed representative of the greyhound being tested is present when the specimen is collected, the commission veterinarian and one other person who witnessed the collection of the specimen shall sign the sample tag and/or do any other thing as directed by the test barn staff necessary to maintain the chain of evidence and the processing of the sample.

(3) Willful failure to cooperate, be present at or a refusal to allow the taking of any such specimen, or refusal to sign the specimen tag and/or do any other thing as directed by the test barn staff necessary to maintain the chain of evidence and the processing of the sample, or any act or threat to impede, prevent or otherwise interfere

with the taking of a specimen shall be reported to the judges for appropriate investigation and disciplinary action.

##### Closing Wagering and Locking Pari-Mutuel Machines

(1) For Horse Racing: The pari-mutuel machines must be locked when the starting gates open. Unless the pari-mutuel machines were locked through error, they may not be reopened once they have been locked, even if there is a malfunction of the starting gate which causes a delay or a scratch.

(2) For Greyhound Racing: The pari-mutuel machines shall not be locked until the lure begins to move, signifying the start of the race. After the lure has commenced to move, if there is a malfunction of the starting box which causes a delay, at the sole discretion of the board of judges, the pari-mutuel machines may be reopened for wagering. In addition, if the pari-mutuel machines were locked through error, the board of judges may order the machines reopened for wagering.

##### Totalizator and Tote Board Operations

(1) The race meet licensee shall install, maintain in operable condition and operate continuously an electric totalizator during each meeting.

(2) A totalizator shall be so designed that it will indicate the total amounts and the amounts on each runner, entry and field so wagered from time to time as the wagering progresses. There shall be operated in connection with such totalizator one or more boards on which shall be prominently displayed, within view of the public, winning odds on each runner as indicated from time to time during the progress of such wagering, and at intervals of not more than ninety (90) seconds between each complete change. The totalizator shall be designed so that the ticket machines shall be automatically locked by the stewards or judges by the pressing of a button ringing what is commonly known as the "off bell."

(3) The presiding steward or the presiding judge or his/her appointed official shall push the button that closes the pari-mutuel machines, and shall see to it that every effort in the racing operation is made by all departments to meet advertised post time.

(4) At no time shall the odds board display odds to figure less than a gross of 104 percent or more than a gross of 127 percent.

(5) Copies of all takeoff sheets from the totalizator, or otherwise, shall be delivered at once to the supervisor of mutuels or his/her representative.

(6) The calculator of the approximate odds shall keep a complete detailed record of each race containing each change of readings of odds, the percentage figures on the final reading and the actual possible "payoff" on each runner. Such records shall be delivered to the supervisor of mutuels at the end of each racing day.

(7) Any faulty operation of the totalizator or infield board (tote board) shall be explained in detail in a written report by the "tote operator," and a copy of said report given to the manager of mutuels and to the state supervisor of mutuels without delay. Said report shall be immediately communicated to the Oregon Racing Commission.

(8) Whenever the totalizator mechanism fails and is obviously unreliable as to the amounts wagered, all figures on the "tote board" so affected shall be removed immediately and the payoff shall be computed on the sums wagered in each pool, as shown by the recapitulation of the sales registered by each individual ticket issuing machine.

(9) Whenever there is a difference in any pool or pools (i.e., a difference between the sum total of the wagers on individual runners as compared with the grand total as shown by the "tote board"), the larger amount shall be used as the base on which the commissions are computed and paid to the race meet licensee and to the state, respectively.

(10) If an error is made in posting the payoff prices on the "tote board," it shall be corrected promptly, and the public shall be so advised of the correction by announcement over the public address system. The correct amounts so announced shall be used in the payoff, irrespective of the amounts posted on the "tote board."

(11) Nothing in these rules shall be construed to prevent the stewards/judges from correcting an error before the display of the sign "Official." If the "Official" sign is displayed in error, in the order of finish or incorrectly posted mutuel prices, and the error is discovered within forty eight (48) hours after the displaying of the "Official" sign, the pools and purses shall be calculated in the correct manner and the race meet licensee shall assume any losses. Holders of pari-mutuel tickets cashed prior to discovery of such error shall not have any claim for any additional or corrected amounts.

(12) Prices shall not be displayed before the race is “official” and prices shall be promptly displayed after the race is declared “official.”

(2) In case of unanticipated and unforeseen emergencies and delays (such as electrical failure, totalizator problems, etc.) which arise either preceding or during the conduct of a race program, the stewards/judges may take any action which they deem appropriate to permit the completion of such program, including, but not limited to, extending wagering and running of races beyond the hour of midnight. Any such extension shall be considered a part of a single, continuing race day, and not as a new race day. ##### Unclaimed Winnings Account

(1) Every race meet licensee conducting a race meet or continuous race meet shall carry on its books for each race meet an account to be known as the Unclaimed Winnings Account showing the total amount due on outstanding winning mutuel wagering tickets not presented for payment. All funds in the Unclaimed Winnings Account shall be retained by the licensee and deposited in a separate account from all other funds. No payments shall be made by the licensee from this account except to a person who presents a valid, clearly identifiable winning ticket. The account number and place of deposit shall be reported to the commission within 96 hours of the first day of the race meet or continuous race meet. All deposits by the licensee to the Unclaimed Winnings Account shall be made by the third business day following each race day. A statement of the balance of the Unclaimed Winnings Account shall be furnished to the commission within 72 hours after any change in the account balance during the race meet, and after the race meet, within five days following the last day of each month in which there is any change in the account balance.

(2) Any person claiming to be entitled to any part of the winnings from a mutuel wagering system operated by the race meet licensee, who fails to claim the money due such person prior to the

competition of the race meet at which the pari-mutuel wagering ticket was purchased, may within 90 days after the close of the meet file with the race meet licensee a claim, in such form as the commission shall prescribe, accompanied by the valid winning ticket. If the claimant establishes the right to winnings from the mutuel wagering system, the race meet licensee shall pay such winnings to the claimant. At the expiration of such 90 day period, the holder of such a winning ticket shall possess no right to any portion of the wagering and the ticket shall be deemed void. Notwithstanding the provisions of this section, if the 90th day prescribed herein falls upon a Saturday, Sunday or legal holiday, then the holder shall file such claim with the licensee on the first business day thereafter.

(3) One hundred and twenty days after the close of a race meet conducted by a race meet licensee or after the close of a continuous race meet conducted by two or more race meet licensees, and amount equal to the outstanding balance of the Unclaimed Winnings Account shall be paid to the commission.

##### Approval Criteria of the Commission for Authorizing Receiving Tracks

The Oregon Racing Commission will use the following criteria to approve Oregon tracks (race meet licensees) to receive out-of-state simulcast signals.

(1) During Live Race Meet. The Oregon track must be conducting a live race meet during the time in which it is requesting to simulcast in the out-of-state races. The commission will use calendar weeks in determining if a race meet is being conducted by the track during the time that the simulcasting of out-of-state racing is being requested.

(2) Consent. A race meet that wishes to simulcast in races from out-of-state must receive the consent from the organization which represents the majority of the persons who race animals at the meet. If in the opinion of the commission this consent is being unreasonably withheld the commission may waive this requirement.

(3) Purses. An application for simulcasting must include a method for protecting purses at the live meet from the effects of simulcasting. Unless otherwise approved by the commission or a different agreement is reached pursuant to the consent requirement set out in section (2) of this rule, the commission will require that purses shall be paid as a percentage of total handle (live+simulcast).

(4) Live Signals. A race meet authorized to simulcast must send its live signal to all off-track outlets. The off-track outlets must accept the signal of any Oregon track which simulcasts its live signal to the exclusion of any out-of-state signal.

(5) Singularity of Importing Race Meets. The commission will not approve more than one Oregon race meet to import out-of-state signals during the same day(s).

(6) Allocation of Simulcast Dates. On a date set during January of each year, the commission will accept and consider proposals to simulcast submitted by commercial race meets scheduled to begin during that calendar year. For race meets which have not yet received a license to run a live meet during that year, any authorization to simulcast will be subject to the receipt and approval of an application for a race meet license. In the event the commission receives more than one proposal to simulcast during the same period of time, preference will be given to the best overall proposal. Consideration will be given to all factors the commission deems relevant, includ-

ing but not limited to: the number of live performances, history and financial strength of its principals and licensees, and the quality of the race meet facility.

##### General Operations of Off-Track Facility

(1) The video/audio signal receiving controls, the fax machine and ring-down phone or business system phone with speed dial must all be in an area accessible to the mutuel line supervisor.

(2) The mutuel windows at the off-track facility will not be opened for betting until such time as the transmission of the win odds to the off-track facility has begun for the first race of the first performance to be carried at the off-track site that day. Once the site is open for wagering on a given day, wagers may be taken on races from performances scheduled to be carried at the site later that day.

(3) Signal Priority and Continuity of Program. The advent of off-track wagering was to enhance live racing in Oregon. For that reason, the priority of the signals going to the off-track sites should be set in a way which supports that public policy. The priority of signals shall be as follows.

(a) Any signal of a live race originating from a racetrack in the State of Oregon.

(b) Simulcast signals which the track and the off-track site may agree upon which best meets the desires of the patrons at the site, in priority order, limited by the number of satellite dishes the site may have. All contracts between tracks and off track sites shall contain a provision which states they are subject to the authority of the commission to consider the mix and balance of simulcast signals offered to off-track sites during the review of individual race meet applications.

(c) The signals being shown at an off-track wagering facility must be shown continuously from the beginning to the end of the performance, unless otherwise approved by the commission. "Flipping" between signals is not allowed. A schedule of which signals are to be taken shall be provided to the commission designee on not less than a weekly basis. Wagering is prohibited on races from a track's program which are not scheduled to be shown at the site. Violations of this subsection may subject the off-track site operator, the race meet licensee and any employee found to be involved in such violations to fines of up to \$250.00 each.

(4) Track Responsibilities. The Oregon race meet licensee is responsible to the commission for the proper conduct and performance in all aspects of the operation of the off-track sites approved to carry the signal(s) of the race meet license. The race meet operator shall report to the commission's designee all problems encountered at off-track sites in a timely fashion, along with solutions or proposed solutions. At a minimum the race meet licensee shall ensure the following prior to allowing the initial start up and the continued operation of an off-track site:

(a) There are qualified and properly trained mutuel employees of a sufficient number to reasonably be expected to handle the number of patrons at the site;

(b) That data lines and backup phone lines (which are unencumbered to allow the transmission of data in the event the data lines malfunction) are in place and operating. That a separate voice phone line and a fax line are in good working order. All lines must be separate from the other lines required by this rule and other lines in the facility and shall not be used by unauthorized persons;

(c) That audio visual signals are secure from receipt by unauthorized sites and are of a quality to allow viewers an exemplary depiction of the racing program;

(d) That the totalizator system is configured in a manner to allow accurate and timely transmission of wagers, wagering information and odds to and from the off track site, as well as reports which provide wagering information of the site individually;

(e) Timely distribution of all program; past performance information; weight changes; over weights; tip sheets where available; and any other information made available to the patrons at the race meet licensee's track, to the off track site(s) so that such information can be made available, in a legible format, to the patrons at the off track site;

(f) Dissemination of take-out and surcharge information to the off-track sites;

(g) Provide the necessary management of off-track site mutuel employees.

(5) Site Responsibilities. Off-track site operators shall provide a site which is suitable for the conduct of off-track wagering activity. Off track sites are an extension of the race track's public area and should be of a standard which enhances the image of racing in the State of Oregon. Off-track sites must provide the following prior to start-up of the site and for the continued operation of the site:

(a) A clean well lighted area for patrons during the wagering performances.

(b) Clean rest room facilities for the public.

(c) A cabinet suitable for the placement of wagering terminals and which provides adequate security for the mutuel employees working at the site.

(d) An area in which the necessary decoders, modems, fax machine, and voice line phone can be securely housed within easy reach of the mutuel employees.

(e) A safe, approved by the executive director and the race meet licensee, for safe keeping of the money used for the pari-mutuel wagering activity between the performances.

(f) Posting the take-out rates and surcharge information, by race track program taken, for inspection by the wagering public.

(g) A written security plan and provisions approved by the executive director.

(6) Equipment Related. The issue as to who is responsible for providing which pieces of equipment necessary for the conduct of the wagering activity can be set forth in the contract between the race meet licensee and the off-track site; however, the commission will hold the race meet licensee responsible for ensuring all of the necessary equipment is available and in good working order. At a minimum the following equipment must be on site:

(a) Enough ticket issuing machines (TIM) to adequately serve the number of patrons reasonably expected to be in attendance at the site. In addition, one extra (TIM) as a backup for those sites over 30 minutes driving time from the race meet licensee track.

(b) The necessary number of satellite dishes and audio/visual monitors. The satellite dishes will be installed in a manner which will withstand the weather conditions normally expected at the off-track site.

(c) A fax machine, a voice telephone for communication with the tote room and mutuel office at the race track. Both the fax machine and the voice phone must be on separate lines and must be immediately available to the mutuel employees at the site. The lines may not be used for other purposes at the site.

(7) The track will ensure its staff at the off-track site are instructed in and be knowledgeable of the operation of the satellite signal receiving and tote equipment in use on site.

##### Unusual Situations in Off-Track Wagering

(1) On the initial opening performance of each off track site for each race meet or simulcast meet, the video picture, audio signal and odds shall be capable of being received, and must actually be received before the site will be authorized to open. After the initial opening performance:

(2) Loss of Audio Signal. Wagering will continue at off-track sites.

(3) Loss of Video Signal Race Only. If the video signal displaying the race is lost but the odds are being continuously displayed for the program, the facility may remain open for wagering for the remainder of that day's program. If the video signal cannot be reestablished at the beginning of the next day's program, wagering may not be taken on the program until such time as the signal is reestablished on a continuous basis.

(4) Loss of Data Transmission. The wagering at the facility will be cancelled until the data transmission can be re-established. Tickets purchased prior to the loss of data transmission will be considered valid wagers. Winning tickets will only be cashed after the data transmission to the mutuel machines has been re-established.

##### Surcharges

(1) The method of charging surcharges will be set forth in the race meet licensee's application for off track sites. The percentage of the surcharge will be in an amount agreed on by the race meet licensee and the off track site, set forth in the contract between the race meet licensee and the off track site and approved by the commission. No surcharge may be in an amount over 5% of the wager or the winnings depending on the surcharge method chosen.

(2) The distribution of the surcharge will be set forth in the contract between the race meet licensee and the off-track site. Payment of the surcharge to the parties or account(s) entitled to a portion of the surcharge will be made at least every two weeks and not later than five (5) days after the last day of racing of the two week period. Surcharge amounts will be deposited into a separate account containing only surcharges from off-track sites on a weekly basis. All surcharge monies will remain in that account until such time as they

are distributed to the parties or account(s) entitled to a portion of the monies.

(3) If a portion of the surcharge is to be used for advertising or promotion per the contract between the race meet licensee and the off-track site, the party holding the funds will maintain a ledger showing the amount of money deposited in the "advertising/promotion" account for each off-track site, the amount of money spent for advertising/promotion of each off-track site, and the amount of money available for expenditure for each off-track site.

(a) The race meet licensee and the off-track site shall prepare a written agreement prior to the opening of the site regarding an advertising/promotion program which includes what types of expenditures will fall into the "advertising/promotion" category, and whether the payment of the funds will be made on a reimbursement or a direct payment basis. (If the payment from the advertising fund is a reimbursement, payment shall be made not later than ten (10) days after the receipt of the appropriate documentation and invoice by the holder of the funds. If the payment is directly to the vendor of the service, payment shall be made by the holder of the funds within the time-line set forth on the invoice, given that proper documentation has been received.) A copy of the plan shall be available for inspection by a representative of the commission at either the race meet licensee's track or the off-track site.

(b) In cases of a dispute between the race meet licensee and the off-track site as to payment of invoices, the amount of money available for an off-track site, or other issue regarding the advertising/promotion account, the holder of the funds will make all records available to the commission or its representative.

(c) Disbursement of portions of the surcharge dedicated to advertising and promotion not used during a race meet shall be set forth in the contract between the race meet licensee and the off-track-site.

(4) Surcharges may be charged using one of two methods: A surcharge on the amount wagered; or, A surcharge on the amount of the winnings at the time the winnings are paid.

(a) Surcharge on the Amount Wagered. A surcharge on the amount wagered may be an amount up to 5% which will be collected, at the time of the wager, in addition to the amount actually wagered. The surcharge will not be considered as part of the mutuel pool and will be accounted for separately from the mutuel pool. In cases of a refund, the surcharge amount will also be refunded.

(b) Surcharge on the Amount of Winnings. "Winnings" is defined as the unbroken on-track price of the winning payout.

(A) After the \$1 Unbroken On-Track Price is Calculated:

(i) Surcharge Liability = \$1 Unbroken On-Track Price x Surcharge %;

(ii) \$1 Unbroken Off-Track Price = \$1 Unbroken On-Track Price - Surcharge Amount;

(iii) \$1 Broken Off-Track Profit = \$1 Unbroken Off-Track Price Rounded Down to the Break Point;

(iv) Posted Off-Track Price = \$1 Broken Off-Track Price x \$2;

(v) Total Off-Track Payout = \$1 Broken Off-Track Price x Gross Amount Bet on Winner at Off-Track Sites;

(vi) Total Off-Track Breakage = \$1 Breakage x Gross Amount Bet on Winner at Off-Track Sites and Cashed;

(vii) Total Surcharge = \$1 Surcharge Amount x Gross Amount Bet on Winner at Off-Track Sites and Cashed.

**NOTE:** Surcharges on Winnings are paid at the time the winnings are paid, therefore, prior to the cashing of the winning ticket the surcharge and off track breakage amounts are liabilities only.

(B) Winnings shall not be surcharged when it would cause the profit on one dollar wagered to be reduced below five cents.

(C) The surcharge on winnings will be paid when the wagerer cashes the winning ticket. The totalizator system shall provide a daily report showing the surcharges paid from cashed tickets from previous day's wagering, surcharges paid from today's tickets and surcharge payables to date. This report shall also show the debits and credits between off-track sites.

(D) Surcharges received from surcharges on winnings shall be credited to the site at which the wager was placed.

(E) Surcharges on the winnings shall not be deducted from the unclaimed winnings reverting to the State of Oregon.

## Common Pool Wagering

### 462-200-0400

#### General

(1) All contracts governing participation in interstate common pools shall be submitted to the commission for approval.

(2) Individual wagering transactions are made at the point of sale in the state where placed. Pari-mutuel pools are combined for computing odds and calculating payoffs, but will be held separate for auditing and all other purposes.

(3) Any surcharges or withholdings in addition to the takeout shall only be applied in the jurisdiction otherwise imposing such surcharges or withholdings.

(4) In determining whether to approve an interstate common pool which does not include the host track or which includes contests from more than one race meet licensee, the commission shall consider and may approve use of a bet type which is not utilized at the host track, application of a takeout rate not in effect at the host track, or other factors which are presented to the commission.

(5) The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the similar information permitted or required to be displayed under these rules.

#### Guest State Participation in Interstate Common Pools

(1) With the prior approval of the commission, pari-mutuel wagering pools may be combined with corresponding wagering pools in the host state, or with corresponding pools established by one or more other jurisdictions.

(2) The commission may permit adjustment of the takeout from the pari-mutuel pool so that the takeout rate in this jurisdiction is identical to that at the host track, or identical to that of other jurisdictions participating in a merged pool.

(3) Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.

(4) Rules established in the state of the host race meet licensee designated for a pari-mutuel pool shall apply.

(5) The commission shall approve agreements made between the race meet licensee and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

(6) If, for any reason, it becomes impossible to successfully merge the bets placed into the interstate common pool, the race meet licensee shall declare such accepted bets void and make refunds in accordance with the applicable rules. If the race meet licensee decides not to apply the refund rule, then they may either pay on-track prices or pay off at the host track prices. If either of these payoffs are used, it must be determined prior to the first day of racing and used consistently throughout the race meet. A statement for the rule the race meet licensee is enforcing shall be included on all racing programs with which the licensee is common pooling.

(2) Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.

(3) Rules of racing established for races held in this state shall also apply to interstate common pools unless the commission shall have specifically otherwise determined.

(4) The commission shall approve agreements made between the race meet licensee and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

(5) Any contract for interstate common pools entered into by the race meet licensee shall contain a provision to the effect that if, for any reason, it becomes impossible to successfully merge the bets placed in another state into the interstate common pool formed by the race meet licensee, or if, for any reason, the commission's or the race meet licensee's representative determines that attempting to effect transfer of pool data from the guest state may endanger the race meet licensee's wagering pool, the race meet licensee shall have no liability for any measures taken which may result in the guest's wagers not being accepted into the pool.

##### Calculation of Payouts and Distribution of Pools

#### 462-200-0460

##### General

(1) All permitted pari-mutuel wagering pools shall be separately and independently calculated and distributed. Takeout shall be

deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as payoff on winning wagers.

(2) For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar.

(3) Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools.

(a) Standard Price Calculation Procedure:

(A) SINGLE PRICE POOL (WIN POOL):

(i) Gross pool = sum of wagers on all betting interests - refunds;

(ii) Takeout = gross pool x percent takeout;

(iii) Net pool = gross pool - takeout;

(iv) Profit = net pool - gross amount bet on winner;

(v) Profit per dollar = profit / gross amount bet on winner;

(vi) \$1 unbroken price = profit per dollar + \$1;

(vii) \$1 broken price = \$1 unbroken price rounded down to the break point;

(viii) Total pay out = \$1 broken price x gross amount bet on winner;

(ix) Total breakage = net pool - total pay out.

(B) PROFIT SPLIT (PLACE POOL):

(i) Profit is net pool less gross amount bet on all place finishers;

(ii) Finishers split profit 1/2 and 1/2 (place profit), then divide by gross amount bet on each place finisher for two unique prices.

(C) PROFIT SPLIT (SHOW POOL):

(i) Profit is net pool less gross amount bet on all show finishers;

(ii) Finishers split profit 1/3 and 1/3 and 1/3 (show profit), then divide by gross amount bet on each show finisher for three unique prices.

(b) Net Price Calculation Procedure:

(A) SINGLE PRICE POOL (WIN POOL):

(i) Gross pool = sum of wagers on all betting interests - refunds for each source;

(ii) Takeout = gross pool x percent takeout;

(iii) \* for each source:

(I) Net pool = gross pool - takeout;

(II) Net bet on winner = gross amount bet on winner x (1 - percent takeout);

(iv) Total net pool = sum of all sources net pools;

(v) Total net bet on winner = sum of all sources net bet on winner;

(vi) Total profit = total net pool - total net bet on winner;

(vii) Profit per dollar = total profit / total net bet on winner;

(viii) \$1 unbroken base price = profit per dollar + \$1 for each source;

(ix) \* for each source:

(I) \$1 unbroken price = \$1 unbroken base price x (1 - percent takeout);

(II) \$1 broken price = \$1 unbroken price rounded down to the break point;

(x) Total payout = \$1 broken price x gross amount bet on winner;

(xi) Total breakage = net pool - total payout.

(B) PROFIT SPLIT (PLACE POOL):

(i) Total profit is the total net pool less the total net amount bet on all place finishers.

(ii) Finishers split total profit 1/2 and 1/2 (place profit), then divide by total net amount bet on each place finisher for two unique unbroken base prices.

(C) PROFIT SPLIT (SHOW POOL):

(i) Total profit is the total net pool less the total net amount bet on all show finishers.

(ii) Finishers split total profit 1/3 and 1/3 and 1/3 (show profit), then divide by total net amount bet on each show finisher for three unique unbroken base prices.

(4) If a profit split results in only one covered winning betting interest or combinations it shall be calculated the same as a single price pool.

(5) Minimum payoffs and the method used for calculating breakage shall be established by the commission.

(6) The individual pools outlined in these rules may be given alternative names by each race meet licensee, provided prior approval is obtained from the commission.

##### Win Pools

(1) The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest.

(2) The net Win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

(a) To those whose selection finished first; but if there are no such wagers; then

(b) To those whose selection finished second; but if there are no such wagers; then

(c) To those whose selection finished third; but if there are no such wagers; then

(d) The entire pool shall be refunded on Win wagers for that contest.

(3) If there is a dead heat for first involving:

(a) Contestants representing the same betting interest, the Win pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Win pool shall be distributed as a profit split. **Table 1.** [Table not included. See ED. NOTE]

##### Place Pools

(1) The amounts wagered to Place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Place on that betting interest, the resulting quotient is the profit per dollar wagered to Place on that betting interest.

(2) The net Place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If contestants of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

(b) As a profit split to those whose selection is included within the first two finishers; but if there are no such wagers on one of those two finishers; then

(c) As a single price pool to those who selected the one covered betting interest included within the first two finishers; but if there are no such wagers; then

(d) As a single price pool to those who selected the third-place finisher; but if there are no such wagers; then

(e) The entire pool shall be refunded on Place wagers for that contest.

(3) If there is a dead heat for first involving:

(a) Contestants representing the same betting interest, the Place pool shall be distributed as a single price pool.

(b) Contestants representing two or more betting interests, the Place pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving:

(a) Contestants representing the same betting interest, the Place pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Place pool is divided with one-half (1/2) of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally amongst Place wagers on those betting interests involved in the dead heat for second. **Table 2.** [Table not included. ##### Show Pools

(1) The amounts wagered to Show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest.

(2) The net Show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise

(b) If contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds (2/3) distributed to those who selected the coupled entry or mutuel field and one-third (1/3) distributed to those who selected the other betting interest included within the first three finishers; otherwise

(c) As a profit split to those whose selection is included within the first three finishers; but if there are no such wagers on one of those three finishers; then

(d) As a profit split to those who selected one of the two covered betting interests included within the first three finishers; but if there are no such wagers on two of those three finishers, then

(e) As a single price pool to those who selected the one covered betting interest included within the first three finishers; but if there are no such wagers; then

(f) As a single price pool to those who selected the fourth-place finisher; but if there are no such wagers; then

(g) The entire pool shall be refunded on Show wagers for that contest.

(3) If there is a dead heat for first involving:

(a) Two contestants representing the same betting interest, the profit is divided with two-thirds (2/3) distributed to those who selected the first-place finishers and one-third (1/3) distributed to those who selected the betting interest finishing third.

(b) Three contestants representing a single betting interest, the Show pool shall be distributed as a single price pool.

(c) Contestants representing two or more betting interests, the Show pool shall be distributed as a profit split.

(4) If there is a dead heat for second involving:

(a) Contestants representing the same betting interest, the profit is divided with one-third (1/3) distributed to those who selected the betting interest finishing first and two-thirds (2/3) distributed to those who selected the second-place finishers.

(b) Contestants representing two betting interests, the Show pool shall be distributed as a profit split.

(c) Contestants representing three betting interests, the Show pool is divided with one-third (1/3) of the profit distributed to Show wagers on the betting interest finishing first and the remainder is distributed equally amongst Show wagers on those betting interests involved in the dead heat for second.

(5) If there is a dead heat for third involving:

(a) Contestants representing the same betting interest, the Show pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Show pool is divided with two-thirds (2/3) of the profit distributed to Show wagers on the betting interests finishing first and second and the remainder is distributed equally amongst Show wagers on those

betting interests involved in the dead heat for third. **Table 3, Table 4.** [Tables not included. See ED. NOTE]

##### Double Pools

(1) The Double requires selection of the first-place finisher in each of two specified contests.

(2) The net Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) As a single price pool to those whose selection finished first in each of the two contests; but if there are no such wagers; then

(b) As a profit split to those who selected the first-place finisher in either of the two contests; but if there are no such wagers; then

(c) As a single price pool to those who selected the one covered first-place finisher in either contest; but if there are no such wagers; then

(d) As a single price pool to those whose selection finished second in each of the two contests; but if there are no such wagers; then

(e) The entire pool shall be refunded on Double wagers for those contests.

(3) If there is a dead heat for first in either of the two contests involving:

(a) Contestants representing the same betting interest, the Double pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Double pool shall be distributed as a profit split if there is more than one covered winning combination.

(4) Should a betting interest in the first half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.

(5) Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.

(6) Should a betting interest in the second-half of the Double be scratched after the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff the net Double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net Double pool before calculation and distribution of the winning Double payoff. Dead heats including separate betting interests in the first contest shall result in a consolation payoff calculated as a profit split.

(7) If either of the Double contests are cancelled prior to the first Double contest, or the first Double contest is declared "no contest," the entire Double pool shall be refunded on Double wagers for those contests.

(8) If the second Double contest is cancelled or declared "no contest" after the conclusion of the first Double contest, the net Double pool shall be distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool shall be distributed as a profit split.

(9) Before post time of the second half of the "Daily Double," the "payoff" on each combination coupled with the winner of the first half of the "Daily Double" shall be announced to the public. **Table 5, Table 6.** [Tables not included. See ED. NOTE]

##### Pick Three Pools

(1) The Pick Three requires selection of the first-place finisher in each of three specified contests.

(2) The net Pick Three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) As a single price pool to those whose selection finished first in each of the three contests; but if there are no such wagers; then

(b) As a single price pool to those who selected the first-place finisher in any two of the three contests; but if there are no such wagers; then

(c) As a single price pool to those who selected the first-place finisher in any one of the three contests; but if there are no such wagers; then

(d) The entire pool shall be refunded on Pick Three wagers for those contests.

(3) If there is a dead heat for first in any of the three contests involving:

(a) Contestants representing the same betting interest, the Pick Three pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Pick Three pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(4) Should a betting interest in any of the three Pick Three contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizer shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(5) If all three Pick Three contests are cancelled or declared "no contest," the entire pool shall be refunded on Pick Three wagers for those contests.

(6) If one or two of the Pick Three contests are cancelled or declared "no contest," the Pick Three pool will remain valid and shall be distributed in accordance with subsection 2 of this rule.

##### Pick (n) Pools

(1) The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The race meet licensee must obtain written approval from the commission concerning the scheduling of Pick (n) contests, the designation of one of the methods prescribed in Part (2) and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the commission.

(2) The Pick (n) pool shall be apportioned under one of the following methods:

(a) Method 1, Pick (n) with Carryover: The net Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder shall be added to the carryover.

(b) Method 2, Pick (n) with Minor Pool Carryover: The major share of the net Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the

minor share of the Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major share shall be added to the carryover.

(c) Method 3, Pick (n) with No Minor Pool and No Carryover: The net Pick (n) pool shall be distributed as a single pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

(d) Method 4, Pick (n) with Minor Pool and No Carryover: The major share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

(e) Method 5, Pick (n) with Minor Pool and No Carryover: The major share of net Pick (n) pool shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based on the official order of finish. The minor share of the Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool shall be distributed as a single pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in the second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded.

(3) If there is a dead heat for first in any of the Pick (n) contests involving:

(a) Contestants representing the same betting interest, the Pick (n) pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(4) Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host race meet licensee for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(5) The Pick (n) pool shall be cancelled and all Pick (n) wagers for the individual performance shall be refunded if:

(a) At least two contests included as part of a Pick 3 are cancelled or declared "no contest."

(b) At least three contests included as part of a Pick 4, Pick 5 or Pick 6 are cancelled or declared "no contest."

(c) At least four contests included as part of a Pick 7, Pick 8 or Pick 9 are cancelled or declared "no contest."

(d) At least five contests included as part of a Pick 10 are cancelled or declared "no contest."

(6) If at least one contest included as part of a Pick (n) is cancelled or declared "no contest," but not more than the number specified in subsection 5 of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribu-

tion shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.

(7) The Pick (n) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick (n) carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the Pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance.

(8) A written request for permission to distribute the Pick (n) carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(9) Should the Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection 8 of this rule.

(b) Upon written approval from the commission when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued.

(c) On the closing performance of the meet or split meet.

(10) If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest bearing account approved by the commission. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the commission.

(11) With the written approval of the commission, the race meet licensee may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.

(12) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(13) The race meet licensee may suspend previously approved Pick (n) wagering with the prior approval of the commission. Any carryover shall be held until the suspended Pick (n) wagering is reinstated. Any race meet licensee may request approval of a Pick (n) wager or separate wagering pool for specific performances. **Table 7.** [Table not included. See ED. NOTE]

(2) The net Quinella pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If contestants of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise

(b) As a single price pool to those whose combination finished as the first two betting interests; but if there are no such wagers; then

(c) As a profit split to those whose combination included either the first or second-place finisher; but if there are no such wagers on one of the those two finishers; then

(5) If there is a dead heat for second involving contestants representing two or more betting interests, the Quinella pool shall be distributed to wagers in the following precedence, based upon the official order of finish:

(a) As a profit split to those combining the winner with any of the betting interests involved in the dead heat for second; but if there is only one covered combination; then

(b) As a single price pool to those combining the winner with the one covered betting interest involved in the dead heat for second; but if there are no such wagers; then

(c) As a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers; then

(d) As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers; then

##### Quinella Double Pools

(1) The Quinella Double requires selection of the first two finishers, irrespective of order, in each of two specified contests.

(2) The net Quinella Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(a) If a coupled entry or mutuel field finishes as the first two contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest, as well as the first two finishers in the alternate Quinella Double contest; otherwise

(b) As a single price pool to those who selected the first two finishers in each of the two Quinella Double contests; but if there are no such wagers; then

(c) As a profit split to those who selected the first two finishers in either of the two Quinella Double contests; but if there are no such wagers on one of those contests; then

(d) As a single price pool to those who selected the first two finishers in the one covered Quinella Double contest; but if there were no such wagers; then

(e) The entire pool shall be refunded on Quinella Double wagers for those contests.

(3) If there is a dead heat for first in either of the two Quinella Double contests involving:

(a) Contestants representing the same betting interest, the Quinella Double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest.

(b) Contestants representing two betting interests, the Quinella Double pool shall be distributed as if no dead heat occurred.

(c) Contestants representing three or more betting interests, the Quinella Double pool shall be distributed as a profit split.

(4) If there is a dead heat for second in either of the Quinella Double contests involving contestants representing the same betting interest, the Quinella Double pool shall be distributed as if no dead heat occurred.

(5) If there is a dead heat for second in either of the Quinella Double contests involving contestants representing two or more betting interests, the Quinella Double pool shall be distributed as profit split.

(6) Should a betting interest in the first half of the Quinella Double be scratched prior to the first Quinella Double contest being declared official, all money wagered on combinations including the scratched betting interest shall deducted from the Quinella Double pool and refunded.

(7) Should a betting interest in the second-half of the Quinella Double be scratched prior to the close of wagering on the first Quinella Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Quinella Double pool and refunded.

(8) Should a betting interest in the second-half of the Quinella Double be scratched after the close of wagering on the first Quinella Double contest, all wagers combining the winning combination in the first contest with a combination including the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff the net Quinella Double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payoff. Breakage is not utilized in this calculation. The consolation payoff is deducted from the net Quinella Double pool before calculation and distribution of the winning Quinella Double payoff. In the event of a dead heat involving separate betting interests, the net Quinella Double pool shall be distributed as a profit split.

(9) If either of the Quinella Double contests is cancelled prior to the first Quinella Double contest, or the first Quinella Double contest is declared "no contest," the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.

(10) If the second Quinella Double contest is cancelled or declared "no contest" after the conclusion of the first Quinella Double contest, the net Quinella Double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first Quinella Double contest. If there are no wagers selecting the winning combination in the first Quinella Double contest, the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.

##### Twin Trifecta Pools

(1) The Twin Trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Trifecta contest must be exchanged for a free ticket on the second Twin Trifecta contest in order to remain eligible for the second-half Twin Trifecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Twin Trifecta contest. Winning first half Twin Trifecta wagers will receive both an exchange and a monetary payoff. Both of the

designated Twin Trifecta contests shall be included in only one Twin Trifecta pool.

(2) After wagering closes for the first half of the Twin Trifecta and commissions have been deducted from the pool, the net pool shall then be divided into separate pools: the first half Twin Trifecta pool and the second-half Twin Trifecta pool.

(3) In the first Twin Trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Trifecta contest:

(a) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers; then

(b) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers; then

(c) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers; then

(d) The entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second-half shall be cancelled.

(4) If no first half Twin Trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Trifecta pool. In such case, the second-half Twin Trifecta pool shall be retained and added to any existing Twin Trifecta carryover pool.

(5) Winning tickets from the first half of the Twin Trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the Twin Trifecta. The second-half Twin Trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Trifecta contest:

(a) As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first three betting interests; but if there are no such tickets; then

(b) The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Trifecta pool of the next consecutive performance.

(6) If a winning first half Twin Trifecta ticket is not presented for cashing and exchange prior to the second-half Twin Trifecta contest, the ticket holder may still collect the monetary value associated with the first half Twin Trifecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.

(7) Should a betting interest in the first half of the Twin Trifecta be scratched, those Twin Trifecta wagers including the scratched betting interest shall be refunded.

(8) Should a betting interest in the second-half of the Twin Trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Trifecta contest, the ticket holder forfeits all rights to the second-half Twin Trifecta pool.

(9) If, due to a late scratch, the number of betting interests in the second-half of the Twin Trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first half winning tickets shall be entitled to the second-half Twin Trifecta pool for that contest as a single price pool, but not the Twin-Trifecta carryover.

(10) If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Trifecta, all Twin Trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(a) The first half of the Twin Trifecta, the payoff shall be calculated as a profit split.

(b) The second-half of the Twin Trifecta, the payoff shall be calculated as a single price pool.

(11) If either of the Twin Trifecta contests are cancelled prior to the first Twin Trifecta contest, or the first Twin Trifecta contest is declared "no contest," the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second-half shall be cancelled.

(12) If the second-half Twin Trifecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first half winning Twin Trifecta tickets shall be entitled to the net Twin Trifecta pool for that contest as a single price pool, but not Twin-Trifecta carryover. If there are no such tickets, the net Twin Trifecta pool shall be distributed as described in subsection (3) of the Twin Trifecta rules.

(13) The Twin-Trifecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Twin-Trifecta carryover equals or exceeds the designated cap, the Twin-Trifecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the Twin Trifecta carryover is frozen, 100 percent of the net Twin Trifecta pool for each individual contest shall be distributed to winners of the first half of the Twin Trifecta pool.

(14) A written request for permission to distribute the Twin-Trifecta carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(15) Should the Twin-Trifecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Twin Trifecta after completion of the first half of the Twin Trifecta:

(a) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers; then

(b) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers; then

(c) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers; then

(d) As a single price pool to holders of valid exchange tickets.

(e) As a single price pool to holders of outstanding first half winning tickets.

(16) Contrary to subsection 4 of the Twin Trifecta rules, during a performance designated to distribute the Twin-Trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the Twin Trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Twin Trifecta, all first half tickets will become winners and will receive 100 percent of that day's net Twin Trifecta pool and any existing Twin-Trifecta carryover as a single price pool.

(17) The Twin-Trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection (15) of the Twin Trifecta rules.

(b) Upon written approval from the commission when there is a change in the carryover cap or when the Twin Trifecta is discontinued.

(c) On the closing performance of the meet or split meet.

(18) If, for any reason, the Twin-Trifecta carryover must be held over to the corresponding Twin Trifecta pool of a subsequent meet, the carryover shall be deposited in an interest bearing account approved by the commission. The Twin-Trifecta carryover plus accrued interest shall then be added to the second-half Twin Trifecta pool of the following meet on a date and performance so designated by the commission.

(19) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited.

This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(20) The race meet licensee must obtain written approval from the commission concerning the scheduling of Twin Trifecta contests, the percentages of the net pool added to the first half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Trifecta format require prior approval from the commission.

##### Tri-Superfecta Pools

(1) The Tri-Superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first Tri-Superfecta contest must be exchanged for a free ticket on the second Tri-Superfecta contest in order to remain eligible for the second-half Tri-Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Tri-Superfecta contest. Winning first half Tri-Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Tri-Superfecta contests shall be included in only one Tri-Superfecta pool.

(2) After wagering closes for the first half of the Tri-Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first half Tri-Superfecta pool and the second-half Tri-Superfecta pool.

(3) In the first Tri-Superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first Tri-Superfecta contest:

(a) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers; then

(b) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers; then

(c) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers; then

(d) The entire Tri-Superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second-half shall be cancelled.

(4) If no first half Tri-Superfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Tri-Superfecta pool. In such case, the second-half Tri-Superfecta pool shall be retained and added to any existing Tri-Superfecta carryover pool.

(5) Winning tickets from the first half of the Tri-Superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the Tri-Superfecta. The second-half Tri-Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Tri-Superfecta contest:

(a) As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets; then

(b) The entire second-half Tri-Superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Tri-Superfecta pool of the next performance.

(6) If a winning first half Tri-Superfecta ticket is not presented for cashing and exchange prior to the second-half Tri-Superfecta contest, the ticket holder may still collect the monetary value associated with the first half Tri-Superfecta pool but forfeits all rights to any distribution of the second-half Tri-Superfecta pool.

(7) Should a betting interest in the first half of the Tri-Superfecta be scratched, those Tri-Superfecta tickets including the scratched betting interest shall be refunded.

(8) Should a betting interest in the second-half of the Tri-Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Tri-Superfecta contest, the ticket holder forfeits all rights to the second-half Tri-Superfecta pool.

(9) If, due to a late scratch, the number of betting interests in the second-half of the Tri-Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first half winning tickets shall be entitled to the second-half Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover.

(10) If there is a dead heat or multiple dead heats in either the first- or second-half of the Tri-Superfecta, all Tri-Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in

(a) The first half of the Tri-Superfecta, the payoff shall be calculated as a profit split.

(b) The second-half of the Tri-Superfecta, the payoff shall be calculated as a single price pool.

(11) If either of the Tri-Superfecta contests are cancelled prior to the first Tri-Superfecta contest, or the first Tri-Superfecta contest is declared "no contest," the entire Tri-Superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second-half shall be cancelled.

(12) If the second-half Tri-Superfecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first half winning Tri-Superfecta tickets shall be entitled to the net Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover. If no there are no such tickets, the net Tri-Superfecta pool shall be distributed as described in subsection (3) of the Tri-Superfecta rules.

(13) The Tri-Superfecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Tri-Superfecta carryover equals or exceeds the designated cap, the Tri-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Tri-Superfecta carryover is frozen, 100 percent of the net Tri-Superfecta pool for each individual contest shall be distributed to winners of the first half of the Tri-Superfecta pool.

(14) A written request for permission to distribute the Tri-Superfecta carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(15) Should the Tri-Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Tri-Superfecta after completion of the first half of the Tri-Superfecta:

(a) As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers; then

(b) As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers; then

(c) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers; then

(d) As a single price pool to those whose combination included, in correct sequence, the first-place betting interest only; but if there are no such wagers; then

(e) As a single price pool to holders of valid exchange tickets;

(f) As a single price pool to holders of outstanding first-half winning tickets.

(16) Contrary to subsection 4 of the Tri-Superfecta rules, during a performance designated to distribute the Tri-Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the Tri-Superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in

their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Tri-Superfecta, all first half tickets will become winners and will receive 100 percent of that day's net Tri-Superfecta pool and any existing Tri-Superfecta carryover as a single price pool.

(17) The Tri-Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection (15) of the Tri-Superfecta rules.

(b) Upon written approval from the commission when there is a change in the carryover cap or when the Tri-Superfecta is discontinued.

(c) On the closing performance of the meet or split meet.

(18) If, for any reason, the Tri-Superfecta carryover must be held over to the corresponding Tri-Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest bearing account approved by the commission. The Tri-Superfecta carryover plus accrued interest shall then be added to the second-half Tri-Superfecta pool of the following meet on a date and performance so designated by the commission.

(19) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing data.

(20) The race meet licensee must obtain written approval from the commission concerning the scheduling of Tri-Superfecta contests, the percentages of the net pool added to the first half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Tri-Superfecta format require prior approval from the commission.

##### Twin Superfecta Pools

(1) The Twin Superfecta requires selection of the first four finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Superfecta contest must be exchanged for a free ticket on the second Twin Superfecta contest in order to remain eligible for the second-half Twin Superfecta pool. Such tickets may be exchanged only at attending ticket windows prior to the second Twin Superfecta contest. Winning first half Twin Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Twin Superfecta contests shall be included in only one Twin Superfecta pool.

(2) After wagering closes for the first half of the Twin Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first half Twin Superfecta pool and the second-half Twin Superfecta pool.

(3) In the first Twin Superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Superfecta contest:

(a) As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers; then

(b) As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers; then

(c) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers; then

(d) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers; then

(e) The entire Twin Superfecta pool shall be refunded on Twin Superfecta wagers for that contest and the second-half shall be cancelled.

(4) If no first half Twin Superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Superfecta pool. In such case, the second-half Twin Superfecta pool shall be retained and added to any existing Twin Superfecta carryover pool.

(5) Winning tickets from the first half of the Twin Superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the Twin Superfecta. The second-half Twin Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Superfecta contest:

(a) As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets; then

(b) The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Superfecta pool of the next performance.

(6) If a winning first half Twin Superfecta ticket is not presented for cashing and exchange prior to the second-half Twin Superfecta contest, the ticket holder may still collect the monetary value associated with the first half Twin Superfecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.

(7) Should a betting interest in the first half of the Twin Superfecta be scratched, those Twin Superfecta tickets including the scratched betting interest shall be refunded.

(8) Should a betting interest in the second-half of the Twin Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Superfecta contest, the ticket holder forfeits all rights to the second-half Twin Superfecta pool.

(9) If, due to a late scratch, the number of betting interests in the second-half of the Twin Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first half winning tickets shall be entitled to the second-half Twin Superfecta pool for that contest as a single price pool, but not the Twin Superfecta carryover.

(10) If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Superfecta, all Twin Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(a) The first half of the Twin Superfecta, the payoff shall be calculated as a profit split.

(b) The second-half of the Twin Superfecta, the payoff shall be calculated as a single price pool.

(11) If either of the Twin Superfecta contests are cancelled prior to the first Twin Superfecta contest, or the first Twin Superfecta contest is declared "no contest," the entire Twin Superfecta pool shall be refunded on Twin Superfecta wagers for that contest and the second-half shall be cancelled.

(12) If the second-half Twin Superfecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first half winning Twin Superfecta tickets shall be entitled to the net Twin Superfecta pool for that contest as a single price pool, but not the Twin Superfecta carryover. If there are no such tickets, the net Twin Superfecta pool shall be distributed as described in subsection (3) of the Twin Superfecta rules.

(13) The Twin-Superfecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Twin-Superfecta carryover equals or exceeds the designated cap, the Twin-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Twin Superfecta carryover is frozen, 100 percent of the net Twin Superfecta pool for each individual contest shall be distributed to winners of the first half of the Twin Superfecta pool.

(14) A written request for permission to distribute the Twin Superfecta carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.

(15) Should the Twin Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second-half of the Twin Superfecta after completion of the first half of the Twin Superfecta:

(a) As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers; then

(b) As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers; then

(c) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers; then

(d) As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers; then

(e) As a single price pool to holders of valid exchange tickets;

(f) As a single price pool to holders of outstanding first half winning tickets.

(16) Contrary to subsection (4) of the Twin Superfecta rules, during a performance designated to distribute the Twin Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the Twin Superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-, second-, and third-place betting interests. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Twin Superfecta, all first half tickets will become winners and will receive 100 percent of that day's net Twin Superfecta pool and any existing Twin Superfecta carryover as a single price pool.

(17) The Twin Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(a) Upon written approval from the commission as provided in subsection (15) of the Twin Superfecta rules.

(b) Upon written approval from the commission when there is a change in the carryover cap or when the Twin Superfecta is discontinued.

(c) On the closing performance of the meet or split meet.

(18) If, for any reason, the Twin Superfecta carryover must be held over to the corresponding Twin Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest bearing account approved by the commission. The Twin Superfecta carryover plus accrued interest shall then be added to the second-half Twin Superfecta pool of the following meet on a date and performance so designated by the commission.

(19) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(20) The race meet licensee must obtain written approval from the commission concerning the scheduling of Twin Superfecta contests, the percentages of the net pool added to the first half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Superfecta format require prior approval from the commission.

##### Place Pic (n) Pools

(1) The Place Pic (n) requires selection of the first or second-place finisher in each of a designated number of contests. The race meet licensee must obtain written approval from the commission concerning the scheduling of Place Pic (n) contests, the designation of one of the methods prescribed in Part (2), the distinctive name identifying the pool and the amount of any cap to be set on the carryover. Any changes to the approved Place Pic (n) format require prior approval from the commission.

(2) The Place Pic (n) pool shall be apportioned under one of the following methods:

(a) Method 1, Place Pic (n) with Carryover: The net Place Pic (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first or second-place finisher in each of the Place Pic (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pic (n) contests; and the remainder shall be added to the carryover.

(b) Method 2, Place Pic (n) with Minor Pool and Carryover: The major share of the net Place Pic (n) pool and carryover, if any, shall be distributed to those who selected the first or second-place finisher in each of the Place Pic (n) contests, based upon the official order of finish. The minor share of the net Place Pic (n) pool shall be distributed to those who selected the first or second-place finisher in the second greatest number of Place Pic (n) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher of all Place Pic (n) contests, the minor share of the net Place Pic (n) shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pic (n) contests; and the major share shall be added to the carryover.

(c) Method 3, Place Pic (n) with No Minor Pool and No Carryover: The net Place Pic (n) pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pic (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

(d) Method 4, Place Pic (n) with Minor Pool and No Carryover: The major share of the net Place Pic (n) pool shall be distributed to those who selected the first or second-place finisher in the greatest number of Place Pic (n) contests, based upon the official order of finish. The minor share of the net Place Pic (n) pool shall be distributed to those who selected the first or second-place finisher in the second greatest number of Place Pic (n) contests, based upon the official order of finish. If there are no such wagers selecting the first or second-place finisher in a second greatest number of Place Pic (n) contests, the minor share of the net Place Pic (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pic (n) contests. If the greatest number of first or second-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

(e) Method 5, Place Pic (n) with Minor Pool and No Carryover: The major share of net Place Pic (n) pool shall be distributed to those who selected the first or second-place finisher in each of the Place Pic (n) contests, based upon the official order of finish. The minor share of the net Place Pic (n) pool shall be distributed to those who selected the first or second-place finisher in the second greatest number of Place Pic (n) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in all Place Pic (n) contests, the entire net Place Pic (n) pool shall be distributed as a single price pool to those who selected the first or second-place finisher in the greatest number of Place Pic (n) contests. If there are no wagers selecting the first or second-place finisher in a second greatest number of Place Pic (n) contests, the minor share

of the net Place Pic (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first or second-place finisher in each of the Place Pic (n) contests. If there are no winning wagers, the pool is refunded.

(3) If there is a dead heat for first in any of the Place Pic (n) contests involving:

(a) Contestants representing the same betting interest, the Place Pic (n) pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Place Pic (n) pool shall be distributed as a single price pool with a winning wager including each betting interest participating in the dead heat.

(4) If there is a dead heat for second in any of the Place Pic (n) contests involving:

(a) Contestants representing the same betting interest, the Place Pic (n) pool shall be distributed as if no dead heat occurred.

(b) Contestants representing two or more betting interests, the Place Pic (n) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second.

(5) Should a betting interest in any of the Place Pic (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host race meet licensee for the contest at the closing of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(6) The Place Pic (n) pool shall be cancelled and all Place Pic (n) wagers for the individual performance shall be refunded if:

(a) At least two contests included as part of a Place Pic 3 are cancelled or declared "no contest."

(b) At least three contests included as part of a Place Pic 4, Place Pic 5 or Place Pic 6 are cancelled or declared "no contest."

(c) At least four contests included as part of a Place Pic 7, Place Pic 8 or Place Pic 9 are cancelled or declared "no contest."

(d) At least five contests included as part of a Place Pic 10 are cancelled or declared "no contest."

(7) If at least one contest included as part of a Place Pic (n) is cancelled or declared "no contest," but not more than the number described in subsection (6) of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pic (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Place Pic (n) carryover but not the carryover from previous performances.

(8) The Place Pic (n) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the Place Pic (n) carryover equals or exceeds the designated cap, the Place Pic (n) carryover will be frozen until it is won or distributed under the provision of this rule. After the Place Pic (n) carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the Place Pic (n) carryover, shall be distributed to those whose selection finished first or second in the greatest number of Place Pic (n) contests for that performance.

(9) A written request for permission to distribute the Place Pic (n) carryover on a specific performance may be submitted to the commission. The request must contain justification for the distribution, an explanation of the benefit derived, and the intended date and performance for the distribution.

(10) Should the Place Pic (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first or second-place finisher in each of the Place Pic (n) contests, the entire pool shall be distributed as a single price pool to those who selection first or second in the greatest number of Place Pic (n) contests. The Place Pic (n) carryover shall be designated for distribution on a specified date and performance under any of the following circumstances:

(a) Upon written approval from the commission as provided in subsection (9) of this rule.

(b) Upon written approval from the commission when there is a change in the carryover cap, a change from one type of Place Pic (n) wagering to another, or when the Place Pic (n) is discontinued.

(11) If, for any reason, the Place Pic (n) carryover must be held over to the corresponding Place Pic (n) of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The Place Pic (n) carryover plus accrued interest shall then be added to the net Place Pic (n) pool of the following meet on a date and performance so designated by the commission.

(12) With the written approval of the commission, the race meet licensee may contribute to the Place Pic (n) carryover a sum of money up to the amount of the designated cap.

(13) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(14) The race meet licensee may suspend previously-approved Place Pic (n) wagering with the prior approval of the commission. Any carryover shall be held until the suspended Place Pic (n) wagering is reinstated. An race meet licensee may request approval of a Place Pic (n) wager or separate wagering pool for specific performances.

(d) If the applicant is a corporation ultimately owned by a not-for-profit entity without any shareholders, or is a publicly traded corporation, the information required in subsection (2)(b) and (c) of this rule shall be required from the directors of the membership organization, or the directors and officers of the publicly traded corporation, in lieu of the shareholders;

(e) The names of the race tracks the applicant, or its agent, has contracts with that allow the applicant to provide the simulcast signals and pari-mutuel wagering on the product;

An account holder, who is claiming that nonpayment has occurred, shall make a claim of non-payment to the commission. The commission will investigate the claim and provide the hub with an opportunity to respond thereto and submit any supporting documents or evidence it needs to defend the claim.
