### Sanctions

Students whose behavior violates any of the student conduct regulations in OAR 576-015-0015 or 576-015-0020 are subject to one or more of the following:

(1) Warning: Official notice to a student that his or her conduct or actions are in violation of the student conduct regulations. The continuation of such conduct or actions may result in further disciplinary action.

(2) Required Educational Activities: Mandatory participation in educational activities or programs of community service.

(3) Restitution: Reimbursement by dollar amount, by transfer of property, or by provision of services to the University or a member of the University community in accordance with the nature of the violation and in an amount not in excess of actual expenses, damages, or losses incurred.

(4) Restrictions: Removal from a living group, or from the use of specific University facilities, or denial of the use of a vehicle on campus, or other restrictions consistent with the violation committed.

(5) Disciplinary Probation: Placement on probationary status during which there is observation and review of behavior and the student must demonstrate compliance with the student conduct regulations. A student on probation is not in “good standing” with the University. Terms of the probation will be determined at the time the probation is imposed and may include loss of privileges, restitution, and/or required educational activities.

(6) Disciplinary Suspension:

(a) Deferred Suspension: Placement on deferred suspension status during which there is observation and review of behavior. If the student is found to further violate University regulations during this period then the student is suspended without further hearings. Deferred suspension may be for a period of one term up to and including the remainder of a student’s enrollment at the University;

(b) Suspension:

(A) Exclusion from the University for a specific period of time. Suspended students are denied the privileges and services provided to currently enrolled students, including residing in University-owned or recognized student housing, attending class, or using other University services or facilities. Suspension is generally for one year; however, the period of suspension may be specified for any period;

(B) The conditions of suspension take effect immediately after the student has been informed of the decision. If an appeal is filed, the imposition of the suspension will be delayed until the conclusion of the appeal process. However, if a pending disciplinary hearing or appeal may result in suspension, as determined by the Student Conduct Program, awarding of the academic degree sought will be postponed pending the outcome of the disciplinary hearing.

(7) Expulsion: Permanent Suspension (see section (6) of this rule).

(8) Degree Revocation.

(9) Students whose behavior violates OAR 576-015-0020(1) (academic dishonesty) are subject to additional academic sanctions, including failing the course, removal from an academic department, and removal from a college, that may be imposed by the instructor, department chair or dean in accordance with Academic Regulation 15, available in the Schedule of Classes.

### Record

(1) All sanctions include the creation of a disciplinary record. Sanctions at the level of probation and above place the student outside of “good standing” with the University for their duration. Multiple sanctions may be imposed where appropriate.

(2) Suspension or expulsion will be noted in a student’s general academic record within the Registrar’s Office by means of a disciplinary action form which indicates the reason for the suspension. Such information is retained indefinitely and released for a period of five years after the effective date by the Student Conduct Program to officials who have a need to know, including officials at other schools to which the student seeks to enroll. The suspended student may include in the record an explanation for the action taken by the University.

**Notice**

(1) Upon receiving a complaint or report that a student may have violated student conduct regulations, the Student Conduct Coordinator will notify the student in writing of the alleged violation(s). The notice will include a copy of the rule said to have been violated and a description of the acts or omissions alleged to have been in violation of the rule.

(2) If the Student Conduct Coordinator determines the alleged violation may result in suspension or expulsion, the notice described in subsection (1) will set a time and place for a Student Conduct Committee hearing. The time between the student's receipt of the notice and the hearing date must be at least 72 hours. The Student Conduct Coordinator will notify the student that he or she may waive the hearing before the Student Conduct Committee and elect to have the case heard by the Student Conduct Coordinator or designee.

(3) If there is an allegation of academic dishonesty as defined in OAR 576-015-0020(1), the Student Conduct Coordinator will determine whether or not conduct proceedings are appropriate. If there is a record of a previous incident of academic dishonesty, the Student Conduct Coordinator will send written notice to the student of a Student Conduct Committee hearing, as described in subsections (1) and (2) of this rule, and 576-015-0050.

(2) If the student fails to meet with the Student Conduct Coordinator or designee, the Student Conduct Coordinator may take disciplinary action in the student's absence.

**Student Conduct Committee Hearing**

(1) The Student Conduct Committee consists of five faculty and five students appointed by the Vice Provost for Student Affairs and the Associated Students of Oregon State University, respectively. The bylaws of the Student Conduct Committee are available from the Vice Provost for Student Affairs or the Student Conduct Program.

(2) All hearings are closed and information presented in them and all supporting documents are confidential. The hearing is informal and does not follow administrative contested case or courtroom procedures.

(3) If the student has been properly notified and fails to appear, the Student Conduct Committee may proceed with the hearing and disciplinary action may be taken.

(4) During the hearing, the accused student may be accompanied by an advisor of the student's choice. The advisor may be a faculty or staff member, fellow student, parent, or any person of the student's choice so long as the availability of the advisor does not hamper the timeliness of the hearing. The student may choose to have an attorney serve as advisor; however, the advisor does not represent the student in a student conduct hearing and the student will be expected to speak for him or herself at all times.

(5) During the hearing, the student has the opportunity to offer information and testimony on his or her own behalf. The student also has the opportunity to review and respond to all information, statements, or evidence presented.

(6) The chairperson of the Student Conduct Committee, or designee, will decide any questions or objections to hearing procedures that are raised during the hearing.

(7) Members of the Committee may ask questions of any person present during the hearing and the chairperson will invite questions and comments from the accused student and the victim-claimant if present. The chairperson may also invite questions or comments from advisors or others present. If the chairperson decides an essential person or piece of information is missing, the chairperson may decide to reconvene the hearing at the earliest practical time that the missing information will be available.

(8) After the chairperson has determined that all necessary information has been presented and questions answered, the Committee will go into executive session and all other persons will be excused. The Committee will determine, based on a preponderance of the evidence, whether or not it believes the accused student is responsible for a violation of the regulations and, if so, the Committee will reconvene with the accused student and a representative of the Student Conduct Program to consider what sanctions may be appropriate. The accused student may waive his right to be present. The Committee may consider:

(a) Evidence of any mitigating circumstances presented by the student; and

(b) Other relevant information, including but not limited to, evidence of prior violations of the Student Conduct Code presented by a representative of the Student Conduct Program;

(9) The Committee will again go into executive session to make a decision about appropriate sanctions. The Committee's decision will be in the form of a recommendation to the Student Conduct Coordinator. The time between the conclusion of the hearing and the delivery of the recommendation to the Student Conduct Coordinator shall be no more than three days, excluding weekends and holidays.

(10) In cases of academic dishonesty or the reported misbehavior of an academic department student organization, the Committee shall make a recommendation within three days to the Associate Vice Provost for Academic Affairs, or designee, who shall make the decision. The accused student will be sent a letter describing the decision and any University expectations or actions taken.

(d) Access to campus media center services;

(e) Use of Memorial Union Business Office for student organization accounts;

(a) An "open event" is an event at which admission is not restricted to specific guests and is registered through the Student Involvement office. All "open events" involving alcohol must be registered through the Student Involvement office in accordance with OAR 576-018-0240.

(b) A "closed event" is an event restricted to members and invited guests of the University-recognized student organization. All "closed events" involving alcohol must be registered through the Student Involvement office, in accordance with OAR 576-018-0240.

(6) "Student organizations" shall, for the purpose of these rules, mean a University recognized student organization.

## DIVISION 22

### STUDENT APPEALS AND GRIEVANCES

#### 576-022-0005

##### Purpose

(1) The University recognizes the importance of providing an opportunity for appeal for students from decisions made by student governing groups, University administrators, committees, and faculty and staff. Particular care is taken to provide safeguards for students in any action which significantly alters their status at the University, e.g. changes their living situation, prohibits them from participating in certain activities, suspends them from the institution, significantly affects their academic standing.

(2) Basic appeal procedures are summarized in the following rules. Any questions regarding appeal procedures should be directed to the individual department or committee involved or to the Office of the Dean of Students (200 Kerr Administration Building).

(3) Unless otherwise specified, all initial appeals must be filed in writing within 15 calendar days of the decision or action being appealed, and all appeals to subsequent steps in the process must be filed within seven calendar days of the date of the decision at the previous level.

- (b) The department head or chairperson;
- (c) The dean of college in which the course is offered;
- (d) The Provost and Executive Vice President or designee.

Students seeking an exception to academic regulations and requirements must petition the appropriate committee for a decision. An explanation of regulations, requirements, procedures, and the specific committee to which to direct the appeal can be obtained through the Registrar's Office, 102 Kerr Administration Building.

(a) If other pertinent information or factors become apparent after the original decision is reached, the student may appeal the decision to that committee for reconsideration by providing written documents or appearing in person;

**DIVISION 23**

**ATHLETIC DEPARTMENT  
SUBSTANCE USE AND DRUG TESTING**

**576-023-0005**

**Introduction**

- (1) In the interest of the personal health and safety of student-athletes competing for and against Oregon State University in its intercollegiate athletic program and in the interest of fair and sporting competition, the Department of Intercollegiate Athletics (Athletic Department) does not condone alcohol abuse, drug and substance abuse or illegal use of such substances by a student-athlete at any time. Nor does the Department endorse or permit the use of performance-affecting substances.  
(2) The Athletic Department has instituted a program of drug testing by urinalysis for student-athletes engaged in intercollegiate athletics. The testing process shall be initiated only on the basis of individualized reasonable suspicion or on the basis of failing a test previously conducted pursuant to these rules. The circumstances, conditions, or events giving rise to such reasonable suspicion and the source thereof shall be recorded in writing by the team physician who

shall be the only person to authorize and initiate the drug testing process.

(3) "Reasonable suspicion" shall not mean a mere "hunch" or "intuition." It shall instead be based upon a specific event or occurrence which has led to the belief that a student-athlete has used any drugs which are specified in OAR 576-023-0010(5) and which could have or could have had an effect during a period of organized practice, conditioning, or competition or during a period of counseling for substance abuse or, in the case of steroids, during any period of conditioning or weight training:

(a) Such belief may be engendered by, among other things, direct observation by coaches, trainers, or the team physician of physical or mental deficiency or of medically indicated symptomology of tested-for drug use, or of aberrant or otherwise patently suspicious conduct or of unexplained absenteeism;

(b) Such belief may also be engendered by, among other things, information supplied by reliable third parties, including but not limited to law enforcement officials, if said information is corroborated by objective facts, including but not limited to, equivocal, contradictory, or unlikely and unsubstantiated explanation by the individual about whom the report is made. Should information that leads to reasonable suspicion be provided by law enforcement, prosecutorial or probation department officials, the University will only utilize and act upon such information if it succeeds in getting a written agreement from the law enforcement source that results of a potential test will not be used by law enforcement to prosecute or revoke parole;

(c) Such belief may also be engendered by common-sense conclusions about observed or reliably described human behavior upon which practical people ordinarily rely;

(d) Such belief may also be engendered by a previous positive test under these procedures within the preceding twelve months.

(4) The Athletic Department shall not perform any drug testing solely at the request of a student-athlete.

(5) Alcohol abuse during any period of OSU supervised conditioning, weight training, practice, or competition can have severe detrimental effects on personal health, performance, behavior, and academic progress. Team regulations dealing with alcohol abuse therefore provide for possible counseling and/or disciplinary action for student-athletes who are abusing alcohol. The Department considers that a conviction for driving while under the influence of alcohol is evidence of a serious problem of alcohol abuse. A conviction for driving under the influence of intoxicants (DUII) which arises from an incident during any period of OSU supervised conditioning, weight training, practice, or competition will be treated the same as a positive test for drugs, as set out in OAR 576-023-0035 of this policy.

**Testing Method**

(1) The standard method adopted by the Athletic Department for testing for drug use shall be through laboratory analysis of urine samples provided by student-athletes. Urine specimens shall be collected in the proximity of a trained monitor of the same sex who is assigned for that purpose by the Athletic Department administration in compliance with the protocol described in OAR 576-023-0020, Specimen Collection and Role of Monitor.

(2) Results of the test shall be available only to the student-athlete, to the head coach in the athlete's sport, to the head trainer, to the Athletic Director, and to the Team Physician. Should any challenge to the test results, consequences of the test or the test procedures be raised in relation to a particular student-athlete, other appropriate University officials may have access to the information in order to carry out their responsibilities in handling the challenge.

(3) The Team Physician shall determine, after consultation with the head coach, whether it is appropriate to inform and involve a drug and substance abuse counselor, in addition to those individuals listed in section (2).

(4) A copy of the rules describing the Athletic Department Substance Use and Drug Testing Policy shall be included in the Student Athlete Handbook which shall be given to each student athlete before the start of the playing season or when the name of the student-athlete is first entered upon the team roster, whichever is later.

(5) The substances for which the student-athlete will be tested include amphetamines, cocaine, anabolic steroids, marijuana, barbiturates, and phencyclidine or their derivative compounds and other similar performance enhancing or performance depressing drugs.

(6) A student-athlete who refuses to provide a urine sample during the test process or within four hours of the designated time shall be deemed to have tested positive for the drugs in question.

##### Notification of Test

An athletic trainer will contact a student athlete either in person or by phone to inform the student that a drug test will be done. ##### Testing Protocol

(1) The Athletic Department protocol for testing student athletes shall minimize the chances of accidental error or cheating. The protocol shall not provide for visual observation of voiding.

(2) Coaches shall not be involved in the urine sample collection process.

(3) Testing of urine samples shall be performed by a laboratory which meets the standards of the International Olympic Committee and/or the National Collegiate Athletic Association.

(4) If the initial test is positive and was not performed by a test at least as accurate as gas chromatography — mass spectrometry, a second test shall be performed by use of the split samples at an independent laboratory, using procedures at least as accurate as gas chromatography — mass spectrometry.

##### Specimen Collection and Role of Monitor

(1) The Athletic Department protocol described in the Sections below shall be followed in the collection of specimens.

(2) Student-athlete is escorted by University athletic trainers to the designated area.

(3) Monitor asks student-athlete to select a sealed specimen container.

(4) Student-athlete will sign identification form and container labels at entry point. The student-athlete will then follow the monitor to the collection area.

(5) Toilet bowls and tanks shall be filled with water containing colored dye.

(6) Student-athlete shall empty all pockets and shall leave contents of pockets plus purses, back packs, and similar containers (all inside a sealed sack) with the monitor.

(7) Student-athlete shall enter collection stall and shall close the privacy curtain. Monitor shall remain immediately outside the stall. Quiet shall be maintained. After voiding into the specimen container, student-athlete shall emerge and hand the container to the monitor. The monitor shall inspect the collection stall before and after the specimen is collected. Only the monitor shall flush the toilet.

(8) The student-athlete shall then, in the presence of the monitor, pour off approximately half the contents of the container into two new containers and shall then cap, seal, and tape them.

(9) Monitor and student-athlete shall proceed together to the specimen receiving area. The specimen is to remain in view of the monitor until the monitor signs off as described in section (11) of this rule.

(10) Monitor inquires if student is taking any medication and enters this information on the certification form.

(11) Monitor signs control sheet affirming monitored specimen collection on the certification form.

(12) If unable to produce a specimen at all, the student-athlete shall be asked to return to the designated area to wait. The student-athlete begins the entire procedure anew when student-athlete deems readiness.

(13) If the student-athlete is unable to supply the necessary quantity, but wishes to keep the partial sample, then she or he must:

(a) Keep the container in her or his possession and be out of arm's reach of any other person. He or she may request liquid but must stay in possession of partial sample and remain under continuous observation of monitor;

(b) When the student-athlete indicates to the monitor readiness to complete the collection, he or she is then accompanied by the monitor to resume the process in section (7) of this rule.

(14) In the event an empty container is left standing, or a partially or fully filled container is not in close proximity and possession of the student-athlete associated with it, the monitor or an employee of the laboratory shall dispose of the container.

##### Specimen Handling and Preliminary Testing

(1) After specimens have been received by the designated laboratory, the following policies are in effect:

(a) Specimens are held in the designated laboratory according to the following schedule:

(A) One week for a negative test result;

(B) 90 days for a positive test result;

(b) The laboratory staff communicates with only the team physician or head athletic trainer when the testing indicates a positive result. Such communication shall be made orally to the team physician personally, followed by a written report of the test results to the team physician. Split samples are used and final confirmation of positive comes only from GC-MS method (gas chromatography — mass spectrometry) in accordance with OAR 576-023-0015(4);

(c) Anabolic steroid tests will be conducted by a laboratory qualified to perform such tests.

(2) Test results and the fact of testing shall be treated confidentially at all times. Test results and related information shall be stored securely separately from other educational or medical records. University and laboratory employees shall not disclose or discuss the fact or the outcome of testing or the identity of the person tested except insofar as necessary to carry out their official and professional responsibilities. The phrase "official responsibilities" shall not extend to financial aid (other than termination appeals under OAR 576-023-0035(2) below), student conduct, housing or campus security activities.

(3) Laboratories testing specimens shall employ secure storage and chain-of-custody/signature/name/date-time-location-purpose documentation continuously while in possession of specimens.

**Positive Test Results Sanctions**

(1) The team physician, the head athletic trainer, the Athletic Director, and the head coach shall review a positive test result and shall, bearing in mind the type of tested-for drug(s) used, the recency of use, the medical, safety and performance-enhancing effects of its use, formulate a treatment/behavior modification program for the student-athlete. Such program shall include abstinence of further use and periodic retesting and a reduction of playing time equivalent to 10% of the competitive season for the student athlete's sport. The program may include counseling, physical therapy, and withholding from contact drills, and scrimmages as well.

(2) If a second positive test or admission reveals continuing use of tested-for drugs beyond the initial positive test, the student-athlete shall at a minimum have his or her playing time reduced by 50% of the competitive season. The student athlete may be expelled from the team and may lose all athletic grant-in-aid support beginning with the next academic term. If the student-athlete declines twice to provide a sample, or if the student-athlete is involved in any combination of positive tests or declinations totaling two, he or she shall receive a 50% playing time reduction and may similarly be expelled from the team and lose all athletic grant-in-aid support. Prior to loss of financial aid the student-athlete shall first be offered a contested-case hearing under OAR 576-002-0000 and following.

(3) A third positive test result shall automatically cause the student-athlete to be expelled from the team. All athletically-related financial aid shall be terminated beginning with the next academic term. The student athlete shall be offered a contested-case hearing under OAR 576-002-0000 prior to the termination of the financial aid.

(4) Failure by the student athlete to cooperate in the treatment plan shall constitute immediate probable cause for subsequent testing.

(5) If a student-athlete refuses to provide a urine sample during the test process or within four hours of the designated time, the student-athlete shall be deemed to have a positive test and shall be withheld from contact-drills, scrimmages and game competition for the next three weeks of the competition season(s) starting immediately. Include a reduction of playing time equivalent to 10% of the competitive season for the student athlete's sport. The student-athlete shall not be tested following such refusal and withholding on the basis of the original incident, or particular facts which led to individualized reasonable suspicion, except in instances of a prior positive test within twelve months.

(6) In the event a student athlete tests positive, and the positive results are confirmed; or if the student has refused to provide a urine sample in accordance with section (4) of this rule, a second test cannot be required until sufficient time has elapsed for complete elimination of the drug found in the first test. Such elapsed time shall be no less than the following:

- (a) Amphetamines, barbiturates, and similar stimulants, Elapsed Time 10 days;
- (b) Cocaine, Elapsed Time 7 days;
- (c) Marijuana, Elapsed Time 6 weeks;
- (d) Anabolic steroids:
- (A) Fat-soluble injectable types, Elapsed Time 8 months;
- (B) Oral or water-soluble types, Elapsed Time 8 weeks.

(7) Conviction of a student-athlete for driving while under the influence of alcohol as set out in OAR 576-023-0005(5) shall result in the same pattern of sanctions as for a positive drug test. The first conviction will involve sanctions as listed in section (1) of this rule. A second conviction will result in actions listed in section (2) of this rule; a third conviction will result in actions listed in section (3) of this rule.

**Records Security**

(1) The University has no purpose of invoking or facilitating criminal justice procedures or Student Conduct Code disciplinary

proceedings arising out of the use or ingestion of the tested-for substances.

(2) The University in conducting the testing program is not acting in aid of, or as an agent for, state or federal law enforcement officials. Nor are those administering the tests acting as, for, or on behalf of the Office of Student Conduct. The off-campus use of substances tested for under this rule is not a violation of the Student Conduct Code.

(3) Test results shall be deemed by the University as part of a student's educational/ medical records protected from disclosure under state and federal law. However, these laws do not immunize student educational records from disclosure pursuant to a subpoena or court order. In such an instance, the University will take reasonable steps to notify the record-subject in advance of compliance with any such subpoena or order. The University or the record-subject may move the court or agency to quash any portion of the subpoena which pertains to drug testing records or to withdraw or narrow any such court order.

(a) The person(s) entering the facility will be asked by University staff or agents to reveal the items in the backpack, purse or bag. Staff or agents shall inform person(s) in possession of the backpack, purse or bag of the reason for the inspection. ##### Health Insurance Requirements for Non-Immigrant International Students and Their Dependents.

(1) In order to assist the University in complying with federal regulations, and to ensure the quality of the educational and cultural experience of non-immigrant international students at Oregon State University, such students must demonstrate their ability to meet their financial responsibilities in full. These responsibilities include the provision by non-immigrant international students of medical care for themselves and dependent family members in the United States.

(2) As used in this rule, "OSU Plan" means the insurance plan available through Oregon State University for non-immigrant international students.

(3) All non-immigrant international students enrolled part- or full-time at Oregon State University shall provide health insurance coverage for themselves and their dependent family members in the United States. Non-immigrant international students may fulfill this

requirement by enrolling themselves and their dependent family members in the OSU Plan, or by securing a comparable insurance waiver under section (5) of this rule, within 21 days of enrollment at OSU.

(4) Charges for enrollment of international students and their dependents in the OSU plan will automatically be billed to such students' OSU accounts unless they have secured a comparable insurance waiver under section (5) of this rule. Students who are enrolled for spring term will automatically be billed and enrolled for both spring and summer term.

(5) A non-immigrant international student who does not wish to participate in the OSU Plan may apply to the Director of Student Health Services for a comparable insurance waiver. Such application shall be submitted to the Student Health Insurance Office on a form provided by that office, which will require documentation of coverage. A comparable insurance waiver may be granted only when the student is covered by an alternative policy, plan or contract that provides comparable coverage:

(a) "Comparable coverage" means that the alternative policy, plan or contract meets or exceeds all levels of coverage provided by the OSU Plan, including any exclusions, the maximum amount of coverage per accident and illness, and the maximum amount of cumulative benefit; and that the alternative policy, plan or contract is either backed by the full faith and credit of the government of the international student's home country; is part of a health benefits program offered on a group basis to employees or enrolled students by a designated sponsor; or is an alternative plan lawfully sold in Oregon.

(b) Documentation of such coverage must indicate in English the insurance company's name and address for billing purposes, policy number, the coverage terms of the policy, the effective dates of the policy, and any exclusions, the names of the individuals covered by the policy, and the maximum amount of coverage per accident and illness and/or in terms of cumulative benefits.

(c) In all cases proof of continuous coverage is required during the student's program of study.

(d) Notwithstanding section (5)(a) of this rule, the Vice Provost for Student Affairs may designate as comparable coverage any plan for which non-immigrant international students are eligible that is offered through a University-recognized collective bargaining agreement.

(6) Non-immigrant international students may contest the factual premise underlying any decision to deny a comparable insurance waiver by presenting their documentation and arguments before the Vice Provost for Student Affairs.

(7) A non-immigrant international student whose request for a comparable insurance waiver is denied shall be enrolled in the OSU Plan and premiums will be billed to the student's OSU account.

(6) Vehicles shall not park in loading zones at any time for any purpose other than loading and unloading, and for such purpose maximum time is ten minutes, or as posted.

(7) All vehicles parked on OSU property are required to observe posted traffic and parking signs. If any of these regulations should conflict with posted signs, the signs are to be observed.

University Police and Department of Public Safety. Unlicensed vehicles and vehicles without OSU Parking Permits parked more than 24 consecutive hours on OSU property will be considered abandoned and subject to removal.

When a collision results in an injury, a written accident report must be submitted to Security Services by the individuals involved.

(8) Bicycles shall be parked, stored, or left on campus only in areas so designated by bicycle parking devices or signs authorizing bicycle parking or storage. All bicycles, regardless of owner, must be maintained in working order while parked on campus. Bicycles parked or stored in bicycle racks at or near academic or research buildings longer than five days will be considered abandoned and will be impounded.

(9) Bicycles users may be cited for:

A notice of impoundment will be sent to the permit holder within 24 hours. Bicycles may be claimed by identifying the bicycle and payment of citation fine and impoundment fee. Security Services will not be liable for the cost of repair or replacement of a securing device damaged when removing and impounding a bicycle.

(12) All bicycles that are operated, parked, or stored on campus by student, staff, or faculty may be registered at Security Services, Public Safety Building.

##### Informal Procedures

(1) Prior to filing a formal grievance a faculty member is encouraged to discuss the grievance with his or her supervisor (or dean, director, unit executive officer or Affirmative Action Director). The immediate supervisor shall respond to the grievant within fifteen (15) days.

##### Initiation of Formal Procedures

(1) If a grievance is not resolved to the satisfaction of the grievant at the informal stage, or if the grievant chooses to bypass the informal stage, the grievant may file a formal written grievance. A grievance shall be filed with the dean, director, or executive officer in charge of the administrative unit, except:

(a) Where the grievant is a department chair in which case the grievance shall be filed with the Provost and Executive Vice President; or

grievant is pursuing the complaint at the informal level and it appears that additional time would be beneficial in resolving the grievance. Extension by the University shall be in writing by the Legal Advisor.

(3) The written grievance must contain the grievant's name and address, the date and nature of the act or omission which gave rise to the grievance, any rule, policy or procedure alleged to have been violated or misapplied, and the remedy requested by the grievant.

(4) The dean, director, unit executive officer, or the respective designee shall send a written decision to the grievant within twenty (20) days of receipt of the grievance.

(5) If the sole basis of the grievance is a claim of an unlawful discriminatory employment practice or practices, the grievant may waive in writing the right to file a formal grievance under this rule and may elect instead to file a formal complaint of discrimination with the Office of Affirmative Action and Equal Opportunity. If the grievant elects to file with the Office of Affirmative Action and Equal Opportunity, the grievant shall be entitled to that office's procedures and shall have no further rights to the procedures set forth in this division 50.
