Dear Oregon Voter,

A healthy democracy is all about trust. As a voter, you deserve trustworthy information. As your Secretary of State, it's my job to provide it. The Oregon Elections Division is your official source for trusted information. It's the best place to get your questions answered and avoid false information.

**Always use official sources of trusted information. [oregonvotes.gov](https://oregonvotes.gov)**

**Register to vote by April 26.**

***Did you know it takes less than 3 minutes to register or update your voter registration at [oregonvotes.gov](https://oregonvotes.gov)?***

What you need to know about the May Election:

**Closed Primary Elections for the Republican and Democratic Parties:** The Republican and Democratic parties in Oregon hold closed primaries. This means only registered Democrats can vote for candidates running for the Democratic Party's nomination and only registered Republicans can vote for candidates running for the Republican Party's nomination. The winners of those primaries then face off in the General Election in November. To vote in the Republican or Democratic Primaries, you must be registered as a member of one of those parties by April 26.

**New law! Ballots Postmarked by Election Day Will Count:** In 2021 the Legislature passed a new law to allow ballots postmarked by 8 pm on Election Day to count. This improvement ensures that every vote cast on time gets counted. It may also delay the results of close races because it will take a few days for all the votes to be counted. But remember, even if ballots arrive by mail at your county clerk's office after election day **only ballots cast by 8 pm on Election Day will be counted.**

**Optional Secrecy Sleeves:** Many counties are no longer providing secrecy sleeves when they mail ballots because they slow down the processing of ballots. Regardless, your ballot is always secure and **private** — new and improved return envelopes and secrecy procedures at elections offices protect your privacy without the need for the extra sleeve.

Oregon's elections are the gold-standard in security, accessibility and transparency. But false information about elections is a real threat to trust in our democracy. We encourage you to always check information at trusted sources. Start with [Oregonvotes.gov](https://oregonvotes.gov), your official source for elections information in Oregon.

Additionally, you can find trusted information at your county elections office. Visit [oregonvotes.gov](https://oregonvotes.gov)/counties to contact your county's elections office.

Sincerely,

Shemia Fagan  
Oregon Secretary of State

→ **Wednesday, April 27**

First day for counties to mail ballots.

→ **Tuesday, May 17**

Election Day

Last day to return your ballot.

If you mail your ballot it must be postmarked by 8 pm election day.

Or return your ballot to an official drop box by 8 pm on election day.

**[oregonvotes.gov/myvote](https://oregonvotes.gov/myvote)**

Use this online tool to check or update your registration status and track your ballot.

## Where do I vote?

In Oregon, we vote by mail. There are no polling places. Instead you can vote anywhere you choose.

If you're registered to vote by **April 26**, your ballot will be mailed between **April 27** and **May 3**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by May 6, call your county elections office.

## What if I've moved?

Ballots are not forwardable. To receive your ballot update your voter registration information at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote).

If election day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

## How can I get my ballot early?

You may request an absentee ballot if you will be away from home on election day. Complete the Absentee Ballot Request Application at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote) or call your county elections office.

## How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

## Why don't I get to vote for Governor?

Oregon's primaries are closed. You must be a member of the Democratic or Republican party to choose that party's nominees.

If your ballot does not include candidates for Governor it means you're not a registered Democrat or Republican. You will be able to vote for Governor at the General Election in November.

## What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

## Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't for every contest or measure on it.

## Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot follow the instructions that were sent with your ballot.

## How do I return my ballot?

You can return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked on or before **8 pm on May 17**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at [oregonvotes.gov/dropbox](https://oregonvotes.gov/dropbox) or by contacting your county elections office.

County elections offices are open election day from 7 am to 8 pm.

## Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features into the ballot return envelope.

## Do I have to sign my ballot return envelope?

For your vote to count, yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

---

### **If my name is on the ballot return envelope, is my vote really secret?**

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

---

### **Was my ballot counted?**

As a registered voter, you can track the status of your ballot at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote).

---

### **When will election results be known?**

Initial results are released beginning at **8 pm, May 17** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on [oregonvotes.gov](https://oregonvotes.gov) will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

The final winner or result of a close contest may not be known until the election is certified and the official abstract of votes published. Final certified results will be available 37 days after the election.

---

### **Do I need a provisional ballot?**

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

---

### **How do I file a complaint?**

Any registered voter may file a written complaint alleging that a violation of an election law has occurred.

The complaint should provide evidence showing a violation and must be signed by the voter. Anonymous complaints will not be accepted.

Complaints should be sent to:

Secretary of State, Elections Division  
255 Capitol St NE, Suite 126  
Salem, OR 97310

**Would you give someone going door to door your ballot to put in a drop box for you?**

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. [Don't be fooled.](#)

**Would you believe a talk radio personality who says your political party is changed when you go to DMV?**

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. [Don't be fooled.](#)

**Would you believe a story that Oregon Motor Voter is automatically registering non-citizens to vote when they get a driver's license?**

Not true. Only individuals who show proof of citizenship at DMV are eligible to be automatically registered to vote under Oregon Motor Voter. [Don't be fooled.](#)

**Would you believe a social media post, phone call or text message that your voter registration has been cancelled?**

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. [Don't be fooled.](#)

**Would you register to vote on a website you saw on social media instead of registering at the official Secretary of State site, [oregonvotes.gov/register](https://oregonvotes.gov/register)?**

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. [Don't be fooled.](#)

**Would you trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, [oregonvotes.gov](https://oregonvotes.gov)?**

Not safe. Only use official information located on the Secretary of State's website or your county elections website. [Don't be fooled.](#)

**Would you believe a social media post that says your ballot can be rejected without you knowing about it?**

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote). [Don't be fooled.](#)

**Would you believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?**

Not true. All ballots must be received or mailed with a valid postmark by 8 pm, May 17, 2022. [Don't be fooled.](#)

**Would you believe a headline that says it is too late to secure the upcoming election?**

Not true. Election security in Oregon has never been stronger and is continually being improved. [Don't be fooled.](#)

## Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. There are detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has conducted onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, US Postal Service Inspector General's Office and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

## Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the 2022 Primary Election:

- Constitution Party of Oregon
- Pacific Green Party
- Working Families Party of Oregon

## Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

Find more information at [oregonvotes.gov](https://oregonvotes.gov).

## Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2022 Primary Election** is:

O, R, A, Q, J, S, L, H, P, Z, I, W, M, C, N, G, K, T, E, Y, F, D, V, B, U, X

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

- Democratic candidates by position in ballot order
- Republican candidates by position in ballot order
- nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

## Disclaimer

**Information provided in statements or arguments by a candidate, a political party, an assembly of electors, or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.**

## Democratic Party

**The Democratic Party of Oregon is more than one million strong, fighting for progress, and helping elect Democrats across the state who are committed to the people of their communities.**

Democrats believe that we're stronger together than we are on our own – that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

Oregon Democrats work hard promoting health care access, living wage jobs, education, clean energy and more because EVERY Oregonian, from the Idaho border to the Pacific deserves to thrive and see their kids succeed.

In Washington, D.C. and in Salem, Democrats are passing legislation to support working families, ensure voting is accessible, easy, and secure, and fight for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

### **Oregon Democrats Stand For:**

- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equality
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities

## Independent Party

**Are you tired of extremism and polarization?**

**Are you tired of being manipulated by politicians who say one thing**

to get your vote and then do another?

If so, then maybe the Independent Party of Oregon is for you.

A 2021 Gallup poll found that 62% of Americans want a viable third party and that the Democratic and Republican parties "do such a poor job representing the American people that a third party is needed." Are you one of them? The only way to build a third party is to join one.

**The Independent Party of Oregon (IPO) believes in fiscally responsible policies to restore our middle class and address the real problems we face.**

**Government reform:** We work to restore integrity to our institutions by achieving campaign finance reform and voting reforms that make our democracy more representative.

**People centered policies:** We work on policies that bring us together, like addressing the high cost of living, especially for housing; homelessness; addiction; and working to address the impact of fire and extreme weather on our communities.

### Facts:

- Fastest growing party in Oregon, adding over 140,000 members since 2007 (4.7% of Oregon registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We're highly informed, rational, non-tribal voters.
- Supports policies that are good for all Oregonians, even when it means we share in some sacrifice.
- Our platform is fiscally responsible, socially compassionate, and environmentally aware.
- We fight to keep big money from buying government policy at all levels of government.

If you agree:

**CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY**

Search: "Oregon voter registration" and click on "Update"

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. Politics is too partisan. There is not enough problem-solving.

### We work to:

- Oppose spending on inefficient government programs.
- Increase transparency in government, especially on how tax dollars are spent.
- Require that political advertisements name their largest funders.
- Improve education and job training opportunities for Oregonians.
- Protect the environment and the climate.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

### 2022 ELECTIONS

Our 2022 nomination process will be conducted this Summer. Check [www.indparty.com](http://www.indparty.com) for updates.

### COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. These special interests accounted for nearly all of the \$150 million spent on Oregon political campaigns in 2018 and most of the \$44 million spent on Oregon lobbying. Regular voters can't match those big dollars. But we can band together and fight them with our voting power

### WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens.

We helped pass campaign finance reform in Multnomah County in 2016 and Portland in 2018 by passing ballot measures to change the county and city charters to limit campaign contributions to \$500 each and require that political ads name their 5 largest funders and their sources of funds.

In April 2020, our co-chairs won the reversal of the 1997 Oregon Supreme Court decision that the Oregon Constitution does not allow limits on political contributions. We supported Measure 107 (2020), which then amended the Oregon Constitution to allow contribution limits and disclosure requirements.

We helped stop the Legislature from making Oregon's campaign finance laws even worse. The Center for Public Integrity ranks Oregon's state-level campaign finance system as the worst in America - except for Mississippi.

## **Libertarian Party**

### **The Libertarian Difference**

How do you know what a political candidate stands for? A lot of political speech these days consists of using a lot of words to say very little of substance. Politicians would rather be unclear and ambiguous. They're happy to say vague but nice-sounding things, but afraid of being pinned down on concrete issues because they don't want voters to realize that they disagree!

By contrast, Libertarians are not afraid of stating their positions, or the principles that brought them to those positions. Libertarianism is not just a collection of disconnected policy ideas, it is a coherent political philosophy grounded in the importance of individual freedom. These are our principles:

### **Libertarian Party Statement of Principles**

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

### **Be A Libertarian**

If these principles appeal to you, we invite you to switch your voter registration to "Libertarian" to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

**Progressive Party****Fighting for Honest Elections, Economic Justice, Human Rights,  
Environmental Protection, and Grassroots Democracy.**

**WE SUPPORT:** real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), and \$15 minimum wage for all, now.

**WE OPPOSE:** the corruption of elections by big money, Wall Street bailouts, bloated military spending, "corporate personhood," and NAFTA, WTO, and other "free trade" deals that let corporations override labor, consumer protection, and environmental policies.

**ENDORSEMENTS**

<b>Brian Setzler</b>	Portland City Auditor	<b>Dyle Canning</b>	U.S. Congress #4

**Real Campaign Finance Reform**

Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state and local offices has skyrocketed from \$4 million in 1996 to \$83 million in 2018.** Winning a contested race for the Legislature (about 15,000 votes needed for a House seat) now typically costs over \$750,000 and often over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in controlling political financing to avoid corruption, beating only Mississippi.

**Invest in Oregon**

Oregon's \$139 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of in businesses almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who use Oregon funds to invest in any sort of corporation (including fossil fuels) and even makers of spyware used to oppress activists worldwide.

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay huge fees (around \$200 million per year) to Wall Street firms to issue the bonds, along with high bond interest.

**Let's cut out the Wall Street middle men.** Local governments should borrow the needed funds from the State. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If a State Bank of Oregon were to charge local governments an interest rate of 3%, local governments would save an additional \$40 million per year in interest on every year's issuance of bonds. After 10 years, they would be saving \$400 million per year in interest, plus avoiding the \$200 million per year in fees to Wall Street.

**Grassroots Democracy**

Oregonians need to be able to effectively use the initiative process, including electronic signatures to avoid spread of disease and allow wider participation. We support the use of STAR Voting or Ranked Choice Voting to break 2-party domination.

**Human Rights**

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

**Environmental Justice**

We support policies that will protect Oregonians' air, water, land, and forests and the world's climate. We support an Oregon Green New Deal and would tax harmful emissions that cause climate change and the diesel emissions that cause cancer. We oppose offshore oil & gas drilling and shipping fossil fuels for export from Pacific Northwest ports. We would require labeling of genetically engineered food. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

**Fair Taxation**

Oregon has the 4th highest income tax of any state on lower-income working families. We oppose government promotion of gambling, including video poker, which is a hidden, regressive tax.

## Republican Party

Who Republicans are:

The Oregon Republican Party is a community of primarily lower and middle-income class citizens. We believe in the principles of limiting the power and dominance of government and corporate big business, lowering taxes/fees, and the fundamental basic right that all citizens have the right to make their own decisions without fear of being persecuted by the government or the cooperate elite. Big government and big business must not be allowed to become so dominant that we as citizens cease to be in control of our own lives! We are fast approaching this point of no return.

The basics of what Republican candidates and volunteers are working for:

- A state where people of all races and backgrounds can respectfully communicate and live their lives in peace and prosperity.
- A statewide community that truly loves and respects their neighbor's right to participate in society without fear of those in power and the political majority.
- To maintain and expand the right to freely assemble and peacefully voice our support or opposition to the matters of the day in all publicly owned spaces.
- The right to freely speak, communicate and express one's opinions without being censored by corporate social media giants.
- The principle that parents are the ones to decide what is proper for their children to be taught in our public school system, and that government should never replace mothers and fathers as the parent.
- That tax dollars follow the child to whatever school their parents approve of. Public or private.
- True respect for our neighbor's right to choose what is put into their own and their children's bodies.
- Separation of church and state. The government must never again be allowed to force itself on institutions of faith like what was seen during the COVID era. A government with no restrictions is an entity that will oppress and persecute any individual or group that stands in its way. It is the duty of God-fearing people to stand against said government.
- The right to earn a living and not be hindered by special interests or our government in the form of barriers to entry and over-regulation.
- The right to start your own small business without government-imposed high fees and barriers to entry. The low and middle-class citizens falter and big business dominates when regular people cannot afford to enter and compete in the free marketplace.
- Strong investment in public safety and enforcement of just laws, and consequences for those who commit violent action against peaceful and law-abiding citizens.
- Strong consequences for those who commit sexual assault against any citizen, but especially harsh consequences/sentences for those who commit such assaults against children.
- Establishing laws that prohibit government and internet information-based private businesses from censoring or promoting the censorship of available information on the internet for citizens of legal age.
- Upholding and expanding basic property rights. Ownership rights of land, homes, vehicles, cell phones/computers, and any other pieces of property a citizen may poses must be protected from government overreach, control, and seizure.

Regardless of your current political affiliation, we hope that you will join us in rescuing our beloved Oregon from extremist politics and help us restore balance and true mutual respect for the rights and values of all who call our beautiful state home!

## US Senator

## Ron Wyden

Democrat

**Occupation:** US Senator

**Occupational Background:** Director, Oregon Legal Services for the Elderly; Co-founder, Oregon Gray Panthers

**Educational Background:** Stanford University, BA; University of Oregon Law School, JD

**Prior Governmental Experience:** US Congress

Public service means listening to Oregonians' priorities.

That's why I've held open-to-all town halls in each of Oregon's 36 counties each year—that's over 1,000 and counting.

Oregon is coming back from double-digit unemployment during the pandemic's darkest days. But I've heard Oregonians' anger about serious challenges—soaring food and housing costs, insufficient mental health care in our communities, homelessness, and crime.

In COVID's first months, I secured new unemployment insurance and tax relief to help families and small businesses survive the unprecedented economic crisis.

I've consulted with mental health providers and law-enforcement to pass a groundbreaking law based on Oregon's innovative model for responding to crises in the streets with trained first-responders. And I've secured funds for emergency housing for Oregonians in crisis.

To save Oregonians' money, I passed tele-health legislation giving people access to cost-saving at-home medical visits, and am fighting Big Pharma's price gouging on life-saving medicines like insulin.

To attack inflation and escalating housing costs, I am reducing red-tape, encouraging more housing supply and promoting a sustainable domestic timber industry. I'll continue to fight for first-time homebuyers getting a down payment on the American dream.

With Big Oil profits skyrocketing while Oregonians pay at the pump, I'm overhauling the tax code by ending special tax breaks for these profiteers. And I'm creating incentives for American-made renewable energy and fighting the climate crisis.

My Secure Rural Schools law has brought over \$3.5 billion for Oregon schools and roads. And I wrote the law banning raids on wildfire prevention funds.

I'm proud to be called "the Senate's biggest privacy hawk" and will continue my focus on protecting Americans' privacy from both business and government intrusions.

There's much more to do. I am honored to be your public servant, and ask for your vote.

Travel-52 Countries; 49 States.

Experienced- Brent Thompson's 40 years of varied public service experience is reflected in his writings on land use planning, transportation, and the threat of continued US population growth ([alternativestogrowth.com](http://alternativestogrowth.com)).

Brent Thompson knows the legal structure we need to evolve aesthetic, walkable, comfortable, economically viable, and compact resource conserving communities.

Brent Thompson understands that endless growth threatens farmland, forest land, and the beauty of Oregon's 300 mile coastline. Current thinking favoring endless national population growth must cease if the US is to help reverse global warming and stop environmental losses. Ignoring concepts such as "carrying capacity", "sustainability", "national optimum population, and the Native American concept of thinking ahead Seven Generations further compromises Oregon's quality of life.

Americans everywhere are losing assumed givens such as adequate water resources and freedom of movement.

Americans including Oregonians must now cope with droughts, overburdened highways, and teeming airports in an increasingly impersonal, alienated, distraught, and angry society.

Oregonians now need Senators who don't default on their obligation to keep Oregon, Oregon and who don't "con" us with environmental tokenism. We'll achieve prosperity without endless growth.

**Send Brent Thompson to the US Senate. He can think Seven Generations ahead. We need that.**

Democrat

**Occupation:** CEO, 18 Oaks Sign Company

**Occupational Background:** Willamette Valley Medical Center

**Educational Background:** OSU,

**Prior Governmental Experience:** Oregon: Department of Consumer and Business Services, Building Codes Division, Electrical and Elevator Board; City of McMinnville: Enrichment Services Advisory Committee.

"I alone can fix it" (Trump, 2016) opposes everything American democracy stands for. It was right to condemn the statement, and it is right to condemn the presumption. No lone politician can fix it, but all together, we will.

We see the homeless, we fear the crime, and we struggle with the skyrocketing costs of living. Graduates strapped with debt go from commencement to their childhood bedroom, unable to find affordable housing and unable to make a fair living wage. Clearly, Senator Wyden's town hall meetings have not resulted in the change we need. Low wages, historic inflation, record-high tuition, violent crime, and extreme weather events are destroying Americans' mental health. Change must come – and Oregon Democrats are going to have to decide what role they will play in bringing it about.

He's in the majority; he has a lifetime of experience and a chairmanship. However, the elder statesman is no longer getting the job done. Polls of registered Oregon voters show 88% of individuals feel their quality of life is declining. Put simply, Senator Wyden should not be running for a fifth term. It's time to stop 40 years of incrementalism, submitting to the established decorum, and endless positioning for the next election.

If America is to fully live up to its creed, we must defend against both voter and candidate disenfranchisement. Career politicians cannot claim to support voters' rights yet maintain a system that discourages the rights of new candidates to challenge. Currently, voters' rights are an absurd pretense to the gerrymandered election of an indefinite incumbent. Democrats have a deep bench, let's use it.

Please, will you vote for a new nominee?

**Scott Phillips**

Democrat

**Occupation:** Cloud Native Product Management

**Occupational Background:** Peace Corps, Accenture

**Educational Background:** University of Washington, BA;

Georgetown University, MBA

**Prior Governmental Experience:** Peace Corps volunteer, Peace Corps headquarters staff

Scott is focused on bold ideas for a better American future and a stronger Democratic Party.

As Scott walks neighborhoods from Portland to Astoria, he has heard again and again that you want accountability and results. You want government to answer the phone, not leave you on hold. You want practical solutions not ideology; action not name-calling. Scott sees these as minimum requirements. You deserve much more.

To build a better post-pandemic future, Scott will focus on:

- Economy. Stabilizing our economy after pandemic disruptions and inflation.
- Jobs. Developing high wage Jobs of the Future on the frontiers of science and technology
- Chips. Championing global leadership for Oregon’s semiconductor industry.
- Homeless. Funding transitional housing to end our homelessness crisis.
- Modernize. Modernizing public services to be innovative and responsive.
- College. Innovating to cut cost, increase access, reduce student debt.

Scott brings skills and experience that can make a difference in Washington:

- Practical experience with cutting edge technology from Cloud to AI.
- Work as a Change Agent from African villages to the halls of Fortune 500 companies.
- Deep skills innovating and troubleshooting across large organizations.
- A clean slate with no favors to repay, no status quo to uphold.

The case for change

- We are running out of time to solve our biggest challenges in a world growing more unstable by the day.
- We urgently need new ideas in Congress.
- The incumbent has had 10 years - Isn’t that enough?
- This is your chance for a change.

Last, Scott believes our democracy will be tested in 2024. In advance, we must try harder to expand the Democratic coalition to more rural and working-class Americans and change the electoral math.

On May 17, we urge you to choose a Bold New Future and give Scott a chance.

Oregonians have been through a lot over the last two years.

As we transition out of the crisis phase of COVID-19, it's worth reflecting on some of the positive things that happened and discuss where we go from here.

First, working together, we protected our democracy and got rid of Trump.

Next, we:

- Protected millions of Americans from losing their homes during the pandemic.
- Prevented millions of small businesses from shutting their doors for good, including my RESTAURANTS Act that supported over 2,000 independent Oregon restaurants.
- Passed a historic infrastructure bill providing resources for bridges, transit, water, sewer, and broadband.
- Passed my legislation to tax petrochemical companies to fund clean-up of the toxic messes they make.
- Provided unprecedented emergency resources to local governments to keep thousands of Oregonians in their homes.

Obviously, that's not enough. I'm also working to:

- Get the federal government back in the game of providing affordable housing and helping those experiencing mental health and addiction issues on our streets.
- Lower prescription drug prices and ensure that everyone has access to quality healthcare.
- Enact a Green New Deal that provides living wage jobs while protecting the planet.
- Reimagine our food and farm policies to help family farmers instead of large agribusiness.
- Ensure that those trying to subvert democracy fail by protecting free and fair elections.

Our communities are hurting. My mission is to ensure our families are safe, healthy, and economically secure.

I'm not just asking for your vote; I'm asking you to fight with me for our future.

Courage,

Earl

**Occupational Background:** Oregon Treasurer, Oregon State Representative

**Educational Background:** University of Washington,

MBA; Willamette University, BA.

**Prior Governmental Experience:** 2017-present; State Representative, 2007-2016

**“I’m frustrated with where Oregon is today. We must urgently provide homeless Oregonians with safe, stable housing and access to mental health and addiction services while cleaning up our public spaces; get illegal guns off our streets and reduce gun violence; and make sure schools stay open, so our kids don’t fall further behind. As governor, I will challenge the status quo in Salem to create a brighter future for all.”**

- Treasurer Tobias Read

**A Vision for a Stronger Oregon**

A parent of two kids in public schools, Treasurer Read believes we should measure Oregon’s progress by the well-being of our kids. As governor, he will create a universal pre-K program for every child, expand access to affordable childcare, and make raising literacy and graduation rates a top priority. He’ll build more housing of all types to bring down the cost of living, get tough on gun violence, and continue Oregon’s leadership in investing in clean energy to combat climate change.

**A Record of Results**

Treasurer Read created a program that helped more than 100,000 Oregonians save over \$150 million for retirement, and tens of thousands save for college. He’s cut Wall Street fees, saving taxpayers more than \$500 million. He’s doubled the state’s investment in clean energy, and led the charge to create the Elliott State Research Forest. As a legislator, he was a leader in passing full-day kindergarten and establishing Oregon’s rainy day fund.

**“Oregon needs a Governor with a statewide record of tackling tough issues, delivering results, and fighting for Oregonians living in every corner of this great state. That’s why I’m supporting Tobias. Oregon needs his proven and steady leadership.”**

**A BETTER OREGON FOR OREGONAINS**

I want to improve Oregon's education, clean Oregon's air, help the cities and counties, help the homeless/houseless and stop the shootings.

Education: I want four special classes about nine weeks long for seventh graders. Why seventh graders? Because that's when they become teenagers and is a TUFF TIME OF LIFE!

1. Money Management: This will give them a good understanding of saving and investing.
2. Civics: Every American needs to know how our government works. Maybe they will take over some day.
3. LifePlan: What do I want to do in life? This class will explore fields of work.
4. Law Related Education: The students will study the Court System. They have class time and a tour of the Court House. When I was a Director of the Multnomah Education Service District, the managers of the program said "IT WAS VERY EFFECTIVE."

The schools must stress throughout the school experience that you must graduate from high school. If you don't graduate from high school you may fail in life and become an economic cripple!

Clean Air: There are many big things in the works for clean air. We can aim is to use cleaner fuels. Many newer vehicles can use E-85 gas. I will run Oregon State vehicles on E-85 gas.

We need to help the cities and counties to help the homeless/homeless. The state can and will aid to solve this problem!

Stop the shootings: If the local police will not or can not stop the gun violence the State Police or National Guard will step in. It must end!

Elect JOHN SWEENEY for Governor. He will be working for you. [jsweeney88@gmail.com](mailto:jsweeney88@gmail.com).

**Governor**

**Patrick E Starnes**

Democrat

**Occupation:** Starnes has worked as a freelance cabinetmaker for over 30 years. Currently, he and his wife make their living restoring old homes.

**Occupational Background:**

Besides furniture-making, Starnes also worked as a truck driver, bartender, and teaching assistant.

**Educational Background:** Starnes graduated from the University of Oregon with a degree in History.

**Prior Governmental Experience:** Starnes has over ten years of experience as an elected school board member. He has served on the Soil and Water District, Roseburg City Parks Commission, City Budget committee, and on the board of Umpqua Watersheds fighting for old-growth.

**GET BIG MONEY OUT OF POLITICS:**

Oregonians know that big money is corrupting our democracy. Starnes is the only candidate for governor who is taking no corporate dollars and no PAC money. **His loyalty is to the people of Oregon, not wealthy interests.** He was instrumental in getting Campaign Finance Reform on the ballot in 2020. He promises to set campaign contribution limits in his first 100 days.

**OHP FOR ALL:**

Starnes is the only candidate for governor calling for universal, single-payer healthcare by improving and expanding OHP to all Oregonians. OHP4All would be funded by a wealth tax on the largest corporations and on junk food producers who contribute to poor health outcomes.

**HOUSING AND EQUITY:**

By creating the Oregon Shelter Fund, we can tackle the housing crisis and the state can finally use matching local and federal dollars to provide affordable housing and vital services. Revenue will be generated from a Vacancy Fee on abandoned homes, often held by out-of-state banks who use them as tax write-offs.

Starnes will promote Inclusion & Diversity with effective legislation to advance equity to all regardless of race, ethnicity, age, gender, sexual orientation, disability, or economic status.

**WILDFIRE/CLIMATE:**

Climate change is happening. We must fully fund public transportation that is fast, frequent, free, and carbon-neutral, while protecting carbon sinks such as healthy forests and soils. The time is now!

George Carrillo for Governor

Effective Leadership Committed to Oregon

George Carrillo is a champion for the unheard voices of Oregonians. He believes that change cannot effectively happen without community engagement, accountability, equity, inclusion, and connection. George believes in the power of effective leadership where outcomes don't come at the expense of our workforce and their well-being. He is running for Governor to bring unity in advocacy without creating further division. He sees the beauty, strength, and opportunity in people to make our state a better place.

Dear Fellow Oregonian,

I'm a proud father, husband, Marine Corps disabled veteran, prior Sheriff Deputy, and Oregonian. I'm running for governor because health, housing, and opportunity shouldn't be determined by your background, location, and privilege. As a person of color that has climbed the ranks in state leadership, I understand the power dynamics of oppression and can identify it in state systems. The higher I move up, the clearer the problem becomes. I'm not a career politician. Our government doesn't understand the populations they serve. It's time to fix what's broken in Oregon politics. We face incredible challenges, but together we can achieve more than any single person could ever do alone and I'm confident that together we will overcome them.

I ask for your vote to:

- Disrupt the school to prison pipeline
- Implement a new economic strategy for urban and rural Oregon to expand clean, renewable energy projects to create jobs and protect our environment
- Increase funding to unions and not allow another PERS reform bill that cuts public employees' retirement funds, especially when there were and are always other options to manage the state's debt.

**Occupation:** Advocate

### Proven Progressive Fighter Ready to Tackle Oregon's Challenges

I started my public service twenty years ago at Oregon Food Bank, trying to make things better. It wasn't just about food. People needed good jobs, affordable housing, and quality health care.

I ran for office to be a **force for positive change**, fight for our communities, and deliver results for all Oregonians.

As Oregon's House Speaker, I fought to:

- Support working families by **raising the minimum wage, guaranteeing paid sick leave**, and starting a paid family leave program.
- **Address our crisis of homelessness** by protecting renters during the pandemic, increasing funding for affordable housing construction, and converting unused motels into shelters.
- **Invest \$1 billion more per year in public schools** to help more Oregon kids graduate and succeed.
- **Fight climate change** by putting Oregon on a path to 100% clean electricity by 2040.
- **Keep our communities safer from gun violence** by expanding criminal background checks.
- Stand up against Trump's attacks on women by **passing the nation's strongest abortion access law**, guaranteeing access to reproductive health care for all Oregonians.

I'm running for Governor to tackle our state's biggest challenges:

- Reduce homelessness and make housing affordable.
- Expand access to mental health and substance abuse treatment.
- Protect the environment and create jobs in clean energy.
- Fight to protect hard-working families from the rising cost of living.

**Occupation:** Representative, Care Oregon

**Occupational Background:** customer service

**Educational Background:** Duquesne University

Oregon desperately needs a well-informed hard-working everyday citizen willing to use the governorship to enact progressive change.

I am a grassroots candidate unlike Kotek and Read, who are part of the elite Democratic establishment backed by special interests/big dollar corporate lobbyists. Too many Oregonians live the paycheck-to-paycheck struggle, just one financial disaster away from homelessness.

As an immigrant who gained citizenship through adoption, I learned at a very young age to be a fighter for rights, being born without arms and surrendered to an orphanage at birth.

To learn more about our progressive campaign visit <https://www.trimbleforgov.com> or call 503-383-9693 to speak with me directly.

I will never be caught sitting on my hands, as I will be working hard for you:

- Pro-Choice, Pro-Union, Pro-Environment, Pro-Racial Justice, Pro-LGBTQ+
- Forgive/make free in-state tuition/debt
- Grant state residential status to those without documentation to participate in state programs and pay taxes
- Pardon many nonviolent/nonsexual related former state convicts
- Expand OHP to all Oregonians regardless of income
- Curtail healthcare costs/prescription drug prices
- Subsidize medical tourism where/when appropriate
- Lower rents of middle-to-low-income by at least \$100 at multi-unit apartment properties initially
- Cap rents of middle-to-low-income to 30% of their income ultimately in my first term
- Ban all rent related nonrefundable fees including application/pet fees
- Raise minimum hourly wage to \$15
- Institute a living wage of \$25 hourly at all companies reporting billion dollar plus earnings quarterly along with profit sharing
- Require all corporations pay a use-of-public-infrastructure tax
- Repeal bike excise tax replace with tax incentives/credits
- Earthquake retrofit infrastructure

I will defend our environment by improving accessibility of commuters on foot/bike or fare free 24/7 public-transit within our urban communities, and expanding safety distance to 6-feet for bikes. I will transition more cars to be electric/hydrogen by 2030. I will drive a massive reduction in cost of utilities while transitioning to renewables and weatherizing existing infrastructure.

**Governor**

**Wilson R Bright**

Democrat

**Occupation:** Retired business owner

**Occupational Background:** Owned and operated Rose City Textiles, RCT Fabrics and Portland Apparel Development Co-op

**Educational Background:** 5 times around the world

**Prior Governmental Experience:** Lifelong Democratic Oregon Voter

If I were to be elected governor, I would put a plan into action that would alleviate the homelessness situation. My plan returns thousands of citizens back to living productive and healthy lives, simultaneously creating clean streets that we all can feel proud of.

**A Plan to End Homelessness in Oregon**

I end homelessness by building safe places, however I would do so out in the countryside to foster an environment removed from the availability of hard drugs. (Meth, Crack, Heroin, Fentanyl). I would create three 40-acre safe places in the country: two in the Willamette Valley and one in Deschutes County. Each center will provide a safe place that includes a cafeteria, drug rehabilitation, medical facilities, job training, and job placement for over 3,000 people each. They include:

- Basic food provided for free, option to work for extras.
- Private 8x8 shelters with heat/ac. Solar canopy provides electricity.
- Guaranteed employment at minimum wage working at the center, being a street cleaner or tree planter.
- Automatic savings plan for when ready to leave.

**Affordable Housing and Jobs**

My plan is to additionally develop affordable housing units in every major city. Selling these affordable units back to the citizens. A portion of these units will be available for ownership through a rent-to-own program. Work, pay rent, stay clean and earn your own home. Prosperity awaits!

**Education**

It's time we revolutionize the education system to raise expectations and raise results. Let's use technology to empower our kids to achieve more.

**Environment**

Our climate is ideal for growing carbon-reducing trees. What if we become pioneers in carbon capture with innovative planting to create a new green energy future for Oregon.

Climate change is Oregon's biggest issue. It drives water shortages and wildfires, destroys homes and farms, and harms tourism. It threatens our prosperity whether we're red, blue, rich, poor, urban or rural. Our Governor and Legislature have plenty to do, but legislation is slow while our own decisions can turn on a dime. We are all in this together, so we voters must drastically reduce our own fossil fuel use and insist that our elected representatives follow our lead at the state level. We can do this: Voter's Pamphlet readers are community leaders!

Buying electric leaf blowers, home heating / air conditioning systems and hot water heaters means investing in our future. If you're lucky and you have the means, upgrade to an all-electric HVAC, hot water heater or leaf-blower right away. Greenhouse gas emissions go up as income goes up, so it's double the bang for the buck! If you don't, replace a broken fossil fuel powered item with an electric one. Air travel is a huge source of emissions. Don't cut out flying completely, just cut back. Vacation in Oregon!

Natural gas is 95% methane. Methane leaks all the way from the fracking well to our kitchen stoves. Methane traps 120 times as much heat as CO2 when it has just leaked into the atmosphere. It also breaks down over 12 years to be only 25 times as bad as CO2. The fastest way to decrease our atmosphere's heat trapping effect right now is to eliminate as much natural gas as possible.

Ask your candidate what their carbon footprint is. Mine's about 5 tons ([carboncalculator.com](http://carboncalculator.com)) – no offsets. Tell your friends you are voting and donating based on who you think will do the most to fix climate change.

*Together, We Redefine Possible*

As a firefighter/paramedic and your representative in Salem, I have the honor of serving our community in many ways. These past two years have brought new meaning to our collective challenges. As your representative, I'm proud of the work we're doing together to help meet these challenges – and to rebuild from them.

**As your State Representative, I champion what matters most.**

Whether it's driving down the cost of living, supporting small businesses and working families, addressing homelessness, or building stronger schools and communities, I lead with bravery, compassion, and determination. I fight to keep Oregon a leader in reproductive rights, meaningful community safety and gun violence prevention, and for working families... **and I'm not done yet.**

**We can and must do more to keep Oregon green.** Combating the effects of climate change is the reality of my work as a Firefighter and Representative. I worked to pass legislation to curb wildfires and the impacts of climate change.

**Everyone deserves a safe place to call home.** I secured funding to get struggling Oregonians into housing and shelter, connected to critical support services, and towards homeownership. We all deserve healthy, vibrant communities.

**We need a fair economy for all.** I championed investing in skills training, protecting workers, reducing barriers to growing small businesses, and requiring corporations pay their fair share.

**For a strong future, we need strong schools.** I supported record school funding ensuring our teachers, students, and schools have the resources, support, and staffing they need for success.

I will help build an Oregon that works for all of us, and ensure that our government preserves the rights of all Oregonians while making sure everyone has equal access to every opportunity they can.

The cost of living is rising, making it harder for families and seniors on a fixed income to live comfortably. This, along with a lack of affordable housing is contributing to the homelessness epidemic. I will work to ensure that jobs with liveable wages are readily available.

I believe the Democratic ideal is for every person to have an equal voice in our government and our society, but too often it feels like every *dollar* gets an equal voice, instead. I will work to reduce the corrosive effect money is having on our politics.

The legislature made progress on several issues during this year's short session, including improving health care coverage, fair treatment for agricultural workers, protecting our environment, addressing our housing crisis, and other issues. I will continue to build on that work, furthering progress on these issues and many more they didn't address. I'm asking for your vote so that we can keep Oregon moving forward together.

**Jennifer Kinzey**

Democrat

**Occupation:** I am an attorney doing public defense in Hillsboro. I represent kids, mothers, and fathers in Juvenile Dependency cases.

**Occupational Background:** I have been a lifeguard, a server, a cafe manager, a valet, a prosecutor, and a public defender.

**Educational Background:** BA in Political Science and Theatre, Juris Doctorate, Masters in Law in International Law and Governance.

**Prior Governmental Experience:** Prior to working in public defense, I worked in the Multnomah County District Attorney's Office as a Special Prosecutor applying criminal law and alternative resolution in Community Court. I worked to resolve cases with services instead of jail.

I am running for House District 34 to put **What We Value** into our laws and our budget.

My stance on a few of the issues affecting the daily lives of those in my district:

- **Childcare:** We need universal childcare that includes home-based daycares to increase access to high-quality, culturally-informed childcare.
- **Infrastructure:** We need a better commute for those who work in healthcare, hospitality, tech, and other industries. Sunset Highway (26) needs better signage, revision of redundant exits, and reworking how one-way and two-way traffic feed into the highway to reduce accidents and slow-downs.
- **Housing:** We need affordable housing in every neighborhood. We need to stop moving homeless camps around between neighborhoods and actually coordinate services to get them housed and off the streets.

I vow to seek out and listen to people affected by the problem; DAs and public defenders for criminal laws, healthcare workers for healthcare laws, construction workers and unions for laws on bidding for State work, and our BIPOC, disabled, queer, immigrant, and any disadvantaged communities on all legislation because every law impacts each group in a different way. I promise to use my skills to put **What We Value** into law effectively.

When something isn’t working we shouldn’t say, “let’s keep doing the same thing and see if the problem goes away”. **As your State Representative, I will ask, I will listen, and I will collaborate to change our systems to get better outcomes for you and all Oregonians.**

**We must act with urgency!**

- **Prioritize community safety, increased shelter and housing**, more treatment for mental health, addiction, and prevention.

**Occupational Background:**

**Educational Background:** Milwaukie High School, Diploma - Portland Community College - Western Oregon University

**Prior Governmental Experience:** None

I grew up in Milwaukie, the oldest of six kids in a working class family.

I went to Linwood Elementary, Rowe Middle and graduated from Milwaukie High.

I'm running because I know what it's like to rely on food stamps to eat, and I know what it's like to have mounting student debt. I'm running because I know what it's like to get priced out of your hometown. I'm running for all of the kids who deserve elected officials who share their lived experience rather than just talking about it.

I don't have tons of political connections or years of elected office under my belt. I'm not independently wealthy, next in line, or running as a hobby.

There are lots of reasons why I'm running — but the most important reason is because I'm a new dad who wants to leave my daughter a world that is better than how I found it.

I want her to be safe from gun violence, and from the devastation of climate change. I want her to be paid equally for equal work. I want her to be able to see a doctor and go to college without having to mortgage her future.

This is our chance to secure a better future for us all.

**What Others Say About Kaliko:**

"Kaliko would be an excellent advocate for our community because he grew up here and as a young father, he's committed to building a better future for all of our kids – whether that's investing in education or developing solutions to combat the climate crisis. It's been my honor to represent Inner SE and NE Portland. Coming out of the pandemic, our district needs someone who will continue to lead on progressive changes that improves peoples' lives.

Changes and causes I have championed in my prior terms in office include:

Making it easier to build affordable housing units;

Passing Paid Family and Medical Leave -- ensuring that every worker will have time to care for themselves or a loved one;

Creating a new corporate activity tax to fund schools so we can lower class sizes, ensure every child has a nurse and counselor, and bring back art, music and PE classes;

Working to reform policing practices that disproportionately harm BIPOC Oregonians;

Bringing a new focus on our state's mental and behavioral health system -- securing over \$1 billion in new investments;

Making sure our state does its part to help our city and county address our region's challenges with homelessness.

But my work is not done. I'll keep championing progressive priorities including:

Eliminating racist approaches to criminal justice and policing;

Getting to a universal healthcare system and lowering prescription drug costs;

Eliminating tuition at our public universities and community colleges;

Securing even more financial support for public health and behavioral/mental health services to address the on-going mental health challenges in our state;

Pushing for bolder action on climate change; and

Standing up for legal, safe, and affordable reproductive health services including abortion.

I am supported by many progressive organizations. Some of my endorsers include:

**ADDRESSING THE BEHAVIORAL HEALTH CRISIS**

As Chair of the House Committee on Behavioral Health, I worked to help pass a package of legislation during the 2021 session aimed at increasing the opportunities for addictions and mental health support our state has needed for such a long time. This included passing legislation to set up the infrastructure needed for the 9-8-8 suicide crisis hotline and providing funding for mobile crisis response.

**GIVING A VOICE TO THE UNDERSERVED**

My office passed legislation that creates a licensure for Dental Therapists to increase access to dental care in rural areas and continued our work on the Oregon Indian Child Welfare Act, which requires Oregon's judicial system to ensure that Native children who enter the child welfare system can remain connected to their tribal communities.

**CONTINUING THE WORK**

Working to improve outcomes in our child welfare system remains a priority, as well as pushing for a more thoughtful and fair criminal justice system, and investing in much needed Behavioral Health services statewide.

**As Your State Representative I'm Fighting For:**

- **Housing for All:** There is a humanitarian crisis on our streets. We must deliver additional shelter, mental health and substance abuse services, permanent supportive housing, and affordable housing for every neighborhood.
- **Healthcare for All:** We need low or no-cost healthcare and prescriptions. That extends to protecting every woman's access to quality reproductive healthcare.
- **Supporting Schools:** We must invest in schools to address workforce shortages and ensure students have a safe environment to learn in five days a week.
- **Equity:** As the only Black man in the Oregon State House and the first Black, LGBTQ+ person to serve in the State Legislature, I will bring voice to communities who haven't historically had a seat at the table.

**The status quo isn't working for North Portland.**

North Portland is struggling with safety, homelessness, and lack of access to services. Our system is failing working families, small businesses, and students. Our elected officials say the right things but aren't offering real solutions. Without a clear vision from our leaders, we lose.

**When we're all involved, no challenge is too great.**

I'm not a politician or part of the political establishment, but I've talked to thousands of district residents. They tell me that every level of government needs to focus on homelessness and safety – we need a long-term plan. Portlanders have shown willingness to invest resources to make a difference. We can help those experiencing homelessness and drug addiction by quickly deploying transitional housing, care, and wraparound services. We also must address the root causes of our current challenges.

I'm an educator, small business owner, and longtime leader in our community. I understand there are multiple paths to opportunity, to fixing our state's problems, and it starts with education. I will lead a serious investment in education access, trade apprenticeships, and re-establish our legislature's Higher Education Committee.

In Portland, I've spent years advocating for LGBTQIA+ rights at Basic Rights Oregon and immigrants' rights through Causa. I have been a queer activist for 30+ years, an education professional for 25+ years, and a North Portland resident for 20+ years. These experiences did not involve politics. They were about empathy, collaboration, and creating direct change within our community. That's the leadership we need.

As a first generation Peruvian American and daughter of immigrants, serving my community is integral to who I am. My platform is rooted in my Incan communal values. My legislative priorities are rooted in racial, economic, disability and gender justice and include:

- Addressing **homelessness** and the **housing crisis**
- Investing in **working families** and **small businesses**
- **Reducing cost of living** and wage inequality
- Keeping our **communities safe**
- Supporting our **teachers, students, and caregivers**
- Expanding **affordable healthcare** and building **healthy communities**
- Developing **climate resiliency**

Since my appointment in 2021, I’ve led workgroups with community leaders to tackle housing inequities by increasing access to affordable housing and preventing displacement. This year, I introduced legislation to drive down the cost of living by providing \$600 direct payments to 245,000 low wage workers that will be distributed this June. I serve as Deputy Whip in the House Democratic Caucus, Co-Vice Chair of the BIPOC Caucus, and as a member of six committees including Joint Committee on Ways and Means, House Revenue, and House Housing.

I learned from a young age if you work hard, anything is possible. My experience as the daughter of Vietnamese refugees, decades of community development work, and elected school board leadership, has shown me the disparities many people face. They have also taught me the power of strong communities and working together to solve our toughest problems. East Portland and North Clackamas deserve a strong voice to ensure everyone has opportunity to thrive.

I will fight for strong public education, affordable housing, equitable community development, and accessible transportation. My top priority is you. I will listen to your concerns and ideas and be your voice at the Capitol.

"Hoa has worked side-by-side with families for years and has the leadership needed to serve our communities in the State Legislature. I am confident in her experience and ability to be our next State Representative." -Retiring State Representative Jeff Reardon, HD 48

Growing up in Gresham I learned about the challenges that our communities faced. A lot has changed and as a legislator I must continue to advocate for the needs of our Gresham & East County communities.

As a lawmaker for Gresham:

- Secured \$1 million to build the Gresham High School Health Based Center
- Secured \$300,000 to expand Gresham Youth Recreation

I am committed to:

**Education:** It is important that we continue to expand investments in our education system. I believe that our students deserve to stay in school, and we must do everything to ensure students receive the best supports. In order to take care of our students we must also take care of our teachers.

**Economy:** We must continue to expand opportunities to ensure small businesses stay operating. The challenges of workforce continue to affect the operations of many. I was able to secure needed resources to expand workforce apprenticeships thus helping build the future workforce of our state.

**Housing & Affordability:** Housing is a human right. Important investments passed ensuring that we address the homelessness crisis, build and preserve affordable housing, and improve access to homeownership. It is my commitment to see these resources go to full effect.

**Public Safety:** Gun violence and crime is on the rise. I secured a \$2 million investment that will commit much needed resources to start collaborations, interventions, and prevention efforts. It is important to address the root causes of violence.

*"I have known Darin Harbick as a coach and community builder. His character and competency are undeniable and his leadership is exactly what Oregon needs."*

### First Things First - Constitutional Conservative

Darin Harbick will support our US Constitution and the rights granted therein. This includes a rock solid defense of the 2nd Amendment - no compromise. Freedom of speech guaranteed by the 1st Amendment - taking on the titans of the tech industry - no more censorship by tech giants.

### Fixing our Forests

Oregon's forests are one of the worlds most renewable resources but those forests must be managed sustainably while providing access to Oregonians.

### Fixing the Southern Border

Open borders means the Mexican cartels are trafficking drugs and individuals into the United States. US sovereignty demands we secure the southern border now.

### Stop the spending - Balance the budget - Stop inflation

As a small business owner, Darin can't spend more than he brings in. Our government must stop the insane spending. Inflation is killing the middle class and Oregonians on fixed incomes. It's time for a balanced budget amendment and fiscal responsibility.

*"Darin's business and life experience uniquely qualifies him for the US Senate, join me in voting for Darin Harbick."*

### PARTNERS TO SAVE AMERICA

Fellow Oregonians, as a nurse and wildlands firefighter, I have devoted my professional life to saving the lives of others -- sometimes at the risk of my own. In 1990, while with the John Day helitack crew, I entered a firestorm to rescue a civilian bus driver. For this, I received the U.S. Agriculture Department's highest award.

Today, America's history and institutions are under assault. Patriots with heroes' hearts must step to the fore. I ask for your vote and prayers as we strive together to save our beloved country.

### SPENDING

I will oppose the reckless Democrat spending that kills jobs, explodes the national debt, and fuels inflation.

### BORDER SECURITY

Democrat open-borders policies have unleashed a tidal wave of illegal immigration that threatens our public safety and national security. We must:

- Mandate employers vet new hires for legal U.S. presence;
- End "catch-and-release" policies that free illegal aliens into U.S. communities;
- Complete the border wall.

### PUBLIC SAFETY

Across America, crime is exploding. Ron Wyden's response? To co-sponsor a bill to make policing harder and more dangerous. When elected, I will champion policies to protect those who protect us.

### FOREST MANAGEMENT

Last summer, catastrophic fires burned hundreds of thousands of acres, destroyed homes, and snuffed out lives. One reason: "Environmental" policies that restrict logging, thinning, and grazing on public lands. As your U.S. Senator, I will work to reinstate these proven ways to clear the undergrowth and diseased trees that fuel wildfires.

### RIGHTS

I support:

- The right of all, born and unborn, to life;
- The right to keep and bear arms;
- And the right to free, fair, and secure elections untainted by fraud.

Our corporate-owned government has waged its war on 'WE THE PEOPLE! Thanks to Democrats and many corrupt Republicans, what used to be a free society, is now regressing into a form of modern slavery. The globalists have decided that our current imperialism, economic elitism, and social destruction are not enough for their greed and their thirst for power, but totalitarian technocracy is the ultimate goal. The past two years showed us how DC's politicians are standing against 'we the people' by using the COVID event to advance their heinous agendas. Agendas started with destroying small businesses, transferring the wealth to the top, and continued with increasing government spying, forced unjustifiable isolation, limited freedoms, funding tyranny, censorship, and criminalizing dissent. This war, under the pretext of Climate Change, is now targeting our rights to private property, transportation, and the worst of all is destroying our food supply.

I am running for peace, integrity, government accountability, and to defend our targeted family values, our rights to free expression, and to bear arms. I want to protect our sovereignty, put the government in its small place, and bring back the economic power to the people by localizing our economy, ending the 'New NAFTA', eliminating the Federal Reserve, and cutting our spending-driven taxes.

Globalizing our economy and concentrating the political power in the federal government have weakened the people's power, hijacked our democracy, destabilized our communities, and allowed the welfare state to cripple this country. The founding fathers understood that decentralizing the political power and recognizing the sovereignty of the people and the states are the only way to ensure that the government does not become tyrannical.

This year, Republicans have the chance to send a different message to the entire country, that 'this is the time for a REAL change and it is time to fight'. Choose a fighter!

Born and raised in Prineville Oregon, I worked in the tire industry for 22 years and have worked in the datacenter industry for 9 years. I joined the Oregon Army National Guard after 9/11 at the age of 29 to serve my State and Country. After a tour in Iraq in 2010 I was appointed to the Prineville City Council in 2011 and was recently elected Mayor in 2020.

My family are loggers, farmers, cattlemen, and ranchers in Oregon who are still very active in all those industries. I understand what rural Oregonians want and need in a Senator and I will deliver for them in the US Senate. As a city Councilor and as Mayor of Prineville, I have worked on many projects that can be replicated across the State. I have been a direct part of projects involving natural resources, water mitigation, and publicly owned property that have put Prineville on the map as a leader in the State.

I am proud to say that I am the only Mayor in Oregon that passed legislation which was judicially validated and could help businesses fight Covid related fines from OSHA. I have also listened to the residents of Prineville and passed a resolution stating that myself, and the city council support the freedom of its citizens to choose their own healthcare and to be free from government mandates that would force them out of work. I will serve the citizens of Oregon in the US Senate with the same servant mentality as I have the citizens of Prineville and put the power back in the hands of the people.

**\*\*PROUDLY ENDORSED BY OREGON RIGHT TO LIFE PAC\*\***

My name is Jimmy Crumpacker, and I am running to serve as your Congressman for Oregon's 5th Congressional District.

Oregon is in my blood. A seventh-generation Oregonian, my families roots here go all the way back to 1845.

After a successful career on Wall Street, I moved home to Oregon and opened my own company. Having experienced tremendous private sector success, I began using my business skills to help local non-profits.

I joined the board of Meals on Wheels, an organization with which I have been involved from the time I began delivering meals as a child with my grandmother. After my time as chair of the marketing and development committees, I have enjoyed driving the same weekly route delivering meals for six years.

Unfortunately, Oregon is ablaze right now thanks to politicians' disastrous policies coming from Washington D.C.

Inflation is running rampant thanks to out-of-control spending, driving up costs, and taking money out of the pockets of hard-working Oregonians.

Our cities are experiencing record crime, making it impossible to feel safe in your own home.

Our immigration system is broken, and yet, politicians are more interested in kicking the can down the road than securing our border and ending the flow of dangerous drugs into our communities.

Our forests are on fire thanks to bureaucratic incompetence and gross mismanagement.

I know that I am the only candidate in this race who has the private sector experience needed to get results for this district. I would be honored to have your vote and look forward to serving you in Congress.

**US Representative, 5th District**

**Lori Chavez-DeRemer**

Republican

**Occupation:** Business Owner

**Occupational Background:** Business

**Educational Background:** BS,

Business- California State University, Fresno

**Prior Governmental Experience:** Mayor of Happy Valley (2010-2018); Happy Valley City Councilor (2004-2010); League of Oregon Cities, Past Board Director

**Achieving the American Dream**

Lori grew up in a farm community, **became the first in her family to graduate from college**, and worked to support her husband, Shawn, while he attended medical school. They settled in Happy Valley to raise their twin daughters. Together, they founded an anesthesia management company and several medical clinics throughout the Pacific Northwest.

**America First**

Joe Biden and the Radical Left have caused record inflation, defunded our police, and created a crisis at our southern border. We need a Conservative in Congress to fight back. **Lori was selected by Donald Trump** as a 2020 RNC Delegate to support his America First policies.

**Keeping our Communities Safe**

Lori spearheaded efforts in Happy Valley to fully fund the police force when it was voted down in 2014. She added more police officers to keep our neighborhoods safe. The Left treats our police like criminals and refuses to address rampant homelessness. We must enforce the law. In Congress, **Lori will always support our law enforcement.**

**Open our Schools**

Oregon must keep our kids in schools and permanently end the mandates. As Mayor, Lori implemented the Happy Valley Youth Council so our children can succeed beyond the classroom. As your Congresswoman, **Lori will defend school choice and give parents a voice in their children's education.**

**Fiscal Responsibility**

Congress needs a fiscally conservative leader with a proven record. As Happy Valley Mayor, **Lori kept taxes low and balanced the budget** - she allocated over \$2.5 Million into reserves and paid off city debts early.

**John Di Paola**

Republican

**Occupation:** Medical Doctor

**Occupational Background:** Orthopedic Surgeon

**Educational Background:** Rutgers Medical School, Oregon Health Sciences

**Prior Governmental Experience:** None

I am not a politician. I am a citizen like you who feels our voices are not being heard in Washington, D.C.

Born into humble beginnings, I was taught to respect the value of hard work from a very young age. I earned my own way through medical school, started a business, and dedicated my career as an orthopedic surgeon to providing specialty care for Oregon's working class.

At a time when our nation is facing unprecedented challenges, many Oregonians do not feel their voices are being heard. Rising crime, homelessness, and spiraling inflation have placed undue burdens on the backs of working families. This must end.

As your Congressman, I will work across party lines to solve our nation's toughest issues and put America first. I support secure borders and a strong national defense. I'll fight back against Joe Biden's socialist policies that are costing the middle-class thousands of dollars a year and restore power back to the American people.

Lastly, we must never allow another public health crisis to be so grossly mismanaged and politicized ever again. The COVID-19 response failed our children, and caused undue economic and psychological harm to our communities. Depriving students of in-person education and requiring masks when attending school has caused unspeakable damage that will impact their generation for years to come.

As a physician, I strongly believe we must empower and educate individuals to decide what is medically best for them and their family members. The government should never be in the business of using coercive fear tactics to deprive Americans of their basic individual liberties.

Oregon is my home. I'm running for Congress to ensure that future generations have the same opportunities as the ones before.

I humbly ask for your support and would be honored to receive your vote.

## Governor

## Bill Sizemore

Republican

**Occupation:** General Contractor

**Occupational Background:** Contractor; Taxpayer Advocate; Radio Host; Gold Rush television show

**Educational Background:** Graduated Portland Bible College (1976)

**Prior Governmental Experience:** Governor Atiyeh's Task Force on Workers Compensation Reform; Klamath County Budget Advisory Committee; Chief Petitioner on numerous pro-taxpayer ballot measures

### BILL SIZEMORE

No more Mandates and Shutdowns; No more lawless homeless encampments; No ignoring violent rioters; No teaching kids Wokeness or Critical Race Theory; No highway or bridge tolls

### BALLOT MEASURE ACCOMPLISHMENTS

Bill Sizemore has saved Oregon taxpayers billions of dollars in property taxes. He successfully placed on the ballot good government measures to require voter approval for all tax increases; place 3% limit on real property assessment increases; make federal income taxes fully deductible on state returns; require just compensation for regulatory takings of private property, reform PERS; require English immersion for immigrant students; require schools to ignore seniority and keep the best teachers when there are layoffs; stop public employee unions from using public resources to collect political funds; and require obtaining employee consent before taking money out of their paychecks for politics.

### BILL SIZEMORE

#### THE CANDIDATE PUBLIC EMPLOYEE UNIONS FEAR MOST

Public employee unions know that as governor Bill Sizemore will break the stranglehold they have on Oregon politics. Consequently, they have assassinated Bill's character, sued him for millions, and even tried to bribe him out of politics. But he has not backed down. Read the truly shocking details at [www.FriendsofBillSizemore.com](http://www.FriendsofBillSizemore.com).

### BILL SIZEMORE

#### COURAGEOUS, TESTED, DECISIVE

Oregon's next governor must not be someone who merely says they will be bold and unwavering. The stakes are simply too high. In this election, we are in a battle for the very soul of our country and Oregon desperately needs proven, conservative leadership to reverse Oregon's frightening downward slide. Bill Sizemore has proven beyond any doubt that he will stand up to the political establishment and be exactly the governor Oregon needs at this critical time. **Please vote for Bill Sizemore.**

## Governor

## Nick Hess

Republican

**Occupation:** Multi-business owner, entrepreneur, tech CEO & cybersecurity expert.

**Occupational Background:** 21+ years building businesses from the ground up. Currently owns and operates two nationwide

high-tech companies that specialize in cybersecurity and telecommunications.

**Educational Background:** Lincoln High School

**Prior Governmental Experience:** N/A

### TRANSPARENCY! TRANSPARENCY! TRANSPARENCY!

Oregon is a mess. Electing another politician will not fix it. We need a CEO who delivers results.

Nick Hess advocates for **high-quality education, smaller government, deregulation, fiscal responsibility, support of small business, lower taxes, and freedom for all.**

### NICK'S VISION FOR OREGON

We must return Oregon to pristine conditions and protect our state for future generations. Nick envisions a state with clean and safe streets, low crime, and a thriving economy with high-paying jobs. With these improvements, Oregon will become a hub that grows, attracts, and fosters the next generation of leaders. That means raising the quality of education in our public schools and ensuring a prosperous future for our children.

### AS GOVERNOR, NICK WILL

- Ensure 100% transparency of state data including: election, budget, healthcare & education.
- Decrease government regulation to support economic growth.
- Fund established organizations and proven models to combat the homelessness crisis.
- Enforce a zero-tolerance policy for violent crimes.
- Hire and train high-quality law enforcement.
- Fight for parents' right to take ownership over their child's education.
- Modernize Oregon's digital infrastructure.

"Nick reminds me of my uncle Vic. The Republican party didn't support his run in 1978 against established politicians but ran anyway and won because he knew he was the right choice for Oregon. Nick is what Oregon needs and he has my full support." - David Atiyeh

As a fiscally responsible, socially moderate Portland native, your vote for Nick gives Republicans a real chance of winning in November. Nick's campaign is a movement for all Oregonians that will bring us real conservative leadership for the first time since Vic Atiyeh 36 years ago.

But 325 words can't fix Oregon. Visit [votehess.com](http://votehess.com) to see what's possible.

**Governor**

**Bud  
Pierce**

Republican

**Occupation:** Small Business Owner; Cancer Doctor

**Occupational Background:** Former Bagboy, Marine NCO, Navy Reserve Doctor, Non-profit leader

**Educational Background:** MD/Ph.D., University of California, LA

**Prior Governmental Experience:** Outsider

**Oregonians are Frustrated**

With rising crime, homelessness, prolonged mandates, poor education, and failed leadership, many don't recognize our state anymore.

**Dr. Bud Pierce has a Prescription for Oregon.**

Bud Pierce is ready to heal our state. As a janitor's son who worked as a bag boy after his father died, Bud learned the value of hard work early. Bud went to medical school, joined an oncology practice, and got right to work treating cancer patients. Today, Bud tirelessly works over **70 hours each week, saving lives as a cancer doctor.** Now, Bud is ready to put that real-world leadership to work, saving our state.

**A Plan for Oregon**

Restore Public Safety. The first job of the government is protecting its citizens. We must **fully fund law enforcement**, arrest and incarcerate lawbreakers, and make our streets safe again.

Solve Homelessness. Create more permanent housing; **no more tent cities in Oregon.** Ensure people experiencing homelessness have access to life-saving resources and return to a productive life. Oregonians' public spaces need to be vibrant, clean, and safe.

End Government Mandates. The government has abused the power of mandates. **We must let citizens make their own decisions** about what's best for them and their families from now on.

Excellence in Schools. Oregon has one of the worst graduation rates in the nation. The Governor's solution was just lowering graduation requirements. **Oregon schools need to champion reading, writing, math, and science fundamentals.** Teach students how to think, not what to think.

Make Oregon Affordable. Government policies have caused prices of everything from food to gasoline to increase. Oregon families are suffering. We must lower taxes, support our small businesses, and get government out of the way.

**Endorsed by Oregon Right to Life PAC**

**Governor**

**Stan  
Pulliam**

Republican

**Occupation:** Mayor of Sandy; Insurance Executive

**Occupational Background:** Business, Marketing, Sales, and Administration

**Educational Background:** Bachelor of Science, University of Oregon

**Prior Governmental Experience:** Mayor of Sandy, 2019 to Present; Clackamas County Coordinating Committee; United States Conference of Mayors; Oregon Mayors Association; Legislative Director – Oregon State Legislature

**Community Service:** Board Member, Sandy Community Action Center; Board Member, Vietnam War Memorial Fund; Community Impact Award for Distinguished Service in Clackamas County

**Leading the Fight Against Lockdowns**

I orchestrated the statewide protest against lockdowns and led a lawsuit to overturn Governor Brown's illegal mandates on restaurants, bars, gyms, and schools. Main Street Oregon has had no better advocate.

**School Choice & Parental Rights First**

My wife MacKensy and I formed the Oregon Moms Union to organize communities to fight back against out-of-control government bureaucrats and school boards mandating masks and vaccines, pushing Critical Race Theory, and silencing parents in public meetings. It's one thing to believe in something – it's another to do something about it.

**Public Safety & Holding Criminals Accountable**

As mayor, I expanded our police force while other cities defunded them. Enforcing existing laws and giving police the resources to do their jobs needs to be one of our highest priorities.

**Plan to Handle Homelessness**

I'm the only candidate to propose a plan to address the culture of criminality around tent and car camping—using state resources instead of being hamstrung by local governments and their far-left agendas.

**Pro-Life, Pro-Gun Rights, Pro-Trump**

I have a track record of being consistently pro-life and unshaking in my defense of our Second Amendment. President Trump's policies on energy independence, supporting law enforcement and veterans, and bolstering our military made our country great again, and I plan to do the same for Oregon as your next governor.

## Governor

## Kerry McQuisten

Republican

**Occupation:** Publishing Company Owner

**Occupational Background:** Former corporate VP of business development & marketing - A/E/C industry

**Educational Background:** BA, International Studies, Willamette University – Salem

**Prior Governmental Experience:** Mayor of Baker City, Baker County PCP

**Family:** Mother of two daughters

**Do you remember how Oregon used to feel?  
Do you want that back?**

I'm a 7th generation Oregonian and small business owner, NOT a politician. I was raised on a Baker County cattle ranch, which my family still operates.

The definition of insanity is repeating the same thing, and expecting different results. We don't need another establishment politician. We need a **qualified, COMMON SENSE, grassroots** Republican nominee for governor - **someone who understands the ENTIRE state**. I'm that candidate.

I authored Resolution 3881 in 2021, which the national media called the "common sense sanctuary city" resolution, standing against the mandates, and forming a statewide coalition of officials to protect our communities in terms of economics, crime and mental health. In 2018, I helped author Baker County's 2A Preservation Ordinance, and passed a 2A resolution at a city level this year. I located plaintiffs for the Elkhorn Baptist v. Kate Brown case, which temporarily lifted the emergency order.

**I BELIEVE:**

- We **MUST** protect the Second Amendment and defend the Constitution.
- Allowing our beautiful, valuable forests to burn annually is **BAD** management.
- Parents, **NOT** politicians, should control decisions that shape our children's education.
- We should **STAND WITH** our police, **NOT** defund them.
- **ENABLING** our homeless **DOESN'T WORK**.
- The government has **NO PLACE** in our personal medical decisions.
- **FAILED** government and over-regulation cripple our businesses.
- The unborn are **PRECIOUS** assets and we must fight for them.
- **THRIVING** farmers, ranchers, loggers and miners equal a self-sufficient state.
- The rural-urban divide **MUST END**.
- **FAIR** elections are critical to keeping our republic.
- America is the **SHINING LIGHT** on the hill—and we have to fight to save her, state by state.

## Governor

## Tim McCloud

Republican

**Occupation:** Professional

**Occupational Background:** Administration

**Educational Background:** Eastern Oregon University

**Prior Governmental**

**Experience:** Local and State

McCloud is a working class American who has overcome homelessness while raising a family, attending school full time, and running a business; not a lifelong politician with a multi-million dollar advertising campaign. In his life, Tim stands firm against bullying and discrimination. As Governor, McCloud will stand strong for the freedom of all Oregonians and against discrimination. Raised by his mom and grandma, Tim was shaped with compassion from a young age and taught to protect others. A husband, father of 3 daughters, and brother to 3 sisters, he'll fight for women's issues.

McCloud has advocated for vulnerable Oregonians: seniors, individuals with disabilities, foster youth, individuals with mental health issues, and persons in economic crisis. Tim has experience championing for children and families in the courts and foster care systems. His leadership in community events and local commissions prepared him for making tough decisions. McCloud will roll up his sleeves for greater access to individual healthcare options for our seniors, veterans, and the medically fragile.

McCloud is committed to getting Oregon back to work; keeping schools open, thriving small businesses, and affordable quality childcare. As a former small business owner, Tim understands the time, expense, and difficulty it takes to operate a business in Oregon. Tim believes that businesses, great paying jobs, safer neighborhoods and a thriving economy are essential to our communities. As Governor of Oregon, Tim will listen to Oregonians: on our environment, economy and ways of life, because every Oregonian matters. God bless Oregon and the United States of America.

Como Gobernador de Oregon, Tim McCloud reducirá el costo de vida, mejorará la educación de los estudiantes y creará caminos hacia el estatus de ciudadanía. Conduciré para mejorar nuestro entorno natural y nuestra economía. Queremos mejores trabajos y viviendas, más libertad y calles más seguras. ¡Dios nos bendiga, Oregon y a los Estados Unidos de América!

**Occupation:** Business Owner, Merritted Business Solutions LLC.

**Occupational Background:** Business Development – Staffing/Employment

**Educational Background:** Berklee College of Music (B.A.) Music Business and Management

**Prior Governmental Experience:** Current Delegate for Deschutes County

**RESTORE SAFE COMMUNITIES**

Stop “defunding police” and support local law enforcement. Allow our first responders to do their jobs in protecting our communities.

Remove repeat violent offenders from our streets. Hold district attorneys accountable for their abuse of power when they fail to prosecute criminals.

Self defense is a human right. The right to bear arms is critical to a safe society. Preserve and protect our 2nd amendment rights.

**REOPEN OUR STATE**

End ineffective mandates that destroy our economy.

Remove the destructive regulations that slow job creation.

End the assault on medical professionals that is reducing hospital capacity and harming public safety.

**REDUCE COST OF LIVING**

Government action increased the cost of living and government action can help bring it back down.

Stop driving the cost of housing up through massive government spending projects sold as solutions to homelessness.

Encourage growth of our economy and private sector jobs, not government.

**REIMAGINE EDUCATIONAL**

Equal Educational Opportunity is the civil right’s battle of our generation. We achieve it through school choice.

Return to local control of schools and actively encourage more parent involvement, not less.

Teach “history” not “theory.” Focus on mastering the basics in preparing our children to succeed.

There is a terrible sickness in Oregon that needs a cure, and it has nothing to do with a flu variant that has been given a name. The pandemic that is smothering our State is officials jettisoning what it means to be an American in order to declare the supremacy of government and to claim unprecedented power.

It is time for Americans to rally around the Constitution and to use it as a Compass to guide the fight against the tyranny that is threatening our freedoms.

I will be asking Oregonians to have the courage to only obey mandates, orders, and laws that are in harmony with the principles of the Constitution, and to set up their hearts, cities, and counties as Constitutional Sanctuaries.

I have a fifteen point Charter of Liberty that will begin the restoration of Oregon back to its proper place of freedom and prosperity. Here are some of the points:

*Each County will return to a traditional, open, transparently honest Election system, with in person voting using voter ID on Election Day only.*

*Ban imposition of mandated health measures or medical procedures.*

*Move school funding directly to Parents.*

*As unborn children have an inalienable right to life, pass law to restrict abortion.*

*No surgeries or medications to feign a sex change on minors younger than 21. No biological males in female sports, restrooms, dressing rooms, or locker rooms.*

*The 2nd Amendment is a Citizens' Concealed Carry permit.*

### WE NEED A CEO TO REFORM OREGON!

Like you, I'm heartbroken over the condition of our state. For years we were told that raising taxes would fix public education, improve our communities, and help the less fortunate. **Despite the billions of dollars spent, schools are still struggling, businesses are leaving, and we have some of the most expensive housing in the nation.** Meanwhile violent crime, drug addiction and unsheltered homelessness are destroying our urban centers.

I'm running for Governor because Oregon needs exceptional leadership to recover from decades of mismanagement and lack of accountability. **In my lifetime I have gone from homeless teen to CEO of a world-class, microchip manufacturing company.** All Oregonians should be given the opportunity for success.

Together we will:

- Create an economic environment where small businesses can grow, housing is affordable, childcare is accessible, and families thrive. Protect our natural resource jobs.
- Empower parents through school choice. Prioritize core academics and hands-on learning. Focus on education - not indoctrination.
- Provide police and first responders with the funding and tools they need to keep our communities safe. Ensure criminals are prosecuted and stay behind bars.
- Stop the humanitarian crises in our communities by moving our unsheltered homeless people off the streets and into life-changing treatment programs. Make our public places safe again.
- Stop proposed freeway tolls on our local highways.
- Protect your personal freedom and Second Amendment rights. No more mandates.

**Join me, and let's take the anger, frustration, and hopelessness we are feeling and turn it into something much more positive - building a great future for Oregon!**

"Jessica thinks outside the box. She'll empower Oregonians, not control and regulate us."

I have fought government overreach and corruption my entire career. I uphold Constitutional and community values through service and responsiveness to the will of the people.

Bridget is a mom and a woman of faith. She will refocus Oregon schools on academic excellence and standards for kids and embrace parent involvement once again.

### Jen Jacobson, Owner, Beloved Cheesecakes, Silverton

Career politicians have made gas, food, and everything else more expensive. Like me, Bridget grocery shops for her family and runs a small business. She will put a hard stop to new laws that increase prices—especially on gas and groceries.

### Andy Duyck, Lifelong Farmer, Owner, Duyck Machine Inc, Washington County

Bridget is THE Republican to beat the left in November. She hired Virginia Governor Glenn Youngkin's own campaign strategist and they're running to win.

Dear Fellow Citizen:

Remember the Founders found it necessary to develop rules for the organization of government through the U.S. Constitution; that law is the set of rules which government enforces through its deputies and police, its courts, and its other agencies to settle disputes; that liberty and justice cannot survive without Christian-Mosaic purposes of grace and law, inestimable progress (revelation) acknowledged by the seventh U.S. President: "The Bible is the Book upon which this Republic rests."

If there were no law, or if these aren't enforced in once beautiful Portland-Multnomah during the past two years, every person could do just as he or she pleased, resulting in chaos and unlawful violence.

Looking for cause: A citation index for scientific research and higher learning lists Marx and Lenin higher than the Bible. This has brought deception to liberated people, because Marxism-Leninism proposes separation of conscience and political power instead of separation (and limitation) of political powers, one-party elections, absolute top-to-bottom party discipline, and suppression of all opposition, in Portland from Republicans for example. That philosophy rejects God but has been finding wide acceptance, in science and public safety, including judicial power called non-partisan, in public education and health care, suppressing and ignoring dissent on curriculum and treatment & medication. Witnessed by indifference, lack of discourse & love and some officials who obviously believe they are what they merely represent.

Had enough?

Then, fellow citizen, reject unlimited government control & idolatrous manipulation and defend your unalienable individual rights, elect legislative power that doesn't counterfeit but waves the flag of the United States of America and the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

Cheerfully,

John Verbeek

### ABOUT WENDY

I am a graduate of OSU with a major in mathematics and a minor in psychology. I have been in the financial world since 1992. At times I worked several jobs to get through college. **I am a fighter and a survivor winning the cancer battle twice.** My son's sports brought back my love for them and soon found me coaching multiple youth sports which continued over a decade. As well as volunteering on sports boards, and PTA (past treasurer). **With my husband of 29 years, we are raising our teenage son.**

### FIGHTING FOR OREGON

Traditional Oregon values, parent's rights, educational excellence, and keeping our medical profile private, are all important to me. It is time to address the homeless population. It is time to get people back to work and reduce state spending.

### WORKING FOR REDUCING TAXES

Oregon has property tax, income tax, and now a hidden sales tax (CAT), causing friends and family to leave this beautiful state. **Oregon is too expensive.** I will work to reduce spending and lower the need for excessive taxes. Audit all funds to ensure project monies are being utilized as intended and cut government waste.

**All tax increases should be a vote of the people, not a signature on an Executive Order.**

### PROTECTING THE CONSTITUTION

The freedoms secured to us by the Constitution and Bill of Rights are what I stand for. It is time to bring common sense back to the table and the will of the people, not career politicians, to the forefront. Medical freedom includes all things medical remaining private.

After my family business was destroyed in 2020 by lockdowns, lawlessness and cancel culture, I decided to take a stand. I founded Free Oregon, Inc., a non-partisan 501c4 fiercely fighting against government overreach. Free Oregon unified tens of thousands of Oregonians to defend the freedoms of first responders, teachers and healthcare workers; restore back to basics education in our schools; hold government accountable to operate within the law; and expose and punish political corruption. As your representative for Senate District 19, I will continue this fight against the relentless attacks on our freedoms and "clean house" in Salem.

Dear Constituent,

I am a small family farmer with a working knowledge of public health. I cherish the United States of America and believe in our Founding Fathers' vision. I commit that the United States Constitution, the Oregon Constitution and the voices of our community will serve as my guiding lights. As your state senator I will:

- Champion forest management and development practices that drive our local economy (timber/tourism/recreational) and mitigate forest fire risk.
- Fight for access to high quality physical and mental healthcare (including medical transportation) for our constituents.
- Drive legislation for enhanced community resilience and disaster assistance funding locally.
- Innovate new partnerships to stabilize local food prices. We need to give our local farmers and communities a chance to fight the rising cost of food and strengthen our local economy.
- Support advanced and vocational educational opportunities. Focus on reducing screentime and increasing physically active opportunities for youth.
- Work to require social media companies to be subject to a fee for Oregon advertising "clicks." This can fund expanding the Oregon Outdoor School.
- Dedicate myself to supporting our Active Duty and Veteran populations, with a focus on Military Exposure Health.

As your State Senator I will fight for your issues and *successfully* pass legislative priorities for district 26. I will listen to your voices and reflect the values of our district in my decision making. I believe that trust is born of consistency, honesty, and accountability. With trust one can lead.

### **I Will Fight to Reign In Crime.**

The highest purpose of our police is to secure the life, property, and rights of the people. Like the rest of us, Police must obey the law and be held accountable when they don't. At the same time, police must be able to vigorously enforce the law confident we have their backs. We need to adequately fund, train, and honor the vast majority of police who serve with honor and heroism. Enough of this crime wave – let's take our streets back.

### **I Will Fight to Reign In Homelessness.**

Like you, I want to help and show compassion to people struggling to survive. But widespread homelessness and aggressive panhandling is no answer. Both threaten our health and safety. It's time to shut down homeless camps and tent communities. At the same time, we need to work with our churches, communities, and networks of shelters and services to make alternatives of homelessness safer and more accessible. Facilitating job creation, instead of chasing employers away, will also reduce homelessness.

### **I Will Fight to Empower Parents.**

Schools and teachers are important, but PARENTS should be the primary directors of their childrens' education - not government officials. School curriculum, teaching methods, board policies, and other such things must fully transparent and easily accessible to parents. Money should follow students into any accredited public, private, charter, or home school chosen by parents because poor, working, and middle class parents should have more of the same choices that rich parents have. Our schools should be as diverse as our children are.

I am a life-long Oregonian, who recognizes the downhill trajectory of Oregon's quality of life. Growing up a few blocks away from where I now live and where I and my children went to school, I know how District 28 has declined. Most of our problems have been created or aggravated by incumbent politicians who persist in failed policies. Here are a few places to start in building an Oregon that works for everyone:

**TAXES**—Every session of the legislature, we are burdened with additional taxes. Oregonians on the margins are faced with a growing cost of living. As these burdens add up, they fall into the camps of the homeless or otherwise live degraded financial lives. The pressure on our citizens causes mental health problems. The legislature then builds a bureaucracy to deal with the problem necessitating further taxation. The loop closes in on more and more Oregonians every year. Stop higher and higher taxation!

**EDUCATION**—I believe parents are the sole authority over the mind and bodies of their children. Our educational establishment should stick with the traditional subjects and methods parents expect.

**CRIME and PUNISHMENT**—Victim rights need to be respected and justice should be fair and certain. Abuse of prosecutorial discretion has led to more crime, not less. Every Oregonian should feel safe! Police reform should not prevent law enforcement from doing its job.

**HOMELESSNESS**—As noted above, reform of Oregon's social order should start with government. Coordinating desperate bureaucracies should allow Oregon to focus on solving the problem in a cost-effective way.

**ROADS and BRIDGES**—In order to keep our air as clean as possible, roads should accomodate the natural growth in traffic and avoid traffic delays due to inadequate road surfaces.

The number of Oregonians experiencing mental health issues has grown significantly during the pandemic. However, our health care system has not rallied to respond. ## **VOTE!**

The most important thing is that you vote.

## **Balance, Moderation, True Representation**

### **Balance**

Oregon needs a more balanced legislature. Supermajority rule is harming this once great state.

- 34% of registered voters control 62% of the House of Representatives
- Voters defeated a gross receipts tax; the legislature chose to pass one anyway
- Oregonians deserve more value for the amount of money we pay in taxes

### **Moderation**

Governing from the middle and bringing all to the table will get Oregon back on track.

- Partner with business to restore Oregon's economic strength
- Reasonable, responsible controls and regulations
- Long term planning, not knee jerk politically motivated decisions

### **True Representation**

All Oregonians deserve a voice; a few individuals in one party should not control decisions for all.

- Public schools must work for all, education standards raised, and curriculum input from parents
- Law enforcement is essential to the well-being of our communities and needs to be supported
- Homeless crisis across the state is getting worse, not better; we need a comprehensive plan

**PUBLIC SAFETY**

Everyone has a right to safety, which means not only dedicating resources to prevention, but holding criminals accountable for their actions. We need to strengthen laws that support our police, and follow-through with prosecution. We need to hold back funding to counties whose District Attorney practices catch and release justice with rioters and other criminals.

**SUPPORT FOR OUR SECOND AMENDMENT RIGHTS**

I am an unwavering supporter of the right to keep and bear arms. Firearms safety and training should be available to all Oregonians, and legislators need to provide concealed carry reciprocity with other states.

**TRANSPORTATION AND TOLLING**

We shouldn't be asking Oregonians to pay for roads twice by tolling existing roads. We need to expand our transportation capacity on roads and bridges, not prioritize bike lanes over infrastructure that carries freight and commuters. When elected, I will introduce legislation to reduce the gas tax until we have a solid plan to fund our highways and bridges.

**WILDFIRES AND FORESTRY**

We need to manage our forests with policies that allow for thinning of state and federal forests to prevent the widespread devastation that have become commonplace every summer. This will create jobs and prevent the kind of air pollution from smoke that eliminates any gain we've made with low carbon policies.

**I WILL WORK FOR YOU**

We need to adequately fund, train, and honor the vast majority of police who serve with honor and heroism. Enough of this crime wave – let's take our streets back.

**I Will Fight to Reign In Homelessness.**

Like you, I want to help and show compassion to people struggling to survive. But widespread homelessness and aggressive panhandling is no answer. Both threaten our health and safety. It's time to shut down homeless camps and tent communities. At the same time, we need to work with our churches, communities, and networks of shelters and services to make alternatives of homelessness safer and more accessible. Facilitating job creation, instead of chasing employers away, will also reduce homelessness.

**I Will Fight to Empower Parents.**

Schools and teachers are important, but PARENTS should be the primary directors of their childrens' education - not government officials. School curriculum, teaching methods, board policies, and other such things must fully transparent and easily accessible to parents. Money should follow students into any accredited public, private, charter, or home school chosen by parents because poor, working, and middle class parents should have more of the same choices that rich parents have. Our schools should be as diverse as our children are.

**We know what works. We just need to do it.  
Elect me and I will.**

**VOTE BOB (ELVIS) CLARK FOR STATE REPRESENTATIVE**

*(This information furnished by Bob Clark.)*

**State Representative, 42nd District**

**Scott Trahan**

Republican

**Occupation:** Self-Employed, Assoc. Principal Real Estate Broker

**Occupational Background:** Smith Barney, CME, Floor Runner, Desk Trader. Continental Grain Co., NW

Position Analyst

**Educational Background:** Studied: Chemekata CC, Civics; Portland CC, CS; Portland State, Math and Accounting; Reed College, Economics.

**Prior Governmental Experience:** Precinct Committee Chairperson

**I WILL Fight to Eradicate Crime.**

We pay police to secure and protect our lives, property, and rights. Like all of us, police must obey the law and be HELD ACCOUNTABLE when they don't. Police must be allowed to enforce the law confident we have their backs. We need to FUND, TRAIN, EQUIP, and RESPECT the police who serve with honor. It's time to take back our streets.

**I WILL Fight to End Homelessness**

Like you, I want to help those who are struggling – but for grace, there go I. Widespread homelessness is harming everyone's health and safety. Got rats? We need to NORMALIZE tough LOVE, COMPASSION, and LAW ENFORCEMENT instead of tent and tarp camps on every corner.

Simultaneously, work with the network of services to get folks into recovery or the mental health care they need. We need to RESET spending priorities; ELIMINATE double BUREAUCACIES (government then NGOs); FACILITATE JOB CREATION; any TAXES need to GO TO WHAT WE APPROVED them for. Are folks thrashing through your trash while yelling obscenities at the sky?

**I WILL Fight to Empower Parents**

Schools and teachers are essential, but PARENTS should be the PRIMARY DIRECTORS of their childrens' education - not officials. School CURRICULUM, teaching methods, BOARD POLICIES, must be FULLY TRANSPARENT and easily accessible to parents. Money should follow students into any accredited school. All children should have EQUAL OPPORTUNITY for education and all schools should be on a LEVEL PLAYING FIELD. Our schools should be as DIVERSE as our children are. Charter schools are funded at only 60 percent.

**We know WHAT WORKS. We JUST need to DO IT. Elect me, I WILL.**

**Vote SCOTT TRAHAN for STATE REPRESENTATIVE**

*(This information furnished by Anthony Scott Trahan.)*

**State Representative, 43rd District**

**Tim LeMaster**

Republican

**Occupation:** Retired Business Owner

**Occupational Background:** USMC, 22 years: Enlisted as a Private; retired as a Major.

**Educational Background:** BS Marketing, Syracuse University Military Photojournalism, S.U. Military Documentary Film Production.

**Prior Governmental Experience:** USMC Veteran

**I Will Fight to Cut Crime.**

Personal safety is paramount to community success. Police are fundamental to that safety. The community needs to **KNOW** police are professionally and honorably looking out for individual rights. Police need the full support of the people they serve and civic leadership to ensure our safety. This social contract is broken. I will fight to restore it in a balanced, measured manner.

**I Will Fight to Fix the Homeless Problem.**

The houseless problem in Oregon is complex. Concern for the welfare and safety of those on the streets is paramount to resolving this issue. Allowing widespread tent cities and panhandling to continue is not humane to those suffering from homelessness. To do so presents an ever-increasing public safety and health problem.

We need to work through local community organizations, churches, and houseless support services to transition people off the streets and develop workplace skills helping them achieve personal success.

**I Will Fight to Empower Parents.**

Oregon has one of the worst-rated public education systems in the nation. This must change. Poor families have the right to choose the same education as the wealthy ones.

Oregon should facilitate an education market as diverse as our community. That that includes public, private, home, and other innovative schools for parents to choose from and allow their education money to follow their children.

"Full transparency" should be the mantra of Oregon's education system. All teaching materials and education policies should be easily and publicly accessible for parental review.

**We know what works. We just need to do it. Elect me and I will.**

**About John**

I'm a small business owner, a family man and your neighbor. I still own and drive my first car, 34 years later (Not a "classic" back when I bought it!) **Dirty hands don't scare me,** and you can often find me at local dragstrips.

**Representation Matters**

Listening, and advocating for all of HD 48 at the state level is important.

Your views, your concerns, & your ideas are what matters.

**You will have a voice.**

Growing up in the Pacific Northwest ensures I know the value of our natural beauty and recreation amenities.

**Hard Work, Good Management**

Operating a business is hard work.

**Having a successful business requires good management,** forward planning and solid decision making.

My practical life experiences are the best assets for this position.

**Hometown Harmony**

**Finding balance in this district is imperative.**

From the hometown of Damascus, the bedroom community we have become, farms & nurseries to the portion that is in Portland, my understanding of all aspects will be vital to bring livability and balance for all.

**Stop Over Taxation and Overspending**

With your Vote **we will change the environment of the State Legislature,**

making it a real possibility of lowering taxes and stopping overspending.

**Occupational Background:** Almost 20 years in Drinking Water Industry

**Educational Background:**

Gresham High School, Diploma, Mount Hood Community College, Psychology, Portland Community College, Business

**Prior Governmental Experience:** Troutdale Mayor, 2021 - Present, Troutdale City Councilor, 2016 - 2020, Troutdale Budget Committee, East County SAFER Council, Metropolitan Mayors Consortium, Oregon Mayors Association, East Multnomah County Transportation Committee

**Randy Lauer, Values You Can Believe In**

We need a State Representative that will fight for the needs of East County in Salem, while working tirelessly to ensure everyone's voices are heard and respected.

**SERVING THE COMMUNITY**

As a former City Councilor and the current Mayor of Troutdale, Randy has made it his purpose to bring his hometown a brighter and more community-focused future, with practical development and transcendent ideas.

**HOMELESSNESS EPIDEMIC**

We can no longer stand by as we allow government agencies to continue to tax us for hundreds of millions of dollars with zero accountability. Randy will be working towards legislation to hold Metro, Multnomah County, and The Joint office of Homeless Services to their word. The homeless, the business owners, and homeowners deserve honest representation.

**PUBLIC SAFETY**

Randy will work to support the men and women on the frontlines, to help ensure the safety and security of Fairview, Wood Village, North Gresham, and Troutdale, through strong partnerships, persistent communication, and meaningful action from Salem.

**PANDEMIC RESPONSE**

Medical mandates and regulations are irrational and simply unacceptable. Randy will be the leader that Oregon needs to fight the overreach that could come again from the State, Oregon Health Authority, and OSHA. Randy will fight to keep businesses open, our kids unmasked and in school, and will remind the Legislature what it means to be a free American.

It is time to take a stand for the safety and wellbeing of East County and demand better results and support from our State government.

## **OREGONIANS HAVE HAD ENOUGH**

### **ABOUT AMELIA SALVADOR**

Amelia is a first generation, native Oregonian who will fight to restore balance and inclusion to our state legislation. She's been a life-long community activist. As a single mother of five grown children and one grandchild, Amelia will prioritize, advocate and protect the best interest of her community and for all Oregonians.

### **HOMELESSNESS**

OREGONIANS HAVE HAD ENOUGH. I refuse to condone homelessness. I will be pro-active to find positive solutions. Third-world living conditions, overnight camping in streets, unsanitary heaps of garbage is unacceptable and inhumane. We must work collaboratively with Local City, County & State jurisdictions to resolve this issue, but not at the expense of our citizens.

### **AFFORDABILITY**

OREGONIANS HAVE HAD ENOUGH. I want to continue to live in Oregon. It's worth fighting for to keep the cost of living affordable. I will not allow the trickle effects of over-taxation to affect our daily living expenses. My priority is to keep gas and groceries affordable.

### **COMMUNITY DEVELOPMENT**

OREGONIANS HAVE HAD ENOUGH. Safety and law and order is a priority. I understand the importance of effective community/economic development and the positive impact it has on our community. We need to create new opportunities, offer vital resources, new amenities, provide more housing and bring more job opportunities into our region. We must protect and have the best interest of our citizens.

### **ACCOUNTABILITY**

OREGONIANS HAVE HAD ENOUGH. The answer is not to ask more money from our tax payers to resolve financial issues, the answer is to appropriately allocate and budget what the Government currently receives from Us. I will advocate for a more efficient, effective checks & balances system in Salem.

Air Force; Farmhand.

**Educational Background:** Columbine High School; Oregon Public Safety Academy/DPSST

**Prior Governmental Experience:** Oregon House of Representatives, 2017-19; City of Cascade Locks Councilor; Planning Commissioner/Budget Committee member; Economic Development Workgroup

### Bringing People Together. Getting Things Done.

As your State Representative, I fought for conservative values. I still hold these principals, but much has changed since I served. Salem Politicians are out of control. In law enforcement, I held people accountable, and in Salem, I'll do the same.

**Defending Law Enforcement:** Men and women who put their lives on the line every day to protect us deserve better. We must not tolerate the rhetoric that Oregon should "defund police". As a military veteran and former police officer, I'll stand up every day to protect those who protect us.

**Ending Government Overreach:** For two years, the Democrat-majority in the Legislature did nothing to stop Kate Brown's mandates and executive orders that controlled our lives, shut down businesses, and harmed our kids' education. The results were devastating. We live in a free country. It's time our elected leaders start acting like it.

**Investing in Education:** As a father, I know the importance of funding public education and ensuring our schools work for our children. Additionally, we must teach our children to be independent thinkers and schools must engage parents transparently about curriculum.

**Promoting Economic Growth:** Without small business, Oregon's economy suffers. As an Economic Development and Trade member, I helped develop and grow businesses in our community. Attracting stable, good-paying jobs to our District continues to be my focus.

**Educational Background:** Doctor of Psychology, PsyD, Masters Clinical Psychology, Masters Christian Counseling, Masters of Divinity, Bachelors of Education

### ABOUT JAMES BORN

Dr. James Born grew up in a bicultural home on a dairy, beef, and forestry farm. I have six biological siblings, three are deaf and three are hearing. I have one foster sibling who was born with birth defects. In early childhood, I learned how each person has worth and value. I have been able to transform my childhood trauma wounds into wisdom so they work for me and not against me. I am married and a father of three biological children, a teacher, a nurse, and an engineer, and six grandchildren.

### REASON FOR RUNNING

As a psychologist, I have seen the pain that our present policies have created by failing to understand, people are more than bodies to be kept alive at all costs. We are now experiencing a mental health crisis of exponential increase of anxiety, depression, hopelessness, alcohol and drug addiction and overdose, and suicide. I will defend our freedoms. I will use my voice to combat growing inflation, increase public safety to fight rising crime, streamline government, and care for our children and future generations. I have spent my life serving others to help them realize their potential. As your State Representative, I will be your public servant and your voice standing strong. For these reasons and more, I want to be your voice for freedom in House District 52.

America, though not perfect, is the greatest nation on earth - I believe in the ideals articulated in our founding documents. I share Justice Clarence Thomas' perspective that "[T]he Declaration of Independence. . . establishes a moral ideal that we as citizens are duty bound to uphold and sustain." Our judicial system aims to do justice.

The cornerstone of a constitutional republic is self-government. The law should be applied to all people, in all places, at all times, in the same manner. In other words, the rule of law does **not** mean "rules for thee, but not for me." Unfortunately, some in government use their power to tell the average citizen how to live, work, and play. "We the People" instituted civil government to serve the public – not to force the public to serve the government. As such, the judiciary has a constitutional role in providing a check against the excesses of the other two branches of government.

In my opinion, the current court is relatively diverse, except in judicial philosophy. People who really know me, understand that I am not an activist. If you want a judge to insert their personal views of how culture should be molded – then don't vote for me. I also know what it is like to have the boot of the government on my neck. Those who are intoxicated with their power have attempted to remove my liberty of conscience and freedom of speech. Unfortunately, cancel culture looms large in our society today. Casting your vote for me is one way to push back.

Serving as a judge has been the greatest privilege of my professional life. It is especially rewarding to preside over jury trials because, in my opinion, our jury system is the purest form of democracy, and because jurors reaffirm my faith in society. Even though we hear on the news and social media about how divided our society is, I have experienced that we are not so far apart after all. When people from our community come together to serve on a jury – from all walks of life and political persuasions – we learn that we have much more in common than we have differences. The commonalities I have witnessed in every jury trial is that the members of our community are hardworking, intelligent, fair, practical, and share the goal of trying to do the right thing. Many jurors who might have hoped to avoid being selected, or had been skeptical about the jury system, found the experience of serving on a jury to be one of the most civically rewarding experiences of their lives, in large part because of the newfound respect they had for their fellow community members. If you have not had the opportunity to serve on a jury, I hope you are able to do so at some point, and I hope that you have even a fraction of the positive experiences I have had presiding over trials.
