DIRECTOR

Dear Oregon Voter,

A healthy democracy is all about trust. As a voter, you deserve trustworthy information. As your Secretary of State, it's my job to provide it. The Oregon Elections Division is your official source for trusted information. It's the best place to get your questions answered and avoid false information.

**Always use official sources of trusted information. [oregonvotes.gov](https://oregonvotes.gov)**

**Register to vote by April 26.**

***Did you know it takes less than 3 minutes to register or update your voter registration at [oregonvotes.gov](https://oregonvotes.gov)?***

What you need to know about the May Election:

**Closed Primary Elections for the Republican and Democratic Parties:** The Republican and Democratic parties in Oregon hold closed primaries. This means only registered Democrats can vote for candidates running for the Democratic Party's nomination and only registered Republicans can vote for candidates running for the Republican Party's nomination. The winners of those primaries then face off in the General Election in November. To vote in the Republican or Democratic Primaries, you must be registered as a member of one of those parties by April 26.

**New law! Ballots Postmarked by Election Day Will Count:** In 2021 the Legislature passed a new law to allow ballots postmarked by 8 pm on Election Day to count. This improvement ensures that every vote cast on time gets counted. It may also delay the results of close races because it will take a few days for all the votes to be counted. But remember, even if ballots arrive by mail at your county clerk's office after election day **only ballots cast by 8 pm on Election Day will be counted.**

**Optional Secrecy Sleeves:** Many counties are no longer providing secrecy sleeves when they mail ballots because they slow down the processing of ballots. Regardless, your ballot is always secure and **private** — new and improved return envelopes and secrecy procedures at elections offices protect your privacy without the need for the extra sleeve.

Oregon's elections are the gold-standard in security, accessibility and transparency. But false information about elections is a real threat to trust in our democracy. We encourage you to always check information at trusted sources. Start with [Oregonvotes.gov](https://oregonvotes.gov), your official source for elections information in Oregon.

Additionally, you can find trusted information at your county elections office. Visit [oregonvotes.gov/](https://oregonvotes.gov/) counties to contact your county's elections office.

Sincerely,

Shemia Fagan  
Oregon Secretary of State

→ **Tuesday, April 26**

Last day to register to vote or change political party affiliation for this election.

→ **Wednesday, April 27**

First day for counties to mail ballots.

→ **Tuesday, May 17**

Election Day

Last day to return your ballot.

If you mail your ballot it must be postmarked by 8 pm election day.

Or return your ballot to an official drop box by 8 pm on election day.

**[oregonvotes.gov/myvote](https://oregonvotes.gov/myvote)**

Use this online tool to check or update your registration status and track your ballot.

---

## Where do I vote?

In Oregon, we vote by mail. There are no polling places. Instead you can vote anywhere you choose.

If you're registered to vote by **April 26**, your ballot will be mailed between **April 27** and **May 3**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by May 6, call your county elections office.

---

## What if I've moved?

Ballots are not forwardable. To receive your ballot update your voter registration information at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote).

If election day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

---

## How can I get my ballot early?

You may request an absentee ballot if you will be away from home on election day. Complete the Absentee Ballot Request Application at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote) or call your county elections office.

---

## How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

---

## Why don't I get to vote for Governor?

Oregon's primaries are closed. You must be a member of the Democratic or Republican party to choose that party's nominees.

If your ballot does not include candidates for Governor it means you're not a registered Democrat or Republican. You will be able to vote for Governor at the General Election in November.

---

## What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

---

## Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't for every contest or measure on it.

---

## Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot follow the instructions that were sent with your ballot.

---

## How do I return my ballot?

You can return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked on or before **8 pm on May 17**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at [oregonvotes.gov/dropbox](https://oregonvotes.gov/dropbox) or by contacting your county elections office.

County elections offices are open election day from 7 am to 8 pm.

---

## Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features into the ballot return envelope.

---

## Do I have to sign my ballot return envelope?

For your vote to count, yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

---

### **If my name is on the ballot return envelope, is my vote really secret?**

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

---

### **Was my ballot counted?**

As a registered voter, you can track the status of your ballot at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote).

---

### **When will election results be known?**

Initial results are released beginning at **8 pm, May 17** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on [oregonvotes.gov](https://oregonvotes.gov) will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

The final winner or result of a close contest may not be known until the election is certified and the official abstract of votes published.

Final certified results will be available 37 days after the election.

---

### **Do I need a provisional ballot?**

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

---

### **How do I file a complaint?**

Any registered voter may file a written complaint alleging that a violation of an election law has occurred.

The complaint should provide evidence showing a violation and must be signed by the voter. Anonymous complaints will not be accepted.

Complaints should be sent to:

Secretary of State, Elections Division  
255 Capitol St NE, Suite 126  
Salem, OR 97310

To find accurate information about elections and elections administration in Oregon visit:

[oregonvotes.gov/integrity](https://oregonvotes.gov/integrity)

**Would you give someone going door to door your ballot to put in a drop box for you?**

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. [Don't be fooled.](#)

**Would you believe a talk radio personality who says your political party is changed when you go to DMV?**

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. [Don't be fooled.](#)

**Would you believe a story that Oregon Motor Voter is automatically registering non-citizens to vote when they get a driver's license?**

Not true. Only individuals who show proof of citizenship at DMV are eligible to be automatically registered to vote under Oregon Motor Voter. [Don't be fooled.](#)

**Would you believe a social media post, phone call or text message that your voter registration has been cancelled?**

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. [Don't be fooled.](#)

**Would you register to vote on a website you saw on social media instead of registering at the official Secretary of State site, [oregonvotes.gov/register](https://oregonvotes.gov/register)?**

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. [Don't be fooled.](#)

**Would you trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, [oregonvotes.gov](https://oregonvotes.gov)?**

Not safe. Only use official information located on the Secretary of State's website or your county elections website. [Don't be fooled.](#)

**Would you believe a social media post that says your ballot can be rejected without you knowing about it?**

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at [oregonvotes.gov/myvote](https://oregonvotes.gov/myvote). [Don't be fooled.](#)

**Would you believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?**

Not true. All ballots must be received or mailed with a valid postmark by 8 pm, May 17, 2022. [Don't be fooled.](#)

**Would you believe a headline that says it is too late to secure the upcoming election?**

Not true. Election security in Oregon has never been stronger and is continually being improved. [Don't be fooled.](#)

## Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. There are detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has conducted onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, US Postal Service Inspector General's Office and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

## Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the 2022 Primary Election:

- Constitution Party of Oregon
- Pacific Green Party
- Working Families Party of Oregon

## Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

Find more information at [oregonvotes.gov](https://oregonvotes.gov).

## Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2022 Primary Election** is:

O, R, A, Q, J, S, L, H, P, Z, I, W, M, C, N, G, K, T, E, Y, F, D, V, B, U, X

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

- Democratic candidates by position in ballot order
- Republican candidates by position in ballot order
- nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Our party is focused on building an economy that lifts up all Americans, not just those at the top.

Oregon Democrats work hard promoting health care access, living wage jobs, education, clean energy and more because EVERY Oregonian, from the Idaho border to the Pacific deserves to thrive and see their kids succeed.

In Washington, D.C. and in Salem, Democrats are passing legislation to support working families, ensure voting is accessible, easy, and secure, and fight for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

## Independent Party

**Are you tired of extremism and polarization?**

**Are you tired of being manipulated by politicians who say one thing**

to get your vote and then do another?

If so, then maybe the Independent Party of Oregon is for you.

A 2021 Gallup poll found that 62% of Americans want a viable third party and that the Democratic and Republican parties "do such a poor job representing the American people that a third party is needed." Are you one of them? The only way to build a third party is to join one.

**The Independent Party of Oregon (IPO) believes in fiscally responsible policies to restore our middle class and address the real problems we face.**

**Government reform:** We work to restore integrity to our institutions by achieving campaign finance reform and voting reforms that make our democracy more representative.

**People centered policies:** We work on policies that bring us together, like addressing the high cost of living, especially for housing; homelessness; addiction; and working to address the impact of fire and extreme weather on our communities.

### Facts:

- Fastest growing party in Oregon, adding over 140,000 members since 2007 (4.7% of Oregon registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We're highly informed, rational, non-tribal voters.
- Supports policies that are good for all Oregonians, even when it means we share in some sacrifice.
- Our platform is fiscally responsible, socially compassionate, and environmentally aware.
- We fight to keep big money from buying government policy at all levels of government.

If you agree:

**CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY**

Search: "Oregon voter registration" and click on "Update"

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. Politics is too partisan. There is not enough problem-solving.

### We work to:

- Oppose spending on inefficient government programs.
- Increase transparency in government, especially on how tax dollars are spent.
- Require that political advertisements name their largest funders.
- Improve education and job training opportunities for Oregonians.
- Protect the environment and the climate.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

### 2022 ELECTIONS

Our 2022 nomination process will be conducted this Summer. Check [www.indparty.com](http://www.indparty.com) for updates.

### COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. These special interests accounted for nearly all of the \$150 million spent on Oregon political campaigns in 2018 and most of the \$44 million spent on Oregon lobbying. Regular voters can't match those big dollars. But we can band together and fight them with our voting power

### WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens.

We helped pass campaign finance reform in Multnomah County in 2016 and Portland in 2018 by passing ballot measures to change the county and city charters to limit campaign contributions to \$500 each and require that political ads name their 5 largest funders and their sources of funds.

In April 2020, our co-chairs won the reversal of the 1997 Oregon Supreme Court decision that the Oregon Constitution does not allow limits on political contributions. We supported Measure 107 (2020), which then amended the Oregon Constitution to allow contribution limits and disclosure requirements.

We helped stop the Legislature from making Oregon's campaign finance laws even worse. The Center for Public Integrity ranks Oregon's state-level campaign finance system as the worst in America - except for Mississippi.

## **Libertarian Party**

### **The Libertarian Difference**

How do you know what a political candidate stands for? A lot of political speech these days consists of using a lot of words to say very little of substance. Politicians would rather be unclear and ambiguous. They're happy to say vague but nice-sounding things, but afraid of being pinned down on concrete issues because they don't want voters to realize that they disagree!

By contrast, Libertarians are not afraid of stating their positions, or the principles that brought them to those positions. Libertarianism is not just a collection of disconnected policy ideas, it is a coherent political philosophy grounded in the importance of individual freedom. These are our principles:

### **Libertarian Party Statement of Principles**

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

### **Be A Libertarian**

If these principles appeal to you, we invite you to switch your voter registration to "Libertarian" to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

**Real Campaign Finance Reform**

Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state and local offices has skyrocketed from \$4 million in 1996 to \$83 million in 2018.** Winning a contested race for the Legislature (about 15,000 votes needed for a House seat) now typically costs over \$750,000 and often over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in controlling political financing to avoid corruption, beating only Mississippi.

**Invest in Oregon**

Oregon's \$139 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of in businesses almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who use Oregon funds to invest in any sort of corporation (including fossil fuels) and even makers of spyware used to oppress activists worldwide.

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay huge fees (around \$200 million per year) to Wall Street firms to issue the bonds, along with high bond interest.

**Let's cut out the Wall Street middle men.** Local governments should borrow the needed funds from the State. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If a State Bank of Oregon were to charge local governments an interest rate of 3%, local governments would save an additional \$40 million per year in interest on every year's issuance of bonds. After 10 years, they would be saving \$400 million per year in interest, plus avoiding the \$200 million per year in fees to Wall Street.

**Grassroots Democracy**

Oregonians need to be able to effectively use the initiative process, including electronic signatures to avoid spread of disease and allow wider participation. We support the use of STAR Voting or Ranked Choice Voting to break 2-party domination.

**Human Rights**

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

**Environmental Justice**

We support policies that will protect Oregonians' air, water, land, and forests and the world's climate. We support an Oregon Green New Deal and would tax harmful emissions that cause climate change and the diesel emissions that cause cancer. We oppose offshore oil & gas drilling and shipping fossil fuels for export from Pacific Northwest ports. We would require labeling of genetically engineered food. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

**Fair Taxation**

Oregon has the 4th highest income tax of any state on lower-income working families. We oppose government promotion of gambling, including video poker, which is a hidden, regressive tax.

## **Republican Party**

Who Republicans are:

The Oregon Republican Party is a community of primarily lower and middle-income class citizens. We believe in the principles of limiting the power and dominance of government and corporate big business, lowering taxes/fees, and the fundamental basic right that all citizens have the right to make their own decisions without fear of being persecuted by the government or the cooperate elite. Big government and big business must not be allowed to become so dominant that we as citizens cease to be in control of our own lives! We are fast approaching this point of no return.

The basics of what Republican candidates and volunteers are working for:

- A state where people of all races and backgrounds can respectfully communicate and live their lives in peace and prosperity.
- A statewide community that truly loves and respects their neighbor's right to participate in society without fear of those in power and the political majority.
- To maintain and expand the right to freely assemble and peacefully voice our support or opposition to the matters of the day in all publicly owned spaces.
- The right to freely speak, communicate and express one's opinions without being censored by corporate social media giants.
- The principle that parents are the ones to decide what is proper for their children to be taught in our public school system, and that government should never replace mothers and fathers as the parent.
- That tax dollars follow the child to whatever school their parents approve of. Public or private.
- True respect for our neighbor's right to choose what is put into their own and their children's bodies.
- Separation of church and state. The government must never again be allowed to force itself on institutions of faith like what was seen during the COVID era. A government with no restrictions is an entity that will oppress and persecute any individual or group that stands in its way. It is the duty of God-fearing people to stand against said government.
- The right to earn a living and not be hindered by special interests or our government in the form of barriers to entry and over-regulation.
- The right to start your own small business without government-imposed high fees and barriers to entry. The low and middle-class citizens falter and big business dominates when regular people cannot afford to enter and compete in the free marketplace.
- Strong investment in public safety and enforcement of just laws, and consequences for those who commit violent action against peaceful and law-abiding citizens.
- Strong consequences for those who commit sexual assault against any citizen, but especially harsh consequences/sentences for those who commit such assaults against children.
- Establishing laws that prohibit government and internet information-based private businesses from censoring or promoting the censorship of available information on the internet for citizens of legal age.
- Upholding and expanding basic property rights. Ownership rights of land, homes, vehicles, cell phones/computers, and any other pieces of property a citizen may poses must be protected from government overreach, control, and seizure.

Regardless of your current political affiliation, we hope that you will join us in rescuing our beloved Oregon from extremist politics and help us restore balance and true mutual respect for the rights and values of all who call our beautiful state home!

Public service means listening to Oregonians' priorities.

That's why I've held open-to-all town halls in each of Oregon's 36 counties each year—that's over 1,000 and counting.

Oregon is coming back from double-digit unemployment during the pandemic's darkest days. But I've heard Oregonians' anger about serious challenges—soaring food and housing costs, insufficient mental health care in our communities, homelessness, and crime.

In COVID's first months, I secured new unemployment insurance and tax relief to help families and small businesses survive the unprecedented economic crisis.

I've consulted with mental health providers and law-enforcement to pass a groundbreaking law based on Oregon's innovative model for responding to crises in the streets with trained first-responders. And I've secured funds for emergency housing for Oregonians in crisis.

To save Oregonians' money, I passed tele-health legislation giving people access to cost-saving at-home medical visits, and am fighting Big Pharma's price gouging on life-saving medicines like insulin.

To attack inflation and escalating housing costs, I am reducing red-tape, encouraging more housing supply and promoting a sustainable domestic timber industry. I'll continue to fight for first-time homebuyers getting a down payment on the American dream.

With Big Oil profits skyrocketing while Oregonians pay at the pump, I'm overhauling the tax code by ending special tax breaks for these profiteers. And I'm creating incentives for American-made renewable energy and fighting the climate crisis.

My Secure Rural Schools law has brought over \$3.5 billion for Oregon schools and roads. And I wrote the law banning raids on wildfire prevention funds.

I'm proud to be called "the Senate's biggest privacy hawk" and will continue my focus on protecting Americans' privacy from both business and government intrusions.

There's much more to do. I am honored to be your public servant, and ask for your vote.

Experienced- Brent Thompson's 40 years of varied public service experience is reflected in his writings on land use planning, transportation, and the threat of continued US population growth ([alternativestogrowth.com](http://alternativestogrowth.com)).

Brent Thompson knows the legal structure we need to evolve aesthetic, walkable, comfortable, economically viable, and compact resource conserving communities.

Brent Thompson understands that endless growth threatens farmland, forest land, and the beauty of Oregon's 300 mile coastline. Current thinking favoring endless national population growth must cease if the US is to help reverse global warming and stop environmental losses. Ignoring concepts such as "carrying capacity", "sustainability", "national optimum population, and the Native American concept of thinking ahead Seven Generations further compromises Oregon's quality of life.

Americans everywhere are losing assumed givens such as adequate water resources and freedom of movement.

Americans including Oregonians must now cope with droughts, overburdened highways, and teeming airports in an increasingly impersonal, alienated, distraught, and angry society.

Oregonians now need Senators who don't default on their obligation to keep Oregon, Oregon and who don't "con" us with environmental tokenism. We'll achieve prosperity without endless growth.

**Send Brent Thompson to the US Senate. He can think Seven Generations ahead. We need that.**

"I alone can fix it" (Trump, 2016) opposes everything American democracy stands for. It was right to condemn the statement, and it is right to condemn the presumption. No lone politician can fix it, but all together, we will.

We see the homeless, we fear the crime, and we struggle with the skyrocketing costs of living. Graduates strapped with debt go from commencement to their childhood bedroom, unable to find affordable housing and unable to make a fair living wage. Clearly, Senator Wyden's town hall meetings have not resulted in the change we need. Low wages, historic inflation, record-high tuition, violent crime, and extreme weather events are destroying Americans' mental health. Change must come – and Oregon Democrats are going to have to decide what role they will play in bringing it about.

He's in the majority; he has a lifetime of experience and a chairmanship. However, the elder statesman is no longer getting the job done. Polls of registered Oregon voters show 88% of individuals feel their quality of life is declining. Put simply, Senator Wyden should not be running for a fifth term. It's time to stop 40 years of incrementalism, submitting to the established decorum, and endless positioning for the next election.

If America is to fully live up to its creed, we must defend against both voter and candidate disenfranchisement. Career politicians cannot claim to support voters' rights yet maintain a system that discourages the rights of new candidates to challenge. Currently, voters' rights are an absurd pretense to the gerrymandered election of an indefinite incumbent. Democrats have a deep bench, let's use it.

Please, will you vote for a new nominee?

Oregonians have been through a lot over the last two years.

As we transition out of the crisis phase of COVID-19, it's worth reflecting on some of the positive things that happened and discuss where we go from here.

First, working together, we protected our democracy and got rid of Trump.

Next, we:

- Protected millions of Americans from losing their homes during the pandemic.
- Prevented millions of small businesses from shutting their doors for good, including my RESTAURANTS Act that supported over 2,000 independent Oregon restaurants.
- Passed a historic infrastructure bill providing resources for bridges, transit, water, sewer, and broadband.
- Passed my legislation to tax petrochemical companies to fund clean-up of the toxic messes they make.
- Provided unprecedented emergency resources to local governments to keep thousands of Oregonians in their homes.

Obviously, that's not enough. I'm also working to:

- Get the federal government back in the game of providing affordable housing and helping those experiencing mental health and addiction issues on our streets.
- Lower prescription drug prices and ensure that everyone has access to quality healthcare.
- Enact a Green New Deal that provides living wage jobs while protecting the planet.
- Reimagine our food and farm policies to help family farmers instead of large agribusiness.
- Ensure that those trying to subvert democracy fail by protecting free and fair elections.

Our communities are hurting. My mission is to ensure our families are safe, healthy, and economically secure.

I'm not just asking for your vote; I'm asking you to fight with me for our future.

Courage,

Earl

**"I'm frustrated with where Oregon is today. We must urgently provide homeless Oregonians with safe, stable housing and access to mental health and addiction services while cleaning up our public spaces; get illegal guns off our streets and reduce gun violence; and make sure schools stay open, so our kids don't fall further behind. As governor, I will challenge the status quo in Salem to create a brighter future for all."**

- Treasurer Tobias Read

### A Vision for a Stronger Oregon

A parent of two kids in public schools, Treasurer Read believes we should measure Oregon's progress by the well-being of our kids. As governor, he will create a universal pre-K program for every child, expand access to affordable childcare, and make raising literacy and graduation rates a top priority. He'll build more housing of all types to bring down the cost of living, get tough on gun violence, and continue Oregon's leadership in investing in clean energy to combat climate change.

### A Record of Results

Treasurer Read created a program that helped more than 100,000 Oregonians save over \$150 million for retirement, and tens of thousands save for college. He's cut Wall Street fees, saving taxpayers more than \$500 million. He's doubled the state's investment in clean energy, and led the charge to create the Elliott State Research Forest. As a legislator, he was a leader in passing full-day kindergarten and establishing Oregon's rainy day fund.

### A BETTER OREGON FOR OREGONAINS

I want to improve Oregon's education, clean Oregon's air, help the cities and counties, help the homeless/houseless and stop the shootings.

Education: I want four special classes about nine weeks long for seventh graders. Why seventh graders? Because that's when they become teenagers and is a TUFF TIME OF LIFE!

1. Money Management: This will give them a good understanding of saving and investing.
2. Civics: Every American needs to know how our government works. Maybe they will take over some day.
3. LifePlan: What do I want to do in life? This class will explore fields of work.
4. Law Related Education: The students will study the Court System. They have class time and a tour of the Court House. When I was a Director of the Multnomah Education Service District, the managers of the program said "IT WAS VERY EFFECTIVE."

The schools must stress throughout the school experience that you must graduate from high school. If you don't graduate from high school you may fail in life and become an economic cripple!

Clean Air: There are many big things in the works for clean air. We can aim is to use cleaner fuels. Many newer vehicles can use E-85 gas. I will run Oregon State vehicles on E-85 gas.

We need to help the cities and counties to help the homeless/homeless. The state can and will aid to solve this problem!

Stop the shootings: If the local police will not or can not stop the gun violence the State Police or National Guard will step in. It must end!

Elect JOHN SWEENEY for Governor. He will be working for you.

## Patrick E Starnes

Democrat

**Occupation:** Starnes has worked as a freelance cabinetmaker for over 30 years. Currently, he and his wife make their living restoring old homes.

**Occupational Background:**

Besides furniture-making, Starnes also worked as a truck driver, bartender, and teaching assistant.

**Educational Background:** Starnes graduated from the University of Oregon with a degree in History.

**Prior Governmental Experience:** Starnes has over ten years of experience as an elected school board member. He has served on the Soil and Water District, Roseburg City Parks Commission, City Budget committee, and on the board of Umpqua Watersheds fighting for old-growth.

**GET BIG MONEY OUT OF POLITICS:**

Oregonians know that big money is corrupting our democracy. Starnes is the only candidate for governor who is taking no corporate dollars and no PAC money. **His loyalty is to the people of Oregon, not wealthy interests.** He was instrumental in getting Campaign Finance Reform on the ballot in 2020. He promises to set campaign contribution limits in his first 100 days.

**OHP FOR ALL:**

Starnes is the only candidate for governor calling for universal, single-payer healthcare by improving and expanding OHP to all Oregonians. OHP4All would be funded by a wealth tax on the largest corporations and on junk food producers who contribute to poor health outcomes.

**HOUSING AND EQUITY:**

By creating the Oregon Shelter Fund, we can tackle the housing crisis and the state can finally use matching local and federal dollars to provide affordable housing and vital services. Revenue will be generated from a Vacancy Fee on abandoned homes, often held by out-of-state banks who use them as tax write-offs.

Starnes will promote Inclusion & Diversity with effective legislation to advance equity to all regardless of race, ethnicity, age, gender, sexual orientation, disability, or economic status.

**WILDFIRE/CLIMATE:**

Climate change is happening. We must fully fund public transportation that is fast, frequent, free, and carbon-neutral, while protecting carbon sinks such as healthy forests and soils. The time is now!

George Carrillo for Governor

Effective Leadership Committed to Oregon

George Carrillo is a champion for the unheard voices of Oregonians. He believes that change cannot effectively happen without community engagement, accountability, equity, inclusion, and connection. George believes in the power of effective leadership where outcomes don't come at the expense of our workforce and their well-being. He is running for Governor to bring unity in advocacy without creating further division. He sees the beauty, strength, and opportunity in people to make our state a better place.

Dear Fellow Oregonian,

I'm a proud father, husband, Marine Corps disabled veteran, prior Sheriff Deputy, and Oregonian. I'm running for governor because health, housing, and opportunity shouldn't be determined by your background, location, and privilege. As a person of color that has climbed the ranks in state leadership, I understand the power dynamics of oppression and can identify it in state systems. The higher I move up, the clearer the problem becomes. I'm not a career politician. Our government doesn't understand the populations they serve. It's time to fix what's broken in Oregon politics. We face incredible challenges, but together we can achieve more than any single person could ever do alone and I'm confident that together we will overcome them.

I ask for your vote to:

- Disrupt the school to prison pipeline
- Implement a new economic strategy for urban and rural Oregon to expand clean, renewable energy projects to create jobs and protect our environment
- Increase funding to unions and not allow another PERS reform bill that cuts public employees' retirement funds, especially when there were and are always other options to manage the state's debt.

**Proven Progressive Fighter  
Ready to Tackle Oregon's Challenges**

I started my public service twenty years ago at Oregon Food Bank, trying to make things better. It wasn't just about food. People needed good jobs, affordable housing, and quality health care.

I ran for office to be a **force for positive change**, fight for our communities, and deliver results for all Oregonians.

As Oregon's House Speaker, I fought to:

- Support working families by **raising the minimum wage, guaranteeing paid sick leave**, and starting a paid family leave program.
- **Address our crisis of homelessness** by protecting renters during the pandemic, increasing funding for affordable housing construction, and converting unused motels into shelters.
- **Invest \$1 billion more per year in public schools** to help more Oregon kids graduate and succeed.
- **Fight climate change** by putting Oregon on a path to 100% clean electricity by 2040.
- **Keep our communities safer from gun violence** by expanding criminal background checks.
- Stand up against Trump's attacks on women by **passing the nation's strongest abortion access law**, guaranteeing access to reproductive health care for all Oregonians.

I'm running for Governor to tackle our state's biggest challenges:

- Reduce homelessness and make housing affordable.
- Expand access to mental health and substance abuse treatment.
- Protect the environment and create jobs in clean energy.
- Fight to protect hard-working families from the rising cost of living.

Oregon desperately needs a well-informed hard-working everyday citizen willing to use the governorship to enact progressive change.

I am a grassroots candidate unlike Kotek and Read, who are part of the elite Democratic establishment backed by special interests/big dollar corporate lobbyists. Too many Oregonians live the paycheck-to-paycheck struggle, just one financial disaster away from homelessness.

As an immigrant who gained citizenship through adoption, I learned at a very young age to be a fighter for rights, being born without arms and surrendered to an orphanage at birth.

To learn more about our progressive campaign visit <https://www.trimbleforgov.com> or call 503-383-9693 to speak with me directly.

I will never be caught sitting on my hands, as I will be working hard for you:

- Pro-Choice, Pro-Union, Pro-Environment, Pro-Racial Justice, Pro-LGBTQ+
- Forgive/make free in-state tuition/debt
- Grant state residential status to those without documentation to participate in state programs and pay taxes
- Pardon many nonviolent/nonsexual related former state convicts
- Expand OHP to all Oregonians regardless of income
- Curtail healthcare costs/prescription drug prices
- Subsidize medical tourism where/when appropriate
- Lower rents of middle-to-low-income by at least \$100 at multi-unit apartment properties initially
- Cap rents of middle-to-low-income to 30% of their income ultimately in my first term
- Ban all rent related nonrefundable fees including application/pet fees
- Raise minimum hourly wage to \$15
- Institute a living wage of \$25 hourly at all companies reporting billion dollar plus earnings quarterly along with profit sharing
- Require all corporations pay a use-of-public-infrastructure tax
- Repeal bike excise tax replace with tax incentives/credits
- Earthquake retrofit infrastructure

I will defend our environment by improving accessibility of commuters on foot/bike or fare free 24/7 public-transit within our urban communities, and expanding safety distance to 6-feet for bikes. I will transition more cars to be electric/hydrogen by 2030. I will drive a massive reduction in cost of utilities while transitioning to renewables and weatherizing existing infrastructure.

**Occupation:** Retired business owner

**Prior Governmental Experience:** Lifelong Democratic Oregon Voter

If I were to be elected governor, I would put a plan into action that would alleviate the homelessness situation. My plan returns thousands of citizens back to living productive and healthy lives, simultaneously creating clean streets that we all can feel proud of.

### A Plan to End Homelessness in Oregon

I end homelessness by building safe places, however I would do so out in the countryside to foster an environment removed from the availability of hard drugs. (Meth, Crack, Heroin, Fentanyl). I would create three 40-acre safe places in the country: two in the Willamette Valley and one in Deschutes County. Each center will provide a safe place that includes a cafeteria, drug rehabilitation, medical facilities, job training, and job placement for over 3,000 people each. They include:

- Basic food provided for free, option to work for extras.
- Private 8x8 shelters with heat/ac. Solar canopy provides electricity.
- Guaranteed employment at minimum wage working at the center, being a street cleaner or tree planter.
- Automatic savings plan for when ready to leave.

### Affordable Housing and Jobs

My plan is to additionally develop affordable housing units in every major city. Selling these affordable units back to the citizens. A portion of these units will be available for ownership through a rent-to-own program. Work, pay rent, stay clean and earn your own home. Prosperity awaits!

### Education

It's time we revolutionize the education system to raise expectations and raise results. Let's use technology to empower our kids to achieve more.

### Environment

Our climate is ideal for growing carbon-reducing trees. What if we become pioneers in carbon capture with innovative planting to create a new green energy future for Oregon.

Climate change is Oregon's biggest issue. It drives water shortages and wildfires, destroys homes and farms, and harms tourism. It threatens our prosperity whether we're red, blue, rich, poor, urban or rural. Our Governor and Legislature have plenty to do, but legislation is slow while our own decisions can turn on a dime. We are all in this together, so we voters must drastically reduce our own fossil fuel use and insist that our elected representatives follow our lead at the state level. We can do this: Voter's Pamphlet readers are community leaders!

Buying electric leaf blowers, home heating / air conditioning systems and hot water heaters means investing in our future. If you're lucky and you have the means, upgrade to an all-electric HVAC, hot water heater or leaf-blower right away. Greenhouse gas emissions go up as income goes up, so it's double the bang for the buck! If you don't, replace a broken fossil fuel powered item with an electric one. Air travel is a huge source of emissions. Don't cut out flying completely, just cut back. Vacation in Oregon!

Natural gas is 95% methane. Methane leaks all the way from the fracking well to our kitchen stoves. Methane traps 120 times as much heat as CO2 when it has just leaked into the atmosphere. It also breaks down over 12 years to be only 25 times as bad as CO2. The fastest way to decrease our atmosphere's heat trapping effect right now is to eliminate as much natural gas as possible.

Ask your candidate what their carbon footprint is. Mine's about 5 tons ([carboncalculator.com](http://carboncalculator.com)) – no offsets. Tell your friends you are voting and donating based on who you think will do the most to fix climate change.

*"I have known Darin Harbick as a coach and community builder. His character and competency are undeniable and his leadership is exactly what Oregon needs."*

– Dr. Wayne Cordeiro, New Hope Church and College

**First Things First - Constitutional Conservative**

Darin Harbick will support our US Constitution and the rights granted therein. This includes a rock solid defense of the 2nd Amendment - no compromise. Freedom of speech guaranteed by the 1st Amendment - taking on the titans of the tech industry - no more censorship by tech giants.

**Fixing our Forests**

Oregon's forests are one of the worlds most renewable resources but those forests must be managed sustainably while providing access to Oregonians.

**Fixing the Southern Border**

Open borders means the Mexican cartels are trafficking drugs and individuals into the United States. US sovereignty demands we secure the southern border now.

**Stop the spending - Balance the budget - Stop inflation**

As a small business owner, Darin can't spend more than he brings in. Our government must stop the insane spending. Inflation is killing the middle class and Oregonians on fixed incomes. It's time for a balanced budget amendment and fiscal responsibility.

*"Darin's business and life experience uniquely qualifies him for the US Senate, join me in voting for Darin Harbick."*

**Occupational Background:** Wildlands firefighter; helicopter and fixed-wing flight nurse

**Educational Background:** A.A., Nursing, Blue Mountain Community College; 35 years continuing education in cardiac, neonatal, and pediatric life support

**Prior Governmental Experience:** Grant County Commissioner (2019-present)

**PARTNERS TO SAVE AMERICA**

Fellow Oregonians, as a nurse and wildlands firefighter, I have devoted my professional life to saving the lives of others -- sometimes at the risk of my own. In 1990, while with the John Day helitack crew, I entered a firestorm to rescue a civilian bus driver. For this, I received the U.S. Agriculture Department's highest award.

Today, America's history and institutions are under assault. Patriots with heroes' hearts must step to the fore. I ask for your vote and prayers as we strive together to save our beloved country.

**SPENDING**

I will oppose the reckless Democrat spending that kills jobs, explodes the national debt, and fuels inflation.

**BORDER SECURITY**

Democrat open-borders policies have unleashed a tidal wave of illegal immigration that threatens our public safety and national security. We must:

- Mandate employers vet new hires for legal U.S. presence;
- End "catch-and-release" policies that free illegal aliens into U.S. communities;
- Complete the border wall.

**PUBLIC SAFETY**

Across America, crime is exploding. Ron Wyden's response? To co-sponsor a bill to make policing harder and more dangerous. When elected, I will champion policies to protect those who protect us.

**FOREST MANAGEMENT**

Last summer, catastrophic fires burned hundreds of thousands of acres, destroyed homes, and snuffed out lives. One reason: "Environmental" policies that restrict logging, thinning, and grazing on public lands. As your U.S. Senator, I will work to reinstate these proven ways to clear the undergrowth and diseased trees that fuel wildfires.

**RIGHTS**

I support:

- The right of all, born and unborn, to life;
- The right to keep and bear arms;
- And the right to free, fair, and secure elections untainted by fraud.

Our corporate-owned government has waged its war on 'WE THE PEOPLE! Thanks to Democrats and many corrupt Republicans, what used to be a free society, is now regressing into a form of modern slavery. The globalists have decided that our current imperialism, economic elitism, and social destruction are not enough for their greed and their thirst for power, but totalitarian technocracy is the ultimate goal. The past two years showed us how DC's politicians are standing against 'we the people' by using the COVID event to advance their heinous agendas. Agendas started with destroying small businesses, transferring the wealth to the top, and continued with increasing government spying, forced unjustifiable isolation, limited freedoms, funding tyranny, censorship, and criminalizing dissent. This war, under the pretext of Climate Change, is now targeting our rights to private property, transportation, and the worst of all is destroying our food supply.

I am running for peace, integrity, government accountability, and to defend our targeted family values, our rights to free expression, and to bear arms. I want to protect our sovereignty, put the government in its small place, and bring back the economic power to the people by localizing our economy, ending the 'New NAFTA', eliminating the Federal Reserve, and cutting our spending-driven taxes.

Globalizing our economy and concentrating the political power in the federal government have weakened the people's power, hijacked our democracy, destabilized our communities, and allowed the welfare state to cripple this country. The founding fathers understood that decentralizing the political power and recognizing the sovereignty of the people and the states are the only way to ensure that the government does not become tyrannical.

This year, Republicans have the chance to send a different message to the entire country, that 'this is the time for a REAL change and it is time to fight'. Choose a fighter!

Born and raised in Prineville Oregon, I worked in the tire industry for 22 years and have worked in the datacenter industry for 9 years. I joined the Oregon Army National Guard after 9/11 at the age of 29 to serve my State and Country. After a tour in Iraq in 2010 I was appointed to the Prineville City Council in 2011 and was recently elected Mayor in 2020.

My family are loggers, farmers, cattlemen, and ranchers in Oregon who are still very active in all those industries. I understand what rural Oregonians want and need in a Senator and I will deliver for them in the US Senate. As a city Councillor and as Mayor of Prineville, I have worked on many projects that can be replicated across the State. I have been a direct part of projects involving natural resources, water mitigation, and publicly owned property that have put Prineville on the map as a leader in the State.

I am proud to say that I am the only Mayor in Oregon that passed legislation which was judicially validated and could help businesses fight Covid related fines from OSHA. I have also listened to the residents of Prineville and passed a resolution stating that myself, and the city council support the freedom of its citizens to choose their own healthcare and to be free from government mandates that would force them out of work. I will serve the citizens of Oregon in the US Senate with the same servant mentality as I have the citizens of Prineville and put the power back in the hands of the people.

**\*\*PROUDLY ENDORSED BY OREGON RIGHT TO LIFE PAC\*\***

My name is Jimmy Crumpacker, and I am running to serve as your Congressman for Oregon's 5th Congressional District.

Oregon is in my blood. A seventh-generation Oregonian, my families roots here go all the way back to 1845.

After a successful career on Wall Street, I moved home to Oregon and opened my own company. Having experienced tremendous private sector success, I began using my business skills to help local non-profits.

I joined the board of Meals on Wheels, an organization with which I have been involved from the time I began delivering meals as a child with my grandmother. After my time as chair of the marketing and development committees, I have enjoyed driving the same weekly route delivering meals for six years.

Unfortunately, Oregon is ablaze right now thanks to politicians' disastrous policies coming from Washington D.C.

Inflation is running rampant thanks to out-of-control spending, driving up costs, and taking money out of the pockets of hard-working Oregonians.

Our cities are experiencing record crime, making it impossible to feel safe in your own home.

Our immigration system is broken, and yet, politicians are more interested in kicking the can down the road than securing our border and ending the flow of dangerous drugs into our communities.

Our forests are on fire thanks to bureaucratic incompetence and gross mismanagement.

I know that I am the only candidate in this race who has the private sector experience needed to get results for this district. I would be honored to have your vote and look forward to serving you in Congress.

**Lori Chavez-DeRemer**

Republican

**Occupation:** Business Owner

**Occupational Background:** Business

**Educational Background:** BS,

Business- California State University, Fresno

**Prior Governmental Experience:** Mayor of Happy Valley (2010-2018); Happy Valley City Councilor (2004-2010); League of Oregon Cities, Past Board Director

**Achieving the American Dream**

Lori grew up in a farm community, **became the first in her family to graduate from college**, and worked to support her husband, Shawn, while he attended medical school. They settled in Happy Valley to raise their twin daughters. Together, they founded an anesthesia management company and several medical clinics throughout the Pacific Northwest.

**America First**

Joe Biden and the Radical Left have caused record inflation, defunded our police, and created a crisis at our southern border. We need a Conservative in Congress to fight back. **Lori was selected by Donald Trump** as a 2020 RNC Delegate to support his America First policies.

**Keeping our Communities Safe**

Lori spearheaded efforts in Happy Valley to fully fund the police force when it was voted down in 2014. She added more police officers to keep our neighborhoods safe. The Left treats our police like criminals and refuses to address rampant homelessness. We must enforce the law. In Congress, **Lori will always support our law enforcement.**

**Open our Schools**

Oregon must keep our kids in schools and permanently end the mandates. As Mayor, Lori implemented the Happy Valley Youth Council so our children can succeed beyond the classroom. As your Congresswoman, **Lori will defend school choice and give parents a voice in their children's education.**

**Fiscal Responsibility**

Congress needs a fiscally conservative leader with a proven record. As Happy Valley Mayor, **Lori kept taxes low and balanced the budget** - she allocated over \$2.5 Million into reserves and paid off city debts early.

**John Di Paola**

Republican

**Occupation:** Medical Doctor

**Occupational Background:** Orthopedic Surgeon

**Educational Background:** Rutgers Medical School, Oregon Health Sciences

University

**Prior Governmental Experience:** None

I am not a politician. I am a citizen like you who feels our voices are not being heard in Washington, D.C.

Born into humble beginnings, I was taught to respect the value of hard work from a very young age. I earned my own way through medical school, started a business, and dedicated my career as an orthopedic surgeon to providing specialty care for Oregon's working class.

At a time when our nation is facing unprecedented challenges, many Oregonians do not feel their voices are being heard. Rising crime, homelessness, and spiraling inflation have placed undue burdens on the backs of working families. This must end.

As your Congressman, I will work across party lines to solve our nation's toughest issues and put America first. I support secure borders and a strong national defense. I'll fight back against Joe Biden's socialist policies that are costing the middle-class thousands of dollars a year and restore power back to the American people.

Lastly, we must never allow another public health crisis to be so grossly mismanaged and politicized ever again. The COVID-19 response failed our children, and caused undue economic and psychological harm to our communities. Depriving students of in-person education and requiring masks when attending school has caused unspeakable damage that will impact their generation for years to come.

As a physician, I strongly believe we must empower and educate individuals to decide what is medically best for them and their family members. The government should never be in the business of using coercive fear tactics to deprive Americans of their basic individual liberties.

Oregon is my home. I'm running for Congress to ensure that future generations have the same opportunities as the ones before.

I humbly ask for your support and would be honored to receive your vote.

## Bill Sizemore

Republican

**Occupation:** General Contractor

**Occupational Background:** Contractor; Taxpayer Advocate; Radio Host; Gold Rush television show

**Educational Background:** Graduated Portland Bible College (1976)

**Prior Governmental Experience:** Governor Atiyeh's Task Force on Workers Compensation Reform; Klamath County Budget Advisory Committee; Chief Petitioner on numerous pro-taxpayer ballot measures

### BILL SIZEMORE

No more Mandates and Shutdowns; No more lawless homeless encampments; No ignoring violent rioters; No teaching kids Wokeness or Critical Race Theory; No highway or bridge tolls

### BALLOT MEASURE ACCOMPLISHMENTS

Bill Sizemore has saved Oregon taxpayers billions of dollars in property taxes. He successfully placed on the ballot good government measures to require voter approval for all tax increases; place 3% limit on real property assessment increases; make federal income taxes fully deductible on state returns; require just compensation for regulatory takings of private property, reform PERS; require English immersion for immigrant students; require schools to ignore seniority and keep the best teachers when there are layoffs; stop public employee unions from using public resources to collect political funds; and require obtaining employee consent before taking money out of their paychecks for politics.

### BILL SIZEMORE

#### THE CANDIDATE PUBLIC EMPLOYEE UNIONS FEAR MOST

Public employee unions know that as governor Bill Sizemore will break the stranglehold they have on Oregon politics. Consequently, they have assassinated Bill's character, sued him for millions, and even tried to bribe him out of politics. But he has not backed down. Read the truly shocking details at [www.FriendsofBillSizemore.com](http://www.FriendsofBillSizemore.com).

### BILL SIZEMORE

#### COURAGEOUS, TESTED, DECISIVE

Oregon's next governor must not be someone who merely says they will be bold and unwavering. The stakes are simply too high. In this election, we are in a battle for the very soul of our country and Oregon desperately needs proven, conservative leadership to reverse Oregon's frightening downward slide. Bill Sizemore has proven beyond any doubt that he will stand up to the political establishment and be exactly the governor Oregon needs at this critical time. **Please vote for Bill Sizemore.**

## Nick Hess

**Occupation:** Multi-business owner, entrepreneur, tech CEO & cybersecurity expert.

**Occupational Background:** 21+ years building businesses from the ground up. Currently owns and operates two nationwide

high-tech companies that specialize in cybersecurity and telecommunications.

**Educational Background:** Lincoln High School

**Prior Governmental Experience:** N/A

### TRANSPARENCY! TRANSPARENCY! TRANSPARENCY!

Oregon is a mess. Electing another politician will not fix it. We need a CEO who delivers results.

Nick Hess advocates for **high-quality education, smaller government, deregulation, fiscal responsibility, support of small business, lower taxes, and freedom for all.**

### NICK'S VISION FOR OREGON

We must return Oregon to pristine conditions and protect our state for future generations. Nick envisions a state with clean and safe streets, low crime, and a thriving economy with high-paying jobs. With these improvements, Oregon will become a hub that grows, attracts, and fosters the next generation of leaders. That means raising the quality of education in our public schools and ensuring a prosperous future for our children.

### AS GOVERNOR, NICK WILL

- Ensure 100% transparency of state data including: election, budget, healthcare & education.
- Decrease government regulation to support economic growth.
- Fund established organizations and proven models to combat the homelessness crisis.
- Enforce a zero-tolerance policy for violent crimes.
- Hire and train high-quality law enforcement.
- Fight for parents' right to take ownership over their child's education.
- Modernize Oregon's digital infrastructure.

"Nick reminds me of my uncle Vic. The Republican party didn't support his run in 1978 against established politicians but ran anyway and won because he knew he was the right choice for Oregon. Nick is what Oregon needs and he has my full support." - David Atiyeh

As a fiscally responsible, socially moderate Portland native, your vote for Nick gives Republicans a real chance of winning in November. Nick's campaign is a movement for all Oregonians that will bring us real conservative leadership for the first time since Vic Atiyeh 36 years ago.

But 325 words can't fix Oregon. Visit [votehess.com](http://votehess.com) to see what's possible.

### Dr. Bud Pierce has a Prescription for Oregon.

Bud Pierce is ready to heal our state. As a janitor's son who worked as a bag boy after his father died, Bud learned the value of hard work early. Bud went to medical school, joined an oncology practice, and got right to work treating cancer patients. Today, Bud tirelessly works over **70 hours each week, saving lives as a cancer doctor**. Now, Bud is ready to put that real-world leadership to work, saving our state.

### A Plan for Oregon

**Restore Public Safety.** The first job of the government is protecting its citizens. We must **fully fund law enforcement**, arrest and incarcerate lawbreakers, and make our streets safe again.

**Solve Homelessness.** Create more permanent housing; **no more tent cities in Oregon**. Ensure people experiencing homelessness have access to life-saving resources and return to a productive life. Oregonians' public spaces need to be vibrant, clean, and safe.

**End Government Mandates.** The government has abused the power of mandates. **We must let citizens make their own decisions** about what's best for them and their families from now on.

**Excellence in Schools.** Oregon has one of the worst graduation rates in the nation. The Governor's solution was just lowering graduation requirements. **Oregon schools need to champion reading, writing, math, and science fundamentals**. Teach students how to think, not what to think.

**Make Oregon Affordable.** Government policies have caused prices of everything from food to gasoline to increase. Oregon families are suffering. We must lower taxes, support our small businesses, and get government out of the way.

## Governor

## Stan Pulliam

Republican

**Occupation:** Mayor of Sandy; Insurance Executive

**Occupational Background:** Business, Marketing, Sales, and Administration

**Educational Background:** Bachelor of Science, University of Oregon

**Prior Governmental Experience:** Mayor of Sandy, 2019 to Present; Clackamas County Coordinating Committee; United States Conference of Mayors; Oregon Mayors Association; Legislative Director – Oregon State Legislature

**Community Service:** Board Member, Sandy Community Action Center; Board Member, Vietnam War Memorial Fund; Community Impact Award for Distinguished Service in Clackamas County

### Leading the Fight Against Lockdowns

I orchestrated the statewide protest against lockdowns and led a lawsuit to overturn Governor Brown's illegal mandates on restaurants, bars, gyms, and schools. Main Street Oregon has had no better advocate.

### School Choice & Parental Rights First

My wife MacKensy and I formed the Oregon Moms Union to organize communities to fight back against out-of-control government bureaucrats and school boards mandating masks and vaccines, pushing Critical Race Theory, and silencing parents in public meetings. It's one thing to believe in something – it's another to do something about it.

### Public Safety & Holding Criminals Accountable

As mayor, I expanded our police force while other cities defunded them. Enforcing existing laws and giving police the resources to do their jobs needs to be one of our highest priorities.

### Plan to Handle Homelessness

I'm the only candidate to propose a plan to address the culture of criminality around tent and car camping—using state resources instead of being hamstrung by local governments and their far-left agendas.

### Pro-Life, Pro-Gun Rights, Pro-Trump

I have a track record of being consistently pro-life and unshaking in my defense of our Second Amendment. President Trump's policies on energy independence, supporting law enforcement and veterans, and bolstering our military made our country great again, and I plan to do the same for Oregon as your next governor.

Republican

**Occupation:** Publishing Company Owner

**Occupational Background:** Former corporate VP of business development & marketing - A/E/C industry

**Educational Background:** BA, International Studies, Willamette University – Salem

**Prior Governmental Experience:** Mayor of Baker City, Baker County PCP

**Family:** Mother of two daughters

**Do you remember how Oregon used to feel? Do you want that back?**

I'm a 7th generation Oregonian and small business owner, NOT a politician. I was raised on a Baker County cattle ranch, which my family still operates.

The definition of insanity is repeating the same thing, and expecting different results. We don't need another establishment politician. We need a **qualified, COMMON SENSE, grassroots** Republican nominee for governor - **someone who understands the ENTIRE state**. I'm that candidate.

I authored Resolution 3881 in 2021, which the national media called the "common sense sanctuary city" resolution, standing against the mandates, and forming a statewide coalition of officials to protect our communities in terms of economics, crime and mental health. In 2018, I helped author Baker County's 2A Preservation Ordinance, and passed a 2A resolution at a city level this year. I located plaintiffs for the Elkhorn Baptist v. Kate Brown case, which temporarily lifted the emergency order.

**I BELIEVE:**

- We **MUST** protect the Second Amendment and defend the Constitution.
- Allowing our beautiful, valuable forests to burn annually is **BAD** management.
- Parents, **NOT** politicians, should control decisions that shape our children's education.
- We should **STAND WITH** our police, **NOT** defund them.
- **ENABLING** our homeless **DOESN'T WORK**.
- The government has **NO PLACE** in our personal medical decisions.
- **FAILED** government and over-regulation cripple our businesses.
- The unborn are **PRECIOUS** assets and we must fight for them.
- **THRIVING** farmers, ranchers, loggers and miners equal a self-sufficient state.
- The rural-urban divide **MUST END**.
- **FAIR** elections are critical to keeping our republic.
- America is the **SHINING LIGHT** on the hill—and we have to fight to save her, state by state.

**Governor**

**Tim McCloud**

Republican

**Occupation:** Professional

**Occupational Background:** Administration

**Educational Background:** Eastern Oregon University

**Prior Governmental**

**Experience:** Local and State

McCloud is a working class American who has overcome homelessness while raising a family, attending school full time, and running a business; not a lifelong politician with a multi-million dollar advertising campaign. In his life, Tim stands firm against bullying and discrimination. As Governor, McCloud will stand strong for the freedom of all Oregonians and against discrimination. Raised by his mom and grandma, Tim was shaped with compassion from a young age and taught to protect others. A husband, father of 3 daughters, and brother to 3 sisters, he'll fight for women's issues.

McCloud has advocated for vulnerable Oregonians: seniors, individuals with disabilities, foster youth, individuals with mental health issues, and persons in economic crisis. Tim has experience championing for children and families in the courts and foster care systems. His leadership in community events and local commissions prepared him for making tough decisions. McCloud will roll up his sleeves for greater access to individual healthcare options for our seniors, veterans, and the medically fragile.

McCloud is committed to getting Oregon back to work; keeping schools open, thriving small businesses, and affordable quality childcare. As a former small business owner, Tim understands the time, expense, and difficulty it takes to operate a business in Oregon. Tim believes that businesses, great paying jobs, safer neighborhoods and a thriving economy are essential to our communities. As Governor of Oregon, Tim will listen to Oregonians: on our environment, economy and ways of life, because every Oregonian matters. God bless Oregon and the United States of America.

Como Gobernador de Oregon, Tim McCloud reducirá el costo de vida, mejorará la educación de los estudiantes y creará caminos hacia el estatus de ciudadanía. Conduciré para mejorar nuestro entorno natural y nuestra economía. Queremos mejores trabajos y viviendas, más libertad y calles más seguras. ¡Dios nos bendiga, Oregon y a los Estados Unidos de América!

**Occupation:** Business Owner, Merritted Business Solutions LLC.

**Occupational Background:** Business Development – Staffing/Employment

**Educational Background:** Berklee College of Music (B.A.) Music Business and Management

**Prior Governmental Experience:** Current Delegate for Deschutes County

**RESTORE SAFE COMMUNITIES**

Stop “defunding police” and support local law enforcement. Allow our first responders to do their jobs in protecting our communities.

Remove repeat violent offenders from our streets. Hold district attorneys accountable for their abuse of power when they fail to prosecute criminals.

Self defense is a human right. The right to bear arms is critical to a safe society. Preserve and protect our 2nd amendment rights.

**REOPEN OUR STATE**

End ineffective mandates that destroy our economy.

Remove the destructive regulations that slow job creation.

End the assault on medical professionals that is reducing hospital capacity and harming public safety.

**REDUCE COST OF LIVING**

Government action increased the cost of living and government action can help bring it back down.

Stop driving the cost of housing up through massive government spending projects sold as solutions to homelessness.

Encourage growth of our economy and private sector jobs, not government.

**REIMAGINE EDUCATIONAL**

Equal Educational Opportunity is the civil right’s battle of our generation. We achieve it through school choice.

Return to local control of schools and actively encourage more parent involvement, not less.

Teach “history” not “theory.” Focus on mastering the basics in preparing our children to succeed.

There is a terrible sickness in Oregon that needs a cure, and it has nothing to do with a flu variant that has been given a name. The pandemic that is smothering our State is officials jettisoning what it means to be an American in order to declare the supremacy of government and to claim unprecedented power.

It is time for Americans to rally around the Constitution and to use it as a Compass to guide the fight against the tyranny that is threatening our freedoms.

I will be asking Oregonians to have the courage to only obey mandates, orders, and laws that are in harmony with the principles of the Constitution, and to set up their hearts, cities, and counties as Constitutional Sanctuaries.

I have a fifteen point Charter of Liberty that will begin the restoration of Oregon back to its proper place of freedom and prosperity. Here are some of the points:

1. *Each County will return to a traditional, open, transparently honest Election system, with in person voting using voter ID on Election Day only.*
2. *Ban imposition of mandated health measures or medical procedures.*
3. *Move school funding directly to Parents.*
4. *As unborn children have an inalienable right to life, pass law to restrict abortion.*
5. *No surgeries or medications to feign a sex change on minors younger than 21. No biological males in female sports, restrooms, dressing rooms, or locker rooms.*
6. *The 2nd Amendment is a Citizens' Concealed Carry permit.*

**Educational Background:** AA Degree

**Prior Governmental**

**Experience:** Oregon Tech Board of Trustees; Business Oregon; State Workforce Investment Board; STEM Investment Council; Medford Housing Advisory Committee; 10-Year Plan for Oregon; Legislative Aide for State Sen. DeBoer

**WE NEED A CEO TO REFORM OREGON!**

Like you, I'm heartbroken over the condition of our state. For years we were told that raising taxes would fix public education, improve our communities, and help the less fortunate. **Despite the billions of dollars spent, schools are still struggling, businesses are leaving, and we have some of the most expensive housing in the nation.** Meanwhile violent crime, drug addiction and unsheltered homelessness are destroying our urban centers.

I'm running for Governor because Oregon needs exceptional leadership to recover from decades of mismanagement and lack of accountability. **In my lifetime I have gone from homeless teen to CEO of a world-class, microchip manufacturing company.** All Oregonians should be given the opportunity for success.

Together we will:

- Create an economic environment where small businesses can grow, housing is affordable, childcare is accessible, and families thrive. Protect our natural resource jobs.
- Empower parents through school choice. Prioritize core academics and hands-on learning. Focus on education - not indoctrination.
- Provide police and first responders with the funding and tools they need to keep our communities safe. Ensure criminals are prosecuted and stay behind bars.
- Stop the humanitarian crises in our communities by moving our unsheltered homeless people off the streets and into life-changing treatment programs. Make our public places safe again.
- Stop proposed freeway tolls on our local highways.
- Protect your personal freedom and Second Amendment rights. No more mandates.

**Join me, and let's take the anger, frustration, and hopelessness we are feeling and turn it into something much more positive - building a great future for Oregon!**

"Jessica thinks outside the box. She'll empower Oregonians, not control and regulate us."

I am a husband, father, educator, farmer, and long-time champion of students' and parents' rights. As the Alsea School Superintendent, I broke ranks to keep Alsea schools open full-time during the COVID shutdowns. In January, I implemented a Masks-Optional policy which sparked a movement, garnered national attention, and catalyzed an end date for indoor masking.

**Oregon needs a courageous solutionist for complex problems, not another establishment politician.**

I have fought government overreach and corruption my entire career. I uphold Constitutional and community values through service and responsiveness to the will of the people.

**As your next governor, I will:**

**Restore Excellence in Education by:**

- Re-implementing graduation standards, elevating academic expectations, and investing in special education;
- Insisting on parents' rights in their child's education;
- Ridding classrooms of political and social agendas/curricula;
- Championing school choice by directing tax dollars to follow the child.

**Re-establish Community Safety and the Rule of Law by:**

- Fully funding law enforcement and holding law-breakers accountable;
- Re-criminalizing drugs and cleaning up homeless camps;
- Addressing the homeless crisis through individualized support that treats ALL causative factors.

**Empower Individual Freedom and Responsibility by:**

- Ending any unconstitutional mandates and tracking systems;
- Breaking up the over-reaching Oregon Health Authority and restoring local control of healthcare to community care organizations;
- Codifying the sanctity of the patient-doctor relationship and full informed consent.

**Revitalize Our Economy by:**

- Re-establishing rights and resources to farmers, ranchers, loggers, and miners;
- Cutting taxes to small and medium businesses;
- Resurrecting our deep-water ports making Oregon the new gateway to the west, bringing workers back;
- Driving down inflation by lowering taxes and deregulating government.

**Republican OUTSIDER Bridget Barton**

Weak-kneed politicians have failed. But I'm no politician. I'm an OUTSIDER.

I don't owe anything to anyone; I will be YOUR voice.

I'm not afraid to do hard things. I started a conservative business in Oregon. I've been in recovery from alcoholism for 40 years. I broke horses to put my kids through college. I'm not building a political career.

I'm relentlessly optimistic, and I'll make the tough choices to unleash Oregon. –Bridget

**Tim Mueller, Retired Linn County Sheriff**

Bridget is a steadfast supporter of law enforcement and the Second Amendment. Unlike career politicians, she's an outsider with nothing to lose and won't back down.

**Indra Nicholas, Owner, Udders Ice Cream, Grants Pass**

I fought Kate Brown's mask and closure mandates. Bridget is one of us. She understands we want freedom to make our own choices. Bridget was first to organize a lawsuit against Kate Brown during COVID. She'll fight for us.

**Angelita Sanchez, Founding Member, Timber Unity**

Bridget has never been afraid to buck the establishment and dig in hard for our rural families and blue-collar communities.

**Christy Thompson, West Linn-Wilsonville School Board Member**

Bridget is a mom and a woman of faith. She will refocus Oregon schools on academic excellence and standards for kids and embrace parent involvement once again.

**Jen Jacobson, Owner, Beloved Cheesecakes, Silverton**

Career politicians have made gas, food, and everything else more expensive. Like me, Bridget grocery shops for her family and runs a small business. She will put a hard stop to new laws that increase prices—especially on gas and groceries.

**Andy Duyck, Lifelong Farmer, Owner, Duyck Machine Inc, Washington County**

Bridget is THE Republican to beat the left in November. She hired Virginia Governor Glenn Youngkin's own campaign strategist and they're running to win.

Dear Constituent,

I am a small family farmer with a working knowledge of public health. I cherish the United States of America and believe in our Founding Fathers' vision. I commit that the United States Constitution, the Oregon Constitution and the voices of our community will serve as my guiding lights. As your state senator I will:

- Champion forest management and development practices that drive our local economy (timber/tourism/recreational) and mitigate forest fire risk.
- Fight for access to high quality physical and mental healthcare (including medical transportation) for our constituents.
- Drive legislation for enhanced community resilience and disaster assistance funding locally.
- Innovate new partnerships to stabilize local food prices. We need to give our local farmers and communities a chance to fight the rising cost of food and strengthen our local economy.
- Support advanced and vocational educational opportunities. Focus on reducing screentime and increasing physically active opportunities for youth.
- Work to require social media companies to be subject to a fee for Oregon advertising "clicks." This can fund expanding the Oregon Outdoor School.
- Dedicate myself to supporting our Active Duty and Veteran populations, with a focus on Military Exposure Health.

As your State Senator I will fight for your issues and *successfully* pass legislative priorities for district 26. I will listen to your voices and reflect the values of our district in my decision making. I believe that trust is born of consistency, honesty, and accountability. With trust one can lead.

**Bringing People Together. Getting Things Done.**

As your State Representative, I fought for conservative values. I still hold these principals, but much has changed since I served. Salem Politicians are out of control. In law enforcement, I held people accountable, and in Salem, I'll do the same.

**Defending Law Enforcement:** Men and women who put their lives on the line every day to protect us deserve better. We must not tolerate the rhetoric that Oregon should "defund police". As a military veteran and former police officer, I'll stand up every day to protect those who protect us.

**Ending Government Overreach:** For two years, the Democrat-majority in the Legislature did nothing to stop Kate Brown's mandates and executive orders that controlled our lives, shut down businesses, and harmed our kids' education. The results were devastating. We live in a free country. It's time our elected leaders start acting like it.

**Investing in Education:** As a father, I know the importance of funding public education and ensuring our schools work for our children. Additionally, we must teach our children to be independent thinkers and schools must engage parents transparently about curriculum.

**Promoting Economic Growth:** Without small business, Oregon's economy suffers. As an Economic Development and Trade member, I helped develop and grow businesses in our community. Attracting stable, good-paying jobs to our District continues to be my focus.

**State Representative, 52nd District**

**James Born**

Republican

**Occupation:** Clinical Psychologist

**Occupational Background:** Farmer, teacher, administrator, youth adult/juvenile justice psychologist, county mental health psychologist

**Educational Background:** Doctor of Psychology, PsyD, Masters Clinical Psychology, Masters Christian Counseling, Masters of Divinity, Bachelors of Education

**Prior Governmental Experience:** Clackamas County PCP

**ABOUT JAMES BORN**

Dr. James Born grew up in a bicultural home on a dairy, beef, and forestry farm. I have six biological siblings, three are deaf and three are hearing. I have one foster sibling who was born with birth defects. In early childhood, I learned how each person has worth and value. I have been able to transform my childhood trauma wounds into wisdom so they work for me and not against me. I am married and a father of three biological children, a teacher, a nurse, and an engineer, and six grandchildren.

**REASON FOR RUNNING**

As a psychologist, I have seen the pain that our present policies have created by failing to understand, people are more than bodies to be kept alive at all costs. We are now experiencing a mental health crisis of exponential increase of anxiety, depression, hopelessness, alcohol and drug addiction and overdose, and suicide. I will defend our freedoms. I will use my voice to combat growing inflation, increase public safety to fight rising crime, streamline government, and care for our children and future generations. I have spent my life serving others to help them realize their potential. As your State Representative, I will be your public servant and your voice standing strong. For these reasons and more, I want to be your voice for freedom in House District 52.

**Elect Justice DeHoog:** In January, Governor Brown honored me with an appointment to the Oregon Supreme Court, choosing from among highly qualified appellate judges, trial court judges, and attorneys. With my appointment, the Governor continued in her commitment to ensure that Oregon's judicial seats are filled with dedicated, fair-minded, and capable judges of all backgrounds and points of view. America, though not perfect, is the greatest nation on earth - I believe in the ideals articulated in our founding documents. I share Justice Clarence Thomas' perspective that "[T]he Declaration of Independence. . . establishes a moral ideal that we as citizens are duty bound to uphold and sustain." Our judicial system aims to do justice.

The cornerstone of a constitutional republic is self-government. The law should be applied to all people, in all places, at all times, in the same manner. In other words, the rule of law does **not** mean "rules for thee, but not for me." Unfortunately, some in government use their power to tell the average citizen how to live, work, and play. "We the People" instituted civil government to serve the public - not to force the public to serve the government. As such, the judiciary has a constitutional role in providing a check against the excesses of the other two branches of government.

In my opinion, the current court is relatively diverse, except in judicial philosophy. People who really know me, understand that I am not an activist. If you want a judge to insert their personal views of how culture should be molded - then don't vote for me. I also know what it is like to have the boot of the government on my neck. Those who are intoxicated with their power have attempted to remove my liberty of conscience and freedom of speech. Unfortunately, cancel culture looms large in our society today. Casting your vote for me is one way to push back.

## Caleb M Berthelsen

Nonpartisan

**Occupation:** Attorney

**Occupational Background:** Criminal Prosecution, Criminal Defense, United States Navy

**Educational Background:** BS from North Dakota State University, JD from Willamette University College of Law

**Prior Governmental Experience:** 5 years in US Navy

I have always had a deep sense of patriotism. This led me to joining the military and deciding to work to protect the rights of all people. As a former prosecutor and current defense attorney I have had the advantage of seeing the criminal justice system from both sides. This experience will allow me to be a firm but fair judge.

Why am I running:

Access to justice is a cornerstone of the American Court system. Every person has the right to their day in court. Here in Wasco and Hood River Counties we have a Judiciary where that fundamental right is not being properly upheld. Because of conflicts of interest, Wasco and Hood River Counties have one judge that cannot hear criminal cases. As a former Submariner in the United States Navy, I know how important it is for a small team to work together and share the workload. The fact that the workload in Wasco and Hood River Counties is not evenly distributed, has created a potential for a backlog in criminal cases.

We support **Berthelsen for the Bench:**

"Caleb Berthelsen has the temperament and life experience to be an excellent Circuit Court Judge. Due to ongoing conflicts since taking office over 10 years ago, Judge John Wolf continues to be unable to preside over criminal cases in Wasco and Hood River Counties. Criminal matters are the bulk of the cases in our district. I support Caleb Berthelsen because our district and communities deserve a fully functioning judiciary."

**KEEP JEFFERSON COUNTY, JEFFERSON COUNTY**

**ELECT SABRIA RIOS**

Jefferson County deserves to be preserved for generations to come. Our residents want smaller communities surrounded by open space, farmland and safe efficient roadways. We want our economic, social and emotional investment in this beautiful county to be protected.

**GROW BETTER, GROW STRONGER**

For years we've worried that our county would be targeted by land developers. Now it's happening. Their vision is low-cost housing in our county for people to commute to Redmond and Bend, leaving us to foot the bill for services such as schools, parks, police, fire department, and roadways. We do not need more debt. As the county grows developments should pay for themselves instead of asking the taxpayers for funding.

**PROTECT FARMLAND**

We need to protect our farmlands by ensuring that our farmers have access to water for their fields. By keeping water flowing to our farms, we will secure the future of agriculture in our community.

**VISION FOR OUR COUNTY**

- Protect agriculture irrigation water, natural resources, farms, forest lands, roads and recreational areas.

- Allow unincorporated communities like Crooked River Ranch, Camp Sherman, Gateway and Ashwood to control their own land use and planning.

- Promote the repeal of the state "mandatory growth rule" that forces cities and counties to maintain a 20-year land supply for projected population growth. Planning our communities is a local issue, not a state concern.

**"I'm honored to serve as your Commissioner and I'm asking for your trust and your vote in my re-election"**

**Relationships & Results**

Growing up here, I realize how unique our citizens and communities are which is why I've prioritized listening to ensure everyone's voice is represented in the work we do. Through working with citizens and local, regional, county and state leaders, we have accomplished many great things together for Jefferson County. A few examples for Jefferson County are:

- \$17 Million in Drought Relief Funding
- \$8.2 Million for Jefferson County Health Building
- \$750K for Industrial Warehouse Construction Grant
- \$93K returned of Environmental Health Licensing (restaurant/food/pools) fees as direct Covid relief grants to Jefferson County Businesses

**Agriculture is a priority**

I have worked hard with state and federal leaders and the irrigators of NUID to secure drought relief. Ag producers of Jefferson County need an experienced and trusted voice. I will continue to advocate for good policy and stand firmly against legislation that is detrimental to these practices while seeking long term solutions to our problems

**Public health**

As Commission Board Chair during COVID, I supported our Health Department and their needs, while requesting from the state, local control for local solutions to mitigate the impacts felt by businesses during lockdowns and mandates.

**Moving Forward**

I will use my experience and relationships to continue to seek positive outcomes for our county including our highways, bridges, and broadband.

It will be my goal as your Sheriff to combat the distribution and use of illegal drugs in our community; which has had a profound impact on our community and the mental health system. I also will make it a goal to combat child abuse. As a trained Child Sex Abuse Detective, I have worked many cases and have learned the use of drugs often coincides with abuse and domestic violence. As a strong supporter of Ezra's Law for enhanced criminal sentences, child abuse is very near and dear to my heart.
