Dear Oregon Voter,

A healthy democracy is all about trust. As a voter, you deserve trustworthy information. As your Secretary of State, it's my job to provide it. The Oregon Elections Division is your official source for trusted information. It's the best place to get your questions answered and avoid false information.

Always use official sources of trusted information. oregonvotes.gov

Register to vote by April 26.

Did you know it takes less than 3 minutes to register or update your voter registration at oregonvotes.gov?

What you need to know about the May Election:

Closed Primary Elections for the Republican and Democratic Parties: The Republican and Democratic parties in Oregon hold closed primaries. This means only registered Democrats can vote for candidates running for the Democratic Party's nomination and only registered Republicans can vote for candidates running for the Republican Party's nomination. The winners of those primaries then face off in the General Election in November. To vote in the Republican or Democratic Primaries, you must be registered as a member of one of those parties by April 26.

New law! Ballots Postmarked by Election Day Will Count: In 2021 the Legislature passed a new law to allow ballots postmarked by 8 pm on Election Day to count. This improvement ensures that every vote cast on time gets counted. It may also delay the results of close races because it will take a few days for all the votes to be counted. But remember, even if ballots arrive by mail at your county clerk's office after election day **only ballots cast by 8 pm on Election Day will be counted.**

Optional Secrecy Sleeves: Many counties are no longer providing secrecy sleeves when they mail ballots because they slow down the processing of ballots. Regardless, your ballot is always secure and **private** — new and improved return envelopes and secrecy procedures at elections offices protect your privacy without the need for the extra sleeve.

Oregon's elections are the gold-standard in security, accessibility and transparency. But false information about elections is a real threat to trust in our democracy. We encourage you to always check information at trusted sources. Start with [Oregonvotes.gov](https://oregonvotes.gov), your official source for elections information in Oregon.

Additionally, you can find trusted information at your county elections office. Visit oregonvotes.gov/ counties to contact your county's elections office.

Sincerely,

Shemia Fagan
Oregon Secretary of State

Election Day

Or return your ballot to an official drop box by 8 pm on election day.

oregonvotes.gov/myvote

Use this online tool to check or update your registration status and track your ballot.

Where do I vote?

In Oregon, we vote by mail. There are no polling places. Instead you can vote anywhere you choose.

If you're registered to vote by **April 26**, your ballot will be mailed between **April 27** and **May 3**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by May 6, call your county elections office.

What if I've moved?

Ballots are not forwardable. To receive your ballot update your voter registration information at oregonvotes.gov/myvote.

If election day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

You may request an absentee ballot if you will be away from home on election day. Complete the Absentee Ballot Request Application at oregonvotes.gov/myvote or call your county elections office.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

Why don't I get to vote for Governor?

Oregon's primaries are closed. You must be a member of the Democratic or Republican party to choose that party's nominees.

If your ballot does not include candidates for Governor it means you're not a registered Democrat or Republican. You will be able to vote for Governor at the General Election in November.

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked on or before **8 pm on May 17**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open election day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features into the ballot return envelope.

Do I have to sign my ballot return envelope?

For your vote to count, yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you can track the status of your ballot at oregonvotes.gov/myvote.

When will election results be known?

Initial results are released beginning at **8 pm, May 17** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

The final winner or result of a close contest may not be known until the election is certified and the official abstract of votes published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

Any registered voter may file a written complaint alleging that a violation of an election law has occurred.

The complaint should provide evidence showing a violation and must be signed by the voter. Anonymous complaints will not be accepted.

Complaints should be sent to:

Secretary of State, Elections Division
255 Capitol St NE, Suite 126
Salem, OR 97310

Would you give someone going door to door your ballot to put in a drop box for you?

Not safe. In 2018, 97 people did this and had their vote not count because the ballot was turned in after Election Day. [Don't be fooled.](#)

Would you believe a talk radio personality who says your political party is changed when you go to DMV?

Not true. The political party you are registered with never changes because of a DMV transaction. If you are not already registered you will be registered as not affiliated. [Don't be fooled.](#)

Would you believe a story that Oregon Motor Voter is automatically registering non-citizens to vote when they get a driver's license?

Not true. Only individuals who show proof of citizenship at DMV are eligible to be automatically registered to vote under Oregon Motor Voter. [Don't be fooled.](#)

Would you believe a social media post, phone call or text message that your voter registration has been cancelled?

Not true. Anytime your voter registration is updated, you are sent a confirmation of the changes. [Don't be fooled.](#)

Would you register to vote on a website you saw on social media instead of registering at the official Secretary of State site, oregonvotes.gov/register?

Not safe. In 2018 many people used third party sites thinking they were registering to vote. But the information was never sent to the Elections Division and they could not vote. These sites can also steal your personal info. [Don't be fooled.](#)

Would you trust election information like deadlines, drop box locations and results from any website other than the official Secretary of State site, oregonvotes.gov?

Not safe. Only use official information located on the Secretary of State's website or your county elections website. [Don't be fooled.](#)

Would you believe a social media post that says your ballot can be rejected without you knowing about it?

It can't. If your ballot is rejected you will be notified and may have the chance to fix it. Plus you can view the status of your ballot at oregonvotes.gov/myvote. [Don't be fooled.](#)

Would you believe a social media post that says because of record high voter turnout, Democrats vote on Tuesday and Republicans vote on Wednesday?

Not true. All ballots must be received or mailed with a valid postmark by 8 pm, May 17, 2022. [Don't be fooled.](#)

Would you believe a headline that says it is too late to secure the upcoming election?

Not true. Election security in Oregon has never been stronger and is continually being improved. [Don't be fooled.](#)

Ensuring the Accuracy of Your **Vote!**

Oregon elections are secure. There are detailed processes and procedures in place that are continuously evaluated to identify improvements and to develop contingency plans, ensuring our systems and our votes are secure.

Some security measures you may be more familiar with than others. For example the signature on your ballot return envelope is compared to the signatures in your voter registration record and your ballot is only counted if the signatures match. Another security feature is that all elections in Oregon must be conducted using a paper ballot.

Other security features which you may not be as familiar with include:

- Every county elections office files a security plan with the Secretary of State every year that details the tools and processes they use to secure elections in their county.
- Each day a copy of the voter registration database is backed up and saved to ensure accurate information is preserved should a bad actor gain access.
- All voting systems (machines and programs) used to count ballots in Oregon have been certified by a federally accredited voting system test laboratory and have been further analyzed to ensure the system is secure before the Secretary of State approved of their use.
- The Department of Homeland Security has conducted onsite physical and cyber threat assessments at each of Oregon's 36 county election offices.
- All ballots are counted in secure rooms at each of Oregon's 36 county election offices. Security cameras are in place to record 24 hours a day. No voting systems are connected to the internet.
- The Oregon TIGER (Threat Information Gathering and Election Resources) Team identifies threats and vulnerabilities to Oregon's election system and applies the resources of federal, state, and local governments to mitigate those threats and vulnerabilities. Members of the TIGER Team consist of the Oregon Elections Division, US Cybersecurity and Infrastructure Security Agency, Oregon Emergency Management, Oregon Chief Information Officer- Cyber Security Services, Oregon National Guard, Oregon Titan Fusion Center, US Postal Service Inspector General's Office and FBI.
- Prior to any ballots being counted, counties test voting systems for logic and accuracy. This testing entails marking test ballots and running them through the vote counting machines to ensure results produced by the voting machines match how the test ballots were marked. This same process is followed after the election to confirm there was no change to the programming.

The US Department of Homeland Security and the FBI have confirmed that no vote tally systems in Oregon, or anywhere else in the US have been hacked. You can have confidence that your ballot will be counted as you mark it and that there will be no tampering with the ballot at any step in the election process. Voting in Oregon has never been more secure or more accurate.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the 2022 Primary Election:

- Constitution Party of Oregon
- Pacific Green Party
- Working Families Party of Oregon

Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

Find more information at oregonvotes.gov.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2022 Primary Election** is:

O, R, A, Q, J, S, L, H, P, Z, I, W, M, C, N, G, K, T, E, Y, F, D, V, B, U, X

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

- Democratic candidates by position in ballot order
- Republican candidates by position in ballot order
- nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Our party is focused on building an economy that lifts up all Americans, not just those at the top.

Oregon Democrats work hard promoting health care access, living wage jobs, education, clean energy and more because EVERY Oregonian, from the Idaho border to the Pacific deserves to thrive and see their kids succeed.

In Washington, D.C. and in Salem, Democrats are passing legislation to support working families, ensure voting is accessible, easy, and secure, and fight for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or physical ability.

Oregon Democrats Stand For:

- A right to health care for all
- Quality public schools

Independent Party

Are you tired of extremism and polarization?

Are you tired of being manipulated by politicians who say one thing

to get your vote and then do another?

If so, then maybe the Independent Party of Oregon is for you.

A 2021 Gallup poll found that 62% of Americans want a viable third party and that the Democratic and Republican parties "do such a poor job representing the American people that a third party is needed." Are you one of them? The only way to build a third party is to join one.

The Independent Party of Oregon (IPO) believes in fiscally responsible policies to restore our middle class and address the real problems we face.

Government reform: We work to restore integrity to our institutions by achieving campaign finance reform and voting reforms that make our democracy more representative.

People centered policies: We work on policies that bring us together, like addressing the high cost of living, especially for housing; homelessness; addiction; and working to address the impact of fire and extreme weather on our communities.

Facts:

- Fastest growing party in Oregon, adding over 140,000 members since 2007 (4.7% of Oregon registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We're highly informed, rational, non-tribal voters.
- Supports policies that are good for all Oregonians, even when it means we share in some sacrifice.
- Our platform is fiscally responsible, socially compassionate, and environmentally aware.
- We fight to keep big money from buying government policy at all levels of government.

If you agree:

CHANGE YOUR REGISTRATION TO INDEPENDENT PARTY

Search: "Oregon voter registration" and click on "Update"

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. Politics is too partisan. There is not enough problem-solving.

We work to:

- Oppose spending on inefficient government programs.
- Increase transparency in government, especially on how tax dollars are spent.
- Require that political advertisements name their largest funders.
- Improve education and job training opportunities for Oregonians.
- Protect the environment and the climate.
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

2022 ELECTIONS

Our 2022 nomination process will be conducted this Summer. Check www.indparty.com for updates.

COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. These special interests accounted for nearly all of the \$150 million spent on Oregon political campaigns in 2018 and most of the \$44 million spent on Oregon lobbying. Regular voters can't match those big dollars. But we can band together and fight them with our voting power

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens.

We helped pass campaign finance reform in Multnomah County in 2016 and Portland in 2018 by passing ballot measures to change the county and city charters to limit campaign contributions to \$500 each and require that political ads name their 5 largest funders and their sources of funds.

In April 2020, our co-chairs won the reversal of the 1997 Oregon Supreme Court decision that the Oregon Constitution does not allow limits on political contributions. We supported Measure 107 (2020), which then amended the Oregon Constitution to allow contribution limits and disclosure requirements.

We helped stop the Legislature from making Oregon's campaign finance laws even worse. The Center for Public Integrity ranks Oregon's state-level campaign finance system as the worst in America - except for Mississippi.

Libertarian Party

The Libertarian Difference

How do you know what a political candidate stands for? A lot of political speech these days consists of using a lot of words to say very little of substance. Politicians would rather be unclear and ambiguous. They're happy to say vague but nice-sounding things, but afraid of being pinned down on concrete issues because they don't want voters to realize that they disagree!

By contrast, Libertarians are not afraid of stating their positions, or the principles that brought them to those positions. Libertarianism is not just a collection of disconnected policy ideas, it is a coherent political philosophy grounded in the importance of individual freedom. These are our principles:

Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to "Libertarian" to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

Join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

The Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money. We want to compassionately unravel our overbearing government while minimizing the pain to those who have been made dependent on it.

WE SUPPORT: real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), and \$15 minimum wage for all, now.

WE OPPOSE: the corruption of elections by big money, Wall Street bailouts, bloated military spending, "corporate personhood," and NAFTA, WTO, and other "free trade" deals that let corporations override labor, consumer protection, and environmental policies.

Real Campaign Finance Reform

Oregon Democrats and Republicans have never enacted limits on political campaign contributions. **Campaign spending for Oregon state and local offices has skyrocketed from \$4 million in 1996 to \$83 million in 2018.** Winning a contested race for the Legislature (about 15,000 votes needed for a House seat) now typically costs over \$750,000 and often over \$1 million per candidate.

The State Integrity Investigation of the Center for Public Integrity (2015) ranked Oregon 2nd worst of 50 states in controlling political financing to avoid corruption, beating only Mississippi.

Invest in Oregon

Oregon's \$139 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of in businesses almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who use Oregon funds to invest in any sort of corporation (including fossil fuels) and even makers of spyware used to oppress activists worldwide.

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay huge fees (around \$200 million per year) to Wall Street firms to issue the bonds, along with high bond interest.

Let's cut out the Wall Street middle men. Local governments should borrow the needed funds from the State. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If a State Bank of Oregon were to charge local governments an interest rate of 3%, local governments would save an additional \$40 million per year in interest on every year's issuance of bonds. After 10 years, they would be saving \$400 million per year in interest, plus avoiding the \$200 million per year in fees to Wall Street.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including electronic signatures to avoid spread of disease and allow wider participation. We support the use of STAR Voting or Ranked Choice Voting to break 2-party domination.

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Justice

We support policies that will protect Oregonians' air, water, land, and forests and the world's climate. We support an Oregon Green New Deal and would tax harmful emissions that cause climate change and the diesel emissions that cause cancer. We oppose offshore oil & gas drilling and shipping fossil fuels for export from Pacific Northwest ports. We would require labeling of genetically engineered food. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon has the 4th highest income tax of any state on lower-income working families. We oppose government promotion of gambling, including video poker, which is a hidden, regressive tax.

Republican Party

Who Republicans are:

The Oregon Republican Party is a community of primarily lower and middle-income class citizens. We believe in the principles of limiting the power and dominance of government and corporate big business, lowering taxes/fees, and the fundamental basic right that all citizens have the right to make their own decisions without fear of being persecuted by the government or the cooperate elite. Big government and big business must not be allowed to become so dominant that we as citizens cease to be in control of our own lives! We are fast approaching this point of no return.

The basics of what Republican candidates and volunteers are working for:

- A state where people of all races and backgrounds can respectfully communicate and live their lives in peace and prosperity.
- A statewide community that truly loves and respects their neighbor's right to participate in society without fear of those in power and the political majority.
- To maintain and expand the right to freely assemble and peacefully voice our support or opposition to the matters of the day in all publicly owned spaces.
- The right to freely speak, communicate and express one's opinions without being censored by corporate social media giants.
- The principle that parents are the ones to decide what is proper for their children to be taught in our public school system, and that government should never replace mothers and fathers as the parent.
- That tax dollars follow the child to whatever school their parents approve of. Public or private.
- True respect for our neighbor's right to choose what is put into their own and their children's bodies.
- Separation of church and state. The government must never again be allowed to force itself on institutions of faith like what was seen during the COVID era. A government with no restrictions is an entity that will oppress and persecute any individual or group that stands in its way. It is the duty of God-fearing people to stand against said government.
- The right to earn a living and not be hindered by special interests or our government in the form of barriers to entry and over-regulation.
- The right to start your own small business without government-imposed high fees and barriers to entry. The low and middle-class citizens falter and big business dominates when regular people cannot afford to enter and compete in the free marketplace.
- Strong investment in public safety and enforcement of just laws, and consequences for those who commit violent action against peaceful and law-abiding citizens.
- Strong consequences for those who commit sexual assault against any citizen, but especially harsh consequences/sentences for those who commit such assaults against children.
- Establishing laws that prohibit government and internet information-based private businesses from censoring or promoting the censorship of available information on the internet for citizens of legal age.
- Upholding and expanding basic property rights. Ownership rights of land, homes, vehicles, cell phones/computers, and any other pieces of property a citizen may poses must be protected from government overreach, control, and seizure.

Regardless of your current political affiliation, we hope that you will join us in rescuing our beloved Oregon from extremist politics and help us restore balance and true mutual respect for the rights and values of all who call our beautiful state home!

US Senator

Ron Wyden

Democrat

Occupation: US Senator

Occupational Background:

Director, Oregon Legal Services for the Elderly; Co-founder, Oregon Gray Panthers

Educational Background: Stanford University, BA; University of Oregon Law School, JD

Prior Governmental Experience: US Congress

Public service means listening to Oregonians' priorities.

That's why I've held open-to-all town halls in each of Oregon's 36 counties each year—that's over 1,000 and counting.

Oregon is coming back from double-digit unemployment during the pandemic's darkest days. But I've heard Oregonians' anger about serious challenges—soaring food and housing costs, insufficient mental health care in our communities, homelessness, and crime.

In COVID's first months, I secured new unemployment insurance and tax relief to help families and small businesses survive the unprecedented economic crisis.

I've consulted with mental health providers and law-enforcement to pass a groundbreaking law based on Oregon's innovative model for responding to crises in the streets with trained first-responders. And I've secured funds for emergency housing for Oregonians in crisis.

To save Oregonians' money, I passed tele-health legislation giving people access to cost-saving at-home medical visits, and am fighting Big Pharma's price gouging on life-saving medicines like insulin.

To attack inflation and escalating housing costs, I am reducing red-tape, encouraging more housing supply and promoting a sustainable domestic timber industry. I'll continue to fight for first-time homebuyers getting a down payment on the American dream.

With Big Oil profits skyrocketing while Oregonians pay at the pump, I'm overhauling the tax code by ending special tax breaks for these profiteers. And I'm creating incentives for American-made renewable energy and fighting the climate crisis.

My Secure Rural Schools law has brought over \$3.5 billion for Oregon schools and roads. And I wrote the law banning raids on wildfire prevention funds.

I'm proud to be called "the Senate's biggest privacy hawk" and will continue my focus on protecting Americans' privacy from both business and government intrusions.

There's much more to do. I am honored to be your public servant, and ask for your vote.

Brent Thompson

Democrat

Occupation: Building Renovator; Real Estate Investor (Two Civic Improvement Awards); Writer on Growth, Land Use, and Transportation.

Occupational Background:

Community Involvement-Assistant track coach-Pole Vault & Multi Events; President- Southern Oregon Land Conservancy, Jackson County Citizens League, Friends of Jackson County.

Travel-52 Countries; 49 States.

Experienced- Brent Thompson's 40 years of varied public service experience is reflected in his writings on land use planning, transportation, and the threat of continued US population growth (alternativestogrowth.com).

Brent Thompson knows the legal structure we need to evolve aesthetic, walkable, comfortable, economically viable, and compact resource conserving communities.

Brent Thompson understands that endless growth threatens farmland, forest land, and the beauty of Oregon's 300 mile coastline. Current thinking favoring endless national population growth must cease if the US is to help reverse global warming and stop environmental losses. Ignoring concepts such as "carrying capacity", "sustainability", "national optimum population, and the Native American concept of thinking ahead Seven Generations further compromises Oregon's quality of life.

Americans everywhere are losing assumed givens such as adequate water resources and freedom of movement.

Americans including Oregonians must now cope with droughts, overburdened highways, and teeming airports in an increasingly impersonal, alienated, distraught, and angry society.

Oregonians now need Senators who don't default on their obligation to keep Oregon, Oregon and who don't "con" us with environmental tokenism. We'll achieve prosperity without endless growth.

Send Brent Thompson to the US Senate. He can think Seven Generations ahead. We need that.

US Senator

William E Barlow III

Democrat

Occupation: CEO, 18 Oaks Sign Company

Occupational Background: Willamette Valley Medical Center

Prior Governmental Experience: Oregon: Department of Consumer and Business Services, Building Codes Division, Electrical and Elevator Board; City of McMinnville: Enrichment Services Advisory Committee.

"I alone can fix it" (Trump, 2016) opposes everything American democracy stands for. It was right to condemn the statement, and it is right to condemn the presumption. No lone politician can fix it, but all together, we will.

We see the homeless, we fear the crime, and we struggle with the skyrocketing costs of living. Graduates strapped with debt go from commencement to their childhood bedroom, unable to find affordable housing and unable to make a fair living wage. Clearly, Senator Wyden's town hall meetings have not resulted in the change we need. Low wages, historic inflation, record-high tuition, violent crime, and extreme weather events are destroying Americans' mental health. Change must come – and Oregon Democrats are going to have to decide what role they will play in bringing it about.

He's in the majority; he has a lifetime of experience and a chairmanship. However, the elder statesman is no longer getting the job done. Polls of registered Oregon voters show 88% of individuals feel their quality of life is declining. Put simply, Senator Wyden should not be running for a fifth term. It's time to stop 40 years of incrementalism, submitting to the established decorum, and endless positioning for the next election.

If America is to fully live up to its creed, we must defend against both voter and candidate disenfranchisement. Career politicians cannot claim to support voters' rights yet maintain a system that discourages the rights of new candidates to challenge. Currently, voters' rights are an absurd pretense to the gerrymandered election of an indefinite incumbent. Democrats have a deep bench, let's use it.

Please, will you vote for a new nominee?

US Representative, 6th District

Cody Reynolds

Democrat

Occupation: Business Owner

Occupational Background: Business Owner, Advisor, Investor, Soldier

Educational Background: West Point Graduate

Prior Governmental Experience: Enlisted Soldier, United States Army Officer

I'm a proud veteran, and businessman. Growing up my family struggled and, at thirteen, I ended up caring for my brother with disabilities. We lived together in a trailer far from school and it was hard, but it taught me the importance of serving others. It's why I moved to Oregon to help my sister raise my nephew. Then, I joined the Army, served on the front lines in the Middle East, and graduated from West Point.

Following an injury, I was honorably discharged, and I had to find a new path. I knew whatever I did next I had to continue to serve. I understand the difference a good paycheck can make, so I started businesses that created hundreds of jobs where families could make ends meet, and I became a mentor for young entrepreneurs and disadvantaged youth.

Now, I'm running for office to make a difference for families like mine: hardworking Oregonians who just need a chance to get ahead. You deserve a representative who only works for you. That's why I'm not taking any money from corporations and big special interests, and funding this campaign myself.

We are at a crossroads; we can continue to send the same politicians to DC, or we can send fresh voices with new perspectives.

My priorities in Washington:

We must increase access to affordable, high-quality health-care. We have to get creative with options like making Medicare available to anyone who wants it.

We must address the homelessness crisis with urgency and compassion. We can pursue proven, community-based solutions like building more housing and expanding access to mental health and drug treatment.

Oregon should be the epicenter of the green technology revolution. Together, we must ensure that our economy supports our values and the dignity of our workers.

I ask for your vote.

Teresa has dedicated her career to expanding opportunity for everyone in our community. As our state representative in Salem, she's fought for a future where everyone in Oregon has a fair shot to succeed. As our Member of Congress, she will continue fighting for Oregon in Washington DC.

Fighting for Working Families. Teresa grew up in a working family and saw her parents struggle to provide for her. Teresa will support policies for working families, including Paid Family Leave, fair scheduling and supporting small businesses.

Andrea Salinas for Congress

As the daughter of a Mexican immigrant, Andrea's parents taught her that a better future for their children was worth fighting for.

Today, as a mom and State Representative, Andrea is driven by those values, dedicating herself to fighting for her daughter—and every Oregonian—so we can build a stronger, healthier future for the next generation.

Andrea has been on the frontlines fighting for:

- **REPRODUCTIVE RIGHTS** – When Trump attempted to block abortion access, **Andrea helped pass the nation's strongest reproductive rights law** that protects Oregonians' right to choose. In Congress, Andrea will fight to protect reproductive health care.
- **AFFORDABLE HEALTH CARE** – When prescription drug prices were getting out-of-control, **Andrea stood up the pharmaceutical industry to hold them accountable** and passed a bill that lowered drug costs for Oregonians. Health care is still too expensive – Andrea will work to allow Medicare to negotiate to reduce drug costs.
- **CLIMATE ACTION** – Andrea knows we need urgent solutions to our climate crisis. Her record of standing up to corporate polluters to reduce carbon emissions, protecting clean air and water, and putting Oregon on a path to 100% clean energy is why **she's the only candidate in the race endorsed by the Oregon League of Conservation Voters**. We can trust Andrea to take bold action to protect our environment for the next generation.

Andrea is ready to bring our fight to Congress and get to work for progressive change for Oregon families.

Occupational Background: Internal Medicine, Salem

Educational Background: BA, University of North Texas, MD, University of Texas

Prior Governmental Experience: Chair, Oregon Medical Board, Planned Parenthood Advocates of Oregon

My dad struggled with mental illness and addiction, never getting the help he needed. Fortunately, my public school teachers provided me with the support I needed to succeed. In medical school, I worked multiple jobs to pay for my education while raising my children. For the last 30 years I've cared for thousands of patients, including on the frontlines of COVID. I'm running for Congress because I know firsthand the problems with our fragmented healthcare system. I will fight for a healthier Oregon: from access to affordable health care, increasing mental health providers and substance abuse programs, tackling our homelessness crisis, to protecting reproductive freedom.

Working Harder for a Healthier Oregon

"My friend, and fellow physician, Dr. Harder has been there for us since day one of the pandemic, caring for her patients and saving lives in Salem. In Congress, I know that Kathleen will always put our health and safety first," **Trevor Phillips, MD, Salem City Councilor**

"As a practicing physician for 30 years, Kathleen knows how homelessness and mental health struggles impact health and safety for so many families throughout our community. I'm supporting Kathleen Harder, because she will push for more affordable housing and mental health services to help people get back on their feet," **Vanessa Nordyke, Salem City Council**

"Dr. Harder is the only person running for Congressional District 6 that lives, works, and has raised a child in Salem. I know she will take the concerns of the Mid-Willamette Valley to Congress and fight for the people of our community," **Former State Rep. Brian Clem**

"Dr. Kathleen Harder has my full support for representing the new 6th Congressional District. She knows the people of this district better than anyone else in the race," **State Rep. Paul Evans**

A Scientist Who Will Tax the Rich and Fight Climate Change

I'm a scientist from Tigard. I grew up in a union family and worked my way through college—earning my PhD researching groundbreaking renewable energy technologies to combat climate change. I've seen firsthand how the wealthy and corporations pollute our environment and exploit workers.

Real progress requires standing up to the dark-money billionaires and corporations who put profit before people. I will pass bold solutions to climate change, like the [Green New Deal](#), push for single-payer [Medicare for All](#), demand a [wealth tax](#) on the top 1%, work to [raise wages](#) so everyone can afford to live in Oregon, and [expand Social Security](#). I have never taken corporate contributions, and I never will.

Matt West: Bold Action to Save the Planet

- I know [stopping climate change will take bold, new solutions](#). I'll use my scientific background to push for America to be carbon neutral by 2035 by putting a price on carbon, holding corporations responsible for their emissions, and funding private and public carbon capture.
- [A lifetime member of the Democratic Socialists of America, I am the only candidate in this race dedicated to taking on big corporations and the super wealthy so regular people can get ahead](#). I supported Bernie Sanders in both presidential primaries and I strongly support single-payer Medicare for All. I'll never stop fighting for a large wealth tax on billionaires.
- [Trump and the Republicans who supported the January 6th attacks must be prosecuted](#). I want to put science back into our democracy by tackling misinformation and bringing truth back to Congress. That means holding Trump and his followers accountable.
- [We'll bring progressive values to Washington](#). Black Lives Matter. A woman's right to choose isn't up for debate. Housing is a human right.

Carrick Flynn

Democrat

Occupation: Disaster Prevention Specialist

Occupational Background: Economic Development

Educational Background: University of Oregon, Yale Law School

School

Prior Governmental Experience: Worked with the White House and Congress on pandemic prevention and bringing good-paying computer chip jobs back to Oregon

I spent my career fighting poverty and risks from pandemics and other disasters, because I know what it means to have one moment change a family's trajectory. Growing up in rural Oregon, my family went from broke to homeless when we lost everything in the flood of '96. Fortunately, I got a one-in-a-thousand opportunity to attend UO when I won a scholarship. I got another one-in-a-thousand opportunity when I was able to attend Yale Law. But here's the thing—poor kids in Oregon shouldn't have to get as lucky as I did to build a good, secure life. I know what it's like to live without a safety net and to hit the ground hard when you fall without one. We need more people in Congress who understand the struggles working families face.

I'm running for Congress to focus on long-term solutions for Oregonians: bringing more high-tech jobs to Oregon, building a strong clean energy economy, and preventing disasters—like pandemics—that can destroy so much so quickly. I know the life-changing value of a good job. I know the importance of providing Oregonians without a college degree the opportunity to earn a family-supporting wage, with healthcare and a secure retirement. If elected, I will bring expertise to the issues that matter most to Oregonians and will deliver real solutions—not partisan politics.

I am proud to be endorsed by so many, including:

- Andrew C. Weber, President Obama's Assistant Secretary of Defense for Nuclear, Chemical & Biological Defense
- Frank Bubenik, Mayor of Tualatin, Oregon
- Dr. Kevin Esvelt, Oregonian, MIT, Inventor of CRISPR Gene Drives, Biosecurity Expert
- Dr. Eric Drexler, Oregonian, Oxford, Inventor of Nanotechnology

Occupation: State Treasurer

Occupational Background: Oregon Treasurer, Oregon State Representative

Educational Background: University of Washington,

MBA; Willamette University, BA.

Prior Governmental Experience: 2017-present; State Representative, 2007-2016

"I'm frustrated with where Oregon is today. We must urgently provide homeless Oregonians with safe, stable housing and access to mental health and addiction services while cleaning up our public spaces; get illegal guns off our streets and reduce gun violence; and make sure schools stay open, so our kids don't fall further behind. As governor, I will challenge the status quo in Salem to create a brighter future for all."

- Treasurer Tobias Read

A Vision for a Stronger Oregon

A parent of two kids in public schools, Treasurer Read believes we should measure Oregon's progress by the well-being of our kids. As governor, he will create a universal pre-K program for every child, expand access to affordable childcare, and make raising literacy and graduation rates a top priority. He'll build more housing of all types to bring down the cost of living, get tough on gun violence, and continue Oregon's leadership in investing in clean energy to combat climate change.

A Record of Results

Treasurer Read created a program that helped more than 100,000 Oregonians save over \$150 million for retirement, and tens of thousands save for college. He's cut Wall Street fees, saving taxpayers more than \$500 million. He's doubled the state's investment in clean energy, and led the charge to create the Elliott State Research Forest. As a legislator, he was a leader in passing full-day kindergarten and establishing Oregon's rainy day fund.

"Oregon needs a Governor with a statewide record of tackling tough issues, delivering results, and fighting for Oregonians living in every corner of this great state. That's why I'm supporting Tobias. Oregon needs his proven and steady leadership."

A BETTER OREGON FOR OREGONAINS

I want to improve Oregon's education, clean Oregon's air, help the cities and counties, help the homeless/houseless and stop the shootings.

Education: I want four special classes about nine weeks long for seventh graders. Why seventh graders? Because that's when they become teenagers and is a TUFF TIME OF LIFE!

1. Money Management: This will give them a good understanding of saving and investing.
2. Civics: Every American needs to know how our government works. Maybe they will take over some day.
3. LifePlan: What do I want to do in life? This class will explore fields of work.
4. Law Related Education: The students will study the Court System. They have class time and a tour of the Court House. When I was a Director of the Multnomah Education Service District, the managers of the program said "IT WAS VERY EFFECTIVE."

The schools must stress throughout the school experience that you must graduate from high school. If you don't graduate from high school you may fail in life and become an economic cripple!

Clean Air: There are many big things in the works for clean air. We can aim is to use cleaner fuels. Many newer vehicles can use E-85 gas. I will run Oregon State vehicles on E-85 gas.

We need to help the cities and counties to help the homeless/homeless. The state can and will aid to solve this problem!

Stop the shootings: If the local police will not or can not stop the gun violence the State Police or National Guard will step in. It must end!

Elect JOHN SWEENEY for Governor. He will be working for you.

Patrick E Starnes

Democrat

Occupation: Starnes has worked as a freelance cabinetmaker for over 30 years. Currently, he and his wife make their living restoring old homes.

Occupational Background:

Besides furniture-making, Starnes also worked as a truck driver, bartender, and teaching assistant.

Educational Background: Starnes graduated from the University of Oregon with a degree in History.

Prior Governmental Experience: Starnes has over ten years of experience as an elected school board member. He has served on the Soil and Water District, Roseburg City Parks Commission, City Budget committee, and on the board of Umpqua Watersheds fighting for old-growth.

GET BIG MONEY OUT OF POLITICS:

Oregonians know that big money is corrupting our democracy. Starnes is the only candidate for governor who is taking no corporate dollars and no PAC money. **His loyalty is to the people of Oregon, not wealthy interests.** He was instrumental in getting Campaign Finance Reform on the ballot in 2020. He promises to set campaign contribution limits in his first 100 days.

OHP FOR ALL:

Starnes is the only candidate for governor calling for universal, single-payer healthcare by improving and expanding OHP to all Oregonians. OHP4All would be funded by a wealth tax on the largest corporations and on junk food producers who contribute to poor health outcomes.

HOUSING AND EQUITY:

By creating the Oregon Shelter Fund, we can tackle the housing crisis and the state can finally use matching local and federal dollars to provide affordable housing and vital services. Revenue will be generated from a Vacancy Fee on abandoned homes, often held by out-of-state banks who use them as tax write-offs.

Starnes will promote Inclusion & Diversity with effective legislation to advance equity to all regardless of race, ethnicity, age, gender, sexual orientation, disability, or economic status.

WILDFIRE/CLIMATE:

Climate change is happening. We must fully fund public transportation that is fast, frequent, free, and carbon-neutral, while protecting carbon sinks such as healthy forests and soils. The time is now!

George Carrillo for Governor

Effective Leadership Committed to Oregon

George Carrillo is a champion for the unheard voices of Oregonians. He believes that change cannot effectively happen without community engagement, accountability, equity, inclusion, and connection. George believes in the power of effective leadership where outcomes don't come at the expense of our workforce and their well-being. He is running for Governor to bring unity in advocacy without creating further division. He sees the beauty, strength, and opportunity in people to make our state a better place.

Dear Fellow Oregonian,

I'm a proud father, husband, Marine Corps disabled veteran, prior Sheriff Deputy, and Oregonian. I'm running for governor because health, housing, and opportunity shouldn't be determined by your background, location, and privilege. As a person of color that has climbed the ranks in state leadership, I understand the power dynamics of oppression and can identify it in state systems. The higher I move up, the clearer the problem becomes. I'm not a career politician. Our government doesn't understand the populations they serve. It's time to fix what's broken in Oregon politics. We face incredible challenges, but together we can achieve more than any single person could ever do alone and I'm confident that together we will overcome them.

I ask for your vote to:

- Disrupt the school to prison pipeline
- Implement a new economic strategy for urban and rural Oregon to expand clean, renewable energy projects to create jobs and protect our environment
- Increase funding to unions and not allow another PERS reform bill that cuts public employees' retirement funds, especially when there were and are always other options to manage the state's debt.

**Proven Progressive Fighter
Ready to Tackle Oregon's Challenges**

I started my public service twenty years ago at Oregon Food Bank, trying to make things better. It wasn't just about food. People needed good jobs, affordable housing, and quality health care.

I ran for office to be a **force for positive change**, fight for our communities, and deliver results for all Oregonians.

As Oregon's House Speaker, I fought to:

- Support working families by **raising the minimum wage, guaranteeing paid sick leave**, and starting a paid family leave program.
- **Address our crisis of homelessness** by protecting renters during the pandemic, increasing funding for affordable housing construction, and converting unused motels into shelters.
- **Invest \$1 billion more per year in public schools** to help more Oregon kids graduate and succeed.
- **Fight climate change** by putting Oregon on a path to 100% clean electricity by 2040.
- **Keep our communities safer from gun violence** by expanding criminal background checks.
- Stand up against Trump's attacks on women by **passing the nation's strongest abortion access law**, guaranteeing access to reproductive health care for all Oregonians.

I'm running for Governor to tackle our state's biggest challenges:

- Reduce homelessness and make housing affordable.
- Expand access to mental health and substance abuse treatment.
- Protect the environment and create jobs in clean energy.
- Fight to protect hard-working families from the rising cost of living.

Oregon desperately needs a well-informed hard-working everyday citizen willing to use the governorship to enact progressive change.

I am a grassroots candidate unlike Kotek and Read, who are part of the elite Democratic establishment backed by special interests/big dollar corporate lobbyists. Too many Oregonians live the paycheck-to-paycheck struggle, just one financial disaster away from homelessness.

As an immigrant who gained citizenship through adoption, I learned at a very young age to be a fighter for rights, being born without arms and surrendered to an orphanage at birth.

To learn more about our progressive campaign visit <https://www.trimbleforgov.com> or call 503-383-9693 to speak with me directly.

I will never be caught sitting on my hands, as I will be working hard for you:

- Pro-Choice, Pro-Union, Pro-Environment, Pro-Racial Justice, Pro-LGBTQ+
- Forgive/make free in-state tuition/debt
- Grant state residential status to those without documentation to participate in state programs and pay taxes
- Pardon many nonviolent/nonsexual related former state convicts
- Expand OHP to all Oregonians regardless of income
- Curtail healthcare costs/prescription drug prices
- Subsidize medical tourism where/when appropriate
- Lower rents of middle-to-low-income by at least \$100 at multi-unit apartment properties initially
- Cap rents of middle-to-low-income to 30% of their income ultimately in my first term
- Ban all rent related nonrefundable fees including application/pet fees
- Raise minimum hourly wage to \$15
- Institute a living wage of \$25 hourly at all companies reporting billion dollar plus earnings quarterly along with profit sharing
- Require all corporations pay a use-of-public-infrastructure tax
- Repeal bike excise tax replace with tax incentives/credits
- Earthquake retrofit infrastructure

I will defend our environment by improving accessibility of commuters on foot/bike or fare free 24/7 public-transit within our urban communities, and expanding safety distance to 6-feet for bikes. I will transition more cars to be electric/hydrogen by 2030. I will drive a massive reduction in cost of utilities while transitioning to renewables and weatherizing existing infrastructure.

Governor

Wilson R Bright

Democrat

Occupation: Retired business owner
Occupational Background: Owned and operated Rose City Textiles, RCT Fabrics and Portland Apparel Development Co-op

Educational Background: 5 times around the world

Prior Governmental Experience: Lifelong Democratic Oregon Voter

If I were to be elected governor, I would put a plan into action that would alleviate the homelessness situation. My plan returns thousands of citizens back to living productive and healthy lives, simultaneously creating clean streets that we all can feel proud of.

A Plan to End Homelessness in Oregon

I end homelessness by building safe places, however I would do so out in the countryside to foster an environment removed from the availability of hard drugs. (Meth, Crack, Heroin, Fentanyl). I would create three 40-acre safe places in the country: two in the Willamette Valley and one in Deschutes County. Each center will provide a safe place that includes a cafeteria, drug rehabilitation, medical facilities, job training, and job placement for over 3,000 people each. They include:

- Basic food provided for free, option to work for extras.
- Private 8x8 shelters with heat/ac. Solar canopy provides electricity.
- Guaranteed employment at minimum wage working at the center, being a street cleaner or tree planter.
- Automatic savings plan for when ready to leave.

Affordable Housing and Jobs

My plan is to additionally develop affordable housing units in every major city. Selling these affordable units back to the citizens. A portion of these units will be available for ownership through a rent-to-own program. Work, pay rent, stay clean and earn your own home. Prosperity awaits!

Education

It's time we revolutionize the education system to raise expectations and raise results. Let's use technology to empower our kids to achieve more.

Environment

Our climate is ideal for growing carbon-reducing trees. What if we become pioneers in carbon capture with innovative planting to create a new green energy future for Oregon.

Climate change is Oregon's biggest issue. It drives water shortages and wildfires, destroys homes and farms, and harms tourism. It threatens our prosperity whether we're red, blue, rich, poor, urban or rural. Our Governor and Legislature have plenty to do, but legislation is slow while our own decisions can turn on a dime. We are all in this together, so we voters must drastically reduce our own fossil fuel use and insist that our elected representatives follow our lead at the state level. We can do this: Voter's Pamphlet readers are community leaders!

Buying electric leaf blowers, home heating / air conditioning systems and hot water heaters means investing in our future. If you're lucky and you have the means, upgrade to an all-electric HVAC, hot water heater or leaf-blower right away. Greenhouse gas emissions go up as income goes up, so it's double the bang for the buck! If you don't, replace a broken fossil fuel powered item with an electric one. Air travel is a huge source of emissions. Don't cut out flying completely, just cut back. Vacation in Oregon!

Natural gas is 95% methane. Methane leaks all the way from the fracking well to our kitchen stoves. Methane traps 120 times as much heat as CO2 when it has just leaked into the atmosphere. It also breaks down over 12 years to be only 25 times as bad as CO2. The fastest way to decrease our atmosphere's heat trapping effect right now is to eliminate as much natural gas as possible.

Ask your candidate what their carbon footprint is. Mine's about 5 tons (carboncalculator.com) – no offsets. Tell your friends you are voting and donating based on who you think will do the most to fix climate change.

PRINCIPLED LEADERSHIP TODAY FOR OREGON'S TOMORROW

Our community is rich in diverse cultures, industry, and economy. A Latino from a blue-collar home with farming roots, and first in his family to go to college, **Anthony Rosilez** knows the challenges that many struggle with every day in order to put food on the table and "get ahead."

Do current legislators and candidates truly understand and represent the aspirations of working families? Partisan politics and representing the status quo continue to plague the legislature. **Oregon needs diverse leadership that reaches across the aisle and puts our futures before their pasts.** Policies are only as good as their ability to be implemented. As a lifelong educator and public servant, Anthony knows what it takes to make policies work. The time is now for Anthony Rosilez to represent District 11 in Salem.

As Senator, Anthony will fight for:

- Fair wages and workplace protections for *all* employees
- Accessible, affordable, and quality healthcare for all Oregonians
- Affordable housing and a comprehensive rather than disjointed plan to address the root causes of homelessness
- An education system designed and adequately funded for tomorrow, not yesterday
- Responsible natural resource use and climate protection for our children and the Oregon they deserve
- A tax system that addresses community needs while reducing the burden on working families and small businesses
- Programs that incentivize innovation and are responsive to local communities.

Anthony's leadership is rooted in faith, heritage, perseverance, and social justice - the leadership Oregon needs today. *Thank you. **She flies with her own wings!***

Occupation: Instructor, Pacific University, Woodburn Campus; Small Business Owner.

Occupational Background: Bilingual Teacher, Salem-Keizer School District; Middle and High School Principal,

Educational Background: Master's in Public Administration, Lewis & Clark; Bachelor's in Education, Western Oregon.

Prior Governmental Experience: Mayor of Woodburn, Woodburn School Board; Salem Public Library Board; Salem Area Mass Transit Board; Woodburn Parks Board; City of Woodburn Budget Committee.

Community

I have lived and worked in Senate District 11 since I moved to Four Corners in Salem in 1978. I have taught at Highland and Grant Elementary Schools and Whittaker Middle School. I have lived in Keizer and both the North Salem and McKay High areas before moving to Woodburn.

Having spent the majority of my career in bilingual schools, I am fluent in Spanish (and English still). It was a career dedicated to empowering students and families to be proud of who they are while seeing themselves as integral and contributing members of our community.

Leadership

As Mayor of Woodburn I brought people together from all across the political spectrum to work through the many difficulties we faced the past two years and I will bring that work to the state senate. In America we should all be able to speak out about the issues we strongly believe in - while preserving the dignity of those who may oppose our views.

Commitment

In that spirit, I will bring my own strongly held beliefs about preserving and sustaining our precious and precarious environment, the need for all people to have affordable housing and health care, and an education system that helps all students flourish.

Dear Friend,

Oregon has been through a lot in the last few years. COVID, Record Forest Fires, Record Heat, Stagnant Wages, Rising Housing Prices. All of these things and more have worked to push us apart, to isolate us, physically and politically.

Now, as we look to the east and have seen the looming threat of an escalating conflict in Europe, we are reminded that there is more that unites us than divides us. We all love our state and our country. We all love our families and our communities. We all love our children and we all strive to provide for them a better, brighter future. There's only one way that we can make progress toward a more perfect state and a more perfect union, and that's by working together.

I will be a voice in Salem that seeks to bridge the urban and rural divide, to listen to those who feel unheard. I will work to understand the views of all members of our community and will bring that understanding into the rooms where decisions are made.

My Priorities

- 1 in 7 Oregon children suffer from food insecurity. Let's feed them.
- As climate change looms, renewable energy organizations are struggling to enter the market. Let's remove those obstacles.
- Renters are paying more for their housing while their wages are stagnating. Let's support them.
- The cost of living keeps going up, so should the minimum wage. Let's help small businesses as we make the transition.
- There are over 1,400 homeless veterans in Oregon on any given night. Let's house them.

I believe my broad variety of life experiences uniquely qualifies me to represent the diverse people of House District 18.

Educational Background: MBA City University of Seattle, BA Whitman College.

Prior Governmental Experience: None.

We love Oregon.

We want our great State to be the best place it can possibly be.

We recognize the many challenges facing the world today: from dangerous policies pushed by our opponents, to the growing threat of global climate change.

Yet we persevere. We strive to pursue our vision of a better future for our children, our families, and our communities. We envision a world in which we:

- **fully fund the public schools**
- **pay all workers fairly**
- **have universal health care**
- **combat climate change**

Since I began campaigning, I've had the opportunity to hear from teachers, farmers, doctors, activists, retirees, labor representatives, and environmentalists. I have a deep appreciation for their concerns.

As a local small business owner, I was a member of both the Silverton and Salem Chambers of Commerce, where I spoke with many small business owners and community leaders. I appreciate their concerns, as well.

As your State Representative, I will stand up for the right to vote; stand up for the rights of women, minorities, and LGBTQ+ people; stand up for the natural environment; stand up for forests and farmland; work for expanded rural broadband; and stand up for the future of all the people of this great State of Oregon.

The Legislature *can* work **for the people**, to ensure a better life for everyone, now and in the future.

VOTE FOR A PROVEN SALEM LEADER

House District 19 is newly formed district. It needs someone who has lived here, who knows the communities and neighbors of the district. And it needs someone who has a proven record of accomplishment working for the people of the district

My wife Jessica and I have lived in the district for 16 years. I've headed a neighborhood association and I've served eight years on the Salem City Council where I've worked to improve the economy and livability for all Salem. As Councilor I have:

- Led efforts to create Salem's Climate Action Plan
- Worked to remove barriers and create incentives for affordable housing
- Supported a successful seismic upgrade and renovation of our library
- Led the effort to ban single-use plastic bags in Salem
- Introduced and enacted resolutions declaring Salem an inclusive City and condemning white supremacy and institutional racism

As your State Representative I will advocate for:

- More state funding for homeless shelter and services
- More state support for affordable housing
- Climate action to reduce greenhouse gas emissions with creative solutions
- Greater support for education to increase graduation rates
- Improved facilities and infrastructure for biking, walking and transit
- State funding in lieu of local taxes to support emergency services in Salem
- Civic and climate curriculum in our state schools

COMMUNITY LEADER, COMMUNITY CENTERED

Dear Neighbors:

Over the past two years, the pandemic has had seemingly endless effects on our lives, working families, small businesses, and the agricultural community.

I have seen how resilient our families and community have been, and I believe we have a chance to reimagine the direction our community rebuilds and grows.

My commitment is to get busy working. Below is a short list of my priorities:

Education:

As a mother, I believe in accessibility to childcare and quality education for all of Oregon's children. **We must invest in our schools, providing better support to teachers, staff, and students.**

Housing:

Housing has reached an all time crisis in Oregon. The first home purchase has become out of reach. Rent is unaffordable. Limited housing has resulted in skyrocketing prices that hurt our working families. **Oregon must expand housing opportunities.**

Job Availability:

Let's **prioritize access to apprenticeship programs and affordable education options that provide prevailing wage jobs with benefits and a growing career.** Whether someone pursues a career as a teacher, construction worker, postal worker, or a line chef, **all Oregon workers are vital!**

Mental Health:

COVID-19 has intensified Oregon's mental health crisis. **Mental health services must be expanded and Oregon must invest in training and hiring more mental health professionals.**

Brad Witt

Democrat

Occupation: State Representative
Occupational Background: Union Leader/Representative
Educational Background: University of Oregon, M.A.; University of Massachusetts-Amherst, B.A.

Prior Governmental Experience: State Boards of Forestry, Watershed Enhancement, Workforce Investment

Rep. Brad Witt is endorsed by: Salem Mayor Chuck Bennett; Representatives Teresa Alonso Leon (D-Woodburn) and Paul Evans (D-Salem); former Representatives Brian Clem (D-Salem) and Betty Komp (D-Woodburn) and several labor unions.

A Fighter for Progressive Values

Rep. Witt is the leading voice in the Oregon House for working families and the preservation of the middle class. Brad has worked tirelessly to break the generational chains of poverty. Brad supports a woman's right to choose and fought for equal pay for equal work, paid sick leave, and increases to the minimum wage.

Humane Approaches to Housing

Veterans and struggling families shouldn't have to sleep under an overpass in our state capital. To put an end to the inhumane homelessness epidemic, Brad will continue supporting efforts to rehab old buildings to use as temporary shelters, create new affordable green housing, and increase access to affordable housing.

Supporting our Students and Teachers

As a former teacher, Brad knows the importance that quality education has for our families. Rep. Witt is the only candidate who has continuously advocated and voted for historic funding of public education. Brad has also championed career and technical education and Oregon's apprenticeship programs.

Caring for Our Families

Brad knows healthcare costs too much. That's why he protected the health coverage of a million Oregonians who otherwise couldn't afford it and lowered prescription drug costs. Quality childcare is essential, which is why Brad voted to support increased access and affordability.

Mental Health Support and Drug Treatment

Rep. Witt advocated for real solutions to mental health access by voting to hire more mental health care professionals, improve access to providers, and expand access to drug treatment programs.

Standing Against Far-Right Extremism

Brad has pledged to continue Brian Clem's efforts to end gun intimidation in Salem's city parks.

Dear Neighbor,

Few could have predicted the whirlwind of the past two years. A pandemic, global economic shutdown, and two historically violent wildfires impacted communities around our state.

This election is about moving us forward, fixing what we must while refocusing on the opportunities of tomorrow. As your State Representative, I want to share some of what we have done, and a few of the things I believe we can do in the future.

- Oregon responded to the COVID-19 pandemic. We met the challenges of the 2020 and 2021 wildfires and made progress in assisting our impacted neighbors to rebuild.
- We established new programs for stabilizing essential service providers, small businesses, and working families to counter the catastrophic impacts of the global "shut down" of manufacturing supply-chains.
- To confront homelessness, we are accelerating affordable housing creation and humane strategies to help people get off the streets.
- We reformed our statewide emergency management response and recovery systems, improved training requirements, and secured a new stockpile program aligned with lessons learned.

Now we must look forward: to reinvigorate our K-12 education system, invest in workforce development, small businesses, and our economy, and rehabilitate our aging infrastructure. We must move Oregon forward -together.

Restore funding to Oregon's public schools to maintain recent progress in high school graduation rates

Remove barriers to entry for mental health practitioners to address the urgent and growing need for mental health care in Oregon

Expand availability of potentially promising treatments, such as psilocybin, to Oregonians in need of mental health care

Fund Street Response initiatives in our cities to assist Oregonians at points of crisis with empathetic treatment

Advocate for a third bridge over the Willamette River in Marion County with separated pedestrian and bicycle lanes in addition to vehicle lanes

A HOMEGROWN LEADER

Fights for Veterans

- Ramiro is an Army Veteran and has fought for veterans' rights and as a local veterans program coordinator. Oregon currently ranks among the worst states for retiring veterans, veterans struggling with addiction, and homeless veterans. Our service members deserve better and who better to bring that change than someone who can empathize with combat veterans to ensure they have the support they need.

Strengthening Our Schools

- As a father of 5, Ramiro knows the importance of quality education for all students. As a community leader who hosts a summer camp teaching youth the benefits of education, Ramiro will work with teachers to find solutions that help support our future leaders and our teachers who empower them.

Bringing Clean Jobs to Oregon

- Oregon has been a pioneer in clean energy but could improve in some areas. Ramiro plans to make going green a viable and affordable alternative when it comes to transportation, energy, and clean drinking water. This will bring new jobs, new economic opportunities, and a future our children can be hopeful for.

Ramiro had the honor of fighting for the creed that all are created equal and that we all have protected rights. He supports peaceful organizing, bargaining, and human dignity for all which includes access to healthcare and veterans' benefits.

Vote for Ramiro "RJ" Navarro.

Prior Governmental Experience: Chair, Woodburn School Board; Board of Directors, Oregon School Boards Association; Congressional Intern, Washington, D.C. (Peter DeFazio)

Family and Community Centered

Anthony was the first person in his family to graduate high school and college. He knows the value of a dollar and that too many families are struggling with the rising costs of housing, healthcare and childcare. In the legislature, Anthony will address the cost of living, so families can focus less on getting by and more on building a better future.

Raised in this district – attending schools in Woodburn, Gervais, Brooks, and Salem/Keizer – Anthony knows our communities.

Investing in Education and Economic Opportunity

Our children are our future. As a father of three, and lifelong advocate for public education, Anthony has led initiatives to provide additional funding for K-12 schools and classrooms. In Salem, he will strongly support public schools, create more pathways to college, and invest in skills training programs.

“Anthony is a leader who can proudly represent and reflect HD 22. As the Chair of the Woodburn School Board, he led the district through some of the toughest times in the history of public education. I look forward to watching his impact on this district and the state of Oregon” – Representative Teresa Alonso Leon

"I have known Darin Harbick as a coach and community builder. His character and competency are undeniable and his leadership is exactly what Oregon needs."

– Dr. Wayne Cordeiro, New Hope Church and College

First Things First - Constitutional Conservative

Darin Harbick will support our US Constitution and the rights granted therein. This includes a rock solid defense of the 2nd Amendment - no compromise. Freedom of speech guaranteed by the 1st Amendment - taking on the titans of the tech industry - no more censorship by tech giants.

Fixing our Forests

Oregon's forests are one of the worlds most renewable resources but those forests must be managed sustainably while providing access to Oregonians.

Fixing the Southern Border

Open borders means the Mexican cartels are trafficking drugs and individuals into the United States. US sovereignty demands we secure the southern border now.

Stop the spending - Balance the budget - Stop inflation

As a small business owner, Darin can't spend more than he brings in. Our government must stop the insane spending. Inflation is killing the middle class and Oregonians on fixed incomes. It's time for a balanced budget amendment and fiscal responsibility.

Occupation: Grant County Commissioner; registered nurse; co-owner, logging company

Occupational Background: Wildlands firefighter; helicopter and fixed-wing flight nurse

Educational Background: A.A., Nursing, Blue Mountain Community College; 35 years continuing education in cardiac, neonatal, and pediatric life support

Prior Governmental Experience: Grant County Commissioner (2019-present)

PARTNERS TO SAVE AMERICA

Fellow Oregonians, as a nurse and wildlands firefighter, I have devoted my professional life to saving the lives of others -- sometimes at the risk of my own. In 1990, while with the John Day helitack crew, I entered a firestorm to rescue a civilian bus driver. For this, I received the U.S. Agriculture Department's highest award.

Today, America's history and institutions are under assault. Patriots with heroes' hearts must step to the fore. I ask for your vote and prayers as we strive together to save our beloved country.

SPENDING

I will oppose the reckless Democrat spending that kills jobs, explodes the national debt, and fuels inflation.

BORDER SECURITY

Democrat open-borders policies have unleashed a tidal wave of illegal immigration that threatens our public safety and national security. We must:

- Mandate employers vet new hires for legal U.S. presence;
- End "catch-and-release" policies that free illegal aliens into U.S. communities;
- Complete the border wall.

PUBLIC SAFETY

Across America, crime is exploding. Ron Wyden's response? To co-sponsor a bill to make policing harder and more dangerous. When elected, I will champion policies to protect those who protect us.

FOREST MANAGEMENT

Last summer, catastrophic fires burned hundreds of thousands of acres, destroyed homes, and snuffed out lives. One reason: "Environmental" policies that restrict logging, thinning, and grazing on public lands. As your U.S. Senator, I will work to reinstate these proven ways to clear the undergrowth and diseased trees that fuel wildfires.

RIGHTS

I support:

- The right of all, born and unborn, to life;
- The right to keep and bear arms;
- And the right to free, fair, and secure elections untainted by fraud.

Why Am I Running for U.S. Senate?

My ancestor, Populist congressman Omer Madison Kem, fought to give Americans the right to directly elect U.S. Senators. Before that, state legislatures appointed Senators. My ancestor fought for the right for the American people to directly elect U.S. senators, and so I can now exercise my 17th Amendment right to run for a seat in the United States Senate.

His Spirit of Independence and American Self-Determinism is My Guiding Light

Our corporate-owned government has waged its war on 'WE THE PEOPLE! Thanks to Democrats and many corrupt Republicans, what used to be a free society, is now regressing into a form of modern slavery. The globalists have decided that our current imperialism, economic elitism, and social destruction are not enough for their greed and their thirst for power, but totalitarian technocracy is the ultimate goal. The past two years showed us how DC's politicians are standing against 'we the people' by using the COVID event to advance their heinous agendas. Agendas started with destroying small businesses, transferring the wealth to the top, and continued with increasing government spying, forced unjustifiable isolation, limited freedoms, funding tyranny, censorship, and criminalizing dissent. This war, under the pretext of Climate Change, is now targeting our rights to private property, transportation, and the worst of all is destroying our food supply.

I am running for peace, integrity, government accountability, and to defend our targeted family values, our rights to free expression, and to bear arms. I want to protect our sovereignty, put the government in its small place, and bring back the economic power to the people by localizing our economy, ending the 'New NAFTA', eliminating the Federal Reserve, and cutting our spending-driven taxes.

Globalizing our economy and concentrating the political power in the federal government have weakened the people's power, hijacked our democracy, destabilized our communities, and allowed the welfare state to cripple this country. The founding fathers understood that decentralizing the political power and recognizing the sovereignty of the people and the states are the only way to ensure that the government does not become tyrannical.

This year, Republicans have the chance to send a different message to the entire country, that 'this is the time for a REAL change and it is time to fight'. Choose a fighter!

Council 10 years, Mayor of Prineville 1 1/2 years.

- Husband
- Father
- Veteran
- Mayor of Prineville Oregon

Born and raised in Prineville Oregon, I worked in the tire industry for 22 years and have worked in the datacenter industry for 9 years. I joined the Oregon Army National Guard after 9/11 at the age of 29 to serve my State and Country. After a tour in Iraq in 2010 I was appointed to the Prineville City Council in 2011 and was recently elected Mayor in 2020.

My family are loggers, farmers, cattlemen, and ranchers in Oregon who are still very active in all those industries. I understand what rural Oregonians want and need in a Senator and I will deliver for them in the US Senate. As a city Councilor and as Mayor of Prineville, I have worked on many projects that can be replicated across the State. I have been a direct part of projects involving natural resources, water mitigation, and publicly owned property that have put Prineville on the map as a leader in the State.

I am proud to say that I am the only Mayor in Oregon that passed legislation which was judicially validated and could help businesses fight Covid related fines from OSHA. I have also listened to the residents of Prineville and passed a resolution stating that myself, and the city council support the freedom of its citizens to choose their own healthcare and to be free from government mandates that would force them out of work. I will serve the citizens of Oregon in the US Senate with the same servant mentality as I have the citizens of Prineville and put the power back in the hands of the people.

****PROUDLY ENDORSED BY OREGON RIGHT TO LIFE PAC****

My name is Jimmy Crumpacker, and I am running to serve as your Congressman for Oregon's 5th Congressional District.

Oregon is in my blood. A seventh-generation Oregonian, my families roots here go all the way back to 1845.

After a successful career on Wall Street, I moved home to Oregon and opened my own company. Having experienced tremendous private sector success, I began using my business skills to help local non-profits.

I joined the board of Meals on Wheels, an organization with which I have been involved from the time I began delivering meals as a child with my grandmother. After my time as chair of the marketing and development committees, I have enjoyed driving the same weekly route delivering meals for six years.

Unfortunately, Oregon is ablaze right now thanks to politicians' disastrous policies coming from Washington D.C.

Inflation is running rampant thanks to out-of-control spending, driving up costs, and taking money out of the pockets of hard-working Oregonians.

Our cities are experiencing record crime, making it impossible to feel safe in your own home.

Our immigration system is broken, and yet, politicians are more interested in kicking the can down the road than securing our border and ending the flow of dangerous drugs into our communities.

Our forests are on fire thanks to bureaucratic incompetence and gross mismanagement.

I know that I am the only candidate in this race who has the private sector experience needed to get results for this district. I would be honored to have your vote and look forward to serving you in Congress.

US Representative, 5th District

Lori Chavez-DeRemer

Republican

Occupation: Business Owner

Occupational Background: Business

Educational Background: BS,

Business- California State University, Fresno

Prior Governmental Experience: Mayor of Happy Valley (2010-2018); Happy Valley City Councilor (2004-2010); League of Oregon Cities, Past Board Director

Achieving the American Dream

Lori grew up in a farm community, **became the first in her family to graduate from college**, and worked to support her husband, Shawn, while he attended medical school. They settled in Happy Valley to raise their twin daughters. Together, they founded an anesthesia management company and several medical clinics throughout the Pacific Northwest.

America First

Joe Biden and the Radical Left have caused record inflation, defunded our police, and created a crisis at our southern border. We need a Conservative in Congress to fight back. **Lori was selected by Donald Trump** as a 2020 RNC Delegate to support his America First policies.

Keeping our Communities Safe

Lori spearheaded efforts in Happy Valley to fully fund the police force when it was voted down in 2014. She added more police officers to keep our neighborhoods safe. The Left treats our police like criminals and refuses to address rampant homelessness. We must enforce the law. In Congress, **Lori will always support our law enforcement.**

Open our Schools

Oregon must keep our kids in schools and permanently end the mandates. As Mayor, Lori implemented the Happy Valley Youth Council so our children can succeed beyond the classroom. As your Congresswoman, **Lori will defend school choice and give parents a voice in their children's education.**

Fiscal Responsibility

Congress needs a fiscally conservative leader with a proven record. As Happy Valley Mayor, **Lori kept taxes low and balanced the budget** - she allocated over \$2.5 Million into reserves and paid off city debts early.

John Di Paola

Occupation: Medical Doctor

Occupational Background: Orthopedic Surgeon

Educational Background: Rutgers Medical School, Oregon Health Sciences

University

Prior Governmental Experience: None

I am not a politician. I am a citizen like you who feels our voices are not being heard in Washington, D.C.

Born into humble beginnings, I was taught to respect the value of hard work from a very young age. I earned my own way through medical school, started a business, and dedicated my career as an orthopedic surgeon to providing specialty care for Oregon's working class.

At a time when our nation is facing unprecedented challenges, many Oregonians do not feel their voices are being heard. Rising crime, homelessness, and spiraling inflation have placed undue burdens on the backs of working families. This must end.

As your Congressman, I will work across party lines to solve our nation's toughest issues and put America first. I support secure borders and a strong national defense. I'll fight back against Joe Biden's socialist policies that are costing the middle-class thousands of dollars a year and restore power back to the American people.

Lastly, we must never allow another public health crisis to be so grossly mismanaged and politicized ever again. The COVID-19 response failed our children, and caused undue economic and psychological harm to our communities. Depriving students of in-person education and requiring masks when attending school has caused unspeakable damage that will impact their generation for years to come.

As a physician, I strongly believe we must empower and educate individuals to decide what is medically best for them and their family members. The government should never be in the business of using coercive fear tactics to deprive Americans of their basic individual liberties.

Oregon is my home. I'm running for Congress to ensure that future generations have the same opportunities as the ones before.

I humbly ask for your support and would be honored to receive your vote.

My experience and leadership as a businesswoman/elected official is extensive and I have been a community servant for 30 years. I will advocate and protect our most vulnerable and the hardworking families of Oregon.

- **PROMOTE ENERGY INDEPENDENCE**, fast track American energy resources
- **ENSURE ELECTION INTEGRITY**, Oregonians deserve to have confidence in their elections

COMMITTED ~ COMPASSIONATE ~ COMMON SENSE

Our country is at a pivotal point with rising taxes and out-of-control inflation that is outpacing our middle-class family's ability to survive, especially seniors. Congress needs leaders who will stand up to the radical socialist policies and currently being pushed in the swamp. I will fight for Oregonians in DC with integrity, transparency and accountability. I am not a career politician and Oregon deserves better than the failing status quo.

Oregon is my home; I promise to represent our values and constitutional freedoms so future generations may thrive; **which is why Oregon Right to Life PAC has endorsed me.**

I would be honored to serve as your next Congresswoman and your first representative of Oregon's beautiful 6th Congressional District.

Federal Government fails financial audits and has an unsustainable business model. Unchecked it will take us, our children, their children, the Constitution and the Bill of Rights straight to the bottom.

We all know:

- The National Debt is \$30 Trillion and growing. Federal agencies disregard fiduciary responsibilities and minimal garden-variety business practices.
- Trimming the budget and/or Federal Agencies by 5%-10% will not eliminate the debt any better than minimum credit-card payments.
- Most politicians believe in remaining in office first and foremost. Continually spending your money pandering for votes, passing laws that disparage your rights, and making trespassing, crime, drug use and anti-social activity your problem by exonerating perpetrators.
- 'Establishment Politicians' never take on "the problem." They "happy-talk" the symptom to get you riled up, then tear down our Nation by cooperating with socialist solutions.
- "Electable Candidates" always meet "half way" on tyrannical and unconstitutional legislation. Making more problems via their "solutions" and ignoring the problems that were created by their previous "solutions."

It is time to Hire someone with the qualifications and backbone to revive our ailing Republic:

- Strong Moral Compass and sworn commitment to the US Constitution
- 40 years of small business
- 30 years corporate leadership
- Manufacturing, Farming, Administration, Real Estate, Finance, Quality Management
- 25 years Corporate Boards
- 20 years Business/Financial Consulting
- 8 years local government

I have Legislation planned that will:

- Drastically cut Federal Spending
- Return Control of Oregon's Resources to Oregonians
- Transfer control over taxation and spending to States
- Prevent tyrannical dictates by Federal bureaucrats
- Address 'Minimum Wage'
- Return "Rule of Law" to our streets
- Stop hate rhetoric of unconstitutional separatist groups
- Stop legislators from promoting anti-nationalism and riots

I believe in God, the Constitution, YOU and Oregon's future! Put me to work saving your Freedom, Rights and Liberty.

Nathan A Sandvig

Republican

Occupation: Executive, Rye Development

Occupational Background: Energy Development

Educational Background: United States Military

Academy at West Point, BS George Washington University, MS

Prior Governmental Experience: Captain, U.S. Army

Nate Sandvig is running for Congress to bring normalcy to life and sanity back to Washington, D.C. As an Iraq veteran, West Point graduate, energy executive, and father of four, Nate is running for Congress to honorably serve his country as he has before as a Captain of the U.S. Army. Nate knows what it means to protect our freedoms, and he'll bring his leadership and common-sense to Washington as our next Congressman.

Following his father who answered the call to serve in Vietnam, Nate served as a leader both in peacetime and in war in the 101st Airborne Division, where he deployed to Bosnia, and the 2nd Infantry Division in Iraq. Nate's record of service makes him the right man for the mission of getting life back to normal and bringing sanity to Congress.

Nate knows what strong leadership on the world stage looks like against authoritarian regimes and condemns the incompetence of Biden's Afghanistan withdrawal and any appeasement of wars of aggression by China or Russia. As an energy executive, Nate fights to secure America's energy independence right here at home, a pillar of true prosperity and national security, and will advocate for full funding for border security and enforcement.

In Congress, Nate will work to rein in the reckless spending that's driving inflation, causing gas prices and groceries to skyrocket, will vehemently oppose the Defund the Police movement, and stand with parents to prioritize children over teachers unions. Nate will govern based on common sense — and will leverage his proven leadership experience to serve and fight for you in Congress.

Nate has called Oregon home for over a decade. He is a proud father to four energetic and amazing children—James, Pearl, Jack, and Bo.

Integrity. Compassion. Excellence.

I've lived in the Willamette Valley for over 47 years and I'm running for Congress because we need leaders who listen and bring people together to get results without compromising fundamental principles. That's how I've approached tough issues in law enforcement and as an Oregon State Representative. In Congress, I'll work to make government better, not bigger, and focus on issues that truly matter to Oregonians, from creating jobs to keeping our communities safe. When it comes to the issues important to Oregonians, you'll always know where I stand.

Priorities:

- Jobs and Opportunity
- Economic freedom is key to ensuring individuals are able to pursue their dreams.
- Better Government, Not Bigger Government
- Oregonians' hard-earned tax dollars are at stake, we need a transparent and efficient federal government.
- Safe Communities
- We need to support and fund law enforcement to ensure our communities are a safe place to live, work, and raise a family.
- Quality Education
- Supporting school choice, so parents can select the education that best fits their children's needs. We need to develop creative, innovative, critical thinkers, not push a political ideology.
- Secure Borders
- Let's fix our immigration system and end the humanitarian crisis that has resulted from our current open borders.
- Protecting Life
- A pro-life father of five who will protect the dignity and sanctity of all lives.

Mike Erickson: a Conservative Businessman, Not a Politician

Fighting Back Against Government Overreach

Politicians are determined to trample on your rights. We've seen it with mask mandates and efforts to take away your Second Amendment rights. I will fight against any **future overreach**.

Lowering Taxes & Bringing Back Fiscal Responsibility

Spending is out of control. Politicians nationally and in Oregon have made it their mission to put this country into more debt, causing inflation levels we have not seen in 40 years. Their actions are **hurting Oregon families**. As a small business owner, I understand that government spending and regulations are out of control. I will work to cut back regulations and rein in spending.

Guaranteeing Free & Secure Elections

Ensuring that our elections are free, fair, and not tainted by fraud is essential to our democracy. I will sponsor legislation that seeks to **ban ballot harvesting** and **require audits** of our elections when necessary.

Protecting America's Interests: At the Pump and the Border

Energy independence is a national security issue. It ensures that America can keep energy costs low for families. I will be a strong advocate to **increase US oil production** so that we can create jobs, lower costs for families, and increase security. We also need to **secure the border** to stop illegal immigration and drugs from coming into the country.

"Our lawmakers have not acted to prevent crime and lawlessness in the Portland metro area and Willamette Valley. Mike is the one candidate who will fight to support our hard-working police officers." – **David Bishop, Former Beaverton and Newberg Police Chief**

BALLOT MEASURE ACCOMPLISHMENTS

Bill Sizemore has saved Oregon taxpayers billions of dollars in property taxes. He successfully placed on the ballot good government measures to require voter approval for all tax increases; place 3% limit on real property assessment increases; make federal income taxes fully deductible on state returns; require just compensation for regulatory takings of private property, reform PERS; require English immersion for immigrant students; require schools to ignore seniority and keep the best teachers when there are layoffs; stop public employee unions from using public resources to collect political funds; and require obtaining employee consent before taking money out of their paychecks for politics.

BILL SIZEMORE

THE CANDIDATE PUBLIC EMPLOYEE UNIONS FEAR MOST

Public employee unions know that as governor Bill Sizemore will break the stranglehold they have on Oregon politics. Consequently, they have assassinated Bill's character, sued him for millions, and even tried to bribe him out of politics. But he has not backed down. Read the truly shocking details at www.FriendsofBillSizemore.com.

BILL SIZEMORE

COURAGEOUS, TESTED, DECISIVE

Oregon's next governor must not be someone who merely says they will be bold and unwavering. The stakes are simply too high. In this election, we are in a battle for the very soul of our country and Oregon desperately needs proven, conservative leadership to reverse Oregon's frightening downward slide. Bill Sizemore has proven beyond any doubt that he will stand up to the political establishment and be exactly the governor Oregon needs at this critical time. **Please vote for Bill Sizemore.**

Nick Hess

Republican

Occupation: Multi-business owner, entrepreneur, tech CEO & cybersecurity expert.

Occupational Background: 21+ years building businesses from the ground up. Currently owns and operates two nationwide

high-tech companies that specialize in cybersecurity and telecommunications.

Educational Background: Lincoln High School

TRANSPARENCY! TRANSPARENCY! TRANSPARENCY!

Oregon is a mess. Electing another politician will not fix it. We need a CEO who delivers results.

Nick Hess advocates for **high-quality education, smaller government, deregulation, fiscal responsibility, support of small business, lower taxes, and freedom for all.**

NICK'S VISION FOR OREGON

We must return Oregon to pristine conditions and protect our state for future generations. Nick envisions a state with clean and safe streets, low crime, and a thriving economy with high-paying jobs. With these improvements, Oregon will become a hub that grows, attracts, and fosters the next generation of leaders. That means raising the quality of education in our public schools and ensuring a prosperous future for our children.

AS GOVERNOR, NICK WILL

- Ensure 100% transparency of state data including: election, budget, healthcare & education.
- Decrease government regulation to support economic growth.
- Fund established organizations and proven models to combat the homelessness crisis.
- Enforce a zero-tolerance policy for violent crimes.
- Hire and train high-quality law enforcement.
- Fight for parents' right to take ownership over their child's education.
- Modernize Oregon's digital infrastructure.

"Nick reminds me of my uncle Vic. The Republican party didn't support his run in 1978 against established politicians but ran anyway and won because he knew he was the right choice for Oregon. Nick is what Oregon needs and he has my full support." - David Atiyeh

As a fiscally responsible, socially moderate Portland native, your vote for Nick gives Republicans a real chance of winning in November. Nick's campaign is a movement for all Oregonians that will bring us real conservative leadership for the first time since Vic Atiyeh 36 years ago.

But 325 words can't fix Oregon. Visit votehess.com to see what's possible.

Educational Background: MD/Ph.D., University of California, LA

Prior Governmental Experience: Outsider

Oregonians are Frustrated

With rising crime, homelessness, prolonged mandates, poor education, and failed leadership, many don't recognize our state anymore.

Dr. Bud Pierce has a Prescription for Oregon.

Bud Pierce is ready to heal our state. As a janitor's son who worked as a bag boy after his father died, Bud learned the value of hard work early. Bud went to medical school, joined an oncology practice, and got right to work treating cancer patients. Today, Bud tirelessly works over **70 hours each week, saving lives as a cancer doctor**. Now, Bud is ready to put that real-world leadership to work, saving our state.

A Plan for Oregon

Restore Public Safety. The first job of the government is protecting its citizens. We must **fully fund law enforcement**, arrest and incarcerate lawbreakers, and make our streets safe again.

Solve Homelessness. Create more permanent housing; **no more tent cities in Oregon**. Ensure people experiencing homelessness have access to life-saving resources and return to a productive life. Oregonians' public spaces need to be vibrant, clean, and safe.

End Government Mandates. The government has abused the power of mandates. **We must let citizens make their own decisions** about what's best for them and their families from now on.

Excellence in Schools. Oregon has one of the worst graduation rates in the nation. The Governor's solution was just lowering graduation requirements. **Oregon schools need to champion reading, writing, math, and science fundamentals**. Teach students how to think, not what to think.

Make Oregon Affordable. Government policies have caused prices of everything from food to gasoline to increase. Oregon families are suffering. We must lower taxes, support our small businesses, and get government out of the way.

Governor

Stan Pulliam

Republican

Occupation: Mayor of Sandy; Insurance Executive

Occupational Background: Business, Marketing, Sales, and Administration

Educational Background: Bachelor of Science, University of Oregon

Prior Governmental Experience: Mayor of Sandy, 2019 to Present; Clackamas County Coordinating Committee; United States Conference of Mayors; Oregon Mayors Association; Legislative Director – Oregon State Legislature

Community Service: Board Member, Sandy Community Action Center; Board Member, Vietnam War Memorial Fund; Community Impact Award for Distinguished Service in Clackamas County

Leading the Fight Against Lockdowns

I orchestrated the statewide protest against lockdowns and led a lawsuit to overturn Governor Brown's illegal mandates on restaurants, bars, gyms, and schools. Main Street Oregon has had no better advocate.

School Choice & Parental Rights First

My wife MacKensy and I formed the Oregon Moms Union to organize communities to fight back against out-of-control government bureaucrats and school boards mandating masks and vaccines, pushing Critical Race Theory, and silencing parents in public meetings. It's one thing to believe in something – it's another to do something about it.

Public Safety & Holding Criminals Accountable

As mayor, I expanded our police force while other cities defunded them. Enforcing existing laws and giving police the resources to do their jobs needs to be one of our highest priorities.

Plan to Handle Homelessness

I'm the only candidate to propose a plan to address the culture of criminality around tent and car camping—using state resources instead of being hamstrung by local governments and their far-left agendas.

Pro-Life, Pro-Gun Rights, Pro-Trump

I have a track record of being consistently pro-life and unshaking in my defense of our Second Amendment. President Trump's policies on energy independence, supporting law enforcement and veterans, and bolstering our military made our country great again, and I plan to do the same for Oregon as your next governor.

Stan lives in Sandy with his wife MacKensy and their two daughters.

Educational Background: BA, International Studies, Willamette University – Salem

Prior Governmental Experience: Mayor of Baker City, Baker County PCP

Family: Mother of two daughters

Do you remember how Oregon used to feel? Do you want that back?

I'm a 7th generation Oregonian and small business owner, NOT a politician. I was raised on a Baker County cattle ranch, which my family still operates.

The definition of insanity is repeating the same thing, and expecting different results. We don't need another establishment politician. We need a **qualified, COMMON SENSE, grassroots** Republican nominee for governor - **someone who understands the ENTIRE state**. I'm that candidate.

I authored Resolution 3881 in 2021, which the national media called the "common sense sanctuary city" resolution, standing against the mandates, and forming a statewide coalition of officials to protect our communities in terms of economics, crime and mental health. In 2018, I helped author Baker County's 2A Preservation Ordinance, and passed a 2A resolution at a city level this year. I located plaintiffs for the Elkhorn Baptist v. Kate Brown case, which temporarily lifted the emergency order.

I BELIEVE:

- We **MUST** protect the Second Amendment and defend the Constitution.
- Allowing our beautiful, valuable forests to burn annually is **BAD** management.
- Parents, **NOT** politicians, should control decisions that shape our children's education.
- We should **STAND WITH** our police, **NOT** defund them.
- **ENABLING** our homeless **DOESN'T WORK**.
- The government has **NO PLACE** in our personal medical decisions.
- **FAILED** government and over-regulation cripple our businesses.
- The unborn are **PRECIOUS** assets and we must fight for them.
- **THRIVING** farmers, ranchers, loggers and miners equal a self-sufficient state.
- The rural-urban divide **MUST END**.
- **FAIR** elections are critical to keeping our republic.
- America is the **SHINING LIGHT** on the hill—and we have to fight to save her, state by state.

Occupation: Professional

Occupational Background: Administration

Educational Background: Eastern Oregon University

Prior Governmental

Experience: Local and State

McCloud is a working class American who has overcome homelessness while raising a family, attending school full time, and running a business; not a lifelong politician with a multi-million dollar advertising campaign. In his life, Tim stands firm against bullying and discrimination. As Governor, McCloud will stand strong for the freedom of all Oregonians and against discrimination. Raised by his mom and grandma, Tim was shaped with compassion from a young age and taught to protect others. A husband, father of 3 daughters, and brother to 3 sisters, he'll fight for women's issues.

McCloud has advocated for vulnerable Oregonians: seniors, individuals with disabilities, foster youth, individuals with mental health issues, and persons in economic crisis. Tim has experience championing for children and families in the courts and foster care systems. His leadership in community events and local commissions prepared him for making tough decisions. McCloud will roll up his sleeves for greater access to individual healthcare options for our seniors, veterans, and the medically fragile.

McCloud is committed to getting Oregon back to work; keeping schools open, thriving small businesses, and affordable quality childcare. As a former small business owner, Tim understands the time, expense, and difficulty it takes to operate a business in Oregon. Tim believes that businesses, great paying jobs, safer neighborhoods and a thriving economy are essential to our communities. As Governor of Oregon, Tim will listen to Oregonians: on our environment, economy and ways of life, because every Oregonian matters. God bless Oregon and the United States of America.

Como Gobernador de Oregon, Tim McCloud reducirá el costo de vida, mejorará la educación de los estudiantes y creará caminos hacia el estatus de ciudadanía. RESTORE SAFE COMMUNITIES

Stop “defunding police” and support local law enforcement. Allow our first responders to do their jobs in protecting our communities.

Remove repeat violent offenders from our streets. Hold district attorneys accountable for their abuse of power when they fail to prosecute criminals.

Self defense is a human right. The right to bear arms is critical to a safe society. Preserve and protect our 2nd amendment rights.

REOPEN OUR STATE

End ineffective mandates that destroy our economy.

Remove the destructive regulations that slow job creation.

End the assault on medical professionals that is reducing hospital capacity and harming public safety.

REDUCE COST OF LIVING

Government action increased the cost of living and government action can help bring it back down.

Stop driving the cost of housing up through massive government spending projects sold as solutions to homelessness.

Encourage growth of our economy and private sector jobs, not government.

REIMAGINE EDUCATIONAL

Equal Educational Opportunity is the civil right’s battle of our generation. We achieve it through school choice.

Return to local control of schools and actively encourage more parent involvement, not less.

Teach “history” not “theory.” Focus on mastering the basics in preparing our children to succeed.

There is a terrible sickness in Oregon that needs a cure, and it has nothing to do with a flu variant that has been given a name. The pandemic that is smothering our State is officials jettisoning what it means to be an American in order to declare the supremacy of government and to claim unprecedented power.

It is time for Americans to rally around the Constitution and to use it as a Compass to guide the fight against the tyranny that is threatening our freedoms.

I will be asking Oregonians to have the courage to only obey mandates, orders, and laws that are in harmony with the principles of the Constitution, and to set up their hearts, cities, and counties as Constitutional Sanctuaries.

I have a fifteen point Charter of Liberty that will begin the restoration of Oregon back to its proper place of freedom and prosperity. Here are some of the points:

1. *Each County will return to a traditional, open, transparently honest Election system, with in person voting using voter ID on Election Day only.*
2. *Ban imposition of mandated health measures or medical procedures.*
3. *Move school funding directly to Parents.*
4. *As unborn children have an inalienable right to life, pass law to restrict abortion.*
5. *No surgeries or medications to feign a sex change on minors younger than 21. No biological males in female sports, restrooms, dressing rooms, or locker rooms.*
6. *The 2nd Amendment is a Citizens' Concealed Carry permit.*

WE NEED A CEO TO REFORM OREGON!

Like you, I'm heartbroken over the condition of our state. For years we were told that raising taxes would fix public education, improve our communities, and help the less fortunate. **Despite the billions of dollars spent, schools are still struggling, businesses are leaving, and we have some of the most expensive housing in the nation.** Meanwhile violent crime, drug addiction and unsheltered homelessness are destroying our urban centers.

I'm running for Governor because Oregon needs exceptional leadership to recover from decades of mismanagement and lack of accountability. **In my lifetime I have gone from homeless teen to CEO of a world-class, microchip manufacturing company.** All Oregonians should be given the opportunity for success.

Together we will:

- Create an economic environment where small businesses can grow, housing is affordable, childcare is accessible, and families thrive. Protect our natural resource jobs.
- Empower parents through school choice. Prioritize core academics and hands-on learning. Focus on education - not indoctrination.
- Provide police and first responders with the funding and tools they need to keep our communities safe. Ensure criminals are prosecuted and stay behind bars.
- Stop the humanitarian crises in our communities by moving our unsheltered homeless people off the streets and into life-changing treatment programs. Make our public places safe again.
- Stop proposed freeway tolls on our local highways.
- Protect your personal freedom and Second Amendment rights. No more mandates.

Join me, and let's take the anger, frustration, and hopelessness we are feeling and turn it into something much more positive - building a great future for Oregon!

"Jessica thinks outside the box. She'll empower Oregonians, not control and regulate us."

I am a husband, father, educator, farmer, and long-time champion of students' and parents' rights. As the Alsea School Superintendent, I broke ranks to keep Alsea schools open full-time during the COVID shutdowns. Oregon needs a courageous solutionist for complex problems, not another establishment politician.

I have fought government overreach and corruption my entire career. I uphold Constitutional and community values through service and responsiveness to the will of the people.

As your next governor, I will:

Restore Excellence in Education by:

- Re-implementing graduation standards, elevating academic expectations, and investing in special education;
- Insisting on parents' rights in their child's education;
- Ridding classrooms of political and social agendas/curricula;
- Championing school choice by directing tax dollars to follow the child.

- Ending any unconstitutional mandates and tracking systems;
- Breaking up the over-reaching Oregon Health Authority and restoring local control of healthcare to community care organizations;

Revitalize Our Economy by:

- Re-establishing rights and resources to farmers, ranchers, loggers, and miners;
- Cutting taxes to small and medium businesses;
- Resurrecting our deep-water ports making Oregon the new gateway to the west, bringing workers back;
- Driving down inflation by lowering taxes and deregulating government.

Weak-kneed politicians have failed. But I'm no politician. I'm an OUTSIDER.

Prior Governmental Experience: Troubleshoot, identify problem, solve the problem. Local focus on School Board and School Administration Issues. Identifying, analyzing and acting against government overreach in the Oregon House of Representative, Oregon Senate and the Oregon Governors office.

Position on Oregon Government

The State of Oregon’s one-party rule has been a disaster for rural Oregonians. With the Oregon House, Senate, Governorship and Judicial branches all controlled by the same party, the people of rural Oregon, independent and non-affiliated Conservatives and even liberty loving democrats no longer have a voice. Even a group of republicans are trying to thwart the primary process and “assign” candidates to act in their interests rather than the best interests of Liberty, the State and Nation. I am running to stand against this and to stand up for my rural House District. We must stand against taxation without representation and government intrusion of our God-given rights as Americans.

Positions On Oregon Public Education

I am at the forefront of parent’s rights to be informed and engaged in the education of their children. This includes any attempt to surreptitiously inculcate our children with government mandated curriculum counter to our House District’s traditional values.

Positions on Critical Issues

Absolutely Pro-Life. Absolute Second Amendment. Less government, less taxes, more Liberty. Must put a stop to administrative overreach.

Schools are a place for education not indoctrination, we must protect our children.

Thank you for your Vote.

I grew up in rural Linn County - this is where I’ve chosen to raise a family and build a business. I believe government functions best when ordinary people get involved.

- Fought for a transparent and nonpartisan approach to redistricting to bring fairness and balance to representation.
- Advocated for our youth through “Return to Play” as a mom concerned about the overall well-being of our children during school shutdowns.
- Sponsored legislation to limit the Governor’s emergency powers.
- Continued efforts urging the legislature to expand school choice, allowing parents more freedom and choice for their children. Parents know best.
- Sponsored legislation for tax relief due to impacts of wildfire.

If you choose to vote for me, I will continue advocating for you. I will hold government accountable, support law enforcement and keep public safety as a top priority, and always support our 2nd amendment rights.

BRINGING ACCOUNTABILITY, COMMON SENSE AND BALANCED GOVERNMENT BACK TO SALEM

Oregon’s government has gone unchecked for too long. It’s time to bring balance to the radical policies coming out of Salem and start holding our elected officials accountable for the dangerous direction our state is heading. It’s time to fix Salem, and that starts here in District 20.

REINVIGORATING OUR ECONOMY AND SUPPORTING SMALL BUSINESSES

As a small business owner, I know what it means to sign both the front and the back of a check. Extreme policies and government overreach have crushed businesses. We need to focus on incentivizing small businesses, strengthening our economy, and building economic opportunity for all of Oregon.

ENHANCING EDUCATION – PUSHING ACHIEVEMENT, NOT MEDIOCRITY

One-sided policies in Salem are severely harming the quality of our education. I’ll fight to create an education system that prides itself in student achievement and provides opportunities for all students.

SUPPORTING LAW ENFORCEMENT AND PROTECTING OUR COMMUNITIES

Around Salem and all of Oregon, we must do more to make our communities safer. We need to support our law enforcement and ensure they have the resources necessary to do their job.

BETTER INVESTMENTS, BETTER OUTCOMES

Salem is unchecked with their one-sided policies resulting in wasted tax dollars, poor outcomes, or unintended consequences. We need to better analyze our policy decisions, so we’re making good investments that are moving our state in the right direction again.

Oregon Needs Effective Leadership

Oregon has been on a slow decline under poor leadership for years. It wasn’t always this way.

“When Kevin was in the Oregon Legislature years ago, he passed more of his bills than any other legislator in Oregon history. No one got more done for our community than Kevin.”

Cherish Clark, Owner of Mommy and Maddi’s (Keizer)

Standing Up for Crime Victims

“Kevin is the father of Measure 11, the ballot measure which established mandatory minimum prison sentences for violent criminals. Today he is fighting in court to stop Governor Brown from her continued early release of large groups of violent criminals. Kevin Mannix is Oregon’s leading crime victim advocate.”

Brian Eaker, Crime Victim

Fighting for Common Sense

“The COVID mandates of the last two years have been devastating for small businesses, churches, and especially parents and their school aged children. Kevin Mannix, as an attorney, has been constantly pushing back in court against a government run wild.”

Faith and Community

Growing up in a family with three siblings in Gervais, I developed an early fondness for freedom. I have deep roots in the Gervais\Brooks communities. My father was a lifelong logger and trucker in the community as well as an ordained minister. My strong work ethic and deep Christian faith have directed my life. As a child, my siblings and I worked as farmhands, picking produce for local farmers.

I played softball, basketball, and track for Gervais High School. I also worked with Bauman Farms to continue the financial support of the local leadership club at Gervais High. With a diverse student group from all backgrounds, I was honored to be chosen Homecoming Queen my senior year.

Miracles, Determination, and Community

My husband Jake and I struggled for several years to start a family of our own, but with God's blessing in 2019, we welcomed our twins into the world. I've continued to stay involved in my community but left the dental field with the birth of our third child. I am passionate about the direction of our community, local schools, and economy, and will fight to protect our rights.

I'm not a politician. I just believe it's time for Oregonians to step up to save this great state!

CIVIL RIGHTS ARE FOR EVERYONE.

The Bureau of Labor and Industries (BOLI) Commissioner works for all Oregonians by enforcing labor and civil rights in the workplace, housing and public spaces. BOLI also oversees apprenticeships.

Prior Governmental Experience: Judge of the Oregon State Circuit Court and Court of Appeals; Assistant Attorney General, Oregon Department of Justice; Judge pro tem; Juvenile Court Referee

Elect Justice DeHoog: In January, Governor Brown honored me with an appointment to the Oregon Supreme Court, choosing from among highly qualified appellate judges, trial court judges, and attorneys. With my appointment, the Governor continued in her commitment to ensure that Oregon's judicial seats are filled with dedicated, fair-minded, and capable judges of all backgrounds and points of view. And by choosing a longtime Bend resident, the Governor recognized that those of us living east of the Cascades should have a voice in Oregon's most important affairs. I am asking you to do the same by voting to retain me in this new role.

Experience: Nearly my entire career has been spent serving the public in some way, starting as a trial lawyer providing public-defender services and culminating in my six years on the Oregon Court of Appeals, where I have read thousands of appeals, heard hundreds of arguments, and been the authoring judge on almost 200 opinions. At every stage I have been recognized for the quality of my work, my efforts to ensure that all perspectives be heard and considered, and my collegial approach.

Previous legal activities: Oregon State Bar Ethics Committee; Constitutional Law Section Executive Committee (former chair); Oregon Council on Court Procedures; Judicial Conduct Committee.

Current/recent community work: Board Member, NeighborImpact regional community action agency; board liaison to Central Oregon Head Start/Early Head Start Policy Council; Uniting for Action on the Oregon Economy workshop planning committee.

EXPERIENCE. Judge Ortega has authored well over 800 opinions and has participated in thousands of cases during her time on the Court of Appeals. In addition to heavy community involvement that includes service on boards and committees both inside and beyond the legal community, she mentors, teaches, and works relentlessly to learn from scores of students, lawyers, and community members, most especially those at the margins.

America, though not perfect, is the greatest nation on earth - I believe in the ideals articulated in our founding documents. I share Justice Clarence Thomas' perspective that "[T]he Declaration of Independence. . . establishes a moral ideal that we as citizens are duty bound to uphold and sustain." Our judicial system aims to do justice.

The cornerstone of a constitutional republic is self-government. The law should be applied to all people, in all places, at all times, in the same manner. In other words, the rule of law does **not** mean "rules for thee, but not for me." Unfortunately, some in government use their power to tell the average citizen how to live, work, and play. "We the People" instituted civil government to serve the public - not to force the public to serve the government. As such, the judiciary has a constitutional role in providing a check against the excesses of the other two branches of government.

In my opinion, the current court is relatively diverse, except in judicial philosophy. People who really know me, understand that I am not an activist. If you want a judge to insert their personal views of how culture should be molded - then don't vote for me. I also know what it is like to have the boot of the government on my neck. Those who are intoxicated with their power have attempted to remove my liberty of conscience and freedom of speech. Unfortunately, cancel culture looms large in our society today. Casting your vote for me is one way to push back.

Thank you for the honor of allowing me to serve as a Circuit Court Judge in Marion County. I was appointed by Governor Brown on January 19, 2016 and was retained in the 2016 General election.

Since my appointment I have presided over more than 400 Jury and Bench Trials and more than 7000 hearings on a variety of subjects including Measure 11 and Felony Criminal cases, Medical Malpractice and Personal Injury, Contract and Business Disputes, Domestic Relations and Custody, Juvenile, Probate and Trust cases, Reviews of Administrative Decisions and Ballot Measure and Election cases. In addition, I have also held more than 200 Settlement Conferences/ Mediations to assist in the resolution of cases assigned to other Judges. Since 2016, I have overseen the Marion County Court's Mandatory Civil Arbitration Program and beginning in March of 2021, I became the administrative authority for the Court's Probate Department.

During COVID my office has been fully open and my staff were deemed essential workers for the maintenance of Court operations. During this time I endeavored to maintain the Court's necessary duties and functions, including conducting motions and hearings, bench trials and occasional jury trials when COVID restrictions allowed. When Court facilities were not available due to COVID restrictions, I traveled to conference rooms, public venues and attorney's offices to conduct hearings, sentencings and settlement conferences using the Court's remote recording system. When the administration determined that social distancing would not allow for the performance of weddings inside the courthouse, I performed weddings free of charge on the courthouse steps to ensure people could celebrate their happy union during a tough time.

Prior to my appointment, I was a Judge Pro Tem and practiced law in Salem. Before law school, I worked as a Chef/ Manager.

Occupation: Circuit Court Judge

Occupational Background: Judge, Lawyer

Educational Background: University of Oregon BA; George Washington University School of Law JD

Prior Governmental Experience: Pro Tem Judge, Oregon State Bar Disciplinary Panel

I am honored to serve as a Judge on the Marion County Circuit Court. Born, raised and educated in Salem, I have called this community my home for 60 years. My wife of 36 years and our 4 children were all born, raised, and educated in Salem. As a family, we are invested in Marion County having spent many years involved in community activities including service with nonprofit organizations, participation in local activities, and playing and coaching various sports at youth and high school levels. Service on the Court is an extension of my desire to be involved in continuing to make Marion County a great place to live and work. I value my time on the bench as an opportunity to give back to a community where we have been blessed to live.

Before going on the bench, I was in private practice for 34 years representing individuals, businesses and organizations as a civil trial attorney. I continue to work as an Adjunct Law Professor at Willamette University College of Law. These experiences provide me with a firm basis to understand the court process and the needs of our community.

Marion County has a strong tradition of Judges and attorneys working hard to protect the rule of law and the right to a jury trial. My focus is to keep our community safe while protecting those values. As a Circuit Court Judge, I work to protect these pillars of our Constitutional form of government. Each day, I rededicate my efforts to treat each participant in the court process with courtesy, dignity and patience while maintaining the fundamentals of due process.

Thank you for this opportunity to serve as a Judge in Marion County.

Sean E Armstrong

Nonpartisan

Occupation: Marion County
Circuit Court Judge

Occupational Background:
Lawyer

Educational Background:
College of William and Mary,

B.A., George Mason University School of Law, J.D.

Prior Governmental Experience: Police Officer

Since my appointment by the Governor and subsequent election in 2016, I have been grateful for the opportunity to serve you as a Circuit Court Judge in Marion County. My focus, in every matter that comes before me, is to treat the parties, lawyers, witnesses, and jurors with respect and consideration. I hear and decide matters objectively and in accord with the law because I owe you the obligation of earning your trust and confidence every single day.

In addition to presiding over jury and bench trials, hearing civil motions, ruling on divorce cases, reviewing search warrant applications, and making bail decisions, I routinely volunteer to conduct settlement conferences at the request of parties or their attorneys in advance of trial. Settlement conferences allow the parties to have a candid discussion about the merits and weaknesses of their cases and to pursue creative resolution of disputes, and every case that settles also means calling fewer members of this community away from their jobs and families to serve as jurors.

I also serve on the State Family Law Advisory Committee, on its Parental Involvement and Outreach subcommittee, and as chair of the Marion County Family Law Advisory Committee.

The last two years have been tough, but I came to the courthouse just like always, and worked creatively with court staff, lawyers, and the parties to conduct hearings and even trials via telephone and WebEx when the parties needed access to the court that was simply not available through conventional means. I am sure I join all of you in hoping for a return to normalcy, but whatever storms await us, you will find me here at the courthouse finding a way to continue to serve this community.

Are you safer today than you were four years ago?

It’s time for a change in Marion County. We need a District Attorney who will focus on prosecuting dangerous criminals and provide better support to victims of crime. Our Justice System should be focused on solving problems, keeping people safe, and healing families. As your next District Attorney, I will:

- **Save Taxpayers Money** by helping people get the drug and mental health treatment they need instead of only costly imprisonment.
- **Support Victims of Crime**, putting their needs front and center so they receive justice and can heal.
- **Ensure Equal Access to Justice for All**, because a person’s wealth should not buy them a get-out-of-jail pass.
- **Advance Community Policing** by partnering with our community to put law enforcement officers in the best possible position to succeed.
