Dear Oregon Voter,

As your Secretary of State it's my job to build trust with Oregonians. That means owning up when we make a mistake, correcting it, and taking all necessary steps to ensure that it does not happen again.

This year we inadvertently omitted four candidate statements from the voters' pamphlet in Washington County. This supplemental voters' pamphlet corrects that error.

The following candidate statements were omitted:

- Rep Courtney Neron HD 26 (D)
- Rep Dacia Grayber HD 28 (D)
- Rep Susan McLain HD 29 (D)
- Rep Maxine Dexter HD 33 (D)

This supplement includes statements from all May Primary candidates in the contests that were impacted by our error, just as they would have appeared in the voters' pamphlet.

You can access the entire voters' pamphlet online at [oregonvotes.gov](http://oregonvotes.gov). And if you have any questions, please feel free to contact Elections Division Director Deborah Scroggin at 971-701-3892.

Oregon's elections are the gold-standard in security, accessibility, and transparency. We encourage you to always check information at trusted sources. Start with [oregonvotes.gov](http://oregonvotes.gov), your official source for elections information in Oregon.

Additionally, you can find trusted information at your county elections office at [www.co.washington.or.us/elections](http://www.co.washington.or.us/elections).

Sincerely,

A handwritten signature in black ink, appearing to read "Shemia Fagan". The signature is fluid and cursive, with a large initial "S" and "F".

A leader in Western Washington County**

State Representative Susan McLain spent 42 years teaching students and raising her children in our community. As someone who lives in Forest Grove, goes to church in Cornelius, and taught in Hillsboro, she knows Western Washington County well.

**Occupational Background:** 40+ years serving the electric utility industry including engineering, manufacturing, distribution, sales, and international

sales.

**Educational Background:** Engineering studies at Somerset Institute of Technology; Business Administration, Centenary University.

**Prior Governmental Experience:** Republican Committee Precinct Person with a clear perspective on government.

**COMMUNITY INVOLVEMENT:** Compassionate Hands International; Charbonneau (Country View Neighborhood); Horizon Community Church and Hispanic Outreach (Esperanza); Several Electric Utility Associations.

**FAMILY:** Married to Anna for 38 years. Blessed with two sons, a law enforcement officer, and a former Marine now a production manager. We have loved living in this beautiful State Oregon for more than 31 years.

**REPUBLICAN BACKGROUND AND COMMITMENT:** After selling my interest in a small business partnership in 2020 and retiring, I realized that voting and contributing money alone were not enough. I sought an appointment as Precinct Committee Person. Last year, I was also appointed to the Oregon Republican Party State Convention as a Delegate where I worked on the GOP platform and actively participated at the Convention. While volunteering for candidates, I gained considerable insight into the many real problems facing average Oregonians and this inspired me to step forward and serve my community as your State Representative.

**MY PERSONAL MESSAGE:** We are a constitutional republic that draws its authority from the consent of the governed. Somehow many of our political leaders have forgotten this truth.

As your State Representative, I will focus on improving our transportation system, reducing congestion, and opposing new tolls. Furthermore, I want to ensure that parents have options for how they educate their children and that school districts focus on the fundamentals. I'll work hard to ensure we take care of the most vulnerable in society and make policy decisions that support private sector job growth.

I humbly ask for your vote.

### COMMON SENSE POLICIES THAT PROTECT CHILDREN WORKING FAMILIES AND SENIORS

"With the cost of gas, food, and housing increasing, families cannot afford tolls on I-5 and I-205. Tolling harms working-class Oregonians and is an unnecessary tax on roads YOU'VE ALREADY PAID FOR. Jason Fields opposes tolling and will STAND UP for working families."

**Endorsed by: Oregon Moms Building Excellent Schools Together PAC; Krista Thorne, Sherwood School Board Director; Duncan Nyang'oro, Sherwood School Board Director**

As a husband, father, grandpa and self-made small business owner, Oregon needs elected officials who understand the challenges of creating living-wage jobs that support our families. We need fewer career politicians and more 'regular folks' who want to leave Oregon a safer, more prosperous place for our kids.

### I Will Fight to Reign In Crime.

The highest purpose of our police is to secure the life, property, and rights of the people. Like the rest of us, Police must obey the law and be held accountable when they don't. At the same time, police must be able to vigorously enforce the law confident we have their backs. We need to adequately fund, train, and honor the vast majority of police who serve with honor and heroism. Enough of this crime wave – let's take our streets back.

### I Will Fight to Reign In Homelessness.

Like you, I want to help and show compassion to people struggling to survive. But widespread homelessness and aggressive panhandling is no answer. Both threaten our health and safety. It's time to shut down homeless camps and tent communities. At the same time, we need to work with our churches, communities, and networks of shelters and services to make alternatives of homelessness safer and more accessible. Facilitating job creation, instead of chasing employers away, will also reduce homelessness.

### I Will Fight to Empower Parents.

Schools and teachers are important, but PARENTS should be the primary directors of their childrens' education - not government officials. School curriculum, teaching methods, board policies, and other such things must fully transparent and easily accessible to parents. Money should follow students into any accredited public, private, charter, or home school chosen by parents because poor, working, and middle class parents should have more of the same choices that rich parents have. Our schools should be as diverse as our children are.

**We know what works. We just need to do it.**

I am a life-long Oregonian, who recognizes the downhill trajectory of Oregon's quality of life. Growing up a few blocks away from where I now live and where I and my children went to school, I know how District 28 has declined. Most of our problems have been created or aggravated by incumbent politicians who persist in failed policies. Here are a few places to start in building an Oregon that works for everyone:

**TAXES**—Every session of the legislature, we are burdened with additional taxes. Oregonians on the margins are faced with a growing cost of living. As these burdens add up, they fall into the camps of the homeless or otherwise live degraded financial lives. The pressure on our citizens causes mental health problems. The legislature then builds a bureaucracy to deal with the problem necessitating further taxation. The loop closes in on more and more Oregonians every year. Stop higher and higher taxation!

**EDUCATION**—I believe parents are the sole authority over the mind and bodies of their children. Our educational establishment should stick with the traditional subjects and methods parents expect.

**CRIME and PUNISHMENT**—Victim rights need to be respected and justice should be fair and certain. Abuse of prosecutorial discretion has led to more crime, not less. Every Oregonian should feel safe! Police reform should not prevent law enforcement from doing its job.

**HOMELESSNESS**—As noted above, reform of Oregon's social order should start with government. Coordinating desperate bureaucracies should allow Oregon to focus on solving the problem in a cost-effective way.

**ROADS and BRIDGES**—In order to keep our air as clean as possible, roads should accomodate the natural growth in traffic and avoid traffic delays due to inadequate road surfaces.

### ABOUT GINA MUNSTER MOORE

My family and I moved to Northwestern Hillsboro back in 1974. We landed on a small 8 acre farm in Helvetia. This was when Hillsboro had addresses like Route 61-S. We finally were able to buy horses, chickens and ducks. I grew up taking part in horse 4-H. I started my first year in the Hillsboro School district at West Union Elementary. I was a Washington County Junior Rodeo Court Princess in 1978.

I have two grown daughters and own a small business in Hillsboro.

### FIGHTING FOR WESTERN WASHINGTON COUNTY

We must have a strong voice for our Forest Grove, Cornelius and West Hillsboro area. I will not be "just" another vote for the Governor or Democrat leadership, instead I will work to represent the people here, not Portland.

### SUPPORTING SMALL BUSINESS

Our community is made up of a large amount of small businesses. I will be a fierce advocate in helping them be successful. Helping them keep employees, lowering their tax burden, and removing harmful regulations.

### PROTECTING THE COMMUNITY

We must be supporting our local police departments and fire departments. I will be a strong advocate for our police departments so they have the resources to keep our community safe.

### LOCAL CONTROL AND STANDARDS FOR EDUCATION

There needs to be a check and balance in our education system, that is local control of our school boards. Salem should not be dictating what our local school board can handle themselves. I will also push for achievable standards in our education system.

### WORKING FOR MEANINGFUL TRANSPORTATION STRATEGIES

We must invest in better streets and transportation corridors in West Washington County. With the increased number of people moving to our communities, we need to help our local cities with funding.

### I Will Promote Mental Health Legislation.

The number of Oregonians experiencing mental health issues has grown significantly during the pandemic. However, our health care system has not rallied to respond. As a result, we see more and more Oregonians suffer the impacts of untreated mental health and addictions in our schools, on our streets, and, sadly in our jails. I will fight for increased funding for treatment. More importantly, I will work to restructure our behavioral health care system so Oregonians can receive help when they first need it.

### Acknowledge Mental Health and treat it adequately!

### I Will Fight to Reign In Crime.

The highest purpose of our police is to secure the life, property, and rights of the people. Like the rest of us, Police must obey the law and be held accountable.
